E. A. Bowman's
Howell's Busy Store

Practically Closed Down.

The flouring mills of this place, which have been in existence ever since before the village was thought of, are practically shut down on account of lack of water, caused by the verdict of the Supreme Court ordering the water lowered 20 inches. There is not enough water to run the flouring stand at all and the feed can only run at less than one-third its capacity and then does not do good work.

It seems to bad that such a state of things should exist over a small parcel of land of as little value as that in question. The mill has always been and still is a great factor in the building and keeping up of the village and some move should be made to retain it.

Mr. Peters purchased the mill several years ago of Thos. Birkett and has commenced suit against him for damage, the suit being on at this term of court and the end is not yet.

See the Balloon!

The cry of "see the balloon" was meant in earnest Tuesday noon as one of the balloons that started in the race Monday from St. Louis, Mo., was seen passing directly over the village headed east, bearing a little south. It was too high to recognize whether it was the American balloon or not. Others report seeing one at a different hour so it is thought that two of them passed over here.

Cong'l Church Notes

Last Sunday morning Communion Service was observed. Rev. Gates preached a very impressive sermon, Subject, Jesus and his blood, Matt. 26-28. The attendance was good.

Subject in the evening, A broken and contrite heart. The thoughts presented from the evening subject closed the days service fittingly. Prayer meeting on Thursday evening at 7 o'clock. Everybody welcome.

M. E. Church Notes.

Services as usual next Sunday and the sacrament of the Lords Supper will be administered in the morning.

Mr. and Mrs. Herbert Scheonhalls of Chelsea spent Sunday with her parents, R. W. Lake and wife.

S. G. Teeple of this place and W. H. S. Wood of Howell have been drawn from this county to serve as U. S. jurors.

Geo. Culy was called to Battle Creek on Friday last to attend the funeral of his little grandson who died suddenly Thursday.

S. G. Teeple recovered the old family horse that was stolen a couple of weeks ago and there is hopes of finding the man that stole it. The horse had changed hands two or three times.

The Sayles family reunion was held Saturday Oct. 19, at the home of Mr. and Mrs. Ed. Sayles in this village. Owing to a recent death in the family only about 25 met to enjoy the pleasurable visit. Guests were present from St. Ignace and Stockbridge. A bounteous dinner was served and the day was one that will long be remembered by those present.

The 7th annual fair of the Cong'l society will be held at the opera house Friday and Saturday of this week. Friday the sale of articles from the booths will begin at 3 p. m. Supper from five until all are served. Price 20 cents. Saturday night the annual chicken pie, also fried chicken and biscuit supper including many good things the ladies know so well how to serve. Price 25 cents. Those who have not contributed for the booths, please hand or send their donations in as early as possible Friday and help a good cause along. Everyone cordially invited to come and have a good time.

Mr. and Mrs. Alphas Smith are entertaining Mr. Smith's brother and wife of Newark, N. J. It has been 20 years since they visited this place and find many changes.

Sigler Bros. were home Saturday from the U. of M. accompanied by their friend Dr. Carmichel of Ann Arbor. They spent the day hunting squirrels, reporting fine sport. We are glad to learn that they like their work and are doing fine.

Howell had a "Jack the spitter" until last week. For some time some unknown person has been spitting tobacco juice on ladies white dresses in Howell and a week ago the officers arrested Bert Salsbury, who confessed to the crime and Justice Harger sent him to the House of Correction in Detroit for ninety days.

TOWN BLOWN UP, THIRTY DEAD

ONE HUNDRED INJURED BY THE AWFUL EXPLOSION OF POWDER MILLS.

FONTANET, IND., WRECKED

The Whole Village Wiped Out and the Country Round About is Panic-Stricken.

Inhabitants Homeless.

From 25 to 30 persons dead and dying, 100 injured and every house in Fontanet destroyed, rendering 700 residents homeless, is the result of the explosion of the mills of the Dupont Powder Co., near Fontanet, at 9:15 o'clock Tuesday.

There were three explosions shortly after 9 o'clock and a fourth one at 10 o'clock, in which a number of the physicians were slightly injured, among them Drs. Willen and Moore, of Brazil.

The shock from the explosion was felt in Indianapolis. At Crawfordsville, 35 miles from Fontanet, the shock cracked a brick wall and sank tiling in a floor one inch.

A slight shock similar to that of an earthquake, was noticed in Cincinnati. Prof. Porter, of the University of Cincinnati, reported it as very slight, but distinctly noticeable.

State Supt. Nash, of the Dupont Powder Co., who was seriously injured about the head and hips, at a hospital said:

"Supt. Monahan, myself and T. T. Kellup, representative of the Eastern Co., of Wilmington, Del., were in the business office. Monahan and I were looking over the morning's mail, Mr. Kellup was reading a newspaper. That is the last I remember until I was picked up on the hill 100 yards away."

Preparing for War.

Gen. Linevitch, commander-in-chief of the Russian Siberian army, has reported to the general staff in St. Petersburg as follows: "The Japanese government is erecting hastily in Manchuria and Korea fortifications and sending enormous quantities of ammunition to the place. Under disguise of various business enterprises they are buying properties from Chinamen in all the strategically important points adjoining our Siberian frontier, especially around Vladivostok and Blagoveshchensk, to accumulate the ammunition.

Carnegie Defends the Negro.

Andrew Carnegie, in an address at the Philosophical Institution in Edinburgh, appeared as the champion of the negro in the United States. He traced their development from slaves to citizens, the gradual decrease of illiteracy among them, their participation in church affairs, and told of the enormous expenditure of money for churches and schools.

Floods Cause Great Distress.

Dispatches from the center and south of France confirm the worst reports of destruction caused by the floods. The rivers Loire, Rhone and Saone and their tributaries are raging torrents, the water in some places being the highest ever recorded. In hundreds of cities and towns there is from two to ten feet of water in the streets. Great distress has resulted. Railroad traffic is utterly disorganized. At places the roadbeds have been washed away and the stations are under water. Fortunately the storm center is now moving seaward, the weather clearing and the worst appears to be over.

Notice to the Public

The Holmes Clothing Company's two large stocks at Belding and Pinckney, Michigan, have been merged into one and could, by a long drawn out sale, reduce the stock to nominal figures. A bargain event that will surpass anything ever attempted in the State of Michigan.

Pinckney Dispatch.

Supplement, October 24, 1907.

ADDITIONAL LOCAL.

Miss Franc Burob was in this place the first of the week.

Mrs. T. J. Gaul is visiting relatives in Jackson this week.

Mrs. George Green and daughter are visiting in Jackson and Battle Creek.

Miss Blanche Martin is visiting her mother, Mrs. Ohas. B. Eaman of Ann Arbor.

Mrs. Jennie Barton is having her house painted. R. E. Finch is doing the work.

Dr. W. T. Wright was called home to Ann Arbor to attend the funeral of his mother this week.

Mrs. Frank Sigler, who has been spending several weeks with her daughters in Detroit, returned home this week.

It never rains but it pours—the job rooms of the Dispatch office have had a cloudburst the past week. Quick and good work tells in the long run.

Principal, T. J. Gaul and the Misses Belle Kennedy, Mae Reason, Lola Monke and Jessie Green, teachers in the school here, and Miss Florence Andrews left this morning to attend the State Teachers Institute at Battle Creek.

There are those who seem to feel badly once in a while because no mention was made of their visits and entertainments, etc. They should remember that the editor of any paper is neither omniscient or omnipresent and unless someone informs him of such affairs he has no way of knowing. We try to get all the news but some that are really good once in a while.

Dexter has her hopes raised again about the electric line to that village. Surveyors have been setting stakes from the main line into that village. Good. Extend it up to Pinckney.
