Cutting Brush Not Compulsory

About three or four years ago a law was passed by the state legislature requiring property owners to cut all brush in the public highway adjoining their premises or the highway commissioner would have the same cut and charged to the property owner. If they refused to pay it the amount would be spread on the tax roll and would have to be paid with their taxes. A number of farmers, about 15 in number, residents of Addison township, Oakland county, refused to cut the brush, refused to pay for the cutting, then refused to pay the extra amount of their taxes which included the pay for brush cutting. The property was up for sale at the tax sale next month and the property owners filed a protest.

Judge Smith held that tax paying along a highway could not be held for cutting brush, and the attorney general also declared that it was illegal to assess property owners along a highway for brush cutting as it is a benefit to the whole township.

A Good Game

The P. H. S. ball team won a hard fought battle when they defeated the strong Jackson High at Monks Park last Saturday afternoon by a score of 5 to 3.

It was by far the best game witnessed here so far this year and as both teams were pretty evenly matched, it was an interesting game from start to finish. Jackson should have been given a goose egg as they did not earn a single run.

Myron Dunning made his first appearance this year in the box for Pinckney and his underhand delivery plainly worried the Jackson boys. As he was out of practice, also the game was played during a drizzling rain, he was a trifle wild although he pitched himself out of many tight holes by mowing them down at the plate. He struck out fifteen men and was replaced in the first half of the ninth by Guy Kuhn. Pinckney secured their first tally in the second inning and four more in the fourth after which Rackliff, the visitors twirler, held them scoreless during the remainder of the game. Jackson made their first run in the fifth inning on an infield error and their remaining two in the seventh when five men were walked.

A game was played against Howell High yesterday afternoon. The game was called too late for the results to be printed in this issue.

The Race For Life

There are various ways to succeed in this life. The man who minds his own business is likely to be a success; the one who lets the other peoples' business alone is likely to get there; the man who strictly attends to that which concerns himself alone, and leaves that which concerns others to take care of itself, will be certain to be a success; while he who neglects his own affairs and attempts to manage those of his neighbors is certain to be left behind in the race for life.

Rural Mail Route Dont's

Don't straighten up your mail posts as the carrier has good long arms, and it don't hurt him to stretch to put your mail in the box.

Don't write your postal until the carrier comes. He has lots of time to wait while you write them.

Don't stamp your letters. Let the carrier do that.

Don't turn out for the carrier when the snow is deep. He is supposed to turn out for everybody.

Don't sort the stamped from the unstamped mail. Let the carrier spend ten minutes doing that. His time is not limited.

Don't pile the pennies in the box. Scatter them around. The carrier can pick them up. His hands never get cold.

Don't ask for your mail at the office. Wait until the carrier gets it packed. He don't mind sorting it over.

Don't wrap your letters on a rainy day. The carriers' hands are always clean, the weather is always ideal.

Don't hesitate to ask the carrier to purchase and carry packages from the store without stamps. You don't care whether he loses his job or not.

Don't be silent when the carrier waits an hour and a half for a train that's late to get your mail. Ask him if he has been asleep, or better still, tell him you thought it was a holiday.

8th Grade Examination

The participants were as follows: Victor Johnson, Hollis Shehan, Willie Blades, Curtis Brown, Marie Clark, Carter Brown, Grace Campbell, Bessie Johnson, Pearl Hanes, Jennie Docking, Lorna Marshall, Roche Shehan, Lester Docking, Otto Dinkel, Hazel Reade, Mary Secor, Mae Farrell, Marion Holmes, Stanley Teachout, Gladys Poole, Christolli Brogan, Harold Haddock, Florence Burgess, Walter Clinton, Vera Hartauff. Those who took examinations in geography and physiology only, are Lucile Heffernan, Eileen A. Buhl, Jessie Resico, Hazel Fiske, Dorothy Shehan.

Notice of Meeting

To whom it may concern: Be it known that on the 12th day of May, A. D. 1903, an application was filed with John McGivney, County Drain Commissioner, of the County of Livingston, for the cleaning out of the Gregory Drain, which said drain has heretofore been established and constructed and is a matter of record in the office of the County Drain Commissioner, which said drain traverses the Township of Unadilla. Be it further known that on the 24th day of May, 1913, a meeting of the Township Board of Unadilla will be held at the Clerk's office in the Village of Gregory, at two o'clock in the afternoon for the purpose of determining whether or not the said proposed drain needs cleaning out, that at such meeting all persons whose lands will be crossed by said drain or all persons owning lands liable to an assessment for benefits may appear for or against said drain proceedings. Given under my hand this 19th day of May, A. D. 1913.

L. N. McCLEER,
Township Clerk of the Township of Unadilla.

STATUE OF JOHN A. LOGAN

RESTING PLACE of FOUNDER of MEMORIAL DAY

SOLDIERS' HOME AT WASHINGTON

ROSTOCK NEAR LOGAN TOMB

Of the last resting place of our Civil war heroes none is more heavily banked with flowers on Decoration day than the tomb of Gen. John A. Logan. This remembrance would be entirely explainable by the circumstance that the commander of the Army of the Tennessee was not only one of the foremost military leaders of the Union army, but was exceptionally popular with his soldiers, enough of whom are still living to insure lavish offerings of flowers on each recurring holiday, without any dependence whatever upon expressions of gratitude from a rising generation.

However, there is yet another incentive, quite aside from this common patriotic impulse, which goes to explain this exceptional floral tribute to General Logan, and which makes it seem especially appropriate. This is found in the fact, all too often overlooked, that General Logan was the founder of Memorial day, as we observe it in the present era. The claim is made, apparently with perfect warrant, that the fundamental idea of Memorial day originated in the south, where a number of kind-hearted women inaugurated, immediately after the close of the war, the practice of devoting some chosen day in the spring to the decoration with flowers of the graves of the fallen soldiers—Federal and Confederate alike.

To General Logan, though, belongs the credit of establishing Decoration day in May as a definite, fixed, annual event of uniform observance in the great majority of the states of the Union. There had been no general celebration and no fixed date until in 1868 General Logan, then acting as commander-in-chief of the Grand Army of the Republic, took the initiative and issued an order fixing May 30 as the date for the annual Memorial day exercises and calling upon every G. A. R. post in the country to engage in fitting ceremonies and scatter tokens of regard over the last resting places of their former comrades in arms.

It is predicted that ere many years there will be general adoption throughout the country of the practice, already introduced in some places, of reading in connection with every Memorial day program the original order of General Logan instituting this event, which has become such an important one on our calendar. Such a plan would, of course, follow the example of the general custom of reading the Declaration of Independence in connection with Fourth of July exercises. For the present, however, General Logan's recognition in this connection consists in special services at his tomb, and, as has been explained, an exceptional profusion of flowers, many of the latter in the form of elaborate designs, suggestive of notable events in his military career.

The last resting place of General Logan is admirably chosen with reference to opportunities for keeping green the memory of this fiery warrior. The body of General Logan lies in a handsome private vault, occupying the most prominent place in the national cemetery connected with the United States Soldiers' home, near Washington, D. C. Among the thousand inmates of the home are a number who fought under General Logan, and naturally it is a work of love for them to see to it that his tomb bears evidence of the undying admiration of his "boys" of half a century ago.

At the Soldiers' Home cemetery the veterans do most of the scattering of flowers on Decoration day, there not being sufficient children on hand, as a rule, to place blossoms on so many graves. But the posies which the soldiers carry to the Logan tomb are by no means the only ones that come thither on this festival of remembrance. Floral designs are sent from

G. A. R. posts and patriotic organizations in various parts of the country, and particularly from Illinois, which state General Logan represented in the United States senate after the close of his military career. The fact that General Logan's last resting place is a vault, thereby providing a shelter for elaborate floral pieces, has also seemingly had an influence in inspiring this form of tribute. The vault is constantly filled with such pieces, including representations of flags, corps badges and other military insignia. Some of those to be seen are fashioned from fresh flowers, but the walls of the vault are covered with permanent wreaths and other memorials fashioned from artificial flowers that closely counterfeit nature's most delicate products in appearance.

The Logan tomb is near the main entrance to the cemetery, and is approached through a massive monumental gateway, the white pillars of which bear the names of a number of the republic's military heroes. Beside the vault, as though standing guard over it, is an old war cannon, and a few steps beyond the visitor enters a labyrinth of low hedge, formed from the sweet-scented box.

The principal exercises are held on the morning of Memorial day in a natural amphitheater formed by the wooded slope which descends at the rear of the Logan vault. The speakers occupy a rostrum conforming in its memorial pillars to the architecture of the gateway already mentioned, and the orator of the day never fails to make reference to the cemetery's most distinguished occupant and the part he played in giving to the nation one of its most significant holidays. Following the general program special services are held at the Logan vault, these services being, as a rule, in charge of either the Grand Army of the Republic, of which organization General Logan served for three terms as commander-in-chief, or one or another of the associations made up of natives of the state of Illinois. The place of honor at these services is always accorded to Mrs. John A. Logan, the widow of the general.

Persons who have visited the Logan tomb in the past and who return for this year's Memorial day exercises will find one important change in the surroundings. Occupying a site just across the road and overlooking the tomb there has lately been completed the largest and most important building of the United States Soldiers' home. Grant hall, as the new structure has been named in honor of the Union leader, is a splendid marble structure that will cost, with its furnishings, close to one and one-half million dollars. It is designed for inmates of the home, and a large proportion of the windows in the building will command a view of the last shelter tent of General Logan and the floral tokens banked behind its iron gates.

It may, perhaps, strike the reader as a trifle odd that there should be need of a new building to enlarge the quarters of a soldiers' home, whereas the old soldiers in the national and state homes in all parts of the United States are rapidly responding to their last roll-call. The explanation of the situation at the institution on the heights beyond Washington is found in the fact that this refuge is absolutely unique among all the soldiers' homes in our land. Whereas the other homes are supported by the national or state governments as havens for volunteer veterans (principally of the Civil war) when overtaken by ill health or advancing years, the institution where

General Logan sleeps is intended only for enlisted men who served in the regular army and without regard to which war they saw service in—or, for that matter, whether they saw service in any war.

Not only has this home no connection with any of the volunteer homes, national or state, but it receives no appropriation from the government, being wholly maintained by the enlisted men of the regular army, who contribute to its support out of their pay on much the same theory that a man invests in life insurance. This is the forerunner of all the soldiers' homes, now scattered across the country from Virginia to California, having been established ten years before the outbreak of the Civil war. That the home is a decidedly prosperous institution may be inferred from the fact that it has several million dollars to its credit in the United States treasury, and its buildings, largely of white marble, are set in grounds comprising more than 500 acres of beautiful land that cost about one-third of a million dollars, and is maintained as a park with recreation grounds, pavilions where band concerts are held, and ten miles of graded, macadamized roads winding through selected groves of native and foreign trees and high, open ground that commands splendid views of the capital city.

A man must have seen 20 years of service in the regular army ere he is entitled to a home in this institution unless, mayhap, he has been disabled by wounds or disease in the service and in the line of duty. He must also be honorably discharged from the army before he can be admitted to the home, so that all the inmates of the institution are civilians.

Marching past the Logan vault on Memorial day one may see inmates of home who have served anywhere from 20 to 30 years in the regular army. Their ages range all the way from twenty-four to ninety, but more than half of all the veterans are between the ages of sixty and ninety. Several score of these old warriors saw service in the war with Mexico, whereas considerably more than 300 of them participated in the Civil war.

Automatic Water Finder.

No thoroughly reliable automatic water finder has yet been discovered. A peculiarly designed magnetic needle has been employed for years, but is by no means invariably successful. One designer has employed electricity in connection with magnetism in the form he not quite correctly designated galvanism, but his results have met with much criticism. It is wiser not to depend upon any of the advertised mechanical water or mineral finders, so far as to make financial investment in them, at this stage of our knowledge of the subject.

Aeroplane Frightens Grouse.

Complaint has been made on the grouse moors in the Glenesk district of Forfarshire, Scotland, that the grouse fly away at the noisy approach of an aeroplane, and it is feared that there will be a great migration of birds. The military authorities state that the experience of aviators elsewhere is that the birds will become accustomed to the presence and noise of the aeroplanes, and thenceforward will not migrate.

Practical Fashions

STYLISH FOR BORDERED MATERIAL.

6192

The use of embroideries and of bordered fabrics is a feature of the present season. Our model shows how one of these popular gowns may be made. Like nearly all the best models of this season the dress closes in front at the side of the little vest and skirt panel.

The dress pattern (6192) is cut in sizes 34 to 42 inches bust measure. Medium size requires 4 1/4 yards of 46 inch bordered material or 5 yards of 36 inch fabric without border.

To procure this pattern send 10 cents to "Pattern Department," of this paper. Write name and address plainly, and be sure to give size and number of pattern.

BOY'S NORFOLK SUIT.

6190

The Norfolk model is one which never goes out of style, but which returns to us with slight variations. It is the leading style for negligee for men at present, and, of course, the boys must have it, too. The suit illustrated herewith has a rather long coat, made with a deep square yoke and with two tucks on each side of the back and also of the front. The neck is simply finished with the usual notch collar and small sharp revers. Knickerbocker trousers are provided with this suit, which is very masculine and up to date. Any good woollen material can be used for a Norfolk suit and khaki is also liked by little boys in warm weather.

The suit pattern (6190) is cut in sizes 6, 8, 10 and 12 years. To make it in the medium size requires 3 1/2 yards of 36 inch goods.

To procure this pattern send 10 cents to "Pattern Department," of this paper. Write name and address plainly, and be sure to give size and number of pattern.

Says: "It is a wise precaution against getting holes in delicate hosiery to powder the shoes before putting them on." Many people sprinkle the famous antiseptic powder, Allen's Foot-Ease, into the shoes, and find that it saves its cost ten times over in keeping holes from hosiery as well as lessening friction and consequent smarting and aching of the feet.

HUBBY WAS LEFT GUESSING

And at This Date He Still is Wondering Just Who Was the Unkissed Female.

Mr. Brown issued forth from Fairbank Terrace and wended his way towards the village in. An insurance agent named Dawson was holding forth.

"Do you know Fairbanks Terrace?" Several nodded assent, and Mr. Brown became more deeply interested.

"Well, believe me, gents, I've kissed every woman in that terrace except one."

Mr. Brown's face assumed a purple hue, and hurriedly quaffing his ale, he quitted the barroom. Rushing home, he burst in at the door.

"Mary," he shouted, "do you know that insurance chap Dawson?" Mary nodded assent. "Well," he continued, "I've just heard him say he's kissed every woman in this terrace except one."

Mary was silent for a moment, and then with a look of womanly curiosity said:

"I wonder which one that is."

How to Acquire More Self Control. To acquire more self control and confidence perhaps the best step is to make yourself face disagreeable tasks with courage.

Do not be easily routed when you have determined on a course of action.

Perhaps the most disagreeable thing one meets in the course of a business day is the occasion for tactful yielding what one desires to say, to be agreeable to people who do not appeal to us, to give a pleasant answer when we are more inclined to give a curt one—in brief, to act according to the dictates of conscience on any and every occasion.

TO BE WHITE SUMMER

THAT MEANS FRESH, COOL AND BECOMING TOILETTES.

Also Practical Tub Frocks That Are Exceedingly Chic—Vivid Colors Are Offered, However, for Those Who Prefer

It is a long time since summer frocks were so alluring as those that are being shown for the coming season. This is to be a white summer, so fashion authorities say and a white summer means fresh, cool and becoming toilettes. Even white wool has a way of looking cool, and the average woman on a hot day will look cooler

Pompadour Marquise.

In white serge than in colored gauze, however she may feel.

Naturally, colors will not be taboo. All who want them may wear them, not only in soft, summery tints, but in vivid hues, startling to the eye, for never has this generation seen color combinations and designs more brilliantly audacious than are shown in many of the new fabrics, particularly among the silks.

There are Oriental bordure stuffs that are beautiful and not too bizarre; and some of the Oriental designs translated by way of the old Jouy prints are really delightful if discreetly used.

PARASOLS IN VARIED STYLES

May Be Practical or Made of the Finest of Fabrics, Just as the Owner May Prefer.

Although practical parasols will still be made of taffeta, filmy fabrics like chiffon lace and tulle will be preferred for decorative effects. Those of gay fabrics and colorings will be made without lace or net covering, but veiled, printed satins and silks which harmonize with so many frocks will be popular. Stripes will be very much used, black and white framed with a wide, black border, as well as pin stripes with tiny bouquets of prim flowers flung in between.

A white silk parasol veiled with black chiffon has a ruffling of white and black chiffon on the edge. Another model of this kind is made of embroidered taffeta applied in points over a deep border of white chiffon. A model of emerald-green silk turns up abruptly all around the edge. A garden party parasol has a center of ocre crepe figured with fruit and flowers, terminating with a wide ruffle of lace. The gayly ruffled empire parasol sets out like the skirts of a belle of 1864.

A palm-shaped parasol of white silk is adorned so that the fullness spreads out between the ribs like a palm leaf. It is edged with black silk. A sunshade-shaped exactly like a lampshade is made of white chiffon, lace-trimmed, and edged with crocheted balls and black velvet. Also on the lampshade order is a parasol of gray chiffon, ruffled and shirred on its flat top, encircled around the edge with three bands of black chiffon.

Even where the Oriental idea is lost, brilliant color is frequently used and odd and daring color-schemes are exploited. Parisian dress-makers and milliners revel in this sort of thing, but such revels are dangerous for the designer who has not the French color-sense, who is not truly an artist. And so one comes back to the original proposition, that a white summer is a kindly thing and that the wise woman will take advantage of the fact that white is exceedingly chic as well as becoming. Moreover, it is practical. Of course, it means cleansing and tubbing, but it will clean and it will tub, and that is more than can be said for a large per centage of the colored fabrics, if they are dainty enough to be pretty.

The woman who yields to the lure of the delicate pinks and blues and lilacs and greens, or of the delightful, flowered cottons, which are so tempting in the first spring showing after a winter of dark skies and dark frocks, may have an attractive summer wardrobe, but it will be neither practical nor so economical as that of the woman who turns her back upon the flowery spring lines and buys the white that is not so bewitching in the hand, but is so eminently satisfactory on the back.

FLOWERS FASTENED TO FAN

Distinctly New Place Found for the Bunch of "Futurist" Blossoms Just Now in Such Favor.

A new place has been found for the distinctive bunch of futurist flowers. They have been used at the corsage, on the hat, at the belt and on the neck ruff. Behold them now fastened pertly to net, lace or ivory fan. They are effective, too, the gaudy, stiff flowers, against the dainty white fan. They are generally caught about the stems to the outside stick of the fan, and one of the flowers is fastened securely in place farther along the stick. Arranged in this manner they do not interfere with the opening and shutting of the fan.

The woman who can use a paint brush can make a futurist fan of a different sort by decorating a net or lace fan with spots and blotches of brilliant color, cerise, orange, purple and bright green, in oil paints.

Shaded Effects.

At a college dance recently given in the college theater every one marveled at the pretty girls, the fine-looking men and the general air of happiness and enjoyment that prevailed. Other dances given in the same room had been successful, but there had always been a sort of barnlike atmosphere which no amount of gaiety could dispel. One of the members of the committee explained the change. The girls on the committee, six of them, had bought several rolls of deep pink crepe paper, a ball of twine and some pins. On the tops of step-ladders and chairs they had made and fastened on ruffled paper shades over every electric bulb in the room. The result, for which the dancers could find no reason, was an air of festivity which every one noted. It was all due to the soft yellow pink light.

Bar Pins Worn.

The three-inch bar pins continue in favor. Those with the sterling or aluminum setting holding clusters of rhinestones and oriental pearls make a charming clasp for the delicate laces that trim so lavishly the present day blouses.

STRAW AND VELVET

Black straw is used for this oblong-shaped hat, which is trimmed with a band and bow of cherry ribbon velvet and a small bunch of flowers.

Novelties in Bracelets. If your forearm is white and rounded, it deserves the decoration of a bracelet. Depending upon the size of your income or of your earnings, you may have a pretty and dainty bracelet of filigree silver, of silver links and crystals or in silver bands joined by tiny chains in coral. Just a wee bit more expensive are the beautifully engraved bangles in sterling silver and gold and a trifle beyond the income of the well-to-do wage-earner (who is thrifty) are the snake bracelets in gold, set with amethysts.

Electricity and Plant Life.

The theory has been advanced and backed up by experiments which are at least interesting, that pointed leaves standing up at the top of growing plants attract electricity from the atmosphere and that such electric forces aid materially in the growth of plants so equipped by nature. One investigator, R. E. Dimick of Almena, Wis., reports that vegetables which were well cultivated have shown a smaller growth than the normal when they had pointed wires stuck up among them to act like lightning rods in drawing off the electricity which Mr. Dimick believes to be attracted by points and needful to plant life.

RASH SPREAD TO ARMS

759 Roach Ave., Indianapolis, Ind.—"At first I noticed small eruptions on my face. The trouble began as a rash. It looked like red pimples. In a few days they spread to my arms and back. They itched and burned so badly that I scratched them and of course the result was blood and matter. The eruptions feasted, broke, opened and dried up, leaving the skin dry and scaly. I spent many sleepless nights, my back, arms and face burning and itching; sleep was purely and simply out of the question. The trouble also caused disfigurement. My clothing irritated the breaking out.

"By this time I had used several well-known remedies without success. The trouble continued. Then I began to use the sample of Cuticura Soap and Ointment. Within seven or eight days I noticed gratifying results. I purchased a full-sized cake of Cuticura Soap and a box of Cuticura Ointment and in about eighteen or twenty days my cure was complete." (Signed) Miss Katherine McCallister, Apr. 12, 1912.

Cuticura Soap and Ointment sold throughout the world. Sample of each free, with 32-p. Skin Book. Address post-card "Cuticura, Dept. L, Boston." Adv.

Commercial Notation.

It gives an impressive idea of the immensity of the international trade carried on in vessels to read that 55,000,000 tons of coal are consumed in a year in the furnaces of ships employed in international commerce. And there are certain modern freighters which transport a ton of cargo a mile by burning half an ounce of fuel, which means moving ten barrels of flour a mile with a piece of coal the size of a hickory nut.

JUDGE CURED, HEART TROUBLE.

I took about 6 boxes of Dodds Kidney Pills for Heart Trouble from which I had suffered for 5 years. I had dizzy spells, my eyes puffed, my breath was short and I had chills and back-ache. I took the pills about a year ago and have had no return of the palpitations. Am now 63 years old, able to do lots of manual labor, am well and hearty and weigh about 200 pounds. I feel very grateful that I found Dodds Kidney Pills and you may publish this letter if you wish. I am serving my third term as Probate Judge of Gray Co. Yours truly, PHILIP MILLER, Cimarron, Kan.

Correspond with Judge Miller about this wonderful remedy. Dodds Kidney Pills, 50c. per box at your dealer or Dodds Medicine Co., Buffalo, N. Y. Write for Household Hints, also music of National Anthem (English and German words) and recipes for dainty dishes. All 3 sent free. Adv.

His Idea. "Could you call a dog's chasing of his tail an economic pursuit?" "I don't see how." "Isn't he trying to make both ends meet?"

IN GIRLHOOD WOMANHOOD OR MOTHERHOOD

The women who have used Dr. Pierce's Favorite Prescription will tell you that it freed them from pain—helped them over painful periods in their life—and saved them many a day of anguish and misery. This tonic, in liquid form, was devised over 40 years ago for the womanly system, by R. V. Pierce, M. D., and has been sold ever since by dealers in medicine to the benefit of many thousand women.

Now—if you prefer—you can obtain Dr. Pierce's Favorite Prescription tablets at your druggist at \$1 per box, also in 50c size or send 50c and stamps to Dr. R. V. Pierce, Buffalo, N. Y. for trial box.

Not a Bad Case. "So that is your ayurvedic relation." "He was, but the new doctor we got, cured him."

Mrs. R. A. Kisby and Mrs. John Dammon of Hamburg were in town one day last week.

Mrs. Rosina Mercer has returned to her home here after spending some time with relatives in Ypsilanti.

Miss Clara Connor of Toledo visited at the home of Frank Mackinder a couple of days last week.

Mrs. Adams of Lansing, mother of Harry Adams who was burned to death in the Howell milk factory fire, has filed a claim under the employers' liability act.

L. H. Newman and wife of near Pinckney have been here for the past few days assisting his parents to move into the new home they recently purchased.—Fowlerville Review.

The State Fair Association has forwarded to the Dispatch office some of the premium lists to hand out to those who intend to make exhibits. Call at this office and get one as long as they last.

A traveling salesman working auto owners is on his way. He is selling a mixture purporting to be a nickeling compound. He sells the stuff at a dollar a bottle. Those who have used it now wish they hadn't for after a short time it peels off leaving the brass badly tarnished.

About twenty of the friends of Miss Ferne Hendee gave her a surprise party at the home of her parents Mr. and Mrs. Wirt Hendee last Tuesday evening. Many games were played after which light refreshments were served. During the evening Miss Hendee was presented with a Brownie Camera. A pleasant time was the report of all.

Louis Monks was in Dexter last Monday.

E. J. Briggs visited his parents in Howell last Friday.

H. P. Hoyt of Clinton spent Sunday with relatives here.

Dr. W. J. Walsh of Detroit, formerly of this place, was operated on at the St. Joseph Hospital last Friday and for 24 hours his life was despaired of. At this writing it is thought that he will recover. Mr. Walsh has many friends here who hope for a speedy recovery.

In regard to the automobile law Secretary of State, Martindale, says that the license plates are to be so placed that the white rays from auto lamps will shine upon them. This provision of the law is being quite generally violated, probably because most motorists do not know of the existence of the statute.

Governor Woodbridge N. Ferris has designated Friday, May 30 as Decoration and Memorial day and requests that this day be set apart for appropriate exercises in every school house and church in Michigan whereby our boys and girls may be encouraged to cherish an abiding love for both our heroic dead and our heroic living.

If you have one of the new nickles you better keep one as a souvenir as it is understood no more are to be issued. Slot machine manufacturers are finding fault with the nickel, claiming that it cannot be used with facility in their devices. However, it has been found that the new coin can be slipped into a savings deposit without inconvenience, and using it in this way is a very commendable alternative.

A band of traveling people of unknown nationality worked this place to a finish Tuesday selling what they claimed to be hand made lace. They also claimed to run a school at Ann Arbor and wanted to get up a class here. At each place they claimed some other lady here in town had purchased of them and had them sent them to the parties they were selling. It was a fine story all right but no one is letting on whether they fell for it or not.—South Lyon Herald.

This Cures Rheumatism

There's been a lot of scientific "guessing" about Rheumatism, but it's pretty well proved that Uric Acid in the blood is what makes the trouble.

Kidney weakness—failure to filter the blood, to rid the system of waste matter, results in the accumulation of uric acid.

The passages become clogged with deposits—this sets up an irritation which affects the kidneys and bladder and the final result is an inflammation.

When the inflammation sets in you are in serious trouble—don't allow it to go that far—get ahead of it—avoid dangerous complications—start early and use NYAL'S STONE ROOT COMPOUND.

This preparation will restore the kidneys to their normal condition, cleanse the blood of poisonous waste matter, start rich red blood coursing through your veins and keep you in excellent health.

We are not recommending a patent medicine—this is a prescription medicine composed of drugs of known virtue—we know what they are and that is why we are so sure of our ground.

Certain relief from kidney troubles—in 50c and \$1.00 bottles.

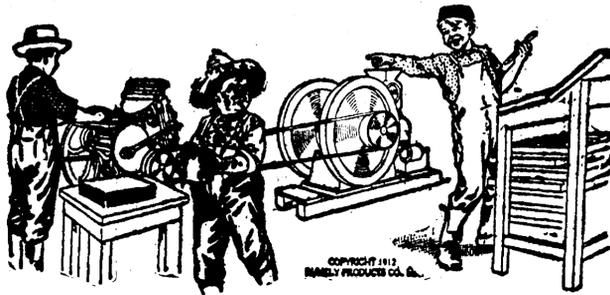

Whatever a good drug store ought to have—and many things that other drug stores don't keep—you'll find here. Come to us first and you'll get what you want.

The readers of this paper will be pleased to learn that there is at least one dreaded disease that science has been able to cure in all its stages, and that is Catarrh. Hall's Catarrh Cure is the only positive cure now known in the medical fraternity. Catarrh being a constitutional disease, requires a constitutional treatment. Hall's Catarrh Cure is taken internally, acting directly upon the blood and mucous surfaces of the system, thereby destroying the foundation of the disease, and giving the patient strength by building up the constitution and assisting nature in doing its work. The proprietors have so much faith in its curative powers that they offer One Hundred Dollars for any case that it fails to cure. Send for list of testimonials. Address F. J. MORAL INFLUENCE OF CLOTHES.

Let not the flippant speak lightly of the suggestion that the way to reform women in prisons is to give them corsets and pretty clothes. The feminine philosopher who propounded this road to redemption was entirely sound in saying that there is no reform without self-respect, and the relation between self-respect and being well dressed is intimate, says the Philadelphia Record. It was another feminine philosopher, one from Boston, who said that the consciousness of being well dressed imparted a peace of mind which not even the consolations of religion could give. The warden who thinks a woman is no worse when a corset is taken off her and no better when one is put on, perhaps forgets that in his own prison the convicts do not wear striped clothes, and the wardens of some other penal institutions are putting on the convicts plain clothes under which it is possible for a sense of self-respect to grow. The cropping of the hair and the lockstep have been abolished from several prisons to avert the psychological effect of a personal appearance that is incompatible with self-respect. There is more in this idea of giving women prisoners corsets and pretty clothes than some of the penologists, social reformers and physicians interviewed thereon recognize.

A clergyman who preached to a congregation of young people recently selected as the subject of his discourse, "After Marriage—What?" and gave several excellent practical suggestions. One was that every married couple should recognize as a paramount duty their duty toward each other. Another was that they should keep up a honeymoon courtesy, and still another that they should establish a home of their own. "Be it ever so humble," he insisted, "a home of their own should be the fixed purpose of every young couple after marriage." It is a safe assertion that no connubial venture conducted on these principles will come to wreck upon the rock of divorce.

When Hannibal was besieging Rome there were those among the inhabitants who bought and paid good prices for the land on which his army was encamped. That was the spirit that made the ancient Romans rulers of the world. Americans on many occasions have displayed the same splendid courage and confidence in the face of danger. They showed it in Chicago in 1871 by planning to rebuild before the ashes were cold after the great fire. They showed it at San Francisco, after earthquake and conflagration had done their worst, and they are showing it at Omaha amid the ruin and desolation following the onslaught of the tornado.

From London comes the sad news that Mrs. Fell, a niece of Lord Macaulay, the historian, has died in a workhouse hospital at Manchester, aged eighty-five. Mrs. Fell, who was the widow of a clergyman, received an allowance from relatives, but when she became ill and two nurses were necessary to attend her she was taken to the hospital. Why it should have been necessary to take her to the hospital of a workhouse does not appear, and the explanation in the conclusion of the dispatch seems to cancel the implication of the opening sentence that the niece of Macaulay died a pauper.

And now the town of Essen, Germany, has been robbed by a swindler who, representing himself to be an auditor and pretending to discover several thousands of a surplus, carried it off to the minister of finance at Berlin, who, needless to say, never received it. City government in Germany may be on a model basis, but there is at least one point on which any American village could give it advice.

Treasury agents, though limited to an expenditure of \$6.50 a day for board and lodging in Chicago and New York, will not strave. One can get a filling order of beef stew for 15 cents and a big plate of succulent wheat cakes for 20 cents more.

The wealth of New York state now exceeds, according to the real and personal valuations, \$11,000,000,000. The official valuations do not exceed one-half of real values. To be exact, the official wealth of the state in 1913 was \$11,131,500,131.

WOMEN WIN FIGHT FOR NEWSPAPER

MILITANT SUFFRAGETTES MAY PUBLISH THEIR OFFICIAL PUBLICATION.

MAY NOT CONTAIN ARTICLES INCITING CRIME.

British Government is Compelled to Recede From Position Taken When Bodkin Forbad Issuing "Suffragette."

A defeat has been inflicted on the English government by the militant suffragettes in the matter of the suppression of the militant newspaper, the Suffragette.

After Archibald Bodkin, counsel for the treasury, had announced that the government would prosecute anyone printing the newspaper in the future, the Labor press and some of the Liberal newspapers which are the strongest supporters of the present cabinet, protested that this was an infringement of the liberty of the press.

The former socialist member of parliament, George Lansbury, and the socialist member, James Keir Hardie, offered personally to undertake the publication of the paper, but the suffragettes declined their offer with scorn.

Thereupon the home office issued a statement declaring that Mr. Bodkin's pronouncement had been "misconstrued" and Women's Social and Political union or any publisher could issue the Suffragette so long as it did not contain any incitements to crime.

Objects to Lying in Casket.

After his body, supposedly dead, had been in a casket ready for burial for more than 24 hours, C. L. Hull, of Kansas City, Mo., "came to life" in an undertaking establishment at New Orleans and began yelling lustily. Hull is a pine timber expert and was employed as timber cruiser and estimator by the Sara Lumber Co., at Bayou Sara, La. He was struck by a falling tree while he was at work and to all appearances instantly killed. In a casket he was sent here on the way home for burial.

Doctors who examined Hull immediately after his putrefaction had resulted in the reopening of the casket, said there is no reason why Hull should not completely recover.

Sen to Succeed Father.

At a meeting of the board of superintendents of the Western seminary, Holland, Dr. J. W. Beardslee, Sr., tendered his resignation as acting professor of biblical language and literature. He will be made professor emeritus.

To fill the vacancy the board nominated Prof. J. W. Beardslee, Jr., to fill his father's place. Prof. Beardslee at present is Rodman professor of Latin language and literature in Hope college.

American Grand Opera Contest.

The National Federation of Musical clubs announces a competition for an American grand opera, with a prize of \$10,000. The prize money has been raised by Los Angeles, which promises a production of the prize opera at the ninth biennial festival of the National Federation of Musical clubs, to be held there late in the spring of 1914.

The competition will be subject to a censorship of librettos which will discourage the portrayal of any sordid or vicious subject. The federation proposes a similar contest every four years.

New York Has Municipal Parade.

Twelve thousand city employees turned out to give New York an object lesson in municipal government. The lesson was a street parade six miles long, made up of men and vehicles from 19 city departments. The police and fire departments in the past have paraded annually, but this procession was the first in which all the various municipal departments united.

Exports More and Imports Less.

Exports from the United States during April were greater by \$20,500,000 than in April, 1912, while the imports were \$18,000,000 less. For the ten months ending with April, exports this year were \$217,000,000 larger than in the corresponding period last year and imports were greater by \$179,000,000.

April exports totaled \$199,800,000 against \$179,300,000 last year; imports \$144,000,000, against \$162,000,000.

LARGEST ORCHARD IN WORLD

Over Two Hundred Acres Near Northport, Michigan, to Be Given Over to the Red Fruit.

The largest cherry orchard in the world is being started near Northport. It is to be known as the Montmorency orchard and will cover 200 acres. This spring more than 150 acres were set with fruit trees, the best stock obtainable being used. To secure a suitable site for this orchard, it was necessary to buy several adjoining tracts of farm land. The land was bought last fall, and cross-fences, stone piles and brush heaps were removed. A goodly portion of the land was also plowed. This spring the remainder of the place was put into condition.

The trees are 24 feet apart each way. The rows, the longest way of the field, have a length of nearly a mile. That part of the land which is not to be used for cherry growing will be utilized for the growing of alfalfa and general farming. As soon as preparation can be made, 104 acres will be given over to alfalfa. Although the cherry trees will not come into bearing for four years, the problem of marketing the fruit is now being worked out. A registered brand is to be adopted and the products of the orchard will be marketed in packages made attractive with handsome labels.

Claims to Cure Leprosy.

Assertions of Prof. Raoul Pictet, of Geneva, Switzerland, inventor of liquefied air, that he has discovered a "cold cure" for leprosy, are attracting attention.

He says American doctors in Hawaii are giving his methods a test and have already found them successful. Lepers are subjected to local application of liquefied carbon dioxide at a very low temperature—110 degrees below zero. The intense cold has gradually destroyed the microbes of leprosy and the diseased flesh has regained its original health and color.

Burleson Issues Important Order.

As an emergency measure to relieve conditions in first and second class postoffices where the service has been demoralized by the application of the eight-hour law among clerks and letter carriers, Postmaster General Burleson has directed that until further notice the back stamping of letters be discontinued except on registered and special delivery mail.

Would Take Place of Ruef.

Charles Montgomery, president of the California prison commission, made an offer to Gov. Johnson that he should take the place of Abraham Ruef, convicted political boss, of San Francisco, in a cell at San Quentin prison, for three months, to enable Ruef to visit his dying father, according to a letter made public by Montgomery.

Big Fire in Budapest.

Eight thousand people were rendered homeless, one child was burned to death, many people injured and heavy financial loss was caused by a fire in the center of Budapest, Hungary. The flames started in the upper floor of a large building and, fanned by a strong wind, quickly involved several blocks of houses.

After June 1, Michigan will have an official inspector of bees. The legislature made an appropriation of \$1,500 for such an official, and F. McMillan, a graduate of Guelph, Ont., agricultural college, has been appointed to the place. He will work under the supervision of the M. A. C.

MICHIGAN BREVITIES

Flint.—Fire of unknown origin wrecked the Savoy theater, a ten cent vaudeville house here, causing a loss estimated at \$2,000. The blaze broke out in the rear of the theater while the house was closing during the supper hour. Smoke was pouring from the rear entrance when it was discovered. Four monkeys, a cat and dog of the Dubec troupe which was playing, were smothered to death beneath the stage. The rest of the animals were rescued. One cat and a dog, trained performers, were reauscitated after it was thought they were dead.

Flint.—Plans for the new Michigan School for the Deaf, to replace the one destroyed by fire a year ago, were approved. State Architect E. A. Bowd, of Lansing, will submit plans and specifications to bidders and sealed bids will be accepted up to June 10. Several features were cut out of the original plans, which were for a building to cost \$200,000. The last legislature appropriated but \$155,000. The hospital and a large assembly hall were cut out of the original plans.

Eaton Rapids.—The annual meeting of the Woman's Home Missionary society of the Albion district, closed its two day's session, the meeting having been thoroughly successful, both in point of attendance and general interest. The principal features of the session were addresses by Rev. H. R. E. Quant of Jackson; Rev. E. A. Armstrong, district superintendent of Albion; and Mrs. R. D. Freeman of Quincy.

Escanaba.—The body of Leslie Carmody, who disappeared four weeks ago, was found floating against the piles at the Merchant's dock. A search for the body has been made by the authorities and others at great expense and the disappearance of the child created considerable excitement.

Allegan.—Albert Gunther of Monterey, a seventeen-year-old boy, is in the county jail bound over to the circuit court for forgery. He is alleged to have stolen a blank check from S. Welskoff, a tanner, and to have signed Welskoff's name and cashed the check. He also admitted thefts from local stores.

Jackson.—A man said by the police to be Reddy Peek was perhaps fatally injured in a fall to the sidewalk. He was injured about the head and it is feared that his skull may be fractured. He was removed to the City hospital in the police ambulance.

Bay City.—Matthew Dickenson is in a serious condition at Mercy hospital to which institution he was taken after threatening to shoot Miss Blanch Post, visiting nurse of the Civic league. Dickenson is completely helpless from rheumatism and lived alone with a crippled son who tried to care for him.

Bay City.—Hassen Heldus, a Syrian under arrest for attacking a compatriot with a knife and stabbing him several times, appeared in court and pleaded guilty. Thomas Richards, accused of burglary, was arraigned pleaded guilty and he was placed on probation for a term of five years.

Holland.—At a congregation meeting of the Third Reformed church it was decided to extend a call to Rev. Martin Flipse, pastor of the First Reformed church of Roseland, Chicago.

Jackson.—Guards at Jackson prison may have a school of instruction in the near future as the plan of procuring a library for the use of the penitentiary employees now being given consideration by the board of control of the penitentiary. At the present time the prison has a library for the use of the prison inmates but it is not used by the guards.

Mt. Clemens.—The body of Clarence Nolte, who lost his life while in a rowboat, March 31, when a wind storm upset the boat, was found just outside the north channel. Nolte's home was in Marine City and he and Clarence Worthman, who also lost his life in the storm, had gone fishing. The body was found by a fisherman. It was badly decomposed.

Hastings.—Lawrence Arhart, sixty-eight, of this city, formerly a prominent farmer of Irving township, died of blood poisoning, which developed from a slight scratch from a nail. Sewall Lane, of this city, a former pioneer resident of Rutland township, is dead at the advanced age of ninety-five. He was for many years a familiar figure in Hastings.

1,000 SETTLERS A DAY

WESTERN CANADA MAKING REMARKABLE PROGRESS.

Settlers from the United Kingdom and other countries of Europe, landed in Winnipeg last week at the rate of one thousand a day. The predicted boom in the populating of the prairie provinces this spring has materialized, as it did last year, and today the busiest city in America is probably the Manitoba metropolis.

The sturdy nations of Europe are all contributing to the rapid growth of Canada West. Two of the largest contingents reaching Winnipeg last week were from Germany and Scandinavia.

The British Isles are sending out larger contingents than ever before. The old land newspapers are filled with accounts of send-offs and farewells being given to popular town-folk on the eve of departure for Canada.

Numerous editorials record the sentiments, bordering on despair, of the Britons who see their towns and villages desolated by the desertion of favorite sons and daughters. We can sympathize with those left behind while felicitating the young people who have their own way to make in the world, on their new opportunities in the country of mammoth crops.

Scotland lost 5,000 of her best blood and brawn in a single week this month. No wonder the young, aspiring Scots take so quickly to Canada. They have been reading of the triumphs and wonder working of Scottish pioneers in the Dominion ever since they were "bairns." A great part of Canada's success was wrought by Canadians from Caledonia, and the young Caledonians of today are eager to demonstrate that they can do as well out west as their forebears.

In addition to those from the old countries, the United States still keeps up in a strenuous manner, and is sending its thousands into that new country of the north. They take up the free homesteads of 160 acres on which they live for six months of each year for three years, and then get a deed or patent for a farm that is worth anywhere from \$15 to \$20 per acre, or, they may purchase lands at from \$15 to \$18 per acre that will yield with proper care in cultivation, excellent returns for the time, work and money expended.—Advertisement.

Generous Reformer.

Miss Augusta De Peyster is a charming young lady of Knickerbocker descent who does noble missionary work among New York's floating sailor population.

Miss De Peyster's work is unique in that she believes in helping the sailor, no matter how prodigal or dissipated or nonconforming he may be. She also believes in a very generous, very liberal type of charity.

Often her views are expressed in epigrams, as:

"Don't scold a reprobate, for men are like eggs—left in hot water they harden."

Or again:
"As long as virtue is its own reward, it is apt to be spasmodic."

Be thrifty on little things like bluing. Don't accept water for bluing. Ask for Red Cross Ball Blue, the extra good value blue. Adv.

The Other Place.

"I have a regular old family knocker on my front door."
"We've got one inside."

A pessimist is a man who thinks that when he gets to heaven it will be a waste of time for him to look around for his earthly neighbors.

Your Opportunity is NOW

60-ACRE FARMS IN WESTERN CANADA FREE

In the Province of Saskatchewan, Western Canada

Do you desire to get a Free Homestead of 100 ACRES of that well known Wheat Land? The area is becoming more limited but do not miss this opportunity.

NEW DISTRICTS have recently been opened up for settlement, and into these railroads are now being built. The day will soon come when there will be no more.

Free Homesteading land left.

A Swift Current, Saskatchewan, farmer writes: "I came on my homestead, March 1900, with about \$1,000 worth of horses and machinery, and just \$50 in cash. Today I have 600 acres of wheat, 300 acres of oats, and 30 acres of hay. Not bad for six years, but only an instance of what may be done in Western Canada. Manitoba, Saskatchewan or Alberta.

ANHUT IS FOUND GUILTY BY JURY

FORMER MICHIGAN ATTORNEY CONVICTED OF OFFERING A BRIBE.

ATTEMPTED TO OBTAIN FREEDOM FOR HARRY THAW.

Accused of Using Money Furnished by Noted Inmate of Matteawan in an Effort to Bribe Former Supt. Russell.

John Nicholson Anhut, a former Detroit attorney, was convicted by a jury before Supreme Court Justice Seabury in New York of having offered a bribe of \$20,000 to John W. Russell, former superintendent of Matteawan, in connection with an alleged conspiracy to bring about the liberation of Harry K. Thaw, slayer of Stanford White.

When the jury retired at 3:39 p. m. the general impression was that it would be out for several hours and would be unable to agree. Few expected a verdict of guilty. To the surprise of all, the jury after a little more than two hours' deliberation, returned a verdict of guilty.

Anhut faces a maximum penalty of 10 years in prison and a fine of \$500.

Thaw had given Anhut \$25,000 in stocks and cash, to be used to get him free. Anhut's defense was that the money was a contingent fee only, to be returned in full if Thaw did not have his liberty by July 1 next, and was to be used for legal measures to obtain his client's release through having him declared sane by alienists who had not figured in Thaw's recurrent efforts to leave Matteawan.

Japs Condemn War Talk.

Irresponsible war talk was condemned by most of the speakers at a mass meeting in Tokio, organized by an association representing partly business and partly educational interests, at which some parliamentary representatives were also present.

The speeches, made by the majority of the educational representatives, in contrast to other addresses, were sober and conservative. They gave expression to confidence that the Americans will side with the Japanese if the Japanese steadfastly point out the unfairness of discrimination.

Decides Against the Government.

A decision, handed down in the United States district court, of New York, will cost the government about \$1,000,000 a year from now on. It holds that the government must pay for medical treatment to aliens brought to this country and found, after their arrival at Ellis Island, to be suffering from some temporary contagious disease. The government sought to collect from the Holland-American Steamship company \$2,167 for such treatment, but the court, in finding for the defendants, declared that the immigration laws make no provisions for the steamship company to pay for medical treatment for ailing aliens.

Buffalo Strike is Ended.

The strike of the department clerks involving 2,500 persons has been settled. The strikers have returned to work. Under the agreement the minimum wage for women will be \$6 and for men clerks, \$12.

The work day is to be 8 1/2 hours, from 8:30 a. m. to 6 p. m., and the stores are to close at noon Saturdays during July and August.

The clerks struck for a minimum wage of \$8 and \$15 for women and men respectively and for recognition of the union. The latter point is not mentioned in the agreement.

Mine Explosion in Ohio.

Two men are dead, three fatally wounded and 16 others entombed as the result of two explosions in the Imperial mine of the O'Gara Coal Co., a half-mile west of Belle Valley, Ohio. The 16 men caught by the first explosion were imprisoned a mile and a half from the entrance of the mine for several hours.

Cuban Files Across Straits.

Domingo Rosillo, a young Cuban aviator, flew from Key West to Havana. He is the first aviator to cross the Florida straits. By his flight he wins a prize of \$10,000 offered by the Havana council for the first man to make the trip. The trip of more than 100 miles was made at almost a mile a minute.

"Sudden Willy"
A late professor was wont to relate a rather characteristic story of the boyhood of the present German emperor.

The professor was conversing with Empress Frederick concerning her son, when her majesty remarked deprecatingly respecting her eldest born: "Mein Willy ist so plotzlich." ("My Willy is so sudden.")

Could anything have summed up the kaiser, as a boy and man, better than this colloquial confidence of his imperial mother?

They were newsboys and had strayed into the art museum. At the moment they were standing before the Winged Victory of Samothrace.

"Say, Bill, what's that?" asked one of them in an awed whisper.

"Aw, I dunno," replied the other. "Some saint wid his block knocked off."—Christian Register.

Backache Is a Warning

Thousands suffer kidney ills unawares—not knowing that the backache, headaches, and dull, nervous, dizzy, all tired condition are often due to kidney weakness alone.

Anybody who suffers constantly from backaches should suspect the kidneys. Some irregularity of the secretions may give just the needed proof.

Doan's Kidney Pills have been curing backache and sick kidneys for over fifty years.

A Minnesota Case
Mrs. Anna Rossard, 71 Sycamore St., St. Paul, Minn., says: "I suffered terribly and doctors couldn't help me. I was so helpless with the pain in my back I couldn't turn in bed. I grew thin and had terrible dizzy spells. Doan's Kidney Pills cured me and today I am in perfect health."

After Long Suffering

Women Are Constantly Being Restored to Health by Lydia E. Pinkham's Vegetable Compound.

"Worth mountains of gold," says one woman. Another says, "I would not give Lydia E. Pinkham's Vegetable Compound for all the other medicines for women in the world." Still another writes, "I should like to have the merits of Lydia E. Pinkham's Vegetable Compound thrown on the sky with a searchlight so that all suffering women could read and be convinced that there is a remedy for their ills."

We could fill a newspaper ten times the size of this with such quotations taken from the letters we have received from grateful women whose health has been restored and suffering banished by Lydia E. Pinkham's Vegetable Compound.

Why has Lydia E. Pinkham's Vegetable Compound accomplished such a universal success? Why has it lived and thrived and kept on doing its glorious work among the sick women of the world for more than 80 years?

Simply and surely because of its sterling worth. The reason no other medicine has ever approached its success is plainly and simply because there is no other medicine so good for women's ills.

Here are two letters that just came to the writer's desk—only two of thousands, but both tell a comforting story to every suffering woman who will read them—and be guided by them.

FROM MRS. D. H. BROWN.
Iola, Kansas.—"During the Change of Life I was sick for two years. Before I took your medicine I could not bear the weight of my clothes and was bloated very badly. I doctored with three doctors but they did me no good. They said nature must have its way. My sister advised me to take Lydia E. Pinkham's Vegetable Compound and I purchased a bottle. Before it was gone the bloating left me and I was not so sore. I continued taking it until I had taken 12 bottles. Now I am stronger than I have been for years and can do all my work, even the washing. Your medicine is worth its weight in gold. I cannot praise it enough. If more women would take your medicine there would be more healthy women. You may use this letter for the good of others."
—Mrs. D. H. Brown, 809 North Walnut Street, Iola, Kan.

MRS. WILLIAMS SAYS:
Elkhart, Ind.—"I suffered for 14 years from organic inflammation, female weakness, pain and irregularities. The pains in my sides were increased by walking or standing on my feet and I had such awful bearing down feelings, was depressed in spirits and became thin and pale with dull, heavy eyes. I had six doctors from whom I received only temporary relief. I decided to give Lydia E. Pinkham's Vegetable Compound a fair trial and also the Sanifive Wash. I have now used the remedies for four months and cannot express my thanks for what they have done for me."
—Mrs. SADIE WILSON, 455 James Street, Elkhart, Indiana.

Best Medicine For Colds

When a druggist recommends a
remedy for colds, throat and lung
troubles, you feel sure that he knows
what he is talking about. C. Lower,
Druggist, of Marion, Ohio, writes of
Dr. King's New Discovery: "I know
Dr. King's New Discovery is the best
throat and lung medicine I sell. It
cured my wife of a severe bronchial
cold after all other remedies failed."
It will do the same for you if you are
suffering with a cold or any bronchial,
throat or lung cough. Keep a bottle
on hand all the time for everyone in
the family to use. It is a home doctor

COMING BACK TO PINCKNEY

United Doctors Specialist
Will Again Be At The

Hotel Steadman
Monday, June 2nd, 1913

One Day Only

Hours 9 a. m. to 4 p. m.

Remarkable Success of These Tal-
ented Physicians in the Treatment
of Chronic Diseases

Offer Their Services Free of
Charge

The United Doctors, licensed by the
State of Michigan for the treatment of de-
formities and all nervous and chronic dis-
eases of men, woman and children, offer
to all who call on this trip, consultation,
examination, advice free, making no
charge whatever, except the actual cost of
treatment. All that is asked in return for
these valuable services is that every person
treated will state the result obtained to
their friends and thus prove to the sick
and afflicted in every city and locality,
that at last treatments have been discovered
that are reasonably sure and certain in
their effect.

These doctors are among America's
leading stomach and nerve specialists and
are experts in the treatment of chronic
diseases and so great and wonderful have
been their results that in many cases it is
hard to find the dividing line between skill
and miracle.

Diseases of the stomach, intestines, liver,
blood, skin, nerves, heart, spleen, kidneys,
bladder, rheumatism, sciatica, diabetes,
bed-wetting, tape worm, leg ulcers, weak
lungs and those afflicted with long-standing,
deep seated, chronic diseases, that have
defied the skill of the family physicians,
should not fail to call. Deafness often has
been cured in sixty days.

According to their system no more opera-
tions for appendicitis, gall stones, tumors,
goiter, piles, etc., as these diseases are
treated without operation or hypodermic
injection.

They were among the first in America to
earn the name of "Bloodless Surgeons,"
by doing away with the knife with blood
and with all pain in the successful treat-
ment of these dangerous diseases.

If you have kidney or bladder troubles
bring a two ounce bottle of your urine for
chemical analysis and microscopic exami-
nation.

No matter what your ailment may be,
no matter what others may have told you,
no matter what experience you may have
had with other physicians, it will be to
your advantage to see them at once. Have
it forever settled in your mind. If your
case is incurable they will give you such
advice as may relieve and stay the disease.
Do not put off this duty you owe yourself
or friends or relatives who are suffering
because of your sickness, as a visit at this
time may help you.

Worn-out and run-down men or women,
no matter what your ailment, consult them.
It costs you nothing.

Remember, this last free offer is for this
visit only.

Married ladies come with their husbands
and minors with their parents.
