BACK FROM FRANCE

C. J. Sibley, former editor of this paper visits his many Pinckney friends

C. J. Sibley who was one of the first to go from Pinckney appeared among his old friends here last Saturday. Clyde is looking fine and says he is mighty glad to get away from the army life. He wouldn't do it over again if they made him a present of both France and Germany.

Among the souvenirs Clyde has is a fine collection of foreign paper money of different denominations from different nations.

Clyde is now engaged with his brother E. C. Sibley, publishing the Springport Signal. The following clipping having been taken from last week's issue of that paper:

"After seventeen months army life, Clyde Sibley arrived home from Camp Custer Saturday night with his discharge in his pocket. Monday morning he hung his uniform on a nail, put on a suit he was lucky enough to have left over, and began work in the Signal office. He has purchased half interest in the business and will hereafter help get the paper out on time, and take one-half the blame for everything with which someone is not suited."

the ruins and the battlefields. I would send them home but I don't want to run the risk of losing them. I think they are about the best souvenirs one can have. Most of them were taken by boys of the hospital so I know they are the real thing. Besides, I have seen most of the places myself.

I am sending a picture of my ward. It was the chapel room. I think I told you in one of my letters that we were in a big German school building. You can see part of the big pipe organ in one corner of the picture. The nurse in the picture is one that I have worked with for a long time. She is sure good to me. That makes it a whole lot pleasanter. The nurses that are with us now have been with us all through. They stay here with the new hospital the same as I do. No. 7 has not left here yet but expects orders to leave any day.

Well, I guess I have told you all this time so will close. Love to all.

Dear Mother— Well mother, I have got this far back from my leave. Got a six hours' ride before I hit my company. Have been gone fifteen days—some furlough.

I certainly had a fine trip. Went to Monte Carlo, Nice, Antibes, Grasse, Cannes and over the Italian border.

I bought you and Aunt Mary beads in the island where St. Patrick was a monk for nine years and will send them to you soon.

I saw Pat Brogan's and Clare Reason's names on the register at Cannes. They visited there when on furlough in January.

I hope they get home before long but we are not booked until July or August.

I see the 50th are on their way home and wish I was with them. Haven't seen a person I know over here yet; everything looks alike. I feel fine after all we have gone through—laying out.

The time here and we have to go to bed to dry out.

March 20, 1919

Dear Father, Mother, and all:

I received both of your letters at the same time, one written February 25 and one written March 1.

I haven't heard from Harry since before Christmas. I have written to him several times. I suppose he is on his way home by this time if he is not there. He is lucky, but I wouldn't trade places with him. I wouldn't miss the experiences I have had for anything as long as it had to be.

We have been under shell fire and have been bombed by planes, but they never got any of us. They were so close that the concussion broke windows in the building where we had our operating room. It sure shook us up some. We were within about eight miles of the front at different times. We could hear the guns good and plain and at night we could see the rockets and flares they sent up. Have seen lots of towns in France that were all shot to pieces—not a single building left whole. I have a fine collection of pictures taken of

in thirteen pitched battles, besides many skirmishes. In May, 1863 he received his honorable discharge from the army and returned to Canastota. August 2, 1863 he married Roseilla C Baker. One son and three daughters were born to them. In April 1866 he moved to Pettyville where he took over the blacksmith shop in which he worked until the spring of 1896 when he retired.

His wife and three children survive him, Winifred having passed on in June 1914. He has lived in the present family home for forty years. He passed from this life in his eighty-fourth year on the sixteenth day of April, 1919. The funeral was held at the home, Rev. F. S. Hurlburt officiating. Burial at North Hill cemetery.

Margaret Ann Marshall was born July 29, 1871, in Pinckney, Michigan.

On May 14, 1898 she was united in marriage to Edgar Breuningshall and to this union were born six children: Minnie, Frank C., Elizabeth L., Margaret M., Donald M., and Arthur W.

She died at the age of 47 years, eight months and twenty-four days.

During her protracted illness and children she leaves thirteen grandchildren and one great-grandchild to mourn the loss of a most kind, loving wife and mother.

Her life's work done, she went to sleep trusting, "God's will be done."

The funeral was held from the Congregational church Wednesday, April 23, Rev. F. L. Hurlburt officiating.

O my darling, I miss you and long to kiss you.

Asleep in your low narrow bed, Where the grass green and tender, and the clover's red splendor Hideth your beautiful head.

"Weep not for me, my children dear, I am not dead, but sleeping here."

SCHOOL NOTES

Typewriting classes now begin at 7:45 and continue until 9:15.

The Seniors are busy discussing their annual play.

Several from the Senior class are in Howell this week writing on the teachers' examination.

Two new pictures have been ordered for the primary and intermediate rooms. The school is being well supplied with works of art.

A cigarette campaign is being conducted throughout the school. This is a movement to eliminate the habit. In order to make it a success we need the hearty co-operation of every parent.

ALL MUST BE FED

Practically Every European Country Short of Foodstuffs.

Agriculturists on This Side of the Water Are Called on to Save the World From Starvation—Western Canada's Great Opportunity.

Considerable discussion is taking place in the papers as to the amount of money that the United States will have to pay for its guarantee of the price of wheat for 1919. The indications at present are that the treasury going down the outlook now is that it will go considerably above the present guarantee. It is not only the opinion of a man of the experience of Mr. Hoover that gives weight to this assumption, but we have the glaring fact that there will be more mouths to feed for this year, and the next year or so, than there were in 1918, and the quantity of food will be little, if any, greater.

The assumption is based on the fact that Germany, Austria and Poland and others of the fighting nations, unable to secure food enough in the past two or three years, and still unable to supply it within themselves, will require to be fed. The food can now be taken to them. For some time the soldiers will require to be fed; Italy will have its demands. There will be additional shipping, some of which will be needed for requirements of India, but it will also make ocean transport easier. Mr. Hoover is possibly better acquainted than any other individual observer with both the world's food needs and its prospects of supplying them.

He is naturally very close in touch with conditions on this continent and his position as virtual dictator of the distribution of American-grown food in Europe has given him a possibly unique insight into European needs.

Mr. Hoover says there will be no surplus from the 1918 crop to carry

rally never is any possible guarantee that one or more of the great wheat-producing countries in Europe may not experience a crop failure. Under present conditions, however, such lack of surplus is distinctly dangerous, for the very European nations upon which the continent could normally rely for the great bulk of its wheat, that is to say Russia, Bulgaria, Serbia and Rumania, will for obvious reasons be unable to supply their own demands for the coming year. In addition to this, Mr. Hoover points out that famine in India will call for a substantial proportion of the Australian surplus, and that, moreover, a considerable part of the Australian supply, which for lack of shipping has been accumulating in that country, has spoiled.

And the demand is by no means only for wheat. Mr. Hoover estimated that he would be able to furnish Germany 150,000 tons of grain during the month of April. But it is asserted that the German stocks of all kinds of grain and of potatoes and other vegetables will surely be exhausted before June.

Mr. Hoover has also expressed the opinion that the United States will be able to supply the world's needs until the next harvest.

It is quite clear from all this that the world is going to depend more than ever upon this continent to keep the wolf from the door until the war devastated and mangled-ridden countries in Europe can once again feed themselves. Already we read of the protests of British soldiers occupying Germany against allowing German women and children to perish of starvation as they are beginning to do. If those conditions prevail in Germany what must be the state of affairs elsewhere in Europe among nations which have fought with us during the last four years?

To sum up, it may be stated with confidence that the demand for every product of the farm will be unprecedented, and that the agriculturist will receive the highest prices on record for all that he has to sell.

The duty of Canada, therefore, is to keep up its work of assisting in supplying the need. It can do so. It has the land available at low prices; the market is there; railroad facilities are good, the climate and the soil produce the best wheat in the world. Western Canada offers the opportunity and the unceasing flow of farmers into the country indicates the fact that advantage is being taken of it.—Advertisement.

Saginaw—The Federal Sand & Gravel company, capitalized at \$150,000 of which C. W. Luce, of East Tawas, is president, and John S. Porter, of Saginaw, vice-president and general manager, has been organized here replacing the Huron Shore, Marquette and other such companies.

Kalkaska—Bondsmen for Chas. Mahan, who absconded with \$3,900 of county funds three years ago while treasurer, will have to pay his shortage. Judge Fred Lamb has ruled. Those affected are Wm. H. Bockes, M. M. Lehr and Sol Loffer. Mrs. Zora Cole, who was one of the original bondsmen, already has paid her \$1,200.

Manistowic—A pack of hounds owned by the W. Ramsey Company, while on its night hunt, collided with a runaway team, which was attached to a wagon loaded with hogs. The impact drove one of the horses against a tree, killing it. The hogs were thrown about the street and four of the nine had to be killed. The runaway team was uninjured.

Portland—Charles Mansil, a prominent farmer, has been missing from his home for over a week. Searching parties have dragged Grand river and looked in every possible place since then but with no avail. Close friends and relatives believe he went temporarily insane and wandered away and will eventually come back. Mansil has a wife and daughter.

Muskegon—Ordering Louis P. Haight, Muskegon's "sand land farmer" to pay a judgment of \$4,270, with interest, to Peter Harnau who he ran down with an automobile several years ago, within twenty days Judge F. S. Lamb, of Cadillac, sitting in the local circuit ruled that a receiver would otherwise be appointed to handle the business of the Muskegon Knitting mills. Haight's private venture, until such judgment was paid.

Adrian—Recommendations for the improvement of Adrian's fire protection, which, if adopted, will place the city in the "three and a half" classification on insurance rates, were submitted to members of the new city commission by engineers of the Michigan inspection bureau. Adrian now has fourth rate classification and the representatives of the fire prevention bureau said that the decreased rate will be an average saving of about 6 per cent on all insurance premiums.

Grand Rapids—Lieutenant Ogden M. Goodsell, wearing the croix de guerre, only Grand Rapids aviator to win the French decoration, is home. He was honored by General Mangin for bombing German lines while under heavy aircraft gun fire.

Ludington—Mason county supervisors voted to discontinue the county farm agent system. W. J. Cook, the agent be retained, however, as progressive farmers will raise local funds by subscription and take advantage of state and federal aid.

Ypsilanti—Word was received recently that W. William Ryneason, son of Mr. and Mrs. Isiah Ryneason, of Ypsilanti, was promoted from first lieutenant to captain on the field. He was a practicing physician at Fenton when the war began.

Manistowic—Peter Mukavec, who was charged with the murder of a woman, pleaded guilty in court. He confessed a plot implicating Kolich's wife and her mother, who have now been arrested.

Saginaw—Mrs. Anna L. Seymour and son, Lieutenant Clinton R. Seymour, are understood to have received settlement out of court for \$100,000 from the estate of Mrs. Anna C. Kirby, of Cincinnati, whose estate of a third of million they contested. Relatives had been cut off with \$1 each.

Saginaw—Secretary J. B. Kirby of the Board of Commerce, speaking before the Retail Merchants bureau, stated that \$7,000,000 in new plants and 21,000 in population had been added in two years. Harry E. Oppenheimer was re-elected president, H. P. Baker vice-president, and Chester M. Howell secretary of the bureau.

East Lansing—"Put down eggs in water glass and do it now," is the advice of the poultry department of the Michigan Agricultural college. Experiments at the college have shown ordinary water glass, sodium silicate, to be the best all around preservative, while April is recommended as the best month in which to store eggs.

Lansing—The remarkable growth of the automobile industry in Michigan is shown in statistics compiled by Secretary of State Vaughan. In 1909 there were 11,718 auto licenses issued by the state department, while last year the total was 262,125 and estimates for this year indicate a registration of 310,000. During the first four months of the present year, 63,108 licenses were issued in Wayne county, 10,607 in Kent, 6,598 in Oakland, 6,325 in Genesee and 5,628 in Ingham.

JAP ADVERTISERS NOT SLOW

Experts of the Occident Might Even Borrow a Few Ideas From Their Oriental Colleagues.

An advertising man who has returned recently from the orient says the Japanese merchants and manufacturers who have occasion to make use of printer's ink are not disposed to limit themselves to dull, prosaic statements concerning the excellence of their wares. Among the entertaining bits that the traveler noticed in his study of Japanese advertising are these:

"Goods dispatched expeditiously as a cannon ball."
"Parcels done up with such loving as a wife bestows upon her husband."
"The print of our books is clear as the print of a woman's stockings."

In the Good Old Days.
"A splendid time was had by all."

"Customers are treated as politely as by first-classship company."
"Our silks and satins are as smooth as a lady's cheek and colored like the rainbow."

It ought to be possible to get advertisements read in Japan without scattering them around next to "pure reading matter."—Dayton News.

Chaving at Home.

"We don't want to tangle ourselves up in European politics. European politics are as distasteful to us as European ways."

The speaker was Jerome S. McWade, the Dutch millionaire.
"These European ways?" he went on. "A young count called on a wealthy friend of mine back in pre-war days, screwed his eyeglass in his eye, and said languidly:
"Are you—aw—are you going to settle—aw—anything on your daughter?"

"My wealthy friend gave a loud, harsh laugh and said:
"Well, count, if she marries you I guess my daughter is going to settle something on me!"

HOW TO AVOID BACKACHE AND NERVOUSNESS

Told by Mrs. Lynch From Own Experience.

Providence, R. I.—"I was all run down in health, was nervous, had headaches, my back ached all the time. I was tired and had no ambition for anything. I had taken a number of medicines which did me no good. One day I read about Lydia E. Pinkham's Vegetable Compound and what it had done for women, so I tried it. My nervousness and backache and headaches disappeared. I gained in weight and feel fine, so I can honestly recommend Lydia E. Pinkham's Vegetable Compound to any woman who is suffering as I was."—Mrs. ADELINA B. LYNCH, 100 Plain St., Providence, R. I.

Backache and nervousness are symptoms or nature's warnings, which indicate a functional disturbance or an unhealthy condition which often develops into a more serious ailment.

Women in this condition should not continue to drag along without help, but profit by Mrs. Lynch's experience, and try this famous root and herb remedy, Lydia E. Pinkham's Vegetable Compound—and for special advice write to Lydia E. Pinkham Med. Co., Lynn, Mass.

Alas, Poor Pa.

"Soda water," answered pa. And the unfortunate remark cost him a dime.

GAVE UP

FROM KIDNEY TROUBLE. DOAN'S Restored His Health.

J. B. Ragless, carpenter, 210 W. 60th St., Chicago, Ill., says: "My back gave out completely and I had to quit work. I could hardly endure the pain in my back and nights I tossed and turned, unable to sleep. Often in the morning my back was as stiff as a board, so that I couldn't stoop to dress myself. When I did manage to bend over, everything before me turned black. My head seemed to be whirling and sometimes I was so dizzy I had to grasp something to keep from falling. The kidney secretions were irregular in passage, getting me up at night and they burned cruelly. I lost my appetite, was weak and listless and went down twenty-five pounds in weight. After I had given up hope, I was persuaded to use Doan's Kidney Pills and they cured me. Soon after, I passed an examination for life insurance and I'm glad to say my cure has lasted."

THE MEN IN CLASS A1

A sound, healthy man is never a back lumber. A man can be as vigorous and able at seventy as at twenty. Condition, not years, puts you in the discard. A system weakened by overwork and careless living brings old age prematurely. The bodily functions are impaired and unpleasant symptoms appear. The weak spot is generally the kidneys. Keep them clean and in proper working condition and you will generally find yourself in Class A. Take GOLD MEDAL Haarlem Oil Capsules periodically and your system will always be in working order. Your spirits will be enlivened, your muscles supple, your mind active, and your body capable of hard work. Don't wait until you have been rejected. Commence to be a first-class man now. Go to your druggist at once. Get a trial box of GOLD MEDAL Haarlem Oil Capsules. They are made of the pure, original, imported Haarlem Oil—the kind your great-grandfather used. Two capsules each day will keep you toned up and feeling fine. Money refunded if they do not help you. Remember to ask for the imported GOLD MEDAL Brand. In three sizes, sealed packages.—Adv.

Want Old Fort Preserved.

There is a movement afoot for the preservation of Fort Wilkins at Copper Harbor, almost on the tip of the Keweenaw peninsula, which juts out into Lake Superior, toward the Canadian shore, 50 miles. Fort Wilkins, established in the forties by the federal government, was one of the northernmost of the United States army posts. It is located on Lake Fanny Hoey, a stone's throw from the shore of Lake Superior. There remain several of the old barracks and officers' quarters, and remnants of the old stockade of pointed cedar poles can be seen. The Keweenaw Historical society is back of the movement to preserve the fort.

"Cold in the Head"

An acute attack of Nasal Catarrh. Persons who are subject to frequent "colds in the head" will find that the use of HALL'S CATARRH MEDICINE will build up the System, cleanse the Blood and render them less liable to colds. Repeated attacks of Acute Catarrh may lead to Chronic Catarrh. HALL'S CATARRH MEDICINE is taken internally and acts through the Blood on the Mucous Surfaces of the System. All Druggists 75c. Testimonials free. \$100.00 for any case of catarrh that HALL'S CATARRH MEDICINE will not cure.

Nervousness and Headaches Caused by Acid-Stomach

There is a much closer connection between the stomach and brain than most people imagine. It is because of this close connection that indigestion, belching, sour, gassy stomach and other stomach miseries—all of which are sure signs of acid-stomach—are so often followed by severe attacks of blinding, splitting headaches.

Nervousness, sleeplessness, irritability, mental depression, melancholia and many other disorders which affect the brain can also nearly always be traced to the same source—acid-stomach.

So often you hear people say "I am so nervous I think I'll fly to pieces"; or "It seems I never get a good night's sleep any more, my nerves are all on edge." Little do they dream that acid-stomach is the direct cause of their troubles because very often there are no pains in the stomach at all. So you see, you can't always judge an acid-stomach condition by the way your stomach, itself, feels.

If you are weak, nervous, unfit—if you are not up to your old time form—if you lack your accustomed enthusiasm, energy and pep—make this test and see if it isn't acid-stomach that is holding you back—robbing you of your health, strength, and vigor. Get a big box of EATONIC—the wonderful modern medicine that so quickly puts an acid stomach to rights. It is in the form of pleasant tasting tablets that you eat like a bit of candy. EATONIC rids the stomach of excess

acid. Brings instant relief from indigestion, heartburn, sour belching, food repeating, bloating and gas and makes the stomach cool, pure, sweet and comfortable.

Dentists warn us against the bad effects of acid mouth, pointing out that the acid eats through the enamel of the teeth, causing them to decay. You can easily imagine then the amount of damage excess acid will cause to the delicate organization of the stomach!

Thousands of people are using EATONIC and the results obtained are so remarkable as to be almost unbelievable. Yet their letters of gratitude, many of which are received daily, prove absolutely that EATONIC does all and even more than we claim. The medical profession, too, recognizes the great value of this wonderful remedy. A learned Michigan doctor wrote recently: "I have had such wonderful success with EATONIC that I want every one to know how quickly it will neutralize the acidity of the stomach (acid-stomach) and the stomach will soon be sweet and normal again, and the sick man well and happy once more."

So be sure to get a big box of EATONIC from your druggist today. If it fails in any way to give you the kind of satisfaction you want, take it back—he will refund your money. He doesn't want one penny of your money unless EATONIC helps you.

We couldn't make the Maxwell any better; so we made it better looking

An artist never frames his masterpiece until he finishes it. So the new Maxwell, a completed work, is wrapped in new garments.

They do not make it run any better. They make it look better.

Mr. Whistler, himself, was here today and saw a new Maxwell pass on the road.

A little touch here, the straightening of a line there, the bringing of a fender a little closer to the wheel, a cushioned dash before you as you sit on the wheel, the strength lent by putting the gas tank in the rear, the multiplication of bonnet vents, the adding of three more painting coats, the increased thickness of the seat cushions—these, though but a few of the many changes made, show the tendency of the new beauty.

It is in the sum of a million little things that the full story is told.

The car was finished last of its squares, as a fender sometimes makes of a man's chest and back to test every square inch of the hinges.

And there was an improvement in nearly every square.

When the task was done it looked like a different Maxwell. But it wasn't.

It was the same sound, the same chassis built to stand the gulf of rough and

ready driving, built to endure, to "stay put," to stand all the erratic moods of the careless driver.

It was a five year drive to reach this present peak of Maxwell efficiency. But the engineers and the manufacturing men knew that building a chassis without fundamental change in design year after year would ultimately fall in profit. For only in doing it well.

So in five years 300,000 Maxwells have come forth, all built on the original chassis plan—each new one better than the last.

There is no self-starting automobile in the world that has such a manufacturing record.

Think what that means to a man who owns one.

- He has not paid for a false overload.*
- He has not paid for manufacturing mistakes.*
- He has not paid for experimental work.*
- He has not paid for the changes of mind of another man.*

Today you get a **better** Maxwell than any of the 300,000, and a **better** looking Maxwell. It is a finished work, a completed task, a thing well done.

You run no risk—and when you cast your eyes on it you are tempted to feel that the price might easily be \$200 more.

Buy Your Fordson Tractor Now

Now is the logical and safe time to buy your Fordson Tractor. Farm tractor manufacturers know that more machines will be wanted during this coming year than can be supplied. This is particularly true in regard to the Fordson. Its popularity has created a demand that makes it certain that some farm owners, desirous of obtaining the Fordson, must be disappointed.
 Get your order in early. Make sure of getting the Fordson on your farm quickly so that you may become thoroughly familiar with its operation and be able to use it to the best advantage right at the beginning of your Spring work.

The Fordson. Is All That You Expected

The Fordson is all that you expected. Simple to operate, compact, strong, light (weighs only 2700 pounds), powerful, economical (operating on kerosene), long lived—it has upheld the Ford name among 25,000 owners.
 You can depend on it to handle two 14" bottoms in any soil. And on the belt you won't find a better power outfit. Delivering between 20 and 22 horsepower at the pulley, it will run your grain separator, hay baler, mangle cutter, will in short, handle all the belt jobs you have to do within its rating.
 And remember that behind the Fordson is Fordson Service—the expert help and advice that our tractor experts will give you on request—the stocks, parts and repairs that we keep ready for immediate delivery to your farm when you telephone. No waiting for slow mails or express service.
 Write us to come and see you—or drop in and see the Fordson.
 Built to meet actual farming conditions on Mr. Ford's farm—proved under every existing condition throughout the country.

DON'T BUY ASPIRIN IN A "PILL" BOX

Ask for "Bayer Tablets of Aspirin" in a Bayer package—marked with "Bayer Cross."

You must say "Bayer." Never ask for merely Aspirin tablets.

Don't buy Aspirin tablets in a pill box. Insist on getting the Bayer package with the safety "Bayer Cross" on both package and on tablets.

Beware of counterfeits! Only recently a Brooklyn manufacturer was sent to the penitentiary for flooding the country with talcum powder tablets, which he claimed to be Aspirin.

In the Bayer package are proper directions and the dose for Headache, Toothache, Earache, Neuralgia, Rheumatism, Lumbago, Sciatica, Colds, Grippe, Influenza-Colds, Neuritis and pain generally.

"Bayer Tablets of Aspirin," American made and owned, are sold in vest pocket boxes of 12 tablets, which cost only a few cents, also in bottles of 24 and bottles of 100—also capsules. Aspirin is the trade mark of Bayer Manufacture of Monoaceticacidester of Salicylicacid.

RATS DENIZENS OF DESERT

There Are Species That Have Their Abodes Far From the Habitations of Mankind.

We are accustomed to think of rats as companions of men; and so they are, two species of them, the brown and the black. Also there is the mouse, which is a small kind of rat.

But there are other species which do not seek human companionship—tree-dwelling rats and desert rats, says an exchange. The kangaroo rat of our Western deserts gets its name from its habit of standing erect and hopping about on its hind legs.

The "puck rat" has a bad reputation as a thief. Campers have to be constantly on their guard against its depredations, inasmuch as it will carry off all sorts of small articles and hide them in its nest, which is a structure of twigs and leaves two or three feet high. If a spoon is missing the chances are that a puck rat has eloped with it.

MARRY ON LITTLE CAPITAL

Natives in the Belgian Congo Apparently Are Willing to Take Most Desperate Chances.

When an African boy in Congo-Belge reaches the age of eighteen and has saved what in American money would be about two dollars, which is enough to buy a piece of cloth for himself and his wife, he proceeds to get married. The courtship period lasts only while the prospective bridegroom gives presents to the girl's parents. Then if the presents are considered large enough the wedding day is set.

In Kapanga in the Methodist Episcopal mission the ceremony takes place. The bride walks with an umbrella over her head to protect her from the sun, and is preceded by a bridesmaid who carries the garment the bride wore before marriage. Other bridesmaids follow, all walking single file. After the ceremony the bridal procession goes to the bridegroom's.

VIENNA UNDER RED GOVERNMENT

SOLDIERS' COUNCIL IN CONTROL OF AUSTRIAN CAPITOL, PROPERTY SEIZED.

THREE AMERICANS DECORATED

Distinguished Service Cross Given Ambulance Workers For Conspicuous Gallantry.

Vienna.—Control of Vienna has been taken over by the soldiers' council. Quiet prevails, but communizing of the property to those unable to resist has been begun. It is possible there will be no change in the name of the government, but it will be bolshevistic in purpose.

The situation is much the same as it was at Budapest after the radicals had taken control.

The soldiers are commanded by Colonel Stoessel Wimmer, who takes orders from the soldiers' council, which is either socialistic or communistic.

Colonel Cunningham, in the name of the Allies, has issued a proclamation declaring that if there is further disturbance the food supply will be cut off. For that reason serious trouble is unlikely.

Three Americans Decorated.

Archangel.—Decorations for gallantry in the fighting on the North Russian front have been awarded by General Pershing to three privates of the 337th ambulance company. The decoration is the distinguished service cross and each of the men honored received the same citation.

The men are Lawrence B. Kilroy, Detroit; Clarence H. Zech, Detroit; and Hubert Paul, Terre Haute, Ind. The cross was awarded for extraordinary heroism in action near Kadish September 27 and 28.

Allies Recognize Omsk Government.

Important to all Women Readers of this Paper

Thousands upon thousands of women have kidney or bladder trouble and never suspect it.

Women's complaints often prove to be nothing else but kidney trouble, or the result of kidney or bladder disease.

If the kidneys are not in a healthy condition, they may cause the other organs to become diseased.

You may suffer pain in the back, headache and loss of ambition.

Poor health makes you nervous, irritable and may be dependent; it makes any one so.

But hundreds of women claim that Dr. Kilmer's Swamp-Root, by restoring health to the kidneys, proved to be just the remedy needed to overcome such conditions.

Many send for a sample bottle to see what Swamp-Root, the great kidney, liver and bladder medicine, will do for them. By enclosing ten cents to Dr. Kilmer & Co., Binghamton, N. Y., you may receive sample size bottle by Parcel Post. You can purchase medium and large size bottles at all drug stores.—Adv.

Out of the Catalogue.

A Franklin family had a catalogue from a mail-order house in their home, and the children had seen the different members of the family make their selections from the book and send in an order for them. One day one of the twins, Donald Ray, three years of age, had been unusually naughty, and the mother said:

"Donald Ray, you are such a naughty boy, mother wonders where she got such a bad boy."

Donald Ray, instantly replied: "Out of the catalogue, mother."—Indianapolis News.

It's Clean, Sweep, Wash—The Live Long Day!

When you feel worn out, "tired to death" with the household duties—cooking, scrubbing, cleaning, dusting—it all comes in the day's work in the household—turn to the right remedy to strengthen

you. The poor woman whose back feels as though it would break, who feels dizzy, whose head aches, or black specks appear before her eyes, all are due to troubles essentially feminine which should be overcome.

The greatest boon to womankind is a temperance tonic made up of herbs, which makes weak women strong and sick women well. This is the "Prescription" of Dr. Pierce, used by him in active practice many years, and now sold by almost every druggist in tablet or liquid form. It has had a half century of successful results in most of the delicate derangements and weaknesses of women. If she's overworked, nervous, or "run-down," she finds new life and strength. Send 10c to Dr. Pierce's Invalids' Hotel, Buffalo, N. Y., for trial package or write for free confidential medical advice.

Life's Hard School.

"Is it necessary to do much reading to become a philosopher?"

"No. The only real philosopher I ever knew was a man who probably hadn't read half a dozen books since he acquired a grammar school education."

"But where did he learn philosophy?"

"It was taught him by a nagging wife, a small income and seven children."—Birmingham Age-Herald.

The seventh-grade pupils, having just completed a study of the eighteenth century in American history, were having a review. "And what," asked the teacher, "did the American colonists do in regard to the Articles of Confederation?"

There was company in the room and of course the teacher was very anxious to call on the pupils who knew. Back at the end of one row a hand was waving frantically. "All right, Nina, you may tell us."

And a very thin, small voice replied: "Why, I think they put a tax on them."

N. Y. HARBOR STRIKE SETTLED

Threatened Tieup of Port Averted by Agreement to Arbitrate.

New York.—The strike of the harbor workers has been settled as a result of the efforts of Mayor Hylan. The men have returned to work on the basis of a 10-hour day. The question of wages is to be submitted to a board of arbitration.

The settlement prevented an extension of the strike which, it was feared, would completely stop all activities in New York harbor.

It was announced that the men would return to work "immediately," accepting the wage scale which existed prior to the strike on March 4, until the board of arbitration has fixed a new scale.

COOL DIVISION MEN HAVE GOWN

Vanguard of Fighting Wolverines Due At New York May 12.

New York.—Basing their estimate on a news dispatch from Coblenz that the first of the Thirty-second division troops had left the Rhine for Brest to sail for home, port of embarkation officers said that the vanguard of the Red Arrow fighters would arrive in New York not later than May 12.

Transport authorities prefer to allow another week for delays likely to occur.

That the entire division will be home in time for some of its units to parade in Detroit Memorial day is a certainty, and Detroiters have been advised to plan for a parade.

Allen's Foot-Ease For the Feet

Sprinkle one or two Allen's Foot-Ease powders in the Foot Bath and soak and rub the feet. It takes the sting out of Corns and Bunions and smarting, aching feet. Then for lasting comfort, shake Allen's Foot-Ease into your shoes. It takes the friction from the shoe, rests the feet and makes walking a delight. Always use it for dancing parties and to break in new shoes. All dealers sell it.

THE ORIGINAL

POSTUM CEREAL

led the way to comfort for many a family of coffee drinkers, for with the coming of Postum, away went the headaches, nervousness, sleeplessness and irritability that so often follow the use of coffee.

You can still buy that original Postum from your grocer—an invigorating drink of rare, delicious flavor—a beverage that is really part of the meal, not merely something to drink.

KIDNEYS is to filter and cast out waste products and poisons from the blood stream. When the kidneys are overworked, weak or diseased, the waste matter remains in the system and causes pains in side or back, rheumatism, lumbago, stiffness of joints, sore muscles and other symptoms.

When a person's kidneys are out of order, there is lack of energy, force, vigor, zeal and general effectiveness. Kidneys and bladder must properly function for anyone to enjoy good health.

Foley Kidney Pills
