## Sunday School Rally A Hummer

The Federated Church time, Sunday morning was given over to the Sunday School which celebrated in a most interesting manner.

The occasion was the closing of a campaign, lasting through October, to arouse enthusiasm in the Sunday School work, and thereby increase interest and attendance.

The idea suggested by the Superintendent took ready fire in the minds of the young people and they went to work. They divided themselves into sides, Miss Pauline Swarhout leader choosing the red ribbon as her badge and Mr. Roy Campbell leader of the other side, the blue ribbon his badge. The prize to the winners was to be a banquet served by the losers.

Sunday October 26, was the end of the time granted and all gathered at the M. E. church and filled it to overflowing to hear results and to listen to a program consisting of songs by the young peoples choir, a double quartette of older singers, recitations and dialogues by the children and three addresses given by visiting men; Mr. McCracken Co. Superintendent of Sunday Schools, Mr. Jacobs a leader among the young people of Brighton, and Mr. Strick, County, Y. M. C. A. Secretary.

## Large Class Confirmed

Confirmation was administered to a class of 42 children and three adults by Rt. Rev. Michael J. Gallagher, Bishop of Detroit Diocese, at St. Mary's church last Monday at 4 p. m. It was an auspicious occasion as it was the Bishop's first official visit to the parish. Fathers Jno. M. Doyle, Louis Brand and Vincent Griffin participated in the ceremonies.

The alters were prettily decorated for the occasion with beautiful flowers, plants, and a myriad of candles.

The confirmation services occurred during the annual Forty Hours Devotion which started Sunday morning at the 10 o'clock Mass and continued with morning and evening services until Tuesday. Rev. Louis Brand, a Redemptorist Father from Grand Rapids, conducted the services.

The following children and adults received the Sacrament of Confirmation:

Charles H. Bates, Edward Clark, Roy Clark, Harold Clinton, Helen Doody, Harold Doody, Clara Eisle, John Eisle, Georgia Fitzsimmons, Mary M. and Catherine McGibney, Gladys Hadley, Morgan Harris, David Kelley, Gerald Kennedy, Justine and Raymond Ledwidge, Dorothy, Joseph Maurice, Margaret and Francis McClear, Henry E. and Florence Murphy, Rita Roche, Eugene, Kenneth and Rollin Shebau. ## NATIONAL OFFICIALS HONOR ROOSEVELT

MEMBERS OF ADMINISTRATION SPOKE FEELINGLY OF COLONEL'S AMERICANISM AT TIME OF HIS DEATH.

The death of Col. Roosevelt, last January, caused a wave of sincere mourning to spread itself over the entire country. Of the thousands of expressions of appreciation from every class of citizenship, there were none more eloquent than those of the officials of the national government, at Washington.

William G. McAdoo, then Secretary of the Treasury, said:

"Theodore Roosevelt incarnated the fighting spirit of America. He did not sniff the battle from afar. He drank deeply of its fire at the storm's centre. Whether upon the field of war or in the political arena, he struck with mighty blows. He preferred the battle-ax to the rapier because he could cut deeper, and the trip-hammer to the sledge because he could hit harder.

"Like all men of genius, Mr. Roosevelt had his eccentricities, and like all men of impetuous force, his judgments were not always right. He could not have been human if he had been infallible. No one will claim infallibility for Mr. Roosevelt, or for any man and while it was not always

**WILSON WARNS COAL WORKERS  
THAT U. S. WILL ACT IF

**SAYS WAR IS NOT YET ENDED**

Government Will Protect Interests of Nation He Says—Offers Mediation.

Washington—President Wilson issued a formal statement last Saturday night, with the approval of the full membership of his cabinet, declaring the projected strike of bituminous coal miners under present circumstances "not only unjustifiable; it is unlawful."

The statement called upon officers of local unions to recall orders for the strike and added:

"I can do nothing less than to say that the law will be enforced and means will be found to protect the interests of the nation in any emergency that may arise out of this unhappy business."

The president's statement was issued after his cabinet had gone over the entire situation with Secretary Wilson of the labor department, whose efforts to bring the miners and operators together in negotiations had failed.

In his statement, the president reviewed the steps leading up to the strike call, including the Cleveland convention of the United Mine Workers of America one month ago, at which the demands for a 30-hour week, and a 60 per cent increase in wages were formulated.

The war in itself, the president asserted, still was a fact, peace negotiations still in suspense and the troops still being transported.

Battle Creek—"Two dollars, or five days," said Judge Carl Gray of the Municipal Court here, when John A. Wagner, charged with parking his automobile in front of a fire hydrant, appeared before him. The fine was paid. Mr. Wagner, city attorney, drafted the ordinance which he violated.

Kalamazoo—Ralph Buntaine, proprietor of the Imperial Dry Cleaning establishment, was fined \$15 for illegal storage of gasoline following the near-asphyxiation of Roy Coates, 12, and his 7-year-old brother, Wilder, room they had entered to get some parcels.

Whether a horse sold by Frank Kubasiak to John Kruska breathed fast because it had been overheated or that was its natural way of breathing, is a question before Circuit Court. Kruska claims the horse is unsound and wants his money back. Kubasiak has had two veterinarians and a dozen farmers on the stand to testify the horse is sound.

Detroit—H. J. Hartman, was struck and fatally injured by a speeding automobile at Hamilton and Grand boulevards while he was repairing a tire on his car. He died a short while later in Providence hospital, where he was taken by another motorist. The "death car" disappeared, but a motorist took the license number and police are searching for the driver.

Muskegon—When the jury in the trial of Russell Howe, an alleged rioter in the recent Muskegon street car riot, brought in a verdict of not guilty. Assistant Prosecuting Attorney Harry W. Jackson offered a motion that the remaining cases against alleged rioters on the calendar be nolle prossed. He held there was not sufficient evidence. The motion was granted.

Flint—Fire breaking out in the warehouse of the Doty-Saulsbury Furniture company, in the heart of Flint's business district, destroyed property to the extent of more than \$100,000. The roof of the five-story warehouse collapsed and doomed the structure to destruction. The Warehouse occupied a quarter of a block. Electric power in the business district was shut off to protect fire fighters, many of whom worked under extreme hazards.

rich and the poor of the nation, the president said the proposed walkout could only be considered as unlawful, and, as the nation's executive, intruded with enforcement of the law, he would use the means at his disposal to prevent any stoppage of work.

The services of the government as mediator, were again held out, the president declaring, he held himself in readiness, at the request of either or both sides, to appoint a commission to investigate the situation, to effect an orderly settlement of disputed questions with due recognition of the rights of the miners, the operators and the public.

**SHARP DEMAND SENT MEXICO**

Carranza Told to Rescue American Consul From Bandits At Any Cost.

Washington—Acting on instructions from the State Department, the American embassy at Mexico City has demanded of the Mexican government that it effect the release of William O. Jenkins, American consular agent at Mazatlan, who was seized by bandits for \$150,000 ransom. The Mexican government insisted that if necessary the ransom be paid by Mexico.

Coincident with this announcement today, Senator Myers (Dem.), Montana, introduced a resolution calling on President Wilson to use the armed forces of the United States if necessary to bring about the release of Jenkins and to punish his captors.

President Carranza has ordered the authorities at Mexico City to make every effort to bring about his release, and the Mexican foreign office has assured the American embassy that energetic action is being taken.

**LABOR LEADERS DEFY CONGRESS**

General Walkout Threatened If Anti-Strike Law is Passed.

Washington—Organized labor intends to preserve the right to strike, officials of the American Federation of Labor said in warning that passage in congress of anti-strike legislation proposed in the pending railroad bill would result in an immediate general walkout over the country. This is the consensus of opinion among labor leaders.

Timothy Shea, acting president of the Brotherhood of Locomotive Firemen and Engineers, issued a formal statement Sunday night, giving congress notice that his organization would not obey this proposed law.

He said it was a foregone conclusion that the railroads contemplate a general reduction in wages when the government surrenders control and desire such a measure to forestall a strike.

last week.

Manufacturers of certain well known makes of shirts, collars, suits and other wearing apparel set the price at which these goods are to be sold at retail and object to any diversion.

Testifying as to price advances in men's clothing, F. J. Clayton, a Detroit clothing dealer, declared that in the lines he handled a suit which retailed before the war at \$45 is now \$85. A \$30 suit four years ago is now \$52. A suit which before the war cost Mr. Clayton \$12 now cost about \$22. Boys' suits of \$10 wholesale four years ago are now \$22.50.

A gross profit of from 25 to 33 1-3 per cent on the selling price, or the equivalent of 33 1-3 to 50 per cent on the wholesale price, is the margin figured on by the Clayton company, according to Mr. Clayton.

weeks is Special Prosecutor Frank C. Dailey's estimate of the time that will be required by the federal grand jury to complete its probe of the last United States senatorial primary election.

That alleged connections between the Newberry organization and the labor union forces in several towns will be probed appeared to be on the cards.

There are also strong opinions that the results of the grand jury investigation may be used as an argument in the investigation of election by the United States senate. This investigation and recount were asked on behalf of Henry Ford, but no decisive steps have as yet been taken by the upper house.

**NEW EXPRESS REGULATIONS**

Shipments Weighing Over 25 Pounds Must Be More Securely Packed.

Detroit—New regulations requiring special packing for all express shipments of more than 25 pounds weight have been adopted by the American Railway Express company, but will not go into effect until December 10. In the meantime, a campaign of education on the necessity for the order will be conducted.

Under the new regulation all shipments sent by express weighing over 25 pounds, must be packed in wooden containers, or cartons of fiber-board, pulpboard, or corrugated strawboard material, of specified "test strengths."

The new order does not affect the movement of food products by express, which are ordinarily shipped in crates or barrels.

### "KILL-JOYS"

Constipation, Headache, Colds, Biliousness ended with "Cascarets"

Nothing takes the joy out of life quicker than a disordered liver or waste-clogged bowels. Don't stay sick, bilious, headachy, constipated. Remove the liver and bowel poison which is keeping your head dizzy, your tongue coated, your breath bad and stomach sour. Why not spend a few cents for a box of Cascarets and enjoy the nicest, gentlest laxative-cathartic you ever experienced? Cascarets never gripe, sicken or inconvenience one like Salts, Oil, Calomel or harsh pills. They work while you sleep.—Adv.

A Good Query. "Brown's a dead one." "Then why not speak kindly of him instead of knocking him?"

### Save the Babies

INFANT MORTALITY is something frightful. We can hardly realize that of all the children born in civilized countries, twenty-two per cent., or nearly one-quarter, die before they reach one year; thirty-seven per cent., or more than one-third, before they are five, and one-half before they are fifteen!

We do not hesitate to say that a timely use of Castoria would save many of these precious lives. Neither do we hesitate to say that many of these infantile deaths are occasioned by the use of narcotic preparations, Drops, tinctures and soothing syrups sold for children's complaints contain more or less opium or morphine. They are, in considerable quantities, deadly poisons. In any quantity, they stupefy, retard circulation and lead to congestions, sickness, death. There can be no danger in the use of Castoria if it bears the signature of Chas. H. Fletcher as it contains no opiates or narcotics of any kind.

Genuine Castoria always bears the signature of *Chas. H. Fletcher*

Tradition says that the Empress Helene procured the bones and took them to Constantinople, whence they were removed to Milan. In 1184 they were presented by Frederick Barbarossa to Archbishop Reinold von Dassel, who brought them to Cologne. At first they were kept in the chapel of the Magi, the central chapel of the seven flanking the choir, but since the war they have been put away in the cathedral treasury, near the organ.

The bones are kept in a golden reliquary, a costly specimen of Romanesque craftsmanship in the form of a basilica, said to have been made about 1200 A. D. In the Cologne coat-of-arms three crowns are represented, the ownership of the Magi relics having suggested the design.

and, as today, he got out of it by making jests at their expense, says Le Chi de Paris. In 1903 Charles Benoit happened to hear "the Tiger" expressing himself rather strongly to one of his ministers. Mr. Benoit was astonished at the premier's severity, and said as much.

"But," exclaimed Clemenceau, "he's a fool."  
"So much the worse for you; it's your fault."  
"What; my fault that he's a fool?"  
"No; but your fault that he is a minister. By the way, how did you happen to choose him?"

Clemenceau hesitated a moment, looked Benoit straight in the eye and suddenly shot at him in a triumphant voice:  
"Do you happen to know one that's more stupid?"

BACILLUS BOTULINUS POISONING IS CAUSE OF DEATHS IN SALES HOME.

### GUESTS ALL LEADERS OF SOCIETY

Dr. Duffield, President of Board of Health Prohibits Sale of All Food Canned By "Cold Process."

Detroit.—Ripe olives bought for a formal dinner in the Grosse Pointe home of Murray W. Sales Saturday evening, October 18, caused the death of A. Ingersoll Lewis, Detroit capitalist; Mr. Sales' daughter and son and two maids. Bacillus botulinus poisoning, an infection usually confined to animals, had set in. Dr. C. G. Jennings announced.

Antitoxin, rushed by special messenger from the bacteriological laboratories of the University of Illinois was administered in vain to the fifth victim, Miss Frances Sales, 22 years old, who died Saturday morning, Oct. 25th.

Dr. Francis Duffield, president of the board of health, issued an order prohibiting sale of all canned and bottled foods prepared by the so-called "cold" process. And he issued, further, a warning to the public against eating such foods, particularly olives, corn and asparagus, pending report on investigations now being conducted.

At the dinner October 18, the following, all leaders in Detroit social life, were guests of Mr. and Mrs. Sales: Mr. and Mrs. John S. Newberry, Mr. and Mrs. Cameron Currie and Mr. and Mrs. A. Ingersoll Lewis. Mrs. Sales, Mrs. Currie and Mrs. Lewis each ate one olive. Mrs. Lewis developed symptoms of poisoning, but these have disappeared, physicians said. Mrs. Currie felt no ill effects,

RABBIT SKIN FOR LEATHER

Possibility That Tanning Process Has Been Discovered That Will Solve Big Problem.

At present in Annonay, France, an earnest effort is being made to introduce rabbit skin leather in shoe making. Annonay is in the valley of the Rhone, just south of Lyons. It was there, about 75 years ago, that a chemist devised a tanning process in which the hair was removed from the pelt of a rabbit without damage to the skin. Previously no one had been able to remove the hair without injuring the pelt.

The chemist had his process tried out for a short time, but it did not prove to be a commercial success and the rabbit-skin shoe came to be only a memory. Less than ten years ago some Germans got hold of the old chemist's formula and began to manufacture rabbit leather.

At one of the industrial expositions in Germany in 1909 there was a display of 250 styles of shoes made of rabbit skins. The exhibition won first prize in the department of footwear. Now the French have taken up the work of the old chemist of Annonay and are manufacturing shoes out of rabbit pelts.
