UNADILLA SPEAKS DECISIVELY

Centralized School System Adopted by Large Majority At Special Election

Better education received a well deserved boost from the voters of Unadilla Township at the special election last Monday when they decided to adopt the centralized school system to convert the township from nine school districts of the old order into one consolidated district comprising the entire township. The total number of votes cast was 290, of which two ballots were mutilated and not counted. Of the 288 ballots counted 193 were in favor and only 85 were against changing. Eight of the nine townships worked and voted for the new system. Only one district—the one near Stockbridge—was opposed, for the reason that the district now sends many of its children to the Stockbridge school.

Unadilla can now go ahead and educate its children properly, giving

extra advantages that city schools do not possess.

The Unadilla citizens who have taken the lead in organizing and conducting the campaign which resulted in a victory for better education are very modest and do not desire to have their names published. This is to be regretted as they are worthy and deserve honor for their successful efforts in behalf of better education and citizenship. This paper congratulates Unadilla on having that class of citizens to put forth their best efforts for the good of the community without hope of reward.

School Commissioner Aldrich was on the job night and day as a result of the special election. It indicates how well the work is appreciated. It will be only a short time before the entire State will discard the antiquated "District School" in favor of the "Centralized School and Unadilla was the first township in Livingston County to adopt an efficient school system.

Fatal Fire At Howell

Tuesday morning at about 7 o'clock an explosion supposed to have come from a gasoline stove, killed Harry J. Dickinson, his wife and two children, Ruth, three years old and Edwin, nearly two, an entire family wiped out of existence in an instant.

Just how the explosion happened will probably never be known. The building is known as the Wilcox Apartments, formerly the old Rupert House. It is a wooden building three stories high. Firemen were soon on the scene and succeeded in saving the building from total destruction.

Mr. Dickinson was employed as a truck driver near Howell. His wife was formerly Lucille Krause, daughter of Chas. Krause and well known in this vicinity.

TO BOND OR NOT

Tuesday, Nov. 25, is the special election day to decide in Livingston County about bonding this county to the aggregate amount of \$600,000 for good roads.

Don't forget the meeting to be held in Pinckney Monday evening Nov. 24 at which time the question will be discussed by public speakers and all questions answered.

The following article is from the County Board of Highways and explains some of the points that have not been clear to many taxpayers.

HELP PULL LIVINGSTON COUNTY OUT OF THE MUD

There is some discussion among the voters of Livingston County as to what effect the \$600,000 bond issue will have on the important question of taxation. The annual tax rate will NOT be increased by the bond issue. A three-mill tax is the limit.

The Board of Supervisors can and undoubtedly will raise a three-mill tax for the county roads each year should the

tax will be assessed. That is the limit fixed by the state law for county roads.

This matter of "Better roads for Livingston County resolves itself into this question: "Do you want your entire road system for this county constructed within a period of the next five years or string it along for twenty years, building a mile or two on the leading roads each year and having every road blocked during the summer season, when you need them most, for years to come?"

With the bond issue this system will be completed within five years and the agony will be over for all time. You will have the use of the roads and be paying for them out of the three-mill tax. These bonds will not all be issued at once. The supervisors will order at the October session each year only such amounts sold as can be used economically for the ensuing year's road building. By this method only the bonds sold will be drawing interest while before the last of the bonds are issued the first will be paid off. Thus the whole \$600,000 will not be drawing interest at any one time. The greater part of this money will be spent in Livingston county for gravel and labor.

Livingston County in the construction of her highways. Delay this road building a few years the these State and National funds may be exhausted. For every \$1.00 expended on the Road System as adopted by the Board of Supervisors the State stands ready to place with it \$1.33. If a resident of this County needed a building that could be built for \$2333.33 and the State said, "If you will go ahead and build it at this time we will pay \$1333.33 of the amount," would it not be a wise policy to accept?

But someone asks, "Where does the State secure these funds? Don't we as tax payers pay for it in the end?" Yes and No. All property is taxed for these funds but nearly 75 per cent of the entire tax is collected from 15 counties and the majority of these counties have their own roads nearly completed. Wayne County with a Billion Dollar valuation has her splendid system nearly completed and Wayne County pays nearly 40 per cent of the total State tax.

Let us all get together; vote for this Bond Issue; pull Livingston County out of the mud; place our County on the high plane of other counties and reap the benefit of delivering our produce at one-half the cost, secure for our families the pleasure of being able to attend School, Church, or social gathering at any time during the year.

HINCKLEY-VAN HORN

Miss Beatrice Hinckley and Mr. Clifford C. VanHorn were married at the home of the bride's parents, Mr. and Mrs. E. Wray Hinckley of Hamburg Township, Saturday November 15. Only the near relatives were present.

They were attended by Miss Margaret Crittenden of Ypsilanti and Mr. Glenn VanHorn of the U. of M., cousins of the bride and groom respectively.

This young couple is well known and most highly respected in this vicinity. Mr. Van Horn is the only son of Mr. and Mrs. S. E. VanHorn of Pettysville, and is of the younger generation of one of the oldest families in Hamburg township. He has always lived at home except while attending the Howell High School where he graduated and during the war he was with the S. A. T. C. at Iowa City, a college town in Iowa.

The bride graduated from the Pinckney High School and was a successful school teacher in Hamburg Township where her father is now and has been for several years the Highway Commissioner.

After the wedding the happy couple took a short trip visiting Lansing and other cities returning Tuesday evening. They will make their home on the VanHorn farm.

Mrs. Maude Curtis, Primary Superintendent of Flint schools, will be the instructor. Perhaps that language is the most difficult subject that we have to teach. At any rate none too good command of the English language. There is plenty of chance for improvement. I hope every teacher can come. Morning session will begin at 9:30 o'clock Central time.

Stock Raising in WESTERN CANADA

is as profitable as grain growing. Successes as wonderful as those from growing wheat, oats, barley, and flax have been made in raising horses, cattle, sheep, and hogs. Bright, sunny climate, nutritious grasses, good water, enormous fodder crops—these spell success to the farmer and stock raiser. And remember, you can buy on easy terms.

Farm Land at \$15 to \$30 An Acre

—land equal to that which through many years has yielded from 20 to 40 bushels of wheat to the acre—grazing land convenient to good grain farms at proportionately low prices. These lands have every rural convenience; good schools, churches, roads, telephones, etc., close to live towns and good markets.

If you want to get back to the farm, or to farm on a larger scale than is possible under your present conditions, investigate what Western Canada has to offer you.

METHOD IN THEIR MOVEMENT IDENTIFIED HER ALL RIGHT

Veteran of the Plains Explained Why Buffaloes Invariably Traveled on a Zigzag Course.

No person ever saw a herd of buffalo move in a straight line. They always took a zigzag course. The late "Buffalo" Jones explained this as follows: "A buffalo is a very cautious

walks obliquely to the right and then to the left, and thus gets an unobstructed view of the surrounding country."

The buffalo had many small traits that are lacking in cattle. The buffalo never mired in swamps or pools as cattle do. When they found they were becoming stuck they threw themselves on their sides and swam or paddled through the mud as a hog does. They always had guards out day and night, to warn the herd of approaching danger. They always faced a storm and never "drifted" as do cattle. They lay down with their heads to the fiercest storms, tossing their heads around on their sides and sleeping contentedly, while the great mass of fur on their humps protected them from the winds.

Warns Influenza Will Come Back in More Dangerous Form

Dayton, O.—Declaring that people gained nothing from their experience with the ailment in 1918 and 1919, Dr. W. A. Evans, prominent health authority and writer of Chicago, today predicted that the world would again be swept by an epidemic of influenza far more severe and disastrous than last year, when thousands of lives were lost. The only way it can ever be alleviated or exterminated is by following the advice of the medical world.

Influenza can be prevented; last year's results prove that. As a preventive for flu, Turpo has been a pronounced success. Turpo is an effective germicide, combining the old-fashioned remedies of turpentine (which has always been known as the best home germicide), camphor and menthol in a pure mineral base. These ingredients have long been recognized as effective germicides, as well as having really wonderful qualities in relieving colds and congestions. Snuff a little Turpo up the nostrils several times a day and the flu germs will have little chance of getting a lodging and breeding place. Many physicians and hospitals use and recommend Turpo. Buy a thirty cent jar of Turpo, while your druggist has a supply on hand, and use as directed. Last year druggists could not supply the demand. Remember that Turpo is a preventive, not a cure for influenza. Take care of yourself and if, in spite of your precautions, you think you have the flu, go to bed at once and call a doctor.—Adv.

HEADACHE Often Caused by Acid-Stomach

Yes, indeed, more often than you think. Because ACID-STOMACH, starting with indigestion, heartburn, belching, food-rotting, bloating and gas, if not checked, will eventually affect every vital organ of the body. Fever, blinding, splitting headaches are, therefore, of frequent occurrence as a result of this upset condition.

Take EATONIC. It quickly banishes acid-stomach with its sour bile, pain and gas. It aids digestion—helps the stomach get full strength from every mouthful of food you eat. Millions of people are miserable, weak, sick and ailing because of ACID-STOMACH. Poisons, created by partly digested food charged with acid, are absorbed into the blood and distributed throughout the entire system. This often causes rheumatism, biliousness, cirrhosis of the liver, heart trouble, ulcers and even cancer of the stomach. It robs its victims of their health, undermines the strength of the most vigorous.

If you want to get back your physical and mental strength—be full of vim and vigor—enjoy life and be happy, you must get rid of your acid-stomach.

In EATONIC you will find the very help you need and it's guaranteed. So get a big box from your druggist today. If it fails to please you, return it and he will refund your money.

Suit For 53 Cents.

Jackson.—Suit involving 53 cents has been started by the Michigan railway against J. E. Mann, an Ann Arbor traveling salesman. Mann, carrying a case weighing 60 pounds, boarded an interurban car and left the case on the rear platform. The conductor insisted that the case should be shipped as express and forthwith demanded that Mann pay express charges. The demand was met with a refusal, it is asserted, and the property was taken over by the railroad company. Mann recovered the case on a writ of replevin. Then the company began suit to recover 53 cents.

Mt. Clemens—That his three children may not want, John Schmidt, of Mt. Clemens, has been adjudged legally dead, although neither has body nor that of J. L. Aikhead, of Detroit, who are believed to have gone down in the squal that swept Lake St. Clair, has been recovered. The action declaring Schmidt dead was taken by Probate Judge Neil Reid, of Macomb county. Emil Schmidt, of Detroit, brother-in-law of John Schmidt, is named administrator.

Backache only a Symptom

"It Seems as Though my Back Would Break."

This is a common expression among women, yet they toil on day after day heedless of the significance of this distressing symptom.

Backache is often a warning of some inward trouble that requires attention, and which unless relieved will sooner or later declare itself in more serious ailments.

If it is caused by female derangement Lydia E. Pinkham's Vegetable Compound is what you need. It quickly asserts its curative powers in all those peculiar ailments of women. For more than thirty years this good old fashioned root and herb medicine has been restoring American women to health.

I have recommended your Vegetable Compound and Blood Medicine and three of my friends are taking it to their advantage. You may use my name for a testimonial." — Mrs. THERESA COVENTRY, 75 Burnett St., Newark, N.J.

Mrs. Hunt tells how it helped her Detroit, Mich.—"I was in a general run-down condition, was very nervous and tired, had backache and other troubles. I suffered for several years, was not able to work at times and tried doctor's medicine with no results. I saw Lydia E. SCHOOL NOTES

Percentage of attendance for last week was as follows: Gertrude Van-Blaircum 70, John Stackable 80, Dayle Kettler 90, Myrtle Gallup 60, Lorenzo Lavey 50, Pauline Swarhout 90, Gilbert Campbell 90, Margaret Driver 90, Bessie Swarhout 90, Arthur Ahrens 80, Myra Graves 80. All others 100.

Chelsea comes to Pinckney Friday, Nov. 21. The boys are working hard, with a determination to score on Chelsea. This is the last game of the season and should prove a battle royal from start to finish.

The boys from the Intermediate room hustled around last Friday and completed their work by 3 o'clock. They were then excused and went out to the Red School for a game of football, which they won by a nice margin. Harold Reason, Donald Swarhout and Floyd Campbell were in the highlight most of the time.

Lucille Kennedy spent last week in Grand Rapids.

Dorothy and Hildred Swarhout were absent Monday.

Gerald Kennedy was the only one in his class to get 100 in a test in writing numbers.

Phyllis Plummer entered the beginners class last week.

The sixth grade had but one absent mark during the last week.

Helen Crowe spent Thursday p. m. in Howell.

Margaret Loeffler has returned to her home in Flint, leaving but eight pupils in the fourth grade.

Curtis Brown visited school last Thursday.

Last Friday the Red School House boys played football with the Pinckney boys. This was the first game for the Red School House boys, so they were hard put to keep up with the veterans who made up the Pinckney team. But at that they made things lively for them. The Red School House boys held them for downs a good many times but several times Pinckney escaped on long end runs for the goal. The score was 20-0 in favor of the Pinckney team. The Red School House is a few men short but is planning on some more games. If there is any other country school in the vicinity that has a team, please arrange for some games with us.

Almost Discouraged

It is a mistake for those past the prime of life to yield to weakness and infirmities in the belief that these are the penalties of approaching old age. Read the following letter from a man past middle age:

I was almost discouraged. My back ached, my legs were stiff, and I was tired all the time. I tried Foley Kidney Pills. A few bottles completely relieved me and removed all the pain and for the first time in years I feel like a new man with ambition to live. W. W. Henry, Water Valley, Miss.

Remember that the kidneys must work all the time. They never rest. Is it any wonder that they become tired or get out of order, or are inactive and sluggish, when one reaches middle age?

Foley Kidney Pills

invigorate, strengthen and heal inactive, weak and diseased kidneys and bladder. They help the kidneys in their work of purifying the blood stream and casting out poisonous waste. Clean blood makes possible healthy nerves, strong back, clear head, active brain, sound heart, good digestion and perfect health.

Foley Kidney Pills have given relief in thousands of cases of lame or weak back, backache, rheumatic pains, stiff or swollen joints, sore muscles, lumbago, blurred vision, puffy pouches under eyes, nervousness, sleep-disturbing bladder ailments and other symptoms of kidney trouble.

CATARRHAL DEAFNESS CANNOT BE CURED

by local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure catarrhal deafness, and that is by a constitutional remedy. Catarrhal deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube is inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed deafness is the result. Unless the inflammation can be reduced and this tube restored to its normal condition, hearing will be destroyed forever. Many cases of deafness are caused by catarrh, which is an inflamed condition of the mucous surfaces. Hall's Catarrh Medicine acts thru the blood on the mucous surfaces of the system.

We will give One Hundred Dollars for any case of Catarrhal Deafness that cannot be cured by Hall's Catarrh Medicine. Circulars free. All druggists, etc.

When any of us didn't feel right we would use a bottle or two, and would be all right. When I was passing through middle life, Dr. Pierce's Favorite Prescription was my refuge in time of trial. I passed through that most critical time without any trouble. I live on a farm and do all of the work a woman has to do without any help and can walk four or five miles and not be any the worse for it.

"At the time my daughter was developing I gave her 'Favorite Prescription' and prior to that the 'Golden Medical Discovery' as she was a delicate girl, and it always benefited her.

"We have also used the little 'Pellets' with good results."—MRS. S. A. DOUGLAS, Route 2, Box 93.

Fond-du-Lac, Wis.—"When I was a girl going to school I got all rundown and weak due to hard studying. About the time I was coming into womanhood I took Dr. Pierce's Favorite Prescription and it built me up in fine shape in just a short space of time. I also took it a few years ago during expectancy and it helped me wonderfully. I had comparatively no suffering and my baby was strong and healthy and has always been. 'Favorite Prescription' has done wonders for me. I think it is the only medicine for weak women or women who are in delicate condition."—MRS. C. GUELL, JR., 290 9th St.

Dr. Pierce's Favorite Prescription is a non-alcoholic remedy that any ailing woman can safely take because it is prepared from roots and herbs containing tonic properties of the most pronounced character. Send Dr. Pierce's Invalids' Hotel, Buffalo, N. Y., ten cents for trial package of tablets.

ST. CHARLES WOMAN WAS FORTUNATE

It Was a Lucky Day for Mrs. Wiethester When She Read About Doan's

"I had such awful cutting pains in the small of my back and hips, I often had to cry out," says Mrs. Ernest Wiethester, 550 Madison St., St. Charles, Mo. "The pain was knife-like and I couldn't turn in bed, in fact I was almost helpless. My feet and ankles swelled badly, my hands were puffed up and there were swellings under my eyes. I often got so dizzy I had to sit down to keep from falling and my health was completely broken down. The kidney secretions pained terribly in passage and in spite of all the medicine I took, I kept getting worse until I was a wreck.

"By chance I read about Doan's Kidney Pills and bought some. After I had used half a box there was a change and I continued to improve; the pains, aches and swellings left and my health returned."

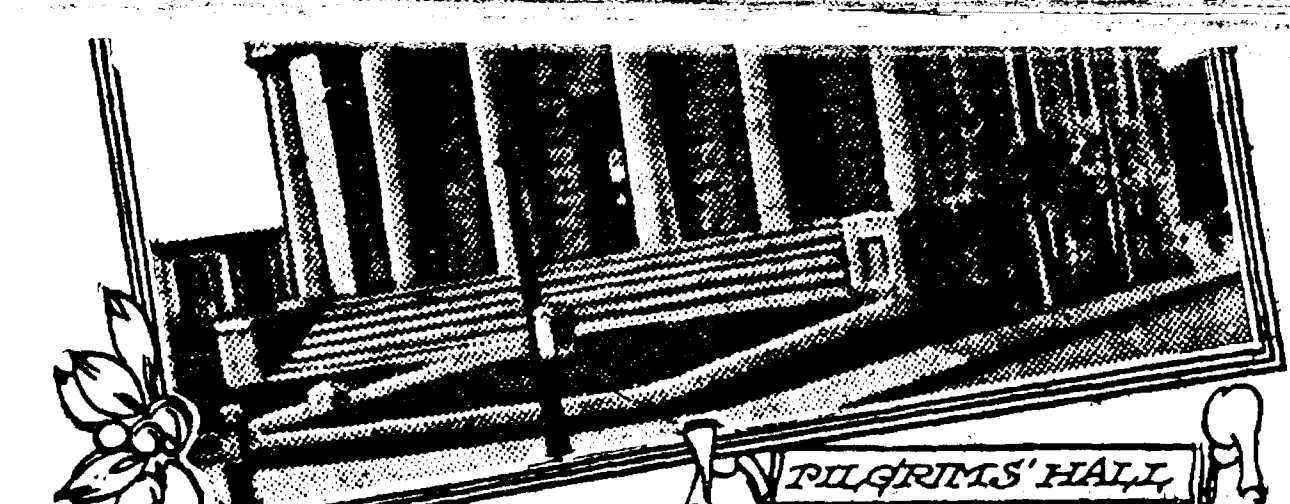

beth century to give thought to them. Next year the tercentenary of their landing will be celebrated with considerable pomp and ceremony in the United States, England and Holland. Every American schoolboy of course knows that the Pilgrim Fathers officially landed on Plymouth Rock, and that the famous rock is at Plymouth, Mass. But there are comparatively few Americans who know that the first landing of the Pilgrims was at Provincetown, Mass., and are familiar with their doings during the month. The Mayflower lay in the quiet harbor inside Cape Cod.

There was no Provincetown there, of course, in 1620, but Cape Cod was there and its name was Cape Cod. In 1602 Bartholomew Gosnold, the explorer, had visited the region and had found codfish so plentiful that he had just naturally called the long narrow neck of land Cape Cod. Ever since there has been any Provincetown, however, its people have been sensitive on the subject of its claims to first honors. That's why Provincetown now has a monument on High Pole hill. Many years were required to

months was a snow job, the congregation of John Robinson at Leyden procured from the London company for Virginia a patent of land and made financial arrangements for the sailing of a part of their number. The Speedwell of 60 tons, was purchased in Holland, and in July 1620 it sailed to Southampton, England. There the Mayflower of 180 tons was awaiting it. The two ships with about 120 passengers put to sea in August. The Speedwell was soon reported leaking and both ships put in at Dartmouth. At sea again, the Speedwell was a second time reported leaking and return was made to Plymouth. It was not discovered until later that the alarm over the Speedwell was due to its master's trickery. The Speedwell was abandoned at Plymouth and the size of the party reduced. The Mayflower left Plymouth alone early in September.

In nine weeks it sighted the shore of Cape Cod. Being far out of their course the Pilgrims headed south. But a few hours later the course was again changed for the nearest shore. Saturday, November 11 (21 N. S.), 1620, the Mayflower rounded Cape Cod and found harbor.

This radical change of destination introduced a complication. Some of the hired laborers threatened to break loose from their engagements on landing, because of the loss of the authority delegated in the patent from the Virginia company. The necessity of some form of civil government to unite the well-affected and to restrain the insurgent was imperative. So the famous Mayflower or Provincetown compact was drawn up and signed before the first voyager landed. Of the 41 signers to this compact, which is often

comprising the nucleus of the colony and seven were servants or hired workmen. The seven remaining adult males were either too ill to sign (they all soon died) or else the list is imperfect. In this compact lies the germ of the Declaration of Independence. It is as follows: "In the name of God, Amen. We, whose names are underwritten, the loyal subjects of our dread sovereign, Lord King James, by the grace of God, Great Britain, France and Ireland, King Defender of the faith, etc., having undertaken for the glory of God and the advancement of the Christian faith and the honor of our king and

quaint account of the landing of the Pilgrims at Provincetown: "Wednesday, the sixth of September (1620), the wind coming East North East, a fine small gale, we loosed from Plymouth, having been kindly entertained and courteously used by divers friends their dwelling, and after many difficulties in boisterous storms, at length by God's providence upon the ninth of November following, by break of the day we espied land which we esteemed to be Cape Cod, and so it proved. And the appearance of it much comforted us, especially on seeing so goodly a land, and woodded to the brink of the sea, it caused us to re-

Americans should understand and appreciate the difference between the Pilgrims and the Puritans. The Pilgrims were few; they were Separatists; they withdrew from the established Church of England; they came to America to secure freedom of worship; they cared not how other men worshiped; they did little colonizing, their influence upon the nation was small as compared with the Puritans. The Puritans came over in thousands, beginning with 1630; they retained their membership in the Church of England; they brought the church with them to reform it; they intended to worship as they pleased and to make everyone else worship the same way; they fell first upon their knees and then upon the aborigines; they colonized widely and effectively; from them the American people got what is known as the "Puritan conscience." In the famous book entitled "Mourt's Relation" one will find the following

Special Election

Notice is hereby given that the Board of Supervisors of the County of Livingston, State of Michigan, has by resolution

passed at a regular session of said Board, held in the City of Howell on Friday, October 17, 1919, ordered a Special Election, to be held in the several precincts of said County, on Tuesday, November 25, A. D. 1919.

For the purpose of submitting to the legally qualified voters of said County the question of bonding said County in the sum of Six Hundred Thousand (\$600,000) dollars for the purpose of graveling, macadamizing, building cement roads, building or repairing bridges, or in any other way in the discretion of the Board of County Road Commissioners, providing for the better construction, improvement and care of the highways in said county.

Said proposition will be voted upon by ballot in the following form:

OFFICIAL BALLOT

Instructions:—If you wish to vote for the proposition of bonding the County in the sum of Six Hundred Thousand (\$600,000) dollars for purpose of constructing and improving highways, put an x in the square [] opposite the word [yes]. If you wish to vote against said proposition put an X in the square [] opposite the word [no].
Fold your ballot before leaving the booth.

For the issuing of county bonds to improve the highways [] YES
For the issuing of county bonds to improve the highways [] No

Every legally cast ballot found to have a cross marked by an elector in the square pertaining to the word "yes" will be counted for said proposition, and every ballot so marked pertaining to the word "no" will be counted against said proposition.
Dated Oct. 24, A. D. 1919.

John A. Hagman,
Clerk of said county of Livingston
State of Michigan, the Circuit Court for the County of Livingston, in Chancery.
Francis M. Nichols, Plaintiff vs
Arvilla M. Nichols, Defendant.
At a session of said court

Wheat is a better food for egg production than is corn. A grain ration of wheat, oats and corn is conducive to the manufacture of eggs. Barley may be profitably substituted for the wheat during these days of wheat conservation.

HOPPER IS BIG LABOR SAVER

Satisfactory Growth Secured by Giving Fowls Access to Balanced Ration of Grain.

A hopper capable of holding a large quantity of feed is a great labor saver. By allowing the birds access to its contents a satisfactory growth is obtained, and an opportunity is given them to balance the grain rations fed. This hopper should be large enough to hold several bushels of feed, sufficient for one or two weeks.

held at the court room in the City of Howell in said county on the 23rd day of October, A. D. 1919.

Present: Hon. Joseph H. Collins, Circuit Judge.

In this cause it appearing by the affidavit on file that after diligent search and inquiry, it cannot be learned in what state or county the said defendant Arvilla Nichols resides.

On motion of G. C. Yelland it is ordered that the defendant enter her appearance within three months from the date of this order: That within 40 days the plaintiff cause a copy of this order to be published in the Pinckney Dispatch, a newspaper printed and circulating in Livingston County, once in each week for six weeks in succession, or that the plaintiff cause a copy of this order to be personally served upon the defendant at least twenty days before the time prescribed for her appearance.
