

PINCKNEY DISPATCH

Vol. XXXVII

Pinckney, Livingston County, Michigan, Thursday April 29, 1920

No. 18,

OBITUARY

Roy C. Clinton was born in Pinckney May 30, 1899, and died at the home of his parents, Mr. and Mrs. R. Clinton, Saturday morning, April 24, 1920.

He always lived in Pinckney and was a kind brother and dutiful son. Since the death of his brother Amos, he and his brother Cass conducted the farm northwest of town.

Stricken down a few days before reaching the legal age of manhood, he will be long remembered as an industrious young man of kindly disposition and exemplary habits.

The funeral was held from St. Mary's church Monday, April 26, Rev. J. A. Crowe officiating.

Lucy M. Glenn was born in Tyre, Seneca county, New York, November 12, 1832, and died at the home of her daughter, Mrs. B. Isham North Main street, Chelsea, on Friday April 16, 1920.

When she was one year of age, her parents John and Jane Glenn, located on the farm at North Lake, and nearly all of her life has been spent on a portion of the land that was taken up from the government by her father. At the age of nineteen years she united with the North Lake M. E. church, and she was always active in the affairs of the society. She was the last member of the original Glenn family.

She was united in marriage with William Wood November 15, 1855.

Mr. Wood died August 3, 1896. To them nine children were born, four of whom are living. The surviving members of her family are William Wood of

Arbor, and Mrs. Bertha Noah of North Lake, thirteen grandchildren and fourteen great grandchildren.

The remains were taken to her home at North Lake Saturday morning and the funeral was held from the North Lake M. E. church at 10 o'clock Monday forenoon, Rev. Harris officiating. Interment at the North Lake cemetery. —Chelsea Standard.

John Hanson Tompkins of Lakeland was born January 8, 1850 at Williamston Michigan. He was married to Miss Jannette Stewart July 1, 1874. To this union were born three children, Ray, now in Albuquerque, New Mexico, May who died at the age of 16 months, and Dan, of Brighton, Michigan.

Mr. Tompkins died April 24, 1920, at the age of 70 yrs. 3 months and 16 days.

Card of Thanks

We wish to express our deep appreciation for the kindness and sympathy extended to us during the illness and death of our son and brother.

It would seem that his many friends spared no act of tenderness to make his illness easier to bear.

To the donors of the many beautiful floral offerings and the use of automobiles and to all neighbors and friends who by word or deed have made the dark days brighter, please accept our heartfelt gratitude.

Mr. and Mrs. R. Clinton and Family

SHOT HIS BROTHER

While playing with a 22-calibre rifle in the barn, Grant Ward shot his brother in the side. They are the sons of Earl Ward of Pingree.

Dr. C. L. Sigler was hastily summoned and found the bullet had penetrated between two ribs, passing through the lower part of the lung. A very serious result is probably avoided as the physician expects reasonably quick recovery unless later complications set in.

State Farm Bureau

In the last week, the membership campaign was completed in Jackson county. More than 1900 members were obtained. The start of a campaign in Hillsdale indicates a result corresponding to that in Jackson. Next week the campaign will be underway in Saginaw and Branch counties. The membership of the state Farm Bureau is now 45,000.

THE CENTRALIZED SCHOOL SYSTEM

While other nearby communities have taken up the question of the centralized school system, this locality has apparently been waiting for somebody to open up the subject here.

Unadilla has already adopted the centralized school, Brighton and Fowlerville are now studying the question, and arrangements are now completed for a meeting to be held in the Pinckney Opera House Thursday evening, May 30.

One of the prominent ladies of the state educational system, Miss Isabel Becker, will be the principal speaker of the evening. She will place the subject before the audience in its different phases, not only from an educational standpoint but from a purely business point. Miss Becker is assisted by the use of stereopticon views showing the working of the agricultural schools now in operation. She is a very interesting speaker.

Postmaster James Stackable of Gregory has consented to be present and give his ideas on educational topics. His activity along this line has equipped him as one well able to give interesting information.

County School Commissioner Aldrich will also be present and will inform the audience how well the work is progressing throughout the entire county and will show how advantageously the system might be adopted here.

There will also be a musical program and altogether the time will be well spent in coming out and getting posted on one of the vital questions of the day.

TRAF-BOX SOCIAL

The Seniors of the High School have decided not to give a play this season, so will give instead a box social at the Sphinx Club Rooms Friday evening, April 30. Everybody is invited to be present and this will be a good opportunity to again meet many of our young people who very often leave the home community soon after graduation. Come, and by your presence help make the evening a success.

A PROCLAMATION

Following a custom established more than a half a century ago, the time has again come to call attention to Arbor Day and its proper observation.

Michigan's once splendid forests have largely disappeared, though we still have many thousands of acres of beautiful forest land. It would seem to be the part of wisdom to replant with trees vast acres which have grown little or nothing since the timber was taken off, but this project will require many years for its accomplishment. In the meantime, our cities and villages can add greatly to their attractiveness by planting shade trees along their streets and in their parks and squares. Young trees suitable for this purpose may be obtained at small cost from the Public Domain Commission at Lansing and the M. A. C. at East Lansing.

Trees, too, constitute the natural home of most of our birds and their preservation is a matter of the greatest moment.

Therefore, I, Albert E. Sleeper, Governor of the State of Michigan, do hereby designate and set aside Friday, May 7, 1920, as Arbor and Bird Day; and I request that exercises appropriate to the day be held in all our schools, and that all teachers seek to impress their pupils with the importance of maintaining our shade trees and of protecting our song birds. I suggest further that the boys and girls in school be encouraged to study the characteristics and habits of our Michigan birds.

Given under my hand and the Great Seal of State this twentieth day of April, in the year of our Lord one thousand nine hundred and twenty, and of the Commonwealth the eighty-fourth.

Albert E. Sleeper—Governor.

Why That Backache?

Why be miserable with a bad back? You can't be happy if every bad day brings lameness; sharp, shooting pains and a dull, nagging ache. Likely the cause is weak kidneys. You may have headaches and dizzy spells, too, with a weak, tired feeling. Don't delay. Try Doan's Kidney Pills. They have done wonders in thousands of such cases. Ask your neighbor!

A Michigan Case

Mrs. H. Winkal, 37 Lytle St., Harbor Beach, Mich., says: "My back felt as though it were breaking from a dragging, heavy ache. It kept me awake at night and mornings I felt tired. My feet swelled and things whirled around before me. Two boxes of Doan's Kidney Pills drove away the lame feeling in my back and put my kidneys in good shape."

SWITCHMEN WANT 58 PERCENT RAISE

REGULAR UNION, IN DEMANDS TO RAIL BOARD, SAYS AVERAGE LIFE IS SEVEN YEARS.

NO FUEL RELIEF IN DETROIT

Edison Company Official and Railroads Say Power Shortage End Not Yet in Sight.

Washington.—Wage demands of the railroad switchmen, many of whom recently went on an "unauthorized" strike, were presented to the Railroad Labor Board by S. E. Heberling, president of the Switchmen's Union of North America.

Asking a wage advance of 58 per cent, with time and a half for overtime, Sundays and holidays, Mr. Heberling said their work was more hazardous than that of any other railroad workers and that the percentage of deaths and accidents was higher than in the coal industry. The average industrial life of switchmen, Heberling said, is seven years.

A proposal that the railroads collect for the board data on the wage demands of the employees met with sharp objection from brotherhood and union officials, who declared that such action might delay for months adjustment of the pending wage controversy.

W. N. Doak, vice-president of the Brotherhood of Railway Trainmen, declared that if the roads could postpone the settlement for three months it could be delayed a year, and that each month's delay meant the saving of millions of dollars to the roads.

Formal notice that their applications for a hearing had been denied was given to the representatives of the non-recognized St. Louis and Chicago yardmen's associations by the board. Spokesmen stated that they would report the result of their efforts to their men, but were confident they

A Feeling of Security

You naturally feel secure when you know that the medicine you are about to take is absolutely pure and contains no harmful or habit producing drugs.

Such a medicine is Dr. Kilmer's Swamp-Root, kidney, liver and bladder remedy. The same standard of purity, strength and excellence is maintained in every bottle of Swamp-Root.

It is scientifically compounded from vegetable herbs.

It is not a stimulant and is taken in teaspoonful doses.

It is not recommended for everything. It is nature's great helper in relieving and overcoming kidney, liver and bladder troubles.

A sworn statement of purity is with every bottle of Dr. Kilmer's Swamp-Root. If you need a medicine, you should have the best. On sale at all drug stores in bottles of two sizes, medium and large. However, if you wish first to try this great preparation send ten cents to Dr. Kilmer & Co., Binghamton, N. Y., for a sample bottle. When writing be sure and mention this paper.—Adv.

Widely Divergent Interests.

Willis—I suppose the strike in your town is a purely local affair?

Gillis—Not in the least. The works are owned by Boston parties, the manager is from Chicago, the workmen came from Seattle, the labor organizer halls from New York, the strike-breakers were imported from Alabama, and the troops were sent by the governor. Our only local interest is ducking bricks.—Judge.

Conditions in Detroit.

Thousands of men out of work and many factories limping along with not more than half of their power requirements found little cheer in the attitude taken at the offices of the Detroit Edison company. Basing his view upon reports from Toledo and Columbus on the movement of coal and upon the local situation, Alfred C. Marshall, vice-president of the company, said he could not make any promises of an increased power output for the present.

The roads all of last week went ahead, largely with volunteers from other departments, and moved the most necessary freight with from 20 to 40 per cent of the normal number of switch engines at work.

ADVOCATES AMERICAN LEAGUE

Uruguay President Urges Need of American Nations Solidarity.

Montevideo.—Formation of a "American League" on a basis of absolute equality between all American nations for common action against aggression threatening any one of them from outside nations and for arbitration of inter-American disputes was proposed by Dr. Baltazar Brum, president of Uruguay, in addressing students of the University of Montevideo.

As a step in the formation of such a league, Dr. Brum declared other American countries should make a declaration similar to the Monroe Doctrine, placing them on the same footing as the United States for joint action against European aggression and to secure the solidarity of the American continent. He said the proposed league should be formed without prejudice to adherents to the League of Nations.

STORM DEATH TOLL NEAR 200

More Than Dozen Towns Swept in Alabama, Mississippi, Tennessee.

Birmingham, Ala.—Final reports of the tornado which swept a score of towns, villages and farms in eastern Mississippi, northeastern Alabama and the southern counties of Tennessee, the early part of last week, indicate that the death toll was nearly 200 and the property loss was many millions of dollars. The tornado swept down with deadly suddenness, obliterating everything that lay in its path. In at least one case, that of Rose Hill, Miss., virtually the entire town is reported to have been destroyed, and in several instances all members of a family were reported to have been killed.

Corunna—All men guests at a dancing party given here were obliged to come dressed in overalls.

DOESN'T NEED ANY LAXATIVES NOW

Mr. Becker says life is a joy, without constipation or stomach trouble.

"I had catarrh of the stomach and head for three years. My stomach was so bad that every time I ate anything sweet, such as fruit or pastry, the burning hot water would run out of my mouth. I took a laxative every night.

"Since taking Milks Emulsion my bowels move regularly. I have now taken ten bottles and have gained 10½ pounds. All my friends remark how fine I am looking, and it seems a pleasure to live again, without stomach trouble."—Bert Becker, Miami, Ohio.

Physicians usually make slaves out of their users, and weaken the bowels instead of correcting them. Stomach trouble in many cases is directly due to constipation.

Milks Emulsion is a pleasant, nutritive food and a corrective medicine. It restores healthy, natural bowel action, doing away with all need of pills and physics. It promotes appetite and quickly puts the digestive organs in shape to assimilate food. As a builder of flesh and strength Milks Emulsion is strongly recommended to those whom sickness has weakened, and is a powerful aid in resisting and repairing the effects of wasting diseases. Chronic stomach trouble and constipation are promptly relieved—usually in one day.

This is the only solid emulsion made, and so palatable that it is eaten with a spoon like ice cream. Truly wonderful for weak, sickly children.

No matter how severe your case, you are urged to try Milks Emulsion under this guarantee—Take six bottles home with you, use it according to directions, and if not satisfied with the results your money will be promptly refunded. Price 60c and \$1.20 per bottle. The Milks Emulsion Co., Terre Haute, Ind. Sold by druggists everywhere.—Adv.

URIC ACID IN MEAT CLOGS THE KIDNEYS

T. Class of Salts if Your Back Hurts or Bladder Bothers.

If you must have your meat every day, eat it, but flush your kidneys with salts occasionally, says a noted authority who tells us that meat forms uric acid which almost paralyzes the kidneys in their efforts to expel it from the blood. They become sluggish and weaken, then you suffer with a dull misery in the kidney region, sharp pains in the back or sick headache, dizziness, your stomach sours, tongue is coated and when the weather is bad you have rheumatic twinges. The urine gets cloudy, full of sediment, the channels often get sore and irritated, obliging you to seek relief two or three times during the night.

To neutralize these irritating acids, to cleanse the kidneys and flush off the body's urinous waste get four ounces of Jad Salts from any pharmacy here; take a tablespoonful in a glass of water before breakfast for a few days and your kidneys will then act fine. This famous salt is made from the acid of grapes and lemon juice, combined with lithia, and has been used for generations to flush and stimulate sluggish kidneys, also to neutralize the acids in urine, so it no longer irritates, thus ending bladder weakness.

Jad Salts is inexpensive; cannot injure, and makes a delightful effervescent lithia-water drink.—Adv.

Another Royal Suggestion COOKIES and SMALL CAKES From the NEW ROYAL COOK BOOK

WHEN the children romp in hungry as young bears, here are some wholesome, economical delights that will not only be received with glee, but will satisfy the most ravenous appetite in a most wholesome manner.

Cookies

1/2 cup shortening
1/2 cup sugar
1/2 cup milk
2 eggs
1 teaspoon grated nutmeg
1 teaspoon vanilla extract or
grated rind of 1 lemon
4 cups flour
3 teaspoons Royal Baking Powder

Cream shortening and sugar together; add milk to beaten eggs and beat again; add slowly to creamed shortening and sugar; add nutmeg and flavoring; add 2 cups flour sifted with baking powder; add enough more flour to make stiff dough. Roll out very thin on floured board; cut with cookie cutter, sprinkle with sugar, or put a raisin or a piece of English walnut in the center of each. Bake about 12 minutes in hot oven.

Cocoa Drop Cakes

4 tablespoons shortening
1 cup sugar
1 egg
1/2 cup milk
1/2 cups flour
3 teaspoons Royal Baking Powder
1/2 cup cocoa
1 teaspoon salt
1 teaspoon vanilla extract

Cream shortening; add sugar and well-beaten egg; beat well and add milk slowly; sift flour, baking powder, salt and cocoa into mixture; stir until smooth, add vanilla. Put one tablespoon of batter into each greased muffin tin and bake in moderate oven about 20 minutes. Cover with boiled icing.

Orange Cakes

4 tablespoons shortening
1 cup sugar
1/2 cup milk
1 egg
2 cups flour
3 teaspoons Royal Baking Powder
1/2 teaspoon salt
1 teaspoon orange extract
grated rind of 1 orange

Cream shortening; add sugar slowly, beating well; add milk a little at a time; then add well-beaten egg; sift flour, baking powder and salt together and add to mixture; add flavoring and grated orange rind; mix well. Bake in greased shallow tin, or individual cake tins, in hot oven 15 to 20 minutes. When cool cover with orange icing.

very well with his war saving association. The scholars brought in their pennies regularly every week; some even had as much as a shilling to subscribe.

One Monday morning Mrs. Oates gave her son Tommy the sum of three-pence to pay in. On his return for dinner the good lady asked to see his card.

"Look here, Tommy," she said sternly, "there's only twopence entered here! How is that?"

Tommy grew pale as he saw that his son had found him out. But the taffer in the village shop had been so tempting. However, he did his best.

"Yes, mother," he stammered, "that's all the ink the teacher had."—London Answers.

The Tide of Immigration.

Thirty-three million people have made the long voyage from alien shores to our own since liberty's eternal fire was kindled first on American soil.

Men with soft snaps don't realize that a hard world this is.

accompanied by the cithara and the lyre, while the flute was played by both men and women in furnishing martial music to the soldiers in time of war. Musical bands marched to war with the soldiers and played on flutes, pipes and harps.

The lyre and the harp were preferred by the Greeks for private use, for it was thought they did not prevent one from remaining master of himself, while the flute, pipe or clarinet put the man beside himself and obscured reason. There were extensive choirs whose music was distinctly connected with the religious life of the people. These choirs were composed of both men and women and were employed for public and private religious festivals.

The choirs celebrated victories in war, deaths, holy days, births and marriages. Alkman, who lived as early as 650 B. C., wrote a choir song for girls which was a dramatic part song.

Some men worry because they have no work and some others worry because they have.

near from everybody we know is that they can't keep up with all there is to be done. We make the same complaint. Like you all, we undertake to do seventeen thousand things more than the hours of the day will permit us to do.

It is an awful mistake. To be driven like a galley slave is the rule we have made for our lives. And, oh, to quit it all, or to quit all but the things we would like to do and are worth while!

To never catch up, to never know what it is not to be tired—it is a foolish way to spend a lifetime. This one and only little lifetime that is ours.

And what are we to do about it? Cut loose and run away; we guess it is the only thing to do.—Los Angeles Times.

What are you paying for coffee?

How much should I give to make this a better world?

A CERTAIN man in New York filled out his income tax report.

It showed an income so large that his tax was 53%. And his total gifts to church and charity for the year were \$148.

Think of it—thousands spent for luxuries and pleasure for himself; and \$148 to leave the world a little better than he found it!

Most of us do better than that; but not so very much better.

Our average daily gift for all church causes is

- less than we spend for daily papers
- less than a local telephone call
- less than a third of the day's car fare
- less than 3 cents a day

No wonder that 80% of the ministers of America are paid less than \$20 a week. No wonder that the church hospitals turn away thousands of sick people a year. No wonder that China has only one doctor for every 400,000 people. No wonder that every church board and charity society is forever meeting deficits, forever passing the hat.

It isn't because we are selfish; it isn't because we don't want to help. It's just because no one has ever put up a great big program to us, and asked us to think of the work of the church in a systematic businesslike way.

They have budgeted their needs; no business could have a more scientific budget. They have united to prevent the possibility of waste and duplication. At least a million dollars will be saved by the fact that thirty individual campaigns are joined in one united effort.

And they come to the men or women who love America — to you — this week asking you to use them as the channel through which a certain definite part of your income can be applied to make this a better world.

Only you can determine what part of your income that should be.

It's a good time right now to answer that question. We're passing through the world just once; how much better will the world be because you passed through?

Children's Ailments

DISORDERS of the stomach and constipation are the most common diseases of children. To correct them you will find nothing better than Chamberlain's Tablets. One tablet at bed time will do the work and will make your child bright and cheerful the following morning. Do not punish your children by giving them castor oil. Chamberlain's Tablets are better and more pleasant to take.

Would You Write This?

ONLY those who have suffered the misery and torture of kidney trouble and have found their way back to health can appreciate the feeling of gratitude and desire to help other sufferers that caused Mr. E. A. Shanholzer, Konantz, Colo., to write the following letter to Foley & Co.:

"I am writing this that some one who needs it may see it. I was troubled with my kidneys and bladder till sometimes I could not walk or ride, and I had to get up as often as twenty times in one night. A man asked me if I ever tried Foley Kidney Pills. He persuaded me to try a 50c bottle and to my surprise I found they helped me wonderfully; so I went back and got a dollar bottle, and then another, and I do believe they will make a well man out of me. Sincerely yours,"

If any reader of the above letter is suffering as the writer was suffering, and profits by Mr. Shanholzer's action, will he not feel it his duty to pass the helpful message along?

Foley Kidney Pills

Help overworked, weak or deranged kidneys and bladder by their tonic, invigorating, healing action. They have been used successfully for kidney trouble and bladder ailments by men and women for many years. They are made of the highest-grade medicinal ingredients and contain no habit-forming drugs. Kidney trouble manifests itself by various symptoms—backache, rheumatic pains, lumbago, stiff or swollen joints, sore muscles, floating specks before the eyes, etc.—the result of impurities and poisonous waste matter remaining in the blood stream because the kidneys are not doing their proper work of eliminating the disease-causing elements in keeping the blood stream pure. If suffering from kidney trouble, why not try Foley Kidney Pills?

Candlemas Day.

On Candlemas day the Christmas decorations are taken down in the churches, as it is the Feast of the Purification, or the Presentation of Christ in the Temple. The term Candlemas is used owing to the practice of the early church, when lighted candles were carried in the procession in memory of Simeon's words at the presentation of the infant Saviour: "To be a light to lighten the Gentiles."

DEWS OF EVE

No More Gentle Than
"Cascarets" for the
Liver, Bowels

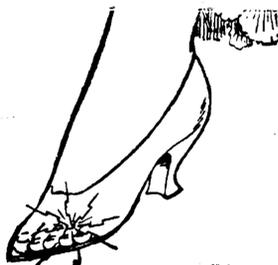

It is just as needless as it is dangerous to take violent or nasty cathartics. Nature provides no shock absorbers for your liver and bowels against calomel, harsh pills, sickening oil and salts. Cascarets give quick relief without injury from Constipation, Biliousness, Indigestion, Gases and Sick Headache. Cascarets work while you sleep, removing the toxins, poisons and sour, indigestible waste without griping or inconvenience. Cascarets regulate by strengthening the bowel muscles. They cost so little too.—Adv.

Making the Grade.

While on a motoring trip through southern Indiana we came to a steep hill. The driver put on all the power he could, but it was impossible to climb such a hill. In despair our driver walked to a house atop the hill to see if he could get help. In a few minutes he returned smiling and said the man at the house had advised him to turn the car around and back up. We all laughed, but were soon turned around and slowly backing up the hill. We were about half way up when we saw another machine coming, and as soon as it reached the foot of the hill it turned around and began backing up. When we reached the top the man of the house greeted us and remarked that all cars had to take that hill backward.—Chicago Tribune.

Reckless Experiment.

"Friend," said Cactus Joe to the man who had just alighted from the bus, "could you tell us what a soviet is?"
"What do you want to know for?"
"Crimson Gulch has been getting so orderly and subdued that some of our most prominent citizens are talking about leaving. We need some excitement and we wouldn't mind a little trouble if it didn't last too long. From what I can hear a soviet, if it was managed right, would about fill the bill."

TREASON TRIAL ENDED; EX-PREMIER CONVICTED

JOSEPH CAILLAUX

Paris.—Joseph Caillaux, former premier of France and twice minister of finance, was convicted of having placed his personal political ambition during the war higher than the interests of the country that honored him and gave him birth. Caillaux, while escaping conviction for high treason, was found to have been recklessly imprudent and very close to treasonably ambitious, for such is the interpretation of the verdict of "guilty of commerce and correspondence with the enemy," which was rendered against him by the French senate.

LOITERING ACT HELD ILLEGAL

Law Favors Men Idle Through Strikes,

decision handed down in Circuit Court, declared unconstitutional the state Loitering Act of 1917, under which hundreds of persons have been sentenced to fines and imprisonment.

The decision came on a writ of habeas corpus in the case of a man, who was recently sentenced under it to 90 days in the House of Correction. His attorney asked for the writ on the ground that the act was contrary to the Fourteenth Amendment of the Federal Constitution.

Judge Dingeman ordered the man freed. The phrase of the Constitution on which he based his decision says that "no state shall . . . deny to any person within its jurisdiction the equal protection of the laws."

The act does deny equal protection, Judge Dingeman held, through its exemption of "persons temporarily out of work because of strikes or lock-outs" from the law's provisions. According to the Judge's interpretation, a person out of work for these causes could be found loitering in any of the numerous places mentioned, from banks to dope joints, without having to "give a satisfactory account of themselves," while a person out of work because of general economic dislocation of industry would have to satisfy the authorities concerning his presence in the places named. This is a denial of equal justice, Judge Dingeman held.

MILK PRICE BACK TO 16 CENTS

Judge Rules Sec. 4 of Lever Act Void;
Restrains Prosecutions.

Detroit.—Holding that the provisions of Section 4 of the Lever act are too vague as to what constitutes a fair price, and that it is unconstitutional, Judge Tuttle has issued a restraining order directed to United States Attorney John E. Kinnane, prohibiting the prosecution of milk dealers under its provisions. Milk is again being sold at 16 cents a quart in Detroit, as a result.

The application for the restraining order was filed by Detroit milk dealers, following the federal fair price committee's ruling that 14 cents a quart is a fair price. The federal attorney conceded that the fair price committee had no legal standing and that it had no more power than a volunteer organization.

Mr. Kinnane said he would take the case to the supreme court in an effort to prove the legality of the Lever act. The application for the order alleged that the act is invalid.

Judge Tuttle, in granting the restraining order, said he did not believe the fair price committee had any power and he believed a legal board should be appointed by the government.

UNUSUAL HAPPENINGS AND OTHER BRIEF NEWS

Affectionate Cow Kills Man.
Menominee, Mich.—Wm. Muedtke, 51, is dead as the result of injuries sustained when he was squeezed against the side of a barn by a cow.

New Court Gives Him Fame.
Detroit.—To Lester Johnson has fallen the doubtful honor of being the first prisoner to be tried in the new municipal court of Detroit. He was convicted of assault and given ninety days in jail.

Army Men May Lift Hats.
Washington.—In greeting their friends, officers of the army may raise their hats or caps under orders issued by Secretary Baker. A regulation of 1913, requiring that the greetings be by salute only, was rescinded.

Irish Immigrants Flock to U. S.
New York.—More than 1,000 girls have begun what is expected to be a great influx of immigrants from Ireland. Rev. Anthony Grogan, of the Home for Irish Immigrant Girls, said their arrival would help relieve the shortage of domestic servants.

Reds Discard Management By Workers
Stockholm.—A dispatch to the Hildringen from Helsingfors, Finland, says the Pan-Russian Communist Congress at Moscow has decided to abolish the soviet system in the management of industrial concerns and to replace it by "fully competent managers."

Grand Rapids Jail Gets Lodgers.
Grand Rapids.—Eight applications for lodging at police headquarters were received in one evening, as a result of men being thrown out of work by the switchmen's strike. Police officers say this breaks all records since the days of old John Barleycorn.

Washerwoman Heir to Millions.
Chester, Pa.—Summoned from the

hands a letter verifying a report from Sweden that she had fallen heir to one-third of an estate valued at \$6,000,000.

Odor Bombs to Be Barred.
Hamtramck.—An ordinance making it a misdemeanor to explode odor bombs in theaters, stores, halls or other public places will be passed by the council. This action was decided upon after managers of several moving picture theaters complained against the "bombing" of their playhouses.

Mars Signalling Abandoned.
Omaha, Neb.—The proposed balloon flight by Leo Stevens, balloon expert at Fort Omaha, and Prof. David Todd, of Amherst University, when, from an altitude of 30,000 feet, attempts were to have been made to signal the planet Mars, was definitely abandoned because Government permission had not been received.

Oppose Dungeon in New Jail.
Pontiac.—Club women are vigorously opposing proposals that a dungeon be built into the new jail authorized by the county voters in the recent election. They are circulating a petition seeking to have this feature cut out of the plans, on the ground that use of a dungeon "is cruel and inhuman treatment."

Jail For Woman Steeplejack.
Detroit.—Lottie Kelley, Detroit's only woman steeplejack, was sentenced to six months in the house of correction when she pleaded guilty to smuggling morphine from Canada into the United States. "Six months in jail will be worth a million dollars to me," she said. "Now I'm going to cure myself of the morphine habit."

Barking of Dog Saves Family.
Rochester, N. Y.—That Mr. and Mrs. Gennarro Marropeze and their 10 children were not burned to death was due to the barking of their pet dog. Fire swept through their home shortly after midnight while the family was asleep. The barking of the dog aroused them and they made their way to safety just as firemen arrived. The house was destroyed.

St. Louis to Get Air Mail Route.
Washington.—The postoffice department is left free to inaugurate an aerial mail service to St. Louis under an agreement reached by senate and house conferences on the postoffice appropriation bill. An aerial mail service from Chicago to San Francisco is authorized. Under the original provision of the bill St. Louis was excluded from the aerial routes to be established.

ECZEMA!

THIS isn't one of those fake free treatment offers you have seen so many times. We don't offer to give you something for nothing—but we do guarantee that you can try this wonderful treatment, entirely at our risk, and this guarantee is backed by your local druggist.

This makes the offer one which you can absolutely depend upon, because the druggist with whom you have been trading would not stand behind the guarantee if he did not know it to be an honest and legitimate one.

Hunt's Salve, formerly called Hunt's Cure, has been sold under absolute money back guarantee for more than thirty years. It is especially compounded for the treatment of Eczema, Itch, Ring Worm, Tetter, and other itching skin diseases.

Thousands of letters testify to its curative properties. M. Timmerh, a reputable dry goods dealer in Durant, Oklahoma, says: "I suffered with Eczema for ten years, and spent \$1,000.00 for doctors' treatments, without result. One box of Hunt's Cure entirely cured me."

Don't fail to give Hunt's Salve a trial—price 75 cents, from your local druggist, or direct by mail if he does not handle it.

Quarterly meeting was held here last Saturday and Sunday.
Ray Jewell and family spent Sunday at W. B. Miller's.

All are glad to hear that Karl Ward is recovering nicely.

There will be a social at the home of Mr. and Mrs. Ray Miller one week from Friday night, May 7.

Henry Plummer visited Henry Chalkler last Sunday.

F. S. Merrill attended quarterly meeting services here Sunday.

Mrs. Ray Miller and Miss Lefa Miller were in Howell last Tuesday.

Mrs. Warda Miller will spend the last of the week with Alice White, and attend the teachers' examination at Howell.

Mr. and Mrs. Potter of East Marion were callers at Henry Plummer's.

East Lansing—The unprecedented shortage of farm labor and the extremely high prices which must be paid

to hold help of any kind are forcing a great many Michigan farmers to change their cropping plans in order to get bigger yields from fewer acres, declares Prof. J. F. Cox, head of the Farm Crop Department at the Michigan Agricultural College.

"Many farmers are planning to plant only as large acreage of cultivated crops as they and their families can handle alone, without depending greatly on outside help", says Professor Cox. "There will be a much greater acreage in small grains, which are machine handled crops, and a much more extensive acreage in clover, alfalfa, and timothy than has been the case for a number of years."

More per acre is needed to offset the increased labor cost. Fixed costs, such as interest on land, cost of plowing, cultivation, etc., are much the same for a small crop as for a large crop.

"Under conditions where it is impossible, owing to labor, to farm the usual acreage, a special effort should be made to seed down to clover, alfalfa or pasture grasses. More land can be

handled by grazing than where it is in grain or cultivated crops.

It is also possible to handle a much larger amount of corn and a greater number of livestock by hogging off corn or pasturing with hogs or sheep in the field.

"Arrangements should also be made at an early date for proper fencing."

Churches Observe Candlemas Day.

Candlemas day, celebrated as the day of Christ's presentation at the temple, is observed in the Anglican, Roman and Greek churches, February 2, this day being the fortieth after the birth of Christ, on which the purification of the mother and the presentation of the son should occur according to Levitical rules.

The institution of the festival is attributed to Pope Gelasius, in the latter part of the fifth century, in many details showing itself to be a Christianization of the pagan Februalia celebrated in ancient Rome at about the same period. The special services of the day among Roman Catholics consist of a blessing of candles by the priests.

The Ford Model T One Ton Truck is now a little over three years old, and we have yet to hear of the first trouble it has given. That's because of the worm drive. Not a bit of power of the motor is lost through the worm drive. It simply cannot be. Up to the introduction of the Ford Motor Truck, you could get the worm drive in only the highest priced motor trucks. It is too expensive an equipment for ordinary priced trucks. That's one of the reasons why we put it on the Ford Truck. Quality in materials, scientific application of transmission of power, dependability in service and economy in operation are cardinal virtues in Ford production. These are what made the Ford "The Universal Car", and these are the qualities that will make the Ford One Ton Truck "The Universal Motor Truck". In town, in the city, in village and farm, the Ford Motor Truck is the essential necessity because it solves the problem of economical transportation. Let us have a chance to point out the superior merits of the Ford Motor Truck.

Come in and let us give you a demonstration. We will be only too glad to take your order and give you delivery with the least delay possible, and assure you of splendid "after service."
