LET FARM WOMEN WORK

A Detroit editorial writer, discussing the shortage of farm labor, suggests that the women of the farm go into the fields and take the places of the farm hands who have left for the cities to work in the factories. He did not exactly favor it—the idea smacks too much of "Old World" conditions—but he made the suggestion nevertheless.

The idea is an insult to the women of rural communities who already do more real work than their sisters in the cities, and then to suggest that in addition to their household duties they go into the fields and do heavy work to produce more food in an endeavor to reduce the high cost of living for the dollar-an-hour foreign laborers in the Detroit automobile factories, many of them hunkies, who work eight hours only and who frequently strike for higher wages—some idea, we'll say.

The labor proposition on the farm is a vital question and we are pleased to see it discussed, but when the city man infers that the farmers and the farmers' families are a sort of peasant class and suggests that the farm women go into the fields to help produce food for the aristocrats of labor in the city, our ire is roused.

We know that many farm women do "help out" in the fields in times of a "pinch" and we admire their "spunk" when they do, but to suggest that they make regular farm hands of themselves

NEW BAKERY FOR PINCKNEY

Ever since the Norton bakery burned Pinckney folks have been looking forward to the time when they could again get genuine Pinckney bread.

Now their hopes are about to be realized as Mr. E. D. Cappel has rented the Reason store and is installing oven and machinery for the manufacture of Pinckney Bread—the best of all.

Mr. Cappel intends to furnish all lines of baked goods and is also contemplating a candy kitchen. Where the sugar is coming from is the question that is uppermost with most everybody now, but the Pinckney Bakery and Candy Kitchen will no doubt find the sweetening somewhere.

A first-class professional baker has been engaged and will report this week, and Mr. Cappel expects to have his first bread on the market about May 15. Here is to the success of the Cappel bakery.

DOUBLE BIRTHDAY

Sunday May 2, quite a notable birthday celebration was held at the home of James Shirey in honor of his father J. H. Shirey who was eighty years old and the oldest of twelve children, and his brother John Shirey of Roscommon Co., who was sixty-two on the same day and the youngest of the family. Relatives from Ohio, Roscommon Co., Ingham Co., Pontiac and other parts of State were there in honor of the occasion, also many of the neighbors. After a grand dinner had been served to about fifty a pleasant afternoon was spent in a social way, by all present, after which all departed, wishing the two brothers many happy returns of the day.

Y CONFERENCE

The Livingston County Y. M. C. A. Conference for young men from 15 to 19 years of age will be held this year at Howell Friday, Saturday and Sunday May 14, 15 and 16. This is the second event of its kind ever attempted in the county and the extensive work that is being done to make it a success shows without doubt that it will surpass all former Y. M. C. A. events in the county.

Secretary John Strick has general charge of the conference, but the management of its details rests upon a committee appointed among Howell business men and Howell Hi-Y Club members.

The conference starts Friday afternoon, May 14, with the registration of members and a business meeting. The opening banquet will occur Friday evening and for this and other speaking sessions a group of speakers has been secured such as has never before been assembled in Howell at one time. Among these are Professor Henderson of the U. of M., Jerome Simpson of Pontiac, Walter Gospel, district state secretary, and Mr. Stanchfield, a traveler from India. Others are being negotiated with, whose promises to speak will undoubtedly be secured.

A group picture of the boys will be taken Saturday noon. The afternoon of this day has been set aside for athletics. It is the duty of the Howell Hi-Y Club to keep things going for this part of the program and they are making preparations for a big time. Judson Haymes, state association athletic leader, and Leon Yeakey, athletic instructor, will be here to lead the sports.

The main conference session is billed for Sunday. The whole three days will be full of enjoyment and instruction for those who attend.

Last Saturday a special committee went to Ann Arbor to complete the details of the program and to invite three of the University students to attend.

Livingston County is rapidly assuming an important place among counties of the state for its Y. M. C. A. achievements and this conference, the greatest event of the whole year, should have the support of all.

LIFE WAS A MISERY TO HER

Says this Woman Until Relieved by Lydia E. Pinkham's Vegetable Compound.

Carrollton, Ky.—"I suffered almost two years with female weakness. I could not walk any distance, ride or take any exercise at all without resting. If I swept the floor or did any kind of work it would bring my sickness on. I was weak and languid, had no energy, and life was a misery to me. I was under the care of a good physician for several months and tried other remedies. I had read of Lydia E. Pinkham's Vegetable Compound and decided to try it. After taking twelve bottles I found myself much improved and I took six more. I have never had any more trouble in that respect since. I have done all kinds of work and at present am an attendant at a state hospital and am feeling fine. I have recommended your Vegetable Compound to dozens of my friends and shall always recommend it."—LILLIAN TEAR, 224 S. 6th St., Carrollton, Ky.

Frantic With Pain

A Physical Wreck From Kidney Trouble, But DOAN'S Made Her Well.

"Kidney trouble made a complete wreck of me," says Mrs. Wm. Harvey, "but I had nothing left to live for."

For six months I was in bed and never expected to leave it alive. I was too weak to move without the help of my nurse and so nervous I screamed when she touched me. My back and head hurt like a throbbing toothache. I had awful dizzy spells, my eyesight failed, my hands and feet felt dead. I was pained all over. The kidney secretions looked like thick black coffee and burned terribly. They almost stopped passing and then my feet bloated like bags of water. I was frantic with pain, and thought I would lose my reason. I had lost all faith in medicine and tried Doan's Kidney Pills only because a dear friend asked me. Right from the start I began to feel better. Doan's cured me."

Stock Raising in WESTERN CANADA

is as profitable as grain growing. Successes as wonderful as those from growing wheat, oats, barley and flax have been made in raising Horses, Cattle, Sheep and Hogs. Bright, sunny climate, nutritious grasses, good water, enormous fodder crops—these spell success to the farmer and stock raiser. And remember, you can buy on easy terms

Farm Land at \$15 to \$30 An Acre

—land equal to that which through many years has yielded from 20 to 48 bushels of wheat to the acre—grazing land convenient to good grain farms at proportionately low prices. These lands have every rural convenience; good schools, churches, roads, telephones, etc., close to live towns and good markets.

If you want to get back to the farm, or to farm on a larger scale than is possible under your present conditions, investigate what Western Canada has to offer you.

Possibly Clerk Had More Information to Give Out, but Elizabeth Wouldn't Wait.

Elizabeth tripped blithely into the country post office.

"I want to know," she demanded with a tell-tale blush as she handed the clerk a pink communication addressed to her lover, "how long it will be before I get an answer to this letter."

"That depends," he answered; "if he's in jail they will let him write once a month only; if he's dead broke he'll have to wait till he can earn the price of a stamp, and I have no data upon which to base an opinion of his earning capacities. If he's ill in bed he may not care to dictate to a disinterested third party, and if it's smallpox they won't let him write at all; ditto, if he's dead. Then, again, if he's got a new girl—"

At which moment he realized that the fair Elizabeth had frown.—Pittsburgh Chronicle-Telegraph.

When a member desires a book that is not in a certain library, he files his application for the volume, which the librarian reserves for him on its return, notifying him that the book awaits his pleasure.

Now, it happened that one of the members applied for, but could not get at the time, a copy of a novel entitled "The Girl He Left Behind Him." In course of time a postcard arrived from the library, and as the member's wife is of a suspicious nature that postcard caused trouble, for it read:

"Mr. Toddles is informed that the girl he left behind him is now in the library, and will be kept for him till next Tuesday morning."—Pearson's Weekly.

A golfer's wife had just told her husband that she intended to leave him forever, not because he was a golfer, but for some other reason.

"Will nothing alter your decision? Will nothing induce you to stay?" he asked.

The wife was obturate.

"Well, he said, "It is a terrible shock, but while you are packing, I think I will go out on the lawn and do a little putting!"

This is reminiscent of a story of one of the heroes of golf, an Edinburgh innkeeper who lived a hundred years ago or thereabouts. He was so devoted to the game that he started playing at dawn and was seen at night putting on the greens by the light of a candle. At last his wife applied for a separation on the ground that her husband was not attending to his business.

He went to the court, admitted the impeachment, and said: "She can have all I got if she will give me so much a week to buy golf balls. She can look after the business!"

BEDFAST EVERY WINTER; STOMACH TROUBLE GONE

Mrs. Mershon Found Speedy Relief After 18 Years' Suffering.

"I had suffered from stomach trouble for 18 years, and had spent hundreds of dollars doctoring. Every winter I was bedfast most of the time. I commenced taking Milk's Emulsion last fall, and before I had taken six bottles my stomach trouble disappeared and I have had no return of it since. This is the first winter in 18 years that I have not been bedfast. I also give Milk's Emulsion to the children for croup, with splendid results."—Mrs. W. G. Mershon, Brazil, Ind.

"Thousands of people who have suffered for years from stomach and bowel troubles, as Mrs. Mershon did, have found the same wonderful relief and lasting benefit from Milk's Emulsion. Milk's Emulsion is a pleasant, nutritive food and a corrective medicine. It restores healthy, natural bowel action, doing away with all need of pills and physics. It promotes appetite and quickly puts the digestive organs in shape to assimilate food. As a builder of flesh and strength Milk's Emulsion is strongly recommended to those whom sickness has weakened, and is a powerful aid in resisting and repairing the effects of wasting diseases. Chronic stomach trouble and constipation are promptly relieved—usually in one day.

This is the only solid emulsion made and so palatable that it is eaten with a spoon like ice cream.

No matter how severe your case, you are urged to try Milk's Emulsion under this guarantee—Take six bottles home with you, use it according to directions, and if not satisfied with the results your money will be promptly refunded. Price 50c and \$1.20 per bottle. The Milk's Emulsion Co., Terre Haute, Ind. Sold by druggists everywhere.—Adv.

How He Did It.

Jones was very much surprised to see a lot of quite nice looking clocks displayed in a window, marked \$5 each.

He went inside and asked to see one.

"I don't know how you can do it at the price," he remarked. "It must cost that to make one of these."

"It does," replied the jeweler. "Then where does your profit come from?" asked Jones in amazement.

WHY DRUGGISTS RECOMMEND SWAMP-ROOT

For many years druggists have watched with much interest the remarkable record maintained by Dr. Kilmer's Swamp-Root, the great kidney, liver and bladder medicine.

It is a physician's prescription. Swamp-Root is a strengthening medicine. It helps the kidneys, liver and bladder do the work nature intended they should do.

Swamp-Root has stood the test of years. It is sold by all druggists on its merit and it should help you. No other kidney medicine has so many friends.

Be sure to get Swamp-Root and start treatment at once. However, if you wish first to test this great preparation send ten cents to Dr. Kilmer & Co., Binghamton, N. Y., for a sample bottle. When writing be sure and mention this paper.—Adv.

Brazil May Remove Capital.

A remarkable plan for the wholesale removal of the capital of a country is being considered in Brazil. It has been suggested that Rio de Janeiro be abandoned as the capital and an entirely new capital with all the accompaniments of an entirely new site established in the state of Guvaz. It is proposed to make the change in the course of five or six years.

FRECKLES

Now is the Time to Get Rid of These Ugly Spots.

There's no longer the slightest need of feeling ashamed of your freckles, as Othine—double strength—is guaranteed to remove these homely spots.

Simply get an ounce of Othine—double strength—from your druggist, and apply a little of it night and morning and you should soon see that even the worst freckles have begun to disappear, while the lighter ones have vanished entirely. It is seldom that more than one ounce is needed to completely clear the skin and gain a beautiful clear complexion.

Be sure to ask for the double strength Othine, as this is sold under guarantee of money back if it fails to remove freckles.

Identified.

"This," smiled the fond young wife, as she passed a plate of pudding to her husband, "is cottage pudding. I made it myself."

The husband tasted it. "I'd have known it was cottage pudding," he returned.

"Would you?" she asked, delighted. "Yes; I can taste the plaster and the wall paper."—The Queenslander.

A Lady of Distinction.

Is recognized by the delicate fascinating influence of the perfume she uses. A bath with Cuticura Soap and hot water to thoroughly cleanse the pores, followed by a dusting with Cuticura Talcum Powder usually means a clear, sweet, healthy skin.—Adv.

CHIHUAHUA SEIZED BY REBEL FORCES

STATE OF TABASCO DECLARES IN FAVOR OF REVOLT HEADED BY SONORA.

REVOLUTIONISTS TAKE 4 TOWNS

United States Cruisers Protect American Lives, and Property At Mazatlan and Tampico Ports.

Washington—The federal garrison of Chihuahua, was defeated in a battle with the rebels and all state and federal offices have been taken over by the revolutionary officers, according to official advices received by the state department.

Much fighting occurred in the city streets. Governor Salinas and other officials have been placed under detention.

General Guerrero, federal commander of the Sixty-second battalion, declined to join the revolt, but surrendered after severe fighting. All Americans are reported safe.

Don Carlos Green, governor of the Mexican state of Tabasco, has declared in favor of the Sonora revolution, according to information reaching the Sonora agency here. Green, who is the descendant of an American, has been in revolt against the Carranza government for some time, but had not previously endorsed the Sonora revolution.

Rebels Take 4 Coast Towns.

San Antonio, Tex.—Four coast towns in the state of Tamaulipas, Mexico, in addition to the town of Jiminez in the same state, whose occupancy by a rebel force already has been reported, have been captured by revolutionists, according to reliable reports received here. These four towns are San Fernando de Pressas, Padilla, Cruillas and Quijano.

Cruisers Protect Americans.

United States Cruisers protect Americans at Mazatlan and Tampico, where they were ordered in response to the request of American representatives in those cities that protection be afforded American life and property. Commanding officers of the two vessels had made no report as to the situation in the two ports.

The state department announced that George T. Summerlin, American charge at Mexico City, who has been in Washington conferring with department officials, had left Laredo for the Mexican capital.

Official dispatches from Mexico stated that 600 federal troops reached Vera Cruz and were sent to Alvarado, a few miles south of Vera Cruz, where the federal garrison had revolted and looted the town. Railway and telegraph communications between Juarez and Chihuahua City remained interrupted and trains going south from Juarez have been compelled to return after having made only half the distance to Chihuahua City.

Banditry is reported near Guadalajara, where the Mexican government reported General Dieguez had 8,000 federal troops mobilized. The bandits seized the power plant outside the city and shut off the light, power and water from the city.

Refugees Reach Los Angeles.

Los Angeles—Carrying 61 passengers, most of whom were reported to be American refugees from Mexico, the Pacific steamer Senator of the Admiral line has arrived at quarantine. The Senator left Mazatlan, the last Mexican port at which it stopped, April 21. It was there that most of the refugees were taken aboard and where conditions were described as "unsafe."

NOW DENIES HE SLEW GIRL

Best Repudiates "Confession" Previously Made.

Pontiac.—Repudiating all statements he has previously made to officers and newspaper men with regard to the killing of Miss Vera Schneider, telephone girl, strangled to death Saturday night, Anson Best, Flint young man, denied he had any part in the slaying, asserted he had never seen the girl before he looked at her lying dead at 25 Douglas street, when police stopped him before the house, and declared it was fear of the officers which impelled the statements he had made.

Best, according to officers, further amended the confession claimed by Prosecutor Gillespie, declaring his previous statement that Miss Schneider asked him to kill her was untrue. Before his attorney, Ralph T. Keating, Prosecutor Gillespie and a newspaper man, he denied absolutely all his former admissions, branding them as completely false.

Baby Specialists.

THAT there are Physicians who specialize on Infant ailments you know. All Physicians understand Infant troubles: all Physicians treat them. It is his profession, his duty, to know human ills from the Stork to the Great Beyond.

But in serious cases he calls in the Specialist. Why? He knows as every Mother knows, or ought to know, that Baby is just a baby, needing special treatment, special remedies.

Can a Mother be less thoughtful? Can a Mother try to relieve Baby with a remedy that she would use for herself? Ask yourself; and answer honestly!

Always remember that Baby is just a baby. And remembering this you will remember that Fletcher's Castoria is made especially for Infants and Children.

CASTORIA

The False and the True.

Advertising by the use of large space, the expenditure of huge sums of money have placed on the market, have put in your home, perhaps, many articles that today have been discarded, as you will readily admit.

Do you recall anything that has more modestly appealed to the public than has Fletcher's Castoria: modest in all its claims, pleading at all times—and truthfully—for our babies?

The big splash, the misleading claims may win for a time, but the honest truth-telling advertiser is like the old story of the tortoise that beat the hare.

Mothers everywhere, and their daughters, now mothers, speak frankly, glowingly, enthusiastically in praise of Fletcher's Castoria. Speak of it lovingly as a friend that has brought comfort, cheer and smiles to their little-ones.

There are substitutes and imitations so there are for the diamond.

Some have had the signature of Chas. H. Fletcher and a copy of the genuine wrapper kept constantly before you that you may guard against the false and the untrue.

On Detail.

Private Napoleon Booker Washington Simpson had obtained leave of absence to visit his buddy, who had been wounded and was in a nearby field hospital. He was stopped at the entrance by an army nurse, who asked him what he wanted.

"Has you got a dark complected man named Johnson what's been shot in his hospital?" he inquired.

The nurse replied that there was such a person there, adding, "But he's convalescing now."

"Ah beg yo' pardon?" said Nap perplexedly, scratching his wool.

"He's convalescing now," she repeated.

"Well," said Napoleon, "if yo' don't mind, I'll set right here and wait till he gets through."—The Home Sector.

Catarrhal Deafness Cannot Be Cured

HALL'S CATARRH MEDICINE acts through the blood on the mucous surfaces of the system. Catarrhal Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube is inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed, Deafness is the result. Unless the inflammation can be reduced and this tube restored to its normal condition, hearing may be destroyed forever. Many cases of Deafness are caused by Catarrh, which is an inflamed condition of the Mucous Surfaces. ONE HUNDRED DOLLARS for any case of Catarrhal Deafness that cannot be cured by HALL'S CATARRH MEDICINE. All Druggists 75c. Circulars free. F. J. Cheney & Co., Toledo, Ohio.

Just Too Late.
 "Some men are almost too spiteful to live."
 "What's the matter?"
 "There's Budkins who took out a \$50,000 insurance policy for his wife and then outlived her a month."

Knotical.
 Ship's Officer—Yes, she's a smart little craft and can steam thirty knots.
 Dear Old Lady—How thoughtful of you. I suppose you steam the knots so that the sailors can untie them easily in this cold weather?

SOME DINNER.
 "Was it much of a dinner?"
 "I should say it was. There were seven different kinds of forks at each plate."

Safety First.
 A crazy motorist is he,
 He opens wide the gas,
 His driving motto seems to be:
 "They shall not pass!"

Quite Otherwise.
 "Your charges are simply outrageous," complained the guest who was at the shore hotel for his health.
 "Hold on!" protested the landlord. "You forget I'm not at this hotel for the same reason that you are."

Weak Links in a Strong Chain

That's just what imitation parts are when they become a part of your Ford car. They look strong enough, but the metal isn't there—the strong, durable Vanadium steel that goes into the Ford Chassis and every Ford part. Ford parts are specially cast and heat-treated, each according to its use. Some require a hard flint-like wearing surface, others need resiliency, and some need just "toughness." Ford metalurgists have been studying these problems for sixteen years, and know just how each unit should be made to endure a maximum of wear and tear. They know that best results can be obtained only by the use of special formulas for different parts, and that honest Ford parts wear from thirty-five to 100 per cent longer than counterfeits.

We carry complete assortments of genuine Ford parts for both passenger cars and trucks. And our garage is equipped to give careful, prompt, Ford service—from minor adjustments to complete overhauls. Drive in, its better to be safe than sorry. Come to the Authorized Ford dealer for service.
