BURGLARS IN PINCKNEY

Saturday night the Grand Trunk depot was broken into but the thieves were unrewarded for their trouble. The Standard Oil station nearby was also visited the same night and the proceeds for the burglars can be represented by a cipher. Except for the damage done in each instance there was no loss.

These are the latest of a series of burglaries committed in Pinckney recently. Some months ago the school house was broken into and damage to quite an extent was done by the vandals, and some cash was stolen from the Superintendent's office.

More recently the elevator was broken into and between twenty and thirty dollars taken. W. H. Clark, Grand Trunk agent, says the burglars were committed by boys in his opinion; the entrances were made in the same way, by forcing windows open.

ANOTHER NARROW ESCAPE

Last Thursday morning Frank E. Mowers had an experience he will remember for a long time to come.

While on his way to Howell north of the Ernest Frost farm his automobile crashed through the road fence at the ditch crossing, the Dodge catapulting into the ditch about 8 feet below the roadbed. Mr. Mowers was thrown through the windshield and landed several feet in front of the car.

F. E. Weeks, who was following, took the injured man home and the car was taken out of the ditch and brought back to Pinckney. Mr. Mowers suffered from the shock and two bruises and at first it was feared he was injured internally but the fears seem to be groundless as he has now almost completely recovered.

Just what caused the auto to make the dive into the ditch is a mystery as the road was clear—no autos approaching.

The car itself, while damaged considerably was driven to Pinckney on its own power. It was afterward taken to Howell for repairs.

AFTER MANY DAYS

Valentine G. Dinkle says there is truth in the old saying "When thieves fall out honest men get their just dues."

A few months ago, while Mr. and Mrs. Dinkle were visiting in Detroit the cellar of their home here was broken into and a barrel of cider was taken therefrom. Mr. Dinkle made no complaint about the burglary but kept quiet and "hid his time."

Saturday night some young men had some trouble in town and before the matter was finally adjusted the cider thief was named and Mr. Dinkle says he now has a good chance to collect for his loss or get legal satisfaction.

CARR—KETTLER

Miss Agnes M. Carr, daughter of Mr. and Mrs. S. H. Carr, and Mr. Milo Kettler, oldest son of Mrs. Floyd Reason were married Saturday afternoon at Howell by Rev. West.

They were attended by Mr. Dale Kettler, brother of the groom and Miss Nelta Wilcox.

Mr. Kettler has a position with the Ford Motor Co. at Detroit and Miss Carr is a Pinckney graduate of 1922. They expect to reside in Detroit for the present.

PRE-NUPTIAL FESTIVITIES

Thursday, August 17, Mrs. Robert Jack gave a shower in honor of her sister, Miss Agnes Carr, a future bride.

Features of the evening consisted of a mock wedding with Mrs. Wm. Meyer as Rev. Dewitt Wright, Mrs. M. J. Reason as the bride, Mrs. Harry Lee as the groom, and Mrs. Cicely as the best man.

Luncheon consisting of ice cream and cake was served, after which the bride to be was placed in the center of a circle of her friends and presented with a host of presents, which were truly miscellaneous.

Friday August 18th the home of Mrs. Floyd Reason was the scene of a very pretty shower given in honor of Miss Agnes Carr, with Mrs. Wm. Meyer acting as hostess.

Twenty-one of Miss Carr's classmates and near friends were present, each of whom presented her with some very useful gift.

A luncheon of punch, sandwiches, and orange ice was served, after which the young people square danced while the hostess did the "calling."

At ten o'clock the party broke up, each guest congratulating the new bride to be.

L. A. S. LAWN SOCIAL

The Ladies Aid Society will hold a Lawn Social at the home of Mrs. Floyd Reason on Saturday evening August 26. Everyone come and have an enjoyable time.

TEACHERS' MEETING

A "Get Together" of all rural teachers of Livingston County will be held in the Auditorium of Howell Central School on Tuesday August 29. First session begins at 9 A. M. Inset time, and every teacher is urged to be present.

FRANK E. MOWERS

Candidate for
 Drain Commissioner

Republican Ticket
 Livingston County

Frank E. Mowers, who has decided to seek the nomination for Drain Commissioner for Livingston County is an experienced man in drainage of farm lands, having served his county as Drain Commissioner for two terms about twelve years ago, and was re-elected by a larger majority than he received at his first election. He has also been Highway Commissioner for Putnam Township two terms.

He is 51 years old, has lived in Livingston County 35 years and for 25 years was a successful farmer, having developed his farm from what was practically a wilderness to one of the most productive farms in his vicinity.

As he has always made a study of farm drainage and having had a great deal of practical experience in that line he is particularly well fitted for the office which he filled so acceptably twelve years ago.

Thoughts for the Children.

To help a child to become unselfish, self-reliant, kind, thoughtful, considerate, honest, and independent; to train to habits of usefulness; to promote purity of thought and life; to have even some small part in awakening loftier purposes and higher aspirations; to arouse in the minds of boys and girls an honest and sincere hope to be able to make happier the school, the home, the community, the state, the nation, and the world—should be the greatest ambition of every teacher.—E. C. Barrett.

PEARL M. PARKER
 of Oceola

Candidate for
 County Treasurer
 on the Republican Ticket

A graduate of the Howell High School and a successful teacher, will appreciate your support at the Primary Election.

Fish Swim Upside Down.
The human has it on the vast majority of fishes, in that he can swim on his back. There is, however, just one member of the finny tribe that does it quite often. This is an inhabitant of tropical waters, known as the globe fish. The skin on the underside of this fish is loose and can be filled with air at will. When the fish blows itself out in this manner, it naturally turns on its back and goes the way it is that position.

The North Lake base ball team invaded Pinckney Sunday and defeated the town team in a slugging match. Only 46 runs were scored by the teams, the score being 24-22. Hardly any of the Pinckney regulars played their usual places. As no pitcher was available, the outfielders took turns pitching.

Wales Leland has received a letter from Henry Ford enclosed with the abstract on the Leland farm. The letter states that "owing to conditions lately developed" the Ford project at the Reeves mill pond will be discontinued at this time. This does not mean that the Pinckney project will be abandoned as Ford has already closed all the options here. It is rumored that one of the interested parties in the properties wanted for the Reeves water power has asked a price for their land that Ford is unwilling to pay and so has decided to drop the whole matter.
