PINCKNEY-MICHIGANIAN TO PLAY LANSING TEAM SUNDAY

The Pinckney-Michiganians will play the M. & A. Electric team of Lansing here next Sunday at 3:30 p. m. This team comes well recommended and are a class A team. Pinckney has a good team this year and the management wishes to thank the people of this section for the manner in which they have supported the team, the last three games and hope that they will continue to do the same. It is planned to play right straight through to Labor Day when they meet Dexter there in the annual classic which is a feature of St. Joseph's Picnic held each year.

The following are some of the games scheduled: June 30, M. & A. Electric of Lansing here; July 4, Whitmore Lake there at St. Patrick's Picnic; July 14, Patterson here; July 21, Dexter there; August 4, Williamston here; St. Mary's Picnic, Dexter here; August 18 Whitmore Lake here, Labor Day, Dexter at Dexter. There are still few open dates but negotiations are underway to schedule two games with Chelsea. This is a strong team having won all games up-to-date.

SOPER PATTEN

The marriage of Miss Evelyn Soper and Don Patten took place at Toledo, Ohio, Saturday June 22. The bride is a daughter of Mr. and Mrs. Claude Soper of Pinckney and member of the P. H. S. graduating class of 1927 and for the past year has been employed at the Red Band Motor Co., Howell where the groom is also employed. They will reside at Howell. In behalf of her old schoolmates and friends the Dispatch extends congratulations.

ANNUAL P. H. S. COMMENCEMENT HELD WEDNESDAY NIGHT

One of the largest assemblies in the history of Pinckney filled the Community Hall to overflowing Wednesday evening on the occasion of the annual Commencement night.

The stage was appropriately decorated with class colors, yellow and blue and bedecked with flowers, ferns and palms. Above it was suspended the class motto, "Sincerity, Simplicity, and Service." To the strains of the march played by Nellie Gardner the graduates entered the hall, the seven girls being dressed in white and the three boys in black. The invocation was given by Rev. E. F. Eick and the salutatory or welcome by Miss Wilhelmina Bourbonnais. Miss Louis Grainger then gave the class history in which she reviewed the four years of its existence and the gradual decrease in membership until only a few arrived at the finish. This was followed by a song by the high school Glee Club. James Nash delivered the class will in exceptional style and was followed by Miss Berdella Euler who gave the class prophecy in which she looked far into the future and told of the careers of the various classmates ten years hence. Miss Euler represented herself as station "P. H. S." broadcasting from the top floor of the Pinckney Community Building. Miss Viola Burnett, as class gittatorian presented her various classmates with gifts suitable to their tastes. A vocal solo by Rev. E. F. Eick was next in order and he responded to an erudite core. The class oration was delivered in her inimitable style by Miss Marion Derkis. This is the same oration on which she received 4th prize in the county oratorical contest. Miss Vivian Kingsley recited the class poem in her usual pleasing manner and was followed on the program by the high school Glee Club who rendered another selection. The class valedictorian, Miss Helene Feidler, then bade farewell to her schoolmates, the faculty and friends of the school years reviewing the many happy moments of the past four years. Supt. J. P. Doyle with a few appropriate words presented the diplomas to the different members.

Then came the presentation of the scholarship medals and awards. The silver medal given to the student having the best mark in American History was won by Miss Viola Burnett. This is given by the Sons of the American Revolution and is made possible through the courtesy of Edward T. Kearney of Sioux City, Iowa, former Pinckney boy. The Albert and Sarah Wilson memorial prizes for the students having the highest averages in English were next awarded. Four girls, Viola Burnett, Wilhelmina Bourbonnais, Vivian King and Helene Feidler were found to be tied for first place. Twenty-five numbers ranging from 1 to 25 were placed in a box and the four girls each drew a number. Miss Wilhelmina Bourbonnais drew No. 25 and was awarded first prize \$15 in gold. Miss Viola Burnett drew No. 23 and won second prize \$10 in gold. These awards are made possible by the generosity of Lucius Wilson of Chicago, another former Pinckney boy.

Taken all in all it was one of the most successful commencements ever held in Pinckney and each and every part was exceptionally well taken showing careful preparation and study.

ANNUAL P. H. S. ALUMNI REUNION HELD SATURDAY

All Previous Attendance Records Broken at Annual Assembly Held at Winan's Lake Country Club.

The most successful reunion of the Pinckney High graduates was held at the Winan's Lake Country Club near Lakeland last Saturday evening. 240 banquet tickets were sold, shattering all previous records. The old grads started arriving about 5:00 p. m. Coming from Ohio, Illinois, the upper peninsula, Canada and all parts of Michigan, Detroit undoubtedly was the largest contributor with Lansing, Jackson, and Flint close seconds. The hour from 5:00 to 7:00 p. m. was spent in renewing old acquaintances and inspecting the grounds of the Country Club. This is situated on the old homestead of the late Gov. Edwin Winan's. The club contains a golf course measuring 2853 yd. to which the old grads were given free access. The club house is built on the brow of a hill overlooking beautiful Winan's Lake the shores of which are covered with pretty groves.

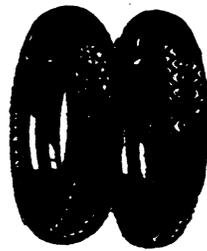

Some one has said "There is no beauty, no work of man equal to that of forest groves, of shimmering lakes set like diamonds in an emerald of green with soft waves lapping on a shell-strewn shore." For these are not the work of human hands but of an almighty God who strews His bounties for the use of man.

The manager of the club this year, taking the place of Albert Gaustin, is Ernest Harris of Detroit manager of the Stauffer Sandwich shops of that city for the past four years. Mr. Harris is a retired British army officer who ranked as captain in the World War which called so many of the graduates of every nation to duty "over the top." Myron Hendricks, a local man, charge of the grounds which have looked better than at the present time.

About 7:00 p. m. the old grads began to march in to take their places at the banquet table. These were set in the wide and spacious veranda which runs around the club house and in the ball room. An excellent banquet was served by Capt. Harris and his assistants to which the guests, their appetites put on edge by the lake breezes and country air did ample justice. At the conclusion of this R. T. Read, president of the Alumni Assoc. welcomed the assembly and introduced Norman Reason the toastmaster. Mr. Reason took the floor and with a few remarks called on Roy Teeple recently of Manistique, Mich. Continued on page 3.

I Wouldn't Be
Without My
Goodyear Balloon Tire

The customer who told us that was one of the slowest converts to balloon tires. He held back a long time. Wondered if balloons were "durable."

We showed him Goodyears are—showed him how Goodyears are made of that remarkably tough and elastic new cord fabric, SUPERTWIST, developed in Goodyear mills for these extra-flexible, extra-strong Goodyear Balloons.

He thought they must "cost a great deal." We surprised him with the low prices of our Goodyear Balloons.

Gave him a square allowance in the miles left in his old tires, too.

He "couldn't spare the time." We changed over for him in less than an hour.

Try and get him off Goodyear Balloon Tires now. Are you ready for Goodyear Balloons? Call us right now!

The strike of the graduating class of the Leslie High School because two of their number were denied diplomas has aroused state wide comment. The entire class refused to attend the baccalaureate or commencement exercises. The two boys denied graduation are said to be athletic stars and to have won many laurels for the school. Supt. Clay refused to give any reason for his action in not granting them diplomas, merely stating that "they were unfit." The entire town is aroused and is siding either for or against the boys. It would seem to the average person that Supt. Clay was lacking in diplomacy and ingenuity, both of which qualities were badly needed in a case like this.

Livingston County lags behind other counties in the adoption of many highway safety devices. Oakland county has red glass signs placed at all sharp turns and corners to warn the motorists. Livingston turn signs and corners are unprotected as their printed signs can not be seen at night. This county also neglects to use calcium to lay the dust on its county roads as many other counties do.

The great battle which was to have been fought on the Detroit River between the Custom patrol and bootleggers has not yet come to pass and probably never will. A few people going home from prayer meeting at 3:00 a. m. have been hit by stray bullets and that is about all.

STATE OF MICHIGAN In Circuit Court for Livingston County In Chancery Plaintiff William F. Peters vs- Defendant Nellie Peters. ORDER OF PUBLICATION Suit pending in the Circuit Court for Livingston County, In Chancery, on the 13 day of June, A. D. 1929. At the City of Howell in said County.

REPUBLICAN ANNIVERSARY With Secretary of Agriculture Arthur M. Hyde and Hon. Hubert Work as the principal speakers, the Diamond Jubilee to be staged in Jackson July 6 by national Republicans will no doubt go down in history as one of the greatest G. O. P. gatherings outside the national conventions. At least 50,000 persons are expected to be here from over the state and nation for and affair.

Secretary Hyde is known as the orator of the cabinet and with farm relief a major issue in the national capital, he is known also as the key man of the cabinet. He will give the main address on the program July 6.

A pilgrimage to the scene of the founding of the party "Under the Oaks" will be made in the morning, where Congressman Earl C. Michener will speak.

Luncheons will be held for distinguished guests at noon, while a monster parade gets underway at 1:30, going directly to the stadium where the program of the day is completed with music and speeches.

The delegation from Washington will come by special train, leaving the capital late Friday afternoon July 5 and arriving in Jackson at 9 o'clock on the day of the celebration. Another special train will leave Chicago at midnight Friday arriving at Jackson early Saturday morning.

Ancient Sanitation Ancient Rome was far better supplied with water and public baths than modern London. The ancients, like us moderns, combated fever by draining towns and marshes. The greatest physicians of the past, among them Hippocrates, the "Father of Medicine," recognized that prevention is better than cure. They anticipated the teachings of the New Health society, and we can learn a great deal by studying their writings.

Harry Whitehead and a friend were strolling along the beach at Marblehead, Mass., where they engaged in conversation with a genuine "Marbleheader."

"By the way," said Harry's friend, "I happen to know one of your prominent citizens."

"Who is he?" asked the Marbleheader. "Mr. So and So."

"He ain't at all prominent, nor entitled to prominence," indignantly replied the genuine Marbleheader. "The man has lived in Marblehead for 25 years, and he's a first-class citizen."

WEDDIGES OIL STATION

ROBBED FRIDAY NIGHT

Last Friday night or early Saturday morning someone broke into Weddige's White Star Oil Station at the corner of M-49 and Dexter road and helped themselves to \$200 worth of stuff. Entrance was gained by smashing in a rear window. Among the articles taken were several automobile tires, a number of tubes, a slot machine, a battery charger, and many other articles. Harry Murphy and Wayne Carr passed there at 2:00 A. M. Saturday and saw a large auto parked at the oil station but thought nothing of it as the occupants were apparently busy changing a tire. It is thought that they were the thieves.

The oil stations in Pinckney have been heavy losers through robberies the past few years. Lee Lavey lost \$500 worth of goods about a year and a half ago. W. H. Meyer a similar amount and Slayton & Son have been visited twice. This is also the second visit the thieves have made to Mr. Weddige.

Sunday Horace Teft, 21, of Howell and William A. Stewart, 33, of Sault St. Marie were arrested by State Trooper Carlson about a mile outside of Webberville while they were changing a tire. Trooper Carlson arrested the men when he noticed that their license number 48-565 was that of a car wanted by Sault St. Marie police. Their car was filled with loot stolen from Williamston, Pinckney, Webberville, and Howell garages and they revealed the hiding place of much more. Mr. Weddige was called to Howell Monday and recovered most of the articles stolen from him.

FISHERMAN DROWNS

IN THOMPSON LAKE

The body of Carl Hanson, of 2765 Springwells avenue, Detroit, former Howell resident, was recovered from Thompson Lake shortly before noon Thursday by Livingston county sheriff's officers who had been dragging the lake since early morning when Hanson's boat was found in the lake empty.

Hanson's body was discovered in about 25 feet of water about 10 feet from where his boat was anchored. His watch had stopped at 6:55 o'clock indicating that the man drowned soon after he went onto the lake, at about 6 o'clock. The physician who examined Hanson's body said that the lungs were full of water and that he died by drowning.

Hanson came to Howell from Detroit Thursday night for a fishing trip. He rented a boat from Harry Hagman who lives near Thompson lake. His coat and fishing tackle were in the boat.

HOLDS THE WAIVER TO BE BINDING

James Crumbaugh of Lakeland is alleged to be defying the law on technicalities, and has several liquor cases pending against him. In this particular case the search of his place is claimed to have been made without a search warrant. On May 11 last, Mr. Crumbaugh gave the Sheriff's department a general waiver allowing them to search his place at any time without a search warrant. It is claimed that Hiram Smith as attorney for Mr. Crumbaugh, afterwards told the officers that this waiver was canceled.

In the case at bar, Mr. Crumbaugh's attorneys claimed that Mr. Smith's notice did away with the waiver and the officers had no right to search. Judge Yelland asked for briefs and took time to look up the questions raised. When the case was called this morning he held that Mr. Smith's verbal notice as attorney for Mr. Crumbaugh, was not sufficient to annul the waiver, and held Mr. Crumbaugh for trial in circuit court. —County Press.

Gum-Dipping

Shatters All Endurance

RECORDS

When we say "Gum-Dipped" it's just the same as saying

Firestone

Firestone Gum-Dipped Tires have held first place in every official test of ruggedness, endurance, toughness, and safety. Firestone Gum-Dipped Tires stand the shocks—the bumps—the constant speed of the fastest motor car trips ever made from coast to coast. They carried the Studebaker Presidents which traveled 30,000 miles in 26,326 minutes. On race tracks—over mountain and desert—on smooth pavements—Firestone Gum-Dipped Tires have shown themselves the toughest, strongest, most rugged, and safest tires you can put on your car.

U. OF M. IS GIVEN \$250,000 GRANT

A quarter of a million dollars, distributed over a five-year period, has been granted the University of Michigan for humanistic studies and the promotion of a dictionary of old English terms, it has been announced from the offices of the president. The general education board of New York City, founded by John D. Rockefeller, is the donor.

It was at the request of the university for financial assistance in carrying on research work in the ancient arts that the grant was made, according to the announcement. By humanistic studies is meant the study of man on a broad scale, including archaeology, and related sciences, it was explained.

Of the total sum, \$100,000 is to be used in connection with the dictionary of old English words and terms. Professor C. C. Fries of the university English department here is editor of the projected publication. It will take five years to complete the work, \$20,000 having been appropriated annually for its completion.

The remaining \$150,000 is to be used to defray the expenses of university scientists engaged in the study of man and in the publication of their findings. Michigan expeditions to Antioch, Karanis and Mesopotamia are included in this group.

Here Are Rules of Outdoor Behavior

The following code of ethics for campers, tourists, fishermen and other outdoorsmen has been prepared by the conservation director of thezaak Walton league in preparation for the opening of the vacation season:

1. Your outdoor manners tell the world what you are at home.
2. What belongs to the public isn't your own. Play fair.
3. Respect the property of rural residents and ask permission before using it.
4. Save fences, close gates and bars, go around planted fields.
5. Do your shooting only where it is absolutely safe.
6. Respect the law. Take enough legal fish and game to eat, then quit.
7. Protect public health. Keep springs and streams clean.
8. Clean up your camp and do not litter the highways with trash.
9. Carelessness with fire is a crime.
10. Leave flowers, young trees and shrubs for others to enjoy. Don't peel bark. Help keep outdoor America beautiful.

Saginaw Girl Wins First State Prize

Miss Mary McGill of Saginaw, junior at Michigan State Normal College, has been awarded first state prize in Michigan in the national competitive examination held throughout the country for normal school students. This announcement was made by Prof. Jesse S. Reeves, head of the department of political science, University of Michigan, and chairman of the committee on award for Michigan. Miss May Littlefield of Royal Oak, student at Detroit Teachers College, has been awarded second prize.

The examination was conducted by the League of Nations Association. It was designed to meet the students' understanding of the work and organization of the League of Nations and also to assist them in applying this information in their teaching of international relations.

The first prize, a trip to Europe this summer, including attendance at the World's Federation of Education Association and the tenth assembly of the League of Nations in Geneva, was won by Miss Edith Garrison of Trenton, N. J.

The prize of \$25 was presented to Miss McGill at the commencement exercises of the normal college. The prize is the gift of Mrs. Willard Pope of Detroit, an active member of the League of Nations Association.

Albion Approved

Albion college has been placed on the accredited list of the American Association of University Women and its women graduates will be eligible to join that organization. President John L. Seaton of the college announced. The University of Michigan and Hillsdale college are the only other accredited schools in Michigan.

Poems That Live

THE COW

Thank you, pretty cow, that made Pleasant milk to soak my bread, Every day, and every night, Warm and fresh, sweet and white.

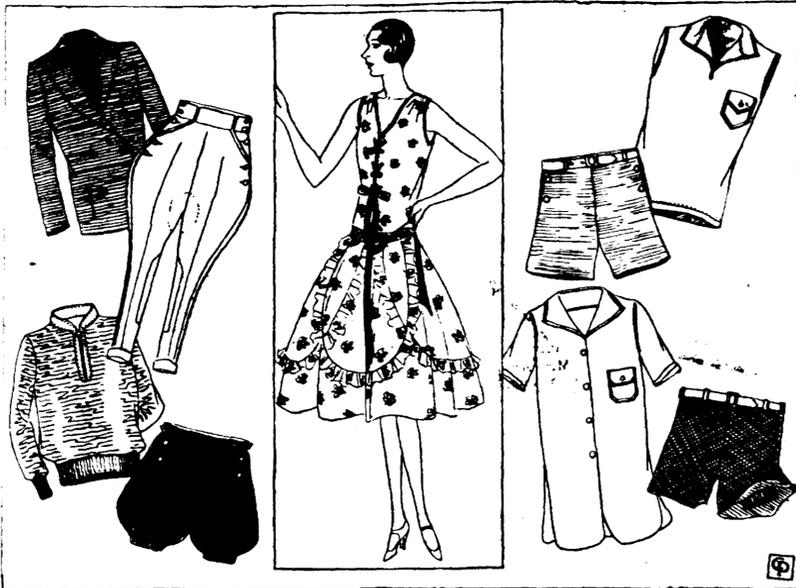

Do not chew the hemlock rank, Growing on the weedy bank; But the yellow cowslip eat, They will make it very sweet.

Where the purple violet grows, Where the bubbling water flows, Where the grass is fresh and fine, Pretty cow, go there and dine.

—Ann Taylor (1782-1866).

Camp Outfit Rejects Skirt Except for Dress

By LUCY CLAIRE

Skirts are almost entirely eliminated from the camp outfit in these days of greater femininity, but more practical clothing for sports. The girl going to camp will require one simple little frock for dress-up occasions, and perhaps a tennis frock with a bright colored jacket for wear on trips away from camp, and these with the traveling frock she arrives in, will really be all in the way of skirts she requires.

For the dress-up occasions, the little frock sketched is practical. It may be of figured silk or voile of the wash variety. Her tennis frock will naturally be white, also of the wash variety, and a pair of white kid shoes will answer for both.

But it is of the camping clothes, those designed for active sports, that we want to talk. There is a change in these, particularly in the bloomers and knickers worn a few seasons ago. All fullness is now eliminated from the garments except where it is necessary for greater freedom of action. English shorts replace the knickers, and the bloomers are snugly fitted around

the hips, with just enough fullness to give them the appearance of shorts when the elastic band is pushed up well above the knee. Serge, satine or poplin is the favored fabric. Those sketched at the lower left are so cut that the fullness is thrown to the legs, while the hips are snugly fitted.

The shirt that goes with these bloomers is cut like a man's shirt, with tails that tuck in and stay down. The shirt is sleeveless, or has sleeves ending above the elbow, like that sketched at the lower right. The shorts shown with this shirt feature an inner cuff that prevents their riding up, and a mechanical side closing. The regulation belted English shorts are shown at the upper right with a sleeveless shirt with convertible collar.

Fatigue Coat Convenient

The English fatigue coat, as sketched at the upper left, while not absolutely necessary, is convenient for an extra wrap with the shorts. It comes with monogram pocket, and is especially attractive for the very young girl. Where there is horseback riding, a pair of riding breeches should be added to the outfit. They may be of white linen, whipcord or gabardine. Those shown in the sketch

are of linen, and button on both sides of the hip to secure a snug fit.

The whole idea of the camping outfit is to eliminate superfluous clothing. The general endorsement of the suntan vogue is taken into consideration, not as the freak of fashion, but as a health measure, and clothing is eliminated wherever possible. Underwear is reduced to the minimum. Shirts for outer wear are combined with shorts for inner wear, thus with the knicker-bloomers or the English shorts, reducing the costume to two garments, and eliminating the unnecessary layers in underwear. Beret and gobs hats, which expose the face to the sun, are adopted, and stockings are replaced by short socks. The bathing costume is invariably the one-piece swimming suit, with very short skirt, or no skirt at all.

The lace to toe sneaker, built on boys' lasts, with crepe soles and reinforced ankle, is considered the most practical footwear for camp life. For the dancing class work, which is part of the routine in many camps, the barefoot sandals are preferred to ballet slippers, and the regular rehearsal romper is adopted for this part of the program.

BUSINESS WOMEN

MEET JULY 7 TO 13

Seventeen hundred women, members of 37 clubs that comprise the Michigan Federation of Business and Professional Women, are engaged with plans for the tenth annual convention of the national federation at Mackinac Island, July 7 to 13. Fully 3,000 delegates are expected.

Under the leadership of the central convention committee, of which Miss Marion McClench, member of the Ann Arbor Business Women's club and recording secretary of the national federation, is chairman, arrangements for the task of entertaining the delegates are assuming definite form.

The Grand Rapids Business and Professional Women's association, one of the three oldest clubs in the federation, under the chairmanship of Mrs. Louise M. Larzelere, president, has assumed responsibility for the banquet, which will precede the international night program. The Grand Rapids club, led by Miss Caroline Salisbury, past president, also will be in charge of all arrangements for the emblem breakfast, an annual feature of the convention.

Miss Eva Mulholland of Greenville is chairman of the committee on exhibits and Miss Ina Davis, president

of the Belding club, is subchairman. Miss Agnes Johnson of Cadillac is chairman of the floor committee, with Miss Eva Young of Traverse City as subchairman. Mrs. Verna Luther of Muskegon is in charge of music.

Ionia will preside at the information desk under leadership of Miss Ivy Patten. Miss Mabel North, Allegan, and Miss Anna VanHorsen, Grand Haven, are subchairman.

New York Minister May Get Board Job

Rev. Jacob VanEss of Catskill, N. Y., has been nominated by the particular synod of Albany as its representative on the board of superintendents of Western Theological seminary as successor to Rev. G. Hondelink of Rochester, N. Y., whose term expires. Mr. Van Ess is an alumnus of Hope College.

\$2,500,000 Plant Assured

Charlevoix is assured a new plant to cost \$2,500,000 within the next two years as the result of recent action by the city council in granting four and one-half acres and a 50-foot right-of-way to the Newwayo Portland Cement Company of Charlevoix. It is understood that the cement company will complete the erection of a huge lime plant on the plat just deeded to it.

Grandmother Honor Graduate

Graduating with honors from the University of Southern California, Los Angeles, is "just another task" to Mrs. Nellie Austin Freeman of Los Angeles, shown here with one of her granddaughters, Marcia Louise Freeman. Mrs. Freeman plans to devote the remainder of her life to unfortunate children, following 34 years passed in rearing three sons, all of whom are launched on successful careers.

The World and All

By CHARLES R. DRISCOLL

IN NEW YORK

Nearly seven hundred down-and-outers sleep at the free Municipal lodging house in New York on almost any inclement night. The average patronage for the first three months of this year was 672 per night.

On one day, when the weather was bad, the town flop house took care of 955 men, giving each a cup of coffee, a roll, and a place to sleep. Not a down mattress on a mahogany four-poster, you understand, but a place where he could lie more or less horizontally and sleep if he were not too fussy.

The Municipal lodging house is situated near the East river, on Twenty-fifth street. Bellevue hospital stretches its ponderous bulk along the river front, not far distant. There are some old abandoned piers extending into the river. Almost any afternoon you can find homeless men, just discharged from the big flop house, and sick men, just out of the gloomy-looking hospital walking about on these piers, or leaning against the piling, gazing into the dark depths of the

river.

How many of them take the plunge? Nobody knows. Mostly they are men whom nobody will miss. They have no homes. They have no jobs. They have few clothes, no prospects of betterment, and they are growing just a little bit too old for the battle. Some bodies are found and taken to the morgue, unclaimed. These eventually find their way to natchez graves. But the great river is not unkind. Most of the derelicts who seek oblivion in its depths are carried far out to sea by the rushing tide. I wonder whether anybody ever asks where they are, or why they are not in their accustomed places.

If you are a "non-resident," having lived in New York less than a year, you may not spend more than one night out of the 365 that make up a calendar year, in the free lodging house. If you are a "resident" of New York you may stay at the house only five nights out of a month. But there is the river, close by. And it goes to the sea with a comforting rush.

Living and Loving

By MRS. VIRGINIA LEE

VIRGINIA LEE CONTENTS TRIVIAL THINGS SHOULD OFTEN BE OVERLOOKED

By Virginia Lee

A short time ago I had the pleasure of publishing in this column a letter from a man who demanded why intelligent women put up with husbands who were unfaithful when if the tables were turned the men would simply turn the wives out into the street. He declared it was a shame to constantly advise the women to doll up and try to be beautiful and attractive to men, who were, after all, not worth holding. Now comes a man who takes a different view.

"Dear Virginia Lee: I read your column quite often and it amuses and interests me very much. It does seem odd that so many people have so many troubles.

"What interests me most is where the husband meets another woman and becomes infatuated, etc. The same old story. Everyone feels sorry for the poor wives who lose their husbands.

"Most of the time, we'll say, it's the husband's fault. But is it always? Every husband likes his wife to look pretty. When a husband leaves in the morning and does not kiss his wife goodbye, can you blame him, if she bids him goodbye with her hair uncombed, her face all shiny and no rouge or powder, a crusty old house dress, etc.? No one wonders that he would naturally notice his pretty little stenog. Remember, when a man thinks of his wife during the day he remembers her as she looked when he left.

"I'm sure marriage would be more of a success if the wife was careful of her looks and always kept herself looking pretty and cool, and the dinner was served perfectly, and his wife was in a good humor and asked him about his work and told him the news—what WOULD a man have to complain of? But also, picture the vice versa side of the picture. What then? This goes for both sides, of course, each one should do their share.

"B. E. S."

It's well you put in that last sen-

tence, B. E. S., as I was all ready to leap upon you when I read your letter. If each did his share things SHOULD go all right, but they don't, not always, I am sorry to say. Women who seem to have everything to hold and interest their husbands lose them sometimes to women not half so attractive.

And, of course, it is almost impossible for the ordinary housewife to be a perfect Cleopatra all the time, and to register vivacity and interest from 6 a. m., or thereabouts, to an indefinite time in the evening, no matter what domestic catastrophes have occurred in the interim.

Two good sports who are willing to overlook occasional untoward happenings—whether they be shiny noses or unattractive meals—can have an awfully happy time together in this jolly old world. "Come hither" look in their eyes, and are bound to make an occasional excursion from the "straight and narrow," no matter what the circumstances, and the sharer of their joys and sorrows has the option of overlooking it or dissolving the partnership, according to his or her temperament or the exigencies of the situation.

Men err as often as women in the matter of laxness in dress about the house, and being chatty at home, and you must admit that it's the women who are expected to do most of the adjusting of the moods and whims of their lords and masters.

Mrs. S.: I do not have the man's address and never give them out when I do.

"Dear Virginia Lee: I am 16 years old and go to high school. I was introduced to a nice boy by a girl friend of mine. I have heard from this girl that this boy has been asking about me. Do you think it would be all right for me to ask my girl friend's boy friend to ask this boy to come to see me? Lonely."

I think you will make a greater hit with the boy to let him intimate that he wishes to come to see you. He probably will, as he has been making inquiries.

Star Gazing

Now that the movies have begun the business of holding "world premieres" in the lesser metropolises of these United States a few words of advice to the folk dwelling in peace and security beyond the Bronx may be in order.

For a long time New York and Los Angeles had a monopoly on these first showings. But when "Snow Boat" was given premieres in Miami and Palm Beach, Fla., the ice was broken. New Orleans, La., was selected to have the premiere of "Evangeline," because the pic's locale is Louisiana. Like doings may be expected in the future.

Our formula for procedure in attending a movie premiere in your home town may result in a wretched evening, but you will have the satisfaction of knowing you have attended one in the correct Broadway manner. Here's the way you do it:

1—Be sure to make up to look like the movie star you resemble most. Tuxedo and evening gown are obligatory. If you wear a mustache you may be taken for Ronald Coleman. Without a mustache the crowd will be sure you are George Bancroft. If a woman you will be pointed out as being anyone from Janet Gaynor to Sophie Tucker.

2—Arrive at the theater an hour before "curtain." Stand on sidewalk for 15 minutes looking haughtily over heads of the gaping crowd. Look at wrist watch every five minutes and frown as though the mayor, with whom you are to see the show (the crowd may think), is late.

3—Though the lobby will be jammed to overflowing do not move on into the auditorium. Keep looking at your watch, but this is just a disguise, as you are as hopeful of getting a peek at a movie star as the crowd out on the sidewalk.

This brawny Irish lad is that smiling, curly-haired chap, Regis Toomey, who made such a hit in a recent crook picture as a dying cop.

4—Having at last been ushered to your seat do not sit immediately but stand, obstructing view of spectators in rear seats, and cast sweeping glances over the auditorium as though you were looking for your old friend, Douglas Fairbanks.

5—Throughout the picture hide your interest and yawn frequently, tapping the mouth with a Park Avenue gesture.

6—As you pass from the theater nod to acquaintances and murmur: "Not a bad effort but poor technique and the tempo. Hmm! the Germans do it better."

BEER TAGGING PLAN FAILS AT HULBERT

The deer tagging experiment undertaken at Hulbert in Chippewa county last winter proved to be a failure. It was planned to trap and tag a number of deer in the widely known Hulbert yard, to learn the distance from which the animals came to this yarding area. The work was to be done by local sportsmen in co-operation with the state conservation department.

But one deer was taken in the traps, however, and it had to be released untagged because the door of the trap was too high to permit placing a seal on the animal.

Other deer on the feeding ground were frightened away by the falling of the door of the trap, but returned in an hour or so. When the captured deer was released it ran only about 100 feet before stopping to feed.

Evidently, however, the action of the trap had caused the entire herd to grow suspicious of the device. Although it was kept baited for several days with carrots, cabbage, grain and other delicacies prized by the deer, not one of the animals entered it and the trapping attempt was finally abandoned.

The deer in the Hulbert yard wintered in good shape and no dead does or fawns were found when the snow went off this spring.

City Railway Gets Taxicab Service

The Grand Rapids city commission, as a committee of the whole, approved the proposed report which will authorize the Grand Rapids Railroad Company to engage in a general transportation business, including taxicab service, group service and the like. The commission, through the report, agrees to protect the railroad company, operator of the street cars of Grand Rapids, from unfair competition and not to license further taxicab companies unless the railroad fails to provide ample service.

DR. CALDWELL'S THREE RULES

Dr. Caldwell watched the results of constipation for 47 years, and believed that no matter how careful people are of their health, diet and exercise, constipation will occur from time to time. Of next importance, then, is how to treat it when it comes. Dr. Caldwell always was in favor of getting as close to nature as possible, hence his remedy for constipation is a mild vegetable compound. It can not harm the most delicate system and is not habit forming.

The doctor never did approve of drastic purges. He did not believe they were good for human beings to put into their system. Use Syrup Pepsin for yourself and members of the family in constipation, biliousness, sour and crampy stomach, bad breath, no appetite, headaches, and to break up fevers and colds. Get a bottle today, at any drugstore and observe these three rules of health: Keep the head cool, the feet warm, the bowels open. For a free trial booklet, just write: "Syrup Pepsin," Dept. Japanese Giant Radish

This is the great Sakurajima Radish from Japan. The largest radish grown in the world, often attaining the enormous weight of 100 pounds and sometimes 20 or 30 pounds. It is a real "novelty" to most Americans, and the taste will immediately convince anyone of the fact that it is not merely a curiosity but a radish of extraordinary quality. The flesh is solid, firm and brittle, and of most excellent flavor. It will grow and thrive in any soil or climate.

This is a radish that can be planted in the spring and eaten all summer long, and can also be kept through the winter if dug in the late fall and buried in a box of dry sand in the cellar. As a summer radish it is a wonder, and it will grow and thrive when it is so hot and dry that common radishes would be a failure. By all means try the Sakurajima Radish and you will be amazed at the real value of this monstrous variety. Send for package of the seed today before it is all gone. Package, 10c; 1 package, 25c; by mail, postpaid. Address Novelty Garden Club, 58 Market St., Grand Rapids, Mich.

TWO'S A COMPANY

SWINGING FLORAL TOWER AT VANDALIA

Pisa, Italy, is world famed for its celebrated leaning tower, centuries old.

Vandalia, a little village in Cass county, promises to become celebrated on a smaller scale, of course, for its "swinging tower," in the center of the Vandalia Floral Park on the Christian church grounds in that village.

The swinging tower, as well as the beautiful flower gardens, is the handiwork of Rev. S. LeGran Randall, pastor of the church.

When not engaged in his pastoral duties Mr. Randall is busy with his flowers and Vandalia has even now more than local note because of the beautiful blooms that Mr. Randall has been growing there each season for several years.

This year the large plot of church ground in the center of the village that Mr. Randall cultivates and has named "The Vandalia Floral Park," will be on somewhat different design than in former years and bids fair to be more showy and beautiful than last summer, when the writer visited his gardens.

The central decoration from which the walks and arbors lead, is a winding staircase, enclosed, and around which will be clustered the beautiful "Heavenly Blue" morning glories, which will also cover the four arbors. Hundreds of dahlias and gladioli bulbs are already planted in the area surrounding the tower, as are also countless seeds of other flowers.

Extending around the base of the tower can now be plainly seen the floral plan of the name of the park, which will be formed of a tiny old-fashioned pink.

The citizens of Vandalia and the many outside friends of Rev. and Mrs. Randall are anxiously awaiting the blooming of the flowers and are anticipating a rare treat during July and August when the blooms will be at their best.

The platform will hold ten grown people with safety and when the person ascending is about half way up the tower begins to sway, giving a pleasing swinging sensation—hence the name.

Mr. Randall, who is a carpenter of skill as well as a minister of the gospel, did all of the building work himself, putting in 21 working days of nine hours each in the undertaking. Counting his labor at 65 cents an hour, the total cost, including the material, represents about \$170.

Near the village of Vandalia is also the Elk Farm, where a herd of elk may be seen peacefully grazing in a wooded enclosure.

Newspapers Will Get List of Game Violators Monthly

As a preventive measure the commission of the conservation department, and the director, George R. Hogarth, have ordered that a list of game and fish law violators be compiled and mailed to the newspapers of the state each month.

"We are interested primarily in prevention rather than punishment," said Director Hogarth, "and the net fines incurred by violators do not reimburse the state for the damage done to its resources. With the legitimate demands on our fish and game resources growing to stupendous proportions, there can be neither place or tolerance for the law violator."

"The fish and game resources of Michigan have been declared by the people to be the property of the state, to be taken by them in sport and for commercial purposes at certain stipulated times and in definite amounts. The individual who violates these provisions not only takes that which does not belong to him or her, but also incurs an expense to the state for apprehension and conviction."

Summer Resorters Balk Seaplane Port

Highland Park property owners and residents are protesting vigorously against the recent granting of a permit to the Grand Haven air service to build a landing ramp on the beach just 300 feet south of the oval, claiming it is a hazard to bathers, would ruin the water with oil and be a general nuisance.

The city council will hold up the permit and inquire into the section just north of the oval, between the piers. If a permit is not granted the amphibian plane will be taken to Muskegon.

It has been here a few days and is intended for taxi and pleasure use by those who visit the state park.

Postum to Change Name

A special meeting of stockholders of the Postum Company, Inc., has been called for June 27 to vote on a recommendation of directors to change the name of the company to "General Foods Corporation."

Colby M. Chester, Jr., president, stated that the reasons for the change were that "during the past few years Postum has brought together under its ownership and management 11 other food manufacturing companies. More than 20 products, representing many phases of the food industry, are made and sold by the company. During this period of growth the name of the larger organization has retained the name of its original product—Postum. The company has outgrown its name. The products of the company are so varied and the enlarged organization has achieved such an important position in the food industry that it seems desirable now to adopt a name more in keeping with the wide scope of its activities and with the plans of the company for future development."

The boat was sinking. The captain reached up to the crowd of scared passengers.

"Who among you can pray?" "I can," answered the minister. "Then pray, mister," ordered the skipper. "The rest of you put life-preservers on we're one short."

PLASTIC SURGERY FOR DEAD SHOWN

The possibilities of plastic surgery in restoring the face of a dead body to present a lifelike expression were discussed and demonstrated at the sessions of the Michigan Undertakers' association, held at Kalamazoo, when the chief speaker was Dr. C. A. Renouard of New York City.

The particular benefits of the method in cases of accident were stressed. A facial reproducing machine invented and patented by J. H. Metcalf, Grand Rapids funeral director, was exhibited and demonstrated. The convention voted to appoint a legislative inspector whose duty it is to keep in close touch with legislative measures in an effort to forestall the passage of legislation detrimental to their business without their knowledge. The meeting closed with the annual banquet and ball.

45,000,000 Will Tour Highways This Year

Forty-five million persons, more than a third of the population of the United States, will take to the highways for this year's touring and will spend some \$3,500,000,000 in so doing, according to estimates by the Bureau of Good Roads at Washington.

With more than 21,000,000 registered passenger cars in the United States it is now almost possible for the country's entire 120,000,000 people to be moved at one time by means of motor car transportation. Sixty per cent of our families already own a motor car. Twenty per cent of our car-owning families own more than one.

"Better cars, together with more and better highways, have made touring one of America's greatest sources of recreation," says H. M. Stephens, general sales manager of the Cadillac Motor Car Company. "More than 615,000 miles of surfaced highways, with approximately 90,000 miles of important interstate routes now beckon the motorist."

"Touring will be considerably greater when more persons realize that it is easily possible to drive upwards of 2,000 miles in a good car during a two weeks' vacation and still devote much of the time to enjoyment of scenery, side trips and city attractions. Modern accommodations, where the tourist and his family may spend the night comfortably and with the assurance of good food, are available in every part of the country."

Chocolate Milk Makers Must Reveal Contents

An order requiring manufacturers of "chocolate milk" to state in detail the contents of their product on their labels was signed by Herbert E. Powell. It has immediate effect.

The ruling will permit manufacturers who produce the product with the whole milk of the standard 3 per cent butter fat content, to sell under the name "chocolate milk." Where skimmed milk or other substitutes are used, the contents must be stated on the label.

The ruling is issued, according to Powell, because of an increasing practice of using substitutes for milk to a great extent, resulting in unfair competition and imposition upon the public.

Pontiac Wins Vet Sessions

Selection of a meeting place for the 1930 convention and election of officers of the various veteran organizations brought to a close one of the most successful joint encampments ever held by the veterans of recent wars held at Bay City recently.

A. C. Estabrook, post 56, Allegan, was re-elected commander of the Michigan Grand Army of the Republic at a closed session of the old comrades. The honor of again serving his fellow veterans of the Civil war was conferred upon J. P. Riley, post 79, Kalamazoo, who was re-elected senior vice-commander.

James Churchill of Pontiac was elected junior vice-commander, an office held by the late Captain William Barrett, U. S. Grant post, Bay City, whose death occurred during the past year. Captain Barrett was instrumental in bringing the encampment to Bay City. Sergeant David Hilliard of Greenville was named medical director, and Isaac Riddick, post 315, Grand Rapids, was chosen as chaplain. While four cities, Pontiac, Mt. Clemens, Owosso and Muskegon bid for the 1930 encampment, the A. R. voted in favor of Pontiac. Following custom, the other allied patriotic organizations will meet with the G. A. R. next year.

Nearly 100 old soldiers were registered at the convention, although a check of the votes taken showed that only 47 attended the final business session.

Officers were elected by the Michigan department of the auxiliary to the United Spanish War Veterans.

Mrs. Dolena Matheson, Detroit, was named department president, and her staff is as follows: Senior vice-president, Hattie Borch, Grand Haven; junior vice-president, Alice B. Smith, Petoskey; chaplain, Helen Carl, Owosso; judge advocate, Emma Breitmayer, Petoskey; patriotic instructor, Louise Raynor, Adrian; historian, Martha Bonker, Alpena; conductor, Louise Jacobson, Detroit; guard, Ellen Lord, Bay City; assistant guard, Emma Randolph; inspector Mildred Bailey, Central Lake.

Daughters of the Union Veterans of the Civil War elected as president, Ada Odren, Jackson; vice-president, Elizabeth Vanwoert, Kalamazoo; junior vice-president, Clara Hollister, Grand Rapids; chaplain, Clara Parker, Battle Creek; treasurer, May Baker, Detroit; inspector, Pearl Baker, councillor No. 1, Mabelle Marble, Detroit; councillor No. 2, Ida Bann, Detroit; councillor No. 3, Jessie Garrey, Benton Harbor; delegates at large, Nellie Frick, Detroit; alternate, Elizabeth Bacon, Ypsilanti.

Sons of the Union Veterans of the Civil War concluded the final business session of their convention by election of officers as follows: Commander, Edward A. Vickery, Kalamazoo; senior vice-president, Perle L. Fouché, Allegan; junior vice-president, Allan W. Shew, Ypsilanti; department council, C. O. Page, Jackson; G. H. Meikle, South Haven, and Albert Terry, Detroit.

Winding up the final business session, the Veterans of Foreign Wars elected the following officers: Department commander, A. D. Vandervoort, Lansing; senior vice-commander, Joel R. Moore; junior vice-commander, Otto Silvers; quartermaster-adjustant, Carl J. Schoeninger; surgeon, Dr. Clarence L. Candler, and judge advocate, Leo Ward. All, with the exception of the department commander, are from Detroit.

The council of administration was elected, consisting of Eugene I. Van Antwerp and Dr. C. L. Candler, Detroit; Fred Beard, Fordson; J. B. Semeyn, Grand Rapids; Harry Coleman, Pontiac, and Edward R. Henshaw, Kalamazoo.

CITIES SHOW INCREASE IN POSTAL RECEIPTS

Postal receipts for the 50 selected and the 50 industrial cities, made public by the postmaster general June 7 showed slight increases for May, 1929, as compared with May, 1928.

Receipts of the 50 selected cities totaled \$32,446,320.89 as compared with \$31,589,426.69 for May, 1928, an increase of \$856,894.20, or 2.71 per cent.

Figures for the industrial list were \$3,338,818.29 for May, 1929, and \$3,276,213.60 for May, 1928, an increase of \$62,604.69, or 1.91 per cent.

The five leading cities on the selected list in percentage of increase are: Dallas, Tex., 21.83; Jersey City, N. J., 19.89; Houston, Tex., 12.40; Los Angeles, Calif., 11.80, and Detroit, Mich., 9.55 per cent.

The five leading cities on the industrial list are: Butte, Mont., 26.82; Boise, Idaho, 25.20; Springfield, Ohio, 17.01; Phoenix, Ariz., 16.87, and Reno, Nev., 14.75 per cent.

Albion Adds Factories

It is estimated that by July 1 the total cost of building activities in Albion during the past year will have reached from \$250,000 to \$300,000, according to the Chamber of Commerce of that city. Two factory buildings, with a total cost of over \$50,000 are now under construction, and another is planned. All factories are operating at close to capacity.

Efforts are being made by the Chamber of Commerce to interest new industries in locating in Albion, a number of desirable sites being available. They point to the phenomenal growth of several small industries which began operations during the past two or three years, and emphasize the possibility of efficient and economical operation in a small town with all the advantages and facilities of a larger one.

PINCKNEY-MICHIGAMMAS WINS 7th STRAIGHT GAME

Defeats Howell Independents Here Sunday by a Score of 9 to 1.

The Pinckney-Michigamma base ball team ran their string of consecutive victories up to seven last Sunday when they defeated Howell here by a score of 9 to 1. This victory is very pleasing to Pinckney as Howell has always been a hard team for them to beat. Hollis Miller started to pitch for Howell and Pinckney scored twice in the first inning. Lewis hit to Miller and he fumbled, Ike reaching first. Mulvany hit a high fly which Miller dropped. Atkins fumbled Lee's grounder, both runs scoring. Pinckney scored 5 more in the second. C. Miller singled to right, Kennedy walked, Bowman singled to left scoring Miller and Kennedy. Mulvany hit safely and Swarthout hit for three bases. Bowman and Mulvany springing McCallum started to pitch for Howell in the third and held Pinckney scoreless until the 7th when Swarthout led off with a hit. Moran also singled and Miller scored both with a single to center.

In the meantime Howell was unable to get more than one hit an inning off Moran. Verner singled in the second but was out trying to stretch it into a double. Bowman to Kennedy. Cooper hit a two bagger in the 4th after two were out and McCook got a hit in the 6th and Carey in the 8th. Howells single run came in the 9th when Newton hit a three bagger and Verner scored him with a single. The Pinckney team gave Moran errorless support while Howell only made two misplays while McCallum was pitching. Swarthout and Miller each got three hits apiece for Pinckney and figured prominently in the run scoring.

Two base hits—Cooper. Three base hits—Swarthout, Newton. Bases on balls off Moran 1, Miller 1, McCallum 1. Struck out by Moran 7, Miller 1, McCallum 1. Double plays Moran to Kennedy to Brown. Left on bases—Pinckney 6, Howell 5. Umpires—Adrian Lavey and Mike Roche.

NOTES OF THE GAME

Despite the threatened rain another good crowd turned out. There has not been 50c difference in the gate receipts the past three Sundays.

The game was featured by bits of snappy fielding. Kennedy's one hand stab of McCallum's fly in the 8th and Mantague's catch of Lee's drive to center in the last half of the same inning were regular big league stuff.

Hollis Miller who started pitching for Howell is a brother of Clare Miller, Pinckney third sacker. However the latter failed to show much brotherly love as he started the Pinckney batting rally in the second.

Another errorless game at first base for Ed Brown. Nine of them now. Kennedy as usual got all the bases on balls dished out by the Howell pitchers.

Newton had trouble holding the Pinckney base runners. They stole second and third on him several times.

Mike Roche, famous old time ball player made his first appearance as base umpire. Adrian Lavey called balls and strikes.

Chink Cotter made several nice catches in left field for Howell. He robbed Lewis of a hit in the second.

M. E. Darrow, official battery and line-up announcer will be equipped with a megaphone at the next game, the management having provided him with one.

Swarthout besides getting a triple and two singles made two nice catches in right field.

The Circuit Court for the County of Livingston in Chancery

Sarah Frances Monks and Nellie E. Gardner, Plaintiffs,

vs
Thomas Cahel, Seth W. Fields, and their unknown heirs, devisees, legatees and assigns, Defendants

Suit pending in the Circuit Court for the county of Livingston in Chancery at Howell, Michigan, on the 10th day of June 1929.

It appearing from the sworn bill of complaint as filed in said cause that the plaintiffs have not been able after diligent search and inquiry to ascertain whether the said defendants are alive or dead, or where they may reside if living or if they have any personal representatives or heirs living or where they or any of them may reside, or whether the title, interest, claim, lien or possible right of these defendants has been assigned to any other person or persons, or whether such title, interest, claim, lien or possible right has been disposed of by will by the said defendants.

And it further appearing that the plaintiffs do not know and have not been able after diligent search and inquiry to ascertain the names of the persons who are included as defendants without being named.

Upon motion therefore, of Don W. VanWinkle, attorney for plaintiffs, it is ordered that the above named defendants and their unknown heirs, devisees, legatees and assigns cause their appearance to be entered herein within three months from the date hereof and that in default thereof said bill be taken as confessed by said defendants and each of all of them.

It is further ordered that the plaintiffs cause this order to be published within forty days in the Pinckney Dispatch a newspaper printed, published and circulating in said County, once in each week for at least six successive weeks.

A true copy.
John A. Hagman J. B. Munsell Jr., Clerk. Circuit Court

HURT IN AUTO WRECK

Sunday evening about dusk a Chevrolet coach was badly wrecked and demolished at the sharp turn just in front of the Peter Conway farm on M-49 east of Pinckney. The parties had been attending a party at the Gearhart home in Stockbridge and were on their way back to Detroit. They failed to see the turn just this side of the railroad track and went into the ditch completely demolishing the car which turned over several times. The injured people were taken into the Shipley farm house near by and later to the Pinckney Sanitarium. The car license number is M287-844. The sheriff's records at Howell shows this license to be held by John Flowers of 12216 Flanders Ave. Detroit. Mrs. Flowers was badly cut and bruised and her mother who was with

them is thought to have been injured internally. Mr. Flowers and 3 children were badly bruised. Monday the Flowers family was able to return to Detroit and the older lady to the Gearhart home at Stockbridge.
