

"SUCH FLAVOR and tenderness in roasts!"

"I cannot praise my ELECTROCHEF* electric range too highly!"

EVEN the cheaper cuts of meats cook to melting tenderness in the heat of my ELECTROCHEF. What a difference electric cooking makes! I use very little water, and the delicious natural flavors of meats are sealed in. Of course, besides being healthful, this is economical cooking. There is almost no shrinkage. A roast weighs nearly as much when taken out of the oven as when it was put in. I think electric cooking is splendid, and I cannot praise my ELECTROCHEF electric range too highly."

CASH PRICE \$105 INSTALLED including all necessary wiring. \$3 down, \$6 a month, small carrying charge.

*A study of one thousand families showed a cooking cost of 10% less for the ELECTROCHEF electric range.

LAKELAND CIRCLE OF KING'S DAUGHTERS

The Lakeland Circle of King's Daughters held their regular meeting in the dining hall of L. O. O. F. hall, Hamburg village, Saturday evening. The president, Mrs. Edward G. Houghton, presided. The meeting opened with singing "What A Friend We Have in Jesus" and repeating the Lord's prayer. Minutes of the last meeting were read by the secretary, Mrs. Emil Kuchar, and approved. Financial report was given by the treasurer, Mrs. Henry M. Gueal. Committee reports were given. Mrs. Earl Lear was initiated into the order. Sewing for the University hospital was distributed among the members. The next meeting will be held at Winan's school house, Saturday afternoon February 28. The business meeting closed with prayer of the order. The members adjourned to the hall where their families were awaiting them, and the following program was given: "Fancy Drill," Mesdames Frank Buckalew, Curtis S. Olsaver, Reuben A. Kisby, Alec H. Pearson, James E. Hayner, Mark Rice, William Dillway, Dan Stoffiker, Jr. William Gray, George Moon, Henry M. Gueal, Edwin Shannon, Sr., Frank VanAntwerp, Cleo Smith, William Parkinson and Charles Bennett, Sr. with Mrs. Bert N. Haight as pianist; trombone solos, Alger Lee, with Miss Mildred Jack at the piano; vocal solo "I'm Getting a Big Girl Now" Roberta Jack; piano solos, Miss Wilhelmina Bourbonnais; black face stunt, "Sugar and Sambo" Misses Madge and Mildred Jack; vocal solos, Mrs. Clifford C. VanHorn accompanied by Mrs. Haight; reading, Mrs. Harry Whitlock; "Topsy Turvey"; drill, Mesdames Myron H. Hendrick, Robert Jack, Frank Buckalew, Harry A. Lee, James Hayner, William Dillway, George Moon and William Gray. The program closed with all singing "Blest Be Thy Tie." Supper was served after which the remainder of the evening was spent in visiting, card playing and dancing.

PHILATHEA COLUMN

The class enjoyed its monthly social and business session on Wednesday, February 11, when about 20 ladies were pleasantly entertained by Mrs. Rose Hendee. The opening song and the devotional services were followed by the secretary's report of the last meeting and the roll call. Also reading of communications. Several items of business followed, including the report of the committees. The volunteer committee chairman and others discussed the attendance cards which had been in use for a few Sundays and the class voted to discontinue them for the present time, partly because of the extra confusion and time consumed from the Sunday class hour. The committee will devise some more practical way of keeping the records for their use.

A report was made of the proceeds of the play recently sponsored by the Philathea class and its successful rendering here called for its presentation in South Lyon.

The president appointed Mrs. Lola Rogers, Mrs. Millie Bowman, Mrs. Mae Daller as a committee to arrange for an oyster supper in the near future. Also an entertainment committee consisting of Mrs. Daller and Mrs. Soper for the next monthly meeting at the home of Mrs. Meda Henry.

Mrs. Lola Rogers delighted with two solos and Miss Marjorie Hendee with instrumental numbers. Mrs. Lulu Darrow gave a reading with her usual charm and little Jeannie Clark very sweetly sang several songs. The program was in charge of Miss Blanche Martin.

The business meeting was closed by the Philathea benediction.

Next Sunday the theme for lesson will be "Jesus Bearing the Good Tidings" Luke 8:1-15.

The Philatheas will soon be occupying their class room again which is all the more necessary because the pastor's class of men is steadily growing and we hope will soon require the entire auditorium. The men are fortunate in securing Rev. Berquist as their teacher.

Again WE REPEAT COMPARE

Compare the values, prices and service we give you with those of any other tire dealer or distributor of special brands.

The low prices of rubber and cotton give Firestone unusual advantages due to their world-wide facilities in securing these raw materials and their efficient manufacturing. With Firestone's most economical distributing system, with over 600 branches, warehouses and service stores, we can secure a complete line of fresh Firestone tires, tubes, batteries, brake lining, rims and accessories within a few minutes' to a few hours' time and give our customers values and service that are not duplicated.

COMPARE VALUES

Firestone has this year added more rubber to the tread which gives 20% to 25% more safe mileage before the tread wears smooth.

The Firestone Double Cord Breaker gives you SIX and EIGHT plies under the tread—stands road shock—lessens punctures—gives over 50% stronger union between tread and tire body which ensures longer tire life and greater safety.

Live rubber penetrates every cord and coats every fiber by the patented Gum-Dipping process—thus not only every cord, but every fiber within the cords, is insulated; this gives you 25% to 40% added tire life.

ICE CREAM LOSS TO SEPARATOR

Every farmer can have his cream more profitably saving the cost of the bowl washings and the loss of skim milk. The new, high class separator, the universal separator, is the answer to the universal need of every farmer. It separates up every kind of cream, over 1000 public demonstrations have been held during the past three years by the factory trained dairymen of the Separator Co. In every case the universal separator has shown an average of 10% more cream recovered from some cream separator than from the old separator. In 523 tests, an average of 10% more cream was recovered from the separator than from the old separator. This means an average loss of over 10% per year for all the separators from which skim milk was obtained.
