## Soft Ball League Games

Shirey Holds First Place. VanBlaricum Second. All Games Played Last Week Were Close Contests.

Shirey's Viking team managed to hold onto first place in the soft ball league by nailing out Dinkel's Hinky Dinks in a close contest Thursday night by a 7 to 9 score. The runs they piled up in the early innings came in handy when the Hinky Dinks scored 6 runs in the last 3 innings. VanBlaricum's Typhoons clung to 2nd place by virtue of a 5 to 4 decision Monday night over Ledwidge's Victors. Andy Campbell's Highlanders climbed out of the cellar by a 3 to 1 decision over Miller's Bearcats. This was the best game of the week. The score was tied at 1 to 1 up to the 9th. In this inning A. Campbell and Friday Haines hit safely. N. Campbell hit to center and Jim Hall was unable to hang onto it, 2 runs scoring.

Only one home run was hit last week, that being by Pete Gerycz.

## Aerial Exhibition at Jackson Michigan

Friday & Saturday, May 29th - 30th

The Curtiss Wright Flying Service will visit Jackson Friday and Saturday of this week with a Tri-motor Ford plane, a Travelair stunt plane, a six passenger Travelair cabin airplane, as well as three or four Curtiss Wright Juniors which is one of the latest aeronautical developments of the year.

The public is invited to attend this exhibition and there will be no charge for admission, the show to be held at Reynolds Field, Jackson's municipal airport.

The Curtiss Wright Flying Service is nationally famous for its stunt flying and have recently completed a national tour of the country without a serious accident.

The program for the two days will be as follows:

1:30 P. M. Aerial parade over Jackson.  
2:30 P. M. Inverted or up-side-down flying by Capt. H. R. Bazley.

3:00 to 5:00 P. M. Passenger carrying 4-6 P. M. Aerial smoke screen.

5:00 P. M. Acrobatic flying, loops, barrel rolls, emmelman turns, tight spirals and tail spins.

5:30 P. M. Parachute jump by J. A. Somers.

6:00 P. M. Curtiss Wright Junior Exhibition.

6:30 to 8:30 P. M. Passenger carrying.

9:30 P. M. Night aerial fireworks.

The group of pilots flying the various units of the Curtiss Wright Flying Service are World War Veterans and others have thousands of hours of air experience as commercial pilots. Lt. Harry L. Smith who will pilot the Tri-motor Ford plane to carry passenger had service overseas during the World War and had a number of German planes to his credit, as well as Capt. H. R. Bazley who will fly the Travelair stunt plane.

The other planes will be piloted by Chester H. Pickup and Landis R. Byler who are expert commercial pilots and it is the first time that a night parachute jump has been made in Jackson, as well as aerial fireworks.

A spot light will follow the plane after it leaves the airport and will follow the parachute jumper so that he will be clearly visible to the spectators while making this exhibition. It will be the first time that a night flying exhibition of ships in squadron formation will have been accomplished at Reynolds Field, Jackson's municipal airport and it is seldom that the public in this vicinity have an opportunity to witness an expedition of stunt flying, as well as close formation flying as will be demonstrated by the Curtiss Wright Flying Service during the two days of their aerial show Friday and Saturday under the auspices of the Aviation Committee of the Chamber of Commerce.

## CONCERNING PHILATHEAS

A large poster in the Philathea class room Sunday told of the coming "Sunrise Convention" in Boston, when the world wide Barac-Philathea hosts will hear some splendid speakers and have an opportunity of gaining new enthusiasm and fresh ideas for service. The date is July 8-12, 1931.

The Sunday school attendance last sabbath was 121, and the Philathea class had a goodly proportion. Lets encourage our faithful superintendent by a still further advance. Will you bring one more?

We are glad to welcome new friends, and trust that each member and visitor will feel free to join in the discussion. We are having specially helpful lessons from Luke's gospel. Read all of Luke 23 to get the story of "Jesus Crucified" which we study next time.

On Wednesday, June tenth, Mrs. S. H. Carr will be hostess to the Philathea, for our monthly class party. Why not remind all the ladies you see?

Hazel Parker, Secy.

## NOTICE

The regular meeting of the King's Daughters will be held at the home of Mrs. Frank Haines at White Lodge Country Club, Thursday afternoon.

## Here They Come

## Boy Scout News and Activities: The Weekly Church Program

Pinckney Scout Troop Progressing Nicely. Part of Them Visited Camp Newkirk Last Week.

The Boy Scouts met Tuesday evening, May 26, at which time the following boys passed their tenderfoot tests: James Shirey, Arnold Berquist, Charles Clinton, Billy Meyers, Pat Dillon, and Robert Richardson.

Scoutmaster Daniel VanStambrook examined the boys on the Scout Oath and Law, and was assisted in the examination on the history of the Flag of the United States of American, and the customary forms of respect due it by Alger Lee, who is a second class scout in the Hamburg Boy Scouts, and in the examination on knot tying by Patrol Leaders Robert Read and Arnold Berquist.

A number of boys spent the week end at Camp Newkirk at Dexter, where they not only had an exceedingly good time, but also received many valuable instructions in their second class work.

We wish to congratulate the boys on the spirit and interest they have shown in the work this far and we hope that in the near future they will all be ready to go before the Scout Court of Honor and be passed as Second Class Scouts.

## SPRING MUSIC FESTIVAL

Tonight, Wednesday, at 8 p.m. the music festival will be put on at the Pinckney Community Congregational church, as announced last week. A generous silver offering will show the appreciation of the community for the faithful work of the Junior Choir and the S. S. orchestra, and help to provide their new music. Everybody invited.

## DECORATION DAY IS WET

The rain which fell uncessingly all day on Saturday, May 30 put considerable of a damper on planned Memorial Day events. The cottages at the nearby lakes were all pretty well filled as most of them came the day before. Decoration Day being the usual date for the opening of the resort season. The Newport bathing beach at Portage Lake and the Chalker dance hall at Patterson lake both opened for the season. The expected attendance at both was however considerably cut by the weather. Notwithstanding the rain many former residents visited Pinckney in order to leave floral tributes at the cemeteries.

The ball game between Pinckney and Dexter at Dexter was cancelled at noon on account of wet grounds.

## MICHIGAMME OILS

### PLAY HERE SUNDAY

Next Sunday the Michiganamme Oil team of Ann Arbor will play Pinckney at Pinckney. This team is a member of the Ann Arbor City League and has for pitcher, Herschel Hill, former U. of M. freshman southpaw so it will be a battle of left handers, as Lefty Reason will pitch for Pinckney. A number of changes will be made in the Pinckney lineup and the infield will be strengthened. The game will start promptly at 3:00 A. M.

Pinckney does not expect a very big season this year due to the fact that they are compelled to use a number of inexperienced men. Dexter and Chelsea who are also doing the same are likewise getting their bumps. Pinckney is building for the future and emulating Connie Mack in developing stars out of green material.

Another fine audience was present Sunday for the morning service of the church which was in keeping of Memorial Day and one of the largest Sunday school was also held and the attendance was great.

The children day program will be held Sunday morning June 10th. The community is now working on the work in training the children.

Junior apartment of the Junior church will meet at the church Saturday morning at 10 o'clock for their hike. Each one that goes on this hike is to bring their own lunch, but they will all eat together.

## FOWLerville ANNOUNCES

### JULY 4th HARNESS RACING

J. B. Munsell, Jr., Racing Secretary at Fowlerville, announces that on July 4th a four race program will be staged at the local fair grounds. The four events will consist of a 2:26 trotting class, a 2:26 pacing class, a 2:19 trotting class and 2:17 pacing class.

Purses in the sum of \$600.00 are offered. W. W. Cushing of Alma, Michigan has been engaged as starting Judge. Mr. Cushing, a veteran starter gained fame last year at the many fairs at which he presided, by eliminating needless scorings. His average was a little over two scores to the heat. Mr. Cushing is also equipped to use the Barrier System in vogue with the runners and recently adopted by some sections for Harness Races. This device eliminates all scoring. Whether the system is used at this meeting or not, the patrons are assured of a snappy program free from tiresome scoring.

Nearly thirty horses are in training at the local track, many of which will be entered in the races. Other nearby training points from which horses are expected are St. Johns, Jackson, Ann Arbor, Durand, and Detroit.

## Pinckney Loses at Chelsea

Loose Fielding in First Inning Enables Chelsea to Score Five Runs In Good Contest From Then On

The Pinckney Independents were defeated at Chelsea, Sunday by a score of 7 to 4. A number of mental lapses the first inning was responsible for Pinckney's defeat. Pinckney got a run this inning when Clare Miller, first man up doubled down the third base line. He stole third. Ward struck out. Swarthout singled over third scoring Miller. Reason and Maycock struck out. In Chelsea's half, Hart hit a short fly which dropped safe in right field. Canifax hit to Hendee who fumbled, Budd hit one through the box. Hart scoring. Rowe popped to Maycock, Nordman singled to center, Canifax and Budd scoring. Polanz was hit, Springman popped to Maycock, Rosbach hit one through Read scoring Polanz and Springman. In the second Pinckney scored two more runs. H. Reason filed to right, Hendee and Read both hit safely, A. Campbell grounded out. Clare Miller singled scoring Hendee and Read Pinckney's final run came in the third when Swarthout doubled, stole third and scored on R. Reason's hit. Although Pinckney had men on every inning they were unable to score them. Chelsea added a run in the 6th and another in the 7th on two hits and two wild throws. Lefty Reason went the entire route for Pinckney and turned in a creditable performance. He only issued one base on balls. Most of the ten hits marked up against him were due to slow fielding on the part of his supporting cast. Hart who was in the box for Chelsea didn't seem to have much but a roundhouse curve but it was enough to win. Next Sunday Pinckney plays the Michiganamme Oil team of Ann Arbor here and will try and present a stronger lineup.

## FORMER LIVINGSTON SHERIFF BEGINS SUIT

Fred T. Teeple, former sheriff of this county, has filed suit through his attorney, Harold Howlett, of Pontiac, against the city of Howell, asking that the Howell city ordinance adopted there in 1926 regulating gas stations in that city, be declared void.

Mr. Teeple sets forth in his petition the fact that he is negotiating for the sale of his property on West Grand River for gas station purposes but is unable to meet the requirements set forth in the ordinance which states that some 50 percent of the land owners within 500 feet of the proposed station, must give written consent. This consent has to be presented to the city council for its approval or disapproval. Several legal technicalities are cited in the petition as reasons for asking for the invalidating of the ordinance. The case is expected to be a hard fought one.

## MOTOR BOAT LICENSES

At the January session of the Livingston county board of supervisors an ordinance was adopted providing that all motor propelled boats on the lakes and streams of Livingston county be required to register and take out a license, the same to cost \$1.00. This ordinance was approved by Gov. Brucker on April 29, 1931. We have received a copy of the registration blank from Prosecutor Jay Sweeney and a request to give it publicity.

## Current Comment

A recent article given out by Wm. Venn, parole commissioner corrects a number of false impressions. The statement is frequently made that the majority of the inmates of the prison are foreigners. This is not borne out by facts. The combined population of Marquette and Jackson prisons is 6,519. Of this number 5,385 are American born and 1,134 are foreign born. Another impression prevails concerning the ratio of negroes and whites. Of the above prison population but 1,405 are negroes. There are 24 Indians, 78 Mexicans and 3 Chinese.

The religious statistics also may cause some prejudices to disappear. The Protestants number 4,659, Catholics 1,743, Jewish 75, Mohammedians 6. Only 3 are listed as non-believers.

The report that prohibition law violators fill the prisons is not supported by figures as of 6,519 inmates only 846 were sentenced for that offense. This is the same number as those which were imprisoned for felony.

In the educational field 4,659 had enjoyed common school privileges averaging about the 6th grade, 1,077 had attended high school two years, 110 had some college training, averaging two years and only 673 were classed as illiterate.

Many counties are discontinuing the use of calcium chloride on the roads as a dust layer. Livingston county is still using it in some places. It is said to do considerable damage to automobiles, particularly fenders. In time most of the roads in this county will be given an asphalt surfacing.

Michigan was given a reminder of the "Coxey's Army Days" last week when an army of unemployed started a march on Lansing to demand food, work and unemployment insurance of Gov. Brucker. One army was to march by way of Detroit and Pontiac. Another was to come by way of Grand Rapids, Kalamazoo, Battle Creek and Jackson. Both were to pick up recruits along the line of march. The number of those who deserted along the line of march greatly outnumber the recruits gained and the total number of those who reached Lansing was only about 250. There Gov. Brucker would only see 15 of their number. The army was unable to agree on the 15 to represent them so they dispersed, accomplishing nothing. No damage or depredations seem to have been committed by them due perhaps to the fact that they were usually under a convoy of state police. They rode mostly in trucks and autos only marching through the various towns on their way. They were allowed to parade and make speeches in nearly all the cities they visited. Their speeches were very strongly communistic in sympathy and their leaders were members of that party. The editor passed the Grand Rapids army Tuesday morning near Marshall. The bulk of their recruits seemed to be negroes and foreigners. Although they were accompanied by a commissary truck, food and lodgings was demanded at the cities visited. Owosso was the only one to comply with the demand.

We think

WEEK OF JUNE 7

The strength of the storm causes for the week beginning June 7th in the greater part of Michigan are such as to make us believe the period as a whole will range cooler than normal.

Although rainfall will not be overly heavy during the week when considering the entire period, be believe wheat, rye, oats, barley and pasture land and meadows will fair pretty well.

At the very beginning of this week temperatures will range very close to the seasonal normal. The sky will become overcast and we may expect local showers and cold rains.

By the middle of the week these stormy and unsettled conditions will have passed only to be followed by much cooler weather that will last until about Tuesday.

Severe Storms End of Week The last days of this week will bring very stormy weather to most counties of the state.

Any ominous looking clouds coming out of the south or southwest during the closing days of this week must be watched if one is to keep out of danger.

BATTERED ARMOR

By EDWARD L. M'KENNA One of O'Brien Prize Story Selections

Some say that it was Senator Matt McGlynn who gave Supreme Court Justice Ahearn his start, and some will tell you that it was Ahearn's cousin, Michael Cronin, the saloon-keeper. Each of them had a hand in it.

Daniel Ahearn finished the sixth grade at Saint Mary's school in Pitt Street, and then went to work for Claflin & Co. That much appears to be certain.

and another in those of the Tribune. Daniel Ahearn read the editorials dealing with his appointment time and time again, but it was a long time before they were anything but a blur to him, a red blur, with the word bartender legible at intervals.

Now, there never was a Celt who took himself more seriously than did Daniel Ahearn, never one with a fiercer, hotter pride in himself and his lineage, never one with a more sensitive skin.

men is cops. Cops, see? You won't put enough cops on the waterfront. You say we ain't got enough cops. All right! All right! You got to stand behind your cops. You got to. You got to make this waterfront safe.

"What you gonna do, huh? What you gonna do? Here's grandpop with his back against the spiles, battlin' against four rats. What you gonna do? Huh?"

"I object," said Mr. Goldfusz. "Nobody has said my clients attacked any watchmen."

"Exception overruled," said Mr. Goldfusz.

"The Kid Goes Up to Him and Says, 'Howdy, Counselor.' And Ahearn Don't Says Nothin.' Just Looks at Him."

There is a story that Cronin went to Senator McGlynn, who at this time was holding the city and the party in his fat white hand, and laid these facts before him, and that McGlynn sent Ahearn a few small cases, which he handled well enough.

Of the two excellent ways to bring out the essential virtues within him, the city had chosen one—ridicule. It laughed at him. He had a fine audience for his first few cases—young attorneys with degrees from Columbia and Harvard, special writers from the newspapers, curiosity seekers.

And the Senator intimated that he couldn't find uses for lawyers who were overparticular, and Ahearn picked up his derby and delivered himself of a hot valedictory upon Senator McGlynn, his friends and the nature of their law cases, and stamped his way out of the office without pausing for reply.

Now, it is well known that Senator McGlynn had that love of buffoonery which characterizes licentious rulers. Virtue amused him always, moral indignation amused him, and he had the voluptuary's passion for naivete.

It is known that he went breathlessly to Cronin, running down Columbia Street, Brooklyn, to Cronin's place, and bursting in upon him panting and stammering his gratitude.

It was well for Ahearn that he had the moment of exultation for the opposition newspapers evidently had not heard any such explanation of the reasons for his sudden distinction.

his shame. A joke, he was, was he a big joke? He that laughed at few jokes and made none. Bartender, bartender, bartender. He'd show them what sort of a man a bartender had to be.

Well, as it happened, about a week after that the first of the ripper murders occurred in the very district he was denouncing, and the terror-stricken city began to clamor for police action.

At the height of his career as public prosecutor McGlynn sent for him. No strangers were present at that interview, which probably took place in McGlynn's house in Chelsea, and no one else knows exactly what happened.

McGlynn was breaking up then pretty fast; he was drinking heavily, was almost never sober after four o'clock in the afternoon.

"Now, gentlemen of the jury. These watchmen. They're old fellows, old broken-down fellows. You see them comin' into—uh—comin' into a saloon, in the early mornin' for a drink, all cold."

"Along comes a lot of rats, lookin' for somethin' they can swi—steal. What do these old fellows do? There ain't one out of fifty of them won't put up his hands and jump at them."

plaintively.

When you stop to think of the odds the churches are facing in this day and generation, you have to dog your lid in acknowledgment of the magnificent battle they're putting up.

ITEMS OF 25 YEARS AGO

From the Dispatch of June 7, 1906

Kenneth Darrow caught a 13 1/2 lb. pickerel out of the Pinckney mill pond last Tuesday, and Charles Kennedy landed one that weighed 13 1/4.

Married at the home of Mr. and Mrs. W. S. Swarthout, Wednesday, June 6, their daughter, Mabel, to William Surdan of Pontiac. Rev. Mylne officiating. They will reside at Pontiac where the groom is employed by the Rapid Auto Co.

The Pinckney base ball team lost again at Howell Decoration Day 7 to 2.

J. A. Cadwell placed a fine launch on Portage Lake Tuesday. It will carry ten people.

The Catholic church at Bunker Hill burned down one night last week.

Eugene Reason finished his course at Cleary college last week and left for Boyne City to work.

Floyd Reason and family expect to go to Port Huron Friday to attend the 50th wedding anniversary of Mr. and Mrs. James B. Markey.

Married at Reed City on May 21, George Irwin of that place to Mrs. Anna Barton formerly of Pinckney.

Twenty-five ladies took Mrs. Ed Thompson by surprise last Wednesday and assisted her in celebrating her 70th birthday.

A number of young people invaded the home of Mr. and Mrs. Will Dunbar in West Putnam Saturday and gave them a "June-Grass" party.

About 100 invited guests assembled at the home of Mr. and Mrs. Patrick Kennedy south of town last Thursday evening at a reception and novelty shower given in honor of Miss Mary Murray.

A fine musical program was rendered and a supper served by Miss Mae Kennedy assisted by Miss Rose Murray. The guest of honor received many beautiful gifts.

IRVIN W. HART

Irvin W. Hart, lifelong resident of this county, died suddenly at his farm home in the township of Marlon, late Tuesday night at the age of 71 years. Although Mr. Hart had been confined to his bed the past week his death came unexpectedly from heart failure.

Mr. Hart, oldest child and only son of the late Casander M. and Elizabeth Doole Hart, was born on the same farm and in the same house in Marion township, where he died, and would have been 72 had he lived until August 25, next. With the exception of a few years residence in Cohoctah township, all his life had been passed on the same farm home, on the Pinckney road, Marion township.

Surviving are his widow, formerly Carrie Carr, of Putnam, and four children, Mrs. Bernice Rose of Highland park, Melvin C. of Birmingham, Laurens of Detroit, and Mrs. Carol Hanes of Howell. He also leaves two sisters, Mrs. George Howe and Mrs. L. D. Chubb, both of Howell. Funeral services were held from the residence, Friday afternoon at 2 o'clock, with burial in Lakeside cemetery, Howell.

HAMBURG

With the weather ideal, St. Stephens Episcopal church was filled Sunday afternoon, with many extra seats added, for Memorial Day services. The church was very prettily decorated in the national colors. With Miss Jule Adele Ball acting as chairman a very appropriate program was given.

Confirmation services will be held at St. Stephens Episcopal church Sunday afternoon, June 14 at 5 o'clock when a class will be confirmed by the bishop, Rt. Rev. Herman Page of Detroit, assisted by the arch deacon, Van Leonard Hagger of Detroit.

Miss Lydia Gredus of the social service department of the Episcopal diocese of Detroit met with the confirmation class here Saturday afternoon.

Guests were here Sunday for Memorial Day services from Detroit, Ann Arbor, Muskegon Heights, Kalamazoo, Lansing, Grand Ledge, Owosso, Pinckney, Dexter, Whitmore Lake Webster and Northfield.

Mr. and Mrs. Claude Almond of Battle Creek came Saturday to visit Mrs. Almond's brother and sister-in-law, Mr. and Mrs. Carlton Ramalia. In company with Mr. and Mrs. Ramalia they spent Sunday in Detroit.

Mr. and Mrs. Leland H. Ball of Cleveland, Ohio, came Friday to visit Mr. Ball's aunt, Miss Jule Adele Ball returning Saturday evening. They also visited Mr. Ball's aunt Mrs. Henry M. Queal and Mr. Queal and were luncheon guests of their cousins, Mr. and Mrs. Lawrence R. Queal.

Mr. and Mrs. Claude Almond of Battle Creek called on Miss Jule

Ball Monday. Mrs. Rose Thorburn and son, Donald, of Lansing, and Mr. and Mrs. Henry M. Queal were dinner guests of Mr. and Mrs. Lawrence R. Queal Friday evening.

FROM OUR EXCHANGES

According to the Washtenaw Tribune Leroy Park, 85, is the only civil war veteran living in Ann Arbor. There are only three members left of the Ann Arbor G. A. R. Post. Mr. Park is one. The others are George Vallor, Hamburg and George Wade of Nyassa, Oregon.

Wayne claims to have the oldest blacksmith shop in the state still in operation. It was established 100 year ago by Fred Merker, a German immigrant. All the original tools forged by him with his name on them are still in use. Bert Green is the present blacksmith.

County Treasurer Clare Burden is reported in the county seat exchange as saying that approximately sixty per cent of the land descriptions advertised for delinquent taxes in Livingston County were paid before the sale opened on May 5. This is considered remarkable, it is stated, in view of the present depression and also that there were the largest number of descriptions advertised this year for many years.

Starting Thursday, June 4, the 19 piece South Lyon band will give weekly concerts at that city.

Over 130 acres of the 150 acre farm of Fred Simmons, east of South Lyon, is set out in fruit trees which have made a glorious sight the past two weeks because of the ocean of bloom. A pear orchard alone contains over 1800 trees. Besides Mr. Simmons and his son, three men are employed to care for the orchard.

At present there are said to be 2,975 indigent aged cared for at Eloise hospital at a cost of 76 cents a day each. The Wayne County Review says they could be cared for in private homes at \$30 a month and the space at Eloise used for the sick now being cared for in private hospitals. This it says would save the county several millions dollar annually.

A move is under way to induce the Ann Arbor school board to reduce the tuition there for foreign pupils to \$60 per year.

The Fowlerville high school base ball team won the championship of the Lehigh county league. They won every game played. They only lost one game during the season, that being with Howell, non league team.

Mr. and Mrs. George VanHorn and Mr. and Mrs. Stephen E. VanHorn are on a motor trip in the East and will visit relatives in New Jersey before returning. Liv. Co. Rep. Press.

Fenton has reduced its teaching staff by three teachers and has reduced the current budget by \$4,951.45.

## Ability Without Thrift Won't Take You Very Far

DO YOU KNOW that managers of BIG BUSINESS when employing men for responsible positions are more interested in their thriftiness than in any other quality. Why?

Because they realize that if a man can save money for himself, he can save for them. They know that industry is seated in him and that he will make good.

# Mr. Car Owner

Here is what Race Drivers with Life and Victory at Stake have decided about Tires

FOR twenty-one years the Indianapolis two and a half mile circular brick track, surrounded by a concrete wall to keep the cars from dashing off, has been the crucible where the white heat of auto

the world standard in tire values

cars he touched 140 times and better. He drove on 6.00-20 Firestone High Speed Tires with racing treads. He had no tire trouble.

He used Firestone Tires because Firestone experts and engineers have through twenty-one years taken this race as a challenge to tire making. From this race they have developed these vital improvements which have given to Firestone Tires the world leadership in safety, mileage and endurance.

1. Gum-Dipping. Tires had to be stronger and able to stand the heat of a hot red-brick track at high speed. Firestone met this by developing and perfecting the dipping of cords through a rubber solution to insulate each fiber of every cord to overcome heat and give the cord greater strength—and 58% greater flexibility. This is the Patented Gum-Dipping Process used in the making of every Firestone Tire.

2. The Balloon Tire was developed by Firestone to permit greater speed with comfort and safety by increasing road grip and absorbing shocks. It was made possible by the added strength and flexibility given by Gum-Dipping. In the 1925 race, some of the drivers tried the then new Firestone Balloons. The others stuck to high-pressure tires. Peter de Paolo on Firestone Balloons made a world's record. All the prize winners came in on Firestone Balloons—Now the balloon tire is everywhere the standard.

3. Double Cord Breaker. The higher-powered cars and the step-up in speed demanded still more tire toughness. At one hundred miles an hour, the circumference of a tire increases by more than 10%, and this, added to the centrifugal force, tends to throw off the tire treads. Firestone met this by developing the Patented Double Cord Breaker which gives a 56% stronger bond between the tread and the tire body and also gives a 26% greater protection against punctures and blowouts.

These are some of the great lessons that Firestone has learned on this racing track. And so the men whose lives and fortunes depend on knowing tires always buy Firestone Patented Gum-Dipped Double Cord Breaker High-Speed Tires.

There were 72 entries. Of these, 40 survived the elimination trials—and every one of them was on Firestone Tires. And every tire was bought and paid for.

We give you the benefit of all the lessons Firestone has learned from these races. You can get from us all the strength and safety in tires that the racing drivers buy.

Take advantage of our liberal trade-in plan. Avoid the risk of blowout, accident or delay. Prices on these World's Record Tires are the lowest in history. Come in Today.

SLAYTON & SON, Local Dealers

Firestone Gum-Dipped Tires hold all world's records on road and track for safety, mileage, speed and endurance.

for twelve consecutive years they have won the 500-mile Indianapolis Endurance Race.

were on the winning cars in the Pike's Peak Race where a slip meant death.

were on the G.M.C. Truck, carrying a two-ton load, that hung up the coast-to-coast endurance record.

were on the Studebaker car which on a board track in Atlantic City in 1928 went 30,000 miles in 26,326 minutes.

on 125 buses of the Washington Electric & Railway Company, ran 3,674,266 bus miles during 1930 with only 13 tire delays.

on 150 trucks of the Safeway Stores, Inc., ran 1,500,000 miles in one year without one single hour of delay on the road.

## MICH. GRAND LODGE F. & A. M. HELD LAST WEEK

The 87th annual communication of the Grand Lodge of Mich. F. & A. M. was held at Battle Creek last week Tuesday and Wednesday. The election of Grand Marshall Wednesday morning occasioned the most interest. This officer eventually becomes the grand master of Michigan Masons. Wm. Parker, Otisville banker, past president of the Genesee Past Masters Association was elected on the second ballot over Wirt Savery and James Garlick of Detroit and John P. Wood of Saginaw. Mr. Parker is known to many of the Pinckney lodge as he was one of the speakers here February 27 when Livingston lodge celebrated its 75th anniversary. This is the second time in two years that Pinckney has had the honor of entertaining the successful candidate for grand marshal as Judge Neil Reid of Mt. Clemens was their guest in 1930.

At the grand lodge session all of the 507 Michigan lodges were represented but a few. Committees on appeals and lodges had no reports to make as there were no appeals or lodges under dispensation the past year.

The amendment to the by-laws to have the grand lecturer elected by grand lodge officers instead of the grand lodge assembly was defeated by a big majority. The Masonic Service Commissioner which was suspended a year ago when the \$12,000 appropriation for it was voted down was restored and rechristened the Frank T. Lodge Service Commission. No appropriation was given it however so it will probably be inactive another year. The Rainbow Shrine was denied the use of Masonic Lodge rooms. Schiller Lodge, Detroit, was granted permission to work degrees in the German language at certain times to be designated by the grand master. The use of Masonic emblems for business purposes was condemned. The report of the George Washington Memorial commission showed that although over two million dollars had been spent another million would be required to complete it. This is a nation wide enterprise in the shape of a memorial building at Alexandria, Virginia. It will be dedicated in 1932. The Masonic Home Board of control was given authority to dispose of the old home if Alma as they saw fit. It is reported it will be used as an orphan's home.

Seven hundred Masons attended the banquet in the Masonic temple, Tuesday evening. Music was furnished by the Masonic News harmonica band of Detroit which consists of 25 boys ranging in age from 10 to 16. Besides harmonicas, a drum and concertina is included in equipment. They are fine musicians and played for nearly an hour. Grand Master Dolliver acting as toastmaster introduced the prominent men present who however made no speeches. Gov. Wilber Brucker followed with the address of the evening in which he stressed the value of Masonry and also touched on communistic agitation. A movie of the late Frank T. Lodge was then shown. This speech was delivered by him on Belle Isle some time before his death and preserved for future generations. The election of officers Wednesday resulted as follows:

G. M. Albert Young, Escanaba  
Dep. G. M. Louis Anderson, Northport

Gd. S. W. Dr. Geo. Ferguson, Cedar Springs

Gd. J. W. Frank Gould, Grand Rapids

## GREGORY

Prof. McRorie and family are taking a trip through Washington, D. C. Wilfred McCleer of Jackson spent the week end with his parents, Mr. and Mrs. L. N. McCleer.

The men and young boys of the community met at the hall Wednesday evening to talk over the advisability of organizing Boy Scouts here. Walter Wallace of Howell explained the work. A great deal of interest was manifested and there will be another meeting Wednesday of this week.

Mr. and Mrs. Nat Bowen of Detroit visited Mr. S. A. Denton Saturday and Mr. and Mrs. Warner Denton of Detroit and Mr. and Mrs. Norman Whitehead and Russell were his dinner guests Sunday noon.

Baptismal services were held at the Baptist church Sunday evening. Fifteen candidates were baptized. Miss Katherine Crossman of Ann Arbor spent the week end with her parents, Mr. and Mrs. W. J. Crossman.

Miss Madeline Leech and Lyle Bowditch of this place will graduate from Howell High school June 11th. During the two years they have attended the Howell High school, they have both won high honors for their

excellent work in dramatics. Lyle has distinguished himself in athletic activities.

The Livingston county King's Daughters held their annual convention at Gregory, Wednesday, May 27 with Mrs. Mae Daller presiding. The business part of the convention was disposed of during the morning session, leaving the afternoon free for more interesting part of the program. Mrs. Goldsmith, the State vice-president, Mrs. Rupright, junior president, Miss Dorothy Ketcham from the social service department of the U. of M. hospital and several others gave very interesting talks. The election of officers resulted as follows: President, Mrs. Mae Daller of Pinckney; vice pres., Mrs. Ruth Bollinger of Gregory; secretary, Mrs. Norman Larkin of Howell; treasurer, Mrs. Sutton of Brighton. The next convention will be held in Lakeland in May 1932. The Gregory King's Daughters served a delicious noon luncheon at the Community hall to about 200. The hall and table were appropriately decorated with purple orchid and white crepe paper. Purple and white iris and orchid tapers in crystal holders. The whole affair was a wonderful success.

Mrs. Carpenter and Miss Alma Grimes of Stockbridge, called on Mrs. Ida Bollinger Monday afternoon,

## MORTGAGE NOTICE

WHEREAS, default has been made in the terms and conditions of that certain mortgage hereinafter described, by the non-payment of one installment of interest of Two Hundred Ten Dollars (\$210), due December 21, 1930.

AND, WHEREAS, the entire amount claimed to be due and unpaid on said mortgage at the date hereof (except taxes for the years 1928, 1929 and 1930, which will be paid in whole or part prior to sale and added to amount due and owing as of date of sale) is the sum of Two Hundred Thirteen Dollars and Fifty Cents (\$213.50).

NOW THEREFORE, notice is hereby given that certain mortgage made by Dr. Guy L. Breen and Agnes Breen, his wife, mortgagee to John T. Chambers and Fossie

Chambers, his wife, mortgagees, dated December 21, 1928, and recorded in the office of the Register of Deeds for Livingston County, Michigan in Liber 87 of Mortgages at page 339, thereof, will be foreclosed and the lands and premises therein and hereinafter described, or so much thereof as may be necessary to satisfy said mortgage debt, with interest, costs and statutory attorney fees, will be sold at public auction to the highest bidder at the west front door of the Court House in the City of Howell, County of Livingston and State of Michigan, on the twenty-sixth day of June 1931, at ten o'clock, Eastern Standard Time, in the forenoon of said day.

The mortgaged lands to be sold are described as follows, to-wit: The northeast fractional quarter of the southwest fractional quarter, and the southeast part of the north-

west fractional quarter of Section No. 6 in Township number one (1) North of Range five (5) east, containing eighty-four (84) acres of land, more or less.

The whole thereof having been occupied, used and enjoyed as one piece or parcel.

Said sale is to be made subject and inferior to the unpaid principal of said mortgage due John T. Chambers and Fossie Chambers, his wife, amounting to the sum of Thirty-five Hundred Dollars (\$3500) and accrued interest thereon and any other proper charges thereon. Dated: April 1, 1931.

## DETROIT PLANES ON NEW ROUTES

Fast Lockheed planes, product of the Detroit Aircraft Corporation, will be used on two new passenger airlines to be started soon, according to Karl S. Betts, D. A. C. sales manager.

The New York and Western Airlines, with headquarters at Pittsburgh, and operating between Pittsburgh and New York, will take delivery of two new Lockheed Orion transports and these planes, with their retractable landing gear will maintain the fastest schedule of any airline in the world. The Orion, carrying six passengers and baggage, will cruise at approximately 175 miles per hour.

The Midland Air Express will operate from Kansas City, Kan., using two Lockheed Vegas on the run to Sioux Falls, S. D. This line will make connections with the Braniff Lockheed lines from Fort Worth and Chicago at Kansas City.

Lockheed planes are now being flown on 11 airlines in the United States and Mexico, carrying passengers, baggage and mail. Operation records show that schedules are being maintained at an average speed of over 150 miles per hour.

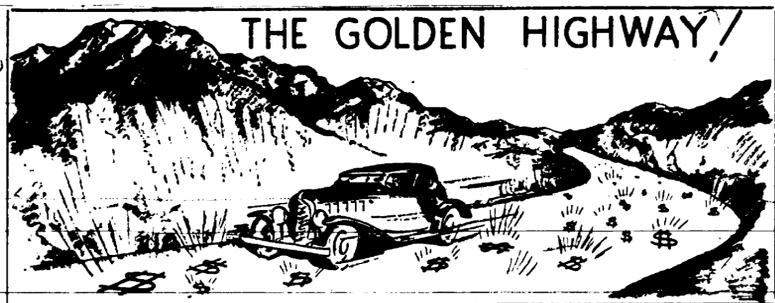

"Operators are constantly demanding high speed and frequency of service with low operating costs," says P. R. Beasley, president of the Detroit Aircraft Corporation. "Single-engine equipment has proved the best possible means of meeting these requirements."

### Terms Newspapers as Best for Advertising

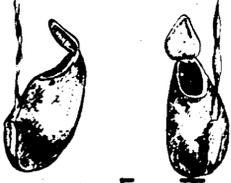

F. L. Maytag, head of the Maytag Washing Machine Corporation, Newton, Ia., termed newspaper advertising "the most effective medium of placing an article before the attention of the public," in an address at Grand Rapids to several score dealers in this district.

The Maytag policy of expending more than \$1,000,000 a year for advertising, for the most part in daily newspapers, he said, was dictated by consensus of executives and advertising experts of the company. "This has become a fixed policy," he said, "and it will be continued."

## 91 on Monthly Parole List at Reformatory

Ninety-one inmates of the Michigan reformatory, one of the largest monthly parole lists ever presented at a single meeting of the parole commission, will be submitted at the June meeting for investigation and disposal. The May list numbered 50, the last of whom are now leaving the institution. H. D. Kirby, assistant parole commissioner, is interviewing the recommended inmates. The departure of the men on the May list brings the prison population down to 1,911, still 15 per cent over crowded.

## Six Made Life Members In Allegan Masonic Body

At a recent meeting of Allegan lodge, F. & A. M., six members were given life certificates. As the certificates are issued only after 40 years membership, six is a large number to be issued at one time. The recipients were: Frank E. Martin of Detroit and Robert C. Turner, D. E. Burgess, Daniel Stern, T. S. Uptake and H. A. Potter of Allegan. An unusual coincidence was that Martin has been made a Master Mason just 40 years to the day.

## Bay City May Get Gas

A high pressure natural gas line, supplying Midland territory with natural gas for lighting and heating purposes, will be constructed from the Mt. Pleasant oil and gas field, 12 miles west of Mt. Pleasant, to the Midland county seat, according to Jackson officials of the Consumers Power Company.

With a line into Midland, the company will be prepared to carry natural gas into Bay City and Saginaw. The field proves to have sufficient resources, since Midland and the Saginaw plants are already connected by a high pressure line.

## EIGHT NEW FOREST ESTABLISHED IN U. P.

Eight new school forests have been established in the upper peninsula this year and are making their first plantings this spring, according to J. G. Wells, Jr., assistant county agent leader of Marquette. Location of the forests are given by Mr. Wells as follows: Bessemer township, Gogebic county; Crystal Falls, Iron county; Palmer, Ishpeming and Gwinn, Marquette county; Nahma and Rapid River, Delta county; and Gernfask, Schoolcraft county. Besides the above the Wells school in Delta county is planting a plot of one acre.

Most of the school, Mr. Wells says, are planting 2,500 white spruce donated by the Michigan State college forestry department, and 2,500 white or Norway pine given by the state department of conservation. Land in each case has been given to the school or leased for school forestry purposes.

Each forest was dedicated after planting, according to Mr. Wells. The schedule was as follows: Bessemer township, May 20; Crystal Falls, May 21; Palmer, Ishpeming and Gwinn, May 22; Munising Boy Scout forest, May 23; Rapid River and Wells, May 25; Nahma and Gernfask, May 26. Those who will assist in the dedication ceremonies are as follows: R. F. Krounsnia, extension forester, M. C. East Lansing; G. W. McIntyre, assistant state forester department of conservation, Lansing; L. S. Bean, forest supervisor, U. S. Forest service, Munising; E. V. Jotter, University of Michigan school of forestry, Ann Arbor; G. E. Bishop, secretary, U. P. Development bureau, Marquette; C. A. Root, boys' and girls' club leader, Marquette; Mr. Wells, and local superintendents and school commissioners.

"The number of school forests established this year," says Mr. Wells, "shows a real interest in forestry on the part of the school pupils as well as teachers. This is only the second year we have stressed this subject in our extension program and the increase is most gratifying. The school forests that were established last year are all making plantings again this year."

Locations of forests established last year are as follows: McMillan and Pentland townships (Luce county), Inwood township (Schoolcraft county), Gladstone, Felch, Negaunee, North Lake, Baraga, L'Anse, Duncan township (Houghton county), Ironwood township, Marquette Boy Scout and Iron River forest plot.

## \$3,000,000 HOSPITAL READY

More than \$3,000,000 worth of buildings, constituting the first units of the new state hospital for the insane, will be completed within a few weeks and the first consignment of patients is expected soon. A total of 5,000 mental patients will be housed in the huge hospital when it is completed, according to existing plans. About \$750,000 is expected to be available for this work. Approximately \$3,500,000 is included in the first appropriation, which made possible the construction of the eight units now almost ready.

## Project to Widen Highway Postponed

The wider Gratiot project will not be carried out this year through Roseville, according to a letter received by the village from Grover C. Dillman, state highway commissioner. Replying to a letter from Roseville officials protesting division of \$1,000,000 from the state highway fund for other uses, the commissioner said that, due to unforeseen reduction in highway revenues because of the falling off of weight and gas tax collections, the state finds that it will be unable to do the Gratiot work in 1931.

## Gasoline Engines May Be Used by G. T.

Culminating two years' effort to obtain more frequent and faster service over the Grand Trunk railway system between Port Huron and Detroit, a conference between H. L. McCaughey, Detroit, general passenger agent for the Grand Trunk Western lines; A. B. Chown, Chicago, in charge of Grand Trunk passenger traffic, and James L. Ludloy, manager of the Port Huron Chamber of Commerce, resulted in a plan that is expected to provide a twice-daily gasoline-motivated service between here and Detroit. This is in addition to the present steam schedule.

Mr. Chown has referred the matter to headquarters in Montreal, and a definite answer will be given soon. If the proposed trains are added, a downtown terminus will be provided, probably at Court and Military streets.

## Find New Zinc Process

The production of metallic zinc of more than 99.9 per cent purity at comparatively low cost looms as a definite probability as a result of research by the United States Bureau of Mines, Department of Commerce, details of which are to be announced in the next few days. Working for the past three years on the general problem of finding improved methods to assist in utilizing zinc ores available, Bureau engineers have studied chemical reactions, working temperatures, and ores giving promise in meeting modern industrial requirements for high-grade, low-cost materials.

## Cities Cut Valuations

A cut of 15 per cent in the assessed valuation of the city of Owosso has been decided on by the board of review. This policy will mean a reduction of \$2,201,794 from the total of \$14,678,638, last year's valuation. Valuation of Grand Rapids property for municipal tax purposes will be approximately \$9,000,000 lower this year than it was a year ago, it has been decided by the city commission. The commission, sitting as a board of review, adopted a tax roll of \$262,142,917, which compares with the 1930 roll of about \$274,000,000.

## Buy Ford Airplanes

Pacific Air Transport Company has purchased six Ford trimotor transports costing \$300,000. The ships are to be used on the airway linking Seattle, San Francisco and San Diego with an air mail and passenger service. The Ford equipment will be manned by two pilots and a stewardess, and carry 10 passengers besides mail and express cargoes.

## Asks Television Permit

The Kunsky-Tendle Broadcasting Company has applied to the federal radio commission at Washington for permission to erect a television transmitter at Detroit.

## MICHIGAN ONCE SWAMPY PLAIN

Days of ages past, when Michigan was a low, swampy plain, its lakes teeming with strange, forgotten fishes, its land studded with forests of huge club mosses, great ferns and tall trees of a type never known to man are recalled by the detective work of science on the petrified remains of the plant life of that time, conservatively set at two hundred and fifty million years ago. This was the Devonian period of the earth's history, before the carboniferous time during which coal was formed.

One kind of the ancient clues from which the paleobotanist, or student of fossil plant life, bases his deductions, are the trunks of the great trees of the period. Research of Dr. Chester A. Arnold of the University of Michigan botany department has brought to light a well-preserved specimen in an Indiana quarry. Similar, but less well-preserved specimens are known in Michigan.

Buried deep in the soft earth many of these plants escaped breaking or crushing. Then the process of petrification set in. Water carrying mineral matter, slowly seeped through the plant, slowly dissolving the vegetable matter of the plant but replacing it in absolute duplication with mineral matter. This hardening produced a stone cast of the original so exact that microscopic examination reveals the smallest detail of cell structure. From this may be deduced the living conditions needed for such growth. This indicate a climate of mildly temperate nature, somewhat cooler and drier than the later period in which coal was formed.

These trees were of the class of Cordaites, without descendants in the modern world. The largest specimen found by Dr. Arnold is 29 feet long and represents only a part of the whole trunk. Full grown the trees were probably as high as 60 feet with a girth of more than 5 yards. Other giants of that day, now known only by insignificant descendants were giant "horsetails" 90 feet high and 3 yards in girth, great tree ferns which comprised whole forests in themselves and huge club mosses 100 feet high, and represented today by the trailing forms. In that day none of the seed producing plants which make up the great majority of modern types were even known.

## Bridge Cuts Toll

Automobile rates across the Ambassador bridge have been reduced. Commuters' books with 12 tickets are available for \$3. These may be used at any time. Formerly the price was 12 tickets for \$3, with a provision that the tickets had to be used within the month. Fares for trucks have been corresponding reduced.

## Northern Grown Peanuts

Just as good Peanuts can be grown in the Northern States as in the South provided you plant the right kind. Buy Spanish. Everyone should plant at least a few for the children. This is the earliest variety grown and very productive. The pods are small but remarkably solid and well filled with nuts of the very finest quality. Boys, here is a chance for you. Think of growing peanuts in your own garden and having plenty of them to eat. Shell nuts carefully so as not to break inside, skin and plant as soon as ground becomes warm, about 2 inches deep, in rows 3 feet apart, and from 6 to 10 inches apart in the row. Pkt. 10c; 5 for 25c; postpaid. Address: Novelty Garden Club, 58 Market St., Grand Rapids, Michigan.
