NEIGHBORING NEWS

The annual picnic of St. Joseph's church of Dexter will be held on Monday, September 7.

The stop lights ordered by the Detroit council have been recently installed in that village.

Two human skeletons were recently unearthed in a Holly gravel pit by workmen, that of a man and a child. They crumbled to pieces when exposed to the air.

The Chelsea public schools will open August 31.

Carl A. Lehman, former prosecutor, has been appointed assistant prosecutor to Albert Rapp at Ann Arbor.

The Wayne Savings Bank which recently closed its doors opened to permit depositors to file their claims last week.

At the present time there is a fight over the appointment of postmaster at Wayne. Charles Procter was named by former Congressman Grant Hudson. His term has expired. Congressman Person has sent in the name of Mrs. Louise Harper to succeed him. Procter is making a fight for his job and is circulating petitions on which he claims to have obtained the signature of 90 per cent of the business and professional men of Wayne.

Three former officials of the Inkster bank have been bound over for trial for misappropriating \$33,500 of the bank funds. They were released on \$2,500 bail. They used \$84,000 to play the stock market but replaced all but the \$33,500.

Spurred on by the Ypsilanti murderer a vigilante force of 100 men will be raised in Washtenaw county. They will be equipped with Kragg rifles and 15,000 rounds of ammunition. They will act only when called upon by the sheriff or other officials. The Legion is sponsoring it. Services of this body will only be used in major crimes. Target practice starts August 31.

The large barn, tool shed, corn crib and blacksmith shop on the Louis Herbst farm near Brighton on the Chilson road, burned Thursday night. A truck which caught fire near a grain stack caused the blaze. The loss was partially covered by insurance.

Robert Graham has been appointed chief of police of Brighton.

During the penalty free period for tax collections of April, May and June \$48,545.15 was collected in this county. Checks were mailed out to the different townships. Putnam's share was \$1,554.37; Unadilla's \$421.66 and Hamburg \$1,875.73; Marion got \$411.

The Redford Record says a good way to begin cutting taxes is to eliminate the monkey-business of lighting uninhabited streets and lanes of the city and county. It believes it is a fine idea to advertise Detroit by lanes of light into the county but that it is wanton wastefulness to illuminate the former alfalfa fields of Wayne county. Crickets are kept awake, forget it is night, and the occasional cow is disturbed in her slumbers. The Record thinks it is high time for officials of the city and county to get together to stop his waste of public money.

NOTICE

The Sheriff's Dept. has been given authority and instructed by the board of supervisors to collect the delinquent dog license fee in Livingston Co. Following their instructions each owner listed as delinquent will be called on by an officer and asked to pay license fee or have dog killed. CROP REPORT

Aside from record breaking yields of wheat and rye and slightly better than average prospects for corn, the outlook for Michigan field crops leaves much to be desired.

The state's rainfall for the past 17 months has been below normal in every month except three, causing a deficiency of about 12 inches up to August 1. This unusual dryness, together with extreme heat on numerous days, has lowered the prospective yield of corn, oats, and barley and probably has caused irreparable injury to buckwheat, beans and potatoes, according to the August crop report of the Michigan Cooperative Crop Reporting Service.

Winter wheat is yielding heavily in all districts and the estimated average of 27.7 bushels per acre is the highest ever recorded in the state. A yield of 16 bushels of rye is the reported average for this year and has not been equaled since 1914 nor exceeded since 1902. The Michigan wheat crop is estimated at 13,073,000 bushels as compared with 6,850,000 harvested last year.

Corn made exceptional progress up to the middle of July, but deficient rainfall, high temperatures, and two or three days of hot wind caused considerable firing of the leaves and stalks in many fields. Some sections have had temporary relief in the form of good showers since August 1, but much depends upon the weather during the remainder of the month.

The present condition of 81 per cent indicates a crop of 47,040,000 bushels, a much larger production than in either 1929 or 1930 and nearly equal to that of 1928.

Mrs. Julia Griener and daughters, Mary and Julia, Mrs. George Griener and daughter, Marian, attended the wedding of Miss Ella Marie Ryan of Howell and Wm. Rohn of Pontiac at St. Joseph's church, Howell, Tuesday morning.

MORTGAGE SALE

Default having been made in the conditions of a certain mortgage whereby the power therein contained to sell has become operative executed by Boheslaw Samborski and Anna Samborski, his wife, to Fred C. Read and Ross T. Read, dated the 15th day of February, 1930, and recorded on the 17th day of February, 1930, in the Office of the Register of Deeds for the County of Livingston, Michigan, in Liber 104 of Mortgages on page 466; which said mortgage was afterwards and on March 17, 1930, assigned by Fred C. Read, and Ross T. Read to Joseph A. Wessinger, such assignment having been on March 5, 1931, recorded in the same office in Liber 134 of Mortgages at page 284. It being expressly provided in said mortgage that should default be made in the payment of principal interest or taxes on any date when the same is made payable and should the same remain unpaid for a period of thirty days, then the principal sum mentioned in said mortgage, with all arrearage of interest shall at the option of said mortgagee become immediately payable.

And default having been made in the payment of taxes, and more than thirty days having elapsed since the same were due and payable, and the same not having been paid by the mortgagors, but having been paid by the mortgagee, the said mortgagee, by virtue of the option in said mortgage contained, does hereby elect and declare the principal sum of six hundred forty-five (645) dollars and all arrearage of interest to be due and payable immediately. There is claimed to be due at the date of this notice for principal, interest and taxes paid the sum of nine hundred thirty-five dollars and two cents (\$935.02), and no suit or proceeding at law or equity having been instituted to recover the debt secured by said mortgage or any part thereof, notice is therefore hereby given that on Friday, the sixteenth day of October, 1931, at ten o'clock in the forenoon (Eastern Time) of said day at the west front door of the Court House in the City of Howell, that being the place of holding the Circuit Court for the County of Livingston in which said mortgage premises to be sold are situated, the said mortgage will be foreclosed by

sale at public auction to the highest bidder of the premises contained in said mortgage, or so much thereof as shall be required to satisfy the amount due on said mortgage and all legal cost. That is to say all those certain pieces or parcels of land located in the Township of Putnam, Livingston County Michigan, described as follows:

The west half of the northwest quarter of section twelve (12); The south half of the southwest quarter of the southwest quarter of section one (1); The south one-eighth of the east half of the southeast quarter of section two (2); all in township one (1) north, range four (4) east, Michigan and containing one hundred ten acres of land more or less.

The whole thereof having been occupied, used and enjoyed as one piece or parcel.

Dated July 22, 1931.

JOSEPH RIECKHOFF

Joseph Rieckhoff, for ninety years a resident of Hamburg, died at his home in Hamburg village Sunday morning at 5 o'clock after a long illness. Mr. Rieckhoff was born in Wurttemberg, Germany, October 3, 1860. He came to America with his parents in 1866. June 5 1881 he was united in marriage with Miss Elizabeth Krouse, who survives him. Mr. and Mrs. Rieckhoff were the parents of two sons, Louis Rieckhoff and Fredrick Rieckhoff, both of Howell. He is also survived by five grand children of Howell and two sisters, Mrs. Lizzie Gaylord and Miss Sophia Rieckhoff of Grass Lake. Funeral services were held at his late home Tuesday afternoon, Rev. Elmer F. Klingensmith, pastor of the Evangelical church of Brighton officiating. Interment was in the Brighton cemetery.

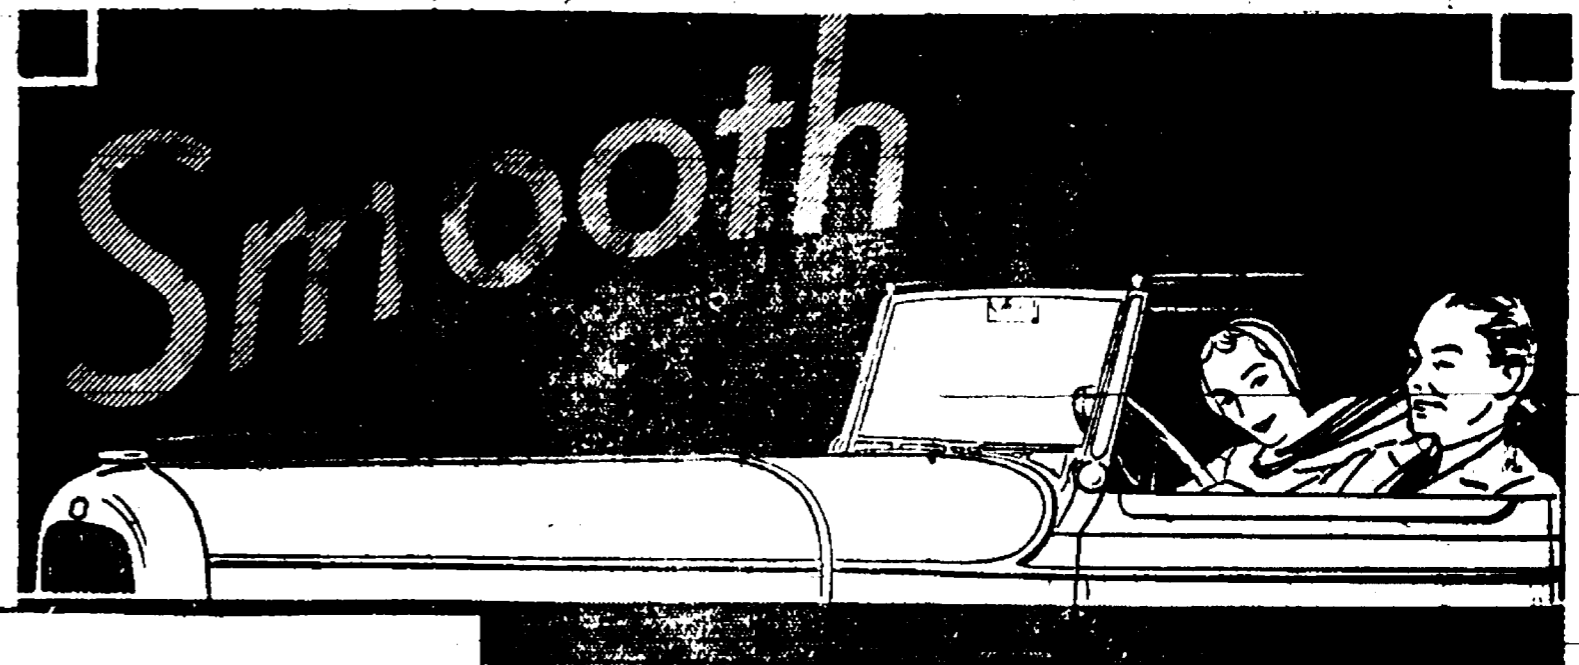

THREE DAY CAMP TO BE HELD

According to an announcement by scout executive Wallace F. Watt, a three day camp is to be held on Wednesday, Thursday and Friday, August 26, 27 and 28, at Camp Newkirk, boy scout camp near Dexter, for all scouts in Washtenaw and Elvington counties.

Although planned primarily for rural boys who were attending summer school and were thus unable to attend the regular camp, all scouts are welcome at this short camp.

The camp will close with a court of honor Friday afternoon.

WITH THE PHILATHEAS

An exceptionally pleasant time was enjoyed by a score or more of Philatheas and friends who gathered last Wednesday afternoon at the home of Mrs. Lola Rogers for the monthly business and social meeting which was opened by singing. "Was there be any stars in my crown?"

The devotional service was in charge of the chaplin, Mrs. Berquist, who read the 64th Psalm and offered prayer. Then followed the roll call and secretary's report, bills were presented and communications read. Reports of the various committees were followed by a discussion of plans for the parsonage furnace, and the committee appointed last fall was instructed to make investigations and report. Mrs. Rose Hendee is chairman of this committee and will work with the similar committee from the men's class.

Mrs. Berquist presented a program consisting of a song, "Jesus loves me," by Miss Jean Clark, and a group of readings by the Misses Bessie Swarthout, Marilda Rogers and Clella Fish. Another pleasing feature was an original and unique contest built around the names of a number of church attendants, most of whom were Philatheas. Miss Mattie Swarthout was presented with the winning trophy in this contest. At the close of other program features the pot luck lunch was enjoyed as usual.

The next monthly meeting will occur on Sept. 9. Place announced later. Mrs. Both Swarthout and Miss Clella Fish were chosen on the entertainment committee for that meeting.

On last Sunday a large class joined in the regular discussion period. Before this we very much enjoyed the sermon by our former pastor Rev. H. E. Mayercroft of Lakeview, and the solos in church and S.S. by Mrs. Mayercroft. It is always a pleasure to have with us our old loved parsonage families, especially when we can feel gratified over the present condition of the parish work.

Next Sundays topic will be "A Gospel for all Men." Acts 11:5-18.

retains the delicious natural flavors

FOR health's sake, eat a cold ham once a day, even in summer, according to nutritionists, because it belongs to the protein or muscle building family. Ham loaf makes an ideal, economical summer dish. It may be served cold for picnic sandwiches, or served as the principal dish for dinner. And of course, to have it at its best, it should be cooked in an Electrolux oven. Electrolux' mild penetrating heat best retains the delicious natural flavor of ham, and seals in all the beneficial juices that are lost through "drying out" in an ordinary oven.

NO SIZE LIMIT ON PERCH, ROCK BASS

There is now no legal size limit on perch, calico bass, strawberry bass, rock bass and crappies.

The trout season will remain open to include Labor day which this year is Sept. 7.

Pike may not be speared during the next spring spearing season.

These are among the important changes contained in the 1931-32 inland fishing law passed by the last session of the legislature. The law was given immediate effect and is now in force.

The former size limit of seven inches on perch has been removed so that perch of any length now may be caught and kept.

The new law limits the number of perch that may be taken with hook and line in certain parts of Les Cheneaux channels in northern Lake Huron to 25 a day. Perch, wall-eyes and pike taken with hook and line in those waters may not be sold.

The daily limit of perch was raised to 50 in the following waters: Black lake, Ottawa county; Muskegon lake and White lake, Muskegon county; Pontwater lake and Stoney lake, Oceana county; Pere Marquette lake, Mason county; Manistee lake, Arcadia lake and Portage lake, Manistee county; Lake Charlevoix, Charlevoix county. In other inland waters of the state the creel limit is 25 in the aggregate of perch, bluegills, sunfish, calico bass, warmouth bass, rock bass, white bass and crappies.

Straits Ferry June Traffic

Official records compiled by the state highway department at the Straits of Mackinac show that 11,942 cars, trucks and trailers crossed the straits in June this year, as compared with 13,251 in the same period last year. Receipts for June, 1931, were \$35,444.25, as compared with \$39,282.75 in June, 1930, a decrease of \$3,838.50. The decrease in number of vehicles was 1,309, or over 9 per cent.

Total receipts for the 1931 season to July 1 were \$62,469.50, as against \$63,522.50 for the corresponding period a year ago. April and May traffic in 1931 showed an increase of nearly \$3,000 over last year, which was more than offset by the decrease in June receipts.

Only two horses were ferried across in June, 1931, while none were handled in June this year.

Resurrection Plant

The Genuine "Rose of Jericho"
These resurrection plants are found among the desert and the sea. When they are dry they look like a ball of tightly folded leaves, dry and dead. Put it in water and it will open up its handsome fern-like foliage, turn green and begin to grow in about twenty minutes. Take it out of the water and it will curl up and become dead again. It is capable of apparently dying and coming to life again repeatedly. It is a true miracle of nature.

What happens when inaugural day, March 4, falls on Sunday?

When March 4 falls on Sunday, the president's inauguration is held on the following day. As a matter of fact, this very seldom happens, as the date was chosen by an expert who calculated that it would fall on Sunday less frequently than other days of that period of the calendar.

Marriage in Spain

Is it true that in Spain persons wishing to be married must furnish a genealogy of their family?
No mention of this is made in the laws of marriage for Spain. It is possible that some of the families of high social rank and noble birth require a genealogy of persons about to marry into their family.

Villages Seeking Water Cost Slash

Representatives of various municipalities in the metropolitan area, receiving water through Detroit mains, will meet with the Detroit water board in an attempt to get a reduction in the price of water. Members of the Roseville commission and East Detroit city council will attend. Representatives of various villages and cities near Detroit formed an organization recently to present their water rate situation to the Detroit water board, claiming that rates charged were too high.

TEXTBOOKS For the Rural Schools of Central Michigan SEND US YOUR ORDER GOVERNOR'S-1099 So. College Ave. Mt. Pleasant, Michigan

As a rule, drivers of motor cars are very liberal and are willing to give worthy people a "lift" along the highways, but so dangerous has become that habit that eight different states aside from the District of Columbia have enacted laws which prohibit "hikers" from soliciting rides from the roadside in private automobiles. The eight states are Connecticut, Delaware, Minnesota, Maine, New Jersey, New York, Oregon and Wisconsin.

Eight States Have Laws Against Thumbing Tourists

While there is no doubt that the majority of those seeking rides have honest intentions, the motorists cannot distinguish between them and the only safe course open to him is to refuse assistance to all. Seldom a day passes but some motorist is robbed by some "thumbing" tourist. Often both the driver's cash and his automobile are taken, and there are cases on record where the owners of the automobiles have even been murdered by those whom they sought to assist.

Big Insurance Policies Paid in Grand Rapids

According to the National Underwriter, an insurance publication, the two largest individual insurance death claims in this state the past year were \$475,000 on the life of Arthur B. Herpolsheimer and \$409,000 on the life of Ray E. Becker, both of Grand Rapids.
Large insurance payments during the year included Charles Frankla, \$98,500; Lemuel S. Hillman, \$78,687; India E. Stone, \$59,000, and Bernard Kline, \$20,000 to \$25,000.
Grand Rapids was the fifty-second city in the United States and Canada in total insurance payments, the total being \$3,018,900.
Michigan policyholders and beneficiaries the past year received \$82,500,000 from life insurance companies.

Commercial Secretaries Will Gather in Holland

The Michigan State Commercial Secretaries association will hold its annual convention in Holland Sept. 17 to 19. Headquarters will be in Warm Friend Tavern.
Aubrey Williams of Wisconsin university will give an address on "Taking Stock in Your Community." Delegates will talk on subjects covering their work, a debate on the retail sales tax and a question box will be features.
Secretary Charles A. Gross of the Holland Chamber of Commerce is arranging details for entertainment. About 75 delegates will attend.

ANGLERS' FEES TO BE RAISED FOR NEXT YEAR

The increased fees for resident trout license and non-resident anglers' license as established by the recent legislature, cannot be enforced until 1932, according to the Conservation Department.

When the general fishing bill became law in June the department had already issued and sold over 80 per cent of the resident trout licenses for the present season, and non-resident licenses and buttons were already in the hands of thousands of dealers. To have recalled both sold and unsold licenses and re-issued new ones would have involved unnecessary expense, said Director George

Thousands of tiny "fry" now in the roon waters will be planted this fall in nearby lakes by the Izaak Walton league.

Oiled Streets Hazardous

In reporting an unusual railroad crossing accident, the Michigan Mutual Liability Company sounds a warning to those communities in Michigan who are resorting to the use of oil for greasing the dust on dirt and gravel streets which intersect with street cars or railroad crossings.
In the case quoted the car owner, her chauffeur at the wheel, was approaching a railroad crossing on a street which had been heavily sprinkled with oil. The chauffeur stopped at the crossing and noticed an engine approaching proceeding slowly toward a considerable distance away. The chauffeur was ordered to proceed, which he did, partly over the tracks and wheels began to spin. The lady jumped from the car and flagged the locomotive. The engineer applied the brakes, but the grease had smeared the rails, with the result that the locomotive skidded into the car, badly damaging it, and injuring the chauffeur.

New Drivers' License Law Requires Much Clerical Work

Few persons realize the amount of clerical detail necessitated by the automobile drivers' registration law. Because of the increased power given state and county officials to revoke licenses, it is necessary for Department of State employes to make three separate checks on each application to receive a license. Then the approval of the commissioner of the Department of Public Safety must be placed on each application; yet the department requires less than three days on all applications which are approved.

To Straighten Road South of Saugatuck

Township Supervisor John A. Scarlett some time ago sent in a petition to Grover C. Dillman, state highway commissioner, in regard to widening the road on U.S-131 south of Saugatuck. This is a macadam road built in 1911 and is in bad shape.

Dillman has replied that the state will follow the present location south of Saugatuck in building a new U.S-131, but will eliminate some of the right angle corners, one at Glenn and one a mile east of Glenn.

State to Co-operate in Construction of Allegan County Dam

State Senator George Leland of the Eighth district has been informed by the state highway and conservation department that they will co-operate in the building of the dam on Swan creek, eight miles east of Allegan. In the old days there was a dam on Smith's mill pond and a sawmill was run from the power. The old dam has gone out and a new one will be constructed.

File Suit to Save Tree Free From Destruction

"Spare that tree," Mr. and Mrs. Stephen Tredway, Farmington township, employ in an injunction action begun in circuit court against Grover Dillman, state highway commissioner, and Julius Porath and son, paving contractors. The Tredways charge that when Grand River road was paved the pavement encroached on their property. The state now plans to establish a curb line which would compel destruction of a large elm on their property, the bill charges. The injunction is sought to save the tree and prevent further work by the state on their property.

Pay Rolls Above 1930

Detroit industrial employment for the first two weeks of July showed a seasonal decline from the end of June, but was considerably ahead of the like period of last year when several plants were closed for inventory and vacations. Employment index of the Detroit Board of Commerce on July 15 was 68.2, compared with 73.2 on June 30 and 58.0 on July 15, 1930.
