The Republican Party comes to the people of Livingston County with a record of achievement based in fact, unembellished with rash promises, or crystal gazing predictions. Confronted by grave problems, far reaching complications of finance and industry, and problems arising from world wide conditions, the Republican party has faced squarely to the front, meeting in an undaunted manner unprecedented conditions with unprecedented measures. Battles have been fought on many fronts. Attacks upon the integrity of the government, pork barrel raids, and assaults upon industry and finance have been thrust back time and again. The tide is turning. The forces of destruction are spent, and gradually the nation moves forward to economic recovery.

From the straight and narrow path hewn out by his pledges to the people of Michigan. He promised economy—he chiseled \$6,000,000.00 from the state tax levy. He returned \$21,000,000 to the counties and towns in highway taxes. He provided easement in payment of delinquent taxes. He cut state pay rolls. He provided employment for 24,000 men during a hard winter. He asked no new taxes, or yielded to false prophets of doom. He faced the legislature unafraid and accomplished much. Today he does not falter, but soldier-like faces squarely to the front and offers his policies without frills or fancy for the approval of the voters of Michigan. He stands upon his record, courageously and manfully.

The Governor and the Republican party offer the continued services of capable men to the people of Michigan in Frank D. Fitzgerald, Oramel B. Fuller, Howard Lawrence, Luren D. Dickinson and Paul W. Voorhies. Michigan knows these men to be capable and faithful.

Livingston County Needs Experience

Never in the history of Livingston County is experience more valuable to the taxpayers than at the present time. Efficient, capable service, based upon experience is offered to our voters. Men of proven worth, of unquestioned integrity, and sound judgement in emergencies are to be found in the candidates on the Republican ticket of Livingston County. Your vote for the Republican ticket in county, state and nation, counts for an uninterrupted forward movement to the return of better times. The Republican party pledges you their faith and their works in the month ahead to a courageous and forward policy of economy and an early but sound return of prosperity.

HERBERT HOOVER

Tried And True Leadership
Under the leadership of President Herbert Hoover national Democrats and thinking Republicans recognize the upward trend, and the return of confidence to the American people. During the months and years passed the President has carried terrific and relentless burdens. He has been on the job day and night, and through it all maintained a calm and poise that enlisted the admiration of reasoning people. Fact or wish have never yielded to fanciful clamors for untried and un-American policies of government. Relentless strain has carved lines upon the President's face, his hair has turned grey, but the struggle has not dimmed his spirit or slackened the indomitable will with which he assumed, and still continues to lead the nation forward. The American people are far wiser. They admire straight forward policies, and above all recognize and appreciate in the works of the President the Lincoln-like qualities of a kindly, but dauntless leader of men.

WILBER BRUCKER
Keeps Faith With Michigan
Gov. Wilber M. Brucker has "kept faith with Michigan." Not once during the past 2 years has he digressed

audiences that during his term of office he was very active in putting forth the economy program which resulted in a reduction of over \$6,

JOE FOSTER

000,000 in the cost of State government, which in turn lowered the tax levy in Livingston county by \$22,564.15, and which legislation returns to Livingston county in 1933, \$129,471.93 from the Weight and Gas Tax revenues.

Senator Foster's platform remains unchanged from two years ago; that of complete independence from all political cliques; favoring strict economy in public office; reduction in the present form of taxation and immediate legislative relief to the laboring man and farmer.

TRACY F. CRANDALL

Representative in State Legislature
Having served one term in the State Legislature, I wish to call your attention to my record toward tax reduction.

I have worked and voted for such measures in the Legislature as to bring about a reduction in the annual levy of \$6,000,000.00. No equal reduction in State taxes has ever been made in the history of Michigan, a reduction of 20 percent in the direct property tax.

I am in favor of laws that will encourage the owning of a home or a farm, and I will sponsor bills that will place confidence in the ownership of the same.

It is my desire to have an opportunity to return for a second term and help carry on the interests of the county that I represent.

WILLIS L. LYONS

Judge of Probate
Recognized throughout the state as one of the best Probate Judges in Michigan, Judge Lyons enjoys the distinction of never having furnished the Circuit Court with a single trial by jury by appeal from his court and his decisions upon the law have never been reversed. His knowledge of the

law and training as former Prosecuting Attorney have qualified him for solving the intricate problems surrounding the settlement of estates, titles, construction of wills, determination of inheritance taxes, the trial of juvenile offenders and other problems that daily confront the Court. He has done as many favors and kindnesses for the people as any man who ever held public office. He has the good will of everyone, but do not forget, it is "votes" that count on election day.

JAY P. SWEENEY

Prosecuting Attorney
Mr. Sweeney was born and raised on a farm in Ingham County, graduated from Mason High School in 1916, served with the National Guard on the Mexican Border in 1916-1917, served throughout the World War with the famous Thirty-second Red Arrow Division with nearly a year and a half in France and Germany.

On his return from service he attended the University of Michigan Law school, and started the practise of law in Detroit in 1924. In 1928 Mr. Sweeney took over the law practise of Louis E. Howlett.

He is a married man with one child and is purchasing his home in the City of Howell. His entire life, with the exception of his service in the World War, has been spent within a radius of fifty miles of this community. His training, experience, court-ous manner, efficient methods and ability, coupled with a sympathetic understanding of the problems of the office of Prosecuting Attorney are the qualifications that his election will place at the service of the people of Livingston.

GEORGE J. SARGISON

Candidate For Sheriff
To the voters of Livingston County:

Although the Republican Candidate for sheriff, I respectfully solicit the vote of every citizen.

I was born in, and always have been a resident of Livingston County, as well as a taxpayer in Livingston County for twenty years. Ten years experience as deputy and undersheriff, as well as business connections, make me feel I could give you good service.

The records show the expenses of this office are far too great. If elected, I will try and am confident I can make a large reduction in expenses. I will give courteous attention to every call, will try to protect our farmers from trespassers, will try to locate criminals when crimes are committed and will otherwise do my best to give an efficient, honest and economical administration.

Sincerely,
George Sargison

JOHN A. HAGMAN

County Clerk

Most candidates for public office seem intent on impressing the public by citing the different reasons why they are particularly fit for the office they are seeking. THEY MUST BELIEVE THE PEOPLE WANT QUALIFIED PUBLIC OFFICIALS. If qualifications count, is there anything that better qualifies the candidate than actual experience in the office sought?

Mr. Hagman, your present Clerk has always had the interest of the

taxpayer at heart; although the work in the Road and Clerk's office has increased 100 per cent he has never asked your Board of Supervisors for any increase in salary or extra clerk hire. He employs less help in these two offices than any county of its size in the state. He is efficient and courteous. THEREFORE, vote for the services you know.

FRED BERRY

Candidate For County Treasurer

Everyone knows that the office of County Treasurer should be supplied with a business man capable of handling funds as a candidate for the office, I will do my best if I am elected. I am a graduate of Fowlerville High School, have had six years experience teaching school, have been Treasurer of Howell township for two terms, as well as holding the office of township supervisor of Howell township for three terms.

We want to see a smile on everybody's face, with the sun shining and enough world's goods to make everybody happy.

Your support will be appreciated in November 8.

Fred Berry, Candidate

FRANK D. BUSH

Register of Deeds

The nominee for Register of Deeds, Frank D. Bush, is a life-long resident of the County, his grandfather, Isaac W. Bush, having been a pioneer of the county. He is 36 years old, is married and has two daughters.

Mr. Bush's experience in the office has made him an expert at the work of preparing modern abstracts of titles. Courteous and accommodating and thoroughly familiar with all titles and records in the county, he has given friendly and valuable assistance to everybody. In the years gone by it has been the practise to keep a good man in this position irrespective of party. The best interests of the people of our county require that Mr. Bush be retained as Register of Deeds. Don't forget to mark a cross in front of his name on Nov. 8.

A. RILEY CRITTENDEN

Candidate For Circuit Court Commissioner

Mr. Crittenden comes from one of the earliest pioneer families in Livingston County and is well known over the county. He has had fourteen years experience as county coroner and has never had a decision reversed, neither has he failed to solve every case which has come before him. He promises to devote all the time necessary for the best administration of his office for the coming two years. He has been a regularly enrolled attorney with right to practise in all Michigan courts since 1902.

GUY GRIEVE

Coroner

I wish to thank the voters for their support two years ago and will appreciate their support for a second term.

CLAUDE G. ROUNSVILLE

Candidate for Coroner

Closer cooperation with the county and city physicians has been pledged by Claude G. Rounsville, Republican candidate for County Coroner if elected. Foresight and keen judgment will be the watchwords. Also strict economy and justice. Claude Rounsville, born in Fowlerville, and earnestly solicits your support.

CLAY W. GORDON

County Surveyor

A registered surveyor, years of experience, capable and always on the job.

SCHOOL EXAMINERS

Blanche A. Schmidt and Hildebrand are women who possess and education highly commensurate with their re-election.

SUPTS. OF THE POOR

William R. Whitacre, Charles Itsell and Andrew McKenzie if re-elected promise the same careful and economical administration they have given in the past.

While going through the depression of the last two years, there has been no time that our fund has been overdrawn.

Comparing our county to many other counties of like population, we had at the close of our fiscal year a substantial balance, while they were borrowing money to carry them through.

Facing the above facts, we feel justified in asking your support on November 8.

Floyd W. Munsell is a candidate for County Drain Commissioner and has no opposition.

ELECT GRANT M. HUDSON

TO CONGRESS
The local committee pushing the campaign for the election of Grant M. Hudson to Congress on a sticker campaign reports most gratifying success. On all hands the workers meet with hearty response on the part of voters.

There are thousands of voters who want to put in Congress a man who stands against repeal of the 18th Amendment and a man who stands by the present administration. A complete organization throughout the village and county will visit every home this present week.

The Hudson Ingham Committee is confident of success. Hudson in all probability his name to be used has probably done what few men would do but he is a fearless crusader for what he believes is right in Government.

The cities of Flint and Lansing have hundreds of precinct workers giving days to the task of organization. It is the most complete organization launched in many campaigns.

PINCKNEY CREAMERY SHUTS DOWN AGAIN

Monday the Pinckney creamery which had been operated for the past four months by the VanCamp Co. gave notice to the milk truck drivers that they would no longer receive milk at Pinckney. The reason given that a sufficient volume of milk could not be obtained here on which to operate the creamery at a profit. The milk was being hauled to Adrian. The local Creamery is owned by the Gordon Baking Co. of Detroit who operated it for seven or eight years. At one time they were taking in 40,000 lbs. of milk a day. Last November they shut down the creamery claiming they could buy milk in Indiana cheaper. The VanCamp Co. leased the plant last summer and starting with 2,100 lbs. ran their total up to 7,000 lbs. However they were unable to increase this. The reason is that during the long shut down the farmers found other markets and also many milch cows were sold. M. J. Reason of this place, shipping nearly 12 cartloads to New York and New Jersey.

On the way home from the Pinckney-Hartland game Friday night Norm Campbell's car skidded and went through the guard rails into the creek between the Hause and Mark Allison farms. Norm and his companion, Kenneth Wylie, were some shaken up but otherwise unhurt. The car, a Hudson sedan, is a wreck.

Mr. and Mrs. Fred Lake write from Lakeland, Florida, that the climate is fine and the weather is ideal.

The wood hauling game is developing into quite an industry. This was started by men in the city out of work who purchased second hand trucks and started hauling wood from the country to the city markets. It proved profitable and now hundreds are in it. As a result wood is getting scarce around here, most of which goes into Detroit being hauled from Plainfield and Millville. The dealers pay from 75c to \$1.00 per cord and get from \$3.00 to \$4.00 in Detroit. We understand one dealer bought 700 cords in the Millville district recently for 75c per cord. Old timers here are predicting a wood shortage if this city demand keeps up for wood.

THIS MAN SECURED 3 DIFFERENT JOBS BECAUSE HE HAD A TELEPHONE

(An actual case, reported to this company)

A Michigan man, who was working only every other month, secured spare-time work on three occasions because he had a telephone.

During an off-duty month he was called and given an extra week's work by his company. Then he was called and given temporary work in Ann Arbor. And soon, thereafter, he was summoned by telephone to another special job.

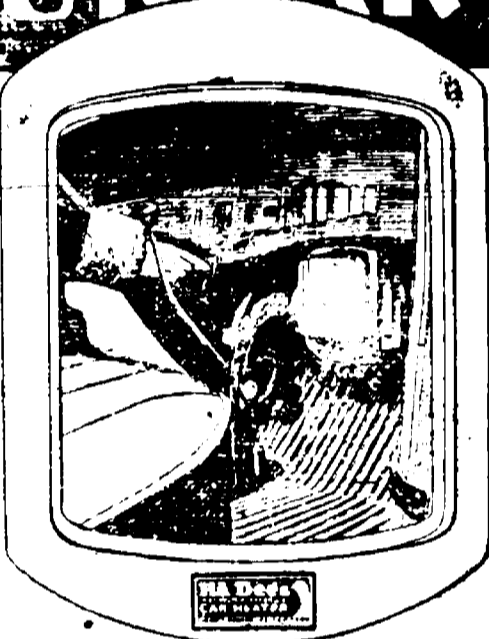

He got this extra work because he had a telephone.

The person who tries to get along without a telephone may miss work that would pay for the service many times over.

COMMUNICATION
October 21, 1932
To the voters of Livingston County:
Having served for the past two years as a member of the State Legislature, I have been in position to form a quite accurate judgement as to the value of your present Representative, Honorable Tracy F. Crandall.

In my judgement Representative Crandall is one of the most substantial and valuable members of the House of Representatives. I have found him at all times to be earnest, conscientious and alert to protect the best interests of the citizens of Livingston County. His record is one of dependable and consistent service.

During his one term in the House he has won for himself the deep respect and confidence of his colleagues. If accorded a second term he would be even more influential in furthering the measures desired by the citizens of Livingston County and protecting your interest in every important matter.

There is much common sense in the old statement that "one good term deserves another". My advice would be to every Livingston County voter, regardless of party affiliations, to return Representative Crandall to the Legislature for a second term.

Respectfully yours,
Stanley M. Powell,
Representative from Ionia County.

PHILATHEA NOTES

The Philathea and Ladies' Bible Class had an interesting session together on Sunday in the study of the Temperance lesson. The class reporter was glad to note that the general opinion of the women present seemed to be that we must get out and vote without fail in this coming election and vote for candidates who stand for prohibition. That anything else would be a backward step. That no constructive program for bettering conditions was offered by those who stand for repeal.

On election day, November 8, the Ladies Aid are to serve dinner, and at the short business meeting preceding the class discussion, it was decided to hold a Philathea business meeting after the dinner on that day, instead of the regular social meeting on the Wednesday following. The program committee will serve for the December meeting instead of at this time being Mrs. Lola Rogers and Mrs. Hattie Swarthout.

If you are a small store owner read what this large Chain-Store Company says:

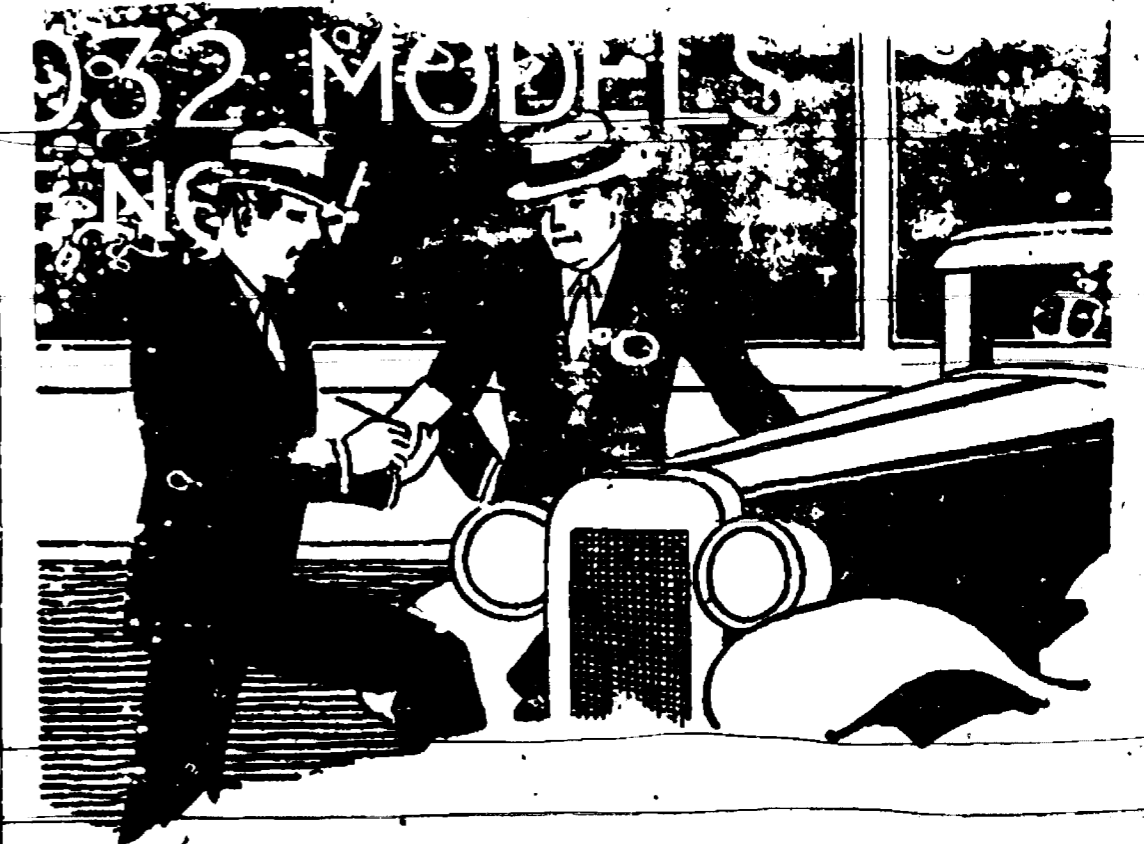

One of the greatest chain-store companies, noted for its well-designed, brightly lighted show windows, declares:

"We value our windows for advertising purposes at millions of dollars a year in sales. Without proper light, our windows would be worth only a fraction of their present value."

Show windows are an important part of the modern store. In the highly competitive merchandising field of today, modern lighting intensities increase window stopping power by 17 per cent to 75 per cent. Large, successful stores know this—and it applies equally to the small merchandiser. In a number of tests, sales have increased as much as 10 per cent by changing the intensity and arrangement of store lighting.

Detroit Edison illuminating engineers will test your lighting without charge. Their skilled study of your store may enable them to suggest changes that will greatly improve your illumination.
