

Vote at the School Election Thursday Night

The Voters of This School District Have the Opportunity of Accepting a Gift from the Federal Government. Refusal Will Undoubtedly Mean the Entire Cost of a Similar Addition.

For years the educational facilities of the Pinckney school have been crowded. Several times the state department of education has contemplated making the district enlarge them but has held off on account of the low valuation of this school district. Now a plan has been worked out whereby the district can increase their school facilities at low cost to the taxpayers. If the voters of the district turn down this opportunity to better their school at low cost to themselves it is extremely doubtful if the state department of education will grant them any more delays or time extensions for improving their school facilities.

At the present time the taxpayers of this district only pay about one-fifth of the expenses towards the operation of the school. About \$10,000 is required to operate the school. The district pays about \$2,000 in taxes and the other \$8,000 comes from the primary school fund which is the railroad tax, tuition, and school aid money derived from the general fund.

The majority of voters do not know just what the proposed addition will cost them. It is easy enough to figure it out. All they are asked to pay in addition to the seven mills they are paying now for support of the school is four mills more. Now let's see what the additional tax would cost the taxpayers here. This four mills additional would be levied for five years only. The valuation here is very low. Few people in the district pay any large tax. If you are assessed at \$1,000 you would pay an additional school tax of \$4.00 per year or \$40.00 in five years time. One person in this village who is assessed \$400 on a small house and lot would pay \$3.20 per year or only \$16 in five years. From the above it can be seen that the total cost to the taxpayers is so small as to be unnoticeable.

Another reason why this project should be favored is that it is part of President Roosevelt's four billion dollar work program. The people will all pay their share of this and if this project is turned down, the Pinckney taxpayers will pay anyway and get nothing in return. The letter from Washington D. C. announcing the approval of the project stated that if the voters rejected it, Washington was to be notified at once so the money could be allotted to some other school. So the matter resolves itself into a simple business proposition where the taxpayers will have to pay their share anyway and it is up to them whether they get any of it spent in their school district.

A good crowd was present at the Pinckney Board of Commerce meeting held last Wednesday night where the proposition was thoroughly explained by Supt. J. P. Doyle. He used a large blackboard in his talk in which every principal payment and interest payment for the entire 25 years was figured out. He also answered all questions asked him. One thing he pointed out is that owing to the 15 mill tax limit on real estate only 4 mills additional tax can be levied in this school district for a period of five years. This with the 7 mills now levied for school purposes will be ample to pay the entire cost of the new school addition. So the total cost to the taxpayers of the district will be the 7 mills they now pay and the 4 additional mills to be levied for a five year period only.

This is not a welfare project, except that the contractor is expected to use welfare labor when possible. Neither Oscar Schoenhals or Walter Clark have anything to do with this project and Max Musch is not connected with it in connection with his federal job. He was merely hired by the school board to draw the plans as any other architect would be.

FORMER SHERIFF WEDS EX-SHERIFFS WIDOW.

A wedding of interest of local people took place at Howell last Wednesday when former Sheriff George Wimbles was united in marriage to Mrs. Henry D. Finley, the widow of former Sheriff Finley. Rev. Homer Noble performed the ceremony in the presence of members of the immediate family only. Mr. and Mrs. Finley left for Florida to spend the winter.

AUCTION SALE

My lease having been terminated I will sell eight rooms of furniture at my house on the Huron River, near the Wray Hinckley farm on SATURDAY, OCTOBER 26 10:15 STARTING AT 1:00 P. M. These goods consist of a furnace, 2 Electric Stoves, Piano, Electric Ice Box, 15 Rugs, Boats and many other articles.

John R. Reid, Prop.
James Fennell, Auctioneer.

SPECIAL NOTICE

All owing me on account kindly call and settle same.

LEE LAVEY

Rebel Dairy Co. Is Here to Stay

The Rebel Dairy Co. of River Rouge Have Opened Their Receiving Station at Pinckney and Are Here Permanently. Lease More Milk.

The Rebel Dairy Co., despite bitter opposition from other creameries and many obstacles opened their receiving station here last week. Although they are not as yet getting the required amount of milk they expect to in the course of a short time and wish to announce to the people of this section that they are here to stay.

The Rebel Dairy Co. was founded by Thomas Rebel and his son, Nicholas, in River Rouge in 1922. At that time they had but one delivery truck. Now they have 17. They sell milk by the quart and also products made from it.

For seven years they had their receiving station at Stony Creek but moved their plant to Pinckney on account of this being a larger field and a better plant. Previous to starting his own business the senior Rebel was employed for 12 years by the Detroit Creamery Co. so he knows the business from the ground up. In 1929 he built his present plant at River Rouge, estimated to be worth \$100,000. It is strictly modern in all respects and one of the best equipped places in the state. The Pinckney receiving station is also thoroughly equipped and modern in all respects.

The Rebels must have milk and the supply has been held back by the producers of this section on account of the immense amount of opposition offered by other creameries. The Rebels are willing to pay more than the scale set by the Mich. Milk Producers Assoc., hence the opposition. Other creameries have appeared in the field since the coming of the Rebels and have offered to buy milk.

A campaign of knocking and misrepresentation has taken place since the farmers don't exactly know where they are at. The Rebel Creamery Co. was thoroughly investigated by a committee from here appointed at a meeting of Pinckney Board of Commerce consisting of Lee Lavey, Michael Roche, Ben White, Harry Rowe, W. C. Miller, and William Dillaway and found all right in every respect. At the request of the board and for the reason that some of the farmers still have money coming from other creameries for unpaid milk bills the Rebels posted a bond of \$10,000 to assure the farmers that they would get their milk money. In this case the farmers should turn a deaf ear to the knockings of outside creameries who have axes to grind and give the Rebels a square deal.

FARM UNION MEETING

There will be a Farmer's Union Meeting at the Cong'l. Church near Thursday night, Oct. 24. Bill 25c. A good attendance is expected out.

REV. LEWIS DION TO LEAVE PINCKNEY

We are informed that Rev. Lewis Dion, Pastor of St. Mary's Catholic church at Pinckney for the past four years has been notified that he will soon be transferred to another parish. The official announcement from Bishop Gallagher will probably not be made until next month.

DANCING EVERY FRIDAY EVENING

There will be dancing every Friday evening at White Lodge. 25 cents per person including lunch. Everyone is welcome. A Big party there on Halloween Eve.

LIVINGSTON COUNTY RELIEF LOAD FOR SEPTEMBER

Federal and State funds provided direct relief of 297 cases, representing 980 persons residing in Livingston County, during the month of September, at an expenditure of \$8,624.05.

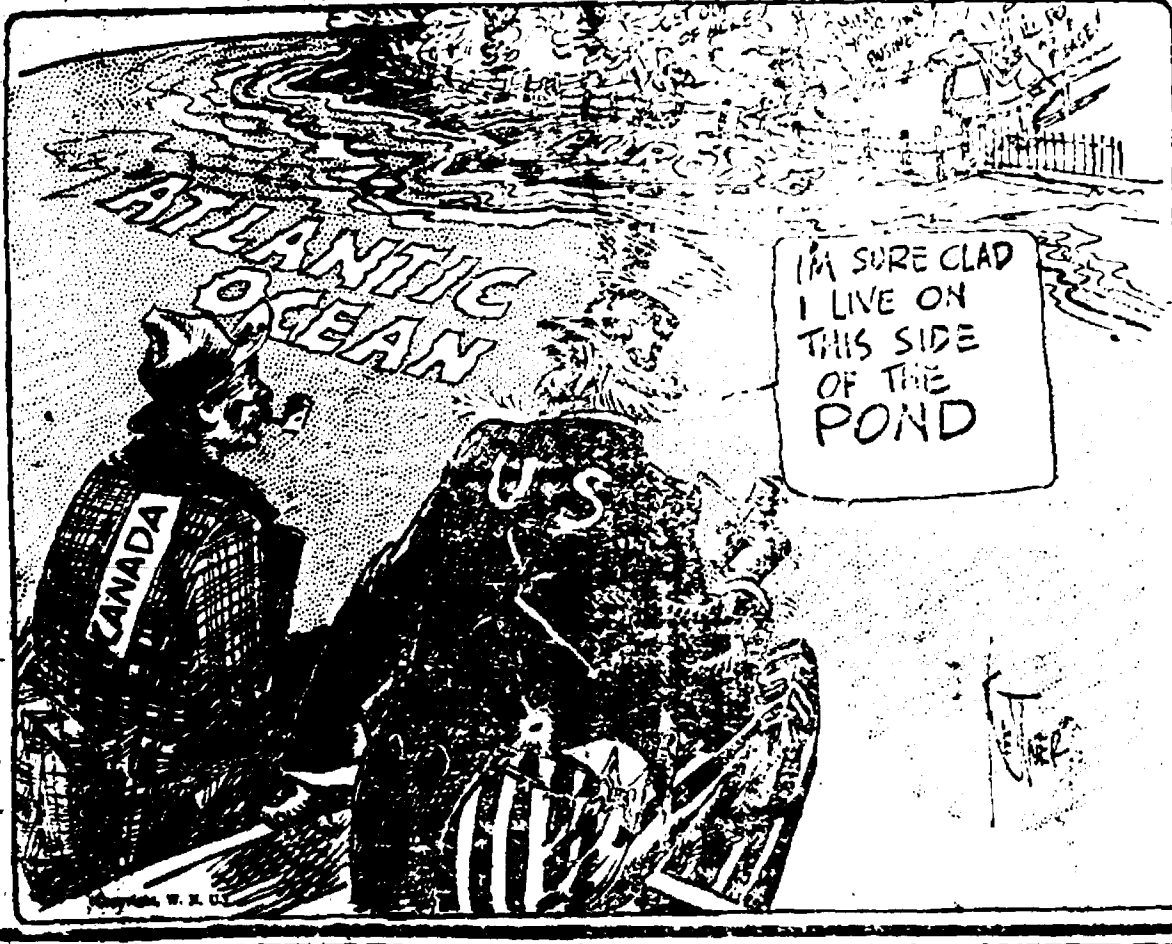

The direct relief was distributed as follows:

Food	\$2,470.83
Shelter	458.50
Clothing	365.66
Fuel	265.48
Medical	64.08
	3,624.05

In addition to the above 600 cans of mutton, 1800 cans of ground beef, 1800 cans of beef stew and 1000 lbs. of prunes were distributed to individuals.

Out of the above number of cases 54 men were put to work on the W. P. A.

Neighbors—

Pinckney School Notes The Weekly Church Program

No football game last week. On account of the teachers institute Friday, the game between the seniors and juniors, reinforced by the sophomores and freshmen also failed to materialize.

This week Friday Pinckney plays Hartland at Hartland. Pinckney should win this game. In the first contest played here with this team several weeks ago Pinckney played rings around this team making 12 first downs to Hartland's 1. However, fumbles and lack of teamwork prevented Pinckney from getting anything better than a tie score of 6-6. Hartland has not done much of anything since. Brighton beat them 6 to 0 two weeks ago when Bidwell forward passed over the goal line for Brighton.

Stockbridge by means of some Christopher Columbus stuff discovered Everett high school football team in Lansing and secured a game with them which they proceeded to win 2 to 0. This will give Stockbridge a win for the season if nothing more. We wonder if Everett has any more open dates.

Russell Glover may be lost to the team for a few games as he has withdrawn from school to help out with the fall work.

Howell high school like Pinckney seems to be having a rocky season. They have only won one game to date and that from East Lansing Reserves. Plymouth, Fenton, and Mason have all beaten them. The reason is too many players lost by graduation last year.

Two members of Pinckney high school graduating class of last June have been signally honored at the University of Michigan where both are enrolled as freshmen. Paul Kulbicki has been pledged by the University of Michigan R. O. T. C. Unit and Robert Read by the Sigma Chi fraternity.

Ron. Hibbard of Byron was the only Michigan player picked on the base ball team which will tour Japan this fall. This team was financed by the Gold Medal Flour Co. and will be managed by Max Carey and Leslie Mann, former big league stars. Ron. Hibbard is well known here as he played football, basketball and baseball for Byron against Pinckney several years ago. Later he attended Western State Normal for two years. He plays the outfield and also catches. While with Byron he quarterbacked the football team and threw forward passes.

Manchester high school continues to enjoy a successful season. They defeated Vandercook Lake 19 to 6 last week. Two of their touchdowns were scored on long forward passes. Up to date they have lost one game to Milan, last years Huron Valley League Champions and won from each Springfield, Clinton and Vandercook Lake. Pinckney plays them here next month.

The ninth grade has elected its class officers as follows: Shirley Midwayer, President. Cyrus Atlee, Vice-President. Helen Kennedy, Secretary. Keith Ledwidge, Treasurer. Plans are being made to have a big Freshman party this year.

MASQUERADE DANCE

Given by the O. E. S. at Masonic Hall Oct. 25th, Friday night. Admission 25c. Everybody welcome. Mixed dances. Door prizes.

Signed, Committee.

HALLOWEEN PARTY

There will be a Halloween Party at White Lodge Country Club on Halloween Eve, October 31. All are invited. Dancing and orchestra. Games, Prizes, Lunch. 85c per person.

NEARLY MAN IS MURDERED

Bert Webb, 36, a farmer and money lender, living seven miles west of Mason on the Columbia road, was shot and killed Saturday at 8:00 P. M. by two young, unknown bandits. They made their escape in a parked car. No loot was taken as \$1,698, including \$500 in negotiable bonds was found in a strong box and it is not thought the robbers got anything. The dead man is survived by a 32 year old wife and two sons, Max and Lawrence. The case is proving difficult as no description of the thieves is available.

Big Milk Debate

Is Held Monday

PINCKNEY Board of Commerce Hears All Angles of the Milk Situation Debated by Creamery Men, Producers and Federal Officials Monday Night Situation Gets Rather Warm at Times.

At the regular meeting of the Pinckney Board of Commerce Monday night Hon. Charles Adams of Howell was scheduled to give an address on legislative matters followed by an oyster supper. However, this was followed by a red hot debate on the milk situation between the Rebel creamery and local supporters on one side and H. S. Holmes, proprietor of the Twin Pines Creamery of Northville and Dr. Wamsley, federal market director for the Detroit district on the other.

In order that our readers may understand the situation thoroughly it will be necessary to go back a few weeks. Last August Thomas Rebel and son, Nicholas, who own the Rebel Dairy of River Rouge came here and interviewed members of the board of commerce regarding reopening the Pinckney creamery as a receiving station and moving here from Stony Creek. A committee composed of Wm. Dillaway, Lee Lavey and W. C. Miller visited both their Stony Creek station and their River Rouge plant and investigated their financial standing. All this being found favorable a meeting was called by the board of commerce at which a large number of business men and farmers were present. The Rebels and the board of commerce committee were both heard and the Rebels stated their purpose to open the creamery and pay a rate of \$1.70 per cwt. for milk providing they could get 150 cans.

Another committee was appointed consisting of Michael Roche, Harry Rowe, Ben White and Lee Lavey and this committee visited the farmers at Stony Creek where they found that the majority had nothing but praise for the Rebels. They also found that sufficient milk was available here to operate. The Rebels then moved on to Stony Creek equipment to Pinckney. Some six weeks were needed to install the machinery. The Rebels then started taking in milk. Developments were not long in taking place. Other creameries immediately came into this section and solicited the farmers for milk and started a campaign against the Rebels. The effect of this was to divide the farmers, and slow up milk deliveries to the Rebels. For some three years the farmers in this section have been unable to find any milk market and now they have found several different creameries fighting for their milk.

Last week the Rebels were visited by Dr. Wamsley, federal market director for the district who asked them to quote a price for milk and to submit a plan of the proposed Pinckney Milk Producers. The Rebels refused.

Saturday and Sunday of the Twin Pines Dairy visited Pinckney and tendered a large sum, in which he agreed to allow new customers 80 percent of their first months shipment of milk as a base. This was to apply to new customers only in this district. Old customers were to remain at their old base rate of 57 per cent. However, it was the editor of the Dispatch refused to accept the bid, and gave as his reason that he believed the bid, sole purpose was to injure the Rebel Creamery. Mr. Holmes denied this and a debate followed. This was continued later at C. H. Kennedy's store with the latter participating in it. Other business men got into it and Roy Placeway who hauls milk for Mr. Holmes was called in. It finally ended by Mr. Holmes asking to be heard at the board of commerce meeting Monday night. This courtesy was granted him.

He came to the meeting accompanied by Dr. Wamsley. Mr. Holmes took the floor and stated that his sole purpose in coming here was to get more milk to supply his increased demand and that he had received permission to go into the Pinckney district. He stated that he had always been friendly to the Rebels but thought that they should stick to the Mich. Milk Producers plan of buying milk. This company was powerful and could make it hard for the Rebels to operate in many ways. One way he said was to hire their drivers away from them. Another was to have all creameries boycott the territory for five miles around Pinckney and refuse to buy. This would leave the Rebels with four times as much milk as they could handle.

Dr. Wamsley, was next. He is from Chicago and was formerly employed by the Borden. He stated that his capacity was that of an umpire to see that all got fair play and the game was played according to the rules. He stated that he visited Continued on last page

The results of the recent Canadian election are puzzling. In the account of it in the Detroit Free Press we read that the radicals are badly defeated in the election where the conservatives lose control of the government. According to this it would seem that radicals and conservatives are one and the same. The only way out of this is to rewrite the dictionary, unless the wish of the above daily was father to the thought.

Current Comment

The hunting season has been officially opened and the novelty has worn off considerably. Most of the hunters got plenty of exercise but little game. This year the conservation department seems to have put one over on the game violators. Instead of scattering warden's all over the state in the swamps and game covers they stationed them at strategic points on the main highways, outside of the large cities, such as Jackson, Lansing, Detroit, Port Huron etc. Here they stopped all cars containing hunters and searched them. At Mountville near Port Huron 41 hunters were arrested, 100 guns worth \$2,500 confiscated and 200 hen pheasants. 16 arrests were reported in Genesee county and a number in both Jackson and Ingham. Numerous arrests were also made in Wayne county. The conservation dept. may have been somewhat high-handed but they seem to have gotten results.

Several years ago when the York hospital for the insane was built we were told that it would be ample to care for the insane of this district together with the other similar institutions for years to come. Also that the Pontiac asylum would be abandoned. Such was not the case. All of these institutions are filled to capacity, and the facilities for handling these kind of cases have proved inadequate. 135 state patients are being cared for at the Detroit Receiving hospital and 134 more at Eloise, the county hospital. At these places it has been necessary to set beds up in the halls and corridors. Gov. Fitzgerald inspected these last two hospitals last week and as a result ordered construction began at once on a \$503,000 addition to the York hospital. He also ordered the 269 patients being cared for in Wayne hospitals transferred to state hospitals. The indicated rapid increase of insanity is appalling.

A few years ago Frank McKay of Grand Rapids, Bill McKean of Flint, and John Gillespie of Detroit, pretty much controlled the state of Michigan due to their power to dominate state conventions. Then Gillespie lost control of the Wayne county organization. This was followed by financial reverses in which his fortune was swept away. He appealed to his old friends in vain. They shut their doors in his face and stationed guards there to keep him out. This seems to have unbalanced John for he was later held on suspicion of having designs on Gov. Fitzgerald's life. Then he disappeared and all the officers in the state searched for him believing him a suicide. John however, at length turned up safe and sound.

For a time nothing was heard from him until last week when he was detained on request of Frank McKay at Grand Rapids. Here John rented a room in a building across from McKays office and spent all his time peering at McKay through a pair of field glasses. This made the latter nervous. Search of John's cars disclosed a 22 caliber rifle and several rounds of ammunition. Things looked bad for John for awhile until Harry Bennett, of the Ford Motor Co. and a member of the state parole commission in addition to being a special friend of Gov. Fitzgerald's interceded for him. He took John to Detroit got him a job at Ford's and now John is punching a time clock and declaring he loves everybody again, including McKay and Gov. Fitzgerald. John's stunt may have been a crazy one but it seems to have worked.

Just how the suicide of Ferrin Rowland, the murderer of two children can be used as an argument for capital punishment is hard to see. If a suicide showed, undoubtedly, that he preferred capital punishment to serving a life sentence in the state prison.

Senator Vandenberg has returned from his trip to Europe and again his presidential candidacy is being mentioned. At the present time we doubt that he is a serious contender. The honor seems to belong to Ex-President Hoover and Senator Borah, of course if they deadlock the convention at Gen. Wood and Hiram Johnson did in 1920 Senator Vandenberg would be available as a dark horse candidate in the same manner as the late President Harding. Also his candidacy may have another object in that it would prevent Senator Borah from getting the Michigan delegates pledged to him.

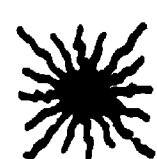

The Constitution as a campaign issue seems to have been sidetracked as not having enough kick. Senator Borah's statement that "You can't eat the Constitution" seems to have pointed out its unavailability as leading campaign issue.

Theodore Roosevelt, the younger also ignores it in his letter to Senator Borah in which he expresses the opinion that "Extravagance" should be the leading issue. This letter amply illustrated the fact that he does not have the same ideas as his illustrious father or look through the same kind of glasses, when he declined to agree with Senator Borah that "Trust Busting" and the "Breaking up of Monopolies" should be the leading issue in the campaign. Most newspaper commentators see in the exchange of thought a cleaving of opinion between the western Republicans led by Senator Borah and the Eastern Democrats.

PINCKNEY, MICH.

...but, after all is said and done, it's the cigarette itself that counts

... the question is, does it suit you?

Now, when it comes to a cigarette that will suit you... you want to think whether it's mild, you want to think about the taste

That Chesterfields are milder and taste better is no accident...

The farmer who grows the tobacco, the warehouseman who sells it at auction to the highest bidder, every man who knows about leaf tobacco will tell you that it takes mild, ripe tobaccos to make a good cigarette.

In making Chesterfields we use mild ripe home-grown and Turkish tobaccos.

Outstanding
.. for mildness
.. for better taste

The gizzard shad, a fish common in the waters of Lakes Erie, St. Clair and Huron has been planted in Whitmore Lake, it attains a length of 18 inches.

QUEER MAIL COMES TO ATWOOD'S DESK

While all public officials get their share of mail improperly addressed to them, Orville E. Atwood believes his office holds some sort of record of this kind. It seems that people who do not know to whom to write, send their questions and demands to the Secretary of State, no matter who he might be. In the last few weeks, letters have covered such widely divergent matters as: a complaint from a woman whose husband beats their dog, a solicitation of matrimonial advice, a request that the Secretary trace the parentage of a designated child, a demand that a certain position be closed because of the character of those who allegedly patronize it, a request for the addresses of a number of Hollywood film stars, and many complaints about people who are accused of making "moonshine."

FIGURES REVISED ON BUILDING LOAN

It was erroneously stated by the Department of State last week that the total assets of all Michigan building and loan corporations was \$4,434,827.29, whereas this is the total of only cash and securities of these companies. Their assets total \$114,871,254.52. The statement that they had advanced \$1,400,000 during the last fiscal year on shareholder's applications, should have read "\$5,434,668.53."

WOMEN HAVE SPHERE OUTSIDE THE HOME.

Career of Frances Perkins, Secretary of Labor, Proves Capability in Public Life.

Just to prove that women have a place in the world other than their duties in the home, the visit of Frances Perkins, Secretary of Labor, to Michigan State College is cited by the home economics division.

Frances Perkins is the first woman ever to hold a cabinet position and she has not secured that eminence at a sacrifice of a normal life. She is married and has one daughter. This Secretary of Labor first became interested in labor problems through her association with Jane Addams at Hull House in Chicago.

In business life the Secretary retains her maiden name and is referred to as Miss Frances Perkins. She told at East Lansing of her first visit to Lansing when she presided over the conference on labor legislation. Included in this program were measures regarding hours of work, minimum wages, workmen's compensation, and safety and health measures which have since been enacted as laws.

Miss Perkins asked for close cooperation between federal and state officials so that the benefits of social legislation will have the greatest possible applications. The need to secure these benefits for the needy aged, dependent and crippled children, widowed mothers, and indigent disabled and blind people was stressed by the Secretary.

Miss Perkins said, "Building up reserves in good times through the application of unemployment insurance will help sustain purchasing power in bad times and will permit us to grow old without being haunted by the spectre of a poverty ridden old age or of being a burden to our children."

RAILWAY POSTAL CLERK EXAMINATION ANNOUNCED

The United States Civil Service Commission has announced an open competitive examination for Railway Postal Clerk. Applications may be filed with the civil-service district office nearest the applicant, or with the U. S. Civil Service Commission at Washington, D. C. Applications must be on file no later than October 28, 1935.

Applications may be filed with the district office on the date of the close of receipt of applications, except that these age limits do not apply to persons granted military preference. Applicants must measure at least a foot 6 inches in height in bare feet, and must weigh at least 130 pounds with or without clothing. They must be in sound physical health and capable of enduring arduous exertion.

Full information may be obtained from the Secretary of the United States Civil Service Board of Examiners at the post office or customhouse in any city which has a post office of the first or the second class, or from the United States Civil Service Commission, Washington, D. C.

NO MORE TOWNSHIP BOARDS AFTER APRIL 1, 1936.

Six more months and the township road system will be a relic of a by-gone era in Michigan.

Funeral services for the township road, one of the oldest of Michigan institutions, will take place April 1, 1936. At that time county road commissions throughout the state will take over the last parcel of township road mileage remaining in the respective counties.

There will be little mourning, however, when this once-robust road system is no more. To accomplish the transition counties have been receiving an increased allocation from state highway revenues yearly. This year the amount is \$3,500,000 and next year and annually thereafter it will be increased to \$4,000,000.

The allocation which started at \$2,000,000 in 1932 and has increased \$500,000 every year was allocated by the Legislature on the basis of township road mileage in 1931. Most of the counties say that their allocation is sufficient to take care of the additional road burden although a few claim their funds are inadequate.

When the township road system is abolished there will be 77,619 miles of county roads in the state, according to figures furnished by Murray D. VanWagoner, state highway commissioner. This represents an increase of 60,317 miles over the mileage in 1931 when the county road commissions had jurisdiction over only 17,301 miles of highway.

The depression brought a death certificate for the township road system. Property values slumped and the township road became a tax burden which the people could not stand. The 1931 legislature wrote the death certificate when it enacted the McNitt law directing the counties to absorb the township roads by 1936 by taking over 20 per cent of this mileage each year.

NO HUNTING AND TRESPASSING SIGNS FOR SALE

The Dispatch office has no hunting and trespassing signs for sale. Post your farm and keep trespassers off.

9,000 ACRES OF PUBLIC LANDS FOR SALE

Approximately 9,000 acres of tax reverted land will be offered for sale by the Department of Conservation at public auctions to be held in six northern Michigan communities. Most of the land will be offered in 40's, but there will be a few platted lots.

Dates of the sales and counties in which the lands are located are:

- Sale at Midland, Monday, Oct. 28—Lands in Arenac, Bay, Clare, Gladwin, Midland, Iosco, Ogemaw, Moscov, Newaygo and Roscommon counties.
- Sale at Rogers City, Tuesday, Oct. 29—Lands in Alpena, Cheboygan, Charlevoix, Montmorency, Otsego, Presque Isle and Alcona counties.
- Sale at St. Ignace, Tuesday, Oct. 29—Lands in Chippewa, Mackinac, and Schoolcraft counties.
- Sale at Escanaba, Wednesday, Oct. 30—Lands in Alger, Delta, Dickinson and Menominee counties.
- Sale at L'Anse, Thursday, Oct. 31—Lands in Marquette, Ontonagon, Houghton and Iron counties.
- Sale at Lake City, Friday, Nov. 1—Lands in Antrim, Benzie, Grand Traverse, Kalkaska, Lake, Manistee and Missaukee counties.

PARENT-TEACHER PLANS SIXTH ANN ARBOR MEETING

Marking the sixth annual occasion of its kind, the Parent Education Institute, jointly sponsored by the Michigan Congress of Parents and Teachers and the Extension Division of the University of Michigan will meet here October 31 and November.

This year the general topic of discussion will be "The Child in the Home."

Opening the Institute on October 31 will be a demonstration class in Parent education, conducted by Mrs. Myrtle Beven Firestone, of the University Elementary School, assisted by members of Parent-Teacher Associations. This will be followed in the afternoon by a series of nine conferences in which Parent-Teacher leaders and University faculty members will lead discussions.

The conferences will cover such varied home problems as children's experience with money, discipline used to develop initiative and independence in children, the radio and the movies, feeding, menu planning and clothing, recreational activities, hobbies for children, and books for the home. At the evening session Dr. Caroline Hedger, of the Elizabeth McCormick Memorial Fund, Chicago, will speak on "What the Community Owes the Child."

On November 1 "The Importance of Guidance for the Normal Individual" will be the chief morning address, given by Dr. T. Luther Purdon, director of the University Bureau of Appointments and Occupational Information.

In the afternoon Dr. Paul Hanly Furfey, of the Catholic University of America, Washington, D. C., will speak on "The Parent and the Child of Grammar School Age." This will be followed by a round table on "How Shall the Home Teach Religion?" led by Dr. Edward W. Blakeman, University counselor in religious education; the Reverend Joseph Luther, dean of men at the University of Detroit; Dr. Kenneth Heaton, State Department of Public Instruction; Mrs. Helen Gibson Hogue, adviser for girls, Detroit schools; Mr. Ray Joans, Detroit Y. M. C. A.; Dr. David Trout, Hillsdale College; and the Reverend Bernard Heller, of the Hill Foundation, Ann Arbor. Dr. J. M. Artman, the editor of Religious Education, will summarize the discussion. At the evening session, Dr. Furfey will again speak on "The Role of the Home in Social Education."

ICE FISHING RULINGS

With one exception, ice fishermen this winter will be restricted to the use of two single lines with single hook attached to each line instead of the five single lines which were legal last winter.

The exception is that in recognized smelt waters any number of hooks, attached to a single line, may be used for the taking of smelt.

The restriction was made by the State Conservation Commission at its October meeting. The Commission also voted that ice lines this winter must be held in the hand or under immediate control and may not be left unattended for any length of time. Last winter it was permissible to leave ice lines unattended for as long as two hours.

According to the Fisheries Division evidence is accumulating to indicate that the great northern pike is becoming more highly prized as a tourist attraction and that there is concern in many sections because the supply of these fish is not greater. It is believed that the reduction in number of ice lines and restriction in manner of their use will not only afford greater protection for game fish, particularly the great northern pike, but facilitate law enforcement.

WEIGHT TAX REFUND CHECKS GO BEGGING

More than \$2,500 in checks lies unclaimed in the Department of State, the checks being made payable to motorists entitled to their refunds for weight taxes paid in 1934 before the legislature in special session, reduced the rate. The former rate of 55 cents per hundred pounds of a passenger car's weight, was reduced to 35 cents. Before the change was made, thousands of motorists had already bought their 1934 plates, and were thus entitled to refunds of the difference in payments. Checks for 510 motorists remain in the files, no record of their owners traceable. They average \$5.00 each. The only current inquiries into this matter are from motorists who received their checks, cashed them and forgot all about it.

NOTICE

OF A SPECIAL MEETING OF THE QUALIFIED SCHOOL ELECTORS OF THE SCHOOL DISTRICT OF PUTNAM, COUNTY OF LIVINGSTON, AND STATE OF MICHIGAN

TO THE QUALIFIED ELECTORS OF SAID SCHOOL DISTRICT

PLEASE TAKE NOTICE that a special meeting of the qualified school electors of said school district will be held in School House on the 24th day of October 1935 at 8:00 o'clock P. M. for the purpose of submitting the proposition of whether or not the said school district shall borrow the sum of Twenty Five Thousand Dollars \$25,000.00 and issue the bonds of said school district thereof, for the purpose of erecting and furnishing a new addition to school building in said district, said bonds mature and be payable on such date or dates and bear such rate of interest per annum as the Board of Education of said district shall determine.

Also for the purpose of submitting the proposition of increasing the tax rate as authorized by Section 21 of Article X of the State Constitution, as amended November 8, 1932, for this School District for a period of five years from and after the year 1936 by the levy of an additional tax of four mills on the dollar of assessed valuation of property in the district.

The polls of said special district meeting will be open from 7:30 o'clock P. M. until 9:00 o'clock P. M. on said 24th day of October A. D. 1935.

Take notice that the Board of Education of said school district of Putnam township, has estimated the expense of erecting and furnishing a new addition to the school building therein at Forty-five Thousand Four Hundred Fifty Four Dollars (\$45,454.00)

This notice is given by order of the Board of Education of said school district of Putnam, township, county of Livingston and State of Michigan.

Dated this 14th day of October, A. D., 1935

HOW MANY SCOUTS ENROLLING

Each Troop May Add Five to Ten Members.

A large number of new members join Scout troops in the autumn months, a survey of growth in troop membership shows, according to a report issued recently by Scout Executive Walter MacPeck.

"Most troops will add from five to ten new members between now and the first of the year" Mr. MacPeck said.

"In some communities an additional troop should be organized to provide scouting opportunities for more boys. The organization of additional troops is limited largely by the availability of men who are ready to become Scoutmasters."

NOTICE

TO: WILLIAM MCINTYRE, Dis-
appeared, his unknown heirs, next of
kin, friends and creditors.
I, the undersigned, that, on the 20th
day of January, A. D. 1935, I shall
petition and ask the Probate Court
for the County of Livingston, state
of Michigan, sitting at the city of
Howell, said county and state, for
an order for the assignment and dis-
tribution of the estate of said
William McIntyre, disappeared, un-
less cause to the contrary be shown.
I shall ask that said assignment and
distribution be made among the fol-
lowing persons and in the proportion
hereinafter set forth, viz:
Cora J. McIntyre, as widow of
John J. McIntyre, deceased, and
Raymond J. McIntyre, son of John
J. McIntyre, deceased, together tak-
ing one-seventh;
Carleton McIntyre, son of Albert
McIntyre, deceased, taking one-
seventh;
Mildred Darwin and Leonard Hall,
children of Alice Hall, deceased, each
taking one-fourteenth;
Eugene McIntyre, one-seventh;
Clyde McIntyre, one-seventh;
Lillian Fox, one-seventh;
Belle I. Forsyth, one-seventh.
Dated at Howell, Michigan, Sep-
tember 12, 1935.
BELLE FORSYTH
Administratrix of Estate of Wil-
liam McIntyre, Disappeared, and
also one of the heirs at law of
Deceased.

STATE OF MICHIGAN
The Circuit Court for the County of
Livingston in Chancery.
Nellie Springfield, Plaintiff,
vs.
Ora C. Carr and Anna Louise
Carr, his wife; William T. Roberts
and Thelma L. Roberts, his wife;
and Edward A. Russell and Selma
E. Russell, his wife,
Defendants.

In pursuance of a decree of the
Circuit Court for the County of Liv-
ingston, in Chancery, made and en-
tered on the twenty-first day of
August, 1935, in the above entitled
cause, I, the undersigned, a Circuit
Court Commissioner of the County of
Livingston, shall sell at public auc-
tion or value to the highest bidder at
the west front door of the Court
House in the City of Howell, in said
County of Livingston, on the twenty-
fifth day of October, 1935, at ten
o'clock in the forenoon of said day,
all those certain lands and premises,
situate and being in the Township of
Genoa, County of Livingston and
State of Michigan, and described as
follows, to-wit:
Lots number sixty-three and sixty-
four Rest Haven Park, Long Lake,
McNamara's Subdivision, so-called, as
duly laid out lot, platted and recorded.
R. Bruce Hadsall
Circuit Court Commissioner.
Livingston County, Michigan.

MORTGAGE SALE

Default having been made in the
conditions of that certain mortgage
dated July 1, 1930, executed by Wil-
liam E. Farnum and Julia F. Farnum,
his wife, to Jay Lucas, and recorded
in the office of the Register of Deeds
for Livingston County, Michigan, on
December 14, 1933 in Liber 136 of
Mortgages at pages 218-219 thereof.
Notice is hereby given that said
mortgage will be foreclosed pursuant
to power of sale and the premises
therein described as: Land in the
Village of Pinckney, County of Liv-
ingston, State of Michigan, described
as follows, to-wit: Lot number eight
(8) in Block number five (5) and
Range number seven (7) according
to the original recorded Plat of said
Village of Pinckney, will be sold at
public auction to the highest bidder
for cash by the sheriff of Livingston
County at the west front door of the
Court House in the City of Howell
in said County and State, on Friday
the twenty-seventh day of December
1935, at ten o'clock in the forenoon
of said day. There is due and payable
upon the debt secured by said mor-
tgage the sum of Fifteen Hundred
Fifteen Dollars and Twenty Cents
(\$1515.20).
Dated: October 2, 1935.
Jay Lucas, Mortgagee.
Don W. VanWinkle
Attorney for Mortgagee.
Business Address:
Howell, Michigan.

Do not throw your electric iron
away because it doesn't heat. I will
make it work.
Marvin Shirley, Phone 79.

Neighboring Notes

According to the Fowlerville Re-
view, James Newman, arrested at
Anderson for vagrancy recently is
the same person sought near Fowler-
ville at the time of the Ward Mystery
case in which Mrs. Ward was knocked
unconscious. At this time Newman
was without shoes, having his feet
wrapped in gunny sacks.

The "Breach of Promise Suit" re-
cently put on at Pinckney under the
auspices of the Kings Daughters will
be staged at Brighton Thursday and
Friday of this week under the aus-
pices of the American Legion.

Brighton high school football team
defeated Hartland recently 6 to 0 by
means of a forward pass.

The Joe Guinan Orchestra of De-
troit is now playing for the dances at
the Brighton Hall.

Three counterfeit five dollar bills
were passed on different Millford
business men one day recently.

The two following items are clipp-
ed from Green and Gold, the Howell
High School Paper.

Ambrose Kennedy, '36, born
seventeen years ago in Pinckney,
moved from there to Howell three
years ago, and has been out for prac-
tice since, being re-curve for the last
two years. He weighs 148 and is 5 ft.
6 in. tall.

The other night at practice, Am-
brose Kennedy, varsity half-back,
while playing on the second team,
carried the ball 35 yards. Such bril-
liant playing should be expected dur-
ing the inter-scholastic games as well as
at practice.

Herbert Wedemeyer has opened a
motion picture theatre at Manchester.

Circuit Judge George Sample of
Ann Arbor has rendered his decision
in the famous Stockade negligent
homicide case. 18 months ago five
children were orphaned when Mr.
and Mrs. Carl Stockade were struck
and killed by an auto in the streets
of Ypsilanti driven by Frederick
Cain Jr. son of the assistant post-
master of Ypsilanti. Cain pled guilty
to manslaughter for 18 months. Thursday
he was sentenced to five years probation,
and has his driving license for the
same length of time and ordered him
to abstain from the use of liquor. He
must also pay the sum of \$10.00 a
week towards the support of the five
children.

Herbert Reese, of Mack and
Company's department store, has re-
ceived commendation for distinctive
window displays.

"Display World," a trade journal,
has asked for pictures of some of his
display windows with his comments
on color schemes, construction, light-
ing and other features.

R. C. Kash, editor of Display
World, lauds Mr. Reese for some of
the most effective work in display
that has come to the attention of the
trade this year.—Washenaw Tribune

WILL DOUBLE NUMBER OF GAME WARDENS

In an effort to check the normal
increase of violations before and dur-
ing deer-hunting season, the Depart-
ment of Conservation next month
will double its force of Conservation
officers in the deer country.

A sum of \$5,000 was set aside from
the Game Protection fund by the
State Conservation Commission at its
October meeting to finance the in-
crease of personnel.

Approximately 100 fire wardens
and townsmen will be assigned to the
door area to assist regular conserva-
tion officers in patrol work.

CORN-HOG REFERENDUM OCTOBER 26

Whether or not the Corn-Hog program is to be continued rests with qualified voters of the United States. This referendum is to be held October 26th. A qualified voter in this referendum is defined as any producer who has produced corn or hogs during the years 1934 and 1935. It is the sincere desire of the division of Livestock and Feed Grains to get a large representative vote. As this is a program made up of farmers, it is the duty of each to express himself by casting a ballot in the way that he sees fit.

Many articles have been written and published in defense of the program, while perhaps many more have been written criticizing the entire set up.

This referendum should be strictly the voice of the producers. If you feel that the program has worked an injustice on your farm business, you should voice this opinion at the referendum. If you can see where it has helped the farming situation you should likewise defend it on October 26th.

A well known advertising slogan might be changed slightly to meet this situation. We could say that a vote is worth more than a thousand words.

For the convenience of the county voters, we have established polling places to be open from 1:00 P. M. until 10:00 P. M. Oct. 26th at the following places:

Brighton	Town Hall
Pinckney	Town Hall
Hartland	Goodspeed's Hardware
Howell	County Agent's office
Fowlerville	Sidell's Hardware

ANOTHER "SAVE THE CONSTITUTION LEAGUE"

There is an old adage that "Patriotism is the Last Refuge of a Scoundrel." The "Save the Constitution" organizations seem to be springing up over night and getting as thick as mushrooms in rainy weather.

One of the chief causes of the depression was the great number of worthless stocks and bonds with which reputable investment houses flooded the country and relieved the people of their savings. Most of these bonds are now worthless. A congressional committee was appointed to investigate these worthless bonds and already has uncovered a great number of interesting facts. In order to stop further investigation by them, the American Federation of Investors, an Illinois organization, has invoked the Constitution to stop this investigation. The part of the constitution it quotes is "The right of the people to be secure in their persons, houses, papers, and effects against unreasonable searches and seizures, shall not be violated. This makes us laugh.

FIND GREAT NUMBER OF BORERS IN CORN

Favorable weather conditions this year have permitted a great increase in the number of European corn borers in Michigan corn and there is apt to be considerable damage done next year by this insect unless control measures are used, according to the farm crops department at Michigan State College.

Heavy infestations of the borer are reported from Huron, Tuscola, Saginaw, Monroe, and other counties. Reports have also been made of the presence of this pest in the more northern corn growing counties. Eighty per cent of the stalks in some fields have been damaged by the tunneling of borers, and 75 per cent of the stalks in some fields were weakened enough so they were broken down by the wind.

A strain of borer resistant corn has been developed at the College but there is not enough seed available so any can be distributed. This resistant corn is being increased as rapidly as possible so seed will be available in a few years.

Control measures to reduce the numbers of borers next spring should include placing in the silo or shredding all stalks, clean fall or early spring plowing, and the collection and burning of all remnants of corn stalks or stubble left in the fields. If any unshredded corn stalks are fed, the portion left uneaten by livestock should be raked up and burned before May 30.

NEW HOTEL LAW

The last legislature passed a new hotel act as the result of the terrible Hotel Kears fire last year. This law provides rigid requirements for all new hotels, rooming houses, etc. Unless built of fire-resisting or fireproof materials they must provide ropes in each room for exit in the event of fire. They must have watchmen on duty and have exits properly lighted. In fact every precaution is now required. The fire marshal's division of the state insurance department is required to make frequent and careful inspections.

The enforcement of this law naturally falls heavily upon the insurance department and Commissioner John C. Ketcham has been very active in administering the new act. The man directly in charge is Charles V. Lane who is head of the fire marshal's division.

Mr. Lane reports that the cooperation of hotel people has been most gratifying and he believes that the traveling public may feel safer in Michigan than ever before in its history.

PICTURES OF ITALO-ETHIOPIAN WAR!

Every Sunday in The Detroit Sunday Times you will find a collection of pictures of the Italo-Ethiopian war photos taken at the scene of the conflict by cameramen with both armies. Be sure to see The Detroit Sunday Times for these pictures.

R. C. CAMPAIGNS TO PREVENT ACCIDENTS

Program Inaugurated in Local Chapters to Cut Down Farm and Home Accidents

The American Red Cross has launched a nation-wide campaign to eliminate hazards in the home and on the farm that now take an annual toll of nearly 35,000 lives, according to a recent statement by James L. Fieser, vice chairman in charge of domestic operations.

"Every Red Cross chapter is being asked to play a part in this campaign," Mr. Fieser said. "Hazards in the various communities will be pointed out. The children in our schools throughout the country will be given a list of the home hazards and asked to enroll parents or relatives in the fight against them."

Nearly five million men, women, and children were temporarily disabled in the homes of America last year by accidents, officials of the National Safety Council have revealed. Most of the accidents in which persons were killed and injured could have been prevented, according to this safety agency, this fact alone largely motivating the Red Cross drive for accident elimination.

Active cooperation of social, civic, educational, veterans', and other groups has been secured. Red Cross inspection forms or home check lists will be distributed to homes where there are no children with the help of these organizations.

Due to inaccessibility and lack of compensation coverage, little or no pioneering has been done in the field of farm safety, the Red Cross states. However, more people were accidentally killed in agricultural pursuits last year than in any other occupation, making the need for safety education and farm home inspection apparent.

Other agencies now active in the accident-prevention field point to the fact that, because of its nearly 13,000 chapters and branches, the Red Cross has a unique opportunity to successfully promote a project of this nature.

Home accidents injure many more than do automobile accidents; they kill nearly as many, claiming an average of about 80 lives daily. In terms of dollars and cents, for the practical minded, home accidents cost more than \$1,000 per minute.

Accidents of all types are Public Enemy No. 4. Only three diseases cause as many deaths each year, heart disease, cancer, and cerebral hemorrhage.

"The home is not the place of safety it is commonly supposed to be," said Mr. Fieser in commenting on the new Red Cross service to the community.

"The Red Cross, as a part of its chartered obligation to prevent death and alleviate suffering, is conducting this humanitarian program to cut down the mounting toll of avoidable personal injury and death in the homes of the country."

The annual Red Cross roll call, running from Armistice Day to Thanksgiving Day, is one of the means of backing such a campaign. All citizens of the United States are offered the opportunity to join and assist in the work of the organization.

Red Cross Has Busy Year; Statistics Impressive; Services Varied

Figures gathered at random from the year's report of the American Red Cross reveal the magnitude of the work being carried on by that organization.

Red Cross workers assisted 54,306 veterans; 537 Red Cross Public Health nurses paid 921,455 visits to 186,326 patients; 98,441 first aid certificates were issued while 46,693 persons were trained in life saving. Volunteer workers produced 3,102, 843 surgical dressings, with 80,901 volunteers being on active duty throughout the year.

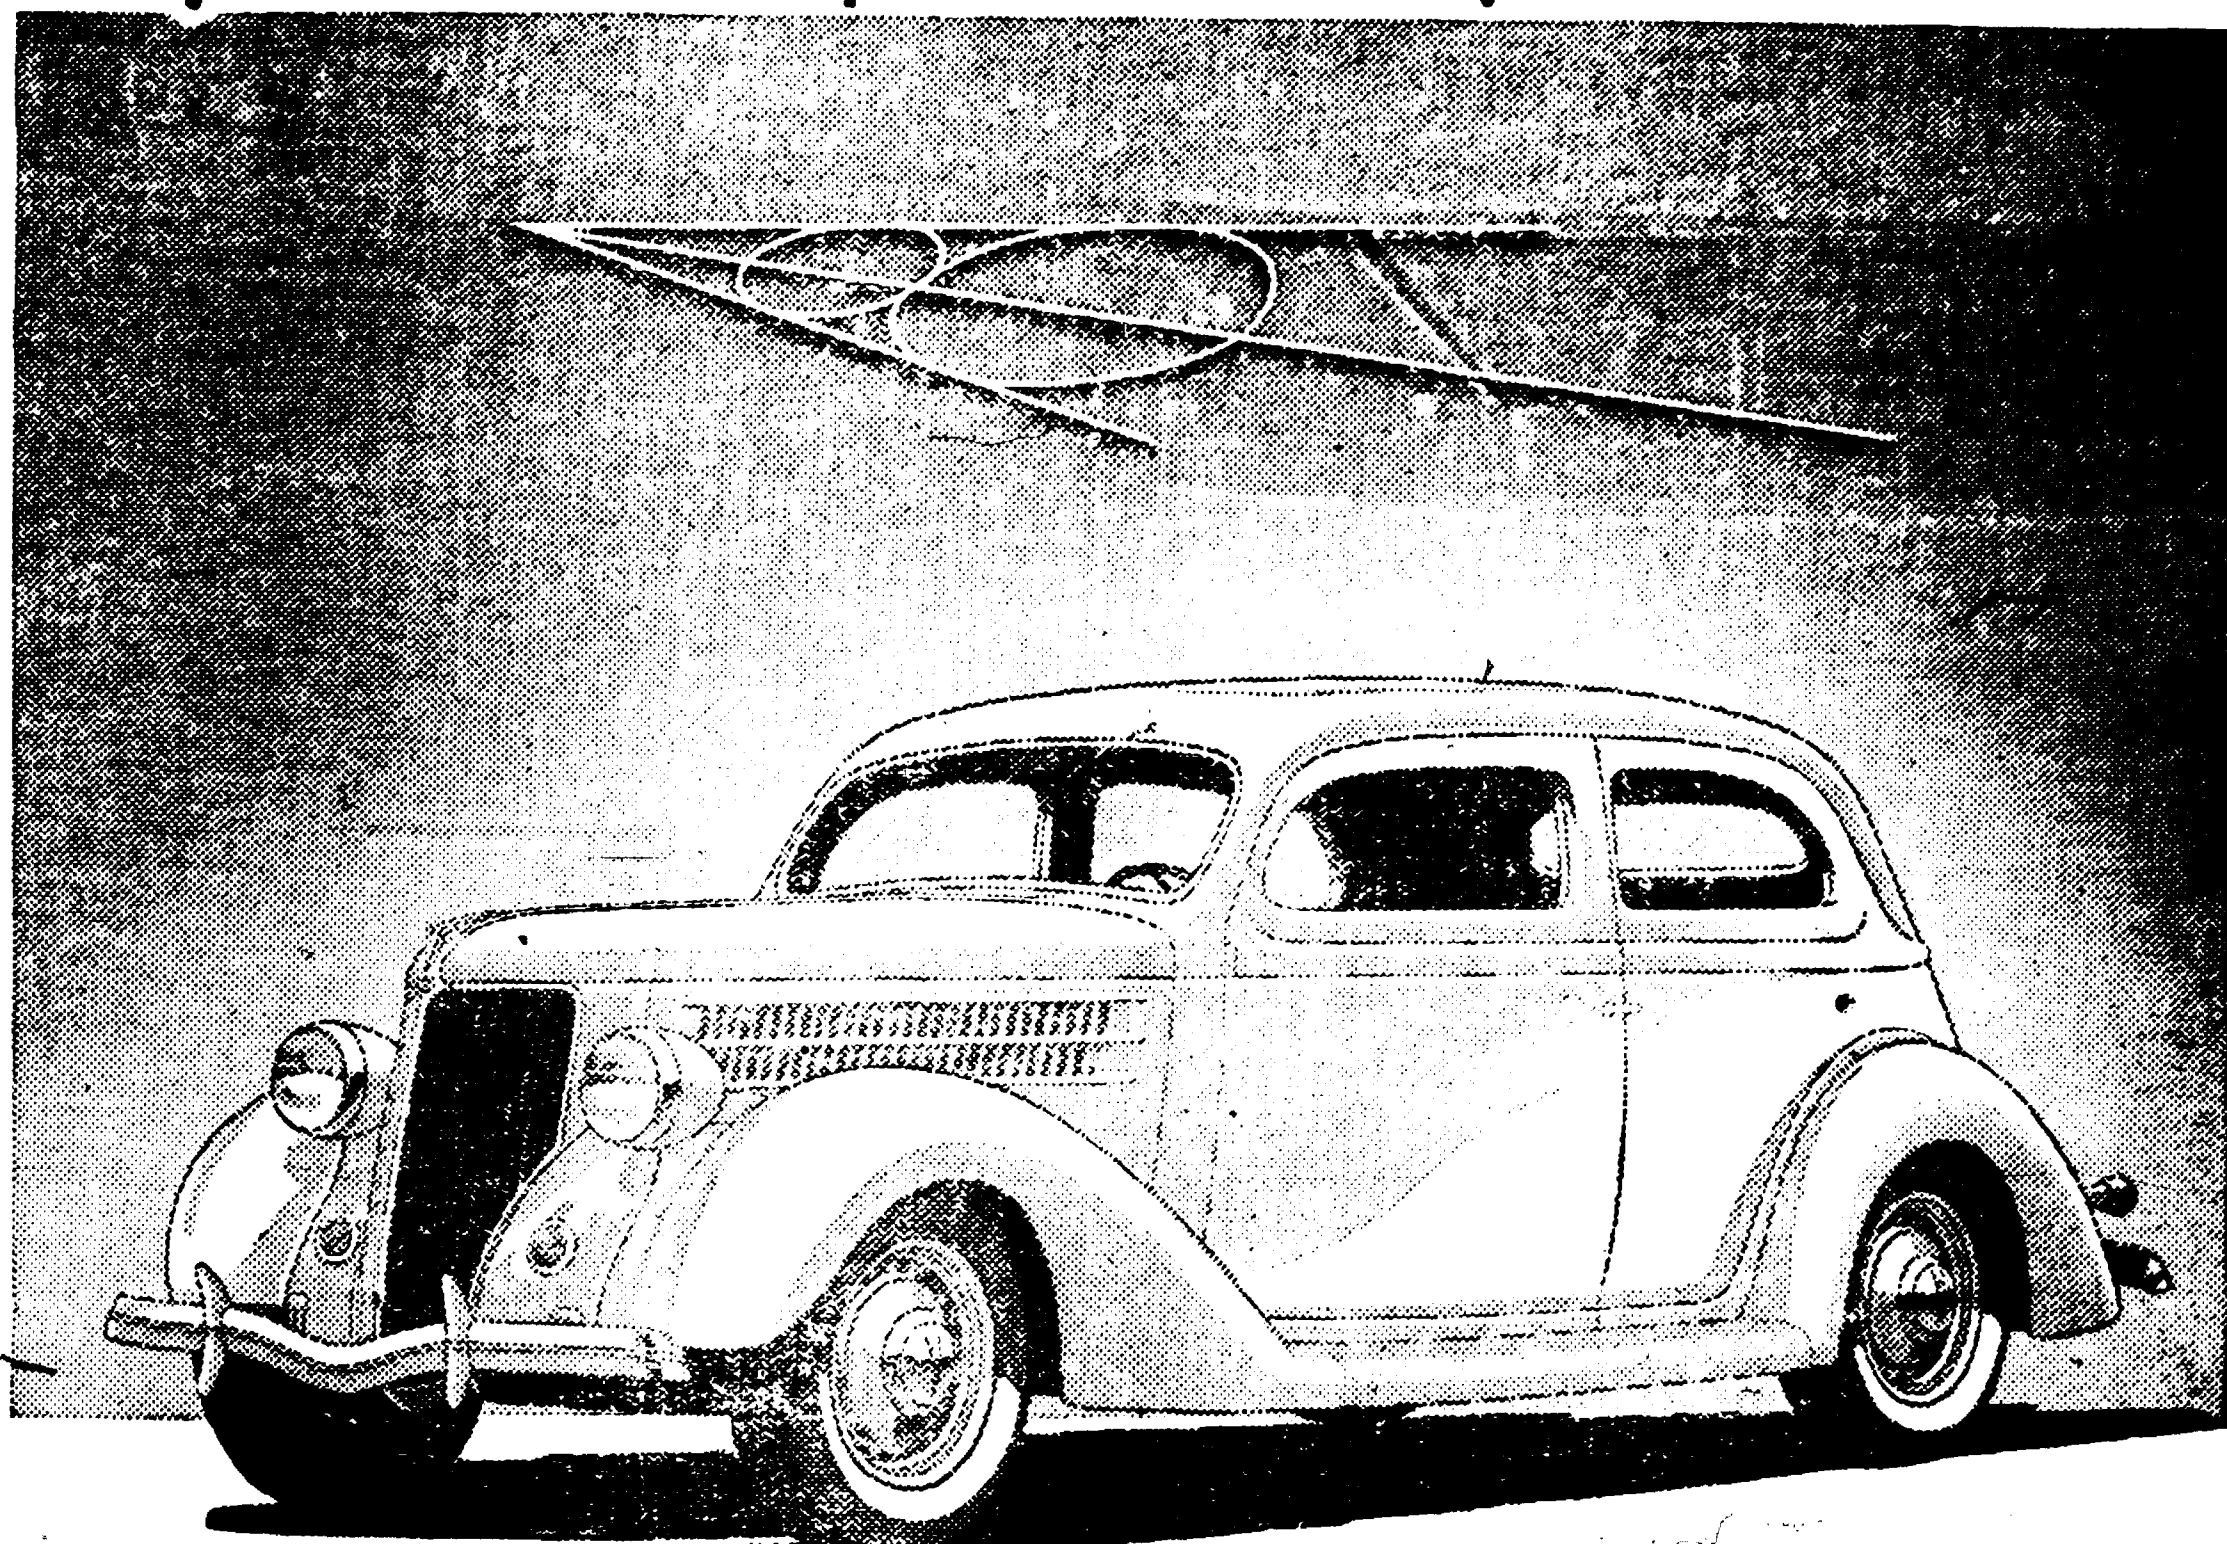

First Aid Treatment Taught Thousands By Red Cross

More than 187,000 certificates showing completion of first aid courses were issued last year by the Red Cross. This shows a gain of 58,000 certificates over the previous year. Approximately 64,200 boys in C.C.C. camps throughout the country passed first aid tests. Since the Red Cross first entered the field of first aid teaching, being one of the first organizations in the world to do so, almost one million persons have been trained in handling emergency treatment.

The annual report of the Red Cross further reveals that more than 327,000 copies of the Red Cross Aid Handbook have been sold at home and abroad.

Last year 3,337,941 persons became members of the Red Cross. The annual roll call takes place each year between Armistice Day and Thanksgiving Day.

Junior Red Cross members increased by 402,000 enrollments during the year which has just passed. Junior members carried on an exchange of correspondence with junior members in 63 other countries having Red Cross Societies.

THE NEW FORD V-8 FOR 1936

Why do we say The New Ford V-8 for 1936?

What is new about it? Of course, the newest engine in the low-price car field is still the V-8 engine. Since Ford made it available to all car users (keeping it as economical as cars with fewer cylinders) the Ford V-8 has been the newest engine on the market, and remains the newest for 1936.

You may buy a car on minor "talking points"—some specially advertised feature "with the car thrown in"—but after all, it is the engine you buy when you buy a car. Hence we put the engine first. Other new points about the car make a long list.

Its lines are much more beautiful. The hood is longer and sweeps forward over the distinctive new radiator grille, giving the car a length and grace that are instantly impressive. The fenders are larger, with a wide flare. Horns are concealed behind circular grilles beneath the headlamps. New steel wheels.

Ford upholstery—always of sterling quality and excellent taste—is rich and enduring. The appointments of the car have a new touch of refinement. There

is no question about the increased beauty of the Ford V-8 for 1936.

In more practical matters, many improvements have been made—Steering is made easier by a new steering gear ratio. The cooling system circulates 5½ gallons of water through a new, larger radiator. Natural thermosiphon action is assisted by two centrifugal water pumps. New style hood louvers permit a rapid air-flow around the engine.

Easier, quieter shifting of Ford gears—The gear shift lever now travels a shorter distance.

The two qualities you want in brakes—Brakes that stop the car with ease and certainty. Ford Super-Safety Brakes of the long-tested, fool-proof, mechanical design.

Safety—as always—in the electrically welded genuine steel body. Safety Glass all around at no extra cost. Hundreds have written grateful letters because this glass has protected the safety of their families.

A car you can drive without strain all day, if you like, in city or country. Steady, holds the road, responds to the

driver's touch like a well-trained horse. You don't have to "push" or "fight" the Ford V-8—driver and car easily get on terms of good understanding with each other.

An engine has much to do with the roominess of a car. Very much indeed. A long engine uses up car space. The compact V-8 engine permits much of the ordinary engine space to be used by passengers.

It really is a great car in every way, this 1936 Ford V-8—the finest, safest, most dependable Ford car ever built. Now on display by Ford dealers.

LOW FORD V-8 PRICES

THIRTEEN BODY TYPES—Coupe (5 windows), \$510. Tudor Sedan, \$520. Fordor Sedan, \$580. DE LUXE—Roadster (with rumble seat), \$560. Coupe (3 windows), \$570. Coupe (5 windows), \$555. Phaeton, \$590. Tudor Sedan, \$565. Cabriolet (with rumble seat), \$625. Fordor Sedan, \$625. Tudor Touring Sedan (with built-in trunk), \$590. Fordor Touring Sedan (with built-in trunk), \$650. Convertible Sedan, \$760.

F. O. B. Detroit. Standard accessory group, including bumpers and spare tire, extra. All Ford V-8 body types have Safety Glass throughout at no additional cost. Economical terms through Universal Credit Company.

Philathea Notes

A letter was received the past week carrying the personal appreciation of the General Counselor of the World Wide Union of Baraca Philathea, Miss Henrietta Heron, and mentioning that our birthday gift of one dollar would be dedicated to the work of Kingdom, as promoted from our new service center at Washington, "In the Heart of the Nation, for the Heart of the World."

The Sunday morning class hour was filled with lesson points, the theme being a second one from Jeremiah. The Baracas are pushing us close in attendance and offering of

We had a splendid time at the Church night service. Those who missed hearing Rev. Daws were the losers.

The International Temperance lesson for next Sunday is "Belshazzar's Feast," the "hand writing on the wall." Read Daniel 5:1-31.

LEE LAVEY

Iosco

Miss Louise Lamborn of Ypsilanti visited her cousin Mrs. Walter Miller over the week-end.

Mr. and Mrs. Wm. Black of St. Johns and daughter, Doris, of California were recent visitors of Mr. and Mrs. Frank Walters and family. Chas. Burden of Gregory spent Sunday with Walter Miller.

Mrs. Claude Jackson was in Detroit the first of the week.

Mr. and Mrs. George Howard of Ann Arbor, visited Mr. and Mrs. Walter Miller Sunday.

Mr. and Mrs. Frank Walters and Mr. and Mrs. Earnst Walters, and son visited friends in Adrian recently. Marvin Bruff visited his brother Will Sunday.

Mrs. John Maurer and children, of Whitmore Lake were Saturday afternoon callers of Mrs. Jennie Kingsley and Mrs. Walter Miller.

MILK CUSTOMERS WANTED
We deliver unpasteurized milk for 6c per pt., pasteurized at 10c per qt. All cows TB tested and utensils state inspected. Your inspection invited.
H. A. Rowe & Son

HAS BIRTHDAY PARTY

Wm. Brown Jr. was very happily surprised Tuesday evening Oct. 22, when relatives and friends to the No. of 30 came to his home to wish him a happy birthday.

The evening was spent playing cards after which a luncheon served and they departed for the homes wishing him many more happy birthdays.

Guests were present from Ann Arbor, Dexter, Howell, Lawland, Gregory and Pinckney.

Mr. and Mrs. Jay Brightman have been selling milk in Pinckney village for several years and have continued their route and wish their milk to the creamery.

Bernard (Cap) McCloskey informs us that he has a farm drill that he has used continuously for the past 60 years and it is still as good as new. It is a "Farmer's Friend" and was purchased by his father 60 years ago, and has been used every year since. This fall it was used to sow wheat, rye and timothy seed. It has been housed every year, the only time it was out of doors, being when it was in use.

BOARD OF SUPERVISORS MEET

The county board of supervisors were in session all of last week. The principal issue at the meeting was that of relief and welfare. The principal question was whether the county should provide the cash for the Emergency Welfare Relief or set up an organization of their own to handle it. It was finally decided to send a committee composed of Supervisors Ross, Merrill and Runciman to Lansing to confer with the State welfare Dept.

Treas. Ralph Eastman was granted \$560 a year extra for clerk hire. County Agent Thomas was granted \$1,800 for expenses.

The following budget was adopted:
General fund \$15,000
County poor fund \$15,000
County road, bond and debt tax \$45,000

The county treasurer was ordered to charge off the sum of \$3,765.31 now carried as a deposit in the Pinckney State Bank.

The Soldiers Relief Com. was given \$700 and the McPherson, First State and Brighton banks were named as county depositories.

The contract for the county printing was awarded to the Fowlerville Review. The Livingston County Press was the only other bidder.

Some idea of the general cost of road improvement and road maintenance may be seen from the following extracts from the road report for the past year:

General expense: \$29,533.43
New equipment: \$19,695.55
Maintenance, state trunk lines: \$21,627.28

County maintenance: \$27,438.24
McNitt roads: \$44,991.84
Black-top construction: \$24,484.14
Total: \$167,770.48

There have been built during the past year 17.15 miles of black-top roads in the county at an average cost of \$1,428.00 per mile. There are now all told, 50 miles of black-top roads in Livingston county.

BOMMERITO HEARING STARTS

The hearing in the Bommerito murder case started at Howell before Justice Yelland Monday and then was postponed until Wednesday. The witness examined were Ilene, Parmentier, former common law wife of Scalici, the murdered man, Wm. Gaffney who found Scalici in the farm house in Iosco, Deputy Loren Bassett, Tony Scalici, the victim's brother, and Drs. Huntington, Mancuso, and Guardian. Ahmed Shukry, a Turk, was not allowed to testify. He is a Mohammedan and would not take the oath. Scalici is said to have told him that Bommerito was responsible for his death.

Continued from first page
The Rebels asked them to stick to the Mich. Milk Producers in the interests of harmony.

Thomas Rebel was the next speaker and gave his side of the story.

Then followed numerous questions: Most of them asked of Dr. Walmsley. In reply to a question asked by Lucius Wilson, he denied knowing who appointed him but after a number of evasive replies at length admitted that he was a federal officer. In reply to a question by C. H. Kennedy he denied that he had authorized Mr. Holmes to offer new customers a higher price for milk than the old ones were receiving.

Mr. Kennedy then read the adv. he had offered the Dispatch in which it was stated that the 85 percent base for new customers for the first months shipment was authorized by Dr. Walmsley. Then he admitted it but claimed he had the power to change the base but not the price and in this instance had considered it his duty to do so in order to maintain the Mich. Milk Producers price system.

Asked by M. J. Reason if he considered this fair to the old customers. He said it would benefit 99 percent of the farmers and that he must consider the greatest good for the greatest number. Dr. Walmsley was very evasive in his answers and pleaded faulty memory many times.

He also protested at what he termed the innuendoes leveled at him.

Mr. Holmes was asked regarding the statement he made Saturday that the Rebels had borrowed money of the Mich. Producers to carry on. He stated he was told this by Sec. Beach of the association. Thomas Rebel took the floor and denied this, stating that the Rebel Co. did not owe a single cent and never had borrowed money of the association.

Dr. Walmsley asked Mr. Rebel why he did not pay \$2.48 per cwt. for milk which is the quoted price (the farmers never get it though) if he was selling all milk by the bottle. Michael Roch at once asked Dr. Walmsley if he ever knew a farmer to receive \$2.48 for his milk and the Dr. admitted that he never had.

Mr. Clark of the Wayne County Creamery station at Stockbridge was present and when asked if Dr. Walmsley had given him the special dispensation given new customers 85 percent of their first months shipment as a base answered "No" that this was the first time he had ever heard of it.

After some two hours of heated debate the meeting adjourned and an oyster supper was served.

We are of the opinion that Dr. Walmsley should be retired to private life. He is using the power, conferred on him by the federal government to help a big milk association crush a small competitor.

The whole thing in a nut shell is that the big fellows are applying the heat and desire no independent dealers. Some of their methods are way off color.

Gregory

Mrs. Earl Watson and baby son returned home Saturday.

Mr. and Mrs. Charles Galbraith, Mrs. Cecil Galbraith and son, Kenneth, Genevieve Johnson, Mr. and Mrs. Ralph Galbraith and Junior of Detroit were Sunday guests of Mr. and Mrs. Lawrence Riggs.

Mr. and Mrs. Sawyer of Howell called on their daughter, Mrs. Henry Love and family Sunday.

Gladys Hadley and family were Sunday guests at the home of Henry Dewey.

Mr. and Mrs. Clarence Marshall and sons attended the funeral of Mrs. Earl Lowden in Jackson Saturday.

Mrs. Christine Howlett, Richard, Charlotte and Clifford, spent Sunday with the former's daughter, Mrs. Arlington Allen, of Elba.

Mrs. W. G. Reeves of Stockbridge drove to Pittsburgh, Penn., accompanied by Barbara and Miss Wanda Bowdish, leaving here Wednesday morning of last week. The young ladies are going, via rail, from Pittsburgh to Washington, West Point and New York City, visiting at each stop. From New York they will return home.

Mrs. R. D. Brenner and daughters and Miss Rowe were in Lansing Friday.

At the school election Monday it was voted to return to the District School System.

Lyle Bowdish is working in Detroit.

Miss Margaret Roepecke of Highland Park hospital spent the week-end with her parents, Mr. and Mrs. Earnest Roepecke.

Mrs. Robert Sweet and son, Robert, Dale were callers at the Glen Marshall home Saturday.

The American Red Cross assisted sufferers in more disasters throughout the United States during the year ending June 30, 1935, than through any similar period in the peace-time history of the organization. Admiral Cary T. Grayson, chairman, revealed recently in commenting on the annual report which has just been released.

"The 128 domestic disasters in which the Red Cross extended aid during the fiscal year exceeded by 50 per cent the average over the past few years," Admiral Grayson said. "Not only was the period heavy in the number of disasters, but the geographical distribution was wide, with 37 States and 383 counties affected."

"Through these disasters and times of community distress, the Red Cross assisted 110,000 persons," the Admiral disclosed.

Spectacular service was rendered in many disasters because of the uniqueness of the problems and the far-flung points affected. The work of the National organization covered in the report carries stories of the Morro Castle burning; the trench-mouth epidemic in the beautiful San Luis Valley of Colorado; the great fight over a wide front in the mid-west dust bowl against respiratory diseases; floods, hurricanes, and tornadoes in many sections of the United States.

A SERVICE OF SINCERITY

Your responsibilities become ours when we take charge of the services. Our knowledge and equipment are used to make all of the arrangements.

COMMUNICATION

Pinckney, Mich., Oct. 18, 1935
Dear Sir:—I am taking the liberty of replying to the letter published in your paper last week against the proposed school addition and signed "One who attended the Old Red School." I do not think it expresses the views of a majority of those who were students there.

The letter shows selfish reasoning and infers a number of falseities and half truths. The writer does not see why people who send no children to school should pay towards the support of educational institutions. This is similar to the stand taken by the late E. L. Thompson some fifty years ago when the present school was built. He then stated that he was opposed to paying taxes to educate paupers children.

As regards the frills and fancies of education, the Pinckney school has none and neither contemplate adding any, such as track, domestic science, debating etc. Football and baseball teams are maintained here but they must finance themselves by giving plays etc. as not one cent of the tax money is used for their support. The statement that because the present educational facilities were sufficient for the parents and grandparents of the present day pupils they are satisfactory at the present time is nonsense. In the writers boyhood he probably rode around behind an ox team and later in a horse drawn vehicle. Today, undoubtedly he rides in an auto. In this case the transportation facilities of the past were inadequate and the same is true of the educational ones.

A Red school pupil who favors the Proposed Addition.

ROVER AND RUBEN

Our old dog Rover would chase his tail,

Yes, round and round and round. It was a game he dearly loved to play; So he'd pursue the merry chase till he fell to the ground,

And then he'd do the selfsame thing next day.

So too may dear old dairy John who seeks to place the blame,

For all the ill he finds upon his plate,

Turn thus to Walmsley, Beach or Hull or any other name,

Until he shares poor old dog Rover's fate.

As he lies prone upon the ground The earth he seems to spin on, And when at last he finds he has no pain,

Unsteadily he regains the ground to find what he has done.

And soon he starts the merry chase again.

I wish some helpful kindly man would stop poor Ruben's spin, And tell him that the game is all a ruse, And that the umpire says the rule is this,

"Tis heads I win and also when it's tails you surely lose."
