

## Alfred Pfau Receives Howell Appointment

Popular Chairman of Democrat  
County Committee Is Named to Be  
Postmaster at Howell

Alfred Pfau, local farmer, and Democrat county chairman for the past four years, was appointed postmaster at Howell by President Roosevelt and confirmed by the senate, the appointment being announced by the press Saturday. Other preferred candidates for the office were Herman Strobel, retired merchant, and Eugene Fay, former county treasurer and now cashier of the Holly State Bank.

Mr. Pfau is a son of Albin Pfau, former Isco supervisor and prominent Democrat of this county for the past 40 years or more. The senior Pfau was also formerly county welfare agent. The Pfau's operate a 300-acre dairy farm in Isco. Alfred Pfau's wife was formerly Ruth Collins, daughter of the late George Collins of Pinckney.

The new postmaster was a member of the county board of supervisors for several terms and has worked tirelessly and unceasingly for the Democrat party since his entrance into politics. This reward for his activities is well deserved.

Alfred Pfau

Other appointments announced are: Bert Lewery to be postmaster at Manchester; Walter Mason to be postmaster at Milan and Lewis Peterson at Springfield.

These appointments were announced in the last issue of the congressional record of which Postmaster Miller has a copy.

The preferred list has also been received for Fowlerville. The list includes Major Bravener, Enos Cole and Mrs. Louise Hicks. Bravener was candidate for county clerk in 1932-34. Enos Cole operates an oil station and is a grandson of Judge Arthur Cole, former judge of probate and for years a Democrat wheelhorse. Mrs. Hicks is the wife of Dr. Hicks, Fowlerville dentist.

No appointment has yet been made for Pinckney. We understand that the preferred list is Harry Murphy, Michael Roche and Nellie Gardner. This has been held up for various reasons, but we understand will come through in the course of a week or so, as congress is slated to adjourn next month.

The fact that Horatio Abbott, national committeeman, is now a patient at Mercywood Sanitarium, Ann Arbor, an institution that specializes in the treatment of nervous and mental cases, will probably hold up the appointments for a time.

## HIGH SCHOOL NOTES

The Pinckney diamond ball team won their first and opening game last Friday night by a 3 to 2 score, playing at Whitmore Lake. It was a pitcher's battle between Paul Singer of Pinckney and Laverne of Whitmore Lake. The score was tied in the fifth at 2 all when Floyd Haines, Pinckney's heavy-hitting outfielder, hit a home run. The Pinckney boys put up a nice fielding game, Lesik making several good catches in center field, while Laverne plays here tonight.

The Pinckney line-up was as follows: Paul Singer, pitcher; Edil Myers, catcher; Bill Dillon, 1b; Francis Shehan, 2b; Willie Darrow, 3b; Billie Baughn 1st; Stanley Culver, 2nd; Floyd Haines, 1st; Joe Lesik, cf; Leon Meabon, Lloyd Van Blaricum, rf.

## WEEKLY FRIDAY NITE DANCE

AT ST. JOSEPH'S HALL  
The Social Club of St. Joseph's Parish will sponsor their first weekly Friday nite dance, this week Friday nite, April 24th, at St. Joseph's Hall. The Club members wish to take this opportunity to cordially invite everyone to attend these dances. We extend a special invitation to the parents of all the young people who will attend. It is our hope to keep these dances up to the "standard" so that all parents will be proud to have the young folks attend, and so that all who attend will have a good time. We believe that by the attendance of parents and their friends we will be able to do this.

We can assure you of a good time each week. We have secured several good orchestras - as we expect to change most every week. This week the music will be furnished by Bob Siegrist and his ten-piece orchestra, and two featured soloists. Also there will be Erwin Sober and Bob Cook as trambonists. Bob Smith as "Master of the Keyboard," whistling specialties by Bob Siegrist, and various Glee Club songs.

Secure your tickets at any of the Social Club members or at the door for 6.25 per person.

## Zielman-Duncan Wedding Occurs

Former Pinckney High School Graduate Is Married at Her Home in Green Oak

Marked by its simplicity was the wedding of Miss Gertrude Irene Zielman, only daughter of Mrs. Frank Zielman of Green Oak township and William T. Duncan of South Lyon, which was solemnized at the home of the bride's mother at 8:00 o'clock Wednesday evening, with the double ring service being read by Rev. George W. Evans of Ann Arbor.

The bride wore a frock of blue crepe fashioned on straight lines with a short jacket. Her corsage bouquet was of pink rose buds and sweet peas.

Miss Lora Burnett of Ann Arbor, the maid of honor, was gowned in beige crepe and wore a bouquet of sweet peas. Ansley Osborne of South Lyon was Mr. Duncan's attendant. Little Joan Abbot of Detroit, niece of the groom, was ring bearer.

The house was prettily decorated with home flowers. Dainty refreshments were served. Mr. and Mrs. Duncan are taking a trip east.

Guests were Mr. and Mrs. William Duncan, Mr. and Mrs. Allen Wilkinson, Mr. and Mrs. Ray Duncan and son; Mr. and Mrs. H. E. Peebles, Mr. and Mrs. William Zielman, Mr. and Mrs. Ansley Osborne, Miss Gertrude Sonneray and Miss Dorcas Wolf of South Lyon; Mr. and Mrs. Charles S. DeWolf, Miss Bessie Zielman and Walter DeWolf of Hamburg village; Mr. and Mrs. Morrell Zielman and son of Manitowish Beach; Mr. and Mrs. Floyd Brasser and Miss Lora Burnett of Ann Arbor; Mr. and Mrs. Emmet Page and daughters, Enid and Marguerite, and Miss Florence Collins of Pontiac; Mr. and Mrs. John Abbott and daughter, Joan of Detroit; Mrs. Clara Tyler and Mrs. Katherine Landis and family of Stockbridge; Mr. and Mrs. Ralph Lealand of Northfield and Mrs. Martha Green and family of Green Oak.

## START SOIL EROSION WORK

The first soil erosion project in Michigan got under way Monday when a force of 200 men started work in a 35,000 acre tract in Berrien county. This is being done under direction of the United States Department of Agriculture and is supervised by men from Michigan State College. Berrien county was chosen because of the high value of its horticultural crop. Erosion has reached serious proportions there and a single dust or rain storm has been known to remove an inch of top soil in some sections of the fruit belt.

## DEMOCRAT VOTE INCREASES

The most astonishing thing about last week's primaries was the huge vote cast for the Democrats. In Illinois the Democrats cast 500,000 more votes than the total number of votes cast for both Senator Borah and Frank Knox, the Republican candidates, and this despite the fact that President Roosevelt had no opposition in the primaries.

In Pittsburg for the first time in the history of that city the Democrats cast more votes than the Republicans. There were 130,545 Democrat votes cast and 125,718 Republican votes.

This also held true in California, where the Democrat gains were tremendous. In Los Angeles county the Democrats registration is 735,799 and the Republican, 468,720. In San Francisco the Democrats registered 181,723 and the Republicans, 101,600. The same holds true all over California. This reverses the registration in 1932 when the Republicans outnumbered the Democrats 6 to 4. Political commentators such as Walter Lippman and Mark Foote have made much of the vote and state that the Republican party will have to develop a liberal trend if they expect to make a showing in the fall election.

They conclude that the present reactionary trend which they have taken up to the present time, as personified by the Liberty Leaguers, who have endorsed both Landon and Knox has no appeal to the voters.

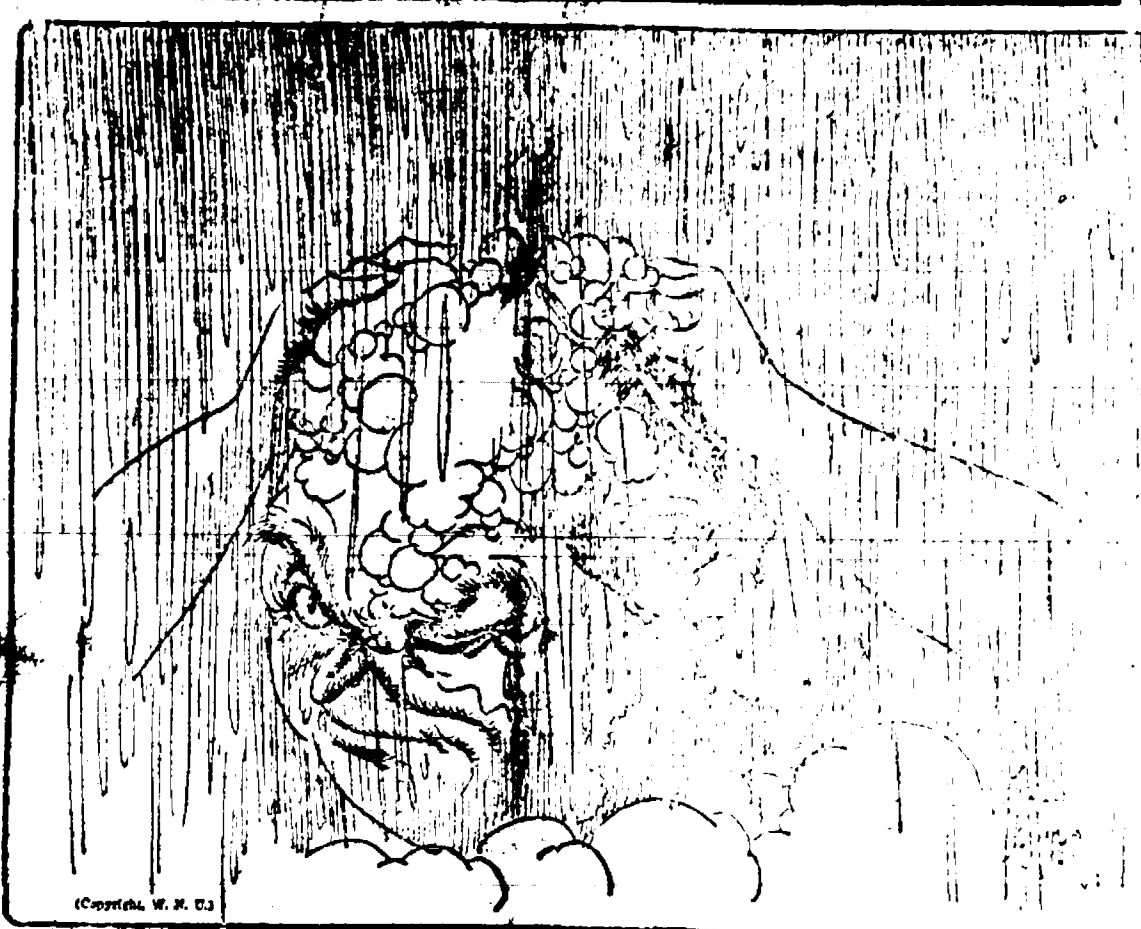

## SOFT BALL LEAGUE OPENS

Despite unfavorable weather, the Pinckney soft ball league opened on Monday night. The Clark team proved to have too many guns for the Dillon team and won 15 to 9. Swarthout, pitching for Clark's team, was ahead 15 to 3 up to the 7th inning when he ceased up and the Dillons scored 6 runs. Home runs were numerous. Roy Reason and Paul Singer each hit two; Edil Myers and Don Swarthout, one each. Batteries: Clark-Swarthout and Blaricum-Dillon; Meyer and Myers.

## IS KILLED BY BROKEN

BUZZ SAW  
Joseph DeComillo, 45, of near Wilford, was killed Sunday when a buzz saw, being used to saw wood at the home of Joe Colombo broke. A piece of the saw nearly decapitated DeComillo, who is survived by a wife and seven children. The second Milford person killed by the breaking of a buzz saw. The other, a woman, died March 2.

## Dexter Has School Fight on Officials

Department of Public Instruction  
Qualifies Several Members of  
Dexter School Board

For some time it was rumored that trouble was brewing in Dexter in regard to public school matters. Finally in response to a petition signed by Dr. M. K. Guinan and 28 taxpayers, the department of public instruction sent Deputy Superintendent of Public Instruction Lee Thurston there to conduct an investigation into the eligibility of certain members of the school, policies and the matter of board members selling supplies to the school, allowing unbonded officers to handle money, allowing board members to hold other offices, etc.

Six points in all were presented. Mr. Thurston held his meeting Thursday and three members of the board were disqualified. Dr. M. K. Guinan himself, because he had failed to file an acceptance of office with the secretary of the board as required by law. Clarence Alley, treasurer, because he was also township clerk. George Francisco, the secretary, had resigned two weeks ago. He was succeeded by Ira Ott, who also resigned at the request of the Michigan Central railroad, by whom he is employed as agent. Stanley Vaughn was appointed to succeed him. He is not bonded and will not be permitted to handle school funds.

The allegation that Carl Bates, Dr. Wylie, Stanley Vaughn and Dr. Guinan were stockholders in the Dexter Co-operative Co., and sold coal to the school, was dismissed. Mr. Thurston ruled that this law involving sale of material to schools only meant direct sales.

In regard to Supt. Van Aken, acting as an agent for a book firm, it was found he only did this during vacation.

In regard to the gift of a pen and ink set by a book firm to the Supt., it was found that this was placed in the library for school use.

The board was ordered to anticipate the school's needs and confirm purchases so that this duty would not devolve on the superintendent.

The trouble seems to have been caused by the difference of opinion regarding the new addition. The original plans contained a new gymnasium. The bids on the work were greater than the appropriation. Then the gymnasium was omitted. This caused much criticism and so another election is called for there Thursday to vote on a \$27,000 gymnasium. The federal government is to furnish \$10,000 and the district \$17,000. If this carries, the total cost of the Dexter school addition will be over \$92,000.

## ROOSEVELT CLUB BANQUET

## WILL BUILD NEW

OFFICE BUILDING  
Work started Monday on wrecking the old office building of Dr. C. L. Sigler, which was damaged by fire a month or so ago. The Lavey Bros., Adrian and Leo, are doing the work. Dr. Sigler has received permission of the village to close the street east of the sanitarium and will build a new office on the east side of the sanitarium. This will put both office and sanitarium in the same building. The old office building was an old land mark and has been used by both Dr. Sigler and his father, the late Dr. H. F. Sigler for the past 40 years or more as an office.

## DID NOT ENDORSE BRUCKER

FOR SENATOR  
In our account of the Republican county convention last week, we stated that Senator Brucker was endorsed by the United States senator. We received the information from reliable sources, but it seems that they were mistaken. We are informed by members of the county committee and others who were at the convention that although such a resolution was passed, the endorsement of Senator Brucker was not made. The nomination of United States senator, R. Brucker was a matter of the light of day.

## DEMOCRAT COUNTY CONVENTION

The Democrat county convention will be held at the courthouse in Howell, Saturday at 2:00 p. m. for the purpose of choosing delegates to the state convention. Putnam delegates are: M. J. Hoisel, M. E. Darrow, Leo Lavey, N. O. Frye, P. W. Curlett.

## MUST EARN THEIR FREE MEALS

Pinckney, in common with other municipalities, gives tramps and gentlemen of the highways a free meal and night's lodging when requested. This amounted to considerable this winter and it was not uncommon to house four or five of these gentlemen in one night. The coming of spring failed to abate these floaters.  
Our worthy president bought two large lawn brooms and loaned them in front of his store. Monday two tramps showed up and requested a free feed. Mr. Kennedy handed them the brooms and said it would be necessary for them to work an hour cleaning the pavement first. They camped and since then hoboes have been getting scarcer and scarcer, so much so that it was necessary to hire two men to sweep the pavement, which is over a mile long. This remedy is not patented and other villages have Pinckney's permission to use it.

## MRS. JAMES MARTIN

Mrs. James Martin, wife of James Martin, local Grand Trunk railroad agent, died at her home this morning after a long illness. Surviving are her husband, a daughter, Mrs. Robert Walker and six sons. The funeral will be held from St. Mary's church at Pinckney on Saturday morning.

W. C. Miller was in Howell on business Tuesday.

## Current Comment

"To Be or Not To Be" as regards the state tax sale scheduled for May 6, seems to have been definitely settled by the state supreme court, junking the whole thing on the grounds that the provisions of the constitution were violated by not publishing the descriptions or notifying the owners. In this, the supreme court followed the decisions previously rendered by several circuit judges. The next legislature is expected to grant relief to the property owners or extend the moratorium. This threat of a tax sale has, however, been the cause of collecting considerable amount in delinquent taxes. The "big kick" against the tax sale came from the large centers of population. There the demands that vacant subdivisions be re-sold as farm lands.

The action of Ex-Gov. Brucker in seeking endorsement at the 78 k. publican county conventions held last week, has provoked much comment. Undoubtedly his entrance into the senatorial race was forced at this time by Gov. Fitzgerald's endorsement of Senator Couzens. Now, however, the governor states he is neutral. It is expected that Brucker will seek further endorsement at the state convention at Detroit on April 24, and this promises to be a hot fight as Senator Couzens is strong in Wayne county. Incidentally in the 78 counties where Brucker asked endorsement only ten granted his request.

Senator Vandenberg, in a recent statement to the press, attacked the FWA federal work program for those on relief and stated that it should be abolished with the exception of long range projects, such as rivers and harbors. Avoid relief, post-offices, etc. He advocated giving the relief money to the states and allowing them to distribute it as a direct cost. Asked about appropriating funds for building public schools, he stated that he was opposed to it and that schools were a local responsibility. We do not follow the senator there. To our mind, schools are as important as rivers, harbors or post-offices, and the recent federal appropriation for school buildings have made modern schools possible in Pinckney, Dexter, Manchester and many other places which otherwise would not have been possible without a great hardship on the people.

Democrats are much pleased with the Illinois primary last week as the vote given President Roosevelt topped all others and totalled nearly a million. This, despite the fact that he was unopposed. In Chicago the Democrats cast 806,000 votes and the Republicans 300,000. The Democrats had the advantage of a red hot fight for governor while little interest was shown in the Republican contest, the nomination going to Wayland Brooks, who is only 37 years old.

The state police claim to have worked out a blockade by which in the space of a short time, they block every highway in the state. The new blockade system calls for a close cooperation of all of the state's law enforcing agencies. They would so blockade an inspected section that the bandits ultimately would be run into a trap, there to surrender or fight it out police, armed with side arms, high-powered rifles, shotguns, and gas bombs and in some instances, sub-machine guns. This may be all right at the present time, but there was never a system but that someone could beat it. Even the makers have to keep continually making new models.

Ionia county board of supervisors at its recent meeting, passed a resolution asking that part of the sales tax revenue be returned to the county to make up the deficit caused by the adoption of the 15 mill property tax amendment. This is an issue which will loom stronger in the years to come.

Republicans of Charlevoix county did not content themselves with the mere tabling of the resolution, asking the endorsement of Ex-Gov. Brucker for United States Senator. They adopted one endorsing Senator James Couzens for re-election.

Most of the Republican papers gave enthusiastic endorsement to Wilbur Brucker for United States senator with glowing eulogies of his career. One part of this they ignored, however. His father, Ferdinand Brucker was a Democrat congressman from Saginaw, being relegated to private life by Joe Fordney. Wilbur, himself, started out as a Democrat and was nominated for circuit court commissioner on that ticket about 1926. He was defeated. Soon after he was offered an appointment as assistant attorney general by Gov. Green and thereupon became a Republican. So it can be seen that his Republicanism is of comparatively recent date.

## BOARD OF COMMERCE MEETING

There will be a Pinckney Board of Commerce meeting on Monday night, April 27.

## Are some SEEDS more intelligent than others?

Maybe you think it impossible to breed vegetable and flower seeds that know how to grow. Well, it isn't! For that's exactly what The Ferry-Morse Seed Breeding Institute is doing at its stations in Rochester, Mich., and Salinas, California.

Cucumbers eight inches long—no more, no less; solid red beets; carrots that are practically coreless; rust-resistant snapdragons. Just a few of our achievements!

Year-in, year-out, new strains, adapted to varying soil and climate conditions, are being developed... existing quality is being improved and protected. After thorough tests for germination and purity, progeny of the foundation stocks is offered for planting in your garden. You'll find them listed in your free copy of our Home Garden Catalog.

Look for the Ferry display in your local stores. Watch the radio programs for our helpful garden talks over Station WJR. Ferry-Morse Seed Co., Detroit and San Francisco.

## "Hunger Marchers" Parade in the Capital

ABOUT six hundred men and women, members of the recently organized Unemployed Workers' Alliance, staged a big parade of "hunger marchers" in Washington, shouting demands, singing and waving banners. They sought to present a petition to President Roosevelt in the White House but the best they could do was to obtain an audience from Secretary Marvin McIntyre for a delegation headed by David Lasser, president of the alliance.

Vice Pres. Garner

Lasser declared after spending 30 minutes with the President's secretary: "Mr. McIntyre gave us a lot of nice words, but nothing substantial. If nothing is done to give these people jobs there will be a hunger march on Washington next summer in which hundreds of thousands will take part. We are tired of Mr. Roosevelt's promissory notes."

Lasser and his delegation also called on Vice President Garner at the Capitol and got even less satisfaction from him.

"The jobless feel that we have been sold out by the Democratic party," Lasser declared.

"I resent that," snapped the Vice President, reddening. "I have been in politics for 40 years and I don't think anybody has ever been sold out by the party."

The marchers carried banners and placards with such inscriptions as: "Give the bankers more relief; we want jobs!" "Slaves will not be killed." "We demand employment insurance." "Pass the Marcantonio bill," this being a 6 billion-dollar relief bill introduced by the New York city representative.

## Labor Says Industry Is Arming for Conflict

BEFORE the senate subcommittee on labor appeared spokesmen for organized labor with charges that there is a great movement of machine guns, tear gas and police clubs into industrial centers for use in contending with strikes and attendant disorders. The first witness to tell the story of the arming of industrial plants for conflicts with labor was J. P. Harris, a steel worker from Portsmouth, Ohio. In support of his assertions came a mass of data compiled by the senate munitions investigating committee and presented at the hearing by Heber Blankenhorn, an employee of the national labor relations board.

At one point Harris testified that he knew the Wheeling Steel corporation at Portsmouth was "arming," a statement that brought from corporation officials at Portsmouth an assertion that company police were armed to protect property against "thieves and druggists, and they will continue to be armed."

At another point in the hearing three was testimony that general "rumors" were being circulated that the Ford Motor company was "shot through" with spies, hired to report on the activities of labor.

## Maryland Young Democrats Hear Mr. Roosevelt

PRESIDENT ROOSEVELT, accompanied by Mrs. Roosevelt, attended Easter services at St. Thomas Episcopal church, after the First Lady had witnessed the Knights Templar sunrise service at the Arlington amphitheater. Next day the President went to Baltimore where he addressed the Maryland Young Democratic clubs. Mr. Roosevelt accepted an invitation to speak before the annual convention of the Daughters of the American Revolution which opens in Washington April 20. He also will deliver an address on April 25 at the Jefferson banquet of the National Democratic club in New York city.

## Death of James M. Beck Is Loss to Nation

SUDDEN death, due to a coronary thrombosis, came to James M. Beck at his residence in Washington, and all informed Americans mourn the demise of this public spirited citizen and eminent authority on constitutional law. Though he was a sturdy and conscientious opponent of the present national administration, leading officials in Washington united with the Republicans in declaring that in his death the nation had sustained a great loss.

J. M. Beck

Mr. Beck was not only one of the foremost lawyers of America but for more than three decades was a public man of distinction, holding numerous offices at Washington, and an influential place in the councils of the Republican party. Born in Philadelphia in 1861, he first held office as United States attorney for the eastern district

of Pennsylvania, as a Democrat. He left that party on the silver issue and was made an assistant attorney general by President McKinley. In 1921 Mr. Harding appointed him solicitor general, an office which he filled with distinction. He then served three terms in congress, where he was one of the best debaters, and retired in 1934 because he thought congress had become a "rubber stamp." Since then he had been prominent in the legal attacks on various phases of the New Deal.

Richard Yates, former governor of Illinois and former congressman, died in Springfield at the age of seventy-five years. The son of the Civil war governor of the state, Mr. Yates was for many years a picturesque figure in Illinois politics and an influential member of the Republican party.

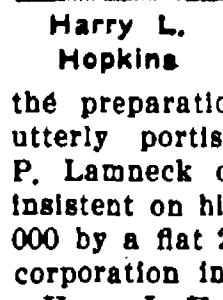

## League of American Nations Proposed

IN THEIR formal acceptances of the invitations of the United States government to the forthcoming inter-American peace conference, three of the Latin American nations have proposed that a league of American nations be formed to preserve peace in the western hemisphere. The suggestion comes from Presidents Alfonso Lopez of Colombia, Jorge Ubeo of Guatemala and Rafael Trujillo of the Dominican Republic. They believe the proposed league would be not only a means of preventing war in the New World but also would be an effective adjunct to organizations working to preserve peace in all the world.

## Congressmen Working on Taxes and Relief

CONGRESS settled down to earnest work that would clear the way for early adjournment, the two chief matters under consideration being taxes and relief.

Democratic members of the house ways and means committee worked in executive session to draw up the new revenue measure which they expect will yield about \$799,000,000 in additional taxes during the next year. The minority members stayed away, scornfully asserting their presence was useless because the preparation of the measure was utterly partisan. Representative A. P. Lambeck of Ohio, Democrat, was insistent on his plan to raise \$500,000,000 by a flat 20 to 22 per cent tax on corporation income.

Harry L. Hopkins

Harry L. Hopkins, head of the WPA, appeared before a subcommittee of the house appropriations committee, also in executive session, to urge compliance with President Roosevelt's request for an additional billion and a half to finance relief in the 1937 fiscal year. Various committee members at once demanded that Mr. Hopkins tell what had been done with the \$4,900,000,000 granted last year.

The committee extracted from Mr. Hopkins a reluctant promise that relief funds will not be spent hereafter on projects not approved by congress, these including especially the Florida ship canal and the Passamaquoddy tidal power experiment.

## Hagood Given Command of Chicago Area

FOLLOWING a conference with Maj. Gen. Johnson Hagood, who was removed from command of the Eighth corps area for criticizing WPA methods, President Roosevelt took the soldier back into his good graces and appointed him to the command of the Sixth corps area with headquarters in Chicago. He will replace Maj. Gen. Frank McCoy and the assignment takes effect May 2. General McCoy is transferred to the Second corps area at New York to succeed Maj. Gen. Dennis E. Nolan, who is retiring.

## Calles Is Expelled by Mexican Government

PLUTARCO ELIAS CALLES, former president of Mexico and for long the most powerful figure in that republic, was forcibly exiled to the United States, together with three other once prominent citizens, by the Mexican government, which declared their presence there was dangerous to the welfare of the country.

Summarily ousted with Calles, who for 11 years ruled Mexico with an iron hand, were Luis Morones, former minister of labor and leader of the regional confederation of workers and peasants; Luis de Leon, former minister of the interior and agriculture; and Rafael Melchor Ortega, former governor of Guanajuato.

The four men were, by order of President Cardenas, placed aboard a plane at Mexico City and taken across the border to Brownsville, Texas. From there they took another plane to California.

Leftists charged that Calles and his associates were fomenting agitation against the Cardenas administration. This Calles denied, adding: "A state of anarchy exists in Mexico and communism is spreading with government help."

## MICHIGAN NEWS BRIEFS

Sandusky—Thirteen men have been assigned to barberry eradication in Sanilac County by the United States Department of Agriculture.

Port Huron—The St. Clair County Road Commission and Marysville have bought the old Rapid Railway right-of-way between the parallel highways, M-29 and Electric avenue, and the State will spend \$27,000 to landscape the land.

Lapeer—Lapeer County voters have decided to accept the Dryden Community Club property as a gift from Mrs. Mary Squier Parker, sister of the late Gen. George C. Squier. The property consists of 80 acres containing a forest of native trees, a clubhouse and an old mill and a mill pond. It is valued at \$60,000.

Bad Axe—Work will be started soon on a two-story \$40,000 building which will replace the Huron County Infirmary, built 60 years ago. A three-tenths of a mill tax levy, which will produce \$8,000 annually for five years, was voted by the county. Funds in the county treasury will be used for the building and will be replaced as the special levy is collected.

Lansing—State Highway Commissioner Murray D. Van Wagoner refused the request of numerous truckers that he lift spring loading restrictions on highways. The order to reduce truck loads because of softened road beds is effective generally over the state. Van Wagoner said soundings taken in Monroe County showed 1.5 feet of soil under pavements, with frost beneath.

Lansing—Teachers and principals of Michigan schools have been asked by the department of agriculture, to find how many students want free tickets this year to the Michigan State Fair at Detroit and the Upper Peninsula State Fair at Escanaba. The offer extends to about 1,200,000 children in public and parochial schools. The State Fair will be Sept. 4 to 13.

Lansing—A fifth investigation into an alleged \$8,000 embezzlement of Michigan State College funds was revealed recently. John A. Hannah, college secretary, and Gordon E. Tappan, assistant attorney-general, said the State Board of Agriculture seeks "once and for all" to clear up the case and end rumors that are revived periodically. Hannah said the reported shortage developed between 1928 and 1932.

Traverse City—Airport managers will meet with Federal, State, county and city officials at the Michigan Airport Conference, to be held at Traverse City May 28 and 29. The meeting is sponsored by the State Department of Aeronautics. Problems of construction, maintenance, financing and future development of airports and landing fields will be discussed. This will be the first such conference held in Michigan.

Charlevoix—Clayton Brown, Charlevoix fisherman who crawled across seven miles of windrowed ice to reach shore last February after drifting with two companions in Lake Michigan for 48 hours in an open boat, has lost both of his feet by amputation. Surgeons amputated his left foot March 27 and took the right one April 7. Both were frozen during Brown's struggle over the ice to the shore at Goodhart.

Muskegon—Plans for a \$6,000,000 system of oil barges and 360-mile pipeline to supply half a dozen Michigan independent refineries with crude from Louisiana and East Texas fields were revealed here by John Borden, president of the Old Dutch Refining Co., one of the group. Crude would be transported up the Mississippi and Ohio Rivers by barge to a point 100 miles south of Cincinnati and thence to Michigan refineries through a 360-mile pipeline.

Lansing—Funds for 410 airport and airway projects, to employ approximately 50,000 men, have been released by State WPA administrators, according to a tabulation published recently by the Washington headquarters. A total of 410 projects involve an expenditure of \$21,090,965, of which more than \$3,000,000 is contributed by local sponsors and the remaining amount supplied by the WPA. Twenty-five of the projects already have been completed.

East Lansing—Michigan State College has arranged to handle more than 2,000 student farmers at the annual two-day school of instruction for "The Future Farmers of America," May 7 and 8. The youths, students in vocational and agricultural high schools in the State, also will compete for State championship in livestock, dairy, crops and poultry judging. The winners will advance to the National contests at the Kansas City Royal Livestock Show next Fall.

Ann Arbor—A report outlining a student housing situation which is steadily growing worse and asking that efforts be made to obtain up to \$2,000,000 for dormitory construction has been turned over to the Board of Regents of the University of Michigan by Dean of Students J. A. Burnley, it is announced. Heavy enrollment, coupled with decrease in the number of student rooming houses—partly because of the raising of such houses and building deterioration—is depriving students of desired cultural background.

## Printed Trimmings of Silk Used on Elegant Daytime Frocks of One Color

Pattern No. 1851-B

The smartest of the new dresses are those in a single color with flashes of printed silk to trim them. This design is one of the best, made of blue cloxy silk and trimmed with a print in red and blue on a white ground. The front of the bodice has a row of buttons extending to the neckline and a collar of the printed silk. A slender, pannelled skirt is split up the front to show a printed strip that is attached underneath. Three-quarter

## Prehistoric Bones Found in Southern California

Bits of bone have furnished scientists with evidence that man may have roamed southern California in the glacial epoch—nearly 25,000 years ago. Prehistoric remains of an imperial elephant, largest of all land mammals, and what appeared to be a human being were unearthed by WPA workers, digging 12 feet below the surface of the Slauson avenue drain, Los Angeles. In a closely assembled group were fragments of tusks, two teeth, and parts of a large vertebra. Near by were smaller bones, including a skull.

DISPATCH OF APRIL 22, 1886

The photographer's car will move to Cohoctah tomorrow.  
Gussie Markey is employed in the jewelry store of Eugene Campbell.  
The East End Grocery firm now reads: L. W. Richards and Co.  
Chester Burgess has moved onto the Larue farm with Eugene Dunning.

Sykes and Son are now building a new jump-seat buggy that beats anything of its kind.  
Chas. Mosher will deliver a temperance lecture here on May 11.  
Dr. H. F. Sigler, assisted by Dr. LeBaron of Pontiac, performed an operation on a five-months old child for hare lip Friday. It was successful.

Mr. Clafflin of the Michigan Hedge Fence Company is in town. He has 45 miles of hedge fences to set out in this county.

Murphy Bros. have sold the livery barn to L. Graham of Webberville.  
Thos. Read has an advertisement in this issue to buy wool.

Mrs. Mary Wheeler, 74, died at her home here Saturday. Her husband, Paskel Wheeler, died 27 years ago. Funeral and burial was Monday, with Rev. Marshall officiating.

At the John Stoddard farm Monday, Willie Wallace pointed a gun at seven-year-old Emma Page and pulled the trigger. The charges of fine shot struck the girl in the groin.

Dr. H. F. Sigler, the attending physician, says the girl will recover. A recent horning bee was the cause of Mr. Stoddard having the gun loaded.

The proposition to bend the school district for \$6,000 was defeated at the school meeting last night by a vote of 46 to 24. The cause for the defeat was that these present were unable to agree on a site for the proposed school.

A committee of three, composed of W. P. VanWinkle, F. A. Sigler and E. P. Mann were appointed to find out the cost of the balance of the land in the block occupied by the school and report back at another meeting.

Whitmore Lake has a sensational breach of promise suit. It seems a widower courted and won a girl. Then he jilted her for her wealthier sister. The first girl took poison but was saved by the doctor. Now she seeks \$1,000 damages.

The editor, in company with Dr. Hoag, attended the 67th anniversary celebration of the Odd Fellows on Monday night. Those on the program were W. W. Waite, P. N. G. Prof. Kellogg and L. D. Lovewell of South Lyon.

Pinckney high school won their baseball game from Dexter 7 to 2 last week. Dexter was unable to do anything with Dunning's curves, while Kittleton, the Dexter southpaw, was wild and was relieved by Stebbins in the 5th inning. Batteries:

Pinckney: Dunning and Moran; Dexter: Kittleton, Stebbins and Easton. The lineup was as follows:

Pinckney: Darrow, 1b; Monks, 2b; Swarthout, 3b; Clark, ss; Hendee, rf; Moran, cf; Kennedy, lf; Moran, c; Dunning, p.  
Dexter: Arksey, Cunningham; Stebbins; Myers; Bannmiller; Smith; French; Easton; Kittleton.

Some time ago the Portage Lake drain was knocked out in a contest in probate court and the costs assessed against the petitioners. This amounted to \$1,066. They refused to pay and suit was started against them. Shields and Shields and Glenn Mack represented the plaintiffs and R. D. Roche and Louis Howlett, the defendants. The former were given a verdict of \$546.55.

## Hamburg

Mrs. Louisa B. Hull, 77, widow of Charles Edgar Hull, died at her late home in Ann Arbor, Sunday, April 12, after a lingering illness.

She was born in Hamburg, August 15, 1858, the daughter of Horace K. and Elizabeth Sheffield Bishop. She had lived in Hamburg until 10 years ago when she moved to Ann Arbor. She was the mother of one son, Clarence, who died of influenza at Camp Custer during the World War. She was a Gold Star mother.

She is survived by one brother, George S. Bishop of Haven, Kansas; and three nieces.

Funeral services were held at the residence Thursday morning with Rev. L. LaVerne Finch of the First Methodist church of Ann Arbor officiating. Burial was in Forest Hill cemetery, Ann Arbor.

The high school room at Hamburg village was filled at the special school meeting held there Friday evening.

A representative from the office of the state superintendent of Public Instruction at Lansing was present and gave a talk relative to the proposition of sending all school children above the sixth grade to some town or city school. A vote on the question was almost unanimous against it; only three voting in favor of it.

Mrs. Harvey Stofflet was hostess at the regular meeting of the Hamburg Circle of King's Daughters held at her home at Kings Lake, Tuesday.

A most delectable Bohemian dinner was served at 1:00 o'clock. The business meeting was in charge of the president, Mrs. Charles Wehner. A resolution from the county board was read relative to the election of county officers one in two years and no officer to serve but one term. 500 seals for crippled children were sold; more could have been sold had they been there. Each one buying seals was given a numbered ticket for each five seals purchased. The prize was drawn by Miss Jule Adele Ball.

Mrs. John Lukasik was admitted to the order, the admission service being read by Mrs. Wehner. Announcement was made of the county convention to be held May 27 at Winans' Lake Club House, with the Lakeland circle as hostess. Committees for the convention were appointed as follows: Reception, Mrs. Charles Lewis, Mrs. James Jure, Mrs. Harry A. Lee and Mrs. E. Clyde Dunning; Registration, Miss Viola Pettys and Mrs. Bert Hocker; Nominating, Mrs. Henry M. Quaal and Mrs. Mildred Whitlock; Dinner Tickets, Mrs. Smith Martin and Mrs. Lester Metzgar. It was voted to give \$5.00 to the Red Cross. Miss Jule Adele Ball read "Easter Messages," and "God Bless You." The next meeting will be held at the home of Mrs. Mildred Whitlock, Tuesday, May 12, with pot-luck dinner. Two or three stunts were enjoyed. Guests were Miss Georgia Bambulis of Detroit, Mrs. Josie Williams of Mason, Miss Minnie Parker of Ypsilanti and Mrs. Frank Sisler.

Mrs. Charles Bambulis and two children, Miss Georgia and Charles Jr., of Detroit, spent last week with Mrs. Bambulis' parents, Mr. and Mrs. Charles Wehner.

Mr. and Mrs. Frank Sisler have moved into the Rice residence near Silver Lake.

## LARGE FAMILY

"We have eight in our family and always prepare big dinners. Since we bought our Dutch Oven Susan\* it has been a tremendous help. Often we cook the whole meal in this compact appliance, instead of using the big stove every day as we used to. And all of us are enthusiastic about electric cooking—it is simply delicious!" (\$9.95 up, at hardware stores, furniture and department stores, other electrical appliance dealers and Detroit Edison offices.)

### MICHIGAN STATE COLLEGE SHORTS

OFFER MORE USES FOR MAPLE SYRUP

Eighty-eight premiums and prizes will be awarded at the ninth annual Michigan Baby Chick Show opening Monday, May 18 at Demonstration Hall, Michigan State College, East Lansing. The show, one of the outstanding mid-western chick exhibits, will close Friday afternoon with the annual sale. J. M. Moore, poultry husbandry department, is in charge. Last year 5500 chicks were entered, many of them coming from out of state. Prize lists and entry blanks can be obtained by writing to Mr. Moore.

Four new bulletins of immediate interest have come off the presses for the Bulletin Department, Michigan State College, East Lansing, and are available to Michigan farmers. They include "Alfalfa in Michigan," circular bulletin 154, in the writing of which 11 department collaborators; "Fertilizer Recommendations for 1936," extension bulletin 159, written by four members of the soils department; "Timely Tomato Topics," extension bulletin 158, put out in brief form by the horticulture department, and "Tomato Growing in Michigan," extension bulletin 156, written by H. L. Seaton, instructor in vegetable gardening.

### NEED LITTLE CASH TO PLANT GARDEN

College Vegetable Specialist Says Eight Dollars Will Buy Seed, Plants for Half Acre.

Eight to nine dollars will plant that half acre farm garden with sufficient seed and plants to have a variety of 20 to 30 different kinds of produce sufficient for year's vegetable supply for the average family, says H. L. Seaton, instructor in vegetable gardening at Michigan State College, East Lansing. Depending upon location in the state, the first planting should be in the ground within the next two weeks if the ground can be worked. The early maturing vegetables should also have some more permanent companions started now, including strawberries, rhubarb and asparagus, according to Mr. Seaton. "An ideal half acre family vegetable plot should be planned to include at least 20 to 30 kinds," says Mr. Seaton. "There should be room for 75 to 100 tomato plants, 20 to 25 early cabbage plants, 100 asparagus, 15 to 20 rhubarb, 250 to 300 strawberry plants, one ounce each of lettuce seed, onions, beets, chard and one-half pound of beans and sweet corn, one fourth pound of squash and pumpkin and two ounces of cucumber and melon seed."

First plants in the next two weeks should be followed by second period plantings April 25 to May 10 and third plantings from May 5 to May 20.

The horticultural department has made a special study of family garden needs and has drawn plans for different sizes and kinds of gardens. Plans may be obtained by writing Mr. Seaton. He broadcasts at 1 p. m. each Thursday over WJLB, Michigan State College of Agriculture.

There's no argument that pancakes and maple syrup make a combination that is practically unbeatable for starting out a day in a sweet frame of mind, but sugar bush operators in Michigan and home economics specialists at Michigan State College believe that the use of maple syrup can be made a year 'round practice in households that like maple flavor. Confections, ice cream, puddings and sauces are natural spots in which to use maple sugar or maple syrup for flavor, with perhaps some nutrients for variety.

Out in the state some of the oldest sugar bush lots have seen a decreasing usage each spring because farmers realize that unless they sell their syrup and sugar while cold mornings and hot griddle cakes are in fashion they will have little or no market for their maple products until another fall and winter roll around on the calendar.

One dessert recipe that sounds good even on paper, is called "Maple Dreams." Cut stale bread in slices one fourth inch thick. Remove the crust, butter half of the slices and add a thin layer of chopped dates spread evenly over each slice. Butter the remaining slices, and place them on top of those spread with dates, pressing lightly together to form sandwiches. Dip each sandwich in a mixture of one egg slightly beaten with one cup of milk, and brown in a little butter. Serve with maple sauce.

Another simple but palate tickling dessert is a maple-flavored rice pudding. Combine two and one-half cups of boiled rice and two and one-half cups of milk. Beat three eggs and one cup of maple syrup together, add them to the rice and milk, and add one-half teaspoon of salt, one-half teaspoon of nutmeg and one cup of raisins. Pour the mixture into a buttered pudding dish, place the dish in a pan of hot water, and bake at about 350 degrees Fahrenheit in the oven; or cook the mixture in the top of a double-boiler.

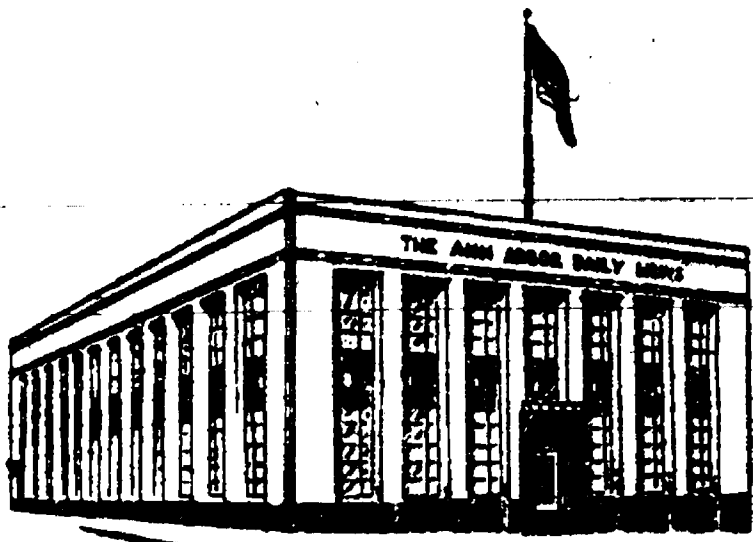

### NO 8th GRADE EXAMINATIONS

There will be no call for seventh and eighth grade examinations of rural school pupils this year. A state law has made changes in the former custom, so that such examinations are not now required. A certificate of the rural school teacher and any pupil in her school has successfully passed the eighth grade will entitle the pupil to admission into a high school.

### SPECIAL CONSERVATION OFFICERS

The Department of Conservation is unable to enlarge its "officer-to-a-county" set-up in lower Michigan due to budget limitations, but there is nothing to prevent local authorities from creating special deputies to assist the Conservation Officer.

This is now being done in Van Buren county where a force of approximately two-dozen sheriff deputies has been created to help suppress violations of the fish and game laws.

"This move is entirely local initiative and indicates an increasing interest in Conservation law enforcement," said H. R. Sayre, chief of enforcement for the state conservation laws.

"The Department of Conservation has had nothing whatever to do with the creation of special deputies; even does not supply them with Conservation commissions, since the sheriff and his deputies have authority to enforce the fish and game laws as well as the Conservation Officer."

"As a matter of fact the Department has a policy against the issuance of special commissions to private individuals and in view of that, its only authorized enforcement agents are the uniformed Conservation officers. But any co-operation of county sheriff's departments is welcomed and likely to be appreciated by local sportsmen."

### PUBLISHER CHOSEN TO SUCCEED VAUGHN

James B. Haskins, for 30 years publisher of a Howard City weekly newspaper, has been named director of the Building and Loan division, Department of State, by Orrville E. Atwood, Secretary of State, to succeed the late Coleman C. Vaughn. Grant H. Longenecker, Benton Harbor man prominent in the building and loan field, has been named as deputy of the division.

Mrs. Clayton Carpenter, Mr. and Mrs. Orrville Nash were in Lansing, Thursday.

### CIVIL SERVICE FOR PRISONS

Gov. Fitzgerald has announced that all persons employed in the state prisons of this state will be submitted to physical and mental examinations at once and all those unfit will be dismissed. A recent survey has disclosed, it is alleged, that many unfit persons, both physically and mentally are employed there.

For years prison employment has been one of the chief sources of political patronage. When one Republican administration succeeded another or occasionally the Democrats got into power, it was the signal for wholesale dismissals of prison employees and filling their places with the faithful who had helped the new administration into power. This happened when Gov. Comstock was elected and again when Gov. Fitzgerald assumed office. Now we are given to understand that all this will be changed and merit and efficiency and not "political pull" will be necessary to land jobs at the prison. Well, we shall see what we shall see.

On our part, we don't believe a political party can function without patronage any more than automobile can run without gasoline.

### STATE'S GAS TAX BELOW U. S. AVERAGE

Michigan's tax of three cents a gallon levied on motor fuel is below the average for the nation, according to a survey just made by the Standard Statistics Company of New York City. State taxes range from two cents a gallon in the District of Columbia, Missouri and Rhode Island, to seven cents in Florida and Tennessee. Every state in the union has levied a gasoline tax since 1929. In that year Massachusetts and New York joined the other 46 states in this form of taxation for the building and maintaining of highways used by owners of the motor vehicles which use the highways.

den to you—and the total cost accumulated in the course of a year, amounts to a substantial sum.

How do you pay for fire? Well, for one thing, you pay for it is the cost of maintaining a fire department, alarm and water facilities, etc. The money for that comes out of the taxes you contribute to the public treasury.

Then you pay for fire in higher insurance rates—over a period of years, any community's rate is predicated upon the fire loss sustained.

You pay for fire in higher taxes. If a home or factory is burned, property is removed from the tax rolls. All other property in the community must make up the loss.

You pay for fire in destroyed business. A family loses its home, and perhaps moves away from town. An industry burns, and men are thrown out of work, their purchasing power brought suddenly down to zero. Everyone feels the effects—the grocer, the dry-goods merchant, the insurance salesman, the laborer.

Remember this, and perhaps you won't think it's so much fun to watch the fire engine roar by. Do your part to prevent fire, keep the engine in the fire house, and the result will be more dollars in your pocket.

### TAKING THE FUN OUT OF FIRE

Next time you see a fire engine go by, dig down into your change pocket and get out a few cents. For the fire to which the engine is going, though it may be in a home you have never seen, or a place to which the engine is going, though it may be in a home you have never seen, or a place of business you didn't know existed, is going to cost you something. Every fire is a financial burden.

### HOW MUCH OUGHT A HUSBAND OR WIFE FORGIVE?

An article in The American Weekly, with next Sunday's Detroit Times discusses the case of a man who, after having been married for 10 years, was found to have been married to another woman until she killed one of her lovers—and tells of the woman who, tired of forgiving her husband, divorced him.

### SOIL CONSERVATION

The soil conservation act is a problem of major discussion nowadays. During the past few weeks we have been so busy answering questions pertaining to the program that we have neglected some of our publicity work.

I believe that the majority of farmers in Livingston County will be able to qualify under this act. In previous programs if a person had not raised corn, hogs, wheat or sugar beets he was definitely out of the picture. This program does not apply to any one crop, but covers the entire farming practice.

Another major difference lies in the fact that there is no contract to be signed which sets forth the things that a farmer must do. The payments are made on performance of farming practice in 1936. This check up is to be made in August or September. The check on 1935 crops will be made as soon as possible by one of your local committeemen.

### Chubb's Corners

Mrs. C. Kingsley has been on the sick list the past week.

Mr. Louis Wagner is working in Detroit.

Mr. Roy Smollett of Brighton called on C. Kingsley, Buddie and Tommie have the scarlet fever.

James Langley, who has been spending a few weeks in Detroit, is back at the Mark Allison home.

Mr. and Mrs. H. E. Paulus of Toledo, are visiting their daughter, Mrs. M. J. Hoisel and Mr. Hoisel.

Andrew Campbell visited his father at Pinckney, Sunday. Mr. Campbell has just returned from Florida.

Mr. and Mrs. L. J. Henry of Pinckney called on Mr. and Mrs. Andrew Campbell, Monday evening.

Mr. and Mrs. J. M. Brigham of Grass Lake spent the week end at the Thomas Mosher home and called on old neighbors.

Mr. and Mrs. Louis Wagner entertained for Sunday dinner. Mr. and Mrs. Mac Clarke and family of Wayne.

Mr. and Mrs. Willard Bennett and children of Jackson called on Mrs. C. Kingsley, Sunday afternoon.

Dorothy Kew and Ralph Durbin of Detroit spent Sunday at the Albert Dinkel home.

Mr. John Neighs of Detroit spent Sunday at the Robert Grainger home.

Mr. and Mrs. W. H. Meyer had as Sunday callers the Misses Dorothy Brown and Mary Hetu, Clive and Don Pemberton of Detroit. Mr. and Mrs. McClure Hinchey of Howell.

### NOTICE

The Junior King's Daughters met at Mrs. Lamb's, Monday, April 20. We decided to divide the circle into two groups; the smaller group from 8 to 12 years; the other one from 13 to 18 years inclusive. Anyone who is interested in joining, please report to Mrs. Anna Reason, Monday April 27 at 7:00.

Ruth Devereaux, Sec'y.

Judge Joseph Collins of this judicial circuit evidently did not see eye to eye with other circuit judges of the state, who refused to grant the auditor-general petition to hold a tax sale. In Shiawassee county last Wednesday he granted the auditor-general's petition to sell 4,672 pieces of property for taxes. Of course the supreme court's decision now nullifies his act.

The state liquor commission has once more yielded to pressure from the liquor dealers. A short time ago they gave Wayne county permission to keep their beer gardens open until 2:00 A. M. Other bordering counties kicked at this partiality and the bars were lifted for them. Rural counties were supposed to close their drinking places at 1:00 A. M. Now they have applied sufficient pressure and have been given permission to sell beer until 1:30 A. M.

### Philathea Notes

On Wednesday afternoon, April 15, a "musical tea" was a pleasant affair in the church parlors.

The committee No. 1, with Mrs. Mae Daller as chairhead, had charge, and besides serving dainty refreshments, the group put on an enjoyable program.

The features included a violin solo by Mrs. Millie Elliott, accompanied by Mrs. C. H. Zuse on the piano.

Miss Cicilia Fish read a poem entitled "My Guest," followed by music by the paragon trio, and a violin and piano duet by the Misses Betty Shafer and Virginia Baughn.

Mrs. Inez Zuse completed the program numbers with a clever impersonation of "The Busybody."

Plans are under way for the other committee groups, details of which will be given later, but it is expected that the quarterly Missionary program and offering will be held at the regular time, May 13, at the home of the Philathea president, Mrs. Fred Bowman.

Usual pot-luck supper.

Notice: The next Sunday school topic for April 26: "Jesus Looks at Wealth and Poverty." Luke 16: 19-31.

### TRIES TO FREE PAL

A couple of weeks ago two bandits tried to rob St. Alphonsus rectory at Dearborn, where Rev. Morgan Harris is assistant. In the gun battle, one of the bandits, Joe Scofie, was shot by police, the other got away. Scofie was taken to Ford Hospital, Detroit. There, Monday, the escaped bandit, Ted Bisaga of Hamtramack, obtained a hospital orderlies' suit and tried to free Scofie. A nurse, Esther McCurher, was knocked unconscious by him in the attempt. Bisaga escaped without freeing Scofie.

Gordon Lamb was in Detroit, Tuesday.

J. D. Appleton and wife of Brighton were Sunday afternoon callers at the home of Fred Lake.

Birkett Newkirk informs us that he expects to open up Newport Beach at Portage Lake on May 24.

The Pinckney pavement is being swept. Jesse Richardson and Lorenzo Murphy have the contract.

Friday guests of the Haze Sisters were Mrs. Bernard Smith and Mrs. Hattie Rae Mains of Dearborn.

Mr. and Mrs. D. Wegener and daughter, Phyllis, of Detroit visited his father, A. F. Wegener, Sunday.

Billie Shehan returned to his home at Ann Arbor, Sunday, after spending the past two weeks with his grandparents, Mr. and Mrs. William Shehan.

Mr. and Mrs. Hub-Lee spent the week end at their Bass Lake cottage.

Their son, Hubble, who has been spending a week there with his grandmother, returned home with them.

George M. Coggins of Grand Blanc was in town Tuesday taking a business census for the United States government.

Herman Strobel originally had Livingston county, but found it too big a job and Mr. Coggins was sent to help him.

The latter will take Unadilla, Putnam, Hamburg, Marion and Green Oak townships.

### YOUR FUTURE

Your future depends on what you do today. Today we know what financial gains we are making. With the facts before you set up a plan for that doubtful future by starting a Savings Account.

The past few years have proven to us the advisability of being prepared for the worst. Many people who had saved for the unexpected rainy day found that their Savings Account was all that kept them from starving and getting cold. Now with improved business everywhere these same people are rebuilding the reserve which saved them in the depression years.

We will be glad to plan a Savings System for you. We have "Dime Savers" for your dimes when you count your loose change at night. Also we have "Home Savings Banks" for your children or for yourselves.

## Two Ways to Do It

### FIRST—

Sometime sooner or later, a motorist will have trouble with his car—motor trouble. He'll get out his tools, spend maybe 3 or 4 evenings in fixing it; and if the car runs when all the parts are back together—he's a good mechanic.

### SECOND—

The BEST way is to bring to—
