CARD OF THANKS

I wish to thank the King's daughters for remembering me, at their meeting with that nice Mr. J. W. Conway.

(Continued from First Page)

lowed Hamburg 3 hits and Pinckney got seven off Johnson.

No scores were made until the 5th inning when the Pinckney infield blew up. Rickard fumbled Herbert's ground-er. Bennett hit to Ward. He tossed to Dilloway for a double play. Herbert was out at second but the throw to get Bennett at first was wild. Herbert took third on a passed ball by Dinkel and scored on Dewolf's hit. In the 6th Pinckney made a whole flock of errors and Hamburg got two more runs. Winkelhouse flied out. Burnstrum bunted, and was safe when Searles dropped Haines' throw. Todd hit to Dilloway but he fumbled and another chance for a double play went sloozy. Johnson hit a high bouncer over first, scoring both runners. The next two batters flied out.

Hamburg's last three runs came in the eighth inning. Winkelhouse singled, Burnstrum flied to Smith. Todd hit to Rickard who tried for a double play at second but Ward dropped his throw. Johnson singled over first, scoring Winkelhouse. Herbert singled to left scoring the two remaining runners.

Pinckney only got one runner as far as third base. In the fourth Dinkel singled, Searles flied out and Haines struck out. Smith doubled sending Dinkel to third but Nelson grounded out. Bud Dilloway twice started an inning with a hit but Ward who followed hit into a double play each time.

Bob Smith was switched from first base to left field, his old position, and featured in fielding with six putouts. This defeat puts Pinckney out of the pennant race for the first half of the Tri-County League and as she is two games behind Hamburg in the second half there is not much danger of her catching up. Hamburg's two remaining games are with Manchester and Saline. Pinckney plays Chelsea here next Sunday and Dexter the following, which is September 20.

Saline will play at Dexter next Sunday.

HOUSE TRAILER LICENSES

Increase in the use of automobile house trailers has created the necessity for two more forms of application blanks for automobile license plates and in 1937, these different forms will be distinctly colored for guidance of the public and as an aid to bookkeeping in the Department of State.

Orville E. Atwood, Secretary of State, in deciding to have the several application forms printed on colored paper, has pointed out that there is no final and accurate knowledge of the number of house trailers licensed in Michigan today. In past years, applications for house trailer license plates... an almost negligible volume... have not been segregated from those of ordinary trailers. The rates for the house trailers and passenger vehicles are the same.

Today, when plate applicants go to the state capitol or to branch offices of the Department of State, they must choose the right form from a total of nine. There are full and half year plate forms for passenger cars, commercial vehicles, ordinary trailers, house trailers and motorcycles. Clerks must watch carefully in their handling of these nine distinct kinds of applications.

To simplify the matter for all concerned, Atwood has ordered 1937 application blanks printed on different colors.

PROTECT HEALTH BY TREATING MILK

Raw Milk on Farm Can Be Pasteurized Easily to Help Avoid Milk Borne Diseases

Housewives in communities or on farms where commercially pasteurized milk is not available, among everyday kitchen utensils, among the means of effectively protecting families against possible infection caused by mastitis or other germs in milk, suggests C. S. Bryan, Michigan State College Bacteriologist.

These germs which may be responsible for septic sore throat are destroyed by pasteurizing the raw milk in an ordinary double boiler such as the ordinary housewife uses in preparing custards. The raw milk is placed in the inner container of the double boiler and the water brought to a boil. As soon as the water starts to boil, the inner container should be removed and the milk cooled immediately and placed in refrigeration to keep it sweet.

Results of a study undertaken by Michigan State College bacteriologists to determine this simple and foolproof method of home pasteurization of milk are found in the August issue of the Bulletin of Michigan State College. A copy may be obtained by writing to the Bulletin Room, Michigan State College, East Lansing, Michigan.

State health regulations, if order-

ced, are adequate to protect the consumer of commercially pasteurized milk, such as those in cities, but do not protect farmer consumers since the milk received the treatment after it has left the farm. This condition indicates the desirability of home pasteurization.

NOTES OF THE GAME

Pinckney who was weaker than dish water in their game against Manchester week ago suddenly came to life and put on a batting attack that would arouse the envy of the New York Yankees.

Stanley Dinkel, the old in and out-er, led the attack with 4 bingles in 6 times up. To add insult to injury he belted one of them over the fence. It's always feast or famine with Dink.

Dinkel, Dilloway and Harlo Haines all got three hits apiece and everyone else on the team hit safely.

Floyd Arthur Haines, Pinckney high school star featured with a single and double. His double scored two runs.

The right field fence at Hamburg is short and Pinckney put their best Hamburg left hand batters. He backed up against the fence and pulled down four of their flies. This is a favorite target for Hamburg batters but they failed to get a single drive over it. Neither did Pinckney as both Dinkel's and Rickard's doubles were hit to left field.

The Pinckney infield had an easy day as the 9 strikeouts Haines got and Nelson's 4 flies snagged in right field accounted for half the putouts.

Many people have asked us where Hamburg gets such a good team. Well, Herbst, Todd, Radtke and Williams all attended Brighton high school, Winkelhouse, Ann Arbor and Wood, Burnstrum and Culver hail from Detroit.

The Pinckney team is also an all star aggregation. Rickard played with Dexter high school, Searles and Nelson from South Lyon. The balance are Pinckney high school contributors. Wary and Maycock played at Howell high school while Parker Hol- lie who is on the Pinckney list played at Stockbridge.

Johnson, Hamburg's star pitcher, was saved for the Labor Day game and was not present at all. Todd depends on a slow, wide-breaking curve. The Pinckney batters solved this by stepping up and hitting it before it broke.

In the exciting 6th inning Smith and Miller both laid down perfect bunts and beat them out.

This game was only the second defeat for Hamburg this season, both of which were at the hands of Pinckney. Last Wednesday night Hamburg with Johnson in the box shut out the Check Bread team of Ann Arbor at Ann Arbor 3 to 0. The Check Bread team is now playing in the state tournament at Battle Creek.

CIVIL SERVICE EXAMINATION

The United States Civil Service Commission has announced open competitive examinations as follows: Director of education, \$6,500 a year, Bureau of Indian Affairs.

Aeronautical engineer, various grades, \$2,600 to \$4,600 a year. Agricultural aids, various grades, \$1,260 to \$2,000 a year, Soil Conservation Service.

Public health nursing consultants, various grades, \$2,600 to \$4,600 a year, and public health nursing assistant, \$2,000 a year.

Full information may be obtained from the Secretary of the United States Civil Service Board of Examiners at the post office or customhouse in any city which has a post office of the first or second class, or from the United States Civil Service Commission, Washington, D. C.

REDUCED TELEPHONE RATES

The reduction in long distance rates which, on the basis of present business is expected to save the public \$7,350,000 annually, is another step in a definite program for better and cheaper long distance telephone service which we have been working on for years. Only some ten years ago it was necessary to hang up the telephone after placing a call and have the operator call you back later after a delay of five or ten minutes or more, and the cost of a day station-to-station call from New York City to San Francisco, for instance, was \$16.50. Today, nearly all long distance calls are put through without the person calling hanging up the telephone, and the cost of a telephone call on a week day from New York City to San Francisco is now \$7.50, less than half what it was, and is only \$4.50 on Sundays and after 7 P.M. In fact, it now costs only \$5.00 on Sundays and after 7 P.M. to make the longest distance call possible within the United States, from East Port, Maine, to Bay, California 2,947 airline miles. Along with these improvements and economies, there has been marked improvement in the quality of transmission, the conversation being clearer and freer from noises and interruptions.

Many things have contributed to the success of this program of better and cheaper long distance service—research and development applied to physical equipment, improved operating technique, earnings that permitted construction of adequate facilities, and above all, the incentive for accomplishment which is the ideal of the thousands of telephone men and women who have each contributed their part to this progress. Obviously, the goal is not yet reached, and we shall continue with every expectation that long distance rates may in time be further reduced, and that whatever shortcomings there may be in the service today will be eliminated so far as humanly possible.

NOTICE OF MORTGAGE SALE
Default having been made in the conditions of that certain mortgage dated the eighteenth day of June, 1919, executed by Taft Van Syckel and Jennie Van Syckel, as his wife and in her own right, as mortgagors, to The Federal Land Bank of Saint Paul, a body corporate, of St. Paul, Minnesota, as mortgagee, filed for record in the office of the Register of Deeds of Livingston County, Michigan, on the twenty-fifth day of June, 1919, recorded in Liber 113 of Mortgages, on pages 214, 215, 216 and 217 thereof; which mortgage was filed for record in the office of the Register of Deeds of Ingham County, Michigan, on the second day of July, 1919, recorded in Liber 201 of Mortgages, on page 9 thereof.

NOTICE IS HEREBY GIVEN
That said mortgage will be foreclosed, pursuant to power of sale, and the premises therein described as:

The Southwest Fractional Quarter of Section Six, Township One North, Range Three East; less one acre heretofore conveyed to Francis Broughton by that certain warranty deed dated September 4, 1889, and recorded in Liber 47 of Deeds, on page 501; Livingston County;

The North Half of Fractional Section Six, Township One North, Range Three East, less the East eighty acres thereof, Livingston County;

The South Fractional Half of the Southwest Fractional Quarter of Section Thirty-one, Township Two North, Range Three East, Livingston County;

Also that certain parcel of Six and five hundredths acres in Ingham County, described as: Commencing at quarter post of Section One, Township One North, Range Two East on County line, thence North fifty-seven rods, thence West seventeen rods, thence South fifty-seven rods, thence East seventeen rods to the place of beginning;

will be sold at public auction to the highest bidder for cash, by the Sheriff of Livingston County, at the front door of the Court House, in the City of Howell, in said County and State, on Tuesday, November 17, 1936, at two o'clock P. M. There is due and payable at the date of this notice upon the debt secured by said mortgage, the sum of \$7059.44.

Dated August 16, 1936.

HOW THE BANKS AID THE GOVERNMENT

Normal and Emergency Needs Met by Advances of Commercial Banking Credit

NEW BRUNSWICK, N. J. — The American commercial banking credit system is an absolute essential in the financial operations of business and government. Harold G. Moulton, President of the Brookings Institution of Washington, D. C., said here recently in an address before the Graduate School of Banking conducted under the joint auspices of Rutgers University and the American Bankers Association.

If the flexibility and expansibility provided by commercial banking credit were eliminated, Dr. Moulton declared, "it is scarcely too much to say that the economic system itself would shortly be destroyed."

"Normally the amount of credit extended by commercial banks to the government is small in amount and for the purpose mainly of financing temporary requirements of participation of tax collection."

But in periods of depression, when the government needs of government credit expand with great rapidity, the expansion of commercial bank credit is on a tremendous scale. Such is the case at the present time.

How Public Needs Are Financed

"The purchase of government securities by individuals and by the commercial banks provides the government with the means by which its manifold activities are financed. The Treasury obtains the funds, with which the Reconstruction Finance Corporation and other government credit agencies finance their operations, through the sale of securities, largely to commercial banks. These funds, in turn, have gone to the assistance of distressed banks and other financial institutions, to aid industrial and agricultural enterprises, to finance new public and private capital construction, and to provide relief to the unemployed."

Dr. Moulton declared that it is not true that the world depression was caused by a breakdown of the American banking system "which did not, in fact, occur until the depression had been under way for more than three years."

He added:

"Nor is it true that the world maladjustments existing in 1929 can be explained simply by undue extensions of commercial banking credit in the preceding years. These maladjustments involved world agricultural, industrial, commercial and financial relations."

FARM ACCOUNTING REVEALS LESSONS

Principles of Sound Business Management That Apply to All Farms

An analysis made of detailed records kept by a group of Wisconsin farms revealed several important lessons and the principles of sound business management derived from them apply equally well to other farms, says an article in the Bulletin of the Agricultural Commission of the American Bankers Association. The article says:

"Investment costs, including interest, depreciation, repairs, taxes and insurance, are approximately two-thirds of all farm costs. Furthermore, these costs are largely independent of the production program of the farm."

"This means that if a farmer cuts his production of crops or livestock, he increases his investment costs per unit of product produced, as a smaller number of units must then carry as large an expense load as before. This illustrates the importance, from the standpoint of costs, of operating a farm at or near capacity."

"Investment mistakes are more costly than many others because they cannot easily be corrected. If a farmer pays too much for his farm, his investment costs will be abnormally high as long as he owns it. If he constructs a \$4,000 barn, when a \$2,000 barn would have served his purpose, he will have excessive barn costs, year after year, during the entire service life of the structure."

"This emphasizes the importance of a knowledge of investment values and the specific investment requirements of individual farms."

Determining Real or False Economy

"In working for greater economy, it is essential that the farm manager be able to distinguish between a real and a false saving. This can be done only through a careful estimate of the contribution to income, over a period of time, of each item of expenditure. Only if more is saved in expense than will be lost in income, can a contemplated cut in expense be designated as a real saving."

"For example, dropping dairy herd improvement work may result in a yearly expense reduction. The question to decide is what effect the dropping of this work will have on the present and future income from the dairy herd. If the estimated loss in livestock receipts due to a lowered efficiency in feeding and breeding is greater than the original saving, then it would obviously be a false economy."

"Substantial savings can be effected on many farms through the use of more home grown garden produce and farm cured meats. Very pay out money for products of this kind that can be produced much cheaper at home? The money saved from the family food budget can be used for the purchase of many things that will make the farm home more comfortable and pleasant."

One Language, One People

THE expression, "to speak the same language," is a common one. But speaking the same language may mean more than having a vocabulary in common. Figuratively, it implies having certain experiences in common; that is, having a similar outlook from which we may understand one another more readily.

Words alone have never proved to be a guarantee of understanding, even among members of the same family. Confidence and respect are not always brought about or maintained by talking—very often quite the contrary. Agreement is not always arrived at through discussions. While being able to talk freely together sometimes helps us to understand one another's thoughts, and should make it possible to understand one another's point of view, words do not invariably indicate one's thoughts, and talking together may produce a result quite unlike agreement.

Certainly, if we would gain anything more than a superficial sense of friendship and co-operation, we must go farther than mere words. It is apparent that between individuals and nations friendliness involves a considerable degree of what is called understanding. Mary Baker Eddy, the Discoverer and Founder of Christian Science, reminds us (Miscellaneous Writings, p. 262) that "when the heart speaks, however simple the words, its language is always acceptable to those who have hearts." And she explains this in her sermon, "The People's Idea of God," where she says (p. 13), "This all-important understanding is gained in Christian Science, revealing the one God and His all-power and ever-present, and the brotherhood of man in unity of mind and oneness of Principle." In order to recognize our true relation to each other, we must be aware of the basic oneness of God as Principle.

True understanding is of God—spiritual. Until one realizes this, no unanimity of thought can be consistently manifested. The belief to do and how to do it, where to go and when to be there, what to say and how to say it. . . .

Mortals need no longer grope their way in the darkness of ignorance, fear, and dismay, but may come readily and spontaneously into the sunlight of dominion through letting that Mind which was in Christ Jesus direct and govern their every motive and act. This is the right way, and therefore it has the right of way.

The world today is in need of thought adjustment as the solution for inactive, inaccurate, immoral conditions. Seeker for employment, your help as a right thinker is needed! Your services are in demand at all times and in all places; in fact, the most essential of all necessary equipment is yours. For, as a right thinker you possess, without stint, intelligence, honesty, truthfulness, kindness, loyalty, trustworthiness.

We should use our God-given means. We should rejoice and be exceedingly glad that our services as constructive thinkers are ever needed. Right thinking about every condition is really the "help wanted." Each of God's children has it to bestow; and as he gives it freely he can never be impoverished. Instead of seeking a job we may go forth with the joyous confidence and assurance that, as we learn to reflect God, Life, Truth, and Love, our gift and service to mankind are unlimited. Our sonship with God has endowed us with such qualifications as enable us to give unselfishly, to be unceasingly active. Such credentials are acceptable by every employer. In the light of this reasoning the old adage of "selling oneself" to obtain employment takes on an entirely different meaning, for when one knows one's true self right as the expression of God's image, he is able to understand the Master's words, "The kingdom of God is within you." After quoting this statement in "Pulpit and Press" (p. 3) Mary Baker Eddy says, "Know, then, that you possess sovereign power to think and act rightly, and that nothing can dispossess you of this heritage and trespass on Love." Thus, as right thinkers we are seeking to give, we are capable of filling our place in the order of the day; and there is a continual demand for that which we have to offer.—The Christian Science Monitor.

The Business Outlook

NEW YORK.—The natural forces of recovery have demonstrated their strength and have a momentum which may reasonably be expected to carry the country into new high ground, says "Banking," the publication of the American Bankers Association, in its August issue. The momentary stimulation following the distribution of bonus funds to the veterans has practically died away and is no longer an important business factor. A certain degree of uncertainty arising from the national political campaign is unavoidable, the magazine says.

General Improvement Cited

"The improvement in general conditions which is now taking place should be of material aid to bankers in carrying forward a constructive program for increasingly useful relationships between banking and business, as well as one of more helpful personal business services to all our people. Sound banking conducted in ways the public need and understand must be the aim of successful bank management."

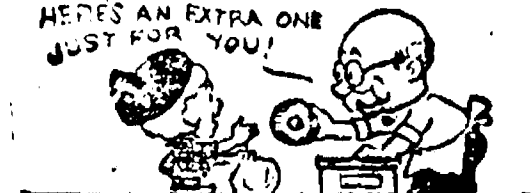

"How can the banker make his operations and policies more understandable to the people of his community? How can better and broader financial services be soundly provided? How can banking improve its operating methods and income? These and many similar questions demand the earnest attention of all bankers. They call for a fresh counselling to gether and a new interchange of experience and advice among the members of our profession."

"With these thoughts in mind, we have built the convention program with the view of also calling into our councils speakers from various lines of business to give us their viewpoints and advice. I can say without reservation that this is to my mind one of the most crucial years in the evolution of American banking, and that we are passing through a period demanding, as never before, cooperation and mutual exchange of viewpoint among our members and others."

Radio Commencement Exercises

More than 200 widely separated chapters of the American Institute of Banking, the educational section of the American Bankers Association, hold annually in September a simultaneous commencement exercise at which they listen to the speaker of the evening by radio. This is said to be the most extensive graduation ceremony held by any educational institution. The aggregate membership of the chapters, which are located in cities and towns throughout the United States, totals about 35,000 bank employees and officers. The graduates number each year more than 2,500, and total graduates are now over 25,000.

Tues. Sept. 15th.

Pony Entrant

Little Walter Rix, 7, of 1143 West Six Mile Rd., Detroit, is the first to enter a pet in the Michigan State Fair pet show. He brought his pony, Ginger, to the Fair Grounds and said he would enter his pet if Ginger were given grazing privileges on the Fair Grounds. The request was granted. Ginger is here shown taking a lump of sugar from Miss Virginia Lyon. The Fair will be held this year Sept. 4 to 13 inclusive.

Hog Calling Contest Conditions

Perhaps the most humorous aspect of the Michigan State Fair is the hog calling contest which will be held in the grove on September 11th, at 2:30 P. M.

Fifteen dollars will be awarded to the three highest scoring contestants as follows: \$7.50 to first, \$5.00 to second, \$2.50 to third.

All Eligible

We know no East, no West. Any farmer in the wide world is eligible. No entrance required. The following percentage will prevail:

1. Volume, loudness or carrying capacity of voice—30 points. Volume is necessary to reach the ears of the hogs, especially if they are in the back eighty, and the wind is blowing from the wrong direction. It also enables the neighbors to know one is at home and "doing the chores."

2. Variety, 20 points. A varied appeal is always more effective than a monotonous, uninteresting call. Variety in calling might be correlated with a variety of feelings.

Charm Counts

3. Charm or appeal to the hog, 20 points. The hog caller's voice must have the ring of sincerity and honesty. It must carry conviction to the porkers or the calling is not a success. Truth will out.

4. Originality, 10 points. Originality creates interest. The hog should be able to distinguish its master's call from those of the neighbors.

5. Clearness, or musical quality, 10 points. Happiness adds digestion and hogs enjoy music. A clear musical call will bring them in happy and light-footed to eat with more enjoyment and more profit. Singing school lessons thus are not wasted.

6. Appearance and facial expression of caller in action, 10 points. Facial expression and general appearance of caller are the surest ways of judging the extent of the effort.

Same for Husbands

Practically the same conditions which govern the hog calling contest will prevail in husband calling contest.

Honor Governor

Governor's Day will be celebrated at the Michigan State Fair on Wednesday, September 8th. Gov. Frank D. Fitzgerald will auction off the Grand Champion Steer in the Coliseum at 2:30 P. M.

Foreign Trade

The Commerce and Marine Commission of the American Bankers Association has made a report which shows that the foreign trade of the world for the year 1935 on the basis of its estimated physical volume was 78.9 per cent of the 1929 level. This was 2.1 per cent above the volume of 1934 and is the highest since 1929. The old values of world trade were much lower due to the lower commodity prices in January 1936. The combined index of 75 countries showed 15.7 per cent of the 1929 average.

National Bank Growth

Comptroller of the Currency Connor announced recently that total deposits of the 5,374 national banks in the United States on June 30, 1936, the date of the last call made for statements of condition, aggregated \$28,200,453,000. The figure is a new high record for national banks, exceeding by \$1,340,988,000, or 5.39%, the amount reported as of March 4, 1936, the previous high record. The current figures show also that deposits increased \$3,682,207,000, or 16.35%, over the amount reported as of June 29, 1935, the date of the corresponding call a year ago.

Big Program For Exposition Farm Week

Waving fields of grain and iron ore and machinery will blend symbolically at the Great Lakes Exposition when Farm Week is celebrated at the Exposition from August 17 to .

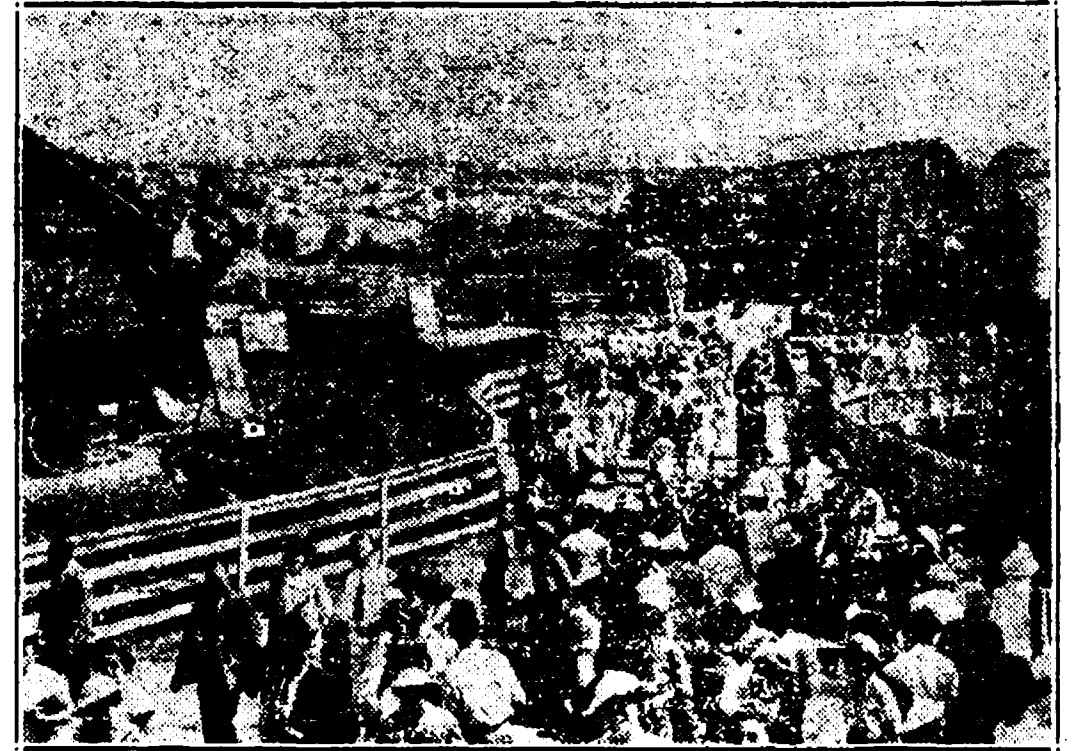

Agriculture and industry, which make for the greatness of the Great Lakes area, will have a holiday together in the full program which has been arranged for the entire week. Boys and girls of the rural area will have a chance to see at first hand how iron and steel are made and how machinery is produced and their city cousins in turn will learn about the raising of the crops that provide them with food and clothing.

The entire week will be a holiday for the rural population of the Great Lakes region. It will be their opportunity to enjoy the entertainment, exhibits, displays, buildings and educational features of the Great Lakes Exposition, already enjoyed by over one and one-half million people from all sections of the country.

Featured on the program of the opening day of Farm Week, which is Agricultural Day, will be a health contest to select the healthiest boy and girl; a style show for the best-dressed girl and the best costume created by a girl and an identification contest to identify a wide variety of implements, articles and crops found on the farm. Prizes will be awarded at a special ceremony which will be held on the stage of the beautiful Marine Theatre of the Exposition. The 4-H Clubs are actively participating in planning and conducting these contests and programs.

Throughout the entire week there will be concerts and entertainment in the many colorful spots of the 150 acre grounds of the Exposition.

Walter Kirk, master of the Ohio State Grange; Perry Green, president of the Ohio Farm Bureau Federation; Dean J. F. Cunningham of the College of Agriculture of Ohio

Thousands of visitors from all over the country are enjoying the reproduction of an Ohio farm at the Firestone exhibit at the Great Lakes Exposition, Cleveland. Farm buildings, farm animals, the old oaken bucket and many other touches of homely color arouse smiles and heart throbs at this scene of rural peace and quiet set down in the center of the great exposition in the heart of a metropolitan city.

State University; H. C. Ramsower, director of agricultural extension work of Ohio State University; O. C. Croy, district supervisor of extension work; Harold S. Ward, Cuyahoga County agent for the agricultural extension service; Gabriel Simon, county agent directing 4-H Clubs here; E. G. Pickard, master of the county Grange; James Moore of the Ohio Farm Bureau Federation; A. J. Patch, extension news editor, Ohio State University; Harry L. Fox of the Grange; and Walter Lloyd, editor of the Ohio Farmer are on the committee representing the Ohio Farm groups planning the week's activities. Croy is acting as chairman and Lloyd is serving as chairman of the program committee.

The Ohio State Grange, the Ohio Farm Bureau, the College of Agriculture of Ohio State University, and the Ohio Department of Education's

Vocational Agricultural Education division are co-operating in the plans for the week's program.

The calendar of "Farm Week" is as follows:

Monday, AGRICULTURAL DAY
Tuesday, DAIRY DAY
Wednesday, FARM PRODUCE DAY
Thursday, FARM WIVES DAY
Friday, FARM IMPROVEMENT DAY
Saturday, RECREATION DAY

Firestone Day originally scheduled for August 22, will be held August 29. Harvey S. Firestone will be present and take active part in the program arranged for the day.

RECORD

His record as a law enforcement officer marks him able, diligent and fearless. No call too small, no emergency too great to receive careful and sympathetic attention.

"I pledge to the citizens of this County full time, painstaking law enforcement, without fear or favor."

"Your support will be appreciated."

Irving Kennedy.

Neighboring Notes

The Michigan State Sanitarium soft ball team won the Howell city championship in a three game playoff last week. Bob Young and Bill Drown former Pinckney high school players are members of the team.

Three of the five new wild life sanctuaries created by the Michigan Conservation department, are in Livingston county, 31 acres are in Oceola, 288 in Deerfield, in one piece and 102 in another part of Deerfield.

Mrs. Frank Battle who recently underwent an operation at the McPherson Hospital, Howell, has recovered sufficiently to return to her home.

Mrs. Carlie Hart who has been in Howell Hospital since July 15 with a broken leg has been taken to her home in Marion.

A 100 per cent assessment has been levied on the stockholders of the closed First National Bank of Brighton by the receiver, M. J. Martin. By means of a loan from the FRC an 80 per cent dividend was paid in 1934. Nothing has been paid since. The assessment is due Sept. 26, 1936.

The Brighton State Bank made a second 15 per cent payoff last week on participating certificates.

More than ten years ago the Burroughs Adding Machine company of Detroit purchased a 140 acre tract of land at Plymouth. When no industry developed on the site, the impatient ones in the town concluded that the promised improvement was just another "dream". But last week a group of officers of the Burroughs company were there and stated that plans were being prepared and arrangements made for the construction of the first unit of a plant. If the project materializes it is possible that as many as 150 people will be employed.

Arline Simpson of South Lyon was recently awarded \$18,532.50 by a jury as the result of an auto accident in which the car in which she was riding hit a Pere Marquette train and she lost a leg. The supreme court has reversed this verdict and relieved the railroad of all liability.

Bids have been asked by the State Highway Dept. on the widening of Grand River Ave. from Brighton to Howell. It will be made a four lane highway.

Work of wrecking the buildings on the property at Chelsea started last week.

A horse-pulling contest is scheduled for the Fowlerville Fair. Ora Hall is in charge.

14 gambling concessions were closed at the Jackson Fair last week by the sheriff on complaint of patrons. The city of Ann Arbor has just put 17 passenger busses into service on its streets.

The new Soline general hospital will soon be ready to open its doors. It was formerly located at 205 W. Henry but has moved to the building formerly used as a Baptist church.

After being closed for two years St. Joseph's parochial school will reopen this week.

Bruce speak at the Masonic Temple in Ann Arbor last Tuesday.

Large crowds attended both Jackson and Washtenaw county fairs last week. The attendance at the Ann Arbor the first three days was 50,000.

The Chelsea school opened last week with an enrollment of 495.

Walter Wilson, one of the bandits who robbed the Farmers State Bank at Grass Lake in 1920 and later killed Harry Worden, deputy sheriff, while evading capture is to be released from prison. It is said on account of poor health he has not long to live.

Forty-two people attended the Hinchey family reunion at the home of John Holloway near Howell August 29.

The following marriage licenses have been issued: Doris Darby, 16 Henry Sherman, 24, Fowlerville; Ira Burleson, 39, Pinckney, Flossie Sparks, 24 Howell.

Mervin Clark, 7, was struck and killed by a car Friday afternoon while walking along Grand River near New Hudson. Miss Harriet Hildebrand of Washington, D. C. the car driver was held by the police but later released.

Notes of 50 Years Ago

Dispatch of Sept. 3, 1886

A Marion farmer purchased 15 "King of the Valley" potatoes last week that averaged 1 1/2 lbs. each. Alonzo Cushing of Brighton died at the Soldiers Home in Grand Rapids on Sept. 2.

On account of the small attendance at a meeting held to discuss putting on a fair the South Lyon project will probably be given up.

W. J. Hilton was sentenced Monday by Judge Newton to five years at hard labor for bigamy.

Samuel Haddon, 40 living south of Byron, shot and killed his father Abram Tuesday night in a dispute about the ownership of a boat.

A Good Templars lodge may be established in Plainfield.

Frank Hoff is loading a car of apples at Anderson.

Mike Millman has moved to a farm purchased of Frank Reason near West Olive.

The Fowlerville base ball team lost to Hamburg last week 11 to 12.

A large crowd attended the dance at the O. W. Sexton home in North Hamburg Friday night. Tremaine's orchestra of Pinckney furnished music.

Rev. Bird of Brighton will hold church every two weeks at Pettysville on Sunday at 2:00 P. M.

Richard Ruen is teaching school in the Winans district.

Anson Campbell is building a new residence east of his old one.

R. N. Markey is working at the National Hotel in Howell.

Fred Warren made a speech here at the town hall on free trade last night.

J. L. Newkirk, former editor of the Dispatch, has accepted a position with the Western Newspaper Union in Detroit.

Supervisor I. D. Brokaw is attending the board meeting in Howell.

Bert Campbell of Detroit is home nursing a carbuncle on his neck.

Notes of 25 Years Ago

Dispatch of Sept. 7, 1911

Miss Eva Melvin will teach the South Gregory school this term.

Miss Thresa Melvin will teach the stone school in Genoa.

Miss Eva Docking commenced teaching in the Lambertson district Monday.

Miss Lelia Monks returned to Lansing Monday to resume her school work.

Miss Edna Hendricks of Dansville has opened her millinery store in the postoffice block.

Mrs. J. S. Clark and Miss Belle Kennedy who have been spending the past two months here started for their home in Los Angeles, California last week.

Mrs. Catherine Kenting died at her home here Aug. 31, aged 80 years. Her husband died in 1879. Of her four children, only one, Jerry, survives. The funeral was held from St. Mary's church, with Rev. Comberford officiating.

Alice and Kathleen Roche left for Adrian last Wednesday where they attend St. Joseph's Academy.

James Smith attended the Good Roads Convention in Lansing last week.

Will Jeffreys, Clyde and William Darrow have gone to Lawton to pick grapes.

Blanche Martin left Monday for Big Rapids to attend the State Institute.

Louis Clinton is home from Detroit with a broken arm, received while cranking a six-cylinder car.

Clara Dunn and Kate Brown have returned to their schools in Chicago.

Lucile and Ella Claire McCluskey are attending the Michigan State Normal at Ypsilanti.

Mr. and Mrs. Charles Stickle attended the G. A. R. encampment at Rochester, N. Y., last week.

Laura Lacey will teach school at Whiting, Ind., another year.

35 tickets were sold here last Friday for the Barnum & Baileys circus at Jackson.

School opened at the Reeves or Pond View Academy Monday with Liam Ledwidge as teacher.

At least half of Pinckney attended the Catholic Labor Day picnic at Dexter Monday. In the ball game Pinckney left the field in the 9th inning in a dispute over the umpire's decision, the score being tied at all.

Batteries for Pinckney Ledwidge and Pat Lacey; Dexter Dodge and Kratzmiller.

The balance of the Pinckney team was Mike Roche, 1b; Adrian Lacey, 2b; Jack Monks, 3b; Fred Swarthout, ss; Myron Dunning, lf; Harold Swarthout, cf; Roy Moran, rf.

ORDER FOR PUBLICATION—

Appointment of Administrator.

STATE OF MICHIGAN
The Probate Court for the County of Livingston

At a session of said Court, held at the Probate Office in the City of Howell in said County, on the 2nd day of September, A. D. 1936.

Present: Hon. Willis L. Lyons, Judge of Probate.

In the Matter of the Estate of William E. Farnam, Deceased.

Katherine E. Fitzpatrick, having filed in said court her petition, praying for license to sell the interest of said estate in certain real estate therein described.

It is Ordered, That the 24th day of September A. D. 1936, at ten o'clock in the forenoon, at said probate office, be and is hereby appointed for hearing said petition, and that all persons interested in said estate appear before said court, at said time and place, to show cause why a license to sell the interest of said estate in said real estate should not be granted.

It is Further Ordered, That public notice thereof be given by publication of a copy of this order, for three successive weeks previous to said day of hearing, in the Pinckney Dispatch, a newspaper printed and circulated in said county.

NOW! 30 COMICS IN COLOR

A furiously entertaining company of funnies, all creations of noted cartoonists, the World's Greatest Comics in Color in the Comic Weekly of The Detroit Sunday Times, next Sunday and every Sunday.

Four states will vote on the liquor issue in some form or other at the November election. North Dakota, Maine, Texas and California are these states. None of these states are voting on repeal of the liquor control act. This wet and dry issue is not looked upon with any great degree of pleasure by the Democrat and Republican parties as it tends to break down party lines. Neither presidential candidate has mentioned the liquor issue so far and probably will continue to ignore it.

Your Support Will Be Sincerely Appreciated

The Sixth Congressional District Includes Genesee, Livingston and Ingham Counties.

"The Universal Car"

ONE NAME comes quickly to mind when you think of "The Universal Car." The description is distinctively Ford. No other car is used by so many millions of men and women in every part of the world. Everywhere it is the symbol of faithful service.

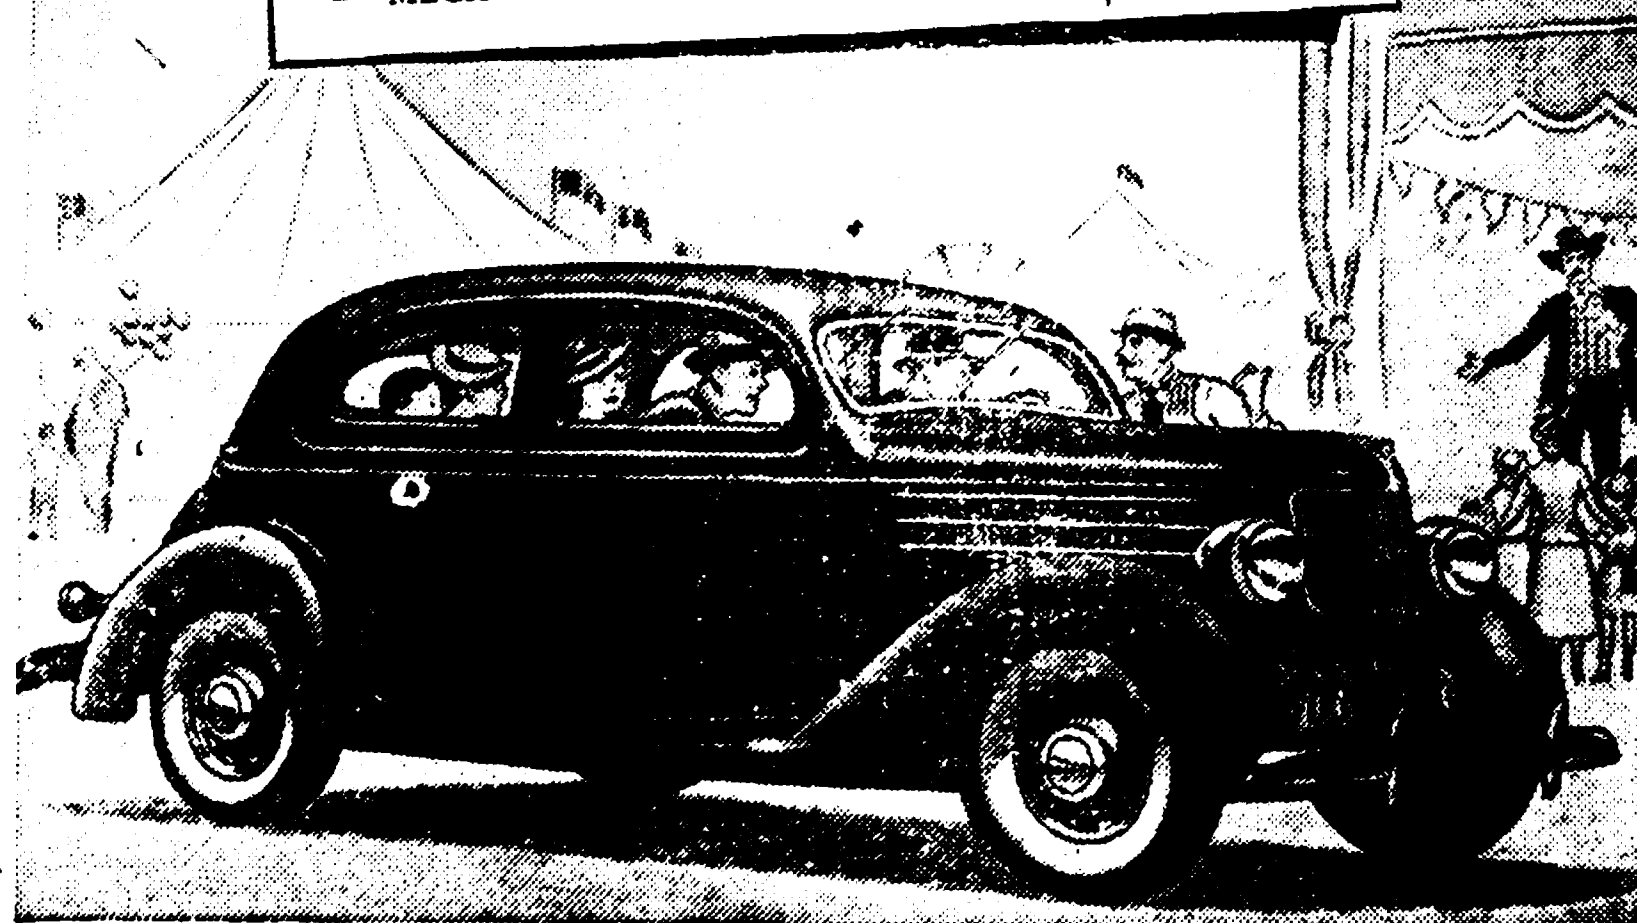

That has always been a Ford fundamental. Something new is constantly being added in the way of extra value. Each year the Ford has widened its appeal by increasing its usefulness to motorists.

Today's Ford V-8 is more than ever "The Universal Car" because it encircles the needs of more people than any other Ford ever built. It reaches out and up into new fields because it has everything you need in a modern automobile.

The Ford V-8 combines fine-car performance, comfort, safety and beauty with low first cost and low cost of operation and up-keep. It depreciates slowly because it is made to last. There is no other car like it.

Only the Ford V-8 Gives You These Fine-car Features

1. V-8 ENGINE PERFORMANCE WITH ECONOMY
2. SAFETY CLASS ALL AROUND AT NO EXTRA CHARGE
3. SUPER-SAFETY MECHANICAL BRAKES
4. CENTER POISE RIDING COMFORT
5. WELDED STEEL BODY... STEEL STRUCTURE AS WELL AS STEEL SURFACE
6. NEW INTERIOR APPOINTMENTS

FORD MOTOR COMPANY

LOW MONTHLY TERMS—\$25 A MONTH, AFTER USUAL DOWN-PAYMENT, BUYS ANY MODEL 1936 FORD V-8 CAR—FROM ANY FORD DEALER—ANYWHERE IN THE UNITED STATES. ASK YOUR FORD DEALER ABOUT THE NEW 1 1/2 PER MONTH UNIVERSAL CREDIT COMPANY FINANCE PLANS.
