

Pinckney Defeats Ann Arbor 8 to 0

Touchback and a Touchdown By
Ludwig Gives Pinckney
Winning Margin. Ann Arbor
Threatens Several
Times But Lacked
Power to Score.

Ann Arbor high school reserve proved easy picking for Pinckney and they defeated them handily 8 to 0. The score does not tell the story of the game as Pinckney was at least four touchdowns better than Ann Arbor. The game was played in a study rainfall which made a running game impossible and nullified the use of forward passes to a great extent.

Pinckney started right off in high and ripped the Ann Arbor line to pieces in the first few minutes of the game. A long punt by Paul Singer put the ball on the Ann Arbor 10 yard line. A poor pass from center went over the goal line and the Ann Arbor man who recovered it was thrown for a touchback. Pinckney kept right on their stride with Ludwig making gain after gain. He proved slippery and Ann Arbor was unable to lay a hand on him until he had gained from 10 to 15 yards. Edsl Meyers also made some good gains through the Ann Arbor line. Pinckney reached the 10 yard line and Ludwig scored on the second attempt. The attempt to forward pass for the extra point, W. Meyers to Ludwig failed.

In the third quarter Pinckney's ends played in too close and Ann Arbor made three first downs on end runs. Here a substitution was made and Ann Arbor gains by this means stopped. In the last quarter with defeat staring them in the face, Ann Arbor filled the air with forward passes. They completed three in succession and got the ball on the one yard line where Pinckney held them to no gains and took the ball on downs. Singer's punt was short and Ann Arbor again threatened but Pinckney began breaking up the Ann Arbor passes and without this Ann Arbor was unable to get anywhere.

A number of players distinguished themselves in this game. Capt. Sheehan and Ed Howell again turned in great defensive games and smothered every attack made on their side of the line. Marcellin Ludwig proved a good ball carrier and his effort evoked comparison between him and Don Swarthout. Murray Kennedy, Mike Blades, Jack Dillaway and other Pinckney heroes of the past. Edsl Meyers, playing his first game as a starting regular was right behind him in ground gaining ability. Pinckney tried several passes and completed two. W. Meyers threw one in the first quarter for a gain and in the last quarter Singer threw one which Meyers received successfully. The whole team showed dash, fight and spirit which makes winning teams and they should be favorites to beat Manchester next week.

Number of substitutions got into this game and played like veterans. Among those who got in were Jack Hannett, Billie Darrow, Martin Lee, and Vincent Young. Raymond Smith is a coming star and played a great game at end. No gains were made around his end.

Notwithstanding the constant rainfall a good crowd was present under unfavorable conditions this would undoubtedly have been still larger. Anyway Pinckney avenged the two defeats suffered last year at the hands of the Ann Arbor team.

ADRIFT IN THE FOG

The fog of last Friday night was the thickest seen about here for some time and made traveling perilous and slow. Still we heard of no accidents. It also had its humorous sides. Earl Baughn took out a fishing party on Portage Lake that night consisting of Hugh Doolittle and Pat King. When they got ready to go home they couldn't see enough to get to shore and rowed around in a circle for hours. Earl (Dutch) usually navigates by the stars as the Indians and early navigators did but on this occasion no stars were visible. We understand it was after four o'clock before they reached shore.

Mock Trial To Be Put on Oct. 21

Temperance Play To Be Presented at
Cong'l. Church on Next Wed.
Evening

One of the most thrilling plays ever heard in Court will be presented at the Pinckney Congregational Church, Wednesday, Oct. 21, when 21 prominent citizens from the various local churches present the widely acclaimed "murder trial" entitled "PRISONER AT THE BAR". Trial begins promptly at 8 P. M.

The trial deals with a man, N. R. Johnson, who under the influence of liquor has "killed" his wife and left three motherless children. Mr. Johnson is then "tried" for murder. The drama tells the story of a returning soldier, influenced by wet repeal propaganda and trapped by the modern liquor sales system. The prisoner pleading for what he values more than life, the finger-print expert, the attorneys battling brilliantly for a life at stake, the judge torn between pity and duty, the jury spellbound by the unfolding drama are among the gripping incidents of this tremendously impressive and effective temperance play. The 21 local local citizens who will assist in the trial are as follows:

Judge J. O. Wise
State's Attorney - M. E. Darrow
Defense Attorney - Robert Sekell
Prosecutor - N. R. Johnson
Ed Johnson (Sheriff) - Irving Richardson

Tom Hamlin (Finger-print expert)
P. H. Swarthout
Mrs. Frank Hall (Star Witness)

Dorothy Jones (Prisoner's Daughter)
Clerk of Court - Mrs. H. Vedder
Court Bailiff - Henry Kice
Summoned on the Jury:
1. Herman Vedder
2. W. H. Euler
3. W. C. Hendee
4. Herman Widmayer
5. Silas Swarthout
6. R. K. Elliott
7. Mrs. R. K. Elliott
8. Mrs. Clara Fish
9. Mrs. Bert Hicks
10. Mrs. Winifred Graves
11. Mrs. Ezra Plummer
12. Mrs. Herman Widmayer

Admission to the trial will be free. A voluntary offering will be taken. The trial is being sponsored in cooperation of the churches and everyone is invited to attend. This is the first appearance of this trial in Pinckney and a large crowd is expected to fill the Congregational Church if the citizens of Pinckney attend the drama as they have in other places. The trial has been given in Chicago, St. Louis, Washington, D. C., Kansas City, Los Angeles, Minneapolis, Detroit and many other towns and cities before audiences as high as 3,000 people.

Pinckney School Notes

We are proud of the showing of our football team and all the more so when we consider that it is practically the same team which failed to win a single game on their schedule last year.

Manchester is the next team on the schedule. According to reports they have a good team this year but Pinckney expects to take them into camp in the game Friday to be played at Manchester.

Efforts are being made to get a game with Howell. This team, only beat Hartland 7 to 6 last Friday. Howell, however does not seem anxious for the game.

Football is very popular in Pinckney. The Pinckney squad numbered over 30. It is some smaller row but enough for two teams is still available. This spirit does not prevail in all places. Howell has trouble getting material and at Stockbridge the average turnout for practice was 7. It was necessary there to call a pep meeting to get the boys to turn out.

The Pinckney line as a rule does not receive enough praise. It is the backbone of the team. Pinckney has always had great lines. Emmett Clark who centered did not make a bad pass last Friday despite the rain and wet ball. Jack Hannett, Howard Read, Alger Lee and Win Baughn who played the guard positions also turned in fine performances. We would match Capt. Sheehan and Ed Howell against any two high school tackles in the state.

Capt. Sekell took two cars of the football team over to see Prof. Rockwell give demonstrations of the difference between amateur and professional wrestling at the Oak Grove school. Howard Read was drafted to act as demonstrator and according to those there performed all the glides and contortions of the man on the flying trapeze.

Howard did not start Friday on account of a sprained ankle. When he did however, he was hot stuff. We wonder how he would go with two sprained ankles.

We expect that our new school addition will soon be ready for use. The school board expects to send representatives to Detroit this week to confer with CWA on acceptance of the building.

We are sorry to lose one of our teachers, Miss. Carmen Leland who will go to River Rouge to teach. She formerly taught in Trenton & Grand Ledge. We do not know yet who will replace her in the grammar school.

That Man Again

Democratic Meetings Are Scheduled

Democrats to Hold Four Big Rallies
in This County in the Closing
Weeks of the Campaign.
Andrew Transue and
Others to Talk.

A large number attended the Monday night Democratic meeting held at the Citizens Mutual Insurance office in Howell this week. The meeting was a very successful one. Among those present were L. E. Tobias, M. E. Darrow, P. H. Swarthout, Arthur Sheehan, Kenneth R. Moore, Reason P. V. Carter. The dates of the four big Democratic rallies were given out. These are all important meetings and will be held at Howell high school building on October 22, at the Pinckney Congregational Church on Oct. 30 and at the High on Thursday, Oct. 31. At the last of these Democratic candidates for congress, Mrs. M. E. Darrow, Phil and the other county candidates will appear.

Don Van Winkle presided at the meeting and things were given by J. C. Gripe of the Township and J. J. Gripe of the County. The latter said he had been a Republican all his life but was going to vote Democratic in November as the Democrats were giving him way. He said that the Democrats had lost Al Smith, but that he was not a Democrat and would not vote for them. He said that he was a Republican and would vote for them in November.

A good number of the present at this meeting were women who are playing an important part in the county canvass. Being members of various clubs in the county and all decided to go will be visible.

ENLISTS IN NAVY

Lorain E. Brown, son of Ernest Brown, of Gregory, Michigan, was enlisted by the United States Navy, Oct. 10, 1936, through the Navy Recruiting Station at Pinckney. He was then stationed at the Naval Training Station, Norfolk, Va. where he will receive twelve weeks training, designed to fit him for service aboard a battleship or a seaman. In event he is selected by examining officer for further training as one of the Navy Trainees, he will spend some time at the station before going aboard one of the ships of the fleet.

Young Brown is a graduate of the Pinckney High School, class of 1932. He wishes to be assigned to duty in the engineering branch when aboard ship.

After completing the twelve week course at the Training Station, he will be given leave to allow a visit to his home before final assignment to duty. He enlisted for four years.

SECOND ANNUAL FESTIVAL OCTOBER 25, 26, 27, 28

The time is drawing nearer and nearer to the big Pinckney festival, held in St. Joseph's Hall in Howell. What could be finer than to enjoy a delicious Sunday dinner here among your many friends, October 25.

Monday, October 26, is called Young People's Night. You will be very much interested in the special features arranged for the occasion. Being Politicians' Night, Tuesday, October 27, promises to bring excitement worth taking part in.

Everyone will be looking forward eagerly for Wednesday night October 28, when the new Chevrolet will be given away to some lucky person. Have you seen it? Imagine the joy and pleasure someone will know.

All the noise and gaiety of a fair! That's what we all need. So old and young Winter brings to move the upper hand. Don't be able to say you missed being there.

N. O. FRYE IS CANDIDATE FOR DRAIN COMMISSIONER

Norval O. Frye of Pinckney is the candidate for Drain Commissioner on the Democratic ticket. He has been a resident of Pinckney for the past 15 years. During that time he has been a salesman for the Greening Nursery Co. and has become acquainted with a great number of people in this county. For the past six years he has served as justice of the peace in Putnam township and been a member of the township board. He is honest and capable and understands the need of the farming section of this county.

Howard Mercer and M. McKenzie of Detroit were Sunday callers at the home of Mr. and Mrs. Leq Frye.

SMITH ROWEN

We have received and announced the passing of Edwin Smith, of Little Creek to Edwin Rowen, secretary of the county. The two men were well known here, being a son of Charles A. Rowen, the graduate of the Pinckney High School and also the law department at the University of Michigan. When at high school he was a champion winning honors in both track and football. He was also awarded a letter on the college team at the university. On graduation from the law department he located in Little Creek where he has established a successful practice. His marriage took place October 10 and the couple will reside at 256 Cathlam St. He is 31 years of age. The funeral will be held at the Pinckney Congregational Church.

COMMUNICATION

The Board of Health and the Board of Public Safety, having received a communication from the State Board of Health, relative to the control of the use of the automobile, the Board of Health and the Board of Public Safety have decided to hold a public hearing on this subject at the Pinckney Congregational Church, Thursday, October 22, 1936, at 8:00 P. M. All citizens are invited to attend.

Philathea Notes

A goodly number of our class members were in Lund Sunday, both for church services and for a social service with communion, that preceded the session. A special subject of the service was "How to Become a Christian". For next Lord's Day we are to discuss "Evangelism and the Bible" or "The Spoken and the Written Word", Acts 17:1, acts 17:5-11, 1 Thessalonians 2:7-12.

Watch these columns for the announcement of the Birthday Party which will replace the regular meeting of the class and will be held in the church parlors according to the plan on October 24.

Baron's Philathea itself is having a birthday on October 20, 1936 when this movement will be 45 years old. Its founder, Marshall A. Hudson, built better than he knew. The September issue of the Baron's Philathea News is bristling with inspiring convention news. Miss. Brown was elected General Counselor and Mr. Lyons, President.

MRS. CARLIE HART

Mrs. Carlie Hart, widow of the late Irving Hart of Marion, died at her home on the Pinckney - Howell road Monday night after several months illness, following a paralytic stroke. She was the daughter of the late Darwin Carr of Putnam. Surviving are two daughters, Bernice and Carol and two sons, also a brother, John. The funeral will be held from the home at 2:00 P. M. on Thursday with burial at Howell.

Mrs. John Hurnshaw is visiting relatives in Detroit.

A large delegation from Pinckney expect to go to Detroit Thursday night to hear President Roosevelt speak.

Current Comment

A number of commentators have remarked on the dryness of the Republican state ticket. A card received by many Michigan people last week would seem to bear this out. It is entitled "Vote Michigan Dry". On it the reader is asked to vote for Luren Dickinson for Lieutenant Governor, who is endorsed by the Anti-Saloon League and also for Wilbur Bricker, or the United States Senate who is a dry. We do not think the wet and dry issue should have been brought up in this campaign at all and therefore the nomination of Dickinson was unfortunate. The people repudiated prohibition because the majority of them became firmly convinced that it was absolutely unworkable under the present two party system of government. The present liquor setup is not perfect but under it the liquor business pays part of the cost of government while under prohibition it contributed nothing.

At the time of the Kern's Hotel fire disaster in Lansing there was great hue and cry because the hotel was proved to be a regular fire-trap. As a result drastic laws were passed and also to prevent a repetition of such a tragedy. Now Judge Keidan has ruled the law unconstitutional in that it provides that buildings used for sleeping accommodations must be built of fire resistive material. This provision left it up to the state fire marshal to determine what was fire resistive constructive and Judge Keidan has ruled that it is an unlawful delegation of power to an administrative officer. One of the first acts of the legislature should be to make this law workable. It is going on two years since the Kern's disaster and apparently nothing has been done to remedy the conditions that led up to it.

The legislatures and congress apparently suppose that the courts dispose. The Frazier-Leunke farm mortgage moratorium act has been just ruled unconstitutional in Virginia by the fourth district circuit court of appeals. This act provided that by going into Federal Court a three year moratorium could be obtained on mortgage foreclosures. The court held that this does not preserve the right of the creditor to foreclose on default. The main trouble in this country seems to be that property rights come before human rights.

The attorney generals office is said to be drafting a measure for the control of tourist lodges. This is a new industry which has sprung up since the general use of the automobile. There are many thousands of these tiny cabins doing business in this state. In all of them it is claimed that similar and health rules are not observed. Also by putting a license fee on them the state would be tapping a new source of revenue for its many and constantly increasing departments. The bill would put them in control of the state board of health and give said board power to revoke their licenses.

From a speech given by Gov. Fitzgerald at Alpena he indicated that there would be no reduction in governmental expenses in Michigan. He justified the increase in the cost of the state government by stating that \$11,000,000 more in funds were given to schools in this state than ever before. Other state departments also received more money. This economy plank was always bunk and always will be until the government viewpoint changes. Every year the state assumes more responsibilities and therefore more revenue is constantly needed.

At Cadillac Gov. Fitzgerald went on record in favor of home rule for gambling. He said that any county who wanted to abolish slot machines on gambling halls could do so by electing the proper officials, sheriff, prosecutor. The state cannot stand the strain of policing the 83 counties in the state and will step in only when the situation gets beyond control of local authorities. In some communities, he stated, especially the resort counties, it is maintained that they should be allowed to operate. The state is also, itself, in the biggest gambling business in the state for it takes a percentage of the money bet on horse races at the state fair race track.

The state press is criticizing this and that other parts of the national security act. Although all claim to be strongly in favor of the old age pension and other acts of a like nature yet they strongly condemn the act which would administer it. Many people are beginning to think that it is not the security act they oppose but that they are against security, old age pensions and unemployment insurance itself. To come out against these issues would be political suicide so they oppose the laws passed to administer it.

Mormons Are Off the Dole, Says President Grant

SIX months ago the Latter Day Saints church—otherwise the Mormons—inaugurated a program to make every able bodied member self-supporting by October 1. In the great tabernacle at Salt Lake City Heber J. Grant, president of the church, told an audience of thousands that the plan had succeeded and that the drive had taken all the needy members off public relief. The church has consistently opposed "pay without work."

In reading his report President Grant took occasion to criticize the Townsend pension plan and government control of crops, and he warned the members to avoid "political entanglements."

Under the church relief drive, land was leased and the needy provided with implements for tilling. Women groups have made clothes and bedding. Members have contributed the financial equivalent of two meals monthly to a special fund.

In scattered storehouses, Mr. Grant reported, supplies have been laid up in generous quantities for distribution among the needy who helped produce them.

Under the program, the speaker declares, "the curse of idleness would be done away with, the evils of a dole abolished, and independence, thrift, and self-respect will be once more established amongst our people."

Social Security Act Is Due for a Court Test

UNITED STATES DISTRICT JUDGE C. B. KENNER of Montgomery, Ala., issued an order halting collection in Alabama of a one per cent payroll tax to finance the unemployment program. The result, it is expected, will be a clear cut test of the validity of the New Deal's social security act, for lawyers had no doubt the case would be carried to the United States Supreme court. The order was granted the Gulf States Steel corporation of Gadsden, Ala., on a plea that the unemployment insurance program, operated in co-operation with the federal government, violates both state and federal constitutions. A Supreme court hearing would carry the threat of possible invalidation of insurance and pension programs now under development in the several states.

Chicago Meat Packers Cited by Wallace

CHARGES of engaging in unfair practices have been filed against the Armour and Swift meat packing companies of Chicago, and Secretary of Agriculture Wallace has cited them for a hearing in New York on November 2, for violation of the packers and stockyards act of 1921.

According to Dr. A. W. Miller of the bureau of animal industry, the complaint was based on the charge that the packers had been obtaining business in violation of the law from steamship companies in New York.

Under the alleged illegal arrangement, Miller said, Armour and Swift had arranged a reciprocal agreement by which they sold meat to the ship owners and in return sent their exports abroad in their ships.

Another charge was that the packers had extended credit for longer periods for favored customers than for others.

Test Cases Started Under Robinson-Patman Act

THREE complaints were filed by the federal trade commission under the Robinson-Patman act, naming five concerns, launching the first move to test its powers under this far-reaching legislation which forbids the granting or receiving by merchandisers of discriminatory price discounts in interstate commerce.

The complaints named Montgomery Ward and Company, Inc.; Kraft - Phenix Cheese corporation, Chicago; Shefford Cheese company, Inc., Syracuse, N. Y.; Bird and Son, Inc., and Bird Floor Covering Sales corporation, East Walpole, Mass.

Montgomery Ward and Company is named jointly with Bird and Son and the Bird Floor Covering Sales corporation, a subsidiary. The complaint contends that the two Bird companies sold floor coverings to Montgomery Ward and company at substantially lower prices than to competing retailers.

Kraft-Phenix Cheese was charged with discriminating in price between purchasers, with the alleged effect of lessening and injuring competition between it and other manufacturers and distributors of similar products. Lessening of competition between customers of Kraft-Phenix was also alleged, and some of them

were alleged to have received favored prices.

In filing his bill of complaint, the commission pointed out that no allegation was made of "bad faith or any subterfuge or secrecy on the part of Kraft-Phenix in connection with its price policy."

Charges against Shefford Cheese were substantially the same as in the case of Kraft-Phenix.

Secretary Ickes Reports Alleged Collusive Bids

SECRETARY OF THE INTERIOR ICKES referred to the Department of Justice for investigation two new instances of alleged collusive bidding for federal construction material contracts. The charges are against seventeen copper cable and steel tubing firms. The Justice department already has under investigation previous charges made by Ickes of collusive bidding on steel contracts.

The projects affected were the North Platte reclamation development in Nebraska, and the Grand Coulee Dam in the Columbia river basin of Washington.

Many of the bids in both cases, said Mr. Ickes, were identical. However, in each case at least one bidder submitted different and lower figures, and the contracts were awarded.

Former Ambassador Straus Taken by Pneumonia

JESSE ISADOR STRAUS, merchant prince and, until his resignation last August, American ambassador to France, passed away in his New York home at the age of sixty-four.

The immediate cause of death was pneumonia, but Mr. Straus had been in ill health for some time, this being the reason for his retirement from the ambassadorship. Graduating from Harvard in 1893, Mr. Straus began work as a bank clerk. In 1896 he obtained employment with R. H. Macy & Co., big New York department store, and by 1919 was its president, holding that position until he was given the Paris post by President Roosevelt in 1933. He was a Democrat and was a member of the board of overseers of Harvard and of the American Academy of Political and Social Science. He maintained a country estate at Mount Kisco, N. Y., as well as a city apartment.

Italy's Cabinet Votes to Devalue the Lira

FOLLOWING the example set by France and other countries, the Italian cabinet voted to devalue the lira, setting its value at approximately 5.2 cents, as compared with the latest previous figure of 7.6 cents. The cabinet also let it be known that it would take action to prevent rent and price increases; and it voted a new 5 per cent capital levy to which property owners are obliged to subscribe to the extent of 5 per cent of their wealth.

The gold value of the lira was placed at 4.677 grams of gold for each 100 lire. Gold reserves of the Bank of Italy will be valued on the basis of the new lira with the surplus to be placed at the disposition of the treasury.

French Communists and Fascists Clash

FRANCE may be on the verge of a civil war between Communists and Fascists comparable to the terrible conflict in Spain. In Paris desperate fighting already has begun. The Reds, numbering many thousands, and the nationalists, under orders from Col. Francois de la Rocque whose Croix de Feu organization was disbanded by the government, undertook rival demonstrations; and the result was a day-long series of street battles in which hundreds were wounded. Order was finally restored for the time being by a force of 12,000 republican guards and police.

The Nationalist-rightists said the fighting "was only beginning." Troubles resulting from devaluation of the franc would be severe and numerous, they predicted. Leftists charged the battles were part of a rightist plot to provoke trouble for the Socialist government.

In London, also, there was a big riot in which a hundred persons were injured. Sir Oswald Mosley's Black Shirts, a Fascist organization, planned a parade but Communists and Socialists numbering 100,000 were determined to prevent it and battled with a big force of east end police to get at their enemies. The authorities forbade the parade as scheduled but the opposing mobs got together in various localities and fought desperately. Sir Oswald issued a statement charging that "the British government has openly surrendered to Red terror."

FROM AROUND MICHIGAN

Flint—The C. S. Mott foundation has announced a contribution of \$20,000 to be used in conjunction with the city school system to provide supervised recreation for both adults and children.

Lansing—A system of auxiliary fire stations in which fire apparatus can be cached for local use is being built for the department of conservation by CCC labor. The purpose is to eliminate time-consuming long-distance transport of heavy fire-fighting equipment in the areas involved.

Allegan—It has been reported that the damage caused in this county during the recent 2nd army maneuvers amounted to .7 of a cent per man. The remarkable record, as contrasted with the intense activity, was credited to careful planning, the reduction of fire hazard by rain and the hospitality of local residents.

Cheboygan—A change in the type of resorts made the summer a rosy one for hotel and cottage owners near Mackinac. A much larger proportion of middle class persons brought the total number higher than usual. The increase ranged up to 70 per cent, a figure noted by the Grand Hotel on Mackinac Island.

Lansing—In two more years there will not be a lot in Lansing unprovided with shade trees, according to Lee Bancroft, city forester. Lansing is one of the few cities in the United States which adopted a tree planting and tree removal schedule and has held it to year after year, it is said. The plan was put into effect 20 years ago.

Lansing—In a summary of federal expenditures from the \$4,800,000 relief appropriation passed by congress in 1935, the national emergency council reported that Michigan has spent \$109,221,045 from the state's allocation of \$144,051,689. Most of the unexpended balance of \$34,830,644 in the Michigan allocation has been obligated.

Charlotte — Charlotte postoffice has been designated as one of eight state bases in the cost survey being conducted by the postoffice department. Two offices in each of four classes have been selected in each state for the survey. In Michigan they include, among others, Charlotte and Negaunee in the second class. Complete records of every work transaction are being kept.

Traverse City—Perhaps one of the most unique displays of any city, is the model village of Traverse City itself, which is maintained here. Built at a cost of nearly \$25,000, the miniature city shows tiny landscaping, railroads, streets, buildings and even paint jobs exactly like the city itself. It is the outgrowth of a hobby of Con Foster, a retired circus man who lives here.

Lansing — The oil industry in Michigan has been given access to approximately 22,000 acres of state-owned land for development and in part payment has paid \$12,717 in bonuses into the state general fund. The land became available when private operators bid in the oil and gas lease rights on 21,949 acres of land held by the state in fee, at a public auction conducted by the department of conservation in Lansing.

Lansing—Despite one of the worst drouths in the history of Michigan agriculture, the state's hay supply is only 13 per cent smaller than the bumper production in 1935, according to a report issued by the federal hay and feed market news service. The production of tame hay, including all varieties and classes, is estimated at 3,094,000 tons, against 3,564,000 tons in 1935. The largest percentage of decrease took place in alfalfa.

South Haven—A new peach has been christened the Kalhaven at the South Haven Horticultural Experiment Station, its birthplace. Until recently it has been known only as seedling No. 10. For two years pomologists at Michigan State College, the Michigan Experiment Station and the South Haven station have been telling growers about this peach. Orchardists were permitted to see and taste the fruit, and pass judgment upon its merits.

East Lansing—The farm crops staff at Michigan State college is trying to develop a strain of corn with stalks too tough for the corn borer's drill. A. R. Marston and S. T. Dexter, in charge of the project, said they thought they were on the road to success. The tough-stalked corn was developed while Marston and Dexter were attempting to breed a strain the odor of which would repel the destructive pest, although it would not be noticeable to persons.

Paw Paw—A Michigan state police radio transmitting station will be operating here within two months. The new equipment is to be placed in the recently completed district headquarters at Paw Paw and consists of a 1,000-watt transmitter. Mobile units from the Paw Paw station and posts at White Pigeon and New Buffalo will be directed from the new station. The state police key station at East Lansing will continue regular transmission schedules to other points in the state as at present.

Now Ease Neuritis Pains Fast

Bayer Tablets Dissolve Almost Instantly

In 2 seconds by stop watch, a genuine BAYER Aspirin tablet starts to disintegrate and go to work. Drop a Bayer Aspirin tablet into a glass of water. By the time White the bottom of the glass it is disintegrating. What happens in this glass... happens in your stomach.

For Amazingly Quick Relief Get Genuine Bayer Aspirin

If you suffer from pains of neuritis what you want is quick relief. Genuine Bayer Aspirin tablets give quick relief, for one reason, because they dissolve or disintegrate almost instantly they touch moisture. (Note illustration above.)

Hence—when you take a real Bayer Aspirin tablet it starts to dissolve almost as quickly as you swallow it. And thus is ready to start working almost instantly... headaches, neuralgia and neuritis pains start easing almost at once.

That's why millions never ask for aspirin by the name aspirin alone when they buy, but always say "BAYER ASPIRIN" and see that they get it.

Try it. You'll say it's marvelous.

Michigan has won some new laurels in wool production and this time from western states where fleeces are far more numerous. Five fleeces selected from winners at the recent state fair in Detroit were sent out to the tenth annual Pacific International wool show at Portland, Ore. D. H. LaVoi, extension specialist in animal husbandry at Michigan State College, received word that four of them took

were exhibited by O. W. Sober and Son, Fowlerville, two Shropshire trophies; L. E. and Sidney Howard, Alanson, Hampshire fleeces; and George Hais, Chelsea, Black Top Delaine fleece. Other entries are awaiting judging in the Texas Centennial at Dallas and more Michigan competition of perhaps 30 fleeces will be in a state show and individual judging at the International Live Stock Exposition in Chicago in late November.

ENDS AND AIMS OF DEMOCRATIC PARTY

I have been intensely interested in the political situation growing out of the present campaign. My contacts with business and my clients and my knowledge of public affairs since 1929 has been rather intimate. I saw the peak of prosperity in 1929 and I saw my clients, myself personally and all my friends in the deepest depression of 1932 and 1933. I have watched as carefully as I could the President, United States Senate and the House of Representatives regardless of party ties during 1933 and 1934 to remedy and change the conditions. I was impressed by the spirit of all the people of this country in their desire to work out from under the terrible conditions. The efforts made during 1933 and 1934 seem to be made by and to the result of combined efforts of everybody in the United States and resulted in a series of upward of twenty concrete legislative acts all planned for the express purpose and benefit of some class or group of people in distress.

Where local townships or city communities or state communities were unable to carry the burden it was the consensus of opinion of all the leaders regardless of parties that the Federal Government should participate in bringing back prosperity, happiness and more comfortable conditions. As a result of that genuine effort the Federal Administration under President Roosevelt has undertaken to be helpful to the State of Michigan, the U. S. C. has loaned to various business agencies, banks, trust companies, corporations, etc. from March 4, 1933 to June 30, 1936 in the State of Michigan \$329,479,667. Through Farm Credit Administration, Federal Housing Administration, Resettlement Administration, H. O. L. C. Public Works Administration additional loans have been made until the Federal Government has placed in the State of Michigan in the form of loans \$999,066,282.

In addition to that there have been made in the form of grants and allotments the payment of which was not to be repaid, through Agricultural Agency Administration, Resettlement, Bureau of Public Roads, Public Works Administration, Emergency Relief Act of 1933 an additional \$354,551,025 or a total of \$1,044,027,887 has come from the Federal Government into the State of Michigan since March 4, 1933 to June 30, 1936.

It must necessarily follow that the receipt of this money by the various beneficiaries of the various loans or grants and gifts has placed the State of Michigan upon a new billion dollars that otherwise would have not been here. The mere presence of that amount of money in the State of Michigan in the hands of people who must spend it to live to get some comfort and enjoyment out of life has without question added to the great benefit of the people of this State. To me it appears to be reflected in the tremendous sale of automobiles and all kinds of business, mercantile, transportation and every other item of activity, shows a greater degree of prosperity at the present time in the State of Michigan than has been here since 1931 and is practically equal to the peak of good times of 1929.

Any individual in the State of Michigan be he rich, well to do, or poor, has only to sit down and take inventory of his own conditions in March, 1933, and having done so can there be any answer other than that the principal issue before the people today is to continue the prosperity that has been developed in the last three years.

Is it good judgment or good sense to take any chance on an election result that must either in its effect approve what has been done or condemn it.

The history of all nations of the world at the present time should convince anyone that the greatest problem and most essential function of government is to keep the people of the nation busy and satisfied. Germany, Italy, Austria, Spain and even the riots in London seem to have resulted from lack of work, lack of opportunity and empty stomachs.

The great issue therefore is to have that kind of government which is as directly as possible responsible to the people of the nation and to keep all people comfortable, contented and happy.

Regardless of any political discussion there cannot be avoided the conclusion that the activities of the Federal Government in assisting every state, every locality and every group of people has been, if not completely, responsible for the change materially and largely contributed to the conditions now existing.

Substantially every county in the State of Michigan and in the nation has been aided and the fact that localities have been recipients of loans or grants and have been able to keep large numbers of people at work and the result of the Administration's policy has been that nearly every county in the State of Michigan needs only look at its own records to see

SCOUT COURT FOR LIVINGSTON COUNTY SCHEDULED FOR NOVEMBER 9

A rally of all Scout troops in Livingston County with a Court of Honor was a main feature of the program which was scheduled for Monday evening November 9 to be held at the Howell high school, according to an announcement made by John S. Page, President of the Washtenaw-Livingston Boy Scout Council. Scout groups are expected to attend Brighton, Pinckney, Whitmore Lake, Hartland, Fowlerville and Howell.

how it has benefited from this change. There was organized for Livingston in the form of loans by the RFC as of June 30, 1936, \$8,736,000 of which \$5,972,659 has been actually disbursed.

In Calhoun County there was authorized by this agency alone \$9,053,827.70 of which there was actually disbursed, \$4,461,469.68.

Kent County authorized \$26,288,125.90. Actually disbursed \$21,803,141.97.

Alber in the Upper Peninsula, amount authorized \$152,000 actually disbursed \$62,000.

Baraga County in the Upper Peninsula, authorized \$255,000 actually disbursed \$197,000.

Both Alger and Baraga counties are in the Upper Peninsula and both of them are smaller counties of the Upper Peninsula, but Marquette County has authorized \$1,174,300.00 and actually disbursed \$1,432,293.62.

Is there any conclusion that can be derived except that the people of the State of Michigan have been aided, helped, sustained, comforted and made reasonably happy by the activities of the Federal Administration in trying to help the people of the State of Michigan. Under the auspices of the State Central Committee.

Respectfully yours,
Edmund C. Shields

PINCKNEY LOSES AT FOWLerville FAIR

The Pinckney base ball team ended the season by losing their final contest at the Fowlerville Fair last Friday to Fowlerville 8 to 6. This game was played in a rainstorm and Pinckney led 5 to 2 up to the 7th inning when the ball got too wet to handle. No dry ones were forthcoming and Harlo Haines, pitching for Pinckney, was unable to get the wet ball across and walked three men, by means of these and three hits, Fowlerville scored 6 runs. Johnson the Hamburg pitcher, was taken out at this time and replaced by Stevens of Stokbridge. He was given a dry ball and Pinckney got one run off his delivery the last three innings. Harlo also shut Fowlerville out the last two innings. Up to the seventh inning Fowlerville only got four hits off Haines. On a dry field he would have won easily.

Walter L. Brown who writes for the Anti-New Deal papers, condenses these phases of the Republican attack. These are the London speeches against reciprocal treaties, the Knox bank deposit and insurance scare speeches and the Communism scare. If they bring victory it will be a disgraceful one.

Crichton J. Hill, an editor of the Walter Babson reports asserted in a speech last week before the 23rd annual National Business conference that statistics indicate a Roosevelt victory. London has a chance to win but heering the unexpected all signs and statistics forecast a Roosevelt victory.

Dear Sir:

What about the new School Building? Did the contract not call for this Building to be entirely completed some time in September? The building has lots of work to be done yet before same is completed. What is holding this up?

The building is sorely needed, and we are paying interest of \$1,000.00 per year on something we are not getting no use of. No men are at work on same at the present time. Why not?

"THOSE 12 LONG, TRAGIC YEARS"

Let's sing a song my hearties, and dry away those tears,
 Let's all tune up and sing strong,
 Of those 12 long dreary years,
 When Uncle Andy Mellon,
 Held all that purse strings tight,
 "Huzrah for his Aluminum"
 Monopoly's bestial might,
 Of the tragic days of Daugherty,
 The Cabinet and the Fall,
 The wee, green house, just down the street where the Big Boy's,
 "Hit the Ball"
 When Corruption stalked throughout the land, e'en in the Cabinet,
 Where a Judas or an Arnold,
 Would be welcomed as a pet.
 Ah yes - we DO remember,
 Those 12 long, weary years,
 With 10c corn and quarter wheat,
 We raid - with bitter tears,
 And Banks a bustin' left and right,
 13 millions out of work,
 Our Farms and Homes foreclosed on,
 (rats in every corner, lurk),
 AND THEN - the joys of Roosevelt,
 his heart for the Common Man,
 With Farms and Homes protected,
 Monopoly under ban,
 And Heart and Home and Wages,
 yes Independence, too
 And wondrous Happiness for all,
 and not the favored few.
 Believe Me Child, Keep Roosevelt in,
 whose great heart beats for ALL,
 Who's turned this drear old U. S. A.,
 from gloom to banquet hall,
 Who NEEDS the four years more to make,
 his Gracious work
 WELL DONE
 Who'll keep Old Glory waving,
 then FIGHT, 'til Victory's won.

A GAME

This is a free country. We hear the phrase used continually and accept our status as free people as a matter of fact. At the time Columbus discovered this country men were searching for freedom from the monarchies of the Old World. Even this new found freedom was soon to be insufficient, because the Old World still attempted to control the activities of the colonies. The American Revolution became a necessity. It was fought for a complete severance of European domination of two ways of living—the old way or feudal system; the new way, each man his own king; responsible to his fellowmen only as far as maintenance of social order required.

Our only rules of conduct are the rules we have put upon ourselves in the Constitution and the acts of Congress. There are laws which we follow that operate though they are not written on any statute book in the world. These are the economic laws. Supply and Demand. Diminishing Returns, and many phases, laws in relation to money and credit, an operate without police power to enforce them. Through lack of interference by government in the operation of these laws, we have grown to be known as the only free people of the civilized world. The way in which we conform to them determines the amount of success that we enjoy in life. Much success can be gained under our system through being thrifty, thus as a bank we try to direct your attention to saving and careful management of your finances. Saving will help insure the operation of these economic laws in your favor. Start a savings account immediately.

All deposits up to \$5,000 insured by our membership in Federal Insurance Corporation.
