Philathea Notes

A large class last Sunday gave close attention as we "refreshed" our memories of Mark's account of the crucifixion of Jesus and subsequent events. Our study of the life of Christ follows on with next Sunday's lesson from Mark 16:1-8, 14-16, 19, 20. "Sharing Service with the Living Christ".

One problem for discussion next Sunday is this: "What Change did belief in the Resurrection make in Peter?" what, if any changes has it made in us?

The Benevolence Treasurer is glad of the co-operation in Missionary raising, and acknowledges \$1.31 from envelopes and a box on last Sunday.

Join our Philathea Class for the discussion next Sunday, or else one of the other fine classes in our Sunday School.

Last Week of Jury Cases

Terms Ends July 1. Extra Jury Panel Is Called

This is the last week of jury cases in the May term of court. The Joe Ball vs Steve Kontak et al auto damage case and the Ancil vs Floyd English auto damage suit are scheduled for trial. The following two weeks will be chancery and non-jury cases and the term will end on July 1st.

The next term will be in September. The jury panel has been exhausted for this term and a new one has been drawn. The new jury members from Putnam are Wm. Dilloway and Mrs. Florence AtLee. The Kontak case is expected to be a long drawn out affair as several beer dealers at Howell and their bonding companies are included as defendants. Jay P. Sweeney and a Detroit law firm are Ball's attorneys and Don VanWinkle, Shield & Smith, Glen Yelland and others are attorneys for the many defendants.

Last week was another short session, the judge going home Wednesday as no more cases are ready. Steve Korn and Stanley Pawlukiewicz, chicken thieves, were given 5 years each in Jackson. Tuesday F. E. Barron was admitted to the practice of law by Judge Collins.

Wednesday the case of Roy Brown vs Wm. McPherson III to establish a constructive trust was tried. The judge took the case under advisement and will render a decision later. Joe Gates and Don VanWinkle represented Brown and Shield & Smith the McPhersons.

ATTEND FIRE CHIEFS MEETING

Fire Chief Stanley Dinkel and assistant fire chief Wm. Dilloway attended a meeting of fire dept. chiefs held at Brighton last Wednesday night. Howell Gregory, Brighton, and Pinckney departments, were represented. Ways and means were discussed for billing nearby townships for fire protection. No conclusion was reached at as in some cases like Howell and Brighton, the township own part of the fire engine. A communication from fire marshal's dept. was read stating that each city or village should have two fire engines for the reason that insurances were based upon the means of fire protection and if the village or city fire engine was absent outside the city limits fighting a fire, the city was without protection and the insurance companies could cancel the policies based on the protection afforded by the fire engine. We understand that more of these meetings will be held and efforts will be made to have South Lyon and Fowlerville represented at the next one.

MARRIAGE LICENSES

The following marriage licenses were issued at the county clerk's office last week: Melton Geer, 23, Howell, Ruby Hunter, 24, Howell; David Hicks, 23, Brighton, Emily French, 24, Howell; Henry Clark, 27, Detroit, Dorothy Cullen, 23, Hartland; Lewis Lonier, 24, Lansing; Julia Doherr, 21, Fowlerville.

CARD OF THANKS

I wish to extend my sincere thanks to all who so kindly remembered me with flowers, acts of kindness and cards.

Mrs. Mable Suydam.

Mr. and Mrs. Mylo Kettler and daughters of Eaton Rapids spent the week end at the S. H. Carr home. Wm. Suydam and Billy and Ed-die McVeigh of Jackson visited Mrs. Mable Suydam at the home of Mr. and Mrs. M. J. Reason Monday.

Walter Glover and wife of Fowlerville visited Mr. and Mrs. L. C. Gordon Sunday.

Waiting for the Summer Rush

Boys State in Session Now

Mythical 49th State of the Union Elects Officers at Michigan State College. 800 Boys from all Parts of the State Cast Votes

William Baughn of Pinckney left Thursday as the local representative to the Boys State in session at East Lansing, Michigan State College on June 16-25. This is sponsored by the American Legion and is for the purpose of teaching citizenship and making better citizens. The boys are quartered in the ball room and in the gymnasium on cots in eight counties of 100 boys each. Each county boasts of 2 cities of 50 boys each. 20 law students of the U. of M. act as counselors. Friday they were welcomed by President Shaw of Michigan State and speeches were made by President Baughn, of the U. of M., Fielding H. Yost, Coach Eachman and Ralph Young athletic director. An athletic program is put on every day from 2 to 5 p. m.

On Saturday each County there held caucuses and the election for the mythical 49th state of the union took place Saturday. Chief Justice Walter North of the supreme court administered the oath of office to the elected officers and Judge Arthur Tuttle gave an address in the evening. The officers were as follows: Governor, David Canham, of Highland Park; Lt. Governor, Leroy Wheeler; Centerline Sec. of State, Joseph Wheeler, South Haven; Treasurer, Jack McCormick, Detroit; Aud. Gen. Charles Thatcher, Escanaba; Attorney Gen. Robt. Goldstaff, Detroit; Supt. of Ed., James Orton, Detroit; Supreme Court Justices, Bernard Diedrich, East Detroit, Wm. Tate, Flint; Wm. Halliday, Royal Oak; Robt. Brown, Plymouth, Carol Williams, Battle Creek, Stanley Conely, Alpena, Arthur Fisher, Niles, Robt. Robertson, Detroit.

Sunday Chaplain Lawler conducted services in the assembly hall. Catholic statemen attended the Church of the Resurrection. In the afternoon drum and bugle corps of Ann Arbor, Albion, Lansing and Detroit paraded. A Red Cross tent has been set up and the boys are getting out a paper called the Wolverine Whirligig.

While the American Legion sponsors the project, the expenses of \$12,500 per boy are paid by churches, fraternal societies, chambers of commerce, and other organizations who are given the opportunity to aid in this way.

The following boys from Livingston County are delegates to the Boys State: Wm. Baughn, Pinckney; Carl Hill, Richard Ross, Carl Ott, Howell; Lyle Voigt, Howard Marvin and Clinton Melvin, Fowlerville; Gerald Liebeck, Brighton; Elwood Rockwell, Gregory; Russell Harr and Gordon Dieterling, Webberville; R. F. D. Hill has been elected advisor to the governor; Ross, U. of M. Regent and Marvin to State Board of Agriculture.

The following from here attended the Detroit-Boston double header at Detroit Tuesday: Orville Smith, M. E. Darrow, Willis Caulk, Harry Murphy, Lawrence Murphy, Stanley Dinkel and Wm. Delan of Dexter stuck.

JACKSON COUNTY PAID THE BILL

Herman Teeple, the truck driver who bilked Pinckney farmers out of some \$600 in milk checks last April has been returned to Jackson county for trial. Sheriff Howard Purdy and Deputy James Coffee went after him to Portland, Oregon, where he was arrested. The trip was 5,400 miles and took ten days. We wonder if it was worth it. Undoubtedly the \$600 in milk checks would hardly cover it. Livingston county had several such trips a few years ago. On one of them the board of supervisors refused to approve the bill and held it up about a year until it was reduced. Teeple's offense was committed in Jackson county.

We understand that with one or two exceptions the Grass Lake bank made all the checks cashed by Teeple good. The exceptions were those Teeple had been given permission to cash.

STAGE PLOWING CONTEST

Lucius Wilson, sr. and Earl E. Baughn put their "Earthworm" tractor in a plowing contest on the farm occupied by Dan Rielly in Dexter township Friday. The other contestant was Hugh Doolittle and his Allis Chalmers tractor. The ground selected for trial had not been plowed for about 25 years. It consisted of a heavy blue clay, marshy ground with a creek running through it and hills. The Earthworm driven by Baughn, made a complete circuit of the field without mishap, the Allis Chalmers, however, got stuck on the grade. The Earthworm tractor is equipped with specially built lugs which prevents the wheels from spinning and makes it impossible for the tractor to get stuck.

Fishing Season Opens

Saturday, June 25th

1938 Fishing Season is Scheduled to Be Opened June 25. A Number of Changes are Listed in the Fishing Laws.

A last minute glance at a digest of the state's fishing laws, before the 1938 season opens this coming Saturday, shows a number of points which sporting fishermen always keep in mind.

Six inches in the minimum legal size for perch, bluegills, and sunfish, among the most popular of the pan-fish" species. Keeper size for both large and small mouth bass is 10 inches; 14 inches for pike; and seven inches for all three species of trout—brook, brown and rainbow.

The maximum number of perch which a fisherman can take in one day or have in his possession at one time is 25 for inland waters and 50 for the great lakes and certain inland lakes designated by law. This is the first year a limit in number has been applied to this species on the great lakes.

The legal maximum for pike is five, as well as for black bass. There is a limit of 25 on bluegills, sunfish, warmouth bass, crappies and perch, which may be figured for any one of the species or for a combination of them so long as the grand total does not exceed 25.

Under the new regulations, resident anglers who purchased licenses for the trout season are legally qualified for the pan-fish season, this permit being good for all species which are lawful take. Other anglers who do not intend to try for trout may obtain the "resident non-trout license" for 50 cents, which with an identification will entitle his wife to fish with additional charge.

Out of state fishermen are offered two kinds of licenses. One is a "non-resident annual fishing" permit which costs two dollars and permits the licensee to take all authorized species. The other license, costing one dollar, is the non-resident 10 day permit which entitles the licensee to take all legal species for 10 days from date of issue. In both cases wives may obtain the license for 50 cents.

All persons over 17 years of age must have licenses this year, the minimum having been reduced from 18 years of age.

PINCKNEY BOYS STAGE DISAPPEARANCE

Pinckney was thrown into an uproar last Thursday night by the disappearance of two twelve year old boys, Robert DeBarr and Douglas Plummer. The former's mother works in Lansing and he makes his home with the DeBarr sisters, Dorothy and Amanda, cousins of his. He determined to visit her and started off accompanied by the Plummer boy on foot Thursday night. When they failed to come home, the sheriff was called and searching parties were formed and began to scour the country for them. No trace was found and the state police at Lansing broadcast their description. About 4:00 a. m. they were found walking along the railroad track near Gregory. They claimed they had spent the night in the Sprout cemetery and seemed none the worse for their experience.

CAMPBELL — BRIGGS

The marriage of Rollin H. Briggs son of Mrs. E. J. Briggs of Howell, formerly of Pinckney, and Miss Ruth Campbell took place at the home of the bride in Decatur, Illinois, on June 14, 1938.

Mr. Briggs is an electrical engineer in the research laboratories of the Dow Chemical Co. of Midland Michigan. Mrs. Briggs has held a very good position as teacher in the high schools of Midland for the past eight years.

ASCHENBRENNER — COLONE

Mr. and Mrs. Julius Aschenbrenner are announcing the marriage of their daughter, Elizabeth, to John Colone of Detroit. The marriage took place at Crown Point, Ind., the morning of June 11th.

After spending a week touring Indiana and visiting Chicago, the young couple returned to Ypsilanti to make their home at 520 Congress Street.

CURRENT COMMENT

"By Ye Editor"

Henry Ford celebrated the 35th anniversary of the founding of the Ford Motor Co. at the River Rouge plant last Thursday at which plant he is inaugurating a \$40,000,000 expansion program. He reflected the spirit of optimism and said this country has before it its greatest period of prosperity. He scoffed at the pessimists and crepe hangers who see nothing but disaster ahead. We wonder if this quality is not the main reason that Ford continues to hold first place among the industrialists of the world from which his opponents of other days, the Leland, Dodge, Durants and Joys have completely disappeared.

We occasionally hear of white black birds. Now there is talk of white black boards. Scientists have long claimed that slate black boards absorb too much light and hurt the pupils' eyes. In New York white black boards will be tried out. These are made of coated glass. The big draw back seems to be that black chalk must be used. This should favor the laundry men.

The slot machine seems to bear more charmed lives than a cat. Of late they have been reappearing and the sheriffs of Ingham, Jackson and other counties have been gathering them in. With the resort season opening many are expected to appear. We have heard of none operating in this county and thanks to Sheriff Kennedy and the prosecutor we doubt any will be allowed to. This is one time in the history of the county when these machines do not exist.

Former President Hoover announces that he will take the stump and play a prominent part in this fall's campaign. He still considers himself the spokesman for the Republican party and there seems to be no way in which they can sidetrack him. He is regarded as a doubtful asset by many members of his party. During his term of office he never understood the great mass of working people and did nothing to meet changing conditions. He placed all his reliance on big business and they let him down.

Congress in its closing days passed a civil service bill making first, second and third class postmasters career men and virtually giving them a life lease in office. This has been agitated before when the Republicans were in power but they never had the majority to put it over. As the postmasters now are nearly all Democrats they will be continued in power. When their present term expires they must take a non-competitive civil service examination. If a vacancy occurs the president will appoint one from the three persons having the highest mark in an examination.

A determined effort is being made by federal authorities to stamp out the marijuana evil. In the federal court at Bay City last week three Lansing men were all given prison sentences in Leavenworth for having the drug in their possession. They were evidently Mexicans by their names. This class are inveterate users of the drug and brought it into this country when they were imported here to work in the beet fields.

We read in the paper that an organization called the "Nazi Crusaders" has been formed at Stettin, Germany, which has for its object the replacing of the Christian Cross by the Nazi Swastika. It demands the creation of a Nazi Reich Church for Germany and would substitute Chancellor Hitler's book, "My Struggle", for the Bible. This seems to be little different than the Communist plan of obliterating religion. More and more people are beginning to regard Communism and Hitlerism as nearly identical in their aims.

WIN FROM SANITARIUM TEAM PINCKNEY SOFT BALL LEAGUE

Pinckney played the fourth game with the Michigan State Sanitarium team last Friday night and won 9 to 8. This gives them an even break in four games played. The game was tight all the way. Pinckney got a run in the first when E. Meyer doubled and scored on hits by Ben VanBlaricum and M. Ledwidge's sacrifice fly. The Sanitarium tied the score in their half of this inning.

Pinckney forged ahead in the 4th when E. Meyer again doubled with the bases full. In the 5th Pinckney scored again. The Sanitarium got runs in the 5th and 2 in the 6th giving them a one run lead. In the 7th VanBlaricum walked out was out stealing second. Ledwidge fled out. Singer and H. Ledwidge walked. M. Meabon batted for K. Ledwidge and after getting two strikes called on him hit a high bouncer over the second baseman's head, scoring both runners. Lavey fled out. In the last half of the inning, Graves singled but Reagor and Beaupre popped out and A. Singer threw out Bishop.

LOANS ON WHEAT TO BE AVAILABLE TO FARMERS

Loans on 1938 wheat will be available to any wheat producer upon whose farm the acreage of total soil depleting crops for 1938 has not exceeded 100 percent of the soil depleting acreage allotment established in accordance with the provisions of the 1938 Agricultural Conservation Program, Earl Grubb, chairman of the Livingston County Agricultural Conservation Committee announced this week.

Loans will be made on all classes of wheat grading number three better, stored in federally licensed warehouses or in acceptable storage on farms. Farm storage should be of substantial and permanent construction and to insure protection from thieves, rodents, and weather.

The loan rate will be determined on the basis of number one grade wheat, taking into consideration the amount of wheat in excess of a normal year's domestic consumption and exports and the parity price rate. Interest rate on wheat loans is 4 percent per annum. Wheat loans are being offered because of the expected large crop, due to the record acreage and exceptional growing conditions this year, and to the large 1937 carry-over. A substantial part of this excess should be retained on the farms to protect the producers against income reducing effects of selling to an over supply in the market.

... the new 1938-model electric ranges

Beauty of design features the 1938 electric ranges! Smooth lines and gleaming surfaces, rounded corners and bright chrome trimmings make these attractive new cabinet models truly distinctive in appearance. There is a practical reason, too, for these polished surfaces: Cleaning the range becomes vastly simplified. There are no nooks and crannies where dust can collect, no cracks and crevices and hard-to-get-at corners to gather dirt. The range need only be wiped with a damp cloth.

You will like other features, too—the ease with which you can keep your entire kitchen bright and sparkling. Your walls and curtains will remain fresh for a much longer period of time, with less frequent redecorating. Pure

heat from a glowing wire — heat as clean as sunlight — keeps cooking utensils as bright as the first time you used them. They require practically no scouring.

Your family will be enthusiastic about the deliciously different flavor of electric cooking — the natural flavor of meats and vegetables, cooked to melting tenderness in their own juices. You will like the waterless method of cooking, with precious minerals and important food values SEALED-IN. And you will enjoy the convenience of an electric range... the extra leisure it brings, the hours of freedom away from the kitchen. An electric range is a big time-saver—of your time! Stop in at your dealer's and see the new electric ranges today.

See the new electric ranges on display at department stores, electrical dealers or at your Detroit Edison office.

JULY 26TH DEADLINE SET FOR PETITIONS

Candidates for the nomination of the offices of Governor, Lt. Governor, Representative in Congress, the State Senator, Representative to the State Legislature and County Officials on the Democratic and Republican tickets must file their nominating petitions not later than 5:00 p. m., eastern standard time, Tuesday, July 26th according to Act 351 of the Michigan Public Acts of 1925. Candidates also will be nominated to fill the vacancies in the office of Circuit Judge in the seventh, seventeenth and thirty-second judicial circuits. In districts comprising more than one county, the candidates must file their petitions with the Secretary of State, and in single county districts, candidates file their petitions with the county clerk.

The minimum number of petitioners whose names must be signed to petitions of candidates for the office of Governor and Lt. Governor is prescribed by the election laws, as being equal to not less than one per cent of the vote polled in the last preceding November election for the office of Secretary of State.

Further provisions on this point are that petitions must be signed by at least one hundred residents in each of at least twenty counties of the state, and not more than 25 per cent of the minimum required number of signatures being those of voters residing in any one county. These latter provisions apply to candidates for Governor and Lt. Governor only. Democratic candidates for these two offices must file petitions bearing at least 8,486 names; Republican candidates must file their petitions bearing at least 8,068 names.

2 TOWNS TO TRY SUPERVISED PLAY

Two southern Michigan towns will try supervised play to keep children off the streets this summer. Williamston and Webberville are the towns making the plans.

One woman resident of Williamston started the program when she made the comment, "There are 42 children in my block and many have no play equipment to amuse them during the school vacation."

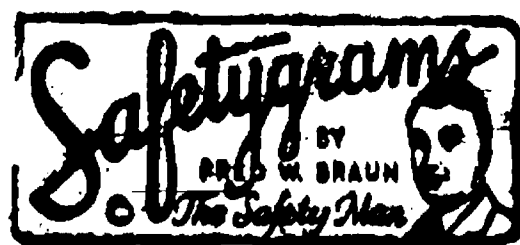

Fraternal organizations, service clubs, Boy Scout groups and extension projects groups under the leadership of Michigan State College are cooperating as the result of an initial meeting. Ivah Burns and Mrs. Blanch Merryfield called the first meeting.

First on the program was to list available equipment that could be used. Rainy day activities will be offered by Glenn Bray, superintendent of schools, and by the other cooperating agencies.

Boy Scouts took on the job of making sand boxes. Younger children will use school equipment while older boys will use a county ball diamond. Rainy day activities will be centered in the Kiwanis club hall. Volley ball, croquet and horse shoes

are to be used. Three workers, two to be provided by WPA funds, are to direct the recreation.

Mrs. Bertine Benedict, home demonstration extension agent for Ingham county, is working with the local committees. Another advisor is Alice Hutchinson, child development specialist at Michigan State College. Less mischief to annoy parents and neighbors is expected to be one of the major benefits of the summer play program, although less important than the effect of keeping the children off the streets.

Honestly now, what's your hurry? Have you ever been confronted by an officer of the law who asked you, "Where is the fire?", or, "What's your hurry?"

Some countries handle speeders entirely differently from the way America does. In Jugoslavia traffic officials don't ask questions. If an officer finds a speeder, he maneuvers the driver over to the curb and politely lets the air out of the tires. No ticket is issued. Pumping air back into four tires leaves a lasting impression on the driver.

It is a good lesson in safety. Too many times people pass us 60 feet from a stop light which shows red, only to have to wait until they get the signal to go ahead. How silly, and how dangerous. It's smart to be careful.

LAVERNE D. BROKAW

L. D. Brokaw, born August 1849 in New York state, early pioneer to Michigan and loved and respected for three quarters of a century by both early and later residents of Pinckney was brought to the family burial plot here Monday, June 13 for interment. For some years he had resided with his sister, Sabra B. Rose, of Bay City, at whose home he died Saturday, June 11, 1938.

At an early age he engaged in work in the oil fields of Pennsylvania being instrumental in establishing that industry much as it is known today and among the first builders of Oil City, Pa., named for that product. From there he was called to Chicago by one of the first large drilling companies to be formed by America, and for some years conducted experimental drillings for them throughout the south and the south-west. Later he was a prominent figure in the early days of the wild west, driving stage coach from Fort Laramie to Deadwood in a day when the Fort was the last Government frontier establishment against the Indians. He prospected widely in the Black Hills of the Dakotas, and helped locate Homestead Mine, still in production and whose stock was the only mining stock to maintain its value through the recent depression. Among his intimate acquaintances appeared such names as that of General Babcock, Lieutenant Lindsay of the West Cavalry Wm. (Buffalo Bill) Cody, Calamity Jane, and W. H. Harriman, the railroad capitalist. His was the distinction if being on the jury that tried and acquitted Wild Bill Hickok and he knew the James Brothers personally.

A few years ago he collaborated with the nationally known writer whose series of articles on the wild west were running in the columns of the Saturday Evening Post.

In 1878 he returned to Pinckney Michigan, and took up residence with his parents, Isaac and Lavina Cate Brokaw, who had pioneered to Michigan in the meantime, on the Cate farm south of town afterward called the Dunning place. It was here he brought his bride following his marriage December 22, 1881, to Louise Reeves of Pinckney, and one child, Kitey Angeline, was born. In 1885 he moved to Howell, where he was always active in the public life of the county, filling the position, among others, of County Clerk. He was also a prominent merchant there, conducting a large furniture and china store for many years.

The passing of this valiant spirit will start a train of reminiscence in minds of remaining "old timers" that will bring the mist to many an eye, and a heart throb of memory of years that are gone. Always a helper of stone in the good development of the community where he lived, always constructive, a true friend and a true gentleman of the old school, his works will not soon be destroyed.

STATE OF MICHIGAN

The Circuit Court For The County of Livingston in Chancery.

Eunice Schuchard, Plaintiff,

vs

Russell Palmer, Albert Crane, Phebe J. Russell, and their unknown heirs, devisees, legatees and assigns, defendants.

Suit pending in the Circuit Court for the County of Livingston in Chancery at Howell, Michigan, on the 16th day of June 1938.

It appearing from the sworn bill of complaint as filed in said cause, and the plaintiff has not been able after diligent search and inquiry to ascertain whether the said defendants are alive or dead, or where they may reside if living or if they have any personal representatives or heirs living, or where they or any of them may reside, or whether the title, interest, claim, lien or possible right, of these defendants have been assigned to any other person or persons or whether such title, interest, claim lien or possible right has been disposed of by will by the said defendants.

And it further appearing that the plaintiff does not know and has been unable after diligent search and inquiry to ascertain the names of the persons who are included as defendants without being named.

Upon motion therefore of Don W. VanWinkle, attorney for plaintiff, it is ordered that the above named defendants and their unknown heirs, devisees, legatees and assigns, cause their appearance to be entered here-in within three months from the date hereof, and that in default thereof said bill be taken as confessed by said defendants and each and all of them.

It is further ordered that the plaintiff cause this order to be published within forty days in the Pinckney Dispatch, a newspaper printed, published and circulating in said County, once in each week for at least six successive weeks.

A true copy.

Don W. VanWinkle,

Circuit Court Commissioner,

Livingston County, Michigan.

John A. Hagman,

Clerk

MICHIGAN—
where
vacation dreams
come **TRUE**

To be free from care
... drive with care!

When you dream of the perfect vacation, have you a favorite background in mind? Here are some that Michigan provides! Swimming pools at gay resorts... fine motor roads through lovely scenery... the world's largest inland steamships. Fishing streams, historic sights, famous industrial plants well worth a visit, State Parks with camping sites galore.

And thousands of lakes—some so large that you bathe in sea-like surf... and others so small that your canoe glides in utter stillness as you watch the sun go down.

The vacation of your dreams will cost less in Michigan... for the playgrounds here, being nearer, make your money go farther!

Drainage practices that control erosion also help farmers to get the maximum benefit from rainfall during periods when they need it most. Since run off water is the principal agent of erosion in this section, any practice that controls erosion and control run off.

Property constructed terraces, contour cultivation, and contour pastures provide mechanical methods which increase absorption. Crop rotations which make the soil porous, the use of strips of permanent hay crops, good weed and unburned woodland, and the moisture content of the soil by holding back run off of water.

With abundant annual rainfall in this section, the problem is not one of getting enough rain, but rather getting it at the proper time. Moisture stored in the ground by these conservation farming practices tend to alleviate the damage to crops during the periods of extended drought.

The state of Michigan now has about 279,800 acres of land under lease for gas and oil development. Last year the state took in \$690,000 in oil and gas leases.

The first week in June showed an increase of only two acres in the forest fire losses over the last week in May.

Four men arrested in Genesee county who had frogs in their possession during the season opened on June 1st were fined \$8.50 each.

76 new highway warning signs made by CCC workers have been set up along the highways in forest fire zones.

More than 100 different kinds of ants are found in Michigan.

A doe deer killed by an auto at St. Ignace recently was found to be carrying two unborn fawns.

Human carelessness is responsible for most forest fires. Burning brush, throwing away lighted matches and cigarettes are a frequent cause. There are two periods of the year when most fires occur. One is in April when many people burn brush and brush. The other is in August during the dry period.

212 banquet tickets were sold at the Dexter high school alumni banquet.

Those enjoying Mrs. Seckel's hospitality were, Mrs. Nellie Frye, Mrs. Charlie Temple, Mrs. Wade Freeman, Mrs. Norma Reason, Mrs. Iva May, and Mrs. G. B. Wilson.

DR. ROYAL S. COPELAND

The untimely death of Dr. Royal S. Copeland, former Dexter boy, has been given much space by the press throughout the nation. Some intimate that lady luck played a large part in his success while another paper says he had a knack of making himself known beyond his importance. Both may be true to a certain degree but he also had a knack for getting free publicity and never slipped up when an opportunity presented itself. The editor knew him and also his father and mother before him. His father was a farmer and later a grain merchant at Dexter. He was mayor of that village for years and a director of the school board. The senator became a doctor and practiced medicine for a time and later headed a dept. at the University of Michigan. The university with its many employees furnishes Ann Arbor with many mayors and at the age of 33 Dr. Copeland was elected mayor of that city. Politics intrigued him and he announced his candidacy for the Republican nomination for congress in the second district. Charles Townsend, of Jackson, later U. S. Senator had a strange hold on that job then and apparently Dr. Copeland was convinced of the impossibility of defeating him, for his candidacy never materialized. Still he had ambitions and became convinced that Ann Arbor was too small for him to realize them. In 1891 he had married Mary Ryan, a daughter of Rev. Ryan, a presiding elder of the M. E. Church in which Dr. Copeland was prominent. This marriage was dissolved by divorce in 1907 and the doctor married Miss Spaulding, an Ann Arbor musician. He was offered a deanship in the new Fellows hospital in New York and accepted. Here he turned Democrat and in a short time was appointed health officer of New York City by the Tammany mayor, Judge Hylan. Previous to this he had become widely known by health talks and syndicated articles on health in the Hearst papers and Ladies Home Journal. Later he broadcast these over the radio. Other doctors had done the same thing but none of them made the success of them he did. He also organized a group of society women who had been eating too much and exercising too little, in a gym class. This gave him more publicity and also he vote of the women in his coming campaigns. Things were beginning to look up for the Democrats in New York state thanks to Al Smith, then New York mayor who was picked to run for governor. Wm. R. Hearst was to be the Democrat candidate for senator but Smith flatly refused to run on the same ticket with him. Copeland was selected as a compromise candidate. It is related that Hearst on being informed said, "What is Copeland to me?" The answer was, "He Works for You Don't He?" Hearst replied, "So Does Bugs Baer". Copeland was elected and had reached the pinnacle of his success. He was mentioned for the presidency but never made a campaign for it. His opposition to President Roosevelt and his candidacy for the mayor of New York, which was unsuccessful, merely reflected the Tammany attitude which cherished no great love for Roosevelt. His gift of getting publicity and the fact that he never failed to recognize opportunity when it arrived, were mainly responsible for his success.

His greatest attribute, was, to our knowledge, that he never forgot his home town and was always willing to make a trip there to speak at school, church and other functions. The week before his death he made three speeches there at the commencement, alumni banquet, and M. E. Church mortgage burning. He was primarily responsible for the new school addition and auditorium which is named the Copeland auditorium. He gave the village a free library and was the largest contributor to the building of the M.E. church. We wish some of Pinckney's native sons who have struck it rich would imitate some of his ideas along this line.

WIN FROM SANITARIUM TEAM

Pinckney played the fourth game with the Michigan State Sanitarium team last Friday night and won 9 to 8. This gives them an even break in four games played. The game was tight all the way. Pinckney got a run in the first when E. Meyer doubled and scored on hits by Ben VanBlaricum and M. Ledwidge's sacrifice fly. The Sanitarium tied the score in their half of this inning.

Pinckney forged ahead in the 4th when E. Meyer again doubled with the bases full. In the 5th Pinckney scored again. The sanitarium got runs in the 5th and 2 in the 6th giving them a one run lead. In the 7th VanBlaricum walked but was out stealing second. Ledwidge fled out. Singer and H. Ledwidge walked. M. Meabon batted for K. Ledwidge and after getting two strikes called on him hit a high bouncer over the second baseman's head, scoring both runners. Lavey fled out. In the last half of the inning, Graves singled but Rearig and Beaupre popped out and A. Singer threw out Bishop.

LOANS ON WHEAT TO BE AVAILABLE TO FARMERS

Loans on 1938 wheat will be available to any wheat producer upon whose farm the acreage of total non-depleting crops for 1938 has not exceeded 100 percent of the soil depleting acreage allotment established in accordance with the provisions of the 1938 Agricultural Conservation Program. Earl Grubb, chairman of the Livingston County Agricultural Conservation Committee announced this week.

Loans will be made on all classes of wheat grading number three better, stored in federally licensed warehouses or in acceptable storage on farms. Farm storage should be of substantial and permanent construction and to insure protection from thieves, rodents, and weather. The loan rate will be determined on the basis of number one grade wheat, taking into consideration the amount of wheat in excess of a normal year's domestic consumption and exports, and the parity price rate. Interest rate on wheat loans is 4 percent per annum. Wheat loans are being offered because of the expected large crop, due to the record acreage and exceptional growing conditions this year, and to the large 1937 carry-over. A substantial part of this excess should be retained on the farms to protect the producers against income reducing effects of selling to an over supply in the market.

... the new 1938-model electric ranges

Beauty of design features the 1938 electric range! Smooth lines and gleaming surfaces, rounded corners and bright chrome trimmings make these attractive new cabinet models truly distinctive in appearance. There is a practical reason, too, for these polished surfaces: Cleaning the range becomes vastly simplified. There are no nooks and crannies where dust can collect, no cracks and crevices and hard-to-get-at corners to gather dirt. The range need only be wiped with a damp cloth.

You will like other features, too—the ease with which you can keep your entire kitchen bright and sparkling. Your walls and curtains will remain fresh for a much longer period of time, with less frequent redecorating. Pure

heat from a glowing wire — heat as clean as sunlight — keeps cooking utensils as bright as the first time you used them. They require practically no scouring.

Your family will be enthusiastic about the deliciously different flavor of electric cooking — the natural flavor of meats and vegetables, cooked to melting tenderness in their own juices. You will like the waterless method of cooking, with precious minerals and important food values SEALED-IN. And you will enjoy the convenience of an electric range... the extra leisure it brings, the hours of freedom away from the kitchen. An electric range is a big time-saver—of your time! Stop in at your dealer's and see the new electric ranges today.

See the new electric ranges on display at department stores, electrical dealers or at your Detroit Edison office.

JULY 26TH DEADLINE SET FOR PETITIONS

Candidates for the nomination of the offices of Governor, Lt. Governor, Representative in Congress, the State Senator, Representative to the State Legislature and County Officials on the Democratic and Republican tickets must file their nominating petitions not later than 5:00 p. m., eastern standard time, Tuesday, July 26th according to Act 351 of the Michigan Public Acts of 1925. Candidates also will be nominated to fill the vacancies in the office of Circuit Judge in the seventh, seventeenth and thirty-second judicial circuits. In districts comprising more than one county, the candidates must file their petitions with the Secretary of State, and in single county districts, candidates file their petitions with the county clerk.

The minimum number of petitioners whose names must be signed to petitions of candidates for the office of Governor and Lt. Governor is prescribed by the election laws, as being equal to not less than one per cent of the vote polled in the last preceding November election for the office of Secretary of State, by the party of the candidate filing the petitions. However, petitions must not bear more than four times the number of names, the minimum provided by law.

Further provisions on this point are that petitions must be signed by at least one hundred residents in each of at least twenty counties of the state, and not more than 25 per cent of the minimum required number of signatures being those of voters residing in any one county. These latter provisions apply to candidates for Governor and Lt. Governor only. Democratic candidates for these two offices must file petitions bearing at least 8,486 names; Republican candidates must file their petitions bearing at least 8,063 names.

2 TOWNS TO TRY SUPERVISED PLAY

Two southern Michigan towns will try supervised play to keep children off the streets this summer. Williamston and Webberville are the towns making the plans.

One woman resident of Williamston started the program when she made the comment, "There are 42 children in my block and many have no play equipment to amuse them during the school vacation."

Fraternities, service clubs, Boy Scout groups and extension projects groups under the leadership of Michigan State College are cooperating as the result of an initial meeting, Ivah Burns and Mrs. Blanch Merryfield called the first meeting.

First on the program was to list available equipment that could be offered by Glenn Bray, superintendent of schools, and by the other cooperating agencies.

Boy Scouts took on the job of making sand boxes. Younger children will use school equipment while older boys will use a county ball diamond. Rainy day activities will be centered in the Kiwanis club hall. Volley ball, croquet and horse shoes

are to be used. Three workers, two to be provided by WPA funds, are to direct the recreation.

Mrs. Bertine Benedict, home demonstration extension agent for Ingham county, is working with the local committees. Another advisor is Alice Hutchinson, child development specialist at Michigan State College. Less mischief to annoy parents and neighbors is expected to be one of the major benefits of the summer play program, although less important than the effect of keeping the children off the streets.

Honestly now, what's your hurry? Have you ever been confronted by an officer of the law who asked you, "Where is the fire?", or, "What's your hurry?"

Some countries handle speeders entirely differently from the way America does. In Jugoslavia traffic officials don't ask questions. If an officer finds a speeder, he maneuvers the driver over to the curb and politely lets the air out of the tires. No ticket is issued. Pumping air back into four tires leaves a lasting impression on the driver.

It is a good lesson in safety.

Too many times people pass on 50 feet from a stop light which shows red, only to have to wait until they get the signal to go ahead. How silly, and how dangerous. It's smart to be careful.

Washington

News Letter

By Congressman Andrew J. Thomas
Curtain Falls.

Congress adjourned: the President went to a wedding; and Secretary of Agriculture Wallace announced wheat loans would be made immediately available to farmers. These were the headline events in Washington last week as representatives and Senators prepared to go home after the longest session of the Congress since 1929.

It was on Thursday night that the Senate first, and then the House adjourned sine die and thereby concluded the third session of the Seventy-Fifth Congress. Although the House was the last to adjourn it was really the Senate that prevented an adjournment on Wednesday and finally caused the House to recess for several hours Thursday afternoon waiting for the Senate to dispose of a last minute filibuster threat. The galleries in both the House and the Senate were crowded to the doors when the curtain was rung down.

Calendar Cleared
Veteran Members of Congress could not recall any previous session when the calendar was so nearly cleared of all major legislation. Of the 21 measures classified as major bills only the Government Reorganization Bill, which was recommitted to the House Committee on April 8, 1938, remained as a left over issue. In the last week both Houses reached agreements on the recovery and relief program and on the wage and hour legislation which marks first time that the Federal Government has tried to protect and increase the purchasing power of the working people of the nation by preventing the exploitation of labor by employers who would take advantage of economic conditions to pay starvation wages. Before adjournment the House and Senate overrode the Presidential veto of a bill to maintain low interest rates on farm loans. The House voted 244 to 87 to nullify the vote with your Congressman voting with the majority to give the hard pressed agricultural segment of our population the benefit of the lowest possible interest rates. In the Senate the veto was overridden by a vote of 57 to 18.

Wedding Bells
As Congress adjourned President Roosevelt cleared his desk and with Mrs. Roosevelt started for Nahant, Mass., to attend the wedding of their youngest son, John, to Miss Ann Clark. The entire Roosevelt family attended the wedding Saturday. The First Lady in a press conference replied to a question of whether she was going to give the young couple any advice, by saying, "I am not good at giving advice. I believe in letting them work out their own plans."

Wheat Loans
Secretary of Agriculture Henry A. Wallace last week surveyed the wheat condition and prospects for next year's crop and announced that wheat loans would be made on the 1938 crop in accordance with the new farm law. When on June 15 the farm price of wheat is less than 52 per cent of the parity price or when the July crop estimate exceeds sufficient production for a normal domestic consumption and exports the law stipulates that loans shall be made available to the farmers who have cooperated in the soil conservation program.

Michigan farmers are fortunately located in a State where wheat may be stored on farms in every county in approved storage farm bins. In many other wheat producing states the wheat has to be stored in elevators or warehouses to be eligible for loans. Farmers who are planning on storing their wheat on their own farms may obtain copies of an instruction bulletin "Wheat Storage in the 'Ever Normal' Granary" by writing to your Congressman.

More Jobs
Officials of the Public Works Administration last week observed the fifth anniversary of the organization by preparing a \$2,000,000,000 construction program designed to lift the country toward recovery. During the last five years the PWA has completed the largest construction program in the history of the country and within a few days after the President signs the Recovery Bill the PWA plans to announce at the rate of more than 600 a day some 2,500 projects. The requirements for PWA have been modified so that Government contributions to local projects will be 55 per cent

THE summit of our achievement—a Service perfect in every detail and managed with a quiet tact that dignifies each part of the final arrangements.

instead of the former 30 per cent on non-Federal projects. Among the first type of construction to be approved will be schoolhouses and sewers throughout the nation.

Committees of Congress will continue work following the adjournment to investigate the Tennessee Valley Authority and monopolistic tendencies in finance and industry. The monopoly inquiry was approved in the last few days of the session and the TVA probe was ordered several months ago by both the House and the Senate.

419 Days
During the last 18 months the Congress has been in session for 419 days. Convening for the first session of the Seventy-Fifth Congress the Representatives and Senators adjourned in August last year and returned to a special session call in November. The special session adjourned in time for a short Christmas holiday and the third session started on January 5, 1938. The 419 day total compares with 306 days for the 74th Congress; 266 for the 73rd Congress; 312 for the 72nd; and 529 for the 71st Congress back in 1929 and 1930.

With the adjournment of Congress the Washington Newsletter published through the appreciated cooperation of the Pinckney Dispatch is discontinued. Your Congressman may be reached at 507 Dryden Building, in Flint, Michigan, and you are assured of prompt and courteous assistance in every problem in which your Congressman may aid you.
