

## Democrats and Republican County Conventions Held

The Two Major Parties Held Their County Conventions at Howell Wednesday and Elect Delegates to the State Convention. Both are Harmonious.

The Democrat county convention was held at the court house at Howell last Wednesday night and had the largest attendance in years about 150 being present. Don Van Winkle, county chairman, called the meeting to order and Ray Taylor, secretary, read the call. Charles Runniman of Unadilla was nominated for temporary chairman and on motion for permanent chairman. Ray Taylor was named secretary.

The following committees were named: Credentials, Gene Shehan, L. Jolls, Guy Kuhn; Resolutions: Gerald Hughes, Paul Curlett, Andrew Budnicki; Nominations, Margaret Brogan, Rudolph Meinke, Charles Case. The Credentials Committee recommended that all present be seated as accredited delegates. The resolutions committee commended the Democrat national and state administrations and recommended that the present office holders be renominated at the state convention. The nominating committee offered the following slate of delegates to the state convention: Martin Lavan, Ray Taylor, Charles Runniman, R. E. Barron, Don Van Winkle, Lee Lavey, Arthur Shehan, Claude Kennedy. Alternates: Bruce Dankers, Irvin Kennedy, Howard Gentry, Paul Curlett, Gordon Harmon, Nellie Gardner, Rudolph Meinke, Dan Hogan.

The keynote speech was delivered by Joseph Donnelly of Ontonagon, a member of the public utilities commission in which he reviewed and commended the record of the Murphy administration. He also touched on rural electrification. He stated that there was no field for it in Livingston county as The Detroit Edison Co. which serves part of the county had 88 per cent of their territory electrified and the Consumers Power who served the rest of it 57 per cent.

The county candidates, Martin J. Lavan, Charles Runniman, Eleanor Ledwidge, Robert Gates, McKinley Payn, Wm. Golden, Wm. Fear and Rudolph Meinke, Bruce Dankers were introduced and responded briefly. W. E. Robb, the headliner in the county conventions of the past for many years was called upon for a speech but declined, saying he had nothing to say.

The Republican convention was held Wednesday afternoon. Ross Read, county chairman, called the meeting to order and Jack McDonald, secretary read the call. Hiram Smith was selected as chairman of the convention and Fred Berry, secretary. The following committees were named: Resolutions—Glen Yelland, Joe Brown, Reed Fletcher; Credentials—Florence Burkhardt; Bert Grove, Harold Crandall; Organization—Rex House, Bert Clark, Frank Ritchie.

These committees performed their usual duties. Joe Gates delivered the keynote speech in which he appealed for a Republican victory. The county candidates were introduced and took bows. Stanley Berriman, pledged to support his successful opponent in the primaries, Joe Gates.

The following delegates were elected to the state convention with a half vote each: Max Buek, Joe Brown, Heber Wilkinson, Glen Mack, Bert Grove, Dan Noecker, J. B. McDaniel, Charles Runniman, Lee Lavey, Stanley Lavey, Mark Curry, Stanley Lavey, Harry Cooper, James Morgan, Glen Yelland, Harry VanGorder, S. J. Tomlin, Reed Fletcher, Chas. Adams is chairman.

### DARROW—LOOMIS

Only immediate relatives gathered at St. Mary's rectory this Wednesday morning to witness the exchange of marriage vows between Constance M. Darrow, daughter of Mr. and Mrs. E. Darrow of this village, and Richard N. Loomis, son of Mr. and Mrs. Richard N. Loomis of Detroit. The ring service being read by Rev. James Carolan. Attending the couple were Miss Rita Young of Ann Arbor as bridesmaid, and Wm. Gilman, also of Ann Arbor, as best man. After the wedding breakfast served at the home of the bride's parents, Mr. and Mrs. Loomis left for a short trip, after which they will be at home to their friends at 2691 Pingree Ave., Detroit.

The bride is a graduate of Pinckney High School, Class of 1935, and has since been engaged in the study of Art in Detroit.

## Mich. Editors Honor Governor

Michigan Press Association Honors Gov. Murphy at Banquet Friday

A committee of 12 members of the Michigan Press Association gave a banquet at the Hotel Olds, Lansing last Friday noon in honor of Gov. Frank Murphy. The invitations read that the purpose of the banquet was to demonstrate that the Michigan Press could be relied upon to give all political parties a square deal in the forthcoming campaign, and to

prove that the press is fair, impartial and just. This appeal got the members of the craft out in droves about 200 being present. Among these of this section was ye Dispatch Editor, W. H. Cansfield, Howell, Messrs Rudnicki and Harmon of Fowlerville, McClure of Chelsea and Halstead of Perry. The editor was seated at a table with Cansfield of Howell, Borchert of Gaylord, Eaton of Plymouth, Moore of Hastings and Fox of Rochester, all of whom are not 100 per cent Murphy supporters.

Scarth Inglis of the Galesburg Argus acted as toastmaster and introduced the distinguished guests who were Murray D. Von Wagoner, George Gundry, Raymond Starr, Ted Fry, and Leon D. Case, all state office holders. Lee White, Detroit News editor talked on Freedom to Know and touched on the European situation where there is no freedom of the press.

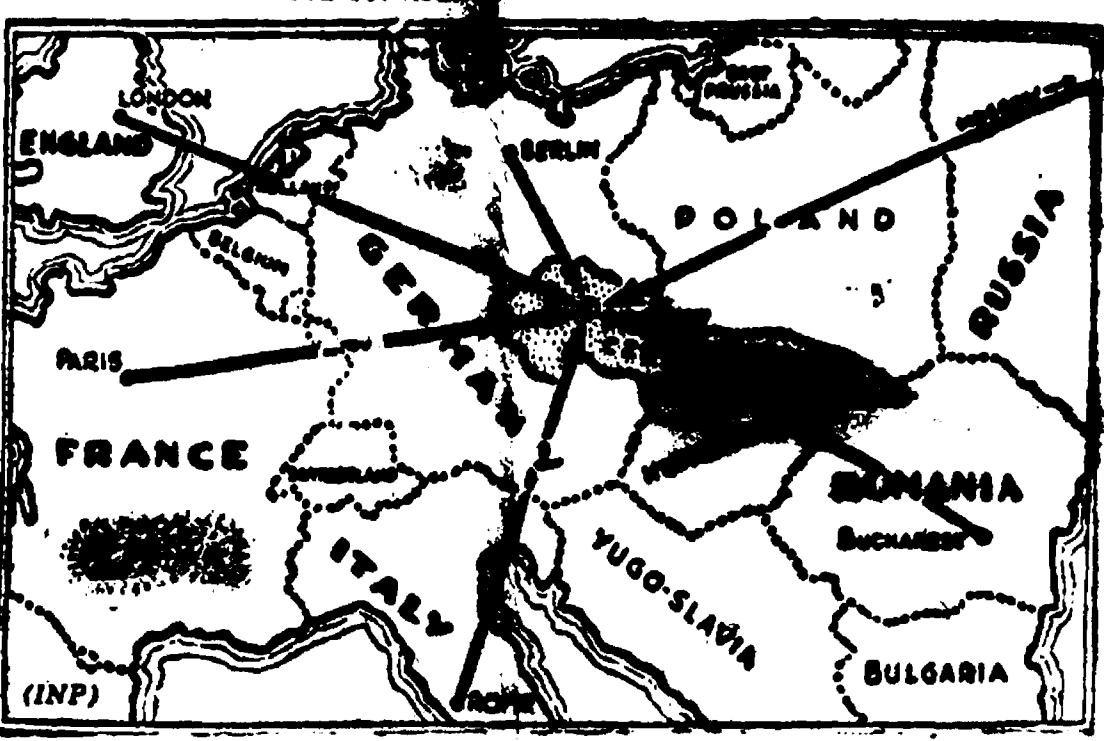

Governor Frank Murphy delivered the address and talked on the work of his administration and the treatment he received from the press. In the main it was fair and impartial. He stated Two years ago he stated the Detroit Free Press reached a new low in propaganda but of late had shown much improvement and their treatment of him had been fair this year. He praised Malcolm Bingay, the editor, for his editorial on Jewish scholars and scientists. The governor said that the chief cause of complaint against him by his opponents was his handling of the strikes, some 8 of which were already in progress when he took office. All the difference in the positions of Mr. Toy and Mr. Fitzgerald on the strikes were that Mr. Fitzgerald would not shoot so many men. He offered to meet Mr. Fitzgerald in a series of debates on the labor issue in Detroit, Flint, Grand Rapids and other cities.

The biggest fault found by the governor was that the press displayed too little interest in large projects for social reform. The governor's talk was informal and friendly and he was warmly congratulated upon it by many Republican editors following its completion. This is the first banquet of this kind to be held that we know of and apparently it was a success.

The debate offer caused much comment. Republican state Chairman James Thompson advises that it be accepted. Mr. Fitzgerald refused. The press seem united in believing that the latter would not be able to hold his own with Gov. Murphy in a debate for the Democrat governor is undoubtedly the best orator and platform speaker in Michigan today. At the banquet, Chet Howell, Mich. Press president attempted to engage him in a battle of wits with the result that most of Howell's hide was left hanging on the fence swaying in the passing breeze.

So there is little likelihood of a repetition of the famous Lincoln-Douglas debate next month.

ANOTHER WORLD WAR? All lines are pointed toward Czechoslovakia, powder-keg of Europe, as England, France and Russia back tiny republic in stance against Germany which may bring about another world conflict.

## PINCKNEY HIGH SCHOOL LOSSES OPENING GAME

Milford sent a veteran team here last Friday and had little trouble taking the light green Pinckney team into camp 46 to 0. The Pinckney boys played hard but they simply did not have the left or experience necessary to hold off the visiting team. Pinckney made but two first downs, both by Capt. VanBlaricum on running plays. As Milford retained possession of the ball most of the time, they had few opportunities. The team came through the game in good shape and should give a good account of themselves in the coming games when the opposition is not so stiff. Pinckney had to start five men who had never played a game of football before in their lives. They were Joe Lavey, Bob Martin, Jack Young, Keith Ledwidge and James McCune. Gerald Vedder, Beryl Amhurst and Babe Kirkland also got into a game for the first time.

Next Saturday Pinckney plays at Hartland. Milford has already beaten Hartland 56 to 17, the Hartland scores being secured when the Milford team had all their reserves in the game. Pinckney beat Hartland twice last year and ought to repeat. The local team should improve as previous to the Milford game most of the boys did not know what it was all about.

## Burglars Visit Eight Places Here Last Monday Night

Four Oil Stations, Hardware, Grocery, Elevator and Grand Trunk Depot Visited by Marauders. Railroad Agent Tipton Surprised Intruder in Depot Only Money being Taken.

Eight business places were entered here Monday night and money probably totalling less than \$100 taken. The places entered were, Gulf Gas Station, Seamon Grocery, Teeple Hardware, Dixie Oil Station, Shirey Oil Station, White Star Oil Station, Read's Elevator and Grand Trunk depot. The garage at the C. J. Clinton place was also entered and an attempt apparently was made to steal the auto belonging to the tenant Arthur Dahlstrom. Here they failed.

Entrance was gained to the Gulf Station by breaking the catch on a rear window. About \$20 in money was taken from the cash register and the whole place ransacked. The window in the door of the Seamon Grocery was smashed but nothing taken as far as is known. Teeple Hardware was entered by forcing a back door. About \$3 in change was taken from the cash register and the store thoroughly searched apparently for more money. A flashlight was also taken. Shirey's oil station was entered, the cash register smashed but no money found. Some candy and pop was taken and two penny peanut machines carried off. The outty was removed from a window in the Dixie oil station but it was apparently not entered. At the White Star Station a window was pried up but the burglar catch prevented it from being opened enough to allow a man to enter. Read's elevator was entered by a rear door and the office ransacked but no money found and nothing taken. The depot was also ransacked and some money there overlooked. The agent, S. G. Tipton, who sleeps in the depot returned there about 12:30 and found the intruder still there. The latter pointed a flashlight at Tipton and told him to beat it which he did. He stopped at the home of Mrs. Erma Lewis and told her to watch the depot while he called the sheriff. Mrs. Lewis did so. She says the man went to the elevator from the depot and walked around the building with a flashlight for some time. Later he seems to have broken into the Dahlstrom garage and tried to steal the car as a wrecking bar, number of keys, a knife and other tools used for forcing his entrance into buildings were found in the rear seat. However he did not succeed in starting the car. The sheriff arrived here about 1:00 a. m. accompanied by Deputy Let Huff. It was not known until later that so many places had been broken into. As far as is known only one man did the breaking in. Mr. Tipton describes him as about 20 years old, slight built and wearing glasses. Mrs. Nellie Fry also saw a man around the Shirey Oil Station with a flashlight. It is not thought that he had any car as guns, silverware, auto tires and other things which are easy to dispose of were not taken.

The sheriff's dept. have no clues except that about two weeks ago, some five places at Whitmore Lake were entered in a like manner and only money taken. A Ford sedan was stolen from R. Ottwell of Pottsville. This was abandoned in front of the home of Mary Ellen Doyle when the gas became exhausted. It is thought the burglar may have taken this.

We doubt that the Townsend Old Age Pensioners will get any favorable action this coming week at either of the conventions of the Democrat or Republican parties. We note a few county conventions declared in favor of it but in most of them it was ignored. In Wayne county Republican Convention one was presented to the resolutions committee by Charles Bowles, former mayor of Detroit endorsing the Townsend plan. However, it was killed in committee on the plea of Ed Barnard. Wayne being located, he said Fitzgerald was that resolution. During the main campaign Fitzgerald opposed the Townsend plan. However, no one anticipates that he will battle for it. When both Republican and Democrat state platforms are built, they will side-step this issue by declaring in favor of adequate protection for aged elderly people who are in want and let it go at that. This is the manner in which such controversial issue have been treated in the past and there is no reason to believe that they will fare differently this year.

The hunters don't like the dog quarantine in force in several counties and have kicked so hard that it has been ceased in Lenawee county where it was in effect. Commissioner of Agriculture Strange says it can be lifted in any county where it was requested by the county officials. This measure was adopted as a precaution against rabies and to save the sheep flocks from attacks by stray dogs. In Livingston county where such a quarantine is in effect over \$1000 in sheep claims were saved this year.

## Aunt Tibby's Trunk

By  
D. J. WALSH  
Copyright—WNU Service.

"BUT, Mazie," remarked Bert Howard to his pretty little wife, "it isn't quite fair that Aunt Tibby should want to come back so soon; it's less than three weeks since she left, and she had been here six months. I have no objections to your aunt; she's a nice old lady, if a bit eccentric, but you always work so hard entertaining her that you wear yourself out. Between worrying over her comfort and fussing about the safety of that old cowhide trunk, home becomes a place of torment for me instead of a haven of rest."

And then Mazie, whose bobbed crown of glory was decidedly of the shade beloved by Titian, and with a temper to correspond, replied thus: "If you were properly interested in the welfare of your family you'd want to keep Aunt Tibby here all the time! Do you fancy that she herself would be so particular about that old cowhide trunk, as you are pleased to call it, if it didn't contain valuables? She told me—no, I won't say she exactly told me, but she gave me to understand, and, I know all the family have the same impression—that in it she carries her stocks and bonds. She has bequeathed the trunk to the one in whose home she happens to die."

"Mazie!" exclaimed Bert, putting his arms around his wife, "waiting for 'dead men's shoes' is sorry business! Do what you can for your aunt without making your family unhappy, but put all such ideas as you've just men-

tioned out of mind; they are unworthy of you!" and Bert stopped to kiss his wife good-by.

The first evening of Aunt Tibby's arrival Mazie began, "Barbara! do sit still! You'll make Aunt Tibby nervous!" or "John! don't walk so heavy!"

Aunt Tibby had been with them several weeks when she came down with a cold. The doctor called pronounced the trouble pneumonia. "Which at her age," said he (Aunt Tibby was 88), "is a serious matter. You had better get a nurse." Aunt Tibby had been so humored by her niece, however, that the nurse could do little to suit her, and Mazie was obliged to fetch and carry, to run up and down stairs until, ten days later, Aunt Tibby sank into her last sleep.

After the funeral the relatives who had gathered from far and near demanded that the will be read at once. So the old cowhide trunk was brought down to the living room and opened in the presence of all. It contained Uncle David's army uniform, a few books, half a dozen packages of old newspapers—and a long letter written by Aunt Tibby herself. This was addressed to her relatives in general and was a sort of confession. In it she stated that her income since Uncle David's death had been limited to a pension of \$6 a month. That in some way the story had been circulated that this old trunk contained valuables and she had never contra-

## On the Highway

It is a curious trait in human nature that we will take off our hats when a woman enters an elevator, and be most apologetic if we bump into somebody inadvertently; but the instant we get our hands on a steering wheel we damn all mankind—woman and man alike.

Too often, we are inclined to look upon traffic guides and regulations as irritating restrictions designed primarily to keep us from having a good time, when the truth of the matter is, they have been devised solely for our convenience and comfort.

dicted it, fearing if she told the truth some one might put her in an old ladies' home, an institution she detested. She trusted her relatives would pardon her and that the old trunk would be kept for her sake; that it might prove a magic casket to the owner, just as it had to her.

The trunk was left with Mazie, as she was the only person who displayed the least desire to possess it. After everyone had departed she threw her arms around her husband's neck and cried, "Oh, Bert, can you ever forgive me?" Judging by the sigh of contentment she uttered Bert's answer was satisfactory.

Aunt Tibby was right; the trunk did prove a magic casket for Mazie. It stood in the upstairs hall where she had to pass it many times a day and whenever she was seized with envy, stubbornness or a desire for finery she could not afford, one glance at the old trunk was sufficient to dispel such feelings in a twinkling.

# WHAT to EAT and WHY

## C. Houston Goudiss Discusses Sugar, Sirup and Molasses; Describes Correct Use of Sweets, Peerless Body Fuel

By C. HOUSTON GOUDISS

THERE is an old saying that good things come in small packages. That is particularly apt when we pause to consider the nutritive value of sugar in its various forms. For two scant tablespoons of sugar supply as much caloric value as does three-fourths cup of cooked farina, or one and one-third eggs, or the lean meat of one lamb chop.

Sugar is a highly concentrated fuel food which burns quickly and completely in the body furnace.

### The Sugar Bowl is a Dynamo

It has been said that our present day civilization could not have reached its present heights without the driving force that sugar gives to men and women. And it is a fact that until comparatively recent times, only the very wealthy could afford this quick energy food which we now consume at the rate of more than 4,000,000 tons a year, or more than 100 pounds annually for every man, woman and child.

This peerless fuel food was once regarded almost as a medicine because of its ability to relieve fatigue and sustain vitality. And no wonder! For sugar is transformed into heat and power in less time and with less effort than any other foodstuff.

### A Real Stimulant

While starchy foods require an average of from three to four hours for digestion, the body begins to burn a ration of sugar from 10 to 30 minutes after it is eaten.

It reaches the blood and muscles in a few minutes—as rapidly in fact as alcohol! That is why concentrated sweets, which are largely sugar, are so effective in combating fatigue.

Athletic coaches are well aware of the unique power of sugar as a stimulant and restorative of energy. That is why school and college youths are so frequently given highly sweetened beverages and other concentrated sweets before engaging in athletic competition.

Military leaders also appreciate how it increases endurance, and sweets are an important part of the soldier's ration. During the World war civilians were urged to reduce their consumption of sugar in order to make larger amounts available for the army, and most people found it difficult indeed to forego this agreeable food.

### Indispensable for Most People

Sugar is such an indispensable ingredient in cakes, cookies, pies, puddings and ice creams, it is so necessary in beverages, on breakfast cereals and with fruits that it seems a great hardship to do without it even for one meal.

We are extremely fortunate, most people will agree, to live in an age when sugar is so high in quality and so reasonable in price. In the Thirteenth century when sugar was introduced to England through India, it cost the equivalent of ten dollars a pound in the monetary terms of today.

Refined sugar is now priced at a few cents a pound and one pound supplies over 1,800 calories! Moreover, when you buy a branded product, backed by a well-known name, you have the assurance that quality and purity are of the highest.

### Moderate Use Desirable

Like all sources of great power, however, sugar must be handled with care. Too much sugar may prove as disastrous as too little. Possibly because of this, several false notions have grown up regarding this splendid food.

It is often charged that sweets cause indigestion, and it is true that when consumed in excess, they may ferment and result in irritation. Therefore, moderation should be the watchword.

But that is an excellent rule to follow in regard to all kinds of foods. For when consumed to excess, any food ceases to be beneficial.

It has also been charged that sweets are harmful to the teeth. But recent investigations suggest that the teeth are far more likely to deteriorate because the proper minerals and vitamins have not been included in the diet.

It is, however, desirable to restrict the amount of sugar given to children. That is because it quickly satisfies the appetite and may therefore decrease the consumption of other good and necessary foods, particularly those containing an abundance of minerals and vitamins. Children therefore can best take sweets in the form of sweetened puddings, gelatin, cooked and fresh fruits, and fruit juice and milk beverages.

### A Food of Many Forms

The quick pick-up of sugar can be obtained in many forms besides the sparkling crystals of granulated sugar with which we

are most familiar, or the brown sugar which is quite similar in composition, except for a larger moisture content, despite popular notions to the contrary.

Most fruits contain easily digestible sugars, the percentage in dried fruits ranging from 50 to 75 per cent. Milk sugar is also easily digested. Honey, molasses, corn sirup and the popular blended sirups are usually eaten in combination with other foods and are therefore unlikely to be consumed in too large amounts.

Corn sirup is often added to milk, fruits, vegetables, cereals, breads and desserts. It helps to make these foods more palatable and adds 60 calories with every tablespoon. It is so easily digested that it is often used in infant feeding.

Molasses provides significant amounts of both calcium and iron and is a good sweet for growing children. One and one-half tablespoons of molasses supplies as much calcium as one and one-half cups of diced carrots. It is a wise mother, therefore, who uses it in making the cookies that children like so well.

The mixed or blended sirups that are so popular with griddle cakes and french toast on cool fall days, also add palatable appeal and energy values to the diet.

For in whatever form sugar is consumed, it remains nature's shortcut to press-the-button heat and quick, healthful stimulation.

**IN LIGHTING FIXTURES**

If you are redecorating or modernizing your home, one of the most effective changes you can make is in the ceiling lighting fixtures. An up-to-date fixture alters the entire appearance of a room... and it is something that is used 365 days a year. Today, skilled lighting specialists are designing fixtures of unusual beauty to harmonize with almost any decorative period - and to provide "born light conditioning" for all your rooms. Most of these fixtures are surprisingly inexpensive... priced to suit your pocketbook... Ceiling lighting fixtures are an important part of your household equipment. How long has it been since you gave them any thought? A small sum invested in this home improvement will work wonders!

**For only \$8.12 a month**

you can purchase the complete "package" of Conventional ceiling fixtures shown here 12 months to pay. No down payment is required. Price includes removing your old fixtures and installing the new ones. (The price does not include lamp bulbs.)

**CASH PRICE \$93.50**

*See your lighting fixture dealer, electrical contractor or department store to purchase this equipment or obtain further information about it. (We do not sell these fixtures.)*

Now that you have a new car, you need a few words of warning to the parents and the child.

Teach your children to be extremely careful on their way to school, teach them to cross streets only at intersections, and then only after they have looked to the right and left. If it is necessary for your children to walk on the highway, instruct them to walk on the left hand side, and to step off if necessary. Remind them daily.

School patrols stationed at busy intersections, near schools have made crossing streets easier and safer for our children. Yet accident happen also where traffic is light.

*Sixty Years of  
Telephone Progress  
in Michigan*  
1938

Sixty years ago two crude box telephones  
were brought to Michigan. Today 660,000  
telephones are operated by the Michigan Bell  
Telephone Company. Since the beginning,  
never-ceasing research, engineering, and devel-  
opment of equipment and operating methods  
have steadily improved Michigan's telephone  
service. There is none better in the world.

### PRECEDENT CARRY NATION

Kansas had Garry Nation, the saloon-wrecking widow, but Howell had 80 of them, according to records unearthed by Michigan's W. A. Writers' Project workers. In 1855, the records show, Howell was regarded as too great a boom in the liquor business. These persons thought that the liquor laws were too lenient.

Remedy was attempted by the town. These desecrated the saloon of one Sam-

uel Balcolm will smash bottles and casks until the stock was destroyed. Balcolm went to court and won a judgment for \$540 against several of the more prominent vigilantes, but is said to have collected only a part of the judgment. Even though sentiment for more stringent sale control remained, historians of the period reported liquor law enforcement thereafter improved.

Mrs. Millie Bowman is keeping house for a school teacher at Millett, Mich.

### FRESHER PILLOWS AID SOUND SLEEP.

Pillows have much to do with sleep, except for those hardier souls who brag about sleeping without a pillow.

Because pillows in steady use would aid sleep if they could be washed, two methods recommended for freshening have been outlined by the home economics extension service of Michigan State College.

One of those tricks that many housewives have failed to discover is that pillows, feathers and all, can be washed without having the feathers opened up to float all over the house. For the first of the two methods is to wash without removing the feathers.

The pillow is scrubbed in a weak washing soda solution, using a good suds. A second suds is used if necessary and then a rinse in lukewarm water, changing the rinse two or three times. Squeeze out as much water as possible and dry on a sheet in a warm place, preferably in the sun. Beating the pillows from time to time during the drying helps keep feathers fluffy.

Second of the two methods, called the most satisfactory, is to transfer the feathers to a muslin bag two or three times the size of the ticking. The edges of the openings of the muslin are sewed together and the feathers shaken into the temporary bag.

### SURVEY OF FINANCIAL RESPONSIBILITY CASES ARE STARTED

preliminary survey of the Financial Responsibility Division's 16,575 convictions, with ages ranging from 18 to 66, recorded since October 17, 1933, reveals that 37 years is the average age for persons convicted of driving while under the influence of liquor. The survey further substantiates the belief that the majority of Financial Responsibility cases are convicted of intoxication. Since 1933 when Michigan's Motor Vehicle Financial Responsibility Law took effect, 82 per cent of the drivers taken from the Michigan highways have been convicted of this offense.

Another interesting feature of this survey reveals that of the total number of convictions, only 21 per cent involve those under 30 years of age.

The results of this preliminary survey have been so satisfactory that it has been decided by Leon D. Case Secretary of State, to continue the study until completed.

# 3 REASONS WHY YOU'LL WANT DUO-THERM "REGULATED" OIL HEAT!

**MONDAY**—If you need just enough heat to take the chill off the house, you can turn your Duo-Therm oil-burning circulating heater down to a pilot light . . . thanks to its "regulated" heat control. You'll save fuel, too . . . because you're not burning oil at zero-weather speed on mild days . . . or at night.

**WEDNESDAY**—A cold spell has arrived! So—just turn your Duo-Therm's heat control dial up a notch or two, and get exactly the amount of heat you need. It's as simple as setting a watch! And Duo-Therm's clean, silent flame won't sputter or smoke no matter how high—or how low—you turn it!

**FRIDAY**—Zero—5 below—10 below—never mind! Turn your Duo-Therm up to top heat . . . and keep every room in the house as warm as toast! This new kind of heat brings you the last word in comfort on mild days . . . on chilly days . . . on cold days . . . on bitter cold days! Duo-Therm's slow, floating flame and special "Waste-Stopper" make it the most economical heater made!

**DUO-THERM'S HEAT REGULATOR**—Simple as turning a dial! All the heat you want on cold days, just enough to take the chill off on milder days.

**DUO-THERM'S WASTE-STOPPER**—prevents heat from rushing up the chimney, sends more heat into the room. Saves oil!

**DUO-THERM'S HEAT GUIDES**—circulate the heat evenly. No cold spots.

**DUO-THERM'S FULL FLOATING FLAME**—means better combustion, more heat per gallon, greater economy!

Handy Township will meet in the Opera House, Fowlerville, 8:30 p. m.  
Hartland Township will meet in the High School, Hartland at 8:30 p. m.  
Howell Township will meet in the Council Rooms, Howell at 8:30 p. m.  
Iosco Township will meet in Community Hall, Parkers Corners 8:30 p. m.  
Marion Township will meet in the Town Hall, Marion at 8:30 p. m.  
Oceola Township will meet in the Town Hall, Oceola at 8:30 p. m.  
Putnam Township will meet in the Town Hall, Putnam at 8:30 p. m.  
Tyrone Township will meet in the Town Hall, Tyrone at 8:30 p. m.  
Unadilla Township will meet in the Community Hall, Gregory at 8:30 p. m.

#### Eligibility to Vote

Any person who is participating, or cooperating on a farm in the community, in programs developed under Sections 7 to 17 inclusive, of the Soil Conservation and Domestic Allotment Act, the Agricultural Adjustment Act of 1938, the Federal Crop Insurance Act, and the Sugar Act of 1937, and who signs an application for membership in the association; or any person who has an interest in a farm in the community and who signs an application for a membership, indicating that he intends to cooperate in a program administered by the association in 1939 shall be eligible to vote in the community election meeting.

#### Qualifications of Committeemen and Delegates

Any members of the association otherwise qualified shall be eligible to serve as a community or county committeeman, delegate, or alternate only if such member:

1. Is engaged in farming in the county and derives a substantial share of his income during the year from farming.
2. Is a resident of the community or county for which the committeeman, delegate, or alternate is elected.
3. Has during the current year, qualified for a payment of grant of aid in connection with the Program administered by the association in the county for which the committeeman, delegate, or alternate is elected, or in the county in which he was engaged in farming during such year.
4. Has not held during the current year, is not holding now, and does not intend to become a candidate for, any Federal, State, or major county office filled by an election held pursuant to law.
5. Is not an officer, or employee, of any political party or organization.

Has not been removed for cause from office as committeeman, delegate, alternate, officer or employee, of any association or like association or from public office or convicted of fraud, larceny or embezzlement, or any felony.

Delegates elected at all of the community elections will meet the following day and elect the county committee for Livingston County. The delegate to the county convention can be a member of the community committee, but it is not required.

We hope to have a large turn-out for the meetings, Earl Grubb said, so that the officers and delegates elected will be truly representative of the whole membership of the associations.

#### APPRECIATION

I wish to thank all of my patrons for their patronage, during the time I operated the White Star Oil Station in Pinckney and hope they will continue to favor my successor, Merwin Campbell.

#### TURKEY PRODUCTION

FOR 1939 With Thanksgiving in the offing, turkeys are once more an item of interest. According to the crop report the turkey flocks will be about 3.7 larger this year than last. There are about 6000 flocks in United States. Abundant grain and plenty of green feed have favored rapid growth and many of the birds have been marketed already. 21.2 of the turkeys will be marketed in October, 37.5 in November and 28.8 in December. The carry over of turkeys in cold storage is 5,773,000 lbs. The southern states continue to lead in turkey production.

#### WRESTLING (NO CONTEST)

The wrestling match between Edsel Linn heavyweight champ of Wash tenaw County and Julius Aschenbrenner of Pinckney was fought last week at Ypsilanti. Aschenbrenner hit the mat after 14 minutes of wrestling. Linn had gained the first fall while trying for the second he dropped one of his kicks short, fouling Aschenbrenner. The match was immediately stopped. A rematch will be fought here this winter.

#### Markets and Wars

With war talk in the air all people are vitally interested as to the effect of such a possibility to their immediate persons and to their holdings.

Past history is a good indication of what would happen in the present situation. In 1914 prices were forced down by a preponderance of selling. So great was the reaction to actual declaration of war that the Stock Exchange was closed temporarily. It is not likely that such an occurrence will happen again.

Nervousness always leads to lack of confidence and the world is nervous now. War will undoubtedly cause a liquidation of capital from Europe which will automatically force our markets down.
