

Both United States Senators Speak at Howell

Senators Vandenberg and Brown Address Republican and Democratic Meetings at Howell Auditorium. Gov. Frank Murphy To Speak There Next Wednesday Night, Nov. 2

Both Michigan Senators addressed political meetings at Howell High School auditorium. Senator Vandenberg spoke last Friday night and Senator Brown on Monday night.

Senator Arthur Vandenberg, Michigan's senior United States Senator, spoke at the Howell High School auditorium to a large crowd last Friday night. The high school band played before and during the program. Rurr Hoover acted as master of ceremonies and introduced the candidates who took bows and Wm. Blackney, former congressman and candidate for the office this year. Mr. Blackney has been ill and made no speech.

Judge Joseph Collins of circuit court was called upon to introduce Senator Vandenberg. This he did in his usual style, dubbing him the Republican candidate for president in 1940. This the senator denied stating that he was not a candidate for president now or at any time in the future. Senator Vandenberg has had a heavy speaking schedule and only spoke 40 minutes. He devoted himself chiefly to national issues but appealed for the election of Frank Fitzgerald and Wm. Blackney.

Monday night a well filled house greeted Senator Prentiss Brown who delivered the main address. On the platform were seated the county candidates, the county committee, Hon. Edmund Shields and Congressman Transue in addition to Senator Brown. The county candidates and county committee were introduced and spoke briefly or took a bow. Ed Shields got a warm welcome and made a speech in which he lambasted the Democrats opponents. He said a candidate for governor could not accept favors from McKay, Barnard, and McKeighan without being obligated to them. He also ridiculed the charges that Gov. Murphy was a Communist, stating that his religion would prevent this. He introduced Senator Brown who talked mostly on national issues. He appealed for the reelection of Gov. Murphy, Congressman Transue and stated that during the term of Mr. Transue's opponent he consistently voted against all measures including social security, crop conservation, etc.

Congressman Transue made a brief speech in which he asked for reelection on his record. Judge Joseph Collins of circuit court was in the audience and took a bow. Mrs. Eleanor Ledwidge of Pinckney, candidate for county treasurer, was introduced as the mother of 13 living children and in a brief speech said six of them were still in school. She was given much applause.

Next week Wednesday Gov. Frank Murphy and the state candidates will speak at Howell. A full auditorium is expected to greet him.

About 25 people from Pinckney attended the meeting at Howell on Monday night.

Shirey played a banjo and Haines a guitar. The latter also did several yodelling numbers. These boys are from the grades.

NEW FACTORY NEARS FINISH

The new factory being built here at Howell St. and the railroad is the busiest place in town with steel workers, glaziers, electricians, plumbers and millwrights are busy trying to get the building ready for use by Nov. 1. The building is of steel and concrete with windows forming most of the sidewalls. The dimensions are 60x81. Mostly local labor has been employed on the building when possible. Bert VanBlaricum, sr., put in the concrete footings. Jack Sheldon did the electrical work and Stanley Dinkel, the plumbing. Local men were also employed in the excavating, concrete mixing etc.

Mr. Clare Reason of Detroit, the president of the die cast company putting up the building is also considering putting up another building here when this one is completed we understand. This second building is to be used as a foundry.

Pinckney School Notes

The all high party is to be held on October 28th, from 8 to 12. It is strictly invitational and there will be dancing, games, and other amusements.

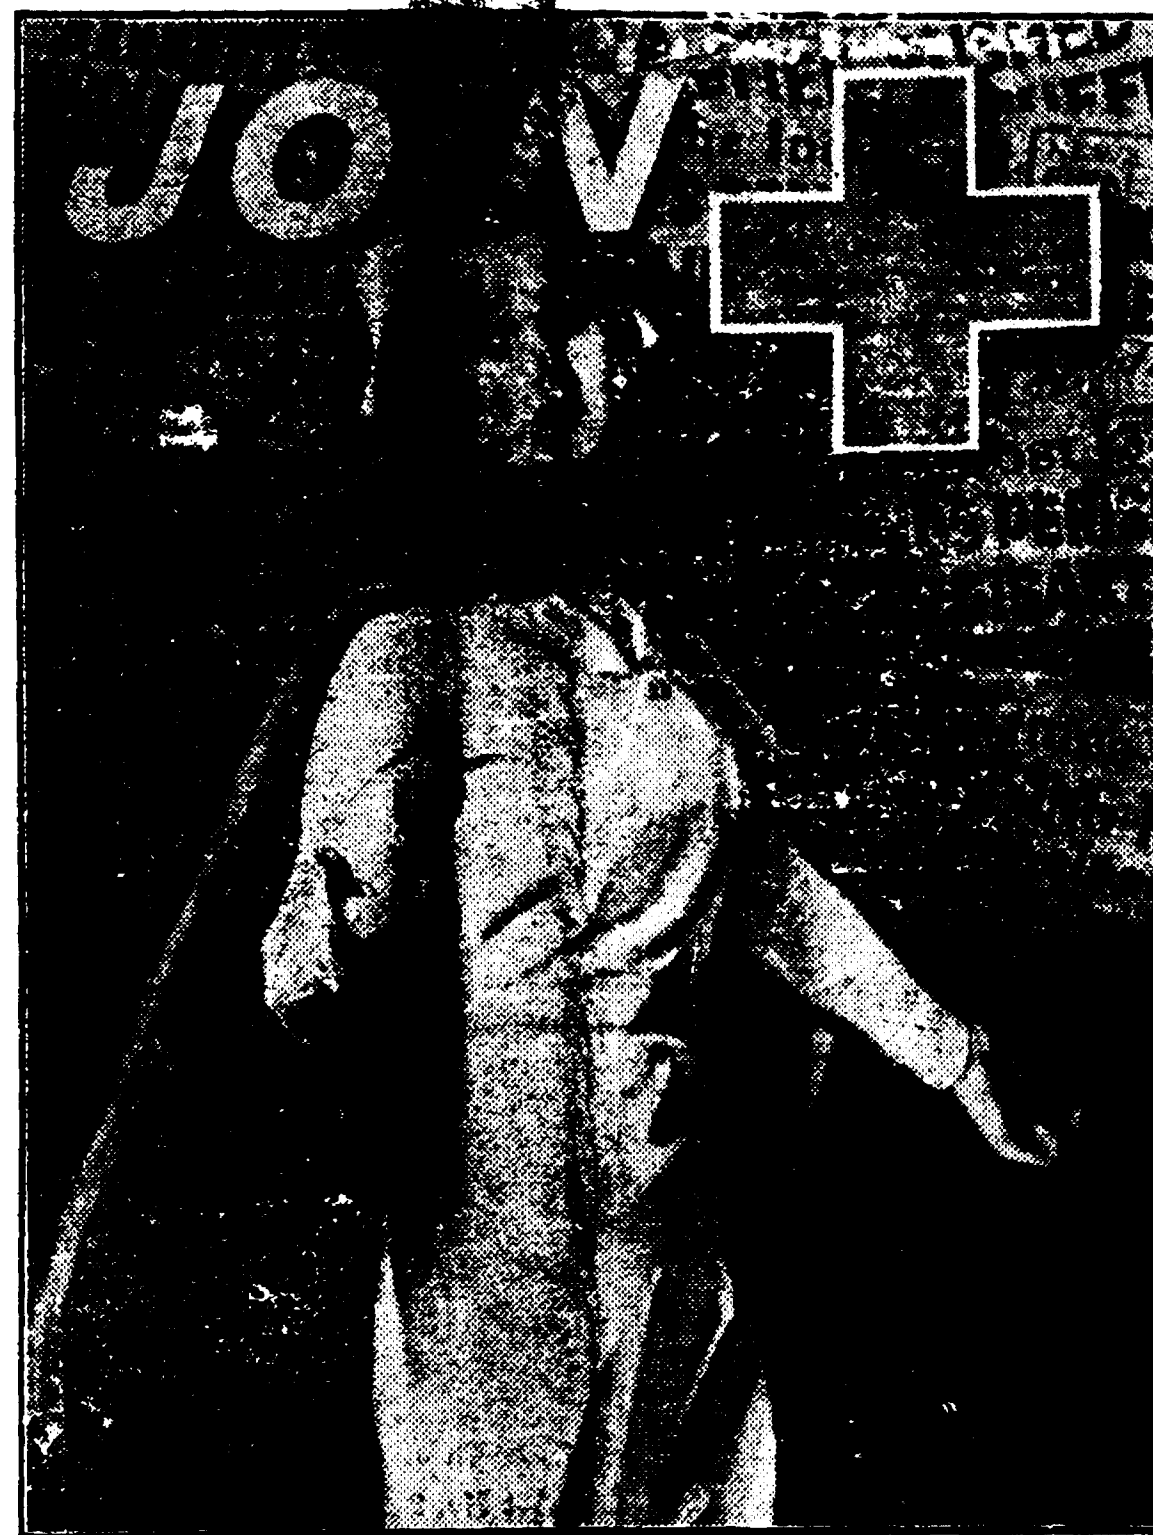

The Student Council has been disbanded, cooperation not seeming to be developed very well at the moment.

Many people enjoyed themselves at a party given for the faculty last Thursday. These get together are the things which aid cooperation of parents, teachers, and pupils.

Mr. Flintoff, who teaches the band lessons, is judging the school songs. Results are not known as yet, but we hope to sing the school song at the next assembly.

The next football game is with Hartland here, Friday, October 28. We would like a big turnout to cheer the boys on. Do we get it? It's up to you.

Jury Cases Are Completed

Jury Panel Released for the Term. Chancery Cases Are Now Being Tried

The nonsuiting of the auto accident damage cases against Harry Frost et al. caused a short session of circuit court last week. These cases were ordered non-suited by Judge Collins because the plaintiffs failed to prove that Curran Palmer of Brighton was the owner of the car driven by Frost when the accident happened.

Thursday the trespass case of Alfred Backman vs. Burton Francis et al. was tried by a jury. A settlement was made before it was finished. Friday the suit of Glen Garwood of Brighton vs. the Universal Credit Co. was tried before a jury. Harry Frasier, former Ford dealer at Brighton was also a defendant. Garwood got two judgements, one of \$385.81 and one of \$438.31 for services performed when he worked for the two defendants.

This ended the jury cases and the jury was dismissed. This week chancery cases will be tried. These consist mostly of mortgage foreclosure cases and divorces.

PINCKNEY PLAYED at ROMULUS

Pinckney played at Romulus last Friday and although beaten 30 to 0. Made a good showing against the stronger team. This Friday they play Hartland here. The boys lost to Hartland earlier in the season but expect to break into the win column by taking this game. Only three more games remain on the schedule. They are with Hartland, Ann Arbor Res. and Stockbridge.

PHILATHEA NOTES

A rainy day on Sunday, but a good attendance and collection.

The subject for last Sunday, Our Day of Rest, was an interesting and profitable one, centering about one of the Ten Commandments. One thought in our quarterly was this, It is not a question of what we can do or cannot do on that day. That is legalism. This day is devoted to Jesus Christ. Except we stand for the Sabbath as Jesus' day, we will have little likelihood on resisting those who would ever reach upon it. Wordsworth calls it, Oh, Day of Rest and Gladness.

Next Sunday we will consider, Personal Rights and Where they end. Four passages of Scripture to be studied.

Our prayers and best wishes go with one of our most loyal members Mrs. Hattie Decker, who has gone to California for the winter. We will look forward to her return to us, strengthened by her stay in the land of sunshine. She has our thanks for a generous contribution to the class collection and the Missionary funds.

Mr. and Mrs. Lee Lavey entertained at a dinner party Thursday, the occasion being the birthday of their son, James Lee. The out of town guests were Mr. and Mrs. Joe Metz, Harry Lavey and wife of Howell.

Putnam Township Has Two Candidates on County Ticket

Irvin Kennedy and Mrs. Eleanor Ledwidge are Democrat Candidates for Sheriff and County Treasurer on the County Ticket. Putnam Expected to Give both Big Majorities.

At the general election of Tuesday, November 8th, the voters will find the names of two Putnam citizens as candidates for office in Livingston county on the Democrat ticket. They are Irvin Kennedy who is a candidate for a second term as sheriff and Mrs. Eleanor Ledwidge who is a candidate for county treasurer.

Irvin Kennedy was elected sheriff in 1936 by over 700 majority. He was born in Putnam and except for short periods when he worked in Dexter at the blacksmith trade has always lived in this township. He early interested himself in public life and served as township treasurer, justice of peace and as secretary of the school board. While at Dexter he served as deputy sheriff under Sheriff Sutton of Ann Arbor, and Sheriff Charles Hox and Henry Finley. The latter made him a deputy sheriff at the jail and he remained in that capacity when Claude Fawcett was appointed sheriff following Mr. Finley's death. He has been one of the best sheriffs that Livingston county ever had and his fair, just and impartial enforcement of the law has won the esteem of all people irrespective of party.

Mrs. Eleanor Ledwidge was the daughter of the late Christopher Brogan and is the widow of the late Max Ledwidge who died a year ago. She formerly taught school. Mrs. Ledwidge graduated from Howell High school and the Michigan State Normal and taught school five years. She has 13 living children. Last April she was nominated and elected township clerk, Stanley Dinkel, the Republican nominee, refusing to run against her. She is a competent official and has a large number of friends and relatives in this county who have interested themselves in her candidacy. For this reason she is conceded an excellent chance in the election.

It is expected that both these candidates will be given big majorities in Putnam township on Nov. 8th.

In the past Putnam has had other candidates on the county ticket and has supported them irrespective of party. Malachi Roche, W. C. Miller and Chas. Hoff were elected sheriff and so was Fred Teeple who lived just over the line in Hamburg. Previous to that Laverne Brokaw and Wm. VanWinkle were elected to county office while living in Putnam.

Osborn will be chairman and Prof. Mortimer Cooley of the University, Vice Chairman. Practically every community and county in the state is represented. Livingston county's members on the committee is Martin J. Lavan, of Brighton.

Surviving is a son, Charles, in California and 4 sisters, Mrs. Tessmer, Mrs. Mary Girard and Mrs. Anna Dickson of Lakeland and Mrs. Sophie Wright of Adrian.

CURRENT COMMENT

Republican State Chairman James Thompson is given great credit by the press for smoothing out the hectic Fitzgerald-Dickinson fracas by dictating or securing letters from Fitzgerald and Dickinson which he made public last week. The Jackson Citizen Patriot which is not supporting Gov. Murphy has the following to say about the affair.

So it's another victory for the adroit Jim Thomson. Jackson county is proud of him; but we fear there will be more gray hairs on Jim's statesmanly head when he returns to Tompkins Center next mid month.

It's bad enough to have a candidate for governor who promises free transportation on the state ferries and who coddles the Townsend plan, without being called upon to pull a Republican knife out of the back of the Republican candidate for lieutenant governor. Of course, Fitz was only joking; but he's been in public life long enough to know that tiddling endorsements of opposition candidates aren't funny to the candidates on his own ticket. He's lucky that Jim Thomson has given up trying to get the price of his seed out of his potato crop long enough to save the Republican ticket from a rough and tumble free-for-all.

The Republican state Committee's questioning the increased registrations of voters in Genesee and Wayne counties and charges that the WPA and relief persons are being brought in there to vote. In Wayne county the registration has reached its highest of 689,023 and the record has also been broken in the county of Genesee. Large votes if he past have usually meant Democratic victories. In 1936 Frank Fitzgerald got more votes than in 1934 but nevertheless was beaten on account of the huge vote. The Detroit Free Press however, refuses to become alarmed. It says some 70,000 of these registration cards are held by people who did not take the trouble to vote in 1936 and will probably not bother to this year. This paper thinks the state vote will be about 200,000 under that of 1936 next month as it has been in off year elections of the past.

William Randolph Hearst advocates a congress of nations to stop all wars, especially the ones now raging in China and Spain. Just what does he mean and where would such an organization differ from the League of Nations over which he raged in the past. The fault with the League was that it had no power to enforce its edicts. If Mr. Hearst's organization is also without power to enforce its edicts it would too, be of no value. It would also have the same tendency to get us mixed up in the European disputes and intrigues that was Hearst's reason for fighting the League of Nations.

Ann Arbor is said to be the headquarters of a narcotic ring. Two Jackson women arrested for peddling dope were suspected of getting the drug in Ann Arbor where their numerous visits to a doctors office aroused suspicion. An Ypsilanti toolmaker was also arrested for selling dope. According to Prosecutor Rapp, these 3, an Ann Arbor physician and another person comprised a 5 person ring which disposed 100 quarter grain morphine tablets daily for a month. So far the physician has not been arrested or named although the other three are in jail.

The forward pass has done more to revolutionize football than any other innovation. By means of it lighter teams are able to overcome heavier ones and two or three successful passes completed in the closing minutes of play have pulled a great many contests out of the fire. The forward pass demonstrates the power of brain over brawn.

Connie Mack of Philadelphia has come out in favor night baseball and it will probably be tried out in several American parks next year. We predict that night baseball will be a success only as long as it remains a novelty for that is its chief drawing power.

COEDS RUMMAGE FOR OLD CLOTHES

Coeds at Michigan State College enrolled in clothing classes in home economics are rummaging in nooks and corners at college and at home for discarded articles that can be modernized and brightened up with new accessories.

One would think we were preparing for a rummage sale instead of a class in clothing, says Hazel B. Strahan, instructor.

Some of the clothes brought to the class were so old fashioned they looked hopeless. Other articles were unfaded or badly worn around the edges. One girl failed to find material suitable for a class project. But she shopped around and found an unclaimed fur-trimmed coat which a dry cleaning establishment sold to her for a dollar and a half.

Trying to evade moth holes or button holes presented somewhat of a jigsaw puzzle to some of the coeds when they attempted to put a new garment together from pieces of an old coat or dress. Usually the garments are ripped apart and used merely as material.

Some of the girls found the used garments were too badly worn. They then started a new search for materials. One of the class projects includes comparing cost of repair with cost of replacing the garment with something new.

In a class of 20 coeds it was found the average cost of renovating a garment was \$1.25. The lowest was 15 cents, highest \$2.62.

NEIGHBORING NOTES

Williamston's prospects for a cheese factory have gone glimmering. A smooth talking stranger came there got an option on land and canvassed the country for milk to start a cheese factory. When he left town suddenly it was found that he had paid for nothing, not even his board bill at a restaurant. He is said to be the same man who launched a similar venture at South Lyon and even ordered 15 trucks of an auto dealer there.

Over Sixty-Eight Years of Safe Banking

On the Mark

With the hunting season in full swing we can draw a fitting simile. When a bird "goes up", the hunter automatically takes aim and fires. He has his eye on the mark.

What is our mark in life? With most of us it is to accumulate enough money to permit a comfortable living. To the financial world, this is a minimum and to bring more enjoyment to our families is our driving force. This condition can only be achieved by persistently having our eye on the mark and saving regularly. We must be always ready to save when surplus funds occur.

Shehan are in the cucumber business on quite a large scale—Mr. Carpenter had a field of nine acres and Mr. Shehan has 15 acres. They are raised for seed for the Isbell company of Jackson.

The threshing outfit owned by the Isbell company consists of a grinder and a round wire cage or sifter. The sifter is placed across a 40 foot moat or ditch dug in the center of the cucumber field, which is lined with gunny sacking.

The cucumbers are then shoveled into the hopper and ground and the seeds, pulp and juices fall into the revolving sifter where the seeds and juice drop through the wire. The outfit is operated by horse power. The seeds and juices are allowed to remain for five days or until they begin to ferment. They are then washed and the seeds extracted, hence to be sold to cucumber growers.

WHERE'S THE PROOF

This charge is being freely made by big and little spell binders of the party opposed to Governor Frank Murphy that Michigan's governor is a communist. We suppose that this charge is being made with the idea that most anything goes in political campaign and that those who make the charge will not be called upon to prove it.

This reminds us of another incident some years ago shortly after the World War when the Chicago Tribune, still noted for its bigotry and narrowness printed an editorial in which they called Henry Ford an anarchist. At that time Mr. Ford was a staunch supporter of Woodrow Wilson and the Democrat candidate for senator in 1920. Then the Michigan conservative papers joined in supporting the Tribune and Mr. Ford was subjected to a constant stream of abuse in which his son, Edsel, was classed as the champion slacker of the United States. Mr. Ford started suit for slander. The Tribune made use of every technicality for delay but at last the suit came to trial at Mt. Clemens. The Tribune brought several car loads of witnesses but the verdict of the jury was in favor of Mr. Ford and he was given 6c damages which was probably the jury's opinion of the influence of the Tribune.

Those who charge Governor Murphy with being a Communist do so under the impression they will not be called upon to prove the charge for if they were forced to they would probably fail as dismally as the Chicago Tribune. In the first place Gov. Murphy is a devout Catholic and the Catholic church is bitterly opposed to Communism. It is impossible to be both a Catholic and a Communist. Also it has never been shown that the governor has practiced Communism. The fact is that not one person in 50 can explain what Communism really is.

COMMUNICATION

Pinckney, Mich., Oct. 24, 1938
To Whom It May Concern

This is the day and age when intelligent and conscientious voting should take place at the polls.

With these two thoughts in mind, I am taking up this spade in your paper by asking the readers to consider the name of Mrs. Eleanor Ledwidge, for county treasurer in the November election.

Your first concern will be "Is she qualified to hold this office?" Does she understand work of this nature? And then you will undoubtedly ask "Does she need this office?"

Mrs. Ledwidge is a woman of intelligence and possesses an enviable reputation as a civic figure -- having kept in touch with public affairs all her life. She is an ex-teacher in the public school of Livingston county and a church going woman.

At present Mrs. Ledwidge is township clerk of Putnam township, which office she is very capably filling. As to the question of her need for this office.

Mrs. Ledwidge is the mother of a large family, consisting of thirteen children, six of whom are under sixteen and dependent upon her. her husband having died last year.

With all due respect and appreciation for the efforts of the present holder of this office I believe Eleanor Ledwidge, altho not of my political party, is the one who is the more capable and deserving of your support for County Treasurer at the polls November 8th.

Hoping that efficiency rather than partianship rules your voting choice November, the eighth, I am

Respectfully yours

Mrs. Alta B. Meyer

REFERENDUM ON ACT NO. 257 OF THE PUBLIC ACTS OF 1937, BEING AN ACT TO PROVIDE FOR THE TRANSFER OF THE ADMINISTRATION OF CERTAIN EXISTING STATE PUBLIC WELFARE AND RELIEF MATTERS, SERVICES AND DUTIES TO THE STATE DEPARTMENT OF PUBLIC ASSISTANCE CREATED BY SAID ACT, AND TO ABOLISH THE VARIOUS STATE DEPARTMENTS, BOARDS, COMMISSIONS AND OFFICES SO TRANSFERRED.

AN ACT to protect the welfare of the people of this state; to create a state department of public assistance, and to prescribe its powers and duties; to provide for the transfer to said department of the powers and duties affecting welfare matters now vested in certain other state boards, commissions, departments, and officers; and to abolish the state boards, commissions, departments and offices the powers and duties of which are hereby transferred; to provide for the interstate transfer of dependents; to prescribe penalties for the violation of the provisions of this act; and to repeal all acts and parts of acts inconsistent with the provisions of this act.

The People of the State of Michigan enact:

Section 1. There is hereby created a state department of public assistance, hereinafter called the department, which shall possess the powers and perform the duties granted and conferred. Such department shall consist of a state public assistance commission hereinafter created, and of a director as its executive head, and of such assistants and employees as may be appointed or employed in such department. Such department shall have its executive office at Lansing and it shall be the duty of the board of state auditors to provide suitable office accommodations therefor.

Section 2. The administration of the powers and duties of the department shall be vested in a commission of five members to be known and designated as the "Michigan public assistance commission," hereinafter called the commission. Provided, That no member of the aforesaid commission shall be a member of any other commission or board, appointive or elective, state or federal. No person holding a position with any state institution or department shall be eligible to appointment to this commission. Members of the commission shall be appointed by the governor, by and with the advice and consent of the senate, for a term of four years each; provided, That of the members first appointed, one shall be appointed for a term of one year, one for a term of two years, one for a term of three years, one for a term of four years, and one for a period (term) of five years. Members of the commission shall be appointed from citizens who possess and have demonstrated sincere interest, knowledge, and ability consistent with the responsibilities of the office, and not more than three of whom shall be members of the same political party. Each member of the commission shall qualify by taking and filing with the secretary of state the constitutional oath of office and shall hold office until the appointment and qualification of his successor. Members of the commission may be removed by the governor for misfeasance, malfeasance or non-feasance in office, after hearing. Vacancies in the membership of the commission shall be filled at the expiration of the unexpired term, in the same manner as the original appointment. A majority of the members of the commission shall constitute a quorum for the transaction of business. The commission shall meet on the call of the chairman, or on a written request to the chairman signed by three members of the commission, or at such times and places as shall be prescribed by the rules and regulations of the commission. Provided, That the commission shall hold not less than ten meetings each fiscal year, with an interval of not more than sixty days between any two meetings. The failure of any member to attend three consecutive meetings of the commission, unless excused by a formal vote of the commission, may be treated by the governor as a resignation by such non-attending member, and the governor may appoint his successor. The commission shall annually designate one of its members to act as chairman and one of its members to act as vice chairman of the commission. Members of the commission shall be reimbursed for necessary travel and other expense, and shall be paid fifteen dollars per day when in actual session, to be paid in the same manner as expenses of other state officers and said.

Section 3. The commission shall appoint and employ a director of the department, hereinafter called the director, who shall be the executive officer of the department, and shall be responsible to the commission for the performance of his duties. The director shall act as secretary of the commission, and shall devote his entire time to the performance of the duties of his office. The director shall hold office during the pleasure of the commission. The director shall receive such annual salary as shall be appropriated by the legislature, together with his actual and necessary traveling and other expenses incurred in the discharge of his official duties, to be paid in the same manner as the salaries and expenses of other state employees are paid.

Section 4. The commission shall appoint a deputy director, an executive head of each bureau or division of the department, and an executive head of each institution (including the Michigan children's institute) under the supervision and jurisdiction of the department. The director shall employ, having first obtained the approval of the commission, such assistants and employees for the department and, subject to the rules and regulations of the commission, incur such other expenses as may be necessary to carry out the provisions of this act. The executive head of each institution (including the Michigan children's institute) shall be responsible for the employment of all assistants and employees thereof. The compensation of all such assistants and employees, and the number thereof, shall be within the appropriation made therefor by the legislature. Such assistants and employees shall receive their actual and necessary traveling and other expenses incurred in the discharge of their official duties. All salaries and expenses shall be paid in the same manner as the salaries and expenses of other state employees are paid.

Section 5. The commission shall adopt all rules and regulations governing the policies of the department, and the director, subject to such rules and regulations, shall be responsible for such executive duties as shall be assigned to him by the commission.

Section 6. The commission shall devise a seal, and the rules and regulations of the commission shall be published over the seal of the commission. Copies of all records and papers in the office of the department, certified by a duly authorized agent of the commission and authenticated by the seal of the commission, shall be evidence in all cases equally, and with the like effect, as the originals. A description of the seal, with an impression thereof, shall be filed in the office of the secretary of state. The commission shall be a body corporate, and is hereby authorized to lease any lands under its jurisdiction and to do any other act or thing necessary in carrying out the provisions of this act.

Section 7. Any member of the commission, or the director, may issue a subpoena requiring any person to appear before the commission or director, as the case may be, and be examined with reference to any matter within its jurisdiction and within the scope of the inquiry or investigation being conducted by the said commission or director, and to produce any books, records or papers, pertinent to such inquiry. Any member of the commission, the director, or any duly authorized agent of the commission or director, may administer an oath to a witness in any matter before the commission or director, as the case may be. In case of disobedience of a subpoena, the commission or director may invoke the aid of the circuit court of the county in which the witness resides, or the circuit court of the county in which the inquiry is being held, in requiring the attendance and testimony of witnesses and the production of books, papers and documents. Any circuit court of the state, within the jurisdiction of which any such inquiry is carried on, may, in case of contumacy or refusal to obey a subpoena, issue an order requiring such person to appear before said commission or director, as the case may be, and to produce books, records and papers if so ordered and give evidence touching the matter in question. Any failure to obey such order of the court may be punished by such court as a contempt thereof.

Section 8. The commission is hereby authorized and empowered to create or abolish bureaus or divisions within the department for the economic and efficient administration of the work of the department, and to allocate and re-allocate their several functions and duties. The commission may create within the department a bureau or division of medical care; and if such bureau or division of medical care is created, the director, having first obtained the approval of the commission, shall appoint a properly qualified licensed doctor of medicine as the head thereof, which doctor shall at all times be subject to the control of the commission and director.

Section 9. The commission shall prescribe rules and regulations for the conduct of hearings within the department, and provide adequate procedure for a fair hearing of appeals and complaints, by any applicant for or recipient of assistance or service. Such hearings may be conducted by the director, or by any agent designated by the director, but shall be subject to a review by the commission, in case such review is requested in writing. All decisions of the commission shall be binding upon the county, city or district department of public welfare involved and shall be complied with by said department; provided, That as to those forms of relief which are in no part financed by federal funds, the decision of such county, district or city department of public welfare as to the denial, granting, form and amount of such relief shall be final in the absence of abuse of discretion or bad faith, and that in respect to any dispute or disagreement between an applicant for or recipient of any such form of relief and the county, city or district department of public welfare relating to the denial, granting, form and amount of such relief the jurisdiction of the Michigan public assistance commission shall be limited to the fixing of reasonable minimum standards.

The commission may also, upon its own motion, review any decision of a county department of public welfare with respect to the granting of old age assistance, aid to dependent children, aid to the blind, as defined, in each case, in the laws of this state, or any other form of public aid or relief administered by said county department of public welfare, and may consider any application upon which a decision has not been made by the said county department within a reasonable time.

The commission may make such additional investigation as it may deem necessary, and shall make such decision as to the granting of assistance and the amount of assistance to be granted the applicant as in its opinion is justified and in conformity with the laws of this state.

Section 10. The department is hereby designated as the state agency to cooperate with the federal government in the administration of the provisions of title one, title four, part three of title five, and title ten of the social security act passed by the congress of the United States of America, approved August fourteen, nineteen hundred thirty-five, herein referred to as the "social security act," and any amendments thereto or supplemental thereof. The department is hereby authorized and directed to cooperate with the proper departments or agencies of the federal government and with all other departments or agencies of the state and local governments, and to supervise the administration by local governmental departments or agencies of any plan or plans established by the state in cooperation with the federal government under the provisions of title one, title four, part three of title five, and title ten of the social security act, and any amendments thereto or supplemental thereof, and the rules and regulations issued thereunder and in compliance therewith. The department, with the approval of the governor, shall have power to cooperate with the federal government, or any of its agencies or instrumentalities, in handling the welfare and relief problems and needs of the people of this state, to the extent authorized by the laws of this state.

To such end, the commission shall have power to adopt any plan or plans required or desirable to participate in the distribution of federal moneys or the assistance of the federal government, and the commission shall have power to accept on behalf of the state of Michigan any allotment of federal moneys. The commission shall be authorized and empowered to adopt any rules and regulations and enter into any agreement or agreements with local units of government as may be necessary to enable the state of Michigan, or such local units, or both, to participate in any such plan or plans as said department may deem desirable for the welfare of the people of this state.

For the purpose of assuring full federal approval of the activities of the department and local units with respect to the operation of any such plan or plans, the commission and director shall comply with all federal requirements pertaining to methods and standards of administration. In the making of any rules and regulations with respect thereto, there shall be included such methods and standards of administration for the conduct of the work of local units, including the necessary supervision thereof, as may be required for the receipt of aid from the federal government.

Section 11. The state treasurer is hereby designated as the custodian of any and all moneys received from the federal government, as authorized in section ten of this act, and of any other moneys received from any other source, and such moneys shall be held and disbursed in accordance with the provisions of the plan or plans adopted, in conformity with the general accounting laws of this state: and such moneys are hereby appropriated for said purposes.

Section 12. The department is hereby authorized, subject to the approval of the attorney general, to enter into reciprocal agreements with corresponding state agencies of other states, regarding the interstate transportation of indigent persons, and to arrange with the proper officials in this state for the acceptance, transfer and support of persons receiving any form of public aid or relief in other states in accordance with the terms of such reciprocal agreement; provided, That this state shall not, nor shall any county or any county department of public welfare, in this state, be committed to the support of persons who the state department determines are not entitled to public support under the laws of this state. This section shall be so interpreted and construed as to effectuate its general purpose to make uniform the laws of such states as enact similar legislation.

Section 13. The department shall have and be vested with the following additional powers and duties:

(a) To allocate and distribute to the several county, city, and district departments of public welfare, as herein provided, subject to federal rules and regulations, if any, and in accordance with the rules and regulations promulgated by the commission, moneys appropriated by the legislature or received from the federal government for the relief of destitution or unemployment within the state of Michigan, or any political subdivisions thereof; for the granting of old age assistance, aid to dependent children, and aid to the blind and otherwise handicapped; for medical, dental, nursing, pharmaceutical, and burial relief; and for such other relief or welfare services as may be provided by law.

GOOD ROAD AMENDMENT

National and state leaders this week pointed in urging Michigan voters to adopt Constitutional Amendment 3, the Good Roads Amendment on the November 8th election ballot.

At the Amendment 3 Boosters Luncheon here in the world's automobile capital, the importance of the proposal to Michigan people was voiced by Karl Ditzler, the noted author; Gar Wood, the sportsman; Highway Commissioner Murray D. Von Wagoner; Clarence G. Carlton, vice-president of the Automotive Safety Foundation; Richard Harist, general manager of the Automobile Club of Michigan; and Thomas McDonald, chief of the U. S. Bureau of Public Roads.

Meanwhile the Michigan Medical Society, with a membership of approximately 5,000 practicing physicians joined the list of many organizations endorsing the amendment. Our doctors, who are so dependent on good roads to reach their patients are anxious that nothing be done to cripple our great highway and street system, a resolution of the executive committee of the Society's Council said.

Carlton stressed the importance of the amendment to the wage earner declared it was the only way to guarantee the use of motorist's taxes for roads and streets, and pointed out that good roads are a necessary requirement of a good school system, particularly consolidated schools.

Detzer said the towns of the north country will start without tourist business routed over good roads. Mr. Donald expressed the hope that Michigan whose economic well being is so closely tied to really adequate roads will give amendment 3 a sweeping victory.

"SAFETYGRAMS"

Fall weather is approaching and with it we can expect fog, rain, and sleet. Streets will be wet and slippery and windshields will be coated with ice. Driving under such conditions makes extra precaution essential. Don't let anything distract you! Pay attention to your driving!
