Next Tuesday, Nov. 8 Is General Election Day

Hot and Furious Campaign Will Close on That Date with Both Sides Claiming an Advantage. Thousands of Speeches Have Been Made and Both Sides Have Brought in Big Guns From Outside the State.

Next Tuesday will close one of the warmest campaigns ever conducted in this state. Both Democrats and Republicans have made thousands of speeches and plastered the bill boards and trees in the state with their posters. The campaign has overshadowed everything else and crowded out other important news from the front page.

Still the result is seemingly in doubt according to the daily papers. They claim the election is a tossup and 50-50 proposition. As they are against Governor Frank Murphy 100 percent, this would seem to mean that they can see little hope for Mr. Fitzgerald. The American Institute of Public Opinion which has conducted a straw vote on about everything imaginable is quiet on the Michigan governorship.

Last spring it looked as if the Republican party would have easy sailing. However, the crusading zeal for the Republican party evaporated after the Grand Rapids convention and since then the tide has been running towards the Democrats.

The Republican plan of campaign has been to condemn every thing the Murphy administration did but to offer nothing in their place. Such a (Holy War) begets opposition and many Republicans feel that the (Murphy and Communism) orchestration has been overdone. The Dies committee was in wrong before its attack on Governor Murphy and may boomerang as did the vicious attacks on President Roosevelt in 1936.

Governor Murphy in his speeches throughout the state has been out-drawing Frank Fitzgerald by a big margin. This was the case of Roosevelt and Landon in 1936. The Republicans claimed there was no significance in this but they were wrong. The above is gleaned from the special reporters assigned to cover the speeches of the two candidates around the state.

There seems to be little betting on the election. Several Murphy men claim they can get no wagers. We have heard only of a few dollar bets.

The campaign has developed funny angles. Frank Fitzgerald addressed several Polish and Italian Republican organizations in Detroit last week. At these meetings according to Detroit papers the picture of the aged Luren Dickinson, Republican candidate for governor was absent and that of Leo Nowicki was in its place. Dickinson on account of his Anti-Saloon League presidency is not popular in Wayne county.

In the county the Republican office holders are so confident of a clean sweep, except for the office of sheriff they have failed to do any campaigning to speak of. The rally at Howell addressed by Senator Vandenberg, being their only meeting. The Democrats on the other hand besides holding rallies addressed by Senator Prentiss Brown and Governor Murphy have held numerous other meetings, principally in private homes and have workers in every township. They claim to have hopes of winning other offices besides the Sheriff. The Democrat incumbent, Irvin Kennedy, has given a wonderful two year administration of that office and his election is generally conceded.

Increased registrations are reported all over the state and a record all year vote is expected. In the past a big vote has meant a Democrat victory. In 1936, although Frank Fitzgerald polled more votes than in 1934 he was defeated.

Both parties brought in outside speakers last week. National Chairman Hamilton addressed a Republican meeting at Lansing and Mayor LaGuardia of New York City addressed a Democrat rally at Detroit last Sunday afternoon. Governor Murphy also spoke. The naval armory only seats 6000 this was full and an overflow of 15,000 unable to get in heard it over the loud speaker outside.

The Scholl secret pardon granted by Ex-Governor Fitzgerald a few days before his term expired in 1936 seems to be a big handicap for him. He sought to excuse it by stating that he made a mistake. Last week according to the Jackson Citizen-Patriot of last Monday, a Republican committee visited Mrs. Olive Ellis, 87, the aged Marshall woman whom Scholl swindled out of \$10,000. The committee endeavored to get her to sign a paper exonerating Frank Fitzgerald.

The Big Radio Hoax

Sunday Night Radio Hoax Frightens Local Residents into Hysterics and Many Backsliders Resort to Prayer.

The Sunday night broadcast over station WJR of H. G. Wells novel depicting an invasion of the world by Mars was too realistic. Most of the late tuners in who did not hear the announcement though, it the real thing and some of them went into hysterics. The warning to evacuate New York City caused hundreds to flee from there and the police had more calls than they could handle and many more were taken to the hospitals suffering from (Radio Shock). Pinckney was no exception and had her share of these cases. The black fog sweeping over the New Jersey marshes destroying all before it was realistic enough but when the Martian soldiers were reported landing by the thousands we knew it was a fake.

DOUBLE WEDDING TO TAKE PLACE

A double wedding will take place at Howell on Saturday, November 12, when Lyman and Anthony Battle, son of Mr. and Mrs. Frank Battle, former Pinckney residents will be united in marriage at St. Joseph's church there to Miss Roberta Dean and Jeanne Sullivan of Ann Arbor. Rev. Fr. Fedawa officiating.

WESTERN UNION

Hon. Martin J. Lavan, Brighton, Mich
Dear Martin. It is a great pleasure to appoint you, effective immediately to the Tuberculosis Sanatorium Commission. I am sure you will throw yourself fully and enthusiastically into the fight we are waging for better health in Michigan. You are young, progressive and familiar with the problem and will be of great help.

Frank Murphy WILL LEAVE PINCKNEY

Dr. H. G. Porter, osteopathic physician, who located at Pinckney last spring has decided to leave here and locate at Bancroft, Michigan. He expects to leave this week. Dr. Porter's coming here filled a long felt need as the village had been without a doctor since the death of Dr. C. L. Sigler in May 1937. Dr. Porter built up a good practice and made many friends who will greatly regret his departure.

Pinckney will not be without a doctor, however, as Dr. Ray Duffy of Breckenridge reopened the Pinckney Sanitarium last summer.

NEW LICENSE PLATES TO STIMULATE BUSINESS

New 1939 license plates were on sale this year on October 27, 1938 by Leon D. Case, Secretary of State for the express purpose of stimulating the sale of new and used cars.

The new 1939 plates of black lettering on buff, may be purchased for either new or used motor vehicles. The only restriction is that on cars already licensed, the owner must surrender the old plates before purchasing new ones. Case points out that the collection of 1938 plates, when new ones are purchased is required by law, as the statute allows only one registration for each motor vehicle; also the old plates might get into the hands of someone who would cause serious trouble for the original owner, as these 1939 plates are good on the highways until March 1st, 1939.

The 1938 plates may also be purchased for half price for cars that are going to be traded in or are not going to be operated after March 1st, 1939.

"ORPHANS OF THE STORM"

Fleeing a tornado near Clyde, Texas, parents of these babies were killed, their automobile tossed a quarter-mile away. Hours later a telephone lineman heard a child's whimper in a roadside ditch. There he found 3-year-old Jesse, Donald Rutledge, water up to his chin, holding his 3-month-old brother Cary's head above water. Relatives being unable to care for the brphans, Red Cross workers arranged a maintenance fund to support them until they are 16. A Texas college promised scholarships and ranchmen started a herd of cattle for their benefit. The Red Cross will help the boys make adjustments as they grow older.

Hartland Wins 18 to 0

Pinckney has Numerous Scoring Chances But Over Eagerness Prevents Locals from Cashing in on Them

Pinckney expected to break into the win column Friday by taking Hartland but instead Hartland won 18 to 0. The game is a story of lost opportunities for Pinckney and gained ones for Hartland. Hartland got a break right off the reel when J. Young fumbled the opening kickoff and Hartland recovered, near the Pinckney ten yard line. A forward pass completed gave them a touchdown. Their second touchdown resulted from getting the ball on a fumble from Pinckney inside the 20 yard line and again Hartland passed successfully. An intercepted pass gave Hartland the ball the third time and again they forward passed successfully.

Hartland also did some fumbling and Pinckney recovered twice near the twenty yard line. Once Hartland held them to downs on the one yard line and another time near the five yard line. Pinckney's running game again failed to click and most of their gains were made by forward passes with Van Blaricum on the receiving end. Lavy and Daughd did the tossing and about seven were completed. Most of these gains were made in midfield as Pinckney's passing did not succeed inside the ten yard line.

Hartland had the same weight as Pinckney but won because they were more proficient at the passing game.

Friday Pinckney plays Stockbridge here. Stockbridge has not won a single game in the Tri-County high school league to which they belong. Pinckney should beat them, but this is not certain. If they beat Pinckney it will be the first time a Stockbridge high school team ever did so.

CRIBBAGE TOURNAMENT

The Second Semi-Annual Howell Cribbage Tournament is now in progress. This is a social, four hand progressive tournament, the object being to determine the best or luckiest Cribbage player. The tournament is operated on a non-profit basis by a tournament committee, which presents to the winner the E. J. Hall Trophy, a beautiful silver loving cup.

Two social Cribbage Tournaments are held each year, one in the winter and the other during early fall months. Meetings are held every Thursday evening at 8:00 at the Livingston Hotel Howell. The present fall tournament ends the 17th of November, which still enables new players to enter the tournament and compete for the trophy.

The tournament committee extends an invitation to all Cribbage players both men and women, to participate in the tournament.

New County Road Commissioner Is Elected by Supervisors

Supervisors from Southern Part of County Combine with Democrats to Elect Rex House Over Coyer Allen. Vote is 10 to 7. Republicans Split 7 to 5.

County papers last week carried a two line announcement to the effect that Rex House of Isoco had been elected county road commissioner by the county board of supervisors to replace Coyer Allen of Conway who had held the office a number of years. There is a story connected with this. For some time the southern part of the county has believed that they should be represented on the road commission, Howell and the northern part of the county having a tendency to elect most of the board members.

Some years ago E. A. Kuhn, a Democrat of Unadilla held over although the board was Republican because the Republican members would not elect a man from the south part of the county. Eventually Claude Taylor of Green Oak was elected, but later resigned.

This matter came up again at the October session of the supervisors. Coyer Allen's term had expired. At the Republican caucus Fred Berry of How H township renominated C. Allen, Ralph Glen of Unadilla nominated Rex House. The vote was Allen 7, House 11. Henry Ross of Brighton, being absent. No agreement was reached. The 5 Democrat members of the board failed to nominate a candidate. When the vote was called from the entire body House defeated Allen 10 to 7, all five Democrats voting for the Isoco man. The five Democrats are: Stanton, Hamblin, Pitkin, Brighton, Robb, Conway, Reddinger, Isoco and Wiggins, Deefield.

IS AGAIN CANDIDATE FOR PROSECUTOR

Martin J. Lavan of Brighton is a candidate for prosecuting attorney in Livingston County for the fifth time. However, he is not dismayed by his continued reverses for he remarks, Don VanWinkle, ranked among the best lawyers of the state ran seven times before he was elected. Mr. Lavan is of Irish ancestry and was the prosecutor the first time in 1920 against Jay Sweeney, shortly after being admitted to the bar. He lost Sweeney being elected to a second term. In 1932 he again lost to Sweeney. In 1934 and 1936 Stanley Bertram won from him. This year his opponent is Joe Gates who defeated Herriman in the primaries.

Lavan has been a very successful lawyer and has won a majority of his cases. He has probably had a wider experience in the practice of law than any prosecutor of late years since the terms of Hiram Smith. He has had cases in county, state and federal courts and is widely known around the state. For the past two years he has been legal advisor to the auditor general of Michigan, a member of the state central committee from the sixth district and is also Democrat county chairman. In past campaigns he has ran well out in the state but has found the big vote received in Howell by his Republican opponents too much to overcome. For many years past the prosecuting attorneys have been residents of Howell.

Mr. Lavan states that he is competent to handle any case himself and if elected will not call in outside attorneys to handle the prosecution of important cases as has been done in the past by former prosecutors.

Mr. Lavan is married and has two children, a boy and a girl. He owns a home and an office building in Brighton.

DEMOCRAT PARTY HELD AT GREGORY

The Township Committee of Unadilla, Clifford Howlett and Mrs. Guy Kuhn, sponsored a Democratic party at the hall last Wednesday night.

A large enthusiastic crowd attended. All the county candidates were present and gave brief talks.

Martin J. Lavan of Brighton, a candidate for Prosecuting attorney gave a stirring talk on the up to the minute issues of the present election. The principle speaker of the evening was Mr. Smith of the Animal Husbandry Dept of Michigan State College. Mr. Smith's chief topic was of the farmer and his problems. At the close of the evening program a luncheon was served.

CURRENT COMMENT

Although prohibition is not an issue in Michigan this year it appears on the ballots of 12 states in some form or other. North Dakota votes on repealing the liquor control act. This would make the state dry. Arkansas, Montana, Massachusetts, New Hampshire and Oregon vote on local option proposals. In Iowa, Georgia, Kansas, New Jersey, Oklahoma, and Pennsylvania the Prohibition party has full tickets in the field. The vote against local option in Berrien county last spring delayed the issue in Michigan. About the only dry feature of the election in this state is the candidacy of Luren Dickinson for governor on the Republican ticket. He is president of the Michigan Anti-Saloon League.

The Republican party is paying much attention to the election of governors this year. Only seven state out of the 48 now have Republican governors. While it is all right to elect congressman and senators they have very little patronage to hand out. Governors on the other hand have countless state posts at their disposal and a political machine cannot function without patronage lubrication. Strong and well fed local organizations are the secret of national political organizations.

The last minute attack by the Dies committee on Governor Frank Murphy is viewed differently, it depending on who does the viewing. His enemies hail it with delight while his friends ridicule it. To our mind it was too perfectly timed and too deliberate to have been done in routine as a Congressman Dies claims. Although Dies is a Democrat he is a Texas reactionary and has always opposed President Roosevelt and his policies. He was the leader in bottling up the wage and hours bill at Washington for several sessions. Now lets see what impartial commentators say about the Dies outburst. Mark Foote noted commentator says of President Roosevelt's attack on the Dies committee:

The President accomplished one purpose when he threw the spotlight on the antics of sensation-mongering congressional committee. They long have been the subject of attack because of their lack of judicial processes and their tendency to smear upright citizens, with little or no chance at self-defense or rebuttal. The so-called Dies committee investigating un-American activities was at least partially discredited before the President's castigation.

W. K. Kellogg, Detroit News commentator, noted for his fairness, says of the Dies committee. He sees to it that only one side is represented. Those accused can learn the charges from the newspapers, and read such portions of the evidence as space permits the newspapers to print. Then, if they think it worth while, they can appeal to the committee for a hearing. But they are given no opportunity to face their accusers, nor have they counsel present to cross question the Makuliaks and the other Tomlinsons. We have heard of such methods in Communist Russia; we scarcely supposed they would be adopted here.

Apparently, too, the testimony of these witnesses is privileged. They can attack a man's reputation. They can jeopardize his job, and his has no remedy. And this is America!

In charge of the meeting will be the scoutmaster of the troop, John Burg and the chairman of the Troop Committee, Percy Swarthout.

The Fords Tell Their Plans for 1939

IF WE KNEW anything better we could do for the country than make good motor cars, we would do it.

By every one doing his best in the job he thinks most useful, this country is going to regain its momentum. We have tried to do our best in our job.

When business was suddenly halted in its recovery more than a year ago, we determined that we should keep going anyway, if not at full-volume motor car production, then at getting ready for greater motor car values that would help future production.

EXPANDING FOR THE FUTURE

We began to build 34 million dollars' worth of new plants and equipment. We felt that if we could not employ all our men building motor cars, we would employ as many as we could building better production facilities.

We were told, of course, that this was no time for expansion, that a wiser business policy would be to "hold everything"—which means, stop everything. But no one ever got anywhere standing still.

Besides, we are not defeatists. We do not believe this country has seen its best days. We believe this country is yet in the infancy of its growth. We believe that every atom of faith invested in our Country and our People will be amply justified by the future. We believe America is just beginning. Never yet have our People seen real Prosperity. Never yet have we seen adequate Production. But we shall see it! That is the assurance in which we have built.

Business is not just coming back. It will have to be brought back. That is now becoming well understood in this country; for that reason 1939 will be a co-operative year. Manufacturers, sellers and buyers will co-operate to bring back the business that is waiting to be brought back.

This construction program is almost completed. It has increased activity and payrolls in a number of related industries. It has given us better facilities for building better cars and trucks, and eventually our new tractor which is being perfected.

THIS MEANS MORE VALUE

The current program has provided a new tire plant, which will turn out a part of our tire requirements... a new tool and die plant that will help us cut the cost of dies... and a steel-press plant that will enable us to make more of our own automobile bodies. These are in addition to the plants we already had for producing glass, iron, steel, plastics, and many other things.

We don't supply all our own needs, of course, and never expect to. The Ford engine is one thing

Henry and Edsel Ford, on the occasion of the 35th anniversary of the founding of the Ford Motor Company, June 16, 1938

that no one's hand touches but ours. Of nearly everything else we use we build some quantity ourselves, to find, if possible, better and more economical ways of doing it. The experience and knowledge we gain are freely shared with our suppliers, and with other industries.

We take no profit on anything we make for ourselves and sell to ourselves. Every operation, from the Ford ships which first bring iron ore to the Rouge, is figured at accurate cost. The only profit is on the finished result—the car or truck as it comes off the line. Some years, there is no profit for us. But we see to it that our customers always profit. A basic article of our business creed is that no sale is economically constructive unless it profits the buyer as much as or more than the seller.

Our new plants have helped us build more value into all our cars for 1939. That means more profit on the purchase to the purchaser.

We have not cut quality to reduce costs.

We simply will not build anything inferior.

NEW TESTING EQUIPMENT

While we were putting up new plants to produce cars, we constructed new equipment to test them. The first weather tunnel of its kind ever built for automobile research went into operation at our laboratories this year.

It makes any kind of weather to order. The weather it delivers every day would take months to find in Nature. Our cars are weather-tested to give you good service in any climate anywhere.

In other tests, every part of the car is punished unmercifully. Then our engineers tear it down to see if they can find abnormal wear or any sign of weakness.

The money we spend on tests saves you money on repairs. And your family car is safer and more dependable when we put it in your hands.

THE NEW CARS

We have two new Ford cars for 1939—better cars and better looking—but we also have an entirely new car.

It's called the Mercury 8. It fits into our line between the De Luxe Ford and the Lincoln-Zephyr. It is larger than the Ford, with 116-inch wheelbase, hydraulic brakes, and a new 95-horsepower V-type 8-cylinder engine.

We know that our 1939 cars are cars of good quality. We think they're fine values in their price classes.

With new cars, new plants, new equipment, the whole Ford organization is geared to go forward.

FORD MOTOR COMPANY, Dearborn, Michigan

PROPOSED STATE CONSTITUTIONAL AMENDMENTS AND REFERENDUM

There will be submitted to the General Election to be held on Tuesday, November 8, 1938, three proposed amendments to the Constitution of this State: a referendum on Act 257, Acts of 1937, which is an act to provide for the transfer of the administration of certain existing state public welfare and relief matters, services and duties to the department of public assistance, created by Act 257, and to abolish the various state departments, boards, commissions and offices so far as they are not needed.

Amendment No. 1 if adopted, amend the constitution so as to provide for four year terms of office for county clerks, prosecuting attorneys, sheriffs, registers of deeds and treasurers of counties. It also provides that the board of supervisors in any county may unite the office of the county clerk and the office of the register of deeds in one office or offices at pleasure.

Amendment No. 2 if adopted, will amend the Constitution, to require the non-partisan nomination and appointment of Supreme Court Justices for eight year terms.

Amendment No. 3, if adopted, will amend the Constitution to require that gasoline and motor vehicle license plate taxes collected from motorists be used for highways, roads, and streets. The provision of this Act shall not apply to the general sales tax; the use of tax fees and taxes collected under the auto theft; and operators and chauffeurs license laws, which are used for regulating purposes.

Leon D. Case, Secretary of State, urges every one to voice his or her opinion on the amendments and the referendum. He states, that one vote may mean the success of the failure of any issue, as in the 5th district, both candidates for congress on the primary ticket received a tie vote of 4553; one vote either way would have been decision.

AMERICAN RED CROSS

Preparations for the annual Roll Call of the American Red Cross are well under way with the Rev. Ralph J. Karney as county chairman. Rev. Karney with some of his workers attended the Annual Roll Call Conference at Kalamazoo where they received many valuable suggestions for conducting the campaign.

The Red Cross Chapter has organized a Disaster Relief Unit which we hope will never need to function but will be ready in case, it should happen here. Joe Brady has this work in charge.

Three persons were sent to the National Aquatic School, W. K. Kellogg Foundation at Pine Lake Camp, Doer, Michigan, Mr. Irving Granger and Mr. and Mrs. Benjamin D. Ramsdell. These people are thus empowered to teach first aid and Water Safety, conduct examinations in those subjects.

They have conducted classes in Swimming at Howell and Hamburg; in First Aid in the schools of Howell and at Brighton. They had a First aid tent at the Fowlerville Fair where they rendered such service that they were requested to repeat their effort next year.

The Junior Red Cross is in charge of Rev. W. L. Crutcher of Grogory. He has organized fifteen units in the schools of the county. Rev. Crutcher attended the first Junior Red Cross Conference which was held this year at Grand Rapids. He returned with much information and added enthusiasm for the work.

In the last year 944 garments and hospital supplies have been completed by volunteer women workers in the county. This includes twenty-eight layettes made and used.

We have an annual association of articles for Veterans' hospital. Now we are sending five dozen socks, ten bedside bags, ten cots bags and ten cushion covers.

Eighteen Christmas Bags are sent to our soldiers and sailors in foreign ports. These bags made of bright colored creton have in them ten articles of use to such men. The articles are wrapped attractively in Christmas paper. These gifts have to be shipped before the first of September that they may reach the farthest point by Christmas.

The chapter has assisted in two fires in which cases the persons helped lost their homes with much of the contents including clothing. Articles of clothing and shoes were purchased for them. Other cases of people in temporary distress were supplied with clothing.

MARRIAGE LICENSES

The following marriage licenses have been issued at the county clerk's office: Floyd Patton, 48, Howell, Clara Wakefield, 48, Howell; Wayne Bickett, 21, Howell, Harriett Spaul, 18, Howell.

Disasters Strike 41 States During Year

Red Cross Aids 420,000 Persons Following Catastrophes

That the past year has not been an easy one for the American Red Cross is shown in a recent report listing disasters necessitating Red Cross relief throughout the United States during the past twelve months.

The report reveals that 129 domestic disasters called for Red Cross aid in 247 counties of 41 states, and that assistance was given to 420,000 persons who were disaster victims.

"That this has been a very active year is obvious when one compares this year's operations with the average of 92 disasters requiring Red Cross aid annually for the past 15 years," Chairman Norman H. Davis said in commenting on the Red Cross Disaster Relief Service report.

These catastrophes included cloud-bursts, cyclones, epidemics, fires, floods, forest fires, hailstorms, mine explosions, a school bus accident, a shipwreck, tornadoes, typhoons, and wind storms.

"Disaster relief was the first humanitarian work of the American Red Cross after its organization in 1881," Mr. Davis said. "In the ensuing 57 years the flag of the Red Cross has flown upon every scene of major disaster in the United States. The Red Cross has carried relief—food, clothing, shelter, medical aid, rehabilitation of homes and families—to more than 2,200 scenes of disaster at home and abroad, and has expended over \$140,000,000 contributed by the American public in this work of mercy."

The Red Cross policies of relief, the national chairman pointed out, have been established over a period of years through actual experience of its workers in the field. Relief is given on the basis of need of sufferers—not of losses. Loans, he pointed out, are never made, but relief is a gift from the Red Cross in the name of its members and contributors to its work.

"It would not be possible for the Red Cross to carry out such widespread relief activities without the help of thousands of volunteer workers," Mr. Davis said. "Volunteers are the backbone of the organization, and in the past year's work assistance from many cooperating agencies has made it possible for us to answer the many calls for help."

While relief was being given to victims of natural catastrophes, the Red Cross was not unmindful of the necessity for preparedness plans to meet emergencies that may arise in any American community. Red Cross chapters in hundreds of counties have organized disaster preparedness committees charged with responsibility to map relief plans in advance of need, and to organize resources of communities to prevent duplication of effort and waste of materials when calls for help are received.

These plans are proving especially advantageous in localities subject to frequent floods, tornadoes, or hurricanes, and actual tests of such planning have demonstrated the necessity for such measures.

"The administration of such relief for disaster victims is made possible by annual memberships of millions of Americans in all walks of life," Mr. Davis pointed out. "The extent of Red Cross aid to such sufferers is entirely dependent upon unselfish sharing on the part of all of us."

Conveniently placed, they also maintain up-to-date lists of available cars and ambulance services placed in advance to cooperate with Red Cross first aiders in preventing deaths and permanent injuries that so frequently result from automobile accidents.

Mobile first aid units also have been established in cooperation with state highway and police departments, operators of public utility vehicles and others frequenting highways, operators of such units also receiving the prescribed Red Cross courses in first aid.

To cut the number of persons losing their lives through drowning while swimming, the Red Cross has redoubled efforts to train as many persons as possible in life saving methods. During the past year 85,000 persons received certificates upon completion of courses. Since 1911, 814,000 persons have been trained in Red Cross life saving methods, including thousands of persons in CCC camps, youth patrolmen, camp instructors, and school boys and girls.

Carrying the Red Cross message into homes, a campaign to combat accidents caused by careless drivers and faulty equipment last year resulted in self-checks being made in 1,000,000 American homes through cooperation of children in school, women's club farm organizations, and other groups. The 3,700 Red Cross chapters and their branches in every county are contributing to this national effort to end needless pain and suffering resulting from such accidents.

These efforts to lessen such appalling tolls of human lives and usefulness made possible through membership in the Red Cross. The annual Roll Call, held between November 11 and Thanksgiving Day, when all Americans are asked to join or renew their affiliation to ensure continuation of accident prevention measures.

IS MICHIGAN HEADED for BANKRUPTCY?

LET'S CONSIDER THE FACTS

(1) State payrolls increased more than \$9,000,000 in 18 months—the greatest boost of tax-supported wages in Michigan history. Lack of building space at Lansing for Michigan's tax revenue has even forced some offices to move to Detroit.

(2) Steadily mounting deficit in the state treasury. On January 1, 1937, the treasury had a cash balance of \$8,775,000. On June 30, 1938—18 months later, the officially admitted deficit was \$8,741,487—making a red ink total on June 30, of \$17,000,000 UPWARD. And this does not include, in any way, the millions appropriated by the legislature at the special session in August for welfare needs. TODAY the Murphy deficit is somewhere between \$20,000,000 and \$30,000,000, and mounting every day!

What are YOU going to do about it? Old Age pensions have been reduced because tax money has been squandered! Wouldn't it be better for the unemployed to have adequate state funds for their needs, and what is more important, honest-to-goodness jobs in industry and business?

Restore Sound Government to Michigan! Restore business confidence by the American way! Michigan workers are not satisfied with only the Dole, Fay are entitled to real jobs.

NOTES of 30 YEARS AGO

Miss Kate Roche completed a successful term of school at Anderson Saturday.

Frank Hoff has finished buying apples at South Lyon and is now working on J. T. Easmen's farm.

Charles Fishbeck, Democrat nominee for judge of probate, Solomon Bignalla, Fowlerville, Democrat candidate for the legislature and T. B. Shields were speakers at a Democrat rally at Unadilla last week.

A carload of apples was shipped from here to an Ypsilanti cidermill last week.

Brown & Nichols store at Stockbridge was entered Tuesday night, money, cigars and whiskey.

There will be a dance at the home of Richards Bros. at Chubb's Corners Friday night.

L. W. Richards started on the road for a Wisconsin boot and shoe firm Monday morning.

Dan Wright of Unadilla will start for Virginia, Carolina, and other southern states next week.

Governor Luca has pardoned C. Kuhn who was sent from this county to Iowa for two years.

Walter Clark's team he was driving from his farm in Marion to Howell ran away Monday. His daughter's collar bone was broken and one of the horses killed.

The Democrats have a rally booked for the town hall Saturday night. T. R. Shields and S. S. Abbott of Fowlerville will speak.

Gen. Russell A. Alger of Detroit will speak at a Republican rally at Howell Monday night.

The Republicans in Unadilla had seven tamarack pole raisings last Wednesday.

NOTES of 25 YEARS AGO

The Pinckney stores will close at 9:00 p. m. with the exception of Mrs. A. M. Utley's.

Mr. and Mrs. Christ Brogan of Marion celebrated their 38th wedding anniversary at the home of Mr. and Mrs. Wm. Brogan at Brighton Saturday and Sunday.

Dr. H. F. Sigler and Arthur Flintoft went to Saginaw last week and purchased a special built auto warranted to run in the winter as well as the summer. It looks like a buggy and has hard rubber wheels. The manufacturer is Charles Dureya, a pioneer in the auto field, and he cannot make them fast enough to supply the demand. For some years since he became an auto owner Dr. Sigler has had to put up his auto in the winter and use horses. This he does not like.

While gathering hickory nuts in a field on her farm, south of Pinckney with Lucile Fisk, a girl who makes her home with her, Mrs. George Hassenthal, was seized with a heart attack and passed away before aid could be summoned. Surviving is her husband. The deceased was born in New Brunswick. The funeral was held at the Cong'l church Tuesday, Rev. Mitchell officiating. Burial was in Detroit.

Norbert Lavey is brakeman on the Grand Trunk R. R. with headquarters at Richmond.

Rev. Lincoln Ostrander of Flint has accepted a call to be pastor of the Pinckney Congregational church.

L. N. McClear set his last pole for electric lights at Gregory last week and will light the town. The power comes from the Williamsville dam.

At the Michigan State Sanitarium at Howell there are now 79 inmates. There are 24 on the waiting list. The cost of caring for each patient for a week is \$11.27. 8 per cent are cured, 35 percent have the disease arrested and 32 per cent are improved. Of those admitted last year 66 were between the ages of 21 and 30 and 128 16 and 40.

Only a short session of court was held last week. The case of Don Van Winkle, trustee vs D. J. Perone was started, some testimony taken and then a settlement was made. The case of Wilson Yanson et al vs Wm. Mattingly was also started and then put over to the next term. On Nov. 1 the case of C. Reacher vs Coates involving water rights at Oak Grove is set for trial. On Nov. 2 the divorce case of Margaret vs Andrew Plummer is set for trial. Also is the

case of Charles vs Lucile Salisbury. The case of George vs Irene Greiner is set for the third. On November 4 the cases of Anna Samborski vs Roy Clark and Fred Benjamin vs George Powell are set to be tried.

PHILATHEA NOTES

One week from this Wednesday November 9th will be the time for our next Missionary program and class party. This time we are meeting with Mrs. Dora Swarthout, and we hope for a good attendance and an unusually large Missionary offering.

Next Sunday is also Missionary day in the Sunday school. Those who cannot stay for S. S. can make use of the regular Missionary envelopes which are provided in addition to the regular budget envelopes.

Our S. S. reports at the church annual meeting showed well for our school. We trust that our Philathea Class, with all others, may make forward strides during the next church year.

Miss Clella Fish was kindly relieved of the office of Benevolence Treasurer which she has held for the past four years. She is extremely grateful for the loyal support given her by our people during this time and most sincerely asks that an equal consideration be given her successor, Mrs. Jennie Killenberger in this difficult of raising the quota asked of our church. We suggest the early return of all Cent. a Meal boxes for a check up by our new treasurer, and generous personal contributions immediately, that the balance of our quota for 1938 may be met in full before the holiday. Mrs. Killenberger is a member of the What-so-ever Class, a live wire organization taught by the pastor, and she merits your best support in her new task.

We were led in a fine presentation of the lesson by Mrs. Elliott last Sunday, and look forward to another record attendance next week as we consider the topic, Honoring our Parents, four passages are selected for this study from Exodus, Luke, John and Ephesians.

An acknowledgement from the World Wide Union, of our recent class birthday candle gift, was tacked on our class room wall last Sunday. The prayers and cooperation of our class should be at the disposal of our pastor as he starts the special services on next Sunday evening.

MANY ALIASES

FOR RABBIT FUR

Rabbit fur has as many aliases as an internecine known assassin. Margaret Hartlow, instructor in clothing and textiles at Michigan State College.

Coats of rabbit fur carry such labels as Fitch Beaver, French Seal, Siberian Seal, Northern Seal and others that may range below the price of \$150 to \$200 for the coats.

Rabbit can be dyed, plucked or sheared to resemble almost any short haired fur. Brush dyeing colors only the surface but the fur can be dyed down to the leather by dip dyeing.

During a shearing process the end hair or guard hair which protect the coat under fur are cut off. If these guard hairs are too coarse to mingle with the softer they can be removed entirely by plucking. On expensive furs this is done by hand, as with Alaska skinning. On expensive furs a machine is used to blow the under fur while the guard hairs are being cut out.

How do pretty high schools (juniors) to you have modernized the old rabbit fur, by using it to make in to victory-and have started a nation wide college fad, is disclosed in a timely, informative article, illustrated in color, you will find in The Pinckney Dispatch. This is one to get The Pinckney Dispatch for this and other features.

NEIGHBORING NOTES

Ernest Myers, 44, Perry farmer had to have his left hand amputated last week after it had been mangled by a corn husking machine.

Emil Baumgartner, 43, of Dexter was fined \$9.15 for installing plumbing fixtures in a house at Dexter without a licensed master plumber being in charge of the work. He was tried by Justice Reading at Ann Arbor.

Chelsea voters will vote on annexing the Elm St. property there on November 8. Although the people here have voted in election and enjoyed city improvements they were never included in the village limits. This was discovered by the auditor general's office.

Following a football game at Six Mile Road and Lahser between Redford and Cooley high schools 1500 students staged a riot which took the efforts of 125 police and 25 scout cars to stop. A number were hurt and bonfires were made of every inflammable thing around. Ten ring leaders were arrested but released on suspended sentence. The trouble occurred Thursday.

The inmates of the Southern Michigan Prison presented another entertainment at Stockbridge High school auditorium last Friday.

Mr. and Mrs. Henry Lillywhite of Gregory celebrated their 50th wedding anniversary on October 30.

Walter Warden, Green Oak township clerk for the past 17 years died last week. Frank Meier has been appointed to succeed him.

According to the Milford Times the new Ford factory there will be opened very soon. Edison power will be used until the Ford power plant is completed.

"SAFETYGRAMS"

How good a driver are you?

If a pedestrian starts to cross the street at an intersection on the (red) signal, but the light flashes stop before he reaches the other side, does he continue to have the right of way over vehicles until he gets across?

Many drivers make mistakes in this situation. Do you? Is the responsibility here entirely with the pedestrian or with the driver?

Here is the answer: It is the responsibility of the driver to see that, in such a case, pedestrians are permitted to get to the sidewalk.

LET'S GO AMERICAN VOTE REPUBLICAN

FRANK T. FITZGERALD

FRANK D. FITZGERALD, the Republican candidate for Governor, a native of Grand Lodge, started his public career as clerk in the Capital Bldg.

He has based his public service on the theory that Government is a huge business and should be run as efficiently and economically as a private business.

During Frank D. Fitzgerald's administration, governmental responsibility was unquestioned. Labor and employees alike looked to their State Government with confidence and faith.

LUREN D. DICKINSON

LUREN D. DICKINSON, Michigan Republican for the ninth time placed their approval upon Luren D. Dickinson as their candidate for Lieutenant Governor.

No other Michigan citizen has been approved so many times for state office and he is confident that he will be elected again in November with the entire Republican ticket.

Mr. Dickinson is noted for his fairness as the presiding officer of the Senate. He maintains the dignity of that august body and is respected by all its members.

HARRY F. KELLY

MR. HARRY F. KELLY, outstanding Detroit attorney is the Republican candidate for Secretary of State. Over a period of fourteen years, this veteran of the World War has held a prominent place in his home city in the Republican party, in the practice of the legal profession, in civic life and in veteran affairs both in Michigan and in the nation.

He has been Assistant Prosecutor of Wayne County and knows allegiance to only one flag and a combination of only three colors—the Red, White and Blue.

THOMAS READ

THOMAS READ of Shelby, the Republican nominee for the office of attorney general enjoys the reputation of many years service to the state of Michigan in various capacities.

In 1920 he was elected as Lieutenant Governor and two years later re-elected. Again in 1934 he was elected as Lieutenant Governor.

Mr. Read has always placed the party above his own personal ambitions, and has a deep sense of public responsibility. He is qualified by education, training and experience for the office of attorney general.

MILLER DUNCKEL

MILLER DUNCKEL, our candidate for State Treasurer, a graduate of the University of Michigan and a Three Rivers business man, two years in the state senate where he has served on a number of important committees.

Senator Dunckel has served as Treasurer of St. Joseph County Republican Committee, and has been Treasurer and President of the Michigan League of Republican Clubs.

Michigan voters have a man in Miller Dunckel who has had a real deal of vigorous Republican activity.

VERNON J. BROWN

VERNON J. BROWN, of Mason, our Republican candidate for the office of Auditor General, has had a splendid career as a public servant. He is known everywhere in Michigan as an advocate of sound finance, economy and equitable taxation, as well as an opponent of political waste and patronage. He has been in the state legislature for 10 years. His record has been endorsed by some 250 Michigan newspaper editors. Experienced, trustworthy and capable, Michigan knows Brown and Brown knows Michigan.

WILLIAM W. BLACKNEY

WILLIAM W. BLACKNEY, our Republican candidate for the 6th District, he served in the 74th Congress with a perfect attendance record and gave his entire time to the District.

He has been a student of Constitutional Government for many years - firmly believes in the principles of the Constitution, is an earnest advocate of the integrity and independence of the Supreme Court and believes in our Great American Heritage.

Mr. Blackney believes in sound Constitutional Government and will give you real representation in Congress.

HARRY F. HITTLE

HARRY F. HITTLE, your present State Senator of the 14th Senatorial District which comprises Ingham and Livingston Counties, has represented the district notably well and deserves re-election. His qualifications and his past record will meet the most crucial test of the kind and character required of the legislature for the next two years.

Vote for Harry F. Hittle for State Senator and for good, clean and efficient government.

CHARLES P. ADAMS

CHARLES P. ADAMS, our Representative in the State Legislature, has been a resident of Howell for 40 years. He has been a successful merchant in Howell for 25 years.

He is mayor of Howell at the present time, this being his eighth consecutive term.

During his term of office the tax rate has been steadily reduced. Howell has not received one penny of Federal aid and many important municipal improvements have been made.

As a member of the Legislature he was appointed and served on many important committees with credit to himself and the State.

If re-elected he pledges to work for the best interest of the people of Livingston County.

JOE P. GATES

JOE P. GATES, Republican nominee for Prosecuting Attorney, is a graduate of Howell High School and the University of Michigan Law School. Since being admitted to the bar, his practice has included all County and Federal Courts and has in a wide variety of cases demonstrated his ability. During the past two years he has been Circuit Court Commissioner and has established a record of being at all times fair, considerate and capable. He has established a background of experience and a record of public service which admirably qualify him for the office of Prosecuting Attorney.

CLAUDE H. M. FAWCETT

CLAUDE H. M. FAWCETT, the Republican Candidate for Sheriff has proven Honesty, Efficiency and Economy. He assures the voters of Livingston County that if he is elected, all will be treated fair and just.

During his term of office he cut the expense of that office considerable.

We ask the voters of Livingston County to return Claude H. M. Fawcett, to the office of Sheriff, November 8.

JOHN A. HAGMAN

JOHN A. HAGMAN, our Republican nominee for County Clerk, is your present county clerk. He has the qualifications of Experience, Efficiency and Courtesy; three essential requisites of a public official.

He has been honored as Treasurer of the State Association of County Clerks for the past three years which position he now holds.

In order to insure economy to the taxpayer and maintain the high standard of the office - vote for your County Clerk.

FRANK D. BUSH

FRANK D. BUSH, is asking re-election as Register of Deeds on his record alone.

Frank Bush is and should be justly proud of his reputation for giving the courteous and conscientious service he has rendered the people of Livingston County.

Both Democrats and Republicans alike feel that this important office involving the keeping of title to homes should be entrusted to an experienced person whose reputation for honesty is well known.

Anyone who does not know Frank Bush or his reputation as a public servant can easily find out by just asking your neighbors.

JENNIE M. EASTMAN

MRS. JENNIE M. (TOPPING) EASTMAN, was appointed County Treasurer January 11, 1936, to fill the unexpired term of her husband, the late A. Ralph Eastman. This competent and courteous manner in which the duties of the office of Treasurer have been conducted, well qualifies her for a second term.

A mother of six daughters and a taxpayer for over thirty years, Mrs. Eastman is very deserving and will appreciate your loyal support at the election, November 8th.

J. E. MUNSELL JR.

J. E. MUNSELL JR., Fawcettville attorney is unopposed for the office of Circuit Court Commissioner. He has previously served in this capacity and has had broad experience in matters relating to that office.

FLOYD W. MUNSELL

FLOYD W. MUNSELL, Republican Candidate for re-election for Drain Commissioner, was born and has lived practically all his life on the farm that he now owns in Ingham Township and is thoroughly acquainted with the business of farming in Livingston County. He was graduated from high school and attended college at St. Louis.

Your support for his re-election November 8, will be appreciated.

HENRY H. WINES

HENRY H. WINES, is a lifelong resident of Howell and has lived in Ingham and township in Livingston County.

About twenty years ago he was chosen Chairman of the Republican County Committee, serving six years.

He was instrumental in enforcing the law relative to candidates giving away cigars, meals, etc., to further their election. He also served the County for two terms as County Treasurer.

Was solicited to run for County Coroner and has served one term very satisfactory. He should be re-elected again November 8th.

GUY GRIEVE

GUY GRIEVE, a Republican nominee for the office of Coroner, of Livingston County. His first entrance in the political field was in 1930, and that year he was elected Coroner. Following that election, he served three terms. His experience in this particular field makes him exceptionally well qualified for this office.

Your active interest and support will be appreciated.

CLAY W. GORDON

CLAY W. GORDON, Republican Candidate for Surveyor is a graduate of the University of Michigan Engineering Dept. He has been a life long resident of Livingston County.

Re-elect Clay Gordon November 8th

CHARLES ITSELL

CHARLES ITSELL, one of the Republican nominees for Superintendent of the Poor, is the senior member of board and has with the cooperation of the supervisors served the people in an economical and efficient manner.

Mr. Itsell has tried in every way to keep the expenses down and at the same time take care of the people's needs.

If his service to the people of Livingston County has met with your approval, support him November 8th.

JACOB M. EAGER

JACOB M. EAGER, was born in Oceola township and has spent his entire life on a farm there. He has held various offices in the township in a very satisfactory manner.

He has served one term as Supt. of Poor and has been considerate of the welfare of the needy and at same time tried to be careful of expenditures. Would appreciate your support for a second term.

J. O. FRANK WILSON

J. O. FRANK WILSON has had seven years experience as the present Supt. of Poor for the City of Howell. He has always conducted his duties in an impartial and economical manner. He is President of the Associated Charities and a member of the Benevolent Committee, one of the largest organizations in the City. We assure you with these qualifications in caring for the poor, he is justified in asking the support of the voters on November 8th.

NOV. 19TH FINAL DATE FOR PAYING 1939 CROP INSURANCE

Farmers who have applied for insurance on their 1939 wheat crops have until November 10 to pay for their premiums. Mr. Grubb, Livingston County Crop Insurance Supervisor said this week. This is the final extension of time for payment of 1939 wheat insurance policies.

In making the announcement Mr. Grubb added that according to the terms of the policy a farmer has no protection against early crop losses from dry weather, wire worms, fall winds or early frost until his premiums are paid.

Reports of the present condition of the 1939 wheat crop indicate that there are possibilities of damage due to excessively dry weather this fall. Those farmers who have made application for insurance will be protected from loss up to 75 per cent of the normal yield providing they have paid their insurance premiums. The farmers who have made application for insurance but have not paid the premiums as yet, are not realizing the full advantage and protection of their policies. Mr. Grubb said, for any damage that occurs to their crop before premiums are paid will not be covered by the policy.

To Livingston County Citizens:

DON'T BE FOOLED

In the next few days you will probably be the object of desperate attempts to AVOID the disturbing facts about our county government disclosed last week through issuance of (Livingston County News).

But watch and listen carefully, and you will see that the attempt is to AVOID, and not to answer those disclosures, because THERE IS NO ANSWER TO THE FACTS as filed in the County Clerk's office by impartial examiners.

Don't be fooled by such things as appeals to sympathy or nonsense about (outraged dignity) or county officials who are no better than you and I or possibly even some legal hocus-pocus or interpretations to make you think that what's been going on in the courthouse for years is (all right).

(Livingston County News) made no attacks of a personal nature. We issued it to bring to every citizen the TRUTH about the conduct of public officials-TRUTH that is available to all by going to the County Clerk's office. We brought it to the people in ample time to know and digest the facts before November 8, and judge for themselves. We were, and we are, confident that no smoke screen that may be attempted, will deceive the people as to the FACTS.

If your sympathy is pleaded, remember that this is PUBLIC BUSINESS and YOUR MONEY.

And if you are treated to that old gag about it being too bad for an official to be attacked, then THAT'S ALL THE PROOF YOU NEED that in Livingston County are officials who have forgotten that under the American system of government, the people who hire officials ARE THEIR MASTERS, NOT THEIR SUBJECTS--that it is for the public to criticize their officials conduct, AT ANY TIME, and through the ballot DISMISS THEM FROM PUBLIC SERVICE WHEN IT IS IN THE PUBLIC INTEREST TO DO SO.

COMMUNICATION

Howell, Michigan
October 31, 1938.

To the voters and tax-payers of Livingston County.
Dear Friends:-

In a recent publication of a pamphlet circulated throughout the County a certain article appears in which I am cited as owing the County certain funds, which should be deposited with the County Treasurer.

I wish to make a brief reply to this article in that this amount of money was never collected by me or in any way came into my possession and that was the reason that it was never turned over into the hands of the Treasurer.

As to naturalization fees, these are retained by two thirds of the County Clerk's of the State who are on a salary basis, for the reason that the Clerk under the Federal laws, is a federal officer in naturalization matters and under their regulations are entitled to retain one-half of the fees collected by him, and not accountable to the State or County.

I have no apologies to make in this matter, as I have conscientiously done my duty as your clerk since I have been in office and if there is or has been any criticism your supervisor, no doubt would have informed you of this fact.

Yours Very Sincerely,
John A. Hagman,
County Clerk

SCHOOL NOTES

The score for the game with Hartland was 18 to 0. The next game is with Stockbridge here. We would like the biggest turnout ever had.

The party held Friday, the 28th was a great success. The other grade hope they can do as well as the Junior at these programs in the future. The singing, checkers, cards, and other games. Refreshments consisted of cider and doughnuts.

The assembly program given by the ninth graders was held in the gym in the form of an Amateur hour. It was very interesting and novel. We hope to see many people at these programs in the future. The program starts at 10:45 and ends at 11:30.

The two dollar cash award was given to Lucia Soper for writing the best school song.

Dancing lessons were held in the Gym Wednesday evening. We hope to continue having these lessons and

are trying to find a definite date for them.

Girls basket ball will begin next week. We hope the girls will have better luck than they had in soft ball. The lower grades held a party on Friday afternoon and seemed to have had a gay time. About 20 boys in girls dresses and others dressed as they chose. They had pop corn and apples and played games.

The school was invited to a party given by Percy Swarthout on Halloween night. No one knew where we were going but we ended up at R. L. Elliott's farm. There was a treasure hunt followed by a marshmallow roast. A good time was enjoyed by all.

Red Cross Seeks Cut In Accident Toll

1,725,406 First Aiders Trained Since 1910

Cognizant of tremendous losses to human lives and of permanent injuries resulting from accidents in homes, on farms and highways, and around industrial plants as well as in the basement workshop, officials of the American Red Cross have been directing a systematic fight against what they term "this economic waste."

As part of this nation-wide effort to reduce deaths and permanent injuries from accidents, a recent statement from Red Cross headquarters in Washington reports that during the past 12 months certificates have been granted to 295,028 persons completing courses in the administration of Red Cross first aid.

Holders of these certificates have followed detailed courses of study and have been taught how to splint fractured limbs, stop flow of blood, treat poison sufferers, care for victims of heat, electric shock, and handle other common emergency situations. The courses emphasize methods of caring for patients until professional medical aid can be summoned to scenes of accidents.

Since 1910, the report reveals, 1,725,406 persons have received this training from qualified Red Cross instructors, and at the present time 20,429 persons are qualified to give such instruction.

Bringing help nearer scenes of possible accident, 2,454 emergency first aid stations have been established in strategic locations on principal highways throughout the nation, operators of the stations receiving the prescribed Red Cross instructions and maintaining full first aid equipment on the spot.

mean everything to all of us. Michigan's top-ranking automotive industry depends upon good roads. Our second most important industry—the tourist business—could not exist without them. Agriculture thrives only when farm products can be rushed to markets over good roads. Business prospers as these basic industries prosper.

On election day you will vote on Amendment No. 3, the Good Roads Amendment. Here's what a "yes" vote means to you: As a wage earner "yes" means more jobs; as a farmer "yes" means good farm-to-market roads; as a business man "yes" means more business, and as a taxpayer "yes" means a brake on your property taxes. To your family, Amendment 3 opens up new fields of safe and healthful recreation.

Capable, Experienced

Claude H. M. Fawcett was born in Deerfield Township. He is 40 years of age. He has been a resident of Livingston County all his life. He has had approximately 19 years experience as a peace officer and his past record as Sheriff was recognized as one of the most efficient in the state. During his term as Sheriff he had several large and complicated murder cases. For instance the Bommerito murder; Frechette murder; Hoffmann murder; Kovac murder; Copeman murder and several other large murder cases. In all these cases the murderer was convicted and sent to prison. At the time Mr. Fawcett left the office all cases in that office were cleared to date. We have also checked his expense record and find that he was one of the most economical Sheriffs this county has ever had. Therefore we ask the voters to support Claude H. M. Fawcett in the election November 8th.

TAKE YOUR PICK

Preliminary dog-fights in the state gubernatorial campaign indicate that the chief issue between the two candidates is apt to boil down to the old question of property rights vs human rights.

That type of campaign will supply plenty of ammunition for the guns of both parties. Such an alignment will find Governor Murphy supporting the so-called human rights view with the emphasis on his relief, old age and labor policy. Fitzgerald will reply with the cost of the G. relief and old age policy, and charge him with failing to properly safeguard property rights in the automobile and steel strikes.

There will be many other important campaign issues that will not divide along these lines, such as civil service or the penal or liquor administration question. But the divergence in the political and social philosophy of the two candidates, the real issue in the campaign involves around this question of property and human rights. It is the voters views on these two issues that will influence most of them in making their choice between the two candidates.

An up-state newspaper recently charged Governor Murphy with failure to safeguard the peoples rights by failing to use the National Guard to quell labor disorders last year. It is necessary to know in this case whether the peoples rights consist primarily of property rights or of human rights to determine the validity of the charge. If property rights are to be observed first, then perhaps the Governor should have restored to any private measures necessary to evict strikers from private property or to prevent certain forms of picketing. If human rights are to be placed above the rights of property, then the Governor should not be censured for acting as he did in the absence of malicious action by the strikers.

There is nothing new about this argument of human rights vs property rights. It has been with us long before the founding of this country. It was the human rights element that wrote our Declaration of Independence in 1776. After the Revolution property rights became the dominant view of the courts and government and remained so until the end of Chief Justice Marshall's reign over the Supreme Court. Not until Jackson appointed Taney after Marshall's death did human rights become the dominant view of the Supreme Court. It remained that way until Taney's death. Then for 50 years, so far as the Supreme Court decisions were concerned, human rights were shoved into the background with but a few exceptions. Not until after Brandeis' influence began to be felt upon the court did property rights give way to greater consideration of the human rights viewpoint.

The partial return to more emphasis on property rights in the Supreme Court decisions of the 1920-33 period coincided with the reign of the Republican party in both the nation and the state. The Courts decision in the Washington minimum wage case last year and later the Jones and Laughlin steel case upheld by the National Labor Relations Act came with the return in our national government to a definitely human rights administration. That change spread into Michigan with the election of Murphy two years ago.

The administration of our state government for the past two years, and the administration before that under Fitzgerald, should serve as first-hand examples for the voters to help them determine which viewpoint they want in our state government. They must remember that it is possible to go too far along the path in either of these directions.

The cleavage between the two candidates on these questions of rights is not great, nor should it completely overshadow other important questions. But it does exist to the extent where it becomes an important issue. It is up to the voters to decide which they want.

CHARGES ARE MADE IN THIS UNSIGNED CIRCULAR THAT I FAILED TO MAKE CERTAIN REPORTS AS REQUIRED UNDER THE UNIFORM ACCOUNTING LAW PASSED IN 1919 AND GIVEN IMMEDIATE EFFECT ON APRIL 15TH OF THAT YEAR.

IT IS NOT CHARGED THAT THE MONEY RECEIVED AS FEES BELONGED TO THE COUNTY, BUT THAT I SHOULD REPORT THE AMOUNT OF FEES RECEIVED. I AM NOT PAID ANY SALARY.

ALSO IN 1919 THERE WAS PASSED A LAW WHICH STATED THAT ONLY THOSE PERSON WHO DO NOT RECEIVE A SALARY SHALL MAKE A REPORT OF FEES COLLECTED. THIS IS ALL THAT NEED BE SAID ON THIS MATTER. I AM WILLING TO LET THE GOOD PEOPLE OF LIVINGSTON COUNTY DECIDE WHICH LAW APPLIES.

I AM TRULY PROUD OF MY RECORD FOR GIVING COURTEOUS AND CONSCIENTIOUS SERVICE AS YOUR REGISTER OF DEEDS. IN ASKING RE-ELECTION STAND ON THIS RECORD.

NOTICE

Flint, Michigan
709 W. Hamilton Ave.,
October 29, 1938

To the Voters
6th Congressional District
State of Michigan

The increase in the National Debt is made possible because we have a Banker Money System known as the Federal Reserve System. This System was born in debt, lives on debt, and is destroying a nation.

The American Monetary Reform System, with branches and members in all of the State has submitted a questionnaire to all candidates for the House and Senate to be voted for November 8th, and we have found that some have answered our questionnaire on the various phases of the money system that shows they have a sufficient understanding of the subject to merit support.

Mr. Andrew J. Transue, candidate for the House of Representatives in your district, has answered favorably the questions, and the voters of his district should support him for the office for which he is a candidate. He owns no stock in any bank, trust company or other institution that deals in credit and it is felt that the interest of the people will be protected by his election.

It is imperative in these trying times that men who understand the (Money Question) be elected.

Sincerely yours,
AMERICAN MONETARY REFORM ASSOCIATION

By: Charles Adair, Pres.
Theo Brice, Secretary.

Red Cross Volunteers Assist War Veterans

Red Cross workers in chapters, in hospitals and on posts of the Army, Navy, Coast Guard, and Marine Corps, assisted 122,365 active service men or veterans or their families during the past 12 months.

Red Cross service to these men included such personal help as letter-writing, shopping and recreational leadership, but it also included financial assistance to their dependents, help in locating missing members of their families, and assistance in filing necessary applications for pensions, disability pay, hospitalization, or for discharge from active service because of home needs.

The average number of men assisted by Red Cross workers each month was 13,790, according to a recent report.

A Statement

BOTH REPUBLICANS AND DEMOCRATS WE RE AMAZED TO RECEIVE THE ANONYMOUS PAPER KNOWN AS THE LIVINGSTON COUNTY NEWS, THE MOST VICIOUS ATTACK ON REPUBLICAN STATE AND COUNTY OFFICERS THAT POLITICIANS HAVE KNOWN IN FORTY YEARS.

IN THE CAMPAIGNS DURING THE LAST FORTY YEARS BOTH DEMOCRAT AND REPUBLICAN COUNTY COMMITTEES HAVE WORKED VIGOROUSLY BUT ALWAYS CLEAN AND ABOVE-BOARD. THIS YEAR UNSIGNED CIRCULAR HAS BEEN SENT OUT, BUT A CHECK AND REPORT FROM EVERY PART OF THE COUNTY INDICATES THAT THE PEOPLE ARE VERY INDIGNANT OVER THE PRINTING OF THIS PAPER. THIS INVESTIGATION CONVINCES EVERYONE THAT THE RANK AND FILE OF THE DEMOCRAT PARTY WERE NOT RESPONSIBLE FOR THE PRINTING OF THIS PAPER. THIS INVESTIGATION ALSO POINTS TO ONE MAN WHO HAS MADE THESE RIDICULOUS CHARGES AGAINST THE GOOD CITIZENS OF LIVINGSTON COUNTY.

IF THIS PERSON IS LEGAL ADVISOR TO THE AUDITOR GENERAL AND WAS INTERESTED IN SAVING WHY DID HE NOT HAVE THE AUDITOR GENERAL'S DEPARTMENT POST THEIR BOOKS AND NOT EMBARRASS THE TAXPAYERS BY HAVING THEIR PROPERTY LISTED ON THE 1938 TAX SALE WHEN THE TAXES WERE ALREADY PAID. THERE WAS PRINTED AND PAID FOR IN LIVINGSTON COUNTY 7,948 DESCRIPTIONS, WHEREAS HAD THE PAYMENTS BEEN CHECKED, THERE SHOULD HAVE BEEN ONLY 3,506 ON THE TAX SALE. WE BELIEVE THAT A LARGE AMOUNT OF MONEY WAS SQUANDERED ON THE PRINTING OF TAX SALE DESCRIPTIONS WHICH COULD HAVE BEEN ELIMINATED HAD THE AUDITOR GENERAL'S BOOKS BEEN PROPERLY POSTED.

WE BELIEVE THAT THE PEOPLE IN EVERY PART OF THE COUNTY KNOW THIS MAN, AND THAT THIS PAPER IS CONDEMNED BY DEMOCRATS ALIKE. WE ASK THE CITIZENS OF THE COUNTY TO BE FAIR WITH THESE MEN WHO HAVE BEEN ATTACKED AND WHO ARE WELL KNOWN, AND NOT BE DISTURBED BY ANONYMOUS CIRCULARS SENT OUT AT THE LAST MOMENT TO POISON THE MINDS OF THE PEOPLE.

CECIL BOHM, CHAIRMAN, LIVINGSTON COUNTY REPUBLICAN COMMITTEE.
