

News and Doings of the Michigan State Legislature

Legislature Adjourns Without Balancing the Budget Fail To Follow Out Program of the Late Governor Fitzgerald. Governor Dickinson Threatens To Call Extra Session to Balance the Budget.

The policy of the 1939 State Fair at Detroit, as revealed by action just taken by the fair's executive committee, will be to emphasize Michigan's agricultural and industrial resources.

From a statement just released by Elmer A. Beamer, state commissioner of agriculture, it is apparent that the Hollywood movie-glamour which has characterized the 1937 and 1938 enterprises may be greatly subdued, if not missing altogether.

Arrangements are under way to have light harness racing, use of the grand stand for outdoor display both afternoon and evening, enlarged livestock and farm machinery displays, and a comprehensive program for the 52,000 Club members of 4-H clubs.

Assisting Dr. Linwood Snow as manager will be managers of three of the most successful fairs in Michigan. They are Robert Buckley, Huron County Fair at Bad Axe; Harry Kelly, Hillsdale county fair at Hillsdale, and Lester H. Schrader, St. Joseph county fair at Centreville.

The committee is continuing the policy of not permitting the sale of intoxicants of any kind on the grounds, while all fair amusements will be carefully checked to assure its suitability for family enjoyment. An issue for 1940?

The ideas of June find the five-month session of the state legislature a matter of public record. Observers are carefully analyzing the results in an effort to detect possible issues for 1940. Those lawmakers who hoped in vain for a clean-up of the Republican party of convention control by Messrs Frank McKay and Edward Barnard insist that the legislature's failure to curb so-called boss abuse has created a major issue for the next campaign.

From Rep. Elton Eaton of Plymouth, captain of the anti-boss movement comes this dire warning: "Unless the Republican party clean house in the next primary, no one can rightly predict what might happen in the next state election."

The budget-balancing efforts of the present administration, other observers feel, may overshadow the reform issue. This may be true especially of public opinion continues to disapprove, as Gallup surveys continue to reveal, the vast spending splurges at Washington. It is too early to forecast accurately what will be the effects in 1940 of what the present legislature has done or has not done. An administration's record does not wholly depend on a five-month legislative record.

Webster Man Dies Suddenly

Webster Man Dies After Being Saved from Drowning in the Huron River Saturday

Norman G. Hudson, 32, died at his home on Northwest Territorial Road, about a mile east of Hudson Saturday night. Hudson, with his wife a sister-in-law, Irene Standfield, 21, went bathing in the Huron river near the old pulp mill dam at Hudson. He stepped into a deep hole and went down. So did Miss Standfield. Neither could swim. Curtis Chamberlain, 22, a neighbor who was present rescued both of them and succeeded in reviving them on the bank. Both were breathing when the sheriff's dept. arrived from Ann Arbor with a pulmotor. Although Hudson complained of difficulty in getting his breath. A physician was summoned and accompanied them to the Hudson home where he remained an hour and a half. Hudson died at 9:00 p. m. He was the son of the late Herman Hudson of North Lake and was married to Clarissa Standfield of Lyndon in 1928. She with a daughter survives him. He also leaves a sister, Mrs. Christopher Fitzsimmons of North Lake and two brothers, Fred of North Lake, and Ernest of Brooklyn. For the past two years he has lived on the Lewis Chamberlain farm.

The funeral was held from the home Tuesday at 2:00 p. m. and from the North Lake M. E. church at 2:30 p. m., Rev. Brubaker of Dexter officiating. Burial was in the North Lake cemetery.

COUNTY CLERK ARRESTED

Emmett Gibbs, county clerk of Washtenaw county, was arrested Saturday on a warrant charging embezzlement of \$5000. He was arraigned before Justice Payne and his hearing set for June 5. The warrant for his arrest was sworn out by Carl Mast of Dexter, chairman of the Washtenaw county board of supervisors.

OLD AGE PENSIONS

As a result of insufficient funds being appropriated by the legislature no more old age pensions will be granted until this situation is remedied. Just how large the waiting list is is not known. Jackson county alone has 480 applicants on file that have not been granted. The last time we enquired we were told there were 250 on the list in Livingston county. On May 1, 1939 there were 81,872 persons in Michigan receiving Old Age Assistance. The legislature last year appropriated \$8,000,000. The legislature this year added \$500,000. Due to the failure to pass the welfare reorganization bill last year through Mel McPherson referendum the federal grants have never materialized.

The garnishment proceedings against Stanley Leach of Brighton by the Firestone Rubber Co. was dismissed. Marshall Whittaker had his drivers license restored. Divorces were granted to Bernice from Ross Bainbridge and to Howard from Edna Beebe.

Jason Haines, 18, son of Mr. and Mrs. Abel Haines of Pinckney was killed Sunday night shortly after 12:00 p. m. on Grand River Ave. in Howell, near the Timbers gasoline station and restaurant. He, with Miss Alice Pence of Onondago had been to the Island Lake state park and were returning home in the car belonging to Marjorie Ledwidge, daughter of Mrs. Eleanor Ledwidge of Pinckney. Ledwidge was driving. The car was a Ford roadster. Ledwidge, Haines and Miss Pence were in the front seat of the car and Wm. Darrow, jr., in the rumble seat. Near the Timbers, the car hit the curb and rolled over several times. All of the occupants of the front seat were thrown out on the pavement. Darrow remained in the rumble seat and escaped injury. Jason Haines was killed almost instantly, having a broken neck, fractured skull and broken ribs. Ledwidge suffered internal injuries and his spine was injured. Miss Pence had a broken collar bone. The injured were taken to the McPherson Hospital, at Howell. P. H. Swarthout & Son, local morticians, took charge of the body of Jason Haines.

CURRENT COMMENT

Fritz Kuhn, head of the Bund, a Fascist organization, which staged a mammoth demonstration in Madison Square Garden New York City, has been arrested on a warrant asked by Prosecutor Dewey of New York and will stand trial on a charge of embezzling \$14,000. Kuhn is known as a blowhard but managed to sell the idea to a number of millionaires that Fascism was the only defense against Communism and as a result was able to receive enough donation to operate on. His theme is that a Red uprising is only 90 days or so off so he has organized and armed his followers to combat them. Only the total destruction of the Jews will save the country, is also a part of his doctrine. However, it is becoming more and more apparent that his organization like numerous others of the past founded on racial and religious prejudice is nothing more than a racket for the purpose of exploiting his followers.

Surviving the deceased besides his parents are 7 sisters and 5 brothers. The sisters are Mildred of Ann Arbor, Mrs. Leolla Shieks of Albion, Mrs. Curran Palmer of Brighton, Mrs. Marjorie Davis of South Lyon, Jeanette, Barbara and Rene at home. His brothers are Harlow of Albion, Floyd, Jack, Howard, and L. D. at home.

The funeral was held at the Cong'l church of Pinckney on Wednesday at 2:00 p. m., Rev. J. M. McLucas officiating. Burial was in the Pinckney cemetery.

PINCKNEY WINS SHORT GAME
The Pinckney soft ballers won from Dexter Sunday 3 to 1 in a game that was stopped by rain in the fifth inning. Stanley Dinkel pitched for Pinckney and only allowed 4 hits. Pinckney scored 2 runs in the second when Van Blaricum singled, Andy Singer tripled and M. Meabon singled. They got another in the third when Jack Reason hit safely and Van Blaricum got a double. Dexter got their lone run in the 3rd when Forester was safe on an error and D. Primeau and Hubert singled.

GIRLS BALL TEAM Wins 5 of 8 Games Played. Boys Have 2 More Games To Play
The Pinckney high school girls soft ball team ended their season Monday when they won from Dexter in a game played there 17 to 11. This gives the girls 5 victories out of eight contests played. New Hudson girls were the only team who had an edge on them winning both contests. They also lost one game to Gregory by a close score. Their victories were over Stockbridge 2, Gregory and Dexter 2. Ella Hartman developed pitching skill and won the last three games. Last Thursday she beat Gregory 7 to 1. The other members of the team were Roberta Shirley, catcher, Kathryn Dilloway, 1b Muriel MacEachren, 2b, Helen Reason, 3b, Victoria Kulbicki, 1s, June Amburgey rs, Rosemary Read, Helen Kennedy, Margaret Aschenbrenner, Geraldine Vedder, Leota Reason, Goldie Markos, Anna VanBlaricum Marion Shirley and Mary Howard, outfield.

The boys team has two games to play. They meet Stockbridge there today and Hartland here Friday.

KINGS DAUGHTERS

The Livingston County Kings Daughters held their annual convention at the Gregory Baptist church last week. The days program consisted of reports of the senior and junior circle leaders, a talk on crippled children by Joe Brady of Howell, a lecture on "Cancer" by Dr. Corley of Jackson, musical numbers and an address by Mrs. Carl Winters of Jackson.

The election of officers resulted in Mrs. Jay Marr being elected president for her third term, Mrs. Burr King of Marion was elected vice president, Mrs. Herbert Palmer of Pinckney, vice president and Mrs. Floyd Salow of Brighton, treasurer. The convention next year will be held at Pinckney.

There seems to be considerable complaint here regarding the violation of traffic rules or total disregard of the same inside the Pinckney village limits. Sheriff Irvin Kennedy informed the Dispatch editor Saturday that he stands ready to appoint a deputy at Pinckney any time but first he insists that the village council appoint said deputy marshal. Two years ago Pinckney had a deputy at a salary of \$50 a month but last year it seemed impossible to agree on a suitable man for the job.

President Wades Into Political Buzz Saw on Argentine Beef Deal

Affair Costs Mr. Roosevelt Dearly in Personal and Political Prestige; Executive's Explanation Never Caught Up With His Original Statement About Transaction.

By WILLIAM BRUCKART
WNU Service, National Press Bldg., Washington, D. C.

WASHINGTON.—When I was a
kid on the farm, my father used to
warn me against getting too close
to the big saw that was used to
cut up wood for our kitchen stove—
the old buzz saw, it was called. He
was right. It could have done
to me exactly what it did to logs of
oak or hickory. Many times since
those days, I have thought of the
wisdom of those warnings as ap-
plied to other acts of life. And, the
other day, I thought of how much
trouble President Roosevelt could
have avoided if only his advisors
had guided him away from the buzz
saw of Argentine canned corned
beef.

It must be painfully evident to
the President and to his advisors
now that he waded right into a few
million political buzz saws when he
instructed the secretary of the navy
to buy canned beef from the Ar-
gentine Co-operatives, Inc., for use
of Uncle Sam's blue jackets. As a
matter of fact, most of the Presi-
dent's stalwart supporters not only
recognize that he got his hands badly
mangled in the saw, but that he
failed to have a "doctor" handy in
the form of an offset for the grievous
political error.

But the details of the situation
ought to be reviewed in order fully
to understand why so many people
are saying that the Argentine beef
affair has already cost Mr. Roose-
velt dearly in political and personal
prestige. Many are saying, indeed,
that the cost has been greater than
his ill-fated and badly judged plan
to change the makeup of the Su-
preme court of the United States.
All of the facts ought to be stated
clearly for the reason that none now
can foretell how widespread this
prairie fire will be. Obviously, the
Republicans will use it as ammunition
in their warfare, and in all
probability quite a large segment
of old line Democrats are laughing
up their sleeves about the damage
the beef case will do to their pet
hates, the New Dealers surrounding
the President.

Facts of Argentine Corned Beef Affair

Briefly, the facts are these:
Pursuant to law, the secretary of
the navy called for offers to sell
the navy certain quantities of sup-
plies, including 48,000 pounds of
canned corned beef. The law says
that government agencies must
award the contracts to the lowest
responsible bidder—the bidder re-
garded as able to fulfill the require-
ments of the navy. There is, how-
ever, another law that says, in sub-
stance, the government must award
the contracts to a firm of citizens of
the United States and that the prod-
ucts be made from the United States
—provided they are equal to or bet-
ter in quality than a foreign-made
product and that the price is not
too much higher than the foreign
bid. The reason for this being, ob-
viously, to encourage business in the
United States and give jobs to our
citizens for whom, as a national
policy, the American standard of living
must be maintained.

So, there is, first—quality and
price, and, second—national policy.
The bids on corned beef reached
the navy offices. Argentine Co-
operatives, Inc., offered to sell the
24 tons of corned beef at about 18
cents a pound. The nearest bid
from the United States was approx-
imately 23 cents a pound. In addi-
tion, there is a tariff duty of six
cents a pound that is applicable to
imports of beef—placed by con-
gress to protect cattle growers in
this country. But the navy would
not have to pay that tariff duty.
Thus, the real cost to the navy
would be that much less.

Navy officers felt there was con-
siderable difference, but they were
unwilling to assume responsibility
for what some critics might say was
a violation of the "Buy American"
law. In the course of the consid-
eration, the department of state
learned of the situation, and Sec-
retary Hull took a hand. You see,
Mr. Hull has been having his own
troubles with United States rela-
tions with the Argentine govern-
ment. It has been necessary to pro-
hibit importations of fresh beef
from the Argentine because there is
so much foot and mouth disease in
the vast reaches of Argentine graz-
ing areas. It has even become nec-
essary to forbid the Argentine gov-
ernment to bring in steaks for use
in its government pavilion at the
New York World's fair. That did
not leave a good taste in the mouth
of the Argentine people. Mr. Hull
was anxious to make a peace offer
of some kind or another.

President Became Tangled Up With the Buzz Saw

And it is to be remembered, too,
that Mr. Roosevelt has been striving
to knit North and South American
nations together under his good
neighbor policy. It would be a
friendly gesture to buy something.
Besides all of these, there is Mr.
Hull's reciprocal trade treaty pol-
icy that needs bolstering every now

and then. There was little mention
of this phase; yet it seems reason-
able to assume that it was in the
back of the official mind.

The question was put on Mr.
Roosevelt's desk. He decided that
the contract should be given the
Argentines. That happened about
the middle of April. There was no
hurry about the matter then be-
cause few persons knew of the
transaction. Eventually, however,
information about the award leaked
out and somebody asked Mr. Roose-
velt in a press meeting whether it
was true. That was where Mr.
Roosevelt really became tangled up
with the buzz saw.

Now, it is well to know that Mr.
Roosevelt likes to talk. He also in-
sists on telling the news writers
all about a given situation—if he
talks at all about it. He is decidedly
fair that way. He talked at great
length about the problem and the
result of his speech to the writers
was numerous headlines which read
something like this: "President
Roosevelt Orders Navy to Buy Ar-
gentine Canned Beef—Foreign Prod-
uct Found Cheaper and Superior
in Quality, President Says."

Came Outbursts on Floors Of the House and Senate

Within a few short weeks, Mr.
Roosevelt's political hands were
torn and bleeding. He was being
ridiculed because he frequently re-
ferred in political campaigns to the
need for helping "our undernour-
ished one-third, our illy clad and
illy housed" people. There were
outbursts on the floors of the house
and the senate. The New Deal lead-
ers in congress could do nothing
about it. The representatives and
senators from the cattle country
were denouncing his action and one
whole day was occupied in the house
of representatives where the Presi-
dent's political body was torn limb
from limb.

The heat of the battle became so
great that the house committee on
appropriations which happened then
to be considering the annual naval
appropriations bill took action. It
included in that bill, a prohibition
that will prevent such a thing ever
happening again. They were shout-
ing: "The idea, feeding our navy
men on Argentine beef," etc. Ob-
viously, under such circumstances,
the prohibitory clause was accepted
by the house and the senate and
it will be the law of the land.

This heat came of two causes.
First, the cattle business is none
too good and the cattle producers
are politically powerful. They pro-
tect themselves, as they should. To
see even a small business contract
go outside of the United States was
bad medicine, even though the beef
bought would amount to only about
75 steers. It was the principle of the
thing. Then, when you add to that,
the resentment engendered by Mr.
Roosevelt's statement that Argen-
tine beef is a better quality—well,
you speak your own piece about it.

Explanation Never Caught Up With Original Statement

Subsequently, Mr. Roosevelt
sought to explain what he meant
by the statement that Argentine
beef is superior in quality. He
pointed out that the Argentine prac-
tice is to can better cuts of beef
because of the slack sale for fresh
meat in that part of the world. But
the explanation never has caught
up with the original statement, and
it never will.

When this attempted explanation
came from the White House, I heard
an old time political battler at the
capitol observe:

"That is mistake No. 2. One of
the first rules in politics is 'never
make a statement that you have to
explain.' If you do, your explana-
tion will get you into trouble. It
is better never to explain anything."

Yet, in fairness, it must be ob-
served that the price in the United
States and the price the government
must pay, therefore, results from
a combination of circumstances.
Our national policy for years has
been to encourage what we adver-
tise as the American standard of
living. To that end, congress has
passed laws, many of them. The
Walsh-Healy act, for example, says
that the government may not buy
from any manufacturer who does
not comply with stated require-
ments as to hours and wages for
work. There is the so-called fair
labor standards act—the wage and
hour law—for another. Fifty more
could be named. Nor do I wish my-
self to be placed in the position of
condemning all of them. I point to
them merely as causes for the situ-
ation in which Argentina underbid
our own folks because most of our
people on relief live better than the
employed workers in South Amer-
ica. It serves, moreover, as an il-
lustration and a proof that most
so-called statesmen advocate na-
tional policy and national laws with-
out knowing where or when or how
they may have to eat their own
words.

It Seldom Happens
The best news a pessimist can
hear is the coming true of one of
his predictions.

We think American good sense
will bring the country through;
but can we be sure it is inexhaust-
ible?

A Prime Requisite
To influence people for good you
must believe in them.

A mother can start her son in
his infancy to like her cooking,
but a bride has not that advan-
tage with her husband.

When you feel sour and cross,
look at yourself in the mirror.
That ought to be a cure.

Distinctive Difference
Great minds run in the same
channel. But a channel is not a
rut.

Always behave so discreetly
that you will not regret putting
your name in your hat.

Even if a man isn't well up in
the social scale, he dislikes being
cut by his barber.

Our Education

GOD educates men by casting them
upon their own resources. Man
learns to swim by being tossed into
life's maelstrom and left to make his
way ashore. No youth can learn to sail
his life-raft in a lake sequestered and
sheltered from all storms, where other
vessels never come.

Skill comes through sailing one's
craft amidst rocks and bars and opposing
fleets, amidst storms and whirls and
counter-currents. Responsibility alone
drives man to toil and brings out his
best gifts.—Newell Dwight Hillis.

CHILDREN'S GARDEN

Digging in the dirt is a natural inclination exhibited by children. That desire easily can be turned to a bit of useful education, suggests Catherine Miller, director of the nursery school at Michigan State College.

It takes some supervision but the easiest way out is to assign a portion of the family garden for use of the small child.

What ought to go into that portion?

Miss Miller suggests some easily grown flowers such as nasturtiums. Lettuce and carrots are two vegetables not too hard to produce. They also are ideal in that it will enhance a child's appetite for vegetables to be able to go out into the garden and find vegetables ready for the table.

Gardens also lend themselves to offering an education about nature. How seeds germinate and grow into plants and how water and plant food nourish these garden plants are valuable lessons in nature.

Dairy Cattle Royalty to Grace World's Fair

This young lady and her pure-bred companion were photographed while attending ground-breaking ceremonies for the "Dairy World of Tomorrow" on the World's Fair grounds at New York.

The "Dairy World of Tomorrow" is to be one of the striking exhibits at the 1939 Fair. Here 150 dairy cows, each a queen on the basis of her type and performance, will be on exhibit. These cows will be selected by the Breed Association representing the following breeds, Jersey, Guernsey, Holstein-Friesians, Brown-Swiss, and Ayrshires. These cows will be milked three times daily on a rotolactor equipped with magnetic milkers—giving the public a chance to observe the most modern methods in handling milk. In addition to the cows mentioned, calves and a bull of each breed will be on display.

The "Dairy World of Tomorrow" is being staged by the five breed associations mentioned above in cooperation with The Borden Company for the purpose of showing the place of the pure-bred cow in the economics of dairying.

Conservation Dept. Notes

Three motorists narrowly escaped injury near Munising recently when their car hit a deer. Their car was wrecked and the deer killed.

Deer are usually in pairs and many accidents have occurred when motorists slack up to let one deer pass and hit the second one.

The wild life toll is heavy on the busy highways. A recent count showed 18 dead animals in a mile stretch. Rabbits, pheasants and squirrels are the heaviest sufferers.

A total of 508 forest fires are reported up to May 21. 43,192 acres were burned over.

The opossum has been cleared of usurping coon's dens as Fred Sawyer, after three months of climbing trees and peering into coon's dens failed to find a single opossum. However, he found plenty of owls, squirrels and mice and even wood ducks.

The Marshall Milling Co., have been given permission to trap the muskrats who are undermining their dam on Rice Creek. Half the rats will be turned over to the conservation dept.

Michigan anglers are making big plans for the opening of the fishing season on June 25. Bluegills will be principal quarry of the fishermen. The limit on them is 25.

FACTS FAVOR FORD

1 The 1939 Ford V-8 is a beautiful, modern motor car. Its 85-horsepower engine gives you economical, well-balanced performance over the entire speed range — and the 60-horsepower engine is even more economical.

2 The structural strength of the Ford car — frame, bracing, axles, body — makes not only for safety, but durability and long life.

3 Ford hydraulic brakes are exceptionally large and strong in proportion to car weight.

4 The Ford car is stabilized for comfortable riding. Its springbase, the distance between front and rear suspension, is 123 inches. Seats are toward the center, perfectly balanced. The car does not bob or dip and can have very little sway.

These four points — power, strength, safety, comfort — are by far the most important essentials in any motor car. They form the basic value of your investment.

With this solid foundation to build on, the Ford V-8 has been made beautiful, spacious, easy to drive. It is richly upholstered and has all the modern features which add to the luxury and pleasure of motoring.

You can see these things when you take a trial drive, but do not forget that the main value is in the things you do not readily see — quality of materials, precision of manufacture, fundamental engineering.

ST. JOHNS (MPA)—"Let's get together" might well be the theme of St. Johns city park this summer. Recently it was announced that 51 reservations for family reunions in the park have been scheduled, nine more than at the same time last year. The first one will bring 350 to 400 persons to the park.

EAST LANSING (MPA)—While Frank Amon was plowing up his yard, he turned up an old purse, crammed with currency totaling \$340. All the bills were old size, and some were gold certificates. Latest discernable date was 1908. The bills were sent to Washington for replacement.

Under the direction of recreational leader, Miss Frances Sharpe, a vocabulary testing game was held preceding the business meeting: the prize winner being Mrs. Merrill Herbst of Hamburg.

The business session was opened at nine o'clock by the president, Mrs. Clayton Carpenter. A reply to a petition regarding the Ludlow Bill, requiring a vote of the people before our country could engage in war, sent to Senator Vandenberg was read. The letter gave the Senator's viewpoint on the bill and his reasons for it. No action was taken to the request of the State Farm Bureau on the petition regarding sales tax, as a similar petition had been drawn up at the April meeting.

A suggested score card for activity value was discussed and a revised list was drawn up showing the bureau's judgement of the value of each activity in which the farm bureau members are involved. MRS. MAUDE ALLISON
Mrs. Maude Allison, wife of Mark Allison, passed away at the Mellus Hospital in Brighton on May 27.

Maude Mary Reason, daughter of Francis and Mary Reason was born in Putnam township on April 11th, 1874. The entire 65 years of her life was spent in the same and adjoining township.

On November 15, 1893 she was united in marriage at her home to Mark W. Allison. After her marriage she lived at the old Allison home in Marion, later moving to the present home in Putnam.

Two daughters were born to this union, Kitsey Dinkel and Marjorie Mason, both of Marion township. Besides her husband and daughters she leaves 4 grandchildren and a sister, Mrs. William Mercer of Pinckney and several nieces and nephews. Her parents, one brother and two sisters preceded her in death.

While the deceased has lived her years in the limited confines of a township, her spirit and her influence have reached to more distant places. The love and devotion of a host of friends and relatives are silent witness to the fact that hers has been a life of wider horizons than her own home.

No one was turned away hungry from the door of her home. It has been opened to the homeless and several boys have found in her the love and care of a mother.

Funeral services were held Tuesday afternoon at the home of her daughter, Mrs. Albert Dinkel, Rev. J. M. McLagan officiating. Interment was in Pinckney cemetery.

at Boulder Dam, Colo.
Mrs. William H. Keeble spent a day last week with Miss Florence Snyder at Ann Arbor.

The Ladies Guild of St. Stephen's Episcopal church will be entertained by Mrs. Emil J. Kuchar at her home Thursday with pot luck dinner at one o'clock.

SYSTEM REVISED BY KELLY

The automobile license plate system of the state of Michigan is in the process of revision by Secretary of State, Harry F. Kelly. A scientific basis has been arrived at for the preparation of license plates in the future.

For the first time in the history of motor vehicle licensing, the chief law enforcement officers of the state were invited to attend a conference with the Secretary of State, to determine the type of license plate and code of numbering of same, which in cases of accident and hit-and-run drivers, would make it easy for witnesses and law enforcement officers to trace the violators of the motor vehicle laws. The meeting was held Thursday, April 20th, in the office of the Secretary of State, and was attended by General Heinrich A. Pickert, Commissioner of Police for the City of Detroit; Oscar G. Olander, Commissioner of Public Safety; Louis Berg, Deputy Superintendent of Police, City of Detroit; Inspector Jurgens, Detroit Police Department; Jerome S. Borden, Secretary of the Sheriff's Association of the State of Michigan; James F. Murphy, Director of Prison Industry; J. Fred Munnell, Assistant Director of Prison Industry; and Richard Harbit, General Manager of the Automobile Club of Michigan.

SOUTH LYON (MPA)—Emerson A. Vickery of Vanderbilt was surprised to see a tin can bouncing erratically along the highway. Investigating he found a large and somewhat hysterical woodchuck attached to the can, caught by the rough edge of the open top. Apparently it had stuck its head in, lined by the smell of food. Vickery released the animal.

LAPEER (MPA)—Shotgun shells are the new type of fire alarm developed here, quite by accident, recently. The Arthur Blue family was awakened about 2:30 one morning by an exploding of shotgun shells in an adjoining room. Looking for the cause of the explosions, they found the house on fire.

ELSIE (MPA)—Rather expensive heat was enjoyed, and later lamented, by Ernest Hunt, when \$11 in checks were thrown by mistake into the Hunt furnace. They had been cashed that afternoon in the store where he is employed and Hunt had taken them home for nothing.

Mrs. Erma Lewis was home from near Milford the week end.
Mrs. Edith Teeple of Jackson spent the week end with Mrs. Nettie Vaughn.

The members of the Jolly Dozen, Five Hundred Club were guests of Sheriff Kennedy and wife in Howell at a six o'clock pot luck dinner Saturday.

The name of C. H. Kennedy should have been included in the list of those published last week who donated money toward the Putnam Township Playday prizes.

Ecb Martin, the local Romeo, with his friend, Ardith Wright, helped lead the Junior Prom at Stockbridge Friday night and also did an Atlas stunt with the arches marched under.

Pinckney Independents lost their ball game at the Sanitarium Tuesday night 9 to 6. Paul Singer hit a home run for Pinckney. Jack White was the San. pitcher. Red Beaman of the San. whose leg was injured sliding into second base was found to have only suffered a bruise.

Legislative News

the Barnard convention has puzzled metropolitan newspaper writers correspondents at Lansing.

W. A. Markland, writer for the Detroit News, says that Michigan's new governor is an extremely irritating puzzle to a lot of people. This comment was inspired chiefly by the governor's veto, as recommended by Emerson R. Boyles, legal advisor first retained by the late Governor Fitzgerald, of a bill which would have legalized the continuation of the McKay probe.

Although prior to the veto the governor was visited by two members of the legislative investigating committee who urged him to sign it, he later said he had not read the bill and evidenced surprise that the veto would close an inquiry into McKay's bond fees of \$105,000.

Frank Morris, Detroit Times correspondent, intimated openly the same day that the governor's "pipe line" was in the direction of Grand Rapids, home of Mr. McKay.

Guy H. Jenkins, head of the Booth newspapers' bureau at the state-house, declared: "When the curtain is rung down on the 1939 Republican legislature the record probably will disclose the enactment of more selfish, sniping, noisy-minority group laws than any in the history of the state—Pressure groups have been more overbearing than ever before."

Jenkins took the House to task for indulging in what he called "petty politics"—Blasting "supervisor-poor superintendent patronage hounds", he opined: "The people as usual take it on the chin, but they make targets of their claims when they elect so many pseudo statemen."

No Liquor Legislation

One of the curious results of the legislative session was the failure to enact one liquor control bill.

With the driest chief executive in many, many years at the helm of the administration, liquor interests were apprehensive earlier in the year that drastic measures would be passed to correct some of the persistent, ever-present "liquor evils". Because the governor was an officer of the National Anti-Saloon league and president of the state league, it had been taken for granted that something would be attempted before adjournment May 26 to tighten the state's control if not to abolish outright the system of the state-owned liquor stores, as recommended by Fitzgerald.

On May 14, two weeks before the adjournment, Governor Dickinson took the churches to task. He said: "I never was in the legislature or around the capitol during a legislative session when there was so little encouragement from outstate on such lines as during this session—I regret to say that the churches as such, have given slight expression."

It was a tardy appeal for dries to "hobby" at Lansing. Organized effort, he asserted would have resulted in passage of laws to restrict advertising of alcoholic beverages including beer and wines as proposed in Senate Bill 208 which died in a committee.

Civil Service, Vandenberg

With enactment of the new civil service law, called a ripper law by its critics, dealt unfavorably on the administration.

James Thomson, chairman of the state republican central committee is confident that the people back home were rebellious over the cost of Murphy's civil service act. Payrolls during the first 18 months totaled \$93,537.

One cannot help but observe that 1940 will be a presidential campaign year, one in which it is entirely possible that the Republican nominee will be Michigan's senior United States senator, Arthur H. Vandenberg. In a gigantic tussle with the New Deal, the party would be occupied chiefly with national issues. In such a situation all legislatively-made issues—bossism, civil service, and so on—would go easily into total eclipse so the theory goes.

Vandenberg's triumph in defeating the Florida ship canal project brought a nicely timed declaration by the Michigan administration leaders that Vandenberg "should be drafted" and that "Michigan will ask his nomination". The rising stock of the Michigan senator was noted by the Chicago Tribune which reported a few days ago that "sentiment among the local politicians indicate that Vandenberg is the candidate being most favorably considered by Republicans in many states, not only in the west, but also in the east."

On the Vandenberg bandwagon is Howard C. Lawrence, of Grand Rapids, former state treasurer, who is credited with having proposed the administration's statement and who, incidentally, is being mentioned in the press as a potential candidate for either the United States senator or for the governorship.

Lawrence is being backed by the

ALLEGAN (MPA)—Thieves who recently rummaged Miss Betty Johnson's car took their medicine literally, and as a result, officers were on the lookout for someone becoming suddenly healthy. Miss Johnson is a family health counsellor, and among other things taken from her car, was a goodly supply of cod liver oil. Later visiting another car, the thieves left some of Miss Johnson's things, but they kept the cod liver oil.
