

Draft Drawings To Be on October 29 Pinckney High School Loses at Ann Arbor

Over 16,654,000 Register in the Nation. First 30,000 Drafts To Be Called for Service on Nov. 18.

110 persons registered here for the draft last Wednesday. Up to noon 47 registered. There was a rush in the afternoon as the Detroit factories let off many Pinckney boys working there to register.

In Detroit and other congested areas there seemed to be some confusion. Men had to stand in line there for two hours to register and in some places the registration boards ran out of blanks. The blanks were later sent from Lansing by airplane but in many places did not arrive until after the persons seeking to register had left. All persons who did not register are given 5 days additional. Then their names will be given to the state police and sheriff's departments. The penalty for not registering is a fine of \$10,000 or five years in prison. So far only members of certain religious sects opposed to war have refused to register.

The men on registering were not given numbers. These numbers will be placed on the cards by the local draft boards and the drawing will take place at Washington, D. C. The first bunch of draftees will be called on November 18 next. Then they will take the physical examination and if physically sound and without exemption will be certified as Class A-1 and made subject to draft.

On December 2, 60,000 more will be called, on Jan. 8, 90,000 more, on Jan. 15, 60,000 more, on February 10, 200,000 more and on March 5, 200,000. Most of these men will be sent to southern camps for training.

According to statistics a draftee's chance of being called is about 20 to 1.

Secretary of War Stimson will draw the first conscription number on October 29. The drawings will take all day as some 10,000 numbers will be drawn. The first drawing is expected to yield 16,000,000 men. If they pass the physical examination and are not exempted they will be certified for the draft.

CIRCUIT COURT NEWS

The jury was called in last Monday but dismissed again last week as the suit of Frank Griffin vs Dan Denton and Frank Hopkins was settled out of court for \$275. The defendants started a brush fire which spread to Griffin's orchard, damaging it.

The damage suit of Claude Crawford vs Frank Wnorowski was tried without a jury and the plaintiff was given a judgement of \$40.20.

Homer Buzzard is scheduled to be tried on a fourth offense for drunkenness. He has been arrested numerous times and is now in the Flint jail for this offense. Sheriff Wolcott has agreed to turn him over to Livingston county so he can be tried as a fourth offender.

Marshall Campbell, the star witness in the Patterson Lake arson case last spring has repudiated his confession. This has made necessary a new procedure so the charges against him have been nolle prossed and a new warrant issued charging Campbell and Doyle Kettler jointly with arson. By this means an attempt will be made to introduce the confession as evidence.

SCAVENGER SALE YIELDS \$6680

The scavenger sale held last week Wednesday on lands tax delinquent before 1936 brought \$6680 in this county of 203 parcels put up for sale 137 were sold. Much property listed for sale was withheld. All of Crystal or Fagin Lake was withheld. We understand this will be formed into a country club.

Nov. 1 next is the last day on which the 1936 delinquent taxes can be paid.

MARRIAGE LICENSES

The following marriage licenses were issued at the county seat last week: Franklin Abbot, 34, Detroit, Margaret Lynn, 34, Fowlerville; Robert Reed, 23, Pinckney; Genevieve Bullis, 22, Pinckney; John Wesley Graybeal, 21, Howell; Ruth Beatrice Warden, 19, Oakland.

CARD OF THANKS

The Ladies Aid Society wish to express hearty thanks to all who helped in any way to make the chicken supper a success.

Fails to Make Any Headway in Night Game at Ann Arbor and is Badly Defeated

Pinckney high school took it on the chin to the tune of 39 to 0 at Wines Field, Ann Arbor, Friday night at the hands of the Ann Arbor high school reserve team. Time was back in the days of Jim Nash, Murray Kennedy and Jack Dilloway when Pinckney was able to defeat this team every year. Of late years it has been another story. The last time Pinckney beat them was four years ago. Last year Pinckney only lost 6 to 0 and had numerous scoring chances. So this year they figured they had a good chance to win. However Ann Arbor manifested a different spirit this year. They had 40 men in uniform to Pinckney's 15 and literally ran all over Pinckney. Behind good interference they gained yard after yard on end runs but their star player was a small colored lad named Howard. He is one of the fastest men ever to play for Ann Arbor. He grabbed two Pinckney punts and ran both back 50 yards or more for a touchdown. He was able to do this as Pinckney was continually forced to kick from their ten yard line. After getting a lead Ann Arbor started substituting and eventually used all of their 40 players.

Pinckney was only inside Ann Arbor territory about three times. Late in the first half they completed a series of advances with Darrow doing most of the ball carrying and reached the 30 yard line. Here the half ended. In the second half Darrow again made a number of gains and two forward passes were completed caught by Amburgey and Vedder.

In this game Pinckney was without the services of Bill Kuhn, quarterback who was injured in a game with the Howell reserves Tuesday. Pinckney took this game by three touchdowns.

Saturday Pinckney plays Linden here. Linden beat Pinckney 20 to 0 last year but not much is known of this team this year.

U. of M. STRAW VOTE

A poll taken among the faculty members of the University of Michigan last week resulted as follows: For President-Franklin Roosevelt, 152; Wendell Willkie 124, Thomas, 16, Earl Browder 3, Roger Babson 1.

Jessie Mack of Brighton was killed Friday when the car with which he was riding collided with one driven by Bernard L. Meeker of Flint at the intersection of Highland and Argentine Rds. Art Musch, riding with Mack was also injured. Mack was employed on a WPA highway project.

FIVE BALLOTS FOR ROAD COMMISSIONER

It took five ballots to elect a county road commissioner at the board of supervisors session last Saturday. The term of Tracy Crandall had expired. The southern part of the county is not represented on the county road so when Tracy F. Crandall was renominated, Dan Noecker of Hamburg, Frank Hibner of Brighton and Mark Hill of Hartland were also placed in nomination. On the 5th ballot Crandall got 9 votes, Hibner 7 and Hill 2.

Scavenger Tax

Sale Results

137 Parcels of Land Out of 200
Are Sold At Scavenger Sale

The scavenger sale of delinquent tax lands was held at the court house last Wednesday. The sale was not advertised much and only a small crowd was present. Norman Reason, acting for the state tax commission, was auctioneer. The biggest item sold in Putnam township was the John Dunne farm, south of here of some 200 acres on which there are two houses now occupied by Wayne Bennett and Mrs. Paris Whetzel. This was bid in by Bert Hoff of Howell for \$1600 and we understand that W. H. Gardner will become its owner. Lucius Doyle bid in a number of Pinckney village lots and Mrs. Pearl Kirtland and Ralph Glenn of Unadilla bid in a number of lots on Bars Lake on the old John Dunbar farm. Some Patterson and Hi-Land Lake lots were also sold but no Portage Lake lots.

In Marion a number of lots on Cedar Lake were sold. W. C. Miller bought two lots there for \$250 each. Most of these lots sold were bid in by Pat Ryder of Howell who bid in a large amount of property. No Hamburg property was sold but quite a lot of Fowlerville and Brighton stuff was disposed of.

The purchasers were given deeds to the property after the sale.

The mystery of the stone bench. Another true detective-murder story by Mr. H. Ashton-Wolfe, world famous criminologist and author of "Secrets of the French Police." Do not miss it in the American Weekly, the magazine distributed with next week's Sunday Herald-American.

Possibilities of a Bridge at Straits of Mackinac and a New Office Building at Lansing Discussed

What they're saying around the capitol is that Michigan is as likely to have a bridge over the Straits of Mackinac as it is a new state office building here. And this is intended to mean that neither of them is very likely in the immediate future.

But if one were to take stock in recent developments, it would appear that the bridge idea has the edge so far as possible early fulfillment is concerned. The least that can be said is that some of the obstacles in the way have been surmounted. Experts now say the span is feasible from an engineering standpoint, and congress only recently passed legislation which virtually authorized the state of Michigan to build such a bridge. Permission of the war department is still needed, but what is regarded by backers of the plan as little more than a formality.

The big problem now is one of financing. The tremendous bridge would cost something like \$26,000,000, which even the most optimistic supporter admits is a lot of money to raise. However, serious study being given methods of getting that amount like that together and retiring the debt out of bridge revenue.

Responsibility for pursuing the idea is vested in the Mackinac Straits Bridge Authority created by the 1934 Michigan legislature. This authority was directed to investigate the feasibility of a bridge or other means of linking the upper and lower peninsulas, and it was authorized to issue tax exempt bonds, which, however, must be payable from revenues only. Hence, if the war department were to approve the plan and a means of financing it were to be worked out, there apparently would be nothing to prevent the authority from proceeding to build the bridge.

There are many arguments pro and con as to whether the span is needed and whether it would be practical. Some reasons are:

HENRY A. WALLACE DAY OCTOBER 24TH

Henry A. Wallace Day in Michigan definitely was placed on the schedule as plans were launched for a whirlwind tour of Michigan cities on October 24th.

The Democratic candidate for vice-president will arrive in Michigan early in the morning, it was announced by Charles S. Porritt, chairman of the Democratic state central committee, and will make his first appearance at Grand Rapids. He will address a rally at nine a. m. in the Campus Square.

Porritt said that Wallace would

CURRENT COMMENT "By Ye Editor"

The draft registration seems to have passed off quietly with but little opposition to it and that by religious fanatics. The press hails it as a revival of the 300 year old muster day. This was a training system established back in the old days as a protection against Indian uprisings and continued until civil war time. It was not unlike the present national guard encampments except that it was much broader in scope and took in every able bodied man, irrespective of age. In the old days Pinckney and this section had a muster day here and the regiment was commanded by Col. Nathaniel Allison, grandfather of Mark Allison. Muster days were big events and featured by heavy training and drinking. The militia in this section according to records were called out for duty but twice in the days preceding the civil war. Once during the Blackhawk Indian rebellion but before they reached the scene of action Black Hawk had surrendered and peace declared. The other time was during the Toledo war. This involved a dispute between the states of Ohio and Michigan over the boundary line. Michigan claimed the line was farther south than the line of today and that Toledo was inside Mich. territory. Neither state would yield so both governor's called out the militia and the Michigan men started the march on foot to Toledo to do battle with the Ohio troops. Before they reached there an appeasement policy had been offered and accepted by both states in that Michigan relinquished her rights to Toledo and accepted the upper peninsula instead which was carved out of the state of Wisconsin for the sacrifice. Some of the militia got as far as Toledo where they found the Ohio militia drawn up in battle array but most of the Michiganders were headed off at Monroe and Adams and turned back.

Just how many persons are the Democrats who bolted to Landon in 1936 and are again active against Roosevelt this year able to take with them into the Republican ranks? Their followers were but a drop in the bucket in 1936. This year we again hear much of the Democrat for Willkie clubs. A monster meeting of these organizations was called for Cass Technical high school, in Detroit last Wednesday night. This place seats 3,400. When only 14 people showed up the meeting was cancelled. This would tend to prove that these Democrat deserters lose practically their entire following when they desert their party and enter the ranks of the opposition.

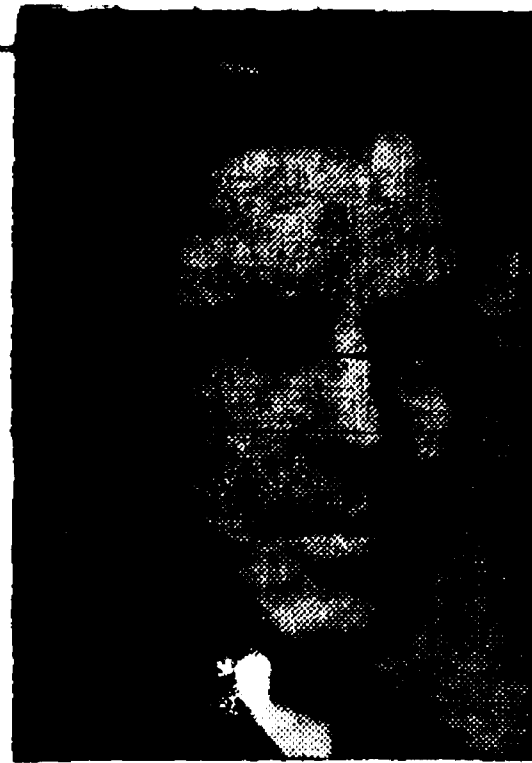

W. K. Kelsey, Detroit News commentator and about the fairest one in the nation, does not believe the assertion Willkie's nomination was a Democrat trick and that he is merely a puppet candidate for President Roosevelt to knock over. The fact that he has endorsed practically all of the Roosevelt policies and would enlarge them if elected proves nothing, Kelsey claims. Willkie's nomination was brought about by the same group of men who nominated Alfred Landon in 1936 the commentator declares only they took a year to build Landon up and about 30 days to do likewise with Willkie. Looking around this summer they had little confidence in Dewey and doubted that Senator Vandenberg had popular appeal. They wanted a political candidate, young, vigorous, and with no political record on which he might be tripped. Willkie filed the bill and they proceeded to put him over.

The indications pointing to a Roosevelt victory in November has seriously crippled the funds of the Republican national committee according to Ernest E. Weir, chairman of the finance committee. Many who promised strong financial aid at time of the Philadelphia convention have so far failed to kick in. This handicap is serious says Weir and activities are being crippled. The same thing happened in 1936 but the Literary Digest poll showing a Landon victory caused a flow of cash sufficient for all needs. Republican poll again show a victory but the would be contributors are leary and inclined to hang back remembering the Digest fiasco.

RURAL TELEPHONE
FINANCING

The Public Service Commission this week extended the installment plan to the financing of rural telephone construction throughout the territory of the Michigan Bell Telephone Company.

That was accomplished through the issuance of an order approving a new rural telephone construction plan recommended by farm leaders and described by the Michigan Bell Company as the most liberal in the history of communications in this state.

The plan will permit applicants for rural service to pay for line extensions, beyond an initial non-chargeable allowance, in monthly installments over a five-year period. Always in the past, these charges had to be paid in a lump sum in advance of construction.

Friends of the plan cited other advantages. For one thing the maximum construction charge, beyond the initial allowance, is scaled down from \$300 to \$270 a mile under the new plan. No charge will be made for wire connecting the main line to the house up to 500 feet from the highway with a charge of 5 cents a foot beyond that distance. New construction will be located upon private right-of-way supplied by the applicants, a provision which will tend to eliminate the hazard of tree interference that is sometimes met along lines that follow the highway.

Under the plan, no construction charge will be made if the number of applicants averages one per 8-10 mile of rural line extension. If the number does not reach that average, the cost will be met by a charge in excess of this initial allowance, of 45 cents a month per 1-10 mile and will be prorated among applicants served by the extension. Payments will extend over a five-year period. The plan also provides that the monthly installments will be reduced as additional applicants are served along a particular line extension.

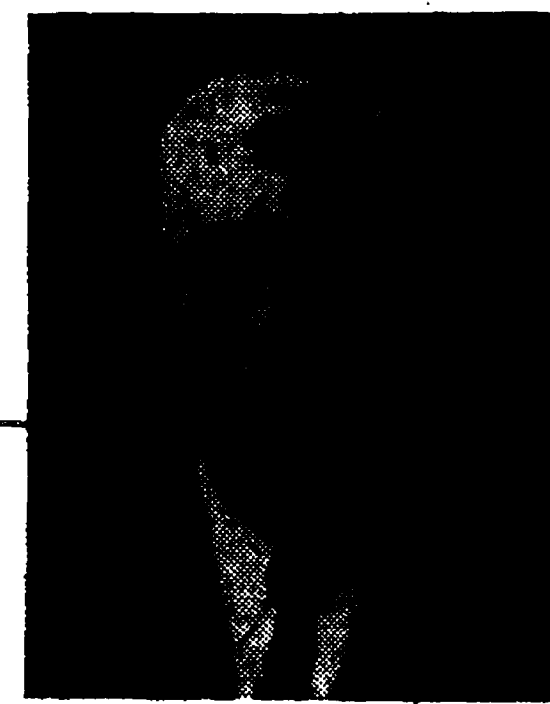

Company officials will place the plan into effect as early as possible. An informational program will be conducted among rural residents to acquaint them with its provisions.

The plan originally was recommended by farm leaders comprising Committee. They are: Clark L. Brody, Lansing, executive secretary of the Michigan Rural Communications of the Michigan State Farm Bureau; W. G. Armstrong, Niles, master of the Michigan State Grange; Burt Wermuth, Detroit, manager of the Michigan Farmer; E. E. Ungren, Lansing, and Stanley M. Powell, Ionia, both of the Farm Bureau; and R. E. Decker, assistant state county agent leader, and D. G. Ebinger, rural electrification extension specialist, both of Michigan State College, East Lansing.

One hears much of the Burma road of late and it has assumed big importance. This is the trade route from India to China and was the means by which the Chinese got food and munitions during the early days of the war. Japan demanded its closing and at the time of the Munich conference, Great Britain being appeasement minded, ordered it closed. Now that Japan is tentatively allied with Germany and Italy, it has been ordered reopened in order to harass the Japanese and give aid to China.

NOTES of 25 YEARS AGO

Dispatch of October 27, 1915

About 40 people surprised Mr. and Mrs. Arthur Vedder at their home here Monday evening and spent an enjoyable evening in games and social chat. Rev. A. T. Camburn in behalf of those present presented the Vedders with a handsome rocking chair. The Vedders are moving to Ypsilanti.

Arthur Bullis motored Leo Lavey and Mark McClear to Howell Friday to drive back eight head of Holstein cattle for Mike Roche.

A Texas cattle buyer is buying cattle in this section.

Messrs Mike Roche, Sam Boyce, George Greiner and Mark McClear attended the big cattle sale in Howell Thursday.

The Freshmen gave a marshmallow roast at the home of Walter Mercer Wednesday evening. 50 were present.

Charles Teeple attended the football game in Ann Arbor Saturday between Michigan and M. A. C.

Simon Hunter of Pinckney who eloped from here with Irene Antione 15, last week was arrested in Toledo and brought back to Howell. He pled not guilty to contributing to the delinquency of a minor and was bound over to circuit court for trial.

While playing with matches the children of Clark Lounsbury set fire to a straw stack. The flames spread from there to the grainery and corn crib and all were destroyed.

The Equal Suffrage Assoc. of Michigan will hold a big meeting at Gregory on Friday night.

The Young people of the M. E. church will put on the play "Willowdale" at the opera house on the night of November 5. The cast is as follows: Joel Bassett, store-keeper, J. P. Doyle; Tom Skerrett, the accused, Alger Hall; Joseph Godfrey, a lawyer, Bob Entwistle; Clarence Dimore, a teacher, Herman Vedder; Rev. Posser, Lyle Hendee; Leon Hackett, detective, Lester Swarthout; Simon Pinner, a whittler, Clyde Sibley; Millie Bassett, a child of fate, Dorothy Wallace; Mrs. Bassett, Florence Myer; Rosetta Gates, a bit flighty, Madeline Bowman; Miss Hazy, who imagines, Florence Tupper; Oleander, the third help, Hilda Hudson.

Bert Wylie's colt was shot in the hip by a hunter and required the services of a veterinary surgeon.

STATE OF MICHIGAN
The Probate Court for the County of Livingston.

At a session of said court, held at the Probate Office in the City of Howell in said County, on the 8th day of October, A. D. 1940.

Present, Hon. Willis L. Lyons, Judge of Probate.

IN THE MATTER OF THE CHANGE OF NAME OF Stanley Anthony Kosakowski, Adult.

SENATOR BARKLEY AT LANSING

United States Senator Alben W. Barkley of Kentucky will deliver an address in the Prudden auditorium at Lansing at 8 o'clock Tuesday evening, October 29 according to an announcement made today by the Ingham County Democratic Committee which is sponsoring the meeting.
 Senator Barkley's oratory became known to millions of Americans during the recent Democratic national convention in Chicago over which he presided as permanent chairman. For a number of years he has been majority leader of the United States Senate and one of President Roosevelt's closest friends and most trusted advisors.
 While the subject of Senator Barkley's Lansing speech was not contained in the announcement, it will be on issues in the present campaign. Plans are being made to handle a capacity crowd in the auditorium.

VOTE YES ON PROPOSAL #3

THE CITY OF DETROIT has long enjoyed certain benefits and privileges. On November Fifth they are seeking through the Detroit Street Railways to further encroach upon out-state territory. Specifically, the City of Detroit wants to run its buses over state highways in or between any communities it may choose without subjecting itself to safety regulations and without payment of highway taxes.

You can stop this unfair practice by voting "yes" on State Proposal Number 3.

Proposal Number 3 provides that buses owned by a city or village must first get permission from the Public Service Commission in order to operate two miles beyond city or village limits on state highways. The law affirms the principles under which Michigan's great highway system has been built—that highway users shall pay highway taxes and that highway taxes shall be used for highways.

In fairness to everyone and above all to yourself, cast your vote on this special ballot at the election November Fifth. And be sure to vote "YES"

When you need more telephone service, you want it supplied quickly. That is why this Company must study every shift in population, all industrial developments — anything that may affect the demand for service. Based on such surveys, we have built a "backbone" plant that can be expanded speedily and economically, whether it be central office enlargement, more switchboards, or extensions of cables and wires. Thus, operating on a basis of constant preparedness, we are equipped and ready to do our part in America's great program of national defense.

OLD BILL says
"Here's what I think—"

"I have been watching, closely, the affairs of our state for twenty years. Yes, in all that time there has never been a governor so determined to do the right thing for the people as Luren D. Dickinson. He has been as firm as a rock. His forthrightness has been amazing. In making decisions Governor Dickinson seriously and earnestly considers every side of every problem with a single thought—'What is best for the people?' Having made up his mind he drives a straight, clean furrow to his goal. No politician, no influence, can shunt him off the course."

"Without fanfare or hullabaloo Governor Dickinson has put every state department to work. He has ordered expenditures cut, and they are being cut. He is boring steadily into the towering deficit left by the previous New Deal administration."

"A governor, to deserve the office, must appreciate that 'all' the people are a part of Michigan. Some of the governors of the past seemed to think that certain groups were the whole state. Governor Dickinson has the fine faculty of recognizing irresponsibility to every man, woman and child."

"No man ever had greater sympathy for labor. He wants workmen and women to have jobs, at good pay and with decent hours. He wants them to have good homes, and good living. He has pushed hard to keep men em-

ployed, and to smooth out disputes. Honest labor will get fat pay envelopes as long as Governor Dickinson has anything to say about it."

"In Governor Dickinson's administration there has been none of the fantastic experiments which discouraged business and industry and decreased employment. He wants labor to work, and prosper."

"The incumbent governor is a farmer; and he knows the problems of the farmer. He is the kind of a farmer who gets in the fields and works, and who earns a living from the land."

"He is a taxpayer, and he wants taxes reduced wherever possible. We don't have to worry about taxes being increased under Governor Dickinson. His philosophy of government is to eliminate extravagances so we may have ample funds to care for the needy and the aged, and still give those who must pay the bill a chance to keep their heads above water."

"The biggest items in Governor Dickinson's program for the conduct of state government are honesty and uprightness. They cover a lot of ground. They just about sum up everything that is necessary to good government. As I see it, we can feel very safe with the steady hand of a man like that at the helm."

"Let's finish the job on Nov. 5!"

NEIGHBORING NOTES

Ellen Piepkow, 17, of Springport died in an iron lung in the Jackson county isolation hospital Tuesday, the county's second victim of infantile paralysis.

Dean Joslin, 19, of Detroit was accidentally shot and killed at Wampplers Lake near Jackson the first day of the hunting season. He had sunk in a bog while hunting and companion, Dick LaBlanc of Detroit, held a gun barrel to him to pull him out. The gun was loaded and it went off killing Joslin.

85 dogs were entered in the state meeting held by the Livingston County Coon and Fox Club. The Michigan Championship Tree Dog award, a silver trophy was won by Red Gold owned by Lyle Young of Pontiac and the Line Dog trophy by Blue Flyer owned by Clare A. Thompson of Yale.

Mr. and Mrs. George Van Horn are expected home this week from a motor trip through New York, New Jersey and Pennsylvania. They were accompanied by Mr. and Mrs. Clifford Van Horn—Liv. Co. Press.

202 men registered for conscription in Brighton last Wednesday.

Charles Adair, Democrat candidate for congress, the Democrat candidates on the county ticket and several from the state highway dept. were guests at a dinner at Mount Airy, Wednesday and spoke following the dinner. Some of them attended the social at St. Mary's rectory after that and Adair also addressed the crowd here.

The enrollment of the U. of M. is 10,908, a decrease from last year which was 10,978.

Milford Lodge, No. 105 F. A. M. will celebrate her 75th anniversary on November 8th. Grand Master Charles Sherman will be the speaker. The new \$75,000 post office at Fenton will be dedicated on October 24th.

The 13 mile stretch of road from Williamston to Perry is being hard-surfaced by the Detroit Asphalt Co.

David Latter, Leslie high school pitcher has signed a contract to play with the Muskegon team, a Detroit Tiger farm.

CONSERVATION DEPT. NOTES

The dept. has spotted 14 light auto trailers at points providing a quick access to grass and woodland fires. These points are Bad Axe, Saginaw 2, Marlette, Port Huron, Holland, Paw Paw, Stanton, Owosso, Jackson, Ithaca, Pigeon and Allegan. Each is loaded with shovels, axes, water cans, spray pumps and other equipment for 25 men. The past nine weeks forest fire losses have only been 50 acres. The season's loss is now only 12,054, a record minimum.

Beginning January 1, 1941 fishermen must move downstream 500 feet from the Houghton Lake outlet dam. This is to conserve the pike who congregate below the dam during the winter. The river has also been closed to spearing for 5 years.

Cold weather during August and September cut the state park visitor lists down this year. The list totaled 8,389,768 compared to 8,595,530 in 1939. The Grand Haven park had the largest attendance with 1,237,300; Bay City was second with 912,657, and Holland third.

In Michigan it is unlawful to leave decoys set out over night and also unlawful to use live decoys in hunting waterfowl.

Black squirrel have become such nuisance in Battle Creek that they are being live trapped and taken to other districts and released.

State, County and municipal zoos may obtain a limited number of buffalo, elk and mule deer at the cost of capturing and transporting them from the federal government western ranges.

Sharp tailed grouse have established themselves well in northern Michigan and may supercede the partridge as the chief game bird.

Primary Room

This week two of the pupils in Miss Darragh's room aided in writing the news for the week. Each week there will be two different ones. Those for this week were Jo Ann Griffiths and Mary Margaret Clark.

The first and second grade are enjoying the new book, "Around the World with Hob". Hob visit twelve countries. The pupils plan to make figures to show how they dress in each country.

The first and second grades are also enjoying stories about Indians. Donald Griffiths made three Indians with his jig-saw cutter. They drew pictures of the Indian homes. Mrs. Griffiths was a visitor Wednesday afternoon.

We have made many Halloween decorations for our room. Calvin Knorpp is a new pupil in Miss Darragh's room. He attended the kindergarten at Maple Grove school under Mrs. Myers, a former teacher in Pinckney.

We are now learning to waltz. Some have progressed very well. Judy Aschenbrenner and Eugene Esch had perfect scores in the first grade reading game.

Jo Ann Griffiths had a birthday Thursday, October 17, 1940. She was seven years old.

The first graders are learning to write the numbers from 1 to 100. Judy Aschenbrenner, Joyce Clark, Phil Murphy, Shirley Wegner and Roy Petach can write the numbers correctly.

Virginia Shirley, Juanita Turhn, Jo Ann Griffiths and Marlene Schneider has perfect scores in the spelling review.

Grammar Room

The room is decorated with black cats, owls, and pumpkins this week for Halloween. The "misused" word grave yard is growing. The third grade drew pictures this month of cane people and lake people which they are studying in geography. The fourth grade drew comic strips and the best ones were put on the bulletin board. Leona Campbell and Lois Shirley drew profiles of themselves for Health Posters. The fifth grade have made files for the library so they know every book they have in their library. They have finished their study of the Middle Atlantic States, and will start studying the Southern States.

On the sick list this week are: Phyllis Loll, Gwendolyn Watkins, and David Ledwidge.

Intermediate Room

Tom Howe of the 7th grade has Scarlet Fever. We hope that he will have a speedy recovery. Dr. Duffy has examined the grade children and has reported that no other cases are evident.

In science the 7th grade has been studying the test for limestone. Pat Jeffrey brought a coquina limestone to school and the stone was tested.

The 6th grade are studying every day manners and making health charts.

Junior High School

During the past week the 8th graders have compiled a list of the educational Radio programs that are on Monday through Friday. The list was then typewritten and a hectograph copy given to each student.

Freshmen

The freshmen have been quite busy for the past two weeks in making maps of Pinckney for their Civics class. These maps show the streets of Pinckney, the number of houses to the street and the name of the family that resides in each house. It has been rather difficult to obtain some of this information but we believe the maps will be accurate when finished. Although plans are not yet complete it is possible that the best maps will be displayed when finished.

Sophomores

The sophomores are having a busy week, but it all for a good cause. We are busy putting the plans for our party to work. The entertainment committee promises an enjoyable evening and I am sure that the promise will be fulfilled. There will be dancing for those who want to dance, and games for those who are not so inclined. As a feature attraction we are booking the Hindu Mystics, world-famed students of Astrology, who will peer into your future for the small price of one nickel. To those of you who bore your friends with the tale of the "big one" who got away we recommend our fishpond; we guarantee that you will find everything here but fish. The refreshment committee is planning on a large crowd and ample refreshments have been ordered. The decoration committee will receive you in a pumpkin. There will be ghosts to greet you and black cat to glare at you. All you have to do to participate in this fun is to come to the gym at 8:00 on Friday night. Please dress up if possible. Remember, you may bring three guests if you pay ten cents for each one. We will give you the details of this party in this column next week.

Seniors

Thursday afternoon Mr. Hulce presented the following people with certificates of Salesmanship from the sales of magazines. Those receiving honors were: Megan Meyer, Earl Ferquist, Virginia Baughn, Marilyn Glenn, Roberta Shirley, Rose Mary Read and Goldie Markos. Each of these Seniors sold at least \$15.00 worth of magazine subscriptions.

Interview with Mr. Burg

One of the most interesting talks Mr. Burg heard at the convention was Edwin H. Stullken from Chicago, head of the Montifane special school for problem boys who can't fit into the regular school because of being trouble makers. This school has handled about 8,000 problem boys of the Chicago schools. Home life and worries of parents influence the children's early life. Lack of money and unemployment which prevents natural and necessary home purchases and home conditions cause children to be ill fed, ill clothed, and then eventually all of this throws the children on their resources for which he is not yet prepared. Social and economic conditions have changed so rapidly that many times the training of the child is forgotten. Boys that are in the Montifane special school of Chicago are the ones who stole cars, petty things, absences from school and are about to be taken to courts or jails. After these boys have been at the school for some time they are sent back to regular schools, where a surprising number of boys readjust themselves and create no problems.

Notes on the Game

Pinckney played Ann Arbor Saturday night under the lights and on

top of a layer of mud. The field was very soggy and damp.

Two of Pinckney's regulars were on the side lines with injuries namely; Max Reynolds, with an injured arm and Wm. Kuhn with a "charley horse" in his leg.

Ann Arbor has been practicing on down field blocking as was evident with them running back two punts for touchdowns.

Russell Howard, Ann Arbor's first negro halfback showed some very good open field sprinting.

Pinckney was able to set Ann Arbor back no less than four times on goal line stands and take the ball on downs.

The numbers were too great, Ann Arbor using 40 players to Pinckney's 15.

The boys will improve after the 39-0 defeat as they move into the last three weeks of the season meeting Linden, New Hudson and Stockbridge on the local field.

Kuhn will no doubt be back to his signal-calling position this Friday against Linden.

In a practice game with Howell Reserves Monday the Pinckney team is showing improvement in its blocking and team work.

be picked up from the train in Grand Rapids and would travel in a motor caravan across Michigan. From Grand Rapids he goes to Holland for a brief appearance and from Holland to Allegan, Hastings, and East Lansing. A major speech on farm problems will be made at the Michigan State College auditorium in East Lansing and the candidate will leave immediately for Flint where he will speak at the I. M. A. auditorium.

His schedule calls for stops in Pontiac and Birmingham with a final Michigan stop at Olympia auditorium in Detroit at nine p. m. His Detroit speech will be broadcast and will be one of the major labor speeches of the campaign.

All the candidates for state offices on the Democrat ticket are scheduled to travel with the Wallace party. The motor caravan will contain automobiles for newspapermen traveling with Wallace as well prominent Michigan Democrats invited to join the tour at various points along the itinerary.

Arrangements for the various local appearances are in the hands of local Democratic County Chairmen. The Democratic State Central Committee is handling general arrangements in Lansing.

Delegations from surrounding counties of the various points where stops are scheduled are expected to take part in the rallies. The Democratic Party will make the Wallace visit a main feature of the Michigan campaign. It appears now that President Roosevelt will be unable to bring his campaign to Michigan.

Following is the schedule of the Wallace appearances in Michigan:

Grand Rapids, 9 a. m.; Holland, 10 a. m.; Allegan, 12 noon; Lansing and East Lansing, 2 p. m.; Flint, 3:50 p. m.; Pontiac, 5:15 p. m.; Birmingham, 6:30 p. m.; Detroit 9 p. m.

EDITORIAL

Last Saturday night at the football game with Ann Arbor, the Ann Arbor High put out a program with player's names, advertisements etc. On this program were 13 rules of good sportsmanship which we would like to pass on to you:

1. Remember a student spectator represents the school as well as the athlete.
2. The good name of a school is more valuable than any game won by unfair play.
3. Respond to calls of the cheer leader, especially when your side is losing.
4. Learn the rules of the game so that as a critic or spectator you will be intelligent.
5. Accept decisions of the officials without question.
6. Express disapproval of unfair play of the players of your own school.
7. Express disapproval of abusive remarks from the sidelines.
8. Recognize and applaud exhibition of fine plays of visiting team.
9. Be considerate of the injured on the visiting team.
10. Insist on courteous treatment to visiting teams at all times.
11. Acquaint others outside of school with the ideals of sportsmanship acceptable to the high school.
12. Impress upon the community its responsibility for the exercise of self-control and fair play at all athletic contests.
13. Advocate that any spectator who continually evidences poor sportsmanship be requested not to attend future games.

Arguments for

1. Idea is sound from engineering standpoint.
2. Bridge is necessary for economic reasons.
3. Ferry service is inadequate and certain to become more so as traffic across the straits increases.
4. Delay necessitated by long lines of cars is detrimental to tourist trade.

Unbridged water gap between two peninsulas has effect of dividing Michigan in two.

6. Ferries operating across straits at right angles to heavy boat traffic create a constant hazard.

Arguments against

1. Bridge necessary -- would serve no economic purpose.
2. It would cost too much money to be practical.
3. Not a sound engineering project.
4. People like a boat trip better than a bridge ride.

So much for the Mackinac straits bridge -- an imminent reality to some, and just a pipe-dream to others.

Controversy

The state's office building problem is just as controversial. It does not involve as much money, but it goes back farther into history and penetrates sparks from the old conflict of interests between the state government and the townspeople of a capital city.

It was a generation or two ago when the problem of crowded state offices began to pinch. Without going into too much detail it may be said to have started not long after the present state capitol, now a time-seasoned mecca for tourists, was erected during the period 1873-1879.

At that time Michigan's state government was a comparatively simple business. There were offices in the capitol for all the elected state officials, and an unpretentious state office building was built nearby to house additional necessary departments. Everything was on a cozy basis. The basement of the capitol, now known to visitors as the place where they may see Civil War relics in the musty rotunda, was nothing but a stable. The elected officers drove their horse-drawn carriages under the steps of the building and left them there during the day.

Cramped Quarters

Before long the state authorities found themselves outgrowing their quarters. One thing led to another and each new service to the public called for more employees, more equipment, and more space. To help take care of the overflow, offices were built into the capitol basement and the horses and stalls were taken elsewhere.

Then in 1917-1922 the state erected an expensive office building two blocks away from the capitol. Many felt this structure, at last, would answer the problem. But still Michigan's government continued to grow and some of the bureaus hardly had time to get settled in their new quarters before they were hustled out to make room for expanding departments. One of the first to be eased out was the adjutant general's staff which was moved into a Lansing office building in 1927 and is still there.

One after another, established divisions were moved out or newly created departments or bureaus were given quarters in privately owned office buildings, until today the state is paying out about \$200,000 a year in rentals throughout Michigan. About one-half this sum is paid to Lansing landlords.

But even at this cost there has been no permanent solution. In fact, state authorities contend that today the condition is acute. Space in the office building is so much at a premium that the health department has set up desks in the corridors. A novel device was tried by the senate last year to relieve crowding in the capitol was the building of a sort of balcony in one of the high-ceilinged clerk's rooms.

To relieve the situation, the health department is erecting a building outside the city of Lansing near its laboratories which, when completed next year, will house its offices. The exodus of this one department from the office building will, however, be but a drop in the bucket so far as the entire problem is concerned.

Some idea of the jumbled ramification of the state offices may be gained from the quandary of capitol guides. Sometimes they have been unable to keep track of shifting divisions which are now here, now there, and have been embarrassed by the questions of visitors.

If someone asks for the unemployment compensation department, he is told that's in Detroit because there wasn't room available here. The

civil service headquarters is in one Lansing office building. The welfare department is in another. The corporation and securities commission occupies still another. Conservation department divisions are scattered throughout three buildings. And so it goes.

From time to time during recent years someone has proposed that the state erect a new office building or add to the present one. The favorite suggestion is that the two blocks immediately west of the capitol be bought up and a grand new building erected, one that "would do credit to the state. Such a structure would cost several million dollars.

Landlords Howl
A howl of protest from Lansing landlords and others interested in civic prosperity goes up each time such a proposal is made. The reasons for not putting up a new building pour in, and soon the proponents of the plan wearily give up and the talk dies down. It isn't easy to overcome the argument that the people won't vote a bond issue to finance such a project.

In 1934 the electorate overwhelmingly defeated a referendum on a bond issue which would have provided for an addition to the state office building along with another structure. This has discouraged some who favor the idea of a new building here.

Perhaps that shows the difference between the two proposals. Mention the office building scheme and the result is a sigh or two; mention the straits bridge idea and a controversy ensues.

"PRODUCTION"

On the assembly line of any manufacturing process each movement of an operator counts in the completed article. One mistake may ruin the work of many hands.

With your own planning for the building of an estate, the small beginning of a Savings Book Account is an absolute necessity.

It is not the amount you save, but the fact that you save which is the key to successful production of an estate.

It is never too late to begin production on your estate. As the chief operator on the line your job is to add regularly to the Savings Book. A slip in the program may spoil the outcome.
