Suffers Stroke While Trimming a Tree at His Farm East of Town

Charles McGregor, 63, who has operated a chicken farm on M-36, two miles east of town for about the past twenty years died Thursday morning at the Pinckney Sanitarium, following a stroke suffered while trimming a tree. The tree, a large oak, is located on his farm, on the crossroad that runs from M-36 south to the Galligan and Farley farms. McGregor was in the tree sawing off limbs which hung over the fence when he suffered the stroke. His cries were heard by Mrs. Louise Shehan on a nearby farm and she stopped a Stroh Brewing Co. truck driven by Walter Fry of Ann Arbor and sent him down the side road to investigate. This was about 11:30 a. m. last Wednesday. He found McGregor in the tree, unable to get down. Fry climbed the tree but was unable to get the sick man down who was lapsing into unconsciousness. He in turn called for help and was heard by the driver of a truck from the Eckrich Packing Co. who was headed north on the road, having come from the Red Hen Tavern. Fry sent him to Pinckney for help, Mayor Kennedy, Roy Reason, Henry Shirey, Bennie Van Blaricum and others went out with ladders from the Pinckney fire department. Mr. and Mrs. W. H. Meyer were also there. After some difficulty McGregor was removed from the tree by Shirey, Reason and Van Blaricum and taken to the Pinckney Sanitarium where he passed away at 1:30 a. m. Thursday. The body was taken to Milwaukee, Wisconsin, where the funeral and burial will be held. Surviving are his wife, Agnes, and two sisters living in Detroit.

Some years ago the deceased was involved in an auto accident en route to Detroit. As a result of this he lost the sight of one eye.

### FATHER AND SON BANQUET

Owing to inclement weather and other attractions the attendance at the Father and Son Banquet at the Congregational church parlors last Friday night was below that of last year, only about 100 being present. The dining room and the tables were decorated along Lincoln birthday observance and roast pork formed the chief article of the menu. Following the banquet a short program was given. John Martin gave the toast to the sons in which he dwelt chiefly on temperance. Jack Hannett responded briefly in the toast to the fathers in which he got across some good points. Rev. McLucas introduced the speaker of the evening, Rev. Hainsworth of the Dexter Federated churches, originator of the "Parsons Grist Mill". He gave a miscellaneous program lasting about an hour which was much appreciated. This ended the evenings entertainment and the assembly was dismissed.

### FRANK ASELTINE

Frank Aseltine, 75, a former Gregory resident, died at the home of his son, Forest, in Ann Arbor, Sunday. He leaves two sons and two daughters. The funeral will be in the Unadilla Presbyterian church today. Rev. DeVries officiating. Lurial at Unadilla.

### FOWLerville GIRL KILLED

Deputy Sheriff Leslie Slidell of Fowlerville identified the body of a girl killed by a freight train at Dayton, Ohio Saturday as that of Betty Faunce, 19 of Fowlerville who formerly lived at his home. She was attending school at Ypsilanti, Mich. and was hitchhiking from there to Dayton, Ohio.

New Hudson Beats Pinckney Twice Last Friday, 11 to 10 and 18 to 14.

New Hudson whom Pinckney defeated in the tournament at Walled Lake last year for the class 'D' title is hard for Pinckney in the regular season and they have never beaten them except in the tournament. In last week's contest Pinckney could not score any points to speak of. The New Hudson reserves only had to make 14 points to down the second team of Pinckney and 18 was sufficient to put the kibosh on the first team. Kuhn, who has been leading the Pinckney scorers, got only 2 points. Reynolds kept the team in the running by getting 8. Palmer and Widmayer each got a single basket.

Pinckney will meet New Hudson in the Owl League playoffs at Dexter next week and hopes to have better luck. This will wind up the season's scheduled games and then they go to the state tournament at Michigan Center.

### CASE IS DISMISSED

Judge Francis E. Barron handed down his decision in the robbery on the highway case against Dan Barber and Edward Bennett of Pinckney last Thursday. In the last few months several persons have been held up on the highways in the vicinity of Pinckney and the Portage Lake and robbed. The technic was the same. They were invariably picked up by motorists, forced into the ditch by another car and robbed by the inmates of the second car. Among the victims were Patrick Devins, a Mr. Hannifan and an aged uncle of Abner Watkins. However, the robberies were all at night and none of these men could identify their committing them. Barber and Bennett were arrested on suspicion but Justice Barron decided there was not enough evidence to bind them over for trial. Bennett has been out on \$1000 bail but Barber did not secure bail and has been in jail the past month or so.

### CIRCUIT COURT NEWS

Judge Collins held court at Howell last week Monday and Tuesday. The line fence case of Hugh Van Gilder vs William Garlock was settled out of court. W. W. Knapp of Brighton appeared and stated his birth record was not on file and asked an order to file it in accordance with records in the family Bible.

George Hays, once tried for negligent homicide and once convicted of drunken driving asked restoration of his drivers license. The request was denied.

Divorces were granted to Eva from Albert Cartier, to Mary from Wendell Moore. Ella Dynes was granted \$3 a week alimony for the support of her child.

### EUCHRE CONTEST MUNDAY NIGHT

On Monday night, February 24, Washenaw Lodge, No. 65, of Dexter will come here for another contest in the euchre tournament. In the last two contests were very close. Come up and help Pinckney win this time. Refreshments served following play.

### Hoisel-Baughn Wedding Is Solemnized

Two Popular Pinckney Young People Are United in Marriage Here Saturday

The marriage of Miss Mary Hoisel, daughter of former supervisor M. J. Hoisel, to Winston Baughn, son of Mr. and Mrs. Edna Baughn took place at St. Mary's rectory at 9:00 a. m. Saturday morning. Rev. Francis Murphy officiating. The couple were attended by Miss Virginia Goode of Detroit, sister of the bride as bridesmaid and Marion Shirey of Pinckney as best man. Following the ceremony a wedding breakfast, prepared by Mr. and Mrs. William Dilloway and served by Miss Ruth Nash and Mrs. William Meyer Jr. at the Hoisel home and was attended by 24 relatives and friends. Following a short wedding trip the newly-weds went to their home in the apartments of Mrs. Mildred Backus on Pearl St. Both of the young people are very popular and we predict for them a happy married life. Congratulations are extended to them from their many friends and relatives.

Next Wednesday evening the donkey basketball game will be played at the local gym. This game is played on live donkeys and promises to be an exhibition that will keep both spectators and players in a frenzy for the entire evening. The lineups have not been definitely settled as yet but many of the old time stars have promised to be on hand to show the youngsters what it is all about.

Remember the date, Wednesday, February 25, 8:00.

### NOTICE

There will be a meeting of the Pinckney High School Alumni Association at my home on Saturday evening, February 22 at 7:30 p. m. All persons interested are also invited to attend.

## Michigan Mirror State News

### Agricultural Matters Continue To Get Attention of the Legislators

A wave of agricultural advertising bills is about to reach the Michigan state legislature.

When the state supreme court upheld the constitutionality of the apple advertising tax, whereby a levy of one cent bushel is assessed on the grower, (who adds it to the consumer's bill just as the retailer does with the sales tax) the court opened the dykes to similar legislation.

Dairy interests propose a similar advertising levy in the hope of stimulating consumption of milk and butter.

Cherry growers and canners also advocate a state cherry tax to solve the recurrent problem of how to dispose of a canned cherry surplus which, in 1941, is the greatest known in many years. The cherry industry in Michigan has been weakened by a competitive feud among leaders, and this co-operative action may not be easily effected.

Even egg producers -- and Hamilton in Allegan county is the "egg capital" of Michigan -- are studying the court ruling carefully. As the Hamilton co-operative has shown, eggs can be controlled in flavor, while scientific processing can preserve the "fresh" taste from six months to a year, and the average consumer can't tell the difference!

### Agriculture Commissioner

The bill by Rep. Maurice E. Post, (R. Rockford), to take the commissioner of agriculture out of politics by making him responsible to the state board of agriculture (governing body of Michigan State College) is beginning to backfire.

Passed by the House, the measure is now before the Senate committee on agriculture. At a hearing last week a majority of farm spokesmen expressed opposition. Clark L. Brody secretary of the Michigan Farm Bureau and a member of the college board, condemned the plan as being an unconstitutional invasion of the governor's executive authority. Fred P. Hibst, Cadillac, manager of the Michigan Potato Grower's Exchange, warned it would involve the college "more and more with politics because politically-minded men will seek election to the board to dominate state department policies."

Even the possibility that state department employees would be removed from civil service protection has been raised by several senators. Educational institutions are now exempt.

Some bi-partisan control for the agricultural department has been favored by farm groups for many years. Governor Murray D. Van Wagoner merely seized it in 1940 as

### BOYS ARE ARRESTED

One day last week while the Roy Campbell family was away from their home on the Lucy Hinchey farm, west of town on M-36, two boys entered the house and took \$15 in money. The theft was reported and suspicion was directed against two strange boys, previously picked up at Gregory by Deputy Tim Conk and released. These boys gave their names as Neil Petit, 14 and Harold Case, 14 both of Lansing. They were picked up by Lansing police admitted the theft and were turned over to the Lansing juvenile court where Petit is said to be on probation.

### SCAVENGER TAX SALE HELD

The Scavenger sale of tax delinquent property was held at the court house in Howell. A number of local people who went over to bid came back empty handed as the choice property was withheld from sale. One building and two vacant lots in this village were bid in by Norman Reason at request of their owners. Some lake property was sold and one farm in Putnam.

### TWO DIE IN AUTO ACCIDENT

Robert Wagoner, 21, and Harry Jager, 20, were killed early Sunday morning on U.S.-12 when their car hit one driven by Frank Merz of Manchester. Several in the Merz car were hurt. Wagoner is the son of Edward Wagoner, former supervisor of Scio township, in which Dexter village is located. His mother lost her life in an auto accident in December 1939.

## CURRENT COMMENT

The Republicans are desirous of getting a strong candidate for state highway commissioner at the spring election and the present trouble is that there is liable to be too many hats thrown into the ring. Apparently about every county is ready to enter a county road commission engineer in the race. Even Bill Slavin of this county has been mentioned. Among those men who are desirous of serving their county by competing for the nomination are Carl Lowen of Ottawa county, Charles Zeigler of Lansing, Lou Burridge of Cadillac, Otto Hess of Kent county, Leon Belknap of Oakland, John Hagowski of Ingham and many others. The candidate that the party desires, however, is Leroy Smith, engineer-manager of the Wayne county road commission. He is strong in Wayne county where the party is weak. In this respect he has it over all other candidates. However, he is advanced in years, very wealthy and has so far refused to commit himself. Nevertheless, there is apt to be a marked reduction in the hats in the ring at the convention if he finally decides to run.

The situation in Washington D.C. is getting panicky. Senator Wheeler has called for an investigation of radio news commentators. He does not like the comments and interpretations made by the news commentators on current events, such as the Lease-Lend Bill which he is trying to kill. Most news commentators favor the bill and never let slip a chance to boost it. Two other senators wish an investigation of the straw polls taken on various public issues such as the Lease-Lend Bill which tends to show the people are strongly in favor of it. These straw vote takers are America Speaks, Fortune and other polls. These senators brand them as rackets and fakes and want their veracity and good faith proven.

Wendell Willkie is back in the spotlight with a vengeance and is getting even more publicity than during the presidential campaign. The Republican conservatives hate him now more than they do the president and predict that his actions are killing the party. At the Lincoln banquet in New York City last week he severely raked the Republican party for its policy of compromise and negotiation the past 12 years and called upon it to take a positive stand or die. He went back to the beginning of the nation and said the Federalist party died on account of its compromising and negative policies. Then the Whig party sprang up, elected one president and also died because it was too cowardly to take a stand on the slavery issue. The Democrat party stood in favor of slavery but it at least was the champion of something and managed to endure. The Republican party was born as the champion of freedom but of late has slipped back into the habits of the Federalists and the Whig parties. He warned that persistence in this stand means failure and death. His address caused shouts of betrayal against him by his conservative opponents in the party but the Jackson Citizen-Patriot says the shouts came mostly from the professional oppositionists of whom the public has grown tired. These congressmen believe the president must be opposed simply because he is President Roosevelt. Willkie's action demonstrates that he can if he wants to, remain the leader of his party and in four years time many of his conservative opponents in the party will have been retired from public life by death and old age.

An effort is being made to make the amending of the Michigan constitution more difficult by various means, such as increasing the number of signatures to a petition etc. This seems to us to be barking up the wrong tree. The initiative and referendum never would have come to pass if the legislature had been true to their duties. Year after year laws sorely needed by the people were killed in the legislature for some selfish reason or other. The amendment method of getting laws enacted was adopted by the people because in no other way could needed laws be enacted. This instrument should be retained as a club over the legislature should they prove unwilling to perform their duty.

WHO'S NEWS THIS WEEK

By LEMUEL F. PARTON (Consolidated Features—WNU Service.)

NEW YORK—For four or five years now, Dr. J. Enrique Zanetti, professor of chemistry in Columbia university, has been pooh-poohing high explosive bombs and gas, and putting the incendiary bomb as the head devil of the hosts of destruction.

His main idea is that gas dissipates and fire proliferates—therefore look out for incendiary bombs. In January, 1936, he wrote in a university publication that fire bombs would be the worst peril of the next big war.

Dr. Zanetti was born in Santo Domingo in 1885, came to the U.S.A. in 1900, was naturalized in 1906 and in 1907 took his doctorate from Harvard university.

A PLEASANT change of subject, from fire bombs, is Tom Smith, a ball of fire in his way, but one everybody likes.

Reciprocal Trade Plans Have Role in 'Next Peace'

Hull May Have Answer to Totalitarianism; British Farming Program Greatly Changed by War Demands.

By BAUKHAGE National Farm and Home Hour Commentator.

WNU Service, 1395 National Press Bldg., Washington, D. C.

WASHINGTON.—There is a peace-machine in Washington, all oiled and ready to start the moment the last gun is silenced in Europe.

There is seed-time and harvest, where fields are tilled and cattle are fed. For the farmer in those beleaguered islands, is as important as the soldier.

However, while I was informed by a man who has been in England since the war started that air-raids had not affected agriculture at all, there are some exceptions to be noted.

As a result, millions of acres of grassland in Britain are being turned into wheatfields. In normal times, live stock was the chief agricultural product, but, according to recent reports to the department of agriculture, Britain is fast becoming a wheat-growing nation.

More and more people are coming to feel that there cannot be a world economically half-slave and half-free. Unless all nations can be united under a system of mutually profitable trade, totalitarian methods will be forced upon all nations.

Canada's Wheat Problem. Meanwhile inability to ship her wheat to the mother country is providing a serious problem for the Canadian farmer.

Hull's Theory. Secretary Hull believes that the roots of war grow in the soil of evil economic conditions, that war cannot be prevented unless nations indulge in mutually profitable trade.

Under normal conditions, if the British used their grazing lands for wheat raising, it is said the islands could probably become self-sufficient as far as breadstuffs are concerned, and there is some talk of pursuing such a policy in Britain after the war.

FIRST AID AILING HOUSE

by Roger B. Whitman (© Roger B. Whitman—WNU Service.)

Closing a Summer House. WHEN closing a house for some time in cold weather, there are several precautions and preparations to be made.

A quart or two of kerosene should be poured into each sink, washbasin, and other plumbing fixtures to fill the traps. The kerosene will not freeze, and sewer gas will be prevented from entering.

Roll up your rugs with plenty of moth crystals and moth balls inside, and wrap tightly in heavy paper. Cover the furniture, and put moth crystals and balls on the seats of upholstered chairs and sofas.

Hot water or steam systems should be drained and left empty. If there is a wet return passing under the floor, this should be disconnected, for it will not empty through the boiler drain-cock.

Empty or take away any bottles containing liquids that might freeze. Clear out all food and garbage.

Shutters should be tightly closed and fastened, and windows without shutters should be boarded up.

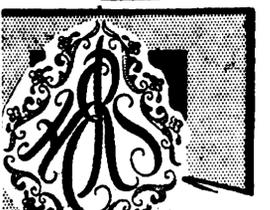

Slate Mantel Facing. Question: I have three slabs of one-inch polished slate, set in as a mantel facing.

Leaking Windows. Question: My house is brick, not yet a year old. Windows are steel casements, with cast cement sills.

Kinds of Wood. Question: Where can I get information on the different kinds of wood used in a home workshop?

### HOW TO STOP PAYMENT ON A CHECK

Stopping payment on a check consists of giving the bank official notice that it is to refuse to pay a check you have issued if it is presented for payment. This notice should describe the check completely—giving the check number, date, amount paid and reason for stopping payment.

If payment is stopped by telephone it should be confirmed in writing immediately.

If payment is stopped on a lost check which is later found, it is preferable to issue a new check bearing a different date and number than to revoke the stop payment order.

### St. Mary's Church

The President Lincoln and Valentine party at the parish house Wednesday, February 12, was a social success. A most delightful luncheon was served by the committee following the awarding of prizes. Among those who received honors were, in each, Mrs. Charles Clark, Mrs. Anderson of Gregory, and Mrs. Addison Cogswell of Portage Lake; in bride, Miss Esther Jorgenson and Mrs. Ray Lavy of Gregory; in five hundred, Mrs. Joseph Griffiths and Miss Virginia Byington; in Pedro, Miss Gertrude Spears and Miss Joan Spears. There was a setting of nine tables playing. The post luncheon prize was awarded to Madam M. Barbara Ann MacOwen, which was a Chinese designed framed picture. We are most grateful to all who assisted on the different committees, in working, soliciting and those who gave prizes and assisted in the bountiful luncheon, as well as to all who attended and supported.

Word has been received that Frank Engals of Strawberry Lake, who was a guest of a social in December last, and later drafted into service, has been rejected and returned to Detroit where he is employed. He was rejected because of a back injury involving the spine. Aunt Mayme MacOwen, sacrestian and housekeeper at the local church, was called to Wisconsin Thursday.

She received word Wednesday p. m. of the death of her devoted sister, Mrs. Susan Schulte. This is the fourth member of her immediate family who has been called by death in the past nine months. Previously, three brothers were called. We are mindful of this family in our devoted sympathy, condolence, prayers, and Holy Communion and the Holy Mass for the Eternal Repose of their souls. Word was also received Saturday of the death of two relatives of Father Murphy's, Professor Jean Giannino, a noted teacher and violinist and Mrs. Elizabeth Murphy, mother of Dr. D'Furio, both relatives resided at Mercy Hospital at the time of their demise. Both parties had been ill with influenza and developed pneumonia. Prayers are also requested this week for the late Pastor, Father Anthony Philbin of Northfield, Michigan.

At the time of his death he was a patient in Florida. The immediate cause of death was cancer. Father Philbin had many friends who will remember him as the past Chaplain at Seina Heights College in Adrian, which is in charge of the Sisters of St. Dominic. His funeral and burial took place in Adrian last Friday. Among our benefactors in the process of repairing our church was a devoted brother-in-law of Father Philbin's, Mr. John Cardiff, Purchaser and buyer of the Boston Store, Chicago, Illinois. He was very helpful and considerate for this church and we are much indebted to this family for helpfulness.

May eternal light rest on the devoted soul of Father Philbin. He was a most devoted and punctual servant in the labor of souls. Besides his sister, Mrs. Cardiff of Chicago, he is survived by a brother in Ireland and a nephew who is engaged in Missionary labors in Australia.

We extend condolence to the bereaved wife of the late Charles MacGregor whose death occurred after a heart attack last week in this community. Mr. Charles Clifton MacGregor was born February 10, 1877 in Goodrich Ontario. He was 64 years old last Monday. He was the son of the late William M. F. MacGregor and Mary Nolan MacGregor. He has resided on the Pinckney farm about 23 years. He is also survived by a brother, Fred, of Canada, three sisters, Mrs. Flora MacGregor of Detroit, who served overseas in the last world war with Mrs. Doctor Ledwidge of Detroit and now associated with Harpers Hospital, Detroit,

Mrs. Genevieve, wife of O. A. Woodward of Blue Island, Illinois, and Mrs. Ethel, wife of Mr. Ralph Dipole of Windsor, Ontario, Canada. The remains of Mr. McGregor were sent on Friday a. m. to be buried at Old Calvary Cemetery, Milwaukee, beside the remains of his late parents. Mrs. MacGregor is too ill to undertake the journey to Milwaukee and at present is cared for by her devoted sisters and nurse. Father Day of Flint is a relative of the bereaved family.

Wedding of Miss Mary Hoisel and Henry Winston Baughn, both of the community and both graduates of the local high school, was solemnized last Saturday at 9:00 a. m. St. Mary's church rectory. The bridal couple were attended by Mari Sauray of this city and Mrs. A. Good of Detroit, a sister of the bride. Members of the families both contracting parties attended service. A wedding breakfast was served following the marriage ceremony at the home of the bride father. The newlyweds have taken up their residence on Pearl St. Pinckney. Both the bride and groom are well-known and highly respected in the community where they have since childhood been reared. Wish them a long and happy wedded life.

We extend congratulations to neighbor, Rev. Father Duffy of Ionia, who celebrates his 25th anniversary in the priesthood this Wednesday. He is an officer at the St. Jubilee Mass Coram-Episcope, Bishop, today. Ad multos annos.

Word comes from Mrs. Patrick Kennedy, who is a patient at Howell City Hospital, that she is making progress in her severe illness. Mr. Lawrence McCleer of Gregory is reported very ill this week at home.

## SCHOOL NOTES

### SOCIAL NEWS

Mr. Burg was taken to the hospital last Thursday night, Feb. 6th, due to an appendicitis attack. He returned home Saturday, Feb. 15th. Plants and Valentines were sent to him at the hospital.

The Sophomore class of Pinckney High school will present a variety show here at the school gym. on Wednesday, March 5th. The show will consist of a short play, tap dancing and singing.

The Senior class of Pinckney high will give a box social on Saturday, Feb. 22nd. The money taken in will be added to their Washington trip account.

The Junior class has finished their Stationary campaign and are well satisfied with it. They made a profit of \$18.37 which is 30 percent of the total sales of \$61.25.

The members of the Junior class appreciate the fine cooperation of this community and surrounding communities for their help in this campaign.

Plans will be started soon in the Junior Class for the annual J-Hop.

### SOPHOMORE NEWS

The Sophomores are planning a Musical Variety program to be held at the High School Auditorium on March 12. The money taken in will be put into a fund to be used for their Senior trip to Washington D.C. The plans for this program are being carried out and practice on the songs and the play has started.

The committees have been chosen and Gloria Craft, the program chairman promises that your evening will be filled with music and laughter. if you go the high school.

### SENIOR NOTES

The play "America First" was selected as the annual senior play. It is scheduled for the first week in April.

The various committees for the box social were appointed by the president. They are busy now making plans for the social. Everyone come and make this social a big success. The proceeds are to go towards the Washington trip.

Girls and women not in school

are asked to bring boxes too. There will be entertainment for all. Shall we see you at the social the 22nd.

### 6th and 7th GRADES

The Girls' basket ball team will play this Tuesday p. m. with some of the substitutes of the high school team.

The Boys team played Brighton last Saturday and lost 13 to 7. We had a Baby Picture Contest Monday which was much enjoyed. Each member brought their baby picture and we guessed who they were. Rita Kennedy and Jean Craft were the best guessers.

Our Valentine party was a decided success. Each person had a chance to talk over the loud speaker. The people of the primary room gave some cute nursery rhymes. The 5th grade and the 6th grade each presented patriotic plays over the air.

### COUNTY TEACHER INSTITUTE

Last Friday the entire teaching staff of the Pinckney school journeyed to Howell to attend a unique county institute. It was unique in the fact that it was organized on a basis of small group discussion units. This provided every teacher the opportunity to select the field that he or she was especially interested in and to offer and receive suggestions which would prove valuable to him in his actual work.

This program was set up under the guidance of Dr. Harry Turner, director of the teacher cooperative study and Miss Gladys Macallum, school commissioner assisted by the super. of the county. One of the features of the day was a luncheon address by Dr. Whitehead, Dean of Wayne University.

ELECTRIC HOT WATER!**

FOR GAS STATIONS, machine shops, garages, groceries and meat markets, health clinics, physicians' and dentists' offices, and other commercial and professional establishments where hot water is important, ELECTRIC hot water offers several advantages: No lost time, no waiting for water to heat, no attention, no bother. You never lift a finger to heat water. Because the electric water heater is completely automatic, your time is your own. No "tank-watching" to hamper your work or interfere with business.

More and more people are discovering the time-saving economy of electric water heating for business and plant. Thirty gallons of electric hot water every day (adequate if you need small amounts of hot water) cost only \$1.98 a month. See your plumber, electrical dealer, hardware or department store today. Or stop in at any Detroit Edison office. The Detroit Edison Company.

#### THE LINCOLN BURIAL

The last issue of the Saturday Evening Post goes into a little known angle of the life and death of Abraham Lincoln and publishes a picture purported to have been taken after his death. According to the records two pictures were taken of Lincoln after death by Gurney and Son of New York City but both are supposed to have been destroyed by order of the Lincoln family. The only picture known to exist of Lincoln after death was a hand drawn picture published at the time by Harpers Weekly. The article adds that few corpses underwent the ordeal that Lincoln's did following his death. Congress wanted him buried in the tomb built for Washington at the capital but never used as Virginia insisted on burial at Mt. Vernon. The Illinois delegation wanted him buried at Springfield but Mrs. Lincoln did not like Springfield and suggested Chicago. Lincoln died on April 15 and finally on April 20, Mrs. Lincoln consented to burial at Springfield. The towns people chose the Mather estate but Mrs. Lincoln vetoed this as she did not like the Mather and selected the new Oak Wood cemetery. The funeral was held in the White House on the 19th and then started the tour of the corpse. This lasted 19 days. It left Washington on the 21st and was exhibited in Baltimore on the same day. On the 22nd it was shown at Harrisburg and on the 23rd in Philadelphia. On the 24th it was on view in New York City hall. By this time it began to get travel stained and the embalmers had to refurbish their work and dust the clothing. On the 26th it was shown in Albany and the next day in Buffalo. It reached Chicago on May 1 where it was exhibited and on May 3rd it was shown at Springfield. The next day it was placed in the receiving vault. Next 36 years was a troubled period for the body. The memorial was not begun until 1869. In 1876 a gang of counterfeiters hatched a plot to steal the body and use it to get their friends released from prison. The Lincoln Memorial Association hid the body for two years under debris in the memorial to foil this plot. The memorial was not completed until 1883. In 1887 a tomb was completed and Lincoln's body placed in it. In 1899 it started to settle and the state ordered it razed and a new tomb built. In 1901 Lincoln's body was at last placed in a tomb built of steel and concrete where it still remains.

#### "Congressional Letter"

Wm. W. Blackney, M. C.

H R 7776, the Lease-Land Bill,

came to a final vote last Saturday; the vote standing 260 yeas to 165 nays. Various attempts were made to amend the dangerous features of the bill, but these amendments failed with one or two exceptions.

During the last two or three days of the debate the proponents of the measure in large degree deserted their former stand that this was a peace bill and many of them talked frankly that it, in effect, was a war bill and that America should get ready to enter into the European conflict.

An effort was made to amend the bill by providing that soldiers should not come within the terms of the bill which gives the President the power "to sell, transfer, exchange, lease, lend or otherwise dispose," but this amendment failed. It was frankly conceded on the floor of the House that under the terms of this bill the President could give away one Naval ship or all the Navy if he should so desire; our army equipment, planes, tanks and such other articles as the President might deem necessary for our national defense.

The bill now goes to the Senate where more time will be given for debate.

The House has just passed on H R 2959, which was a bill to increase the debt limit of the United States. The present debt limit as fixed by last year's Congress is \$49,000,000,000. This bill provided that the debt limit be increased to \$65,000,000,000, an increase of \$16,000,000,000 over last year.

Efforts were made to amend the bill by making the limit \$60,000,000,000, but the effort failed and the bill passed the House and has now gone to the Senate.

The House passed on H Res. 90, which was a Resolution providing for the continuance of the Dies Investigating Committee. As usual, the floor of the House rang with the voices of the few who opposed the passage of this resolution, but I am happy to state that this resolution passed the House by an overwhelming majority, 353 yeas to 6 nays.

This Resolution provides for the continuance of the Dies Committee for 15 months and for additional appropriation not to exceed \$150,000 for its continuance. It is generally conceded in the House that the Dies Investigating Committee has performed an outstanding service in revealing to the American people the existence of Communism and other isms hostile to our form of government.

I have repeatedly stated in my weekly letters that America has more to fear from foes within than enemies without. The Dies Committee has made the American people conscious of the fact that if they wish to preserve American institutions, they must be alert and ever on guard against these subversive influences which those hostile to our form of government wish to spread in this country.

A great deal of quiet talk has been going around Washington with reference in the change of the form of the Congressional Record, which is the daily proceedings and debates of Congress. For many years this Congressional Record was headed by the United States Seal and in large words "United States of America."

Then somebody, whoever that somebody does not appear, conceived of the idea of printing a new Congressional Record with the seal much smaller and to the left, and with no notation "United States of America" so that as you picked up your Record you could not tell whether it was the Congressional Record of the United States or of some other country.

Much protest was raised throughout the country on this charge. The State Journal of Lansing contained an editorial with particular reference to the matter and stated "The great seal has been diminished and placed at one side, and the words, "United States of America" are missing. The Congressional Record has long been welcome in newspaper offices, but if it no longer sings the Star Spangled Banner, why it will be different."

Based on the protest raised among the members of Congress in Washington and the press throughout the country, the Congressional Record began to appear as of February 4, with the seal at the left as indicated above, but with the words typed in small letters, "United States of America." While some may think this is a small matter, yet, have we reached the state here in Washington that we are afraid to conduct the debates of Congress under the title, "United States of America?"

I attended the Congressional reception at the White House February 4. On February 11, it was

my privilege as a member of the Naval Affairs Committee to attend the Army and Navy Reception at the White House. This is the largest and most spectacular reception given during the season. Approximately two thousand people attended.

#### BASKET BALL, BOYS

On Friday evening Brighton High School will appear here for three basketball games, these will be the final home games of the season and the locals hope to reverse the tables and win all three. Brighton rolled up a rather top heavy score on the boys at the Brighton gym, however, some of the boys feel that it was the Brighton gym rather than the Brighton team which defeated them. Friday night should provide the answer. The girls journeyed to Brighton last Thursday night and suffered a 22 to 12 setback and they too believe that the gym was responsible for their defeat.

The boys played good basketball last week but lost to both Saline and New Hudson after leading almost all the way. In each of these games the second team lost by one point.

The first team scores were Saline 24, Pinckney 17; New Hudson 18, Pinckney 14. The Reserve scores were 13-12 for each game.

By winning, New Hudson clinched the championship of the "Owl" league and left Pinckney in second place. This is the highest a Pinckney team has placed in the league since it was placed in the final league standings. It had done three years ago.

A week from Friday, February 28 Pinckney will play New Hudson at Dexter in the feature attraction of the league games at 8:30. Hartland and Dexter will meet in another game at 7:30.

The purpose of the league games is to bring all the league teams together for one night and give the fans an opportunity to see them all in action. The profits from the game will be shared equally between the competing schools.

Pinckney will enter the tournament held at Michigan Center on March 6-7-8 and the boys feel that they have a fairly good chance of winning their district championship. Last year they won the first District championship ever annexed by a Pinckney High School basketball team. The drawings for the tournament will be made February 27 and the competing teams are: Pinckney, Dexter, Horton, Brooklyn, and Cement City.

#### BASKET BALL SCHEDULE

Feb. 21, Brighton here.  
Feb. 28, League games at Dexter.

#### REGISTRATION NOTICE

For Village Election

MONDAY, MARCH 10th, 1941  
To the Qualified Electors of the Village of Pinckney, County of Livingston, State of Michigan

Notice is hereby given that in conformity with Sec. 1, Chap. III, Part II of the Michigan Election Law, I, the undersigned Village Clerk, will upon any day, except Sunday and a legal holiday, the day of any regular or special election or primary election, receive for registration the name of any legal voter in said Village not already registered who may apply to me personally for such registration.

Provided, however that I can receive no names for registration during the time intervening between the SECOND SATURDAY before any regular, special or official primary election and the day of such election.

Notice is hereby further given that I will be at my Home  
TUESDAY, FEB. 18th, 1941

the Twentieth Day Preceding Said election as provided by Sec. 2767, Michigan Election Laws, Revision of 1939, from 8 o'clock a. m. until 8 o'clock p. m. on each said day for the purpose of Reviewing the Registration and Registering such of the qualified electors in said Village as shall properly apply therefor.

In any village in which the clerk does not maintain regular daily office hours, the village council of such village may require that the clerk of such village shall be at his office or other designated place for the purpose of receiving applicants for registration, on such other days as it shall designate prior to the last day of registration not exceeding five days in all.

Notice is hereby given that I will be at My Home Friday, Feb. 21, 1941 from 6 o'clock p. m. to 8 o'clock p. m., Tuesday, Feb. 24, 1941 from 6 o'clock p. m. to 8 o'clock p. m., and Friday, Feb. 28, 1941 from 6

o'clock p. m. to 8 o'clock p. m. and from 11 o'clock a. m. until 1 o'clock p. m. on  
SATURDAY, MARCH 1st, Last Day for general registration by personal application for said Election.

The name of no person but an Actual Resident of the Village at the time of said registration and entitled under the Constitution, and remaining such resident, to vote at the next election, shall be entered in the registration book.  
NOTICE—Absent Voter Must be Registered.

Although Sec. 2774, Laws Relating to Elections, Revision of 1939, still provides that an absent voter may apply for registration at time of applying for ballot, and gives the form of Affidavit he should make, Act 63 of P. A. 1939 stipulates that an Absent Voter's application for ballots he must state that he is a duly qualified and registered elector.

Opinion of the Attorney General is that Acts 66 and 63 "must be construed to repeal the inconsistent provision of Sec. 2774 permitting absentee registration. At the time of making application for an absent voters ballot.

Thus the Absent Voters application and affidavit for registration are useful only in cases where voter may mail these in, then make application for ballot's later, after registry has been completed.

The portion of application shown herewith enclosed in brackets should be crossed out when applying for registration.

**Cute Button-Front Ric-Rac Trimmed**

NO WONDER there's a prouder prance in this youngster's step as she goes forward to more and better playtimes. It's the frock she's proud of—any little girl will be proud of it, and there's no reason why your own daughter shouldn't have half a dozen just such, because it's so easy to make. Take a look at the small diagram

drawing, to convince yourself how quickly and simply you can finish it.

Design No. 8840 is easy for even a two-year old to get into all by herself, because it goes on like a coat and buttons all down the front. Its princess lines are accented by sweeps of ric-rac up and down, the neckline is finished with a little notched collar, and panties are included, of course.

Pattern No. 8840 is designed for sizes 2, 3, 4, 5 and 6 years. Size 3 requires, with long sleeves, 2 yards of 35-inch gingham, percale or linen; with short sleeves, 1 1/2 yards; 9 yards of ric-rac. Send order to:

**CREATING NEW WEALTH TO ORDER**

Advertising creates new wealth by showing people new and better ways of living, and as it creates new wealth it contributes to the prosperity of everyone touched by the flow of money which is set up. In this way, don't you see, advertising is a social force which is working in the interest of every one of us every day of the year, bringing us new wealth to use and enjoy

**Pastel Wools, Silks Outstanding In Spring Materials for M'Lady**

By **CHERIE NICHOLAS**

A SEASON of perfectly fascinating colorful wools and woolknits is with us, so prepare to yield to temptation to the limit of your clothes budget. The little pastel wool dresses called "classics" because of the sculptural simplicity of their styling, are ideal for immediate wear. Don one of these neat, sweetly tailored frocks, so refreshingly springlike in color, and you will find yourself buoyantly taking an entirely new outlook on life.

In regard to costume suits, the big news is that of wooleens keyed to the dominate note in prints, the two going fifty-fifty in an ensemble technique. This flair for combining print silk with wool in related color is one of those fashion gestures that bids fair to develop into a far-flung vogue as the season progresses.

Capes have dashed into the limelight of fashion dramatically and importantly. Yes, indeed, capes are just about to "steal the show" this spring, the smartest being full length. Some are of soft wools in beige or cinnamon or navy, if you please. The light-colored wools have blended fur collars, while the navy versions take on a military aspect after the manner of officers' capes. At any rate, fashion is making a dramatic play on capes, both in pastel wool weaves and navy.

Another highlight in fashion's realm is that of woolknits in pastels and rich dark colors. Many of the wool knits can scarcely be told from

woven wools, and they are styled to perfection in jacket dresses, sweaters, coats and ensembles. Note the casual little frock above to the left in the picture. A frock of this type is almost a necessity for a young gad-about who takes week-end trips and who is "dated" for informal daytime affairs. Fashioned of light blue jersey, it has a basque top with scalloped edges, and the jersey is gored in soft flattering lines for skirt fullness.

Important background for jewels is the beautiful evening sweater shown to the right above. It is in strawberry pink wool chenille yarn. The ribbed drape at the hips with front zipper closing and the long sleeves make it particularly new and smart.

The pretty dress below to the left in the group is a cream beige wool. Its gathered neckline, front plenum effect and jewel buttons are outstanding style points.

Plaid and striped wooleens promise to be better than ever this season. Their coloring will be, for the most part, pastel. An interesting color note about the smartest of plaids is that so many feature the new yellows and golden hues. The clever tweed spectator suit which you see on the seated figure claims distinction in that it goes in for voguish yellow and gold, patterned with cream beige. The make-up of the costume-entire includes, in addition to the beautifully cut jacket a yellow woolknit sweater and a matching felt hat.

(Released by Western Newspaper Union.)

**Cravat Silk**

With m'Lady's present flair for accessories to match her hat milliners are turning more and more to beautiful silk weaves as likable media for their creations. For the postillion hat and matching jacket ensemble pictured, Lilly Dache, noted for high artistry in hat design, uses men's bright cravat silk diagonally in a most effective manner.

**Dinner Dress**

For an unusual dinner dress, have one made of heavy white silk crepe with long, full skirt and long sleeves gathered into the wrist. Over this wear a tight little velvet or velveteen sleeveless bodice laced peasant fashion with gold or silver cord. It is a dress that can go anywhere and will stand out in a crowd for its youthful distinction.

**Red Shoes**

Red shoes are important footwear news. They are showing them in leading stores to wear with smart looking navy suits.

**Lots of Color in Sight**

**On Spring Style Horizon**

Look to your colors! You can align yourself with the pastel enthusiasts or you can go colorfully South American. There is a convincing argument in favor of either.

Speaking of the lighter colors, of course you will want at least one, if not several, of the perfectly charming and most flattering pastel wool frocks. Chapters could be written about these fascinating frocks.

A favorite decorative touch for these pastels is the trapunto quilted effect.

When it comes to the startling South American color technique, not even the rainbow or the whole color spectrum is exceeded in the bright hues of red, yellow, purple and blue that are amazingly combined in daring contrast.

There is also a decided showing of vivid russet, brown, tangerine and similar shades in the new color schemes for spring. Lots of purple is used with cerise.

Emphasis is noted on beige this spring, and chamois is a smart new color for coats.

**Gibson Girl Sailor Hat**

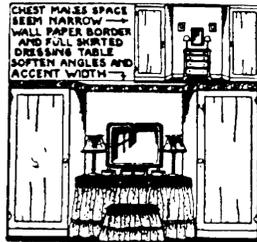

Becomes Fashion 'First'  
Well look what's just arrived! None other than the jaunty Gibson Girl sailor hat come to life. Milliners tell you they are "the latest" and that for the fashion "first" you will be seeking for midseason and spring. Wear it atop your pompadour a la Gibson girl, and don't forget the perky little veil that must go with it. Ever so chic tied under the chin.

**Chinese Influence**

New spring coats and jackets offer reflect Chinese influence. Very smart are hip-length coolie jackets, either quilted all over or made of colorful cloth in the new and favored beiges.

**HOW TO SEW**

by **Ruth Wyeth Spears**

WHAT could be a greater luxury than two extra closets in your bedroom! That is exactly what a young friend of mine thought. But, when they were built in, she was painfully conscious of their angles and the room seemed much narrower. This sketch shows you how the feeling of width was restored and the angles were made to melt away.

A wallpaper border all the way around the room helped to soften down the angles of the closets, also added an exciting color note to the plain painted walls. The chest of drawers in the upper sketch was moved to another part of the room, and the long spacious dressing table was built into the space between the closets. The top of the table and stool and the frame of the mirror were enameled porcelain blue which was one of the colors in the wallpaper border.

Dotted swiss skirts were fastened on the inside of the finishing boards across the front of the table and around the stool with snap fastener tape—one side tacked to the wood and the other sewn to the skirt tops.

NOTE: Directions for making three types of dressing tables are illustrated in booklet No. 1 of the series which Mrs. Spears has prepared for our readers. Details for making the frilled lamp shades illustrated today are in No. 5, which also contains a description of the series. Each booklet illustrates 32 home-making projects and may be ordered direct from Mrs. Spears by sending her your name and address with 10c in coin for each number requested. Send order to:

**Opposite Poles**

The North and South poles not only vary in geology, temperature and plant and animal life, but also in the number of hours of daylight and darkness in every year. At the North pole, the sun is above the horizon 186 days and below it 179 days, thus making the "day" seven days longer than the "night." At the South pole, the opposite exists, "night" being seven days longer than "day."

### MICHIGAN STATE MIRROR NEWS

a good campaign issue, and by this time he has put the Republican-dominated legislature in a pretty predicament. A veto is certain if the Post bill is passed.

Generally known as "publicity bill" are three measures, introduced by Senator Stanley Nowak, (D. Detroit, which are designed to institute labor reforms in Michigan.

Senate bills 51 and 52 would impose minimum wages for women and institute wage and hour requirements for all workers in intrastate commerce. Because of their drastic provisions at a time when national defense has the right of way, the bills repose quietly in the senate labor committee.

A third Nowak labor bill would forbid boys under 14 years of age and girls under 18 to engage in "street trades" including the sale of newspapers and magazines. Even time spent in school would be included in an eight hour day limit. (The average newsboy or magazine junior merchant devotes only an hour or so each day, in his spare time, to his "street trade". It is usually considered "pin money" rather than employment, as Michigan requires compulsory education for everyone 7 to 16 years of age.)

Political Publicity  
Office holders realize the value of publicity, especially if it is at the public's expense and at the disadvantage of their opponents.

House Bill 99 would provide for the ballot designation of the occupation of a candidate who seeks reelection—a privilege which rivals would not possess. Thus, the occupation of "state representative" could appear on ballots.

Senate bill 99 is aimed at the practise of state highway commissioners whose names adorn roadside signs, picnic tables and other state-owned buildings and equipment in large letters. This bill would prohibit use of the names of public officers on state maps, etc., unless unless specifically provided for by law. Furthermore, a signature would be that of the department or office rather than the individual heading the same.

(Republican critics of G. Donald Kennedy, interim state highway commissioner, complain that Kennedy had his name painted on thousands of road signs; held up printings of winter highway maps for revisions and so on, all in order to publicize himself prior to the spring election.)

Old Age Pensions  
Senate resolution C, introduced by Senator Joseph Baldwin, R. Albion would earmark 10 percent of the state gasoline tax refund annually, (five and six million dollars for old age pensions and to retire the state deficit. It would require a constitutional amendment.

Rising tide of more adequate pensions recently prompted state representatives to over-ride the house ways and means committee and to add \$161,000 to a deficiency bill.

Both parties are bidding for favor of the "oldsters", the Townsend bloc. No action is expected however until after the April election. The same observation can be made about the \$46,000,000 school appropriation bill of the Michigan Educational Association.

### DR. O'BRIEN RE-APPOINTED

Dr. E. J. O'Brien's appointment to the Michigan State Sanitarium Board was confirmed by the state senate and he has been re-elected president of the commission. William F. Robb of Howell was re-elected secretary. Dr. O'Brien has been on the board for many years, having been first appointed by the late Gov. Fred Green and has been reappointed by each succeeding governor. Mr. and Mrs. Lawrence Riggs spent Sunday in Detroit with Mr. and Mrs. Ralph Galbraith.

### Philathea Notes

The February meeting of the group, which was also the postponed election of officers and the first Missionary meeting of the year, was held in the church parlors on Tuesday afternoon, February 11. Mrs. Nellie Elliott presided. The Devotionals included a selection from Colossians with comments on the passage, followed by prayer.

The Secretary, Mrs. Meda Henry, read the report of the last meeting and also the yearly report, showing a few of the accomplishments of our group for 1940. The treasurer's report, by Mrs. Flossie Chambers, showed a balance on hand at date of \$13.16. Mrs. Mae Daller was appointed to fill the vacancy on the Sick Committee, and one dollar was voted her for present postage needs. Also the reporter was instructed to forward one dollar to the Baraca-Philathea Union, for renewal of our Charter, No. 7923.

Some of our officers have served for several years, and we regret their desire for a change. They have the sincere thanks of our class for their faithful work during the past year.

We are asking Mrs. Jennie Kellenberger of the "What-So-Evers", to serve as teacher of our two groups, and the other officers elected on Tuesday are as follows:

President, Mrs. Dora Swarouth; Vice President, Mrs. Mae Daller; Secretary, Mrs. Meda Henry; Assistant Secretary, Mrs. Carrie Swarouth; Treasurer, Mrs. Millie Elliott; Chaplain, Mrs. Hattie Swarouth; Organist, Mrs. Villa Richards.

The next Missionary meeting should be in May. The place for the March meeting will be announced later. A co-operative supper was enjoyed by members and guests at the conclusion of the business session.

The next Sunday School topic will be "Jesus Calls to Prayer", from Luke 18:1-14. Mrs. Kellenberger led a most helpful discussion last Sunday and we are hoping for a good attendance each Sunday.

### FEBRUARY 22nd

February 22nd will be celebrated as the birthday of George Washington. We may do well to remember that Washington was one of the leading lights through the war of Independence, the years during the drafting and adoption of the Constitution, and as our first President.

In 1776 the Continental Congress declared the thirteen colonies to be a free and independent nation. A war of seven years duration was fought to gain the actuality of that freedom and independence.

Only singleness of purpose, self-sacrifice and an undying loyalty to a cause made possible the United States of America. George Washington was the characterization of those attributes.

We, the people of the United States have successfully governed ourselves for 162 years. We have maintained the trust established by Washington and those associated with him. We must continue to maintain it. We have faith in America, in an American government by the people, for the people and of the people.
