

Annual Past Masters Night Obseryance

Total Attendance is About 200 With Some 34 Lodges Represented Including Three From Out of State

The 12th annual banquet of Livingston Lodge No. 76, of Pinckney drew about 200 Masons from Southern Michigan, some 34 lodges being represented, including three from out of state. The outstate lodges were Seattle, Wash., Corning, Ark. and West Salem, Ohio. The Michigan lodges represented were Golden Rule Fraternity and Ann Arbor of Ann Arbor, Howell, Brighton, Fowlerville Dexter, Northville, Milan, Battle Creek, Maple Rapids, Grand Rapids, South Lyon, Ionia, Detroit, Metropolitan, Detroit, Ashlar, Detroit, Flint and Charles Durand of Flint, Grass Lake, Stockbridge, Chelsea, Pleasant Lake, Benton Harbor, Pontiac, Lansing 38, Walter French and Aimy of Lansing, Midland, Manistique, Saginaw. Of the visiting lodges Howell had the reatest number of members 31, Golden Rule of Ann Arbor had 11 and Dexter and Fowlerville each 9.

The affair started nearly on schedule, with the Texas Ranch Boys from the Ford Motor Co., playing as the diners marched into the banquet hall. Rev. McClucas gave the invocation and then the diners did ample justice to the baked ham dinner served by the local O.E.S. chapter.

Ross Read, W.M. gave the address of welcome which was responded to by Percy Ellis, P.M., on behalf of the past masters. Dewey Hesse, deputy grand master of Saginaw then took up his duties and after paying his respects to the officers and members of Livingston Lodge, introduced the following grand lodge officers who spoke briefly. Hugh McPherson, Pontiac, grand treasurer; Paul Strawhecker, Grand Rapids, grand senior warden; Roscoe Burch, Benton Harbor, grand marshal; Orrin Dorworth, Detroit, grand lecturer; Dr. Francis B. Lambie, Midland, past grand master; Karl Hogquist, Ann Arbor, deputy grand lecturer and Clarence Hooper, Flint, candidate for grand marshal.

The Texas Ranch Boys then put Saulders of Detroit sang several numbers and tapped danced. The ranch boys, six in number, were obtained through the courtesy of the Ford Motor Co. and are first class entertainers. Miss Saulders has been in Hollywood.

The Rt. W. Grand Master, Charles T. Sherman of Lansing, then delivered his address in which he touched on Masonic problems and the important business scheduled to come up at the grand lodge meeting at Lansing next May. He also answered a number of questions asked him by the assembled Masons. His address was not lengthy but was full of constructive thought and ideas.

The visiting past masters, masters and lodge representatives were then introduced by the local secretary and some of them took occasion to announce coming Masonic functions at their own lodge.

The life membership presentation to Lucius E. Wilson Sr. did not come off as scheduled as Mr. Wilson was in Springfield, Mass., and unable to be present but Reginald Schaefer, past master, read a letter from him expressing his thanks to the lodge and regretting his inability to be present.

This ended the evening program but the guests stayed for some time visiting and getting acquainted. Many asked the secret of the success of these banquets which year after year fill the Hall. This no one has been able to settle on except that the lodge starts to prepare for them a year in advance, and no effort is ever spared to make them a success. Also these banquets are all very decidedly informal.

Doni Spears and Bennie VanBlaricum were home from Camp Custer over the week end. They say the food is fine and you can't beat the hours.

Mrs. Irene Head will hold an auction of stock and farm tools on the James Doyle farm, Thursday, April 3. We understand the farm will be sold by the Daniels girl of Detroit who own it. Mrs. Head and family will move on the George Hassencamp farm, south of town.

Next Monday is Election Day

Big Efforts Have Been Made to Get Out a Large Vote, But Nevertheless A Small Turnout is Expected

Next Monday, April 7 is spring election day and despite the efforts to get out a large vote, one is not expected. The reason for this is that many townships have only nominated one ticket and in others there are no contests to speak of. The big interest on state ticket is the office of state highway commissioner, held the past eight years by Gov. Murray VanWagoner, up to the time when he was elected governor. The Democratic candidate for this office is Don Kennedy, first assistant of Van Wagoner and a former South Lyon resident. Years ago he played ball here with South Lyon high school, competing against C. H. Kennedy, Renze Murphy, the Shehan boys and others. He is a civil engineer and has handled the business end of the state highway department for many years. His opponent is Leroy Smith, engineer for the Wayne county road commission. He is little known outside of his own county and as in the case of Wendell Willkie last fall, a tremendous buildup has been necessary.

For supreme court, where the election is non-partisan, many Republican papers are conceding the election of George Bushnell, who has a summer home near Howell, and Edward Sharp of Bay City. Edward McFarland, Wayne University, is a candidate for Superintendent of public instruction against the incumbent, Gene Elliott. Outside of the above named, the balance of the two state tickets have not waged much of a campaign.

In Putnam township the interest is in the race for supervisor. Frank Eowers, Democrat incumbent, is running for a second term against Stanley Dinkel. The latter is Pinckney councilman and fire chief and served one term as township clerk. He has a large following among the younger voters.

Several amendments are to be voted upon. These amendments are for the purpose of making it more difficult to amend the constitution by means of voting amendments. Many organizations are opposing these. They claim that the spollsmen-job seekers league has fostered it out of revenge for the enactment of the civil service amendment last fall and if these two amendments pass it will be impossible to amend the constitution in the future by the voters ballots.

Everyone should vote Monday if it is possible. If they do not they should remember that failure to vote deprives them of any excuse to knock the officers elected.

DEMOCRATIC WOMEN MEET

Miss Margaret Brogan, member of the Democratic State Central Committee and her sister, Mrs. R. E. Barron, were joint hostesses to a large group of democratic women at a political tea at the home of Mrs. Barron on Saturday afternoon. A large majority townships of the County were represented and Howell City. Mrs. Elizabeth Lehman an excellent representation from Belen, Vice-Chairman of the State Central Committee, and Mrs. Eckel Gibbon of Decatur, prominent speaker in the spring campaign, gave splendid talks. Several ladies from Lansing also attended, including Mrs. Kennedy, Mrs. Weal, Mrs. Meyer and others. Tea was served after the business meeting.

World War Puts Legislative Matters Into Temporary Eclipse and Dulls Election Interest

As leading politicians see it, Michigan citizens are concentrating too much on Hitler's threatened "blitz" party in England and our entry as a belligerent into the war.

It so happens that an important election is to be held next Monday, April 7.

But to judge from conversation to be heard at dinner tables and in places of business, the Michigan election hasn't been getting the attention it deserves.

Not only that, the international situation and our domestic boom have combined to put legislative problems into temporary eclipse. James Haswell, liberal correspondent for the Detroit Free Press, phrased it this way:

"Michigan's legislature always is conservative, but this year the radicals sing exceptionally small. Advancing prosperity and public pre-occupation with war and defense, contribute to this state of mind."

Highway Race

Interest in the election Monday centers on the office of state highway commissioner.

G. Donald Kennedy, Democratic nominee, has enjoyed an advantage over the Republican nominee, Leroy C. Smith, in time for campaigning. Kennedy knew many months prior to the convention that he would be the nominee. Smith did not.

Consequently the Smith campaign was slow getting started. Republicans have been raising an issue of policies in the highway department and emphasizing Smith's 32 years' experience as highway engineer, while Democrats have plugged consistently and vigorously on a pledge to continue the Van Wagoner policies and on Kennedy's personal knowledge of the job.

The contest has been enlivened somewhat by activity of county road commissioners against Kennedy and in behalf of Smith. County road men have felt for years that the state department was taking over too many roads and spending too much money.

Whoever is your choice, and we hew strictly to a non-partisan line, be sure to vote TWICE—once for the short term, and again for the long term, when you cast your ballot for state highway commissioner.

Control of Board
In order to obtain control of the state administrative board, Democrats would have to put over both Kennedy and Edward McFarland, nominee for superintendent of public instruction.

Eugene B. Elliott, Republican incumbent, possesses a state wide reputation as an educator. McFarland, a professor at Wayne university, was chairman of the liquor control commission during the Murphy administration.

Other party nominees are for the

CIRCUIT COURT NEWS

Judge Collins was in Howell most of last week, hearing chancery cases. The first case heard was that of the members of the Spencer-Smith Credit Assoc. It appears back in 1925 the employees of the company formed a credit association and paid considerable money into it. Through the state banking dept., represented by chief assistant attorney general James A. Greene of Lansing brought action to recover this amount. Judge Collins appointed G. D. Monroe receiver for the credit company.

Decrees were given in the foreclosure case of Roy Caverly vs Charles Weiss and in the quiet title cases of Louis Kristofy vs Erastus Smith and the Eaton Mfg. Co. vs Levi Smith. Some evidence was heard in the injunction suit of Martha Stelzer vs Nancy Wriggelsworth and then the case was settled out of court.

Divorces were granted to Doris from Jack Dean, Hildgarde from Harlow Graves and Mildred from John Allen.

CURRENT COMMENT

"By Ye Editor"

For years we have been told that the horse was obsolete and that in a few years the only places where they could be found would be in museums, that practically the entire United States army had been motorized and cavalry is a thing of the past. Figures, however, fail to bear out these assertions, most of which are propaganda. The United States Army expects to buy 7,500 horses this month. Since the national defense act has gone into effect it has bought 27,360 horses and when the army is recruited to full strength it will have 53,000. Now days a lighter draft horse is desired weighing about 1150 to 1300 pounds as all gun carriages, etc. now are rubber tired and more speed is wanted. While many parts of the army are mechanized there are still many places where only horses can be used. Germany used more than 200,000 horses in its campaign in Poland while in France they used 791,000 horses. In recent army maneuvers, mechanized equipment was unable to move into position after a three day rain, while horse equipment arrived on schedule.

The present state ticket campaign has proven a dud so far on account of lack of interest, began to warm up last week when Vernon Brown, auditor general, made certain charges about the Democrat campaign and the Democrats retaliated with similar ones about the Republicans. Brown charged that 19 state highway workers were campaigning for Don Kennedy on state time, that a straw vote or poll was being taken by them. Kennedy denied this and said all men engaged in campaigning were on leave of absence, that the voters poll was being taken after hours and that Secretary of State Kelly was using a state car to campaign in. Also that Leroy Smith, Republican candidate or commissioner, was wrecked near the Soo while returning from a political meeting in a state car. Secretary Kelly admitted the charge, but Leroy Smith claimed the car in which he was riding belonged to Ray Gillespie, an assistant attorney general. Democrats also disclosed that the state highway poll, which has been remarkably accurate in previous elections, showed Kennedy winning by 13,000 votes.

The Republican legislature has turned down Gov. Van Wagoner's bill to remove the property qualifications from voters in school elections. This bill also had the support of Supt. of Public Instruction Elliott on the grounds that the property tax was no longer the chief support of the schools. The reason given for turning down the bill was that defense workers streaming into districts where munitions factories are located would run the districts into debt.

Michigan's Blue laws, some of them nearly 100 years old, will be repealed, such a bill already having passed the senate. These obsolete laws prohibit playing ball or dancing on Sunday, keeping stores open on Sunday and numerous other laws which have been ignored for years. The penalty for most of these law violations was only a \$10 fine.

Among the appointments made by Gov. Van Wagoner last week and confirmed by the senate was that of Dr. Andrew C. Roche of Calumet to be a member of the state Board of Registration in Medicine. Andy is one of the Roche brothers of Pinckney and also of the University of Michigan base ball team. This is not his first such honor, as back in 1912 Gov. Woodbridge N. Ferris appointed him to the state parole board.

NEXT DRAFT CALL APRIL 21

If there is no change in plans the next draft call from this county will be April 23, at which time 25 men will be called. Already there are 10 volunteers for this draft and there may be more, so just who will make up the draft will not be known until later.

Of the 2,289 who registered in this county last fall only 48 remain who are in class "1A" and subject to immediate call. Following the exhaustion of this list, some of the deferred classifications who were exempted for several months or more will probably be called.

William Pidd and son, E. of Dexter, were in town last Friday.

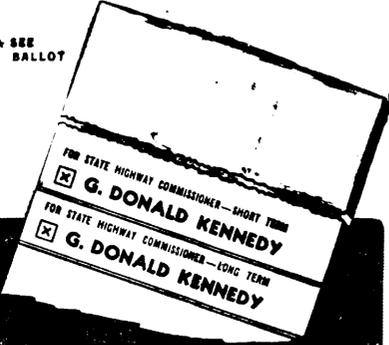

Twice
WORTH VOTING FOR

DON KENNEDY knows what you expect of your state highway system. Before his appointment as State Highway Commissioner by Governor Dickinson he had for eight years been a driving force in the Van Wagoner good roads program. He has proved his ability as an administrator and he rates high in the ranks of highway engineers.

By voting to continue Don Kennedy State Highway Commissioner you can insure yourself of safe roads — highways clear of ice and snow — open 365 days of the year. You can count on continued

development of tourist and scenic roads and all weather roads for farm travel. In short, whether you use roads for business or for pleasure, you can count on Kennedy because he knows the job.

NOTES OF 50 YEARS AGO

Dispatch of April 2, 1891 School will commence on Thursday next, after having been closed for some time on account of diphtheria.

The churns, milk vats, etc. in the creamery have been sold to E. E. Stone of Leslie.

Thomas Shehan of Hamburg township announces that he has not withdrawn his name from the industrial ticket as a candidate for supervisor.

There will be an Open Alliance at the Hicks school April 8th. Luther Ripley, state lecturer, will speak.

O. T. Allen, foreman of the Democrat, had to act as court stenographer owing to the illness of the regular stenographer.

Prof. Lumbard's Bell Ringers will give a concert here Tuesday night.

The friends of Grandma Hall helped her celebrate her 90th birthday on Tuesday last.

The hardware store of S. H. Reason has been sold to J. H. Lyman and Richard Clinton.

Some time ago the farmers around South Lyon paid bonuses to have the Toledo and Ann Arbor railroad build a line from Leland to South Lyon. About \$1000 a mile in bonuses was paid. The road did not pay and the railroad company has sought permission to abandon it.

The farmers and townspeople however refused to consent and the railroad commission pigeonholed the request. Saturday over 100 section men were called to Ann Arbor and after midnight taken to Leland on a special train, where by working all night and all day Sunday, the entire road was torn up. A delegation went to Lansing Monday to see the railroad commission about it.

Gov. Edwin Winans of Hamburg township, who has been ill, is much better.

A telegraph instrument has been placed in the Petytsville railroad depot.

Elton Jeffrey has moved into his new house at Anderson.

Mrs. Mary Crossman of Unadilla presented the M. P. church at Isoco with a beautiful 6 piece communion set Sunday, March 22.

The Patrons of Industry held a caucus in Isoco Saturday. G. Post was nominated for supervisor, George Miltner clerk, George Wright treasurer and Frank Smith, school inspector.

Jefferson Parker has moved from Anderson to Pinckney and Mr. Birney to Unadilla.

HOW TO ENDORSE A CHECK

Part II
A blank and restricted endorsement were illustrated in the last advertisement of this series. The following are three additional useful endorsements:
3. Pay to the order of Richard Roe
John Doe
- a special endorsement. This is the most practical and proper form of any. Check cannot be cashed or transferred until endorsed by Richard Roe.
4. Pay to Richard Roe
John Doe
- a restricted endorsement. Check may be paid only to Richard Roe. It cannot be negotiated further.
5. Without recourse
John Doe
- a qualified endorsement. It is used when the endorser wants to identify the holder of the check but does not guarantee payment.
Whenever your name is misspelled or incomplete endorse the check the same way, and then write your correct signature underneath.

VACATION GUIDE

The Howell Board of Commerce has a committee gathering material for a folder it proposes to title "Vacation Guide for Livingston County". The pamphlet will list the things that will likely appeal to the casual visitor in this area such as camping sites, lake cottages for rent, boat libraries, bathing beaches, golf courses, and other recreational facilities. Joe Brady heads this committee and is being assisted by Conservation Officer John Gunderson and Julie Merritt. Work on gathering material is now in progress.
Those who have cottages for rent, boat libraries and such other facilities as might be listed in the folder are invited to send this information to the committee, in care of Mr. Merritt at the County Press Office in Howell, and if space permits it will be included in the folder. Such information should be by letter rather than telephoned, so that it can be filed for reference. Details of the project are still to be worked out.

LITTLE FISH MAKE A BIG MICHIGAN INDUSTRY

SMELT are running! Around Escanaba and Menominee, Beulah, Boyne City and other smelt centers, that means busy days and busy nights. Thousands of people join in the activity, netting tons of fish every night.

The annual catch of smelt in Michigan is over 9,000,000 pounds and growing every year. In the Escanaba area alone, it's a \$50,000 industry.

Like all fish, smelt are highly perishable, and handling the catch requires lightning communication between packer, shipper and city market. In locating the places where smelt are in demand, speeding up shipments, routing fast orders, modern telephone service helps get the succulent little fish from river to frying-pan in the shortest possible time.

FREEDOM OF THE BALLOT

Here in the United States is the only place left in the world where there is complete freedom of the ballot so far as electing government leaders is concerned. On Monday, April 7th, here in Michigan there is an all important election. The people themselves, by going to the polls, decide if they appreciate this greatest gift of God to our civilization.

The officers to be elected on April 7th are of major importance to every citizen of Mich-

igan. They will have charge of building and maintaining our highway system for the next four years. And the people will select on this election day the six men who form the educational policies for our youth for the next six years and two members of the Supreme Court.

Voting slackers are today the greatest menace to the retention of our constitutional form of government. Michigan citizens should broadcast to the world her Americanism by voting.

AN OPEN LETTER

LEROY C. SMITH
Republican Nominee
State Highway Commissioner

EUGENE B. ELLIOTT
Republican Nominee
Superintendent of Public Instruction

REPUBLICAN
Monday April 7th

Vote for Smith twice, short term and long term.

(Reading time: 40 seconds)

Citizens of Michigan:

Today's critical times demand the highest qualified public servants.

In state convention, 2106 Republican delegates chose unanimously for state offices men of outstanding ability and experience.

You have an unusual opportunity Monday, April 7. You will decide by your vote whether YOU want politics in your schools and your highways.

Elect **LEROY C. SMITH** state highway commissioner. He served **NINE YEARS** as deputy commissioner and engineer; **TWENTY-THREE YEARS** as Wayne county road engineer. Here is a nationally-known road builder. He pioneered the first

national defense type roads in Michigan. He originated the idea of tourist park facilities in Michigan.

A native of Mecosta county and former resident of Benzie county, Smith knows the needs of local government—he's tops in his field!

Re-elect **EUGENE B. ELLIOTT** state superintendent of public instruction. He will continue to keep schools out of politics. Here is an able public servant who knows Michigan's educational problems. He, also, is tops in his field!

Other Republican nominees, whose names and pictures appear below, join in this appeal: "For Good Government in Michigan, Vote Republican on Monday, April 7."

Michigan deserves the best!

MICHIGAN STATE MIRROR NEWS
state board of agriculture, two to be elected; University of Michigan regents, two to be chosen, and the state board of education, one to be elected.

Forgotten Amendments
In the neglected class are two amendments which will appear on a separate ballot.

The amendments, in brief, are designed to prevent fraud in petitions for referendum and initiative. They would require a person to be a "registered voter" before he could sign a petition, and the secretary of state would be authorized to determine the validity of all signatures.

Judicial Ballot
A separate ballot will also be provided for supreme court judges.

While nominees were selected at party conventions, no party affiliations will appear on the non-partisan ballot. The theory has been that this difference will divorce the supreme court from politics. It will also put another responsibility upon the voter, already burdened by lengthy ballots.

Strike Reaction
Although many labor bills have been introduced by legislators and the administration itself is sponsoring quite a few, little likelihood exists today that any marked changes will be made in our state labor laws during this session.

A bad reaction has set in because of the current wave of industrial strikes, many of which are inter-labor controversies that do not involve hours or wages at all.

Then, too, the workers are enjoying fat pay checks. If any bills are enacted, the chances are that the occupational disease law will be liberalized and hours will be reduced for women workers in intrastate commerce. Nothing of extreme nature is in sight. If what we hear is correct, federal restrictions of wages and hours will not be imposed on retail stores, for example, as an administration bill proposes to do.

Furthermore, it is very probable that the labor mediation act will not be touched. The 30-day "waiting period" continues to receive favorable public opinion, largely because of the public's mounting impatience over delays in national defense production due to labor tie-ups.

Tourist Dollars
Michigan's nearly 800 millions in arms awards are expected to stimulate the tourist industry next summer in Northern Michigan and the Upper Peninsula.

The state itself will spend more money to advertise Michigan's recreational attractions through the four tourist associations.

A legislative enabling act is to be introduced at Lansing this week giving sanction to a \$225,000 bond issue, voter last month by Mackinac Island residents, for the purpose of preserving such shrines as the John Jacob Astor house, restoring colonial atmosphere to the business section, and creating new parks and bathing beaches.

McPherson State Bank

Over Sixty-Eight Years of Safe Banking

1941 FRONTIERS

Many recent films have carried us back to the robust days of the nineteenth century. The days following the Civil War when soldiers were paid in land grants in the West The days when new found resources in land, minerals, and oil were in their infancy.

Pictures like Union Pacific, Arizona, Western Union, Dodge City and many others recapture the hazardous existence of the time and project us into the middle of it.

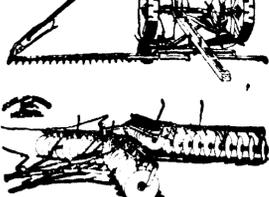

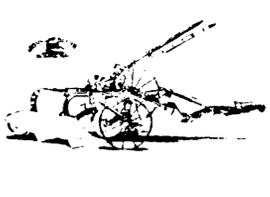

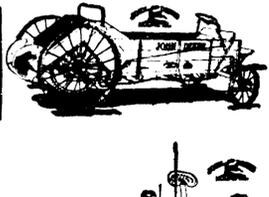

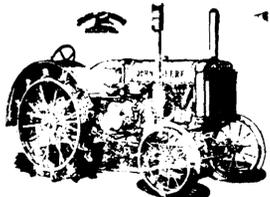

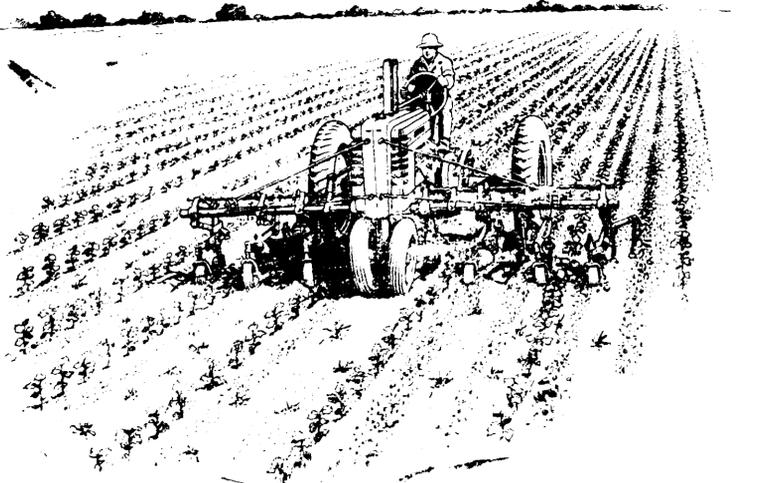

The Wild West Frontier is gone, but each of us faces a frontier of our own. Our ability to beat the other fellow on the draw, to establish our right to the respect of our fellow citizens, to create an estate by a perseverance no less indomitable than the heroes of yesteryear, can still be tested.

Our Bank is ready to prove that today's frontiers can be met. A Savings Account regularly added to will help to make its owner (in Western parlance) "top dog of the outfit". A bank account enables a man to feel that independence that is his rightful American heritage.

Money to loan at reasonable rates. Interest paid on Savings Banks and Time Certificates of Deposit.

All deposits up to \$5,000.00 insured by our membership in Federal Deposit Insurance Corporation.
