## Pinckney Team District Champs

Defeats Horton 25-18 and Cement City 27-23 to Take District Championship in Class D at Napoleon

Pinckney high school basket ball team, for the second time in three years, won a district Class D basket ball title last week when they defeated Horton and Cement City in the tournament at Napoleon. Pinckney reversed their season's style of play in both games and were behind at the half in both contests which they won by staging big rallies in the second half and swamping their opponents.

As in the Horton contest they got away badly in the Cement City game and after baskets by Kuhn and Reynolds, Cement City came back strong by scoring 16 points to 8 for Pinckney in the first half. Cement City's attack was led by Snell, veteran guard, who scored 11 of their first 16 points by dropping long shots in from the middle of the floor with regularity. Pinckney found the Cement City defense easy but found great difficulty in dropping the ball in the basket.

In the second half, Pinckney bottled up Snell and he also was apparently winded by his efforts in the first half. Cement City got only 7 points while Kuhn and Reynolds shot field goal after field goal, giving Kuhn a total of 12 points and Reynolds 10. The Cement City offense was built around Snell and with him powerless it collapsed. Pinckney could have had a much larger margin if they had not failed on so many free throws.

Field goals: Kuhn 5, Reynolds 5, Ludtke 1, Palmer 1, Snell 5, Johns 1, Pelham 2, Foul goals: Kuhn 2, Palmer 1, Snell 4, Pelham 3, Foul: Pinckney 15, Cement City 15.

Referee: Mason, Umpire: Ogden. Pinckney high school got into the finals of the district basket ball tournament at Napoleon last week when they defeated Horton in their first game, 25 to 18. Pinckney did not look impressive at the start and trailed Horton 12 to 11 at the half. They were getting numerous shots at the basket but failing to make them.

In the third quarter they finally got going and with Max Reynolds leading the assault, outscored Horton 7 to 2 and held this advantage by outscoring their opponents in the last period, 7 to 4. Max Reynolds led the scorers with 13 points, Palmer got 5, Kuhn 4, and Ludtke 3. Pinckney, in this contest, missed 9 free throws.

### CIVILIAN DEFENSE

All persons over fourteen years of age are asked to register next Saturday, March 14th at the Town Hall for civilian defense.

The Hall will be open from 12 o'clock, noon until 6 p.m. All naturalized citizens please bring naturalization papers.

Committee of Local Volunteer Defense Council

Mrs. Alta Meyer, Chairman

### SUGAR RATIONING DELAYED

It is probable that the sugar rationing plan will be delayed as the sugar rationing stamps are not yet printed.

County School Commissioner McCallum has been asked to find out the population of each school district as this is wanted in order to find out how many stamps to send each district where the people will register for their sugar ration cards. Each person will be allowed from 8 to 12 ounces per week.

## Local Interest War News

The Shifting and Transferring of Soldiers to New Points Increases. New Enlistments Reported.

Charles Schmidt, a former teacher in the Pinckney school, has been given a leave of absence from South Haven high school and enlisted in the ordnance service of the war department. Monday, he entered the university at Ann Arbor for training after which he will become an inspector of material at defense plants.

Privates Stanley Fredrickson, Arthur Lockwood and Chester Clark of Howell, and Edward Brimley, of Webberville have left their army units on the West Coast to enter foreign service.

The draft boards held a special meeting Monday to assign numbers to the last bunch of draftees, who registered. The draftees will not be sent their numbers but they will be posted in the draft board room.

Willard Widmayer, who enlisted in the navy in December, and was sent to the naval pier, Chicago, then to Bremerton, Wash., is now in Alaska, according to word received by his parents, Mr. and Mrs. Herman Widmayer.

We are sending the Dispatch to practically all of the boys from this section who are in the service. If their parents would keep us notified of their changes of address it would help in their receiving their mail promptly.

If anyone has the present address of Burdith Clawson, we would be very much obliged if they would send it to us. He enlisted in the navy last fall.

Charles Updike has been inducted into the army and is stationed at Fort Sill, Oklahoma. His wife was formerly Madge Jack, one of the Jack twins.

W. C. Miller received a letter from William (Red) Dillon, stating that he is stationed at Quincy, Mass. 40 miles from Camp Devins.

Lucius Wilson Jr., has been transferred from Fort Banks, Mass., to the officer's training school, Fort Andrews, Mass. He is a corporal.

Mrs. Edna Spears has received a letter from John O'Driscoll, who formerly stayed at her home, stating that he is now in the U. S. Marines and is stationed at San Diego California.

Clifford Howlett, son of Mrs. Christine Howlett, of Gregory, has enlisted in the United States Air Corps and expects to leave for duty soon. This gives Gregory its fifth brother combination in the service. The other brothers are the Gilmore boys, the Hackenberg boys, the Barbour boys, and the Young boys.

Mr. and Mrs. Loraine (Bill) Brown are visiting relatives in Gregory and vicinity. He is stationed on the U.S.S. Vixen at New York harbor and was recently married.

Word received from Doni Spears was that he was to be transferred from Camp Custer today to an unnamed destination.

### SCHOOL CARD PARTY

The card party for the benefit of the new school kitchen will be held in the new school gym Friday night, March 13. 30 ladies have agreed to furnish a table, cards, and enough food for four people. The school will furnish coffee. All kinds of card games will be played and prizes given for same. Checkers will also be available for those who prefer that game. Everybody is invited to come out and help this new school project. Anyone who wishes to donate vegetables or any other article of food will be able to do so at this time.

### ARE REPORTED MISSING

Anxiety is felt for the safety of Mr. and Mrs. Glendon Swarthout, of Lowell, who left this country four weeks ago on a tramp steamer for Central and South America and have not been heard of since. The Swarthouts were under contract to write syndicated articles for a number of papers and also had radio engagements. Glendon Swarthout is a son of Fred and Lila Chubb Swarthout, former Pinckney residents, and a grandson of Mr. and Mrs. S. F. Swarthout. It is feared the boat in which they were may have been the victim of a Nazi submarine.

### OUR DEMOCRACY

#### SQUIRREL GUNS AND MACHINES

WE HAD GOOD NATURAL SOLDIERS THEN, FOR OUR MEN HAD HANDLED RIFLES AND HORSES SINCE THEY WERE BOYS.

AND NOW, WITH A MOTOR CAR TO EVERY 4 PERSONS WE HAVE MEN ADAPTED TO THE FUNDAMENTALS OF MECHANIZED DEFENSE.

### JOHN HASSENCAHL

John Hassencahl was born October 15, 1872, in Sharon township, Washtenaw county, and after an illness of several months, departed this life March 6th, 1942.

He was united in marriage to Etta Bullis. To this union were born 3 children, Francis L. and J. C., who preceded him in death. Surviving are his wife and one son, Arthur, six grandchildren, one brother and two sisters.

As a young man he took up farming as his vocation, spending nearly his entire life at this work he loved, finding it pleasure as well as occupation until failing health caused him to cast aside his burden and to seek rest.

Funeral services were held Sunday afternoon at the Swarthout Funeral Home, Rev. J. M. McLucas officiating. Interment was in Pinckney cemetery.

## Mich. Mirror State News

The War Continues to Overshadow All Political Topics in Michigan and is First in Public Interest.

Life is going on just the same in Michigan. People still eat, drink, wear clothes, and carry on their daily existence as nearly as possible to former habits.

And yet, life today in Michigan and cities and towns is vastly different than what it was just 95 days ago.

Many changes have taken place since Pearl Harbor.

More changes are coming, inevitably, like spring, summer and fall.

Michigan is awakening to the realities of 1942. Most of these realities are not pleasant. Some may be blessings in disguise.

Since Pearl Harbor, just 95 days ago, we Americans have been moving at a faster pace than at any time in 166 years. History has been in the run. And we have been hurrying to keep up with it.

Gone is the illusion of isolation. Vanishing by degrees are illusions that we cannot lose the war, that we are invulnerable against attack, that we will fight best when we are optimistic, that we can beat the Axis in a 40-hour week, that we can win somehow without using our best men in government regardless of party, that lease-lend of arms will suffice without American men to man them, that the war can be won by defense instead of offense.

We realize that we now face our greatest crisis in 166 years - probably in the next six to eight months.

Gone is the illusion that Michigan and Michigan have little in common.

Who thought, prior to Pearl Harbor, that automobiles and rubber tires would be rationed within 95 days? What had South Sea Islands to do with the American way of life anyway?

It all seemed far-fetched, didn't it?

And yet we know that we must

### CIRCUIT COURT NEWS

Judge Collins held court two days last week. The case against John Albert Henderson was changed to reckless driving and he was fined \$70 and \$86.05 costs.

Mrs. Madeline Phillips, who pled guilty to holding her 5-year-old son against a hot stove and burning him in a moment of anger, was fined \$15 and placed on probation for a year.

The suit of the Northwestern Fire Insurance Co., vs. Fred Patten was settled.

Mary Elizabeth Lavan, minor, by next friend, was given a default judgment against Henry Berglund for damages sustained in an auto accident. The Citizens Mutual Auto Ins. Co. with which Berglund was insured, offered no defense, claiming that the policy had been cancelled previous to the accident.

The suits of Gus Kussman vs. George and Jessie Lynn and the suit of the Service Lumber Co. vs. George Lynn were settled.

A decree was given in the Hayworth mortgage foreclosure suit. No jury is called this week but a number of cases are listed for trial. Among them are the suits of Mary Lamb vs. the Great Northern Life Insurance Co., The company refuses to pay a policy on Mrs. Lamb's late husband, claiming misrepresentation.

The suit of Ross vs. Hendren and Miles Birdsell vs. Alma Mack and the partition suit of Sarah vs. Bruce Blake is also to be tried.

The suit of Jack Sweeney vs. Dorr Hartman will be tried at this term. Hartman, the Brighton night police officer, shot Sweeney when he resisted arrest and Sweeney says he was injured permanently.

Leon Henderson gives little hope that the tire stringency will be lifted in the near future or that any rubber substitute can be produced or obtained in the next three years. If his predictions come true, by 1945 the auto will have pretty much disappeared from the nation's highways.

Sunday guests at the Tiplady home were Mr. and Mrs. W. J. Tiplady, of Ann-Arbor.

## CURRENT COMMENT

As the war continues it will continue to pinch more and more. The war board announced that all sales of new and used typewriters had been frozen and that shortly they will be rationed only for essential use. No more typewriters will be made, as the industry is being converted over into war production. Undoubtedly, many branches of business will disappear entirely. Up to date, the auto sales rooms and those contributing to their business have been the hardest hit but others are also in line to feel the war pinch. A person who recently made an auto trip to the southland and back was astonished by the greatly increasing number of vacant business places in every town and city he passed through.

Another contingent of United States soldiers landed in Ireland last week. This does not mean that any conquest of Ireland looms, but that these troops are being sent there to form part of the force that will invade the European continent and lock horns with Hitler in the near future. England is too crowded to house them, with some 4,000,000 troops already stationed there. Some doubt that an invasion of Europe is very far off. Many troops have been moved to seaports recently and are all ready for the hop-off across the Atlantic. In the meantime, the restrictions on induction have been tightened up. Heretofore, the draft boards had the privilege of giving an inductee a 30 day furlough to wind up his affairs after he had passed the army examination. Now, this extension can only be granted by the army. Married men are now beginning to be drafted in considerable numbers. So far, of course, it has been from couples without children or in cases in which the wife was employed.

The army is short of dentists and doctors and there have been rumors that these professional men will be drafted shortly. According to a bulletin, all doctors and dentists and veterinarians will be asked if they are willing to serve in the army. If they do not volunteer, it will be ascertained just how many of these men are needed in each community and then the surplus men in these professions will be called into the service. Livingston county has five doctors within draft limits.

Some weeks ago the Normandie, one of the biggest ships afloat, was destroyed by fire which was started by sparks from a welder's torch flying into inflammable material which was piled nearby. Loud was the outcry against sabotage or carelessness. There were many promises that it would not happen again. And yet at Howell the other night a factory, busy with war orders, caught fire and burned to the ground with a loss estimated from \$50,000 to \$100,000 and, of all things, the blaze started when sparks from a welder's torch flew into inflammable material. It did happen here.

The Livingston County Press remarks that the war emergency will prove a boom to the summer resorts near the industrial centers, such as Livingston county. The men in the war munitions factories will work long hours and constantly and will have no time for long vacation trips as in the past, and will be forced to patronize the nearby summer resorts.

The rent-freezing order by Leon Henderson will be administered by local administrations of cities. Henderson's order restored rents back to the level of a year ago. This caused a howl by landlords who had attempted to profiteer by boosting rents, due to the housing shortage. Their excuse was that during the depression their property was empty for months and years, then they had to drop rents way down in order to get tenants. Now they mean that when they get a chance to recoup their losses, the federal government comes in and steps on their toes. They should look around a bit and they will discover that they are only one of a large class who has had and will have their toes stepped upon.

Mr. and Mrs. Lucius Wilson spent last week in Detroit.

**NOTICE**  
Miss Esther Ewell, Director of Vocational Education in Michigan, will speak to our Sunday School teachers and officers Sunday, March 15th, at 4 p.m. in the church parlors. The Young People will serve a potluck lunch at 6 p.m. in the church dining rooms. At 7:30, Miss Ewell will speak to the young people, and the older people are invited to hear this young lady in the church auditorium. A large attendance is urged at our services during the Holy Season of Lent. Every one in the community is a debtor to the christian church. The influence of the church makes your life safe, and property valuable. What are you doing for the institution that is doing so much for your well-being in Pinckney? It has been proven without dispute that the church is the primary institution among all institutions without exception, which holds our present civilization together. Therefore, it is imperative for everyone who desires that we should enjoy our freedom, liberty and democracy to support the church with time, talent and money. — Rev. McClucas.

**Gregory**  
Miss Ardith Wright entertained about 35 friends from Stockbridge, Pinckney and Gregory at her home Saturday evening as a farewell party for Vincent Young Jr., who has enlisted in the Marine Corps and will report for duty March 16. **BASKETBALL NEWS**  
Supt. Wallace attended the drawing for the regional tournament at Adrian Tuesday afternoon. Pinckney drew a bye for Thursday. She will meet the A. E. Smith school, of Wyandotte at 8:30 p.m. on Friday night. Adrian is 50 miles from here.  
In the Walled Lake tournament, New Hudson won the Class D title by defeating Drayton Plains and Dublin. Manchester eliminated Chelsea, University High beat Dexter and then lost to St. Thomas, of Ann Arbor. Stockbridge lost to Leslie, Brighton was beaten by St. Mary's of Orchard Lake and Bath beat Webberville 33 to 30.  
An independent basket ball team composed of Coaches Hulce and leader, Jack Young, Marion Shirey, Lloyd Van Blaricum, Bill Baughn Stanley Zera will meet Dexter tonight in an independent basket ball tournament at Chelsea.  
Pinckney's previous class D title was won at Walled Lake in 1940. They were eliminated in the regionals at Lake Orion by St. Gertrude's of St. Clair Shores.  
Of the Pinckney team that won the district title at Walled Lake in 1940, only Max Reynolds is left in school. The starting lineup then was Bob Martin, c; Reynolds and Joe Lavey, forwards; Jack Young and Merlyn Lavey, guards.  
The class D teams in the Adrian tournament are A. E. Smith, of Wyandotte, Montgomery, Ida and Sand Creek.

**SOCIAL NOTES**  
The school enjoyed a chicken dinner Tuesday, the chicken being donated by Mr. and Mrs. W. H. Meyer Gravy and biscuits were served.  
Mrs. Ed Singer Sr., who has been the chef at the school kitchen since it started two weeks ago, has received notice from the WPA office at Flint that they have placed her on the payroll as cook at the Pinckney school and that she will be paid by the WPA.  
Miss Roberta McCarter of Springfield, Mo., has enrolled in the 11th grade at Pinckney high school. She is staying with her aunt, Mrs. Geyer in the Caldwell house.  
Beryl Amburgey spent the past week in Ann Arbor.

**NOTES ON THE GAME**  
These two victories put Pinckney in the regionals at Adrian this week.  
We wish to pay a little tribute to Don Jones, a member of the second team, playing his first year of high school basket ball. When Palmer went out on fouls in the third quarter, Jones replaced him and played a bang-up game. It was his crowning of Snell which apparently threw him off his stride.  
Paul Young also went out on fouls with but 30 seconds to go until the end of the game.  
Basket ball is popular in Pinckney about 150 fans accompanied the team to Napoleon Saturday night. The gross gate, we were told was \$250. The people here have supported the team well all year.  
The Pinckney cheer leaders were there 100 per cent and had much to do with the victory. In the Horton game they were missing a link, Pauline McClucas was absent and Jean Craft failed to arrive on account of six flat tires (the same tire) on her boy friend's car. This left Gloria Craft to do a solo act. She did her best but the volume was lacking.  
Among the more prominent members of the student body who attended were the Clark brothers and cousins, also Gus Ledwidge, L. D. Hains and Butch Aschenbrenner.  
**JUST GOSSIP**  
We hear that Doug goes south after school about every night. What is the attraction, Doug?  
Betty L., once a staunch supporter of the basket ball team, no longer is seen at the games. Is it because the team has no six-footers this year, Betty?  
Itch, also until recently a familiar part of the landscape at all basket ball games, has been missing at recent contests, especially since the girls' team ended its season. What's the matter, Earl? Fess up. And you said it with music at Christmas time too.  
Any one wanting to attain sudden popularity can attain same by offering to convey a bevy of high school co-eds to the Adrian tournament this week.

**ANNOUNCE ENGAGEMENT**  
Sheriff and Mrs. Louis Johnson of Allegan county, announce the engagement of their daughter, Pauline to Alger Harrison Lee, formerly of Lakeland, according to an article in last Sunday's Kalamazoo paper. The wedding will take place in August.  
Boots, Rubbers, Shoes, Clothing, Paint, Wall Paper, Apples, Potatoes Oranges, Grapes, Swann's store.

Martin Ritter, Jr., also in class 1A, has been called for examination Saturday.  
Helen Tiplady and brothers recently received a letter from their cousin, Sgt. John Bowler of the U.S. Marine Corps. At the time of this letter he was stationed at a camp in San Diego, Cal., teaching recruits. Since his enlistment in the Marine Corps in '38, John has travelled considerably. The battleship which he was on last summer, was in the midst of things at the time of the attack on Pearl Harbor. He and his Brother Vincent are former residents of Toledo, Ohio, and often visited here. For the past several years they have made their home in Colorado Springs, Colorado.

## How to keep your ELECTRIC SERVANTS longer!

TODAY "making things last longer" is both practical and patriotic. Here are some suggestions for prolonging the life of the helpful electric servants that save so much time and labor in your household. Nearly all these appliances have critical materials in some part of their construction... rubber, aluminum, nickel, chromium, copper, alloy steel. When you make appliances last longer by careful use, you are conserving materials vital for the war effort.

- (1) After using an appliance, don't disconnect it by pulling on the electric cord. Yanking on the cord shortens its life. Always take hold of the plug when disconnecting cord. Don't let cord touch hot appliances.
- (2) Never immerse any electric appliance in water.
- (3) Do not use a fork to remove toast from a toaster. Remove crumbs from your automatic toaster periodically.
- (4) Don't go away and leave your iron turned on—even to answer the phone or doorbell. Don't leave iron cord dangling so that it can be caught accidentally and the iron pulled to the floor.
- (5) Do not let large amounts of dirt collect in vacuum cleaner bag.
- (6) To protect the electric heating units and switches on appliances, avoid spilling food or fluids on them while cooking.
- (7) Do not let electric percolators, teakettles, etc. boil dry. Do not completely drain them while they are still hot.

day of any regular or special election or primary election, receive for registration the name of a legal voter in said township not already registered who may Apply to Me Personally for such Registration. Provided, however, that I can receive no names for registration during the time intervening between the Twentieth Day before any regular, special, or official primary election and the day of such election.

Notice is hereby given that I will be at my home, Pinckney, Michigan, Tuesday, February 17th, 1942 the twentieth day preceding and election, as provided by Sec. 2767, Michigan Election Laws, from 8 o'clock a. m. until 8 o'clock p. m. on each said day for the purpose of REVIEWING the REGISTRATION and REGISTERING such of the qualified electors in said TOWNSHIP as SHALL PROPERLY apply herefor.

In any township in which the clerk does not maintain regular daily office hours, the township board of such township may require that the clerk of such township shall be at his office or other designated place for the purpose of receiving applications for registration, on such other days he shall designate prior to the last day for registration, not exceeding ten days in all.

Notice is hereby further given that I will be at my home Friday, March 13, 1942, from 8 o'clock a. m. to 8 o'clock p. m.; Saturday, March 14, 1942, from 8 o'clock a. m. to 8 o'clock p. m.; Tuesday, Feb. 17, 1942, from 8 o'clock a. m. to 8 o'clock p. m.

Notice -- New Law  
Tuesday, March 17, is Last Day for General Registration by Personal Application for Said Election.

The name of no person but an ACTUAL resident of the township at the time of said registration, and entitled under the Constitution, if remaining such resident, to vote at the next election, shall be entered in the registration book.

NOTICE: Absent Voter Must be Although Sec. 2774, Laws Relating to Elections, Revision of 1939, still provides that an absent voter may apply for registration at time of applying for ballot, and gives form of Affidavit he should make, Act 63 of P. A. 1939 stipulates that an absent voter's application for ballots he must state that he is a "duly qualified and REGISTERED elector."

Opinion of the Attorney General is that Acts 66 and 63 "must be construed to repeal the inconsistent provision of Sec. 2774 permitting absentee registration AT THE TIME of making application for an absentee voter's ballot."

Thus the Absent Voter's application and affidavit for registration are useful only in cases where voter may mail these in, then make application for ballots later, after registry has been completed.

The portion of application shown herewith enclosed in brackets should be crossed out when applying for registration.

### CONGRESSIONAL NEWS LETTER

Hon. W. W. Blackney  
Censorship and News

As time marches on it appears that there is a never increasing tendency toward more censorship as to what is truly taking place in our war effort. Seldom have the Congress and the country been so aroused over any measure as they have over what is now known as the "Biddle Censorship Bill." So intense has been the public reaction against obviously subtle attempt to put a muzzle on a free radio, a free press, and all sources of governmental information that the Attorney General now disclaims that he read the bill before he sent it up to the Hill for consideration. Attorney General Biddle insists that the bill was aimed only to protect the government from its own employees and others who might divulge the contents of confi-

dential documents. This may have been the intention of the Department of Justice, but the effect of this bill would be, as several columnists who are not hostile to the Administration point out, an invitation to tyranny in that it would install a censorship such as has not been dreamed of before.

The Bureau of Industrial Conservation and Agriculture Department are setting up a "directory" of every automobile graveyard in the country, including the name of its owner or operator and the approximate number of cars on each lot. Following the inventory, offers will be made to purchase all these cars that are located within a reasonable distance of metal consumers. If after fair bids are offered, there is a refusal to sell to the government any of these scrap piles, the government may requisition the graveyard's entire contents.

Overtime Pay  
At last official reports, there was 1,445,000 on the payrolls of the executive civilian branch of Government.

Of this number 650,000, exclusive of the postal service, receive pay for overtime services. In addition, 300,000 in the postal service also are paid for time in excess of 40 hours each week. This means that of a total of 1,545,000 on the rolls, 950,000, or 61 per cent, are paid for the time they put into the job.

Many observers in Washington state that this is as it should be. To quote a Cabinet officer, "Wars are never cheap." Wars are won with morale in the service of supply as well as on the front lines. There

agitation to increase the pay for the men in uniform. A more commendable thing we cannot imagine. Our boys in service are certainly entitled to an increase in pay, not only based on the arduous nature of their work, but because of fair play,

### Small Business

The special House Committee, studying the problems of the small business man, is still busy holding hearings. Every effort is being made to hear those who might have something to contribute toward a solution of the difficulties in which the so-called newly created "forgotten man" finds himself. Thousands upon thousands of these individuals are fighting for life with their backs to the wall. Many face disaster and ruin. While more and more of our larger plants are rapidly being transferred into war production, the small business man finds it hard to find a sub contract which will keep his business going. To permit the destruction of small business as a whole will, in effect, ruin our entire economic system. Some plan whereby big business turns out the necessary war goods and thereby permitting all small business to remain active through supplying goods for civilian consumption, appears to be one of the approaches to the problem.

### New Proposed "Hidden Taxes"

Following are the new and increased excise or "hidden" taxes which Secretary Morgenthau of the Treasury proposed to Congress recently to be levied on special commodities as part of its \$7,610,000,000 new revenue program.

	Present Tax	Proposed Tax	Expected Revenue
Soft drinks	none	1c per bottle	\$146,900,000
Candy, chewing gum	none	15 per cent	45,300,000
Distilled spirits	\$4 per gal.	\$6 per gal.	279,700,000

MICHIGAN MIRROR NEWS

make our present family automobile do for many years to come - two, three, five and possibly ten!

When present automobile tires are gone, many of them cannot be replaced. And this realization, too, in 96 days.

One immediate effect of Malaya on Michigan is a reverse in the trend of mobile shopping, a return of trade to hundreds of Main Streets.

Automobile and good roads made Michigan a land of gasoline go-getters. We thought nothing of traveling 10 to 50 miles, or even more, to the nearest large city - shopping in the morning, having lunch, enjoying a movie and hurrying home in time for evening dinner.

Retail trends for luxury goods have been toward larger centers at the expense of small towns. One exception has been the large metropolitan center - those over 500,000 population - where population and trading trends have been in the direction of decentralization.

Michigan Main Street, which had steadily prospered during the 1930-40 decade, has an opportunity in 1942. Here is one of the unforeseen blessings in the war adjustments now fast unfolding.

Although signs were available in 1941 of coming events, who among us was convinced that we must do without - even in 1942 - such commonplace commodities as refrigerators, washing machines, stokers, and radios and girdles? The mechanical nature of modern warfare, plus the plain fact that we are five years behind the Germans in converting our industrial plants for war production, is bringing revolutionary upsets in our easy-going mode of living.

In 95 days we learn that democracy must become dictatorial to save itself from dictatorship, that we must deprive ourselves of freedoms so that we can save them, that a dozen expeditionary forces and our home units will require upwards of ten million men by 1944, that tens of thousands of women must replace men in war plants everywhere. What a change?

The prospect of outright shortages in many lines of civilian goods has brought on a wave of hoarding. January retail sales were far ahead of January, 1941.

Economists tell us that the national income for 1942 will be approximately 102 billions, taxes and savings, 22 billions, leaving 80 billions to be spent. Yet the production of civilian goods, because of war priorities, will decline to 65 billions.

Here comes the pinch; 15 billions looking for a market that doesn't exist! MORE BUYING POWER vs. fewer things to buy. That's the making of inflation.

Five dollar silk shirts absorbed some of the World War dollars. Railroad and bus transportation may combine to save Michigan's vacation land from a war time depression. Certainly, we Americans are going to spend more money for relaxation in 1942 than we did in 1941, surprising as this may sound. It will be the normal reaction to war nerves, and a healthful prescription to take.

The home-town merchant who makes the grade in this critical period of fast-made adjustments will be the merchant who keeps his head and uses it, too.

Positive thinking, not negative thinking, is needed today. All thinking must be subjected to one paramount objective: Winning the war.

War is a temporary interruption to the normal way of life, a call for common sacrifices to be made willingly and cheerfully.

All this in 95 days. We're taking it on the chin now. Soon we're going to be giving it blow for blow, sacrifice for sacrifice to Adolph, Bruno, and Charlie Hirohito.

We peace-loving Americans are getting mad.

**W. J. DANCER**  
W. J. Dancer, 84, president and founder of the Stockbridge State bank, died Saturday afternoon. He was born Jan. 9, 1858, in Lima township, Washtenaw county, and moved to Stockbridge in 1886, since which time he had been proprietor of a general merchandise store. He was president of the school board forty years, a member of the F. and A. M. lodge 62 years and a member of the Presbyterian church. He is survived by one daughter, Mrs. Dora Hall, and four sons, Gurn, Herbert, Paul and Robert, all of Stockbridge. Funeral was Tuesday.

John Chambers, daughter, Hazel, and son, Clifford, and Mrs. Henry Johnson, were in Ann Arbor Thursday.

Your prayers are requested for the anniversary of Bessie and Thomas Brennan, the months mind for the late Rev. Fr. Martin Higgins, whose funeral was recently held at Detroit. Monday of this week commemoration was made in the Holy Mass for the late George Clark, requested by Mrs. Anna Clark, and the late Mrs. Theresa McCluskey, requested by the John Ledwidge family. All Wednesdays and Fridays of Lent are fast and abstinence days.

There will be a St. Patrick's party Tuesday, March 17, at the Gregory Town Hall at 8 o'clock. There will be games and luncheon, followed by folk songs and dance. The following are requested to assist on the committee: Charles Clark, Ben Pietras, Frank Bowers, Edward Spears, Jr., Lucius Doyle, Francis McCluskey, Harry Murphy, Gorman Kelly; on the western division: Chairman, Clyde McCleer, Thomas and Leo Gibney, J. Ackerman, Joe McCleer, Thomas Anderson, Walter Kaiser, John Dorohue, Robert Johnson, Loy McCleer, Michael Roche, Ray Lavey.

Afternoon and evening, March 22 the famous and well-known motion picture, "The Eternal Gift" will be shown at St. Joseph's hall, in Howell. This parish will derive a profit for each ticket sold. The cost will be announced Sunday.

The Bunker Hill parish invites you to attend its St. Patrick's party and dinner next Sunday.

May the sweet Holy Ghost console you in the realization that God's love constitutes our essential happiness. I am indeed a busy man - better say that I would be if I were to fulfill all the duties that gather on my door step. Nevertheless, I am always glad to hear from my friends and consoled when they understand the limitations that must inevitably befall us in the demonstration of our friendships. Yet this infinite limitation furnishes another reason for the turning of our souls to the infinite love and friendship for which and by reason of which we were created. All the troubles that now blanket the world in woe owe their ultimate origin to the forgetfulness on the part of the creature of this essential priority of divine love in the business of life. Consequently, our unique hope of regaining peace, of rebuilding a civilized world, by which I mean a world governed by the dictates of reason, rests not in a fuller knowledge of creation, but in a deeper and more universal conception of God and His love as revealed to us in Christ and His Holy Church. May you also find likewise, in the perfect love of Jesus the answer for the wounding your heart has found on earth.

## REV. JOHN A. KLICH

Rev. John A. Klich, pastor of St. Alphonsius parish, Dearborn, for the past 19 years, died at Mt. Carmel Hospital, Detroit, Sunday, after a three-week illness. He was 58 years old. The funeral was held at Dearborn today, Bishop Mooney presiding.

Some 30 years ago, Rev. Klich was the best semi-pro pitcher in the state. He pitched for Assumption College and numerous other teams in the summer, among whom were Manchester, South Lyon and Dexter. We recall one game he pitched at the Dexter Labor day picnic in which he agreed to strike out 14 men or pitch for nothing. He struck out 15. Ernest Elsasser now proprietor of the Gregory Tavern, was the Dexter manager who made the bargain with him. Mike Roche and Leo Lavey, of Pinckney have both played against him. He refused many professional offers to enter the priesthood.

WASHINGTON AND LINCOLN

Since our earliest understanding the names Washington and Lincoln have spelled Americanism. Those names have been two beacons by which we could judge ourselves, our living, our political philosophy.

Time changes many things, but time did not change Lincoln's views of the course set our nation by Washington. Nor should time change that course now. Washington fought to secure our unity, Lincoln fought to maintain it.

We are at war once again, assuming a task so big that few of us can comprehend its scope. We do recognize and understand what free speech means, what freedom of assembly means, what freedom of religion means, what the remainder of the Bill of Rights guarantees each American Citizen through the Constitution. These things are bred in us.

We have fought those who challenged these rights before. We are fighting again. We will win the fight with guns, with hard work, and with our savings.
