News of Our Boys Who Are Serving in Their Country's Army and Navy

Private Russell Glover was graduated from the Air Corps Technical School at Keesler Field, Mississippi, last week after taking a 19-week course. He is now an airplane mechanic on the line.

The next draft call is set for Thursday, May 7, at which time 40 boys are called from Livingston County. Those from Putnam are Marshall Meabon, Bert Wylie, Albert Gardner, Maynard Dixon and Dan Young. Among those called from Howell is James Deal, whose wife was formerly Miss Betty Devereaux, formerly of Pinckney.

Reginald Hinchey has been given six months' deferment by the Washenaw county draft board on account of farm work.

Harold Doody, formerly of Pinckney and recently of Bay City, has enlisted in a hospital unit, according to his cousin, Edward Spears Jr. and was inducted into service last week.

Victor Szymanski writes us that he has been transferred from Fort Leonard Wood, Mo., to Camp Polk, La. Lloyd Hendee and Ted Adesh also have a new address, having been transferred from Camp McCoy, Wis., to Baltimore, Md., where there are on duty at the Martin bomber plant.

Harold Haig, 22, son of Mr. and Mrs. Henry Haig, who have a large cottage at Patterson Lake, was brought back to Detroit last week for burial. He was with the U. S. Marines at Parris Island, S. C. and was killed in an auto accident on his day off. Surviving are his parents, a sister, Pauline, and a brother, Henry, Jr.

Francis Krupa has been transferred from Camp Lewis, Wash., to the medical corp at Los Angeles, Cal.

Ralph Graham, who lives with Rev. Francis Murphy, received a letter last week from his brother, Robert, who is in Australia with the American army. He says the boys are treated very nicely there, the food is good and plenty of it. The letter was postmarked Melbourne, Australia.

A letter from Leo Bettes, of Fort Bragg, N. C. states he is in the radio and signal corp and will soon graduate there.

SUGAR RATIONING

All consumers, whether or not they have surplus stock of sugar, should register on May 4, 5, 6, or 7 for War Ration Book No. 1. Locally, residents of Putnam District No. 1 will register at the high school between the hours of 3:00 and 9:00 p.m. on any of the above days. Local teachers and volunteers have been asked to act as registrars.

Many people are under the false impression that they do not need to register if they have more than the 6 pounds of sugar per person or hand because these same Ration Books are to be used for possible later rationing of other articles. Those failing to register will encounter some later inconvenience in securing later Ration Books.

One person from each family unit should register for the family. The following statements answer questions most often asked:

1. A family unit in one family related by blood or adoption, living as one family.

2. Adult sisters, brothers, hired men, hired girls, etc., are not members of the family unit and must secure their own ration books.

3. Invalid and aged persons may have another secure their ration book for them.

4. Children over 18 years, attending college are not registered locally but must get their own ration card where they are living; if under 18 they may be registered locally.

5. Two pounds per person is allowed without loss of stamps. For each pound over two, one stamp will be detached. If more than four stamps are to be detached, no Ration Book will be issued.

NOTICE

Pinckney circle Kings Daughters will hold their Mother and Daughter banquet Thursday, May 14, at the Com. Cong'l church parlors. Tickets 50 cents. Please make reservations early.

OUR DEMOCRACY—by Mat

THE FAMILY UNIT IS THE OPERATIONS BASE OF AMERICAN LIFE.

DOWN THROUGH THE AGES MEN HAVE FOUGHT AND DIED TO PROTECT THEIR HOMES; MEN AND WOMEN HAVE WORKED LONG AND HARD TO PROVIDE FOR THEIR FAMILIES— TO GIVE THEM LOVING CARE, WITH FOOD, CLOTHES, MEDICAL ATTENTION, EDUCATION, THE SECURITY OF LIFE INSURANCE, RECREATION AND ALL THAT GOES TO MAKE A HOME.

FOR ALL THIS OUR FOREFATHERS HAVE FOUGHT BEFORE AND FOR ALL THIS WE FIGHT AGAIN TODAY.

Big Defense Meeting Thur.

Big Defense Rally to Be Held at Pinckney High School Auditorium on Thursday Night, May 7th

A big defense rally will be held in the auditorium of the Pinckney high school on Thursday evening, May 7, starting at 8:15 p.m. Rev. John M. McClucas, who has been appointed chairman for this township, will preside. Thomas Fawcett, Howell, county chairman, will also be present. The speakers will be Lucius Wilson Sr., Supt. E. L. Hulce and Supervisor Frank Bowers. Mr. Hulce will talk on the school's work to aid the defense effort and Mr. Bowers on the part taken by the township and board of supervisors.

There will be special music and other features. The entire community is invited to attend and help to get the defense move going at full speed. The defense meeting at Howell high school auditorium Monday night drew a packed hall, over 300 being present.

The drive for the sale of defense bonds and stamps will also be explained. If this drive does not go over successfully, it will undoubtedly be necessary to enact a heavy federal sales tax to meet rising war costs. However, remembering the old Liberty Bond drives of the first world war and the way they went over the top, there is absolutely no reason why the defense bond drive cannot go over in the same manner.

Mr. T. J. Fawcett was appointed chairman by the federal government and not by county or state authorities.

CHARLES W. BROWN

Charles W. Brown, 74 died suddenly at his home east of town, Tuesday morning. Surviving are 3 sons, Curtis and Carter, of Pinckney and Edwin of Battle Creek. Also a sister, Mrs. Alice Schoenhals of Howell. His wife, Amelia Goodspeed Brown, died a number of years ago.

The funeral will be held Friday afternoon from the Pinckney Congregational church, Rev. McClucas officiating. Burial will be in Placeway cemetery.

Francis Shehan attended a 4-H Service Leaders Club meeting at Waldenwoods, near Hartland, last Wednesday night at which the Livingston and Genesee county leaders were entertained.

Strict Rationing and Price Control to Be the Order of the Near Future

"These are times that try men's souls".

The above seven words, which logically fit into Michigan life of May, 1942, were written by Tom Paine in "The Crisis". The year was 1776.

Michigan life at this moment is a fast moving panorama. Rapidly fading away are "business as usual" practices. For example, nearly all durable goods will cease to be manufactured by the end of the month.

Rationing and price control have been instituted, almost overnight. Citizenry is being regimented for all-out war sacrifice. It is the period of economic dictatorship, democracy's answer to the threat of dictators and convincing proof of America's awareness of its world-wide "war of survival."

Starting Monday, May 18, prices of important consumption goods such as meat, canned goods, clothing and drugs, will be pegged at their highest.

In terms of cents, the price control decree is expected to reduce living costs about 3 per cent below the prices prevalent on May 1. Retailers must post public lists of ceiling prices.

On July 1 price control will affect retail services such as garages, tailors, laundries, dry cleaners and shoe repair shops, also as of March prices.

All retailers will be licensed by Uncle Sam. Violations may be punished by withdrawal of federal license or fines not more than \$5,000, or a year's imprisonment or civil suits for treble damages. Talk about an economy in terms of human energy has been registered from economic dictatorship!

MRS. HONNORA KENNEDY

Mrs. Kennedy, wife of Patrick Kennedy, died Thursday, April 30 at the local hospital following a fall in her home some time ago which caused a fractured hip and later complications and pneumonia developed. Her entire life of 76 years was spent in Pinckney. She is survived by her husband, Patrick, and three sons, Lavern, and Francis, of Detroit and Irving, sheriff of Livingston county, and one daughter, Mrs. May Malloch of Pontiac. Also surviving are a sister, Mrs. C. Dyer of Lansing and a brother, William Doyle, of Howell and several nieces, nephews, grandsons and granddaughters of Howell, Pontiac, Jackson and Detroit. Mrs. Kennedy was very highly respected in the community. Few had more endeared themselves to others. A large concourse of neighbors, relatives and friends attended the funeral which was held from the home at nine o'clock Monday morning and at St. Mary's church at 9:30 a.m. Rev. J. Francis Murphy was celebrant of the Requiem High Mass and officiated at the burial services.

CURRENT COMMENT

"By Yo Editor"

The announcement by Harry F. Kelly, Republican candidate for governor, that he favors payment of a money bonus for all men and women engaged in the armed forces in the present war and the statement that 70 per cent of the Republican legislators are in favor of it, does not seem to have the united support of the press. The Detroit Free Press brands it an outright bid for votes and says such a bonus would mean an increase in state taxes. The Detroit News says the present armed forces are under the control of the federal government and such bonuses should be paid from federal funds. Others opine that the war should be won before any bonus legislation is considered and that it is merely a bid for the soldier vote as it is also coupled with the demand that wages be found for all soldiers to vote this fall. Undoubtedly when the war is over the returning soldiers will not only have enough power to pass a state bonus act but also a federal bonus as well. This happened following the last war and will undoubtedly happen when the present one ends. This will afford a convenient platform for many a politician to ride into office on.

Bugs Baer, who writes for the Hearst publications, says that "How the American bombers got to Tokyo", still remains a \$64 question. But, as the fact is that both the Allies and Axis have planes that can fly 7000 miles, this takes the isolationists for a one-way ride with the straw that broke the camel's back. Every day for the past several months the ranks of the people who did not believe that Detroit could be bombed is growing smaller and smaller. Pretty soon Congressman Hoffman and Gerald L. K. Smith may be the only ones left.

If the different draft boards could compile and print the excuses offered by those who seek to avoid serving in the armed forces they would have a joke book which would endure longer than that written by the late Joe Miller. A colored man recently pled guilty to draft evasion in New York State. He said he had joined one of Father Devine's heavens, been reborn in 1936, and had no recollections of events or dates previous to that.

Beginning May 18, next, ceilings will be put on 170 of the leading commodities offered for sale by the merchants. The ceiling will be the highest price received by each store for commodities during the month of March. Many articles in common use are on this list, including gas, oil, tobacco, coffee, meats, bread, toilet articles, etc. In a very few months it is possible that most of these articles will be rationed in the same manner as sugar. The reason is not so much because of a scarcity as that there is a lack of adequate transportation facilities. More and more the government is commanding the transportation facilities to move war materials, ammunition, supplies, soldiers, etc., with the consequence that other articles cannot be moved. On this account, an embargo will soon be placed on the transportation of coal for domestic use and all persons are urged to get their next winter's supply in now.

There seems to be some complaint owing to the fact that star athletes are given officers commissions in the army and coaching jobs, thus getting out of the drudgery of regular army life. We cannot see the point to this line of reasoning. The army has always had athletic programs. Now that they are able to get the best athletes in the world via the draft, why should they not make use of their ability as athletes in the sports in which these men are champions. At the present time the army has enough star athletes to battle on even terms with the best base ball and football teams in the land. Why should the soldier boys be refused a chance to see such games?

ATTACK! ATTACK! ATTACK!

America's attacking on both the fighting front and the home front today! We're giving the Axis a bitter taste of what's to come. We're fighting the inflationary 6th column that blows prices sky high here at home, too. And every one of us who saves at least 10% of his pay in War Bonds is an important soldier in the attack! Join the attack yourself!

SCHOOL NOTES

HEALTH DAY PROGRAM
The children of the grade rooms of the Pinckney school entertained their parents last Friday in the school gym at a one o'clock luncheon and program. Some 60 parents were present. Mrs. Singer presided in the kitchen as chef and the pupils served as helpers and waiters. The menu was similar to that the children receive each noon and included macaroni, prunes, pickles, rolls, honey, cookies, cabbage and cold tea.

The primary room put on a dance and song act. Mrs. Bennett's room put on a one-act playlet with Barbara Haines as the mother, Nan Ledwidge as the patient and Dick Schneider as the doctor. A drill number was included with the pupils carrying signs with the names of different parts of the body on which each gave a talk. Donald Clark proved that although he carried in his brains (sign) upside down, nevertheless his were functioning 100 per cent.

Mrs. Lobbell's room also put on a one-act playlet with Fanny Shirey and David Aberdeen playing the parents. They were supported by a large cast.

Miss Gloria Craft presided at the piano for all three numbers. This entertainment was to acquaint the parents with the workings of the school and to make them feel they are a part of it.

APPRECIATION
The Pinckney school wishes to express its appreciation to Rev. McClucas for his gift of copies of The National Geographic Magazine covering the years from 1934 to 1941. This will make quite a valuable addition to our library.

MOTION PICTURES
On Thursday afternoon at 2 o'clock the Pinckney School will invite mothers and home makers in this vicinity to attend a movie given in room 200 at the High School.

This film is titled "Meat and Romance". It depicts to the modern patriotic home maker the value of good meat and its economical preparation and serving.

This film is sent free of charge to

the school by the Castle film Co. of Chicago. There will be no admission charge and everyone is invited.

SUGAR RATIONING
Sugar rationing for consumers is being conducted at the School Auditorium this week on Monday, Tuesday and Wednesday between the hours of 4 and 6, and 7 and 9.

On Thursday the registration hours will be from 1 to 7:30. It was originally planned to have the hours on Thursday from 1 to 9, but the Bond rally scheduled for that evening has necessitated the change.

Several high school girls are assisting the teachers with the rationing. 92 people registered on Monday.

Consumers are asked to register as soon as possible thus to avoid the last minute rush.

BASE BALL NEWS
The base ball team came out of their losing streak last week when they won from Hartland there 9 to 7. Paul Young pitched. Ippolito hit two triples for Pinckney and Don Jones threw out a Hartland base runner at the plate from center field. Sparks, the Hartland pitcher hit a home run.

It was another story Tuesday however, when South Lyon whitewashed the Pinckney team 11 to 0. The southpaw pitcher for South Lyon had Pinckney handcuffed and averaged two strikeouts an inning. In the last inning four pinch hitters were sent in. Garth Meyer got a walk but the other three struck out. Paul Young, pitching for Pinckney was not hit hard but received very poor support from his infield.

HONOR PARTS
Bill Kuhn, son of Mr. and Mrs. Guy Kuhn, of Gregory, has been named valedictorian and Helen Reason, daughter of Mr. and Mrs. Marion Reason, has been named salutatorian of the senior class. Bill's average for his four year period was slightly better than 94, while Helen's four year average was just over 92.

Bill has been very active in sports and has participated in football, basket ball, and base ball for the past two seasons. He led the football and basket ball teams in scoring this year and at the present time is alternating at third base and pitcher on the base ball team.

He has appeared in both the junior and senior plays and is vice-president of the senior class.

After graduation, he would like to enter college and take a physical education course.

Helen has also been active in the field of sports. She has participated in basket ball for four years and was a member of the soft ball team her first year. At present she is president of the senior class and has served as vice president during her freshman and junior years. This year she was selected to receive the D.A.R. good citizenship medal. She also appeared in both junior and senior plays.

She plans to enroll in a school for nurses this fall.

We believe both of these students should be highly congratulated on their fine achievements and wish them both the same success in their future endeavors.

BANKS AND THE WAR
"FOOD FOR FREEDOM"
You'll hear more and more about the government's "Food for Freedom" program as the war progresses. It is a plan for assuring ample supplies of food to meet the needs of America and its allies in the war, and a large part of the world after the war. It is an undertaking of tremendous proportions, a challenge to American agriculture, and an opportunity for service to America's banks. Later in this series we will discuss this program and deal specifically with the ways that banks are helping make it a success.

Alfred and Samuel Davis, of Dexter, are building a cottage at Portage Lake.

The friends of Miss Katie Hoff of Anderson, gave her a party Saturday honoring her 14th birthday.

While out hunting in Isoco Wednesday the gun of Chas. Stowe burst injured his right hand.

ROBERT HENDERSON

Robert Henderson, 75, died in Ann Arbor last Wednesday. He was born in Scotland, but had lived here since childhood. Surviving are two half brothers Jas. Gregory, Webster, and Arthur, of Flint, and one half sister, Mrs. Harry Marshall of Dexter. The funeral was held at the Gorman Funeral Home, Saturday, at 2:00 p.m., Rev. Schenk officiating. Burial was in Forest Lawn cemetery.

The deceased was well known here as he made his home with the Hugh Clark family at Silver Lake for many years and later with the Clark sisters on the same farm. Before that he lived at Hudson Corners on the Northwest Territorial road.

Fred Wylie and family were Sunday dinner guests of Mr. and Mrs. James Wylie.

Sunday guests of Mr. and Mrs. Lou Stackable were Mr. and Mrs. John Cross Jr. and daughter, Miss Eda Colo, Mr. John Peasley, Miss Nan Ledwige and William Roche.

EATON FOR SENATOR

We have received petitions announcing the candidacy of Major Elton R. Eaton, editor of the Plymouth Mail for the Republican nomination for United States senator. The major is an arch foe of Frank McKay, of Grand Rapids and achieved considerable fame in 1938 when he was elected from the Republican state convention by the latter's orders. He is invariably a candidate for some office every election and has served a number of terms in the legislature.

Herbert Sneed sold the Claude Hinckley farm of 80 acres near Fowlerville to William Maynard of Detroit last week.

Mr. and Mrs. Herbert Sneed have rented the Tom Barron home in Howell and will move there from Portage Lake about May 18.

CONGRESSIONAL NEWS LETTER

Hon. W. W. Blackney

Prospective Sales Tax

The Ways and Means Committee ended their public hearing on the new tax bill on April 22. They expect to have the bill ready for presentation to Congress around June 1st. One of the recommendations that the committee expects to make is that of a general sales tax. No agreement has been reached as yet as to rates and other details. Most of the supports of this bill in the committee favor a retail sales tax with no exemptions, 5 per cent to 10 per cent higher for luxuries.

The present chances are that the committee may adopt the sales tax provision, although much opposition is being manifested toward it.

Mandatory Joint Returns

Another highly controversial proposal before the Ways and Means committee is that of mandatory joint returns. The present indication is that the committee will recommend mandatory joint returns, probably with a special earned income credit feature. However, it is fully expected that a n intense fight against the proposal will be made, and the House may finally reject it as they did a year ago.

No Steel for Airports

New airports being built under the war program will be compelled to use wood for their control tower. The WPH has ruled that no aluminum, copper, or steel can be used where wood can be made to answer.

New Lock Named for MacArthur

Along with all the streets, avenues, alleys, etc., being named for General MacArthur, the new lock, which is to increase by one-third the capacity of the Sault Ste. Marie Canal, will be named for him. The War Department has given its approval to a bill providing for this.

Synthetic Rubber in Competition with Natural Rubber

One of the two forms of synthetic rubber, Butyl, that is being developed in this country will greatly undersell raw rubber at the present time. It is anticipated that butyl rubber can be produced in this country at a price of between 6 and 8 cents per pound. Natural raw rubber was being delivered in the country at the end of 1941 at a price of about 22 cents per pound. Raw rubber, of course, can be produced at between 4 and 5 cents per pound apart from transportation costs.

It is likely that after the war we will thus have a real domestic source of rubber that will offer distinct competition for the growers of natural rubber in the Middle East.

Cost of Living

It has just been revealed by statistics from the Labor Department that the cost of living for a family of five was a little over \$1,540, and that the average wage today in war industries in this country is \$1,660. In other words, the war shippers are earning approximately \$100 more than the average cost of living.

Shipping

The War Shipping Administration has requisitioned all essential ocean going tankers and dry cargo vessels owned by American citizens. Under the requisitioning order the owners of vessels will become agents of the War Shipping Administration which will conduct all future operations.

Truck Tires

OPA is making available to long-distance buses and trucks emergency reserves of tires and tubes for quick replacement of blowouts. Effective April 22, a reserve equal to 10 per cent of the total running wheels on qualified vehicles is allowed in addition to spares already permitted. To qualify, a vehicle must be either operated by a state government or subject to I.C.C. regulations. It must be eligible under List T of the rationing regulations and have more than 52 per cent of its operating mileage on runs 50 miles or more from its nearest tire storage depot. If only part of the fleet qualifies, emergency certificates can be allotted for those vehicles. For small operators where the 10 per cent figure would give less than one tire, at least one emergency certificate will be allotted. If the reserve is greater than 10 per cent, no certificate will be issued until the stock is reduced below that level.

Taller and Heavier

Of interest is the fact just released by the War Department that an increase in both weight and stature distinguish the modern American soldier from the average citizen soldier who entered the army in 1917. In 1917 the average man entering the army was 67.49 inches in height, but the present soldier is 68.19 inches tall, which constitutes an increase of .7 of an inch. The

average weight of the 1917 soldier was 141.5 pounds, whereas the man entering the service today tips the scales at 151.3, an increase of 9.8 pounds.

It Can Be Done

Sometimes little things mean a lot! Recently the salvage-for-victory program started to help save waste paper has proven so successful that paper mills throughout the country are now able to meet current orders. Only a few months ago many of the country's paper mills were on the verge of shutting down completely because of a lack of waste paper. A small thing, some may say, but it proves the point that the American immediately responds through patriotism, when appealed to for help immediately responds through patriotic and unified action.

It Hurts, BUT Is It Rheumatism

THAT pain of yours may only FEEL like rheumatism, it is revealed in The American Weekly with this week's (May 10) issue of The Detroit Times, in an article in which Dr. Leonard Keene Hirschberg, the director-in-chief of the INSTITUTE for medical research, gives some advice about steering clear of quack doctors. Be sure to get Sunday's Detroit Times.

MARRIAGE LICENSES

The following marriage licenses were issued at the county clerk's office last week: Robert Finch, 24, Brighton, Mary Ann Brady, 21, Brighton; Frank Hicks, 19, Howell; Dorothy Bennett, 22, Howell; Glen Kingsley, 27, Pinckney; Thelma M. Bowman, 18, Marion.

Took a ship to heaven -- and lived to tell the tale. The traveler is a retired officer of the British Navy, and is convinced that he has a clear idea of what life after death is like. Read why in The American Weekly, the magazine distributed with next week's Sunday Chicago Herald-American.

Here's a little thing that will help a lot

It's a patriotic duty to help keep telephone lines clear so that important war messages will not be delayed. Even though your line may not be needed for war calls, a "traffic jam" of calls might tie up a central office, stopping emergency messages from getting through. And scarcity of war material makes it impossible for us to add to central office capacity as fully as we should like to do.

Keeping telephone conversations short will help. We suggest that you know beforehand what you want to say; speak distinctly so you won't have to repeat,

and do not hold the line merely to talk of trivial things.

In so far as material shortages permit, we shall continue to provide the best service possible, and we look forward to the day when we can meet all requests as in the past. But now, and for the duration, war needs come first.

KEEP THESE POINTS IN MIND

You can help vital war messages go through if you—

- Make telephone conversations short
- Avoid the busy hours 10 A. M. to 12; 2 to 4 P. M.
- Be certain you have the right number
- Answer promptly when your telephone rings

PINCKNEY SOFT BALL LEAGUE

In the soft ball league last week Lamb lost to Shehan 22 to 4 and Miller beat Gallup 14 to 9. The games were featured by hard hitting. Sequin, who pitched in the Howell league last year started for Lamb and his support was spotty. The batters also took kindly to his offerings. Don Swarouth pitched the last two innings.

Stanley Dinkel made his 1942 debut, pitching for Miller Wednesday. He was in good form and retired at the end of the 7th with a 10 to 6 lead. Hulce pitched two innings.

Home run hitters last week were K. Ledwidge 2, Reader, J. Lavey W. Lamb, R. Singer, M. Ledwidge. Hookie Battle, the Babe Ruth of other years played first for Gallup but couldn't get the ball out of the infield.

CONSERVATION NOTES

The dry season has rendered Michigan's forest fire situation acute. Already 9000 acres have been burned over, only 1400 acres less than was burned in the entire year of 1941. Five arrests have been made for violating the governor's ban for bidding smoking and open fires.

2500 gun permits have been issued since Feb. 1. Applications are still coming in at the rate of 1000 a day. Former owners of tax delinquent lands on which the state gets title on Monday May 4 at midnight will have 90 days instead of 30 to redeem them.

Last year the state tax sale resulted in the addition of 155000 acres of land and 10,653 parcels of platted property to the state's northern land ownership.

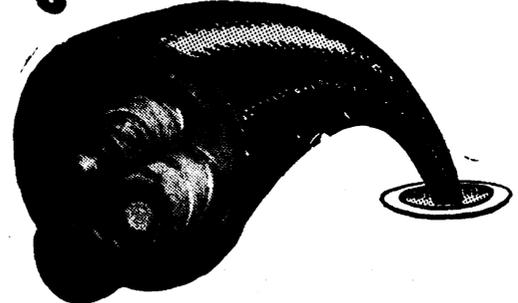

Mrs. and Mrs. Lucius Wilson and Mrs. Laura Howlett, of Howell, were Sunday guests of Dr. and Mrs. Norman Wilson in Jackson and helped Norman celebrate his birthday.

Mr. and Mrs. Elmer Pratt and Mr. and Mrs. Floyd Fallah of Coopersville, visited Mrs. Roy Reason last Wednesday and she accompanied them to Jackson to visit her sister, Mrs. Harley Vinton and family.

Callers at the home of Mr. and Mrs. William Shehan last week were Mr. and Mrs. A. M. Parent and Mr. and Mrs. Clarence Diehl, Danville. Mr. and Mrs. C. L. Cross, of Detroit were week end guests of Mr. and Mrs. C. E. Bucher.

ELECTRICITY AT 120,000 VOLTS
in a nitrogen

gas-filled cable

speeds underground for seven miles

Sending electricity at 120,000 volts through copper conductors in a gas-filled pipe sounds fantastic—but it is true. On December 31st of last year, The Detroit Edison Company placed in service the first high-voltage underground cable in the United States to use gas as a "cushion."

You can distribute electricity cheaper at high voltage than at low voltage. But in underground cable of this kind, provision must be made for heat expansion. A temperature rise in the copper conductor heats the insulation around the conductor and causes the whole cable to expand. Later when the cable cools, "pockets" may form in the insulation and a corona or electrical discharge may occur in the pockets, causing trouble. (Trouble at 120,000 volts can be trouble indeed! This is a thousand times the voltage of the electricity you use in your household.)

So the cable—consisting of three copper wire ropes about an inch in diameter, with half-an-inch of insulation—is enclosed in a gas-tight chamber seven miles long. This long steel pipe is filled with an inert gas—nitrogen—under pressure, which retards the expansion of the cable. Manholes to provide access to the line are built every quarter-mile. At six points in the line, "stop-joints" or mechanical barriers prevent the escape of all the nitrogen in the 7-mile pipe, in case of a bad leak.

Improvements and developments such as these—many of them pioneered by our engineering staff—help to bring you better electric service at lower cost. In the last twenty years, the average price per kilowatt-hour paid by our residential customers for electricity has dropped 46 per cent. The Detroit Edison Company.

PHILATHEA NOTES

Don't forget the Maytime business and social meeting of our group at Mrs. Buzzard's on next Wednesday afternoon, May 13, with pot luck as usual.

The King's Daughters are giving the Mothers and Daughters Baquet in the church parlors on Thursday, May 14, 1942. Mother's Day services will be held next Sunday, May 10. The S. S. lesson for this date is "Monday, the Day of Authority". Matthew 21:12-22

Our sympathy goes out to the family in the recent death of Mrs. P. Kennedy, of Pinckney.

No more pheasant eggs are available for distribution this year, the 19,000 having already been passed out to 4-H clubs and sportsmen's groups.

Michigan leads all states in hunting licenses sold, 40,000 more having been sold than in Pennsylvania. Because of lack of funds the captive moose at the Cushing game refuge have been transferred to city zoos. Of the last three moose, two went to the Munising zoo and one to Traverse City.

Mrs. Pearl Kirtland, son, Ellsworth, Mrs. R. Kelly and Mrs. T. Shehan were in Howell Wednesday. Mr. and Mrs. Brock Cole, of Detroit and Mrs. W. A. Haslam, of Windsor spent Sunday with Mrs. Anna Kennedy.

THE DETROIT BLACKOUT

Despite the optimism of the Detroit papers, a casual observer would class the Detroit blackout last Sunday night as a flop. In the first place the fact that all street lights, factories engaged in war work and radio station beacon lights were left on would render it a failure from the start. Also in the suburbs hundreds of lights could be seen according to airplane observers which would indicate poor work by many air raid wardens. Windsor, on the other hand, seems to have had a complete blackout in which not only street lights but all other lights were put out. We always understood that in such a blackout there were no exceptions and that the lights out signal meant that and nothing more. During the blackout police cars were allowed to cruise about with lights on.

Mrs. C. H. Kennedy and Rita were in Howell Saturday morning.

Mr. and Mrs. G. W. Goodson and children and Mrs. Collett Humrick of Detroit were supper guests of Mr. and Mrs. C. E. Bucher Sunday.

Week end guests of Mrs. James Roche were George Roche, of Fowlerville, A. M. Roche, of Lansing, Mrs. Russell West, of Ann Arbor, Mr. and Mrs. Gar McKillen and two sons, of Dexter and Mrs. and Mrs. Bob Ross and baby and Mrs. Ed Hopkins, of Jackson.

Continued from First Page THE MICHIGAN MIRROR

other governmental action, have brought a realization of the war into nearly every Michigan home.

Thursday, May 7, is the final day for citizens to register for war ration stamp cards. Sugar stamps Nos. 1 to 4 inclusive, will be good for purchase of one pound of sugar per individual each two weeks from May 5 to June 27.

Because sugar cane is needed to make molasses; molasses is used to make industrial alcohol, industrial alcohol is needed to make explosives. Explosives are needed to sink the axis, and the axis threatens our freedom, Michigan consumers must conserve sugar carefully - a small sacrifice but an important one.

Before you grumble about "bureaucracy" and "muddling in Washington" as the reasons why sugar must be rationed today, consider this additional reason:

The Japanese attack at Pearl Harbor and Manila resulted in stoppage of sugar supplies from the Philippines, while Hawaiian supplies became uncertain. Next, ships were needed to carry strategic war materials, and sugar is being shipped to our allies under the lend-lease plan. Ships which could carry sugar are critically needed to transport tanks and airplanes, for example, to the Russian front.

Just another reason why you will have only a pound of sugar during the next two weeks!

Food experts say we really don't need any sugar at all.

We do need the food energy that sugar gives us. And the same energy can be obtained from cereals, bread, potatoes, fats and other familiar starch foods, rich in carbohydrates.

Syrups and honey may be used instead of sugar in baking. Cakes can get along without frosting, and milk has its own sugar.

Corn, carrots and sweet potatoes are vegetables rich in their own sugar.

Custards and puddings need little sugar; salads practically no sugar.

And literally tons of sugar are wasted by Americans daily because they do not stir thoroughly their cup of coffee or tea!

Speaking of transportation, have you bought your winter supply of coal yet and have you joined an "auto club"?

The two things are not unrelated. Coal is shipped by railroad, and it accounts for one-fourth of the real traffic of the nation.

Michigan automobile plants, fast being converted to war production, are beginning to turn out an increasing amount of tanks and bombers and other machines of death. Furthermore, these finished machines require thousands of parts which, in turn, require transportation in thousands of freight cars.

By next fall and winter, two things will probably take place:

One is a critical congestion of railroad transportation, just as shipping today is faced with a critical shortage. Every ton of coal bought today for delivery this spring and summer will free railroad cars next fall and winter for rush shipments of tanks and guns and shells and will ease any threat of a coal shortage.

A plane for MacArthur's men, a tank to shove the Germans back to Berlin, a gun to blast the Japs out of Manila - will NOT be held up in order to ship coal for your home. Want to help MacArthur? Then order your coal TODAY!

Second coming event of transportation importance is an inevitable depletion of rubber tires. How long will present tires last? There's the rub.

Governor Murray D. Van Wagener has summoned mayors of some 30 leading cities of Michigan to consider adoption of the "Pontiac Plan" (explained in this column last week.)

Instead of the wasteful spectacle of four or five automobiles heading in the same direction at the same time, each with an empty back seat, one car might do the job. Traffic would be reduced, parking problems eased, many lives saved - all because the Japs seized rubber plantations in Malaya, 10,000 miles away.

"Drive slower and speed victory" may be another 1942 war slogan.

These are small sacrifices for us to make.

Michigan citizens are going to make them cheerfully and willingly. For we realize that the war can be won or lost on the home front, that in the doing of thousands of little things, not always in spectacular acts of bravery, will we on the home front make our contribution for victory.

Norbert Lavey, of Detroit, called upon his mother, Mrs. Jennie Lavey Saturday.

St. Mary's Notes

Commemoration and intentions during the past week in the Holy Mass were for the relatives and soul of the late Frank Eisele, intentions for the living requested by Mrs. Arthur McCleer and for the late Lucy Harris. Also for the late Honora Kennedy, requested by the Altar Society, on Friday a.m., and Saturday for the late Miss Lucy Harris, requested by Mrs. W. E. Murphy. Thursday morning with an intention for the soldiers and sailors in our country's service. You are urged to attend Holy Mass Thursday, which is Ascension Thursday, a Holy Day of Obligation, the Masses are at six and eight a.m. The month of May is dedicated to the Mother of God, in the daily recitation of the Litany of the Virgin Mary. Friday, May 8, is the Feast of St. Michael the Archangel. Saturday is the natal feast of the pastor of St. Mary's and the Feast of St. Gregory.

From the writings of the martyrs of the church, we read those of Theophane Venard, among whose works we read: "Happiness is to be found only in the home and in the domestic circle where God is loved and honored, where each one loves, and helps and cares for the other."

"Life well employed consists in this: a faithful correspondence to grace, and a good use of the talents given. There is no other religion than this, and the rule of life is the same for all. Since our Lord Jesus Christ became man, His divine manhood must take the lead in human affairs; for a people calling itself Christian and throwing off all allegiance to the Most High, becomes thoroughly ungovernable, for the simple reason that corruption is greater when it shows itself in what was originally good.

Is it not enough reward to know that one is doing the will of God?"

We wish to thank the following for assisting in the installation of the kneelers to the church pews last Saturday: Loy and Joseph McCleer, Peter Gerycz, Ralph Graham, Leonard Laprod, William Lovejoy and to Mrs. Emma Vollmer and Mrs. Mamie McOwen for cash and labor to the church cleaning and to John Eisele for the use of tools for the church work. We are also grateful to all who donated flowers.

Kindly remember to send in flowers from your garden for the altars during May. Morning Mass each day at 7:30 o'clock.
