News and Comment Concerning Our Boys Who Are in Their Country's Service

Rumor is that the June draft quota for this county will be 60 men. However, the draft board has nothing authentic on this as yet. This is in line that the quota will be stepped up in coming months to raise the army to ten million and that replacements are wanted for the 600,000 already in foreign countries.

There are quite a number here in class 1A who will probably be sent to Detroit for medical examination in the next few months. Among them are postmaster Harry Murphy, John Fisele, Clifford Miller, Gerald Clinton, Marion Shirey, M. L. Hinchey, Steve Aschenbrenner, Marcin Ledwidge, Ed Spears Jr. and Lyle Euler. These are all from the first registration of boys from 21 to 35. Those who registered in the 20 to 45 brackets are just beginning to receive questionnaires and will probably not be called until July or August.

Maynard Dixon's address is now Jefferson Barracks, Mo., and that of Marshall Meabon, Fort Robinson, Ark.

A letter received from Bennie VanBlaircum states that he has arrived safely in Iceland. He states it is a queer country, owing to the fact that it has no trees. Says he enjoyed the ocean trip very much. In the letter he does not mention whether Doni Spears is in Iceland or not. They were in the same regiment but in different companies.

John Wylie, Jack Sheldon and Gordon Lamb have all been granted deferments by the county draft board.

Irving Reynolds left for Detroit Monday where he expects to take an examination for entrance into the U. S. Army Ordnance Dept.

It has been announced that Dan Young, inducted into the U. S. army May 7, was united in marriage to Miss Donna Rice, of Ann Arbor on March 29, last, at Napoleon, Ohio. Miss Rice is a step-daughter of Mrs. Roumania Shirey Rice.

MEMORIAL DAY FLAGS

Between now and Memorial Day a flag will be placed on the grave of every soldier and sailor buried in Livingston county. This task is in charge of a committee of the American Legion headed by Frank Bush.

"There are nearly 1,000 veterans buried in cemeteries scattered all over the county," said Bush, "which makes this a pretty big job, especially when you consider that there are many cemeteries where there are only from one to a half dozen veterans buried."

For many years the placing of flags was carried out by a committee composed of the late George Barnes, A. L. Smith and Roy Hardy. Late years this job has been done by members of veterans organizations and patriotic citizens throughout the country.

Those persons who have assisted in this work in the past are requested to call for flags at the Register of Deeds' office in the county building.

DEVEREAUX-BIDWELL

The wedding of Miss Ruth Elaine Devereaux, daughter of the late Leonard G. Devereaux of Pinckney and Mrs. Elizabeth McQuillan Devereaux, now of Detroit, to Carl L. Bidwell, son of William and Mary Duckren Bidwell, of Brighton, took place in St. Aloysius church, Palo Alto, California, on Monday morning, May 11. The witnesses were Merton W. and Genevieve Murray of the same parish. The groom is a soldier of the 125th Infantry in Palo Alto. The ceremony was performed by Rev. Morris Redner, of St. Aloysius. The bride was born and raised in Pinckney. The bride was a recent visitor here before she left for California. Her many relatives here extend congratulations.

Roy Johnson left last Thursday for St. Louis, Mich., to spend some time with relatives.

The Rebel Creamery, who obtain their milk here, have experienced a big increase in business since they adopted the Johnson milk sale cash and carry plan. They have established stores in various parts of their territory at River Rouge.

Mother and Daughters

About 200 People Attend the Annual Mother and Daughter Banquet. Very Interesting Program Is Put On

About 200 people attended the annual Mother and Daughter banquet given by the Kings Daughters at the Congregational church last Thursday evening. All spent a very interesting and entertaining evening.

Following the banquet, Mrs. Louis Coyle, circle president, introduced Mrs. Alta Meyer, who officiated as toastmistress. Miss Phyllis Loll gave the toast to the mothers and Mrs. Jennie Devereaux gave the toast to the daughters. The corsage for the oldest mother was given to Mrs. Carrie Swarthout, with Mrs. Nellie Frye a close second. Little Elaine Murray, four-months-old daughter of Mrs. Chester Murray was awarded the corsage for the youngest daughter present. Mrs. Maude Young of Gregory had the most daughters present, four.

At this time Mrs. Meyer took the occasion to announce the engagement of her daughter, Miss Willa to William B. Lamb, son of Mrs. Lulu Lamb. The wedding will take place in June.

Mrs. Mildred Lavey favored with a piano selection in her usual perfection and responded to an encore.

A group of girls, made up of Nan Ledwidge, Norma Jean McLucas, Patsy Mauk, Leona Campbell, Barbara Haines and Rita Kennedy sang several numbers.

Mrs. Hiram Smith, of Howell, on the program for a reading, instead introduced Betsy Maas, of Howell, who read her prize winning oration "Wake Up, America".

Mrs. Rosewood Thompson, of Detroit, gave the address of the evening. It was entitled "We Need China and China Needs Us". It was very well given and Mrs. Thompson showed complete understanding of her subject. This ended the program, one of the most successful Mother and Daughter banquets ever put on here.

THE SENIOR PLAY

The senior play last Friday night was given before a filled auditorium. \$132 was taken in. The play concerned a jewel thief who masquerades as a scarecrow in order to steal a jewel of great value in a supposed haunted house. The play was the first mystery play ever attempted by the school and took two and one-half hours to put on. Lawrence Baughn took the part of the jewel thief. Bill Kuhn was the owner of the haunted house, Eva McLucas was a sharp-tongued old maid and Eloise Gardner was a nervous woman with jumpy nerves. Max Reynolds, Helen Reason and Paul Young were nephews and a niece of the owner of the house and prospective heirs. Marion Shirley was a gabby servant girl and Lois Lavey and Levi Ludtke, two colored servants.

The specialties were two selections by the high school boys double quartette, two selections by a girl's trio composed of Jeanne Clark, Elaine Young and Betty Baughn and tap dancing by David Aberdeen and Rita Kennedy and also by the Haines sisters, Jeanette and Barbara.

The County Salvage Drive

Second U.S.O. Drive to Start June 1. Quota is \$4,650

Livingston county has been asked to raise \$4,650 between now and the Fourth of July for the United Service Organizations, compared with a quota of \$3,200 in the original solicitation of a year ago. In the meantime, the United States has ceased to be a neutral nation and before the end of the year will have an army of 3,600,000 men or more and a navy of probably a million men, which explains the need for more money this year.

The Howell community chest is expected to subscribe \$550 of its funds to the current USO campaign and Brighton has made a contribution of \$155 from a similar fund. A year ago the quota for Howell city was \$640. By accepting funds from the community chests the county solicitors waive the privilege of canvassing in both cities and are depending on the voluntary good will contributions of the citizens of those places to meet the larger quotas of the current drive, which are \$836 in Howell City and \$300 in Brighton city.

Other townships and communities will be solicited, with the following quotas:

Brighton Twp.	\$207
Cohoctah Twp.	218
Conway Twp.	215
Deerfield Twp.	176
Genoa Twp.	201
Green Oak Twp.	234
Hamburg Twp.	201
Handy Twp.	210
Fowlerville village	249
Hartland Twp.	163
Howell Twp.	162
Iscoco Twp.	148
Marion Twp.	311
Oceola Twp.	176
Putnam Twp. and Pinckney	236
Tyrone Twp.	205
Unadilla Twp.	202

A few weeks ago township chairmen were named by Joe Brady, who heads the drive for these funds in Livingston county. Since then, however, the U.S.D.A. War Board has completed its organization and its personnel will succeed these chairmen and function in its official capacity for this drive, coordinating its work with that already done by the personnel previously appointed, according to Mr. Brady.

Price Control Goes Into Effect with Price Ceilings on All Goods

Mrs. Housewife, when you go to your favorite stores this week and find that prices vary for the same commodity, don't jump to the conclusion that someone is profiteering.

Price control, which became effective Monday, May 18, does not impose uniform prices.

Ceilings will vary from store to store, according to the highest prices charged in each store for the commodities during March, 1942.

Likewise, you must take into consideration the element of quality as well as price. And you should know the exempted articles and services, too, before you talk disparagingly over the back fence.

Apprehensive that misinformed consumers might flood the local rationing boards with complaints of price violations, the Michigan Council of Defense through its committee of public information is taking steps this week to acquaint retailers and consumers with provisions of our revolutionary war system -- federal price control.

It isn't as simple as you may think.

Retailers merit your sympathy and full cooperation, for they are going to be penalized severely -- many of them, at least -- under arbitrary freezing of wholesale and retail prices for the same base period of March, 1942.

The bookkeeping load alone will be tremendous at a time when many stores are wondering how they can retain trained clerks in competition with nearby war plants and the selective service act.

Yet, interesting enough, leaders of Michigan retail trade associations say the average retailer is accepting the new order as part of numerous sacrifices to be expected from the home front.

It is all-out war, this time, and no mistake.

Consumers, likewise, realize that the soaring cost of living, unless checked in some effective manner, would continue upward endlessly.

As Price Administrator Leon Henderson explained on April 28, "a staggering excess of money over

WILLIAM MULHOLLAND

William Mulholland, 82, died at the county infirmary Friday night where he was taken last fall when he fell and broke his hip here. He resided around Ann Arbor and Dixboro most of his life, visiting the Collier family here occasionally, to whom he was related. At their death he inherited the Julia Monroe house on Hamburg St., owned by the Collier boys. Here, he lived for a number of years. This house is now owned by Harry Wallace. Mr. Mulholland's wife died 25 years ago. Surviving is a daughter, Mrs. Rebecca Shaal, of Rochester, N. Y.

The funeral was held from the Swarthout Funeral Home Monday afternoon, Rev. J. M. McLucas officiating. Burial was in the Dearborn cemetery.

CURRENT COMMENT

Washtenaw county authorities are yelling to the high heavens because the federal government has decided to step in and build a 6,000 house model village to house the workers at the Ford bomber plant at Ypsilanti or near there. They charge the U. S. government intends to establish a CIO community and thus put Washtenaw county in the Democrat column. It has voted steadily Republican since the last world war.

Also that if a village is constructed it would be useless after the war is over. In spite of all this talk the fact remains that after a year and a half practically no move has been made to care for the 100,000 workers to be employed at Willow Run. The Washtenaw Post has an able editorial on the subject. It says that a year and a half ago this problem was thrown into the laps of the Washtenaw board of supervisors the governing body, and up to date they have done absolutely nothing. For this reason the federal government has had to step in and take over. Also it doubts if the protest against the government built city is entirely bona-fide. Real estate has been subdivided all around the bomber plant and rents and price of meals have doubled in Ypsilanti. This model city would be apt to clip the wings of these profit minded gentry.

During the recent, Detroit blackout there were violations reported totaling 1882. Half of these occurred in homes where occupants went away and left the lights on. 400 others forget about the blackout but complied with it when told to by fire wardens. The most flagrant violators were 134 dwellings and 30 commercial places, half of whom were beer gardens. They absolutely refused to comply with it and warrants have been issued for them. If convicted, they are liable for a \$500 fine. Another blackout is set for May 24, which is to be a total blackout.

The naval battle of the Coral Sea in the East Indies was fought between Allied and Jap boats last week and both sides claim victory. The Japs got a slight edge by rushing to the radio first and broadcasting news of a big victory in which the names of a number of American boats were given as being sunk. The disadvantage of a fighting front so far away was shown in the inability of this government to deny it for some time. Finally a statement from General MacArthur was read in which he claimed a big victory with no capital American ships (first class) lost. However, the engagement is now a week or two old and still no authentic news has come of it.

Mel McPherson, of Lowell, has again jumped the bell and is out campaigning this time against the reapportionment act, sponsored by Wayne county and also the county reform plan to cut the Wayne county board of supervisors from 160 to 21 members. As he does not live in Wayne county, it is hard to see just why this latter amendment concerns him. His opposition is based on this, he states, because 15 of the members would be from the city of Detroit. Mel is one of the grandest bluffers ever to come down the line. For years he worked one racket to perfection. He would file to run for governor in the Republican primaries. Then he would suddenly withdraw and be rewarded for his trouble by being appointed head of the state tax commission. This worked to perfection in 1934 and in 1938. In 1940, he tried it again but Gov. Dickinson was a far shrewder politician than his predecessors and refused to make any promises. The result was that Mel was forced to stay in the race and polled only 28,000 votes out of 552,000 or such a matter. By attacking the Wayne county amendments McPherson is making a play for rural support.

POLITICAL NEWS
Harry Hittle, of Lansing, who has represented this senatorial district since the mind of man runneth not to the contrary, was a caller at the Dispatch office last Friday. He has a son who is now in the United States Marines. Although his principal strength is supposed to be with the labor unions, yet in 1936, the year of the Democratic landslide, it was rural Republican Livingston county which gave him a winning margin. According to reports, he informs us Mayor Sam Street Hughes of Lansing, has decided to stay out of the Congressional race. Rev. Wm. Carpenter, world war chaplain, has about decided to enter the contest against Cong. Blackney. Mr. Hittle is enthusiastic about the chances of Harry Kelly, secretary of state, for governor. If elected, a number of records will go by the board. Mr. Kelly will be the first member of the Catholic faith ever to be elected governor on the Republican ticket. He also will be the second governor of Michigan of the Catholic faith, Frank Murphy, supreme court justice, being the first. For U. S. senator, it is doubtful if Judge Homer Ferguson, of Detroit, will enter. If successful, he would face a court fight over a Michigan statute which reads that no judge in Michigan can run for a political office while serving as judge. This would leave the contest to Major Eaton, Plymouth editor, and Gerald L. K. Smith, radio commentator.
The political situation apt to be rather muddled this fall. Three prominent Republican editors, George Averill, of Birmingham, Floyd Miller, of Royal Oak and James Moses of Marshall, have announced that they will support Senator Prentiss Brown, Democrat, for re-election.

SCHOOL NOTES
THE SENIOR PLAY
The senior class cleared \$109.57 on their play and all are well satisfied. They wish to thank all those who contributed to their success and especially Mrs. Wm. Loll, who assisted in making them up.
The senior class of Pinckney high school wish to express their sincere thanks to Mrs. Loll for her willing help in making up the cast for our play, which played a great part in its success.
THE VICTORY GARDEN
The seeds for the Victory Garden to be put in by the school through sponsorship of the 4-H club, have arrived and will be put in at once. Mrs. Singer will be in charge of this and also of canning the products of the garden for use in the school kitchen.
THE OPERETTA
The operetta put on by the grade pupils of the Pinckney school Tuesday night was a success and satisfied the audience 100 per cent. The first on the program was two numbers by the rhythm band of the primary room. The little folks were all in costume and received much applause. They were trained by Miss Benjamin, their teacher.
The operetta entitled, "King Puddin' Head, the First" concerned a king who sentenced his son, Prince Roland, to the dungeon for leaving a tin soldier out in the rain to rust. The prince appears disguised as a jester and by exhibiting an imaginary jewel to the king which was supposed to answer questions by experienced material. This is shown turning different colors, gets himself out of his difficulty. Neil Lamb, Jim Reid and Don Jones, all freshmen, were regulars on the Norma Jean McClucas, the queen, L. D. Haines, Prince Roland; Tom Howe, David Ledwidge, and Aaron Shirey, the three judges; Robert

A former law providing for hospitalization has been pronounced unconstitutional. Chapman attacked the constitutionality of Judge Collins' sentence in the supreme court, which has just sustained the sentence. Prosecutor Joe Gates argued the case for the county.
Aschenbrenner, court crier; David Aberdeen, the tin soldier. In addition there were peasants, courtiers, etc. Dorothy Lavey and Virginia Shirley carried the queen's train and Richard Gallup was the jester. This cast made up a fine chorus and also danced the minuet and other folk dances.
David Aberdeen and the Misses Rita Kennedy and Leona Campbell danced between acts.
The operetta was directed by Mrs. Earl, music teacher. The stage settings were made by Mr. Jeffreys.

THE JUNIOR HOP
The Junior Hop will be held at the school auditorium on Saturday night, May 23. The decorations this year, because of war needs, have been toned down and will not be as elaborate as in past years. Jonnie Cavell's orchestra, of Ypsilanti, will furnish the music. The grand march will be led by Peach Palmer president of the junior class, and his guest, Muziel Read. The next couple will be Helen Reason, president of the senior class, and Max Reynolds.
Each senior and junior has the privilege of inviting one friend this year and also one extra couple. In addition, school board members, faculty members and former teachers are invited.
HIGH SCHOOL DATES
With the school year rapidly drawing to a close, the following dates should be remembered:
May 23rd is the Junior Hop night.
Wednesday night, June 3, is Baccalaureate night. This will be delivered in the school auditorium by Rev. J. M. McClucas.
On Thursday, June 4, the senior class leaves on a boat trip to Mackinac Island and other points. This was taken instead of the Washington, D. C. trip this year on account of the congestion at the national capitol, caused by the war.
Wednesday night, June 10, is the annual commencement which will be held in the high school auditorium.
BASE BALL
Friday, the base ball team completes their schedule playing South Lyon there. The team has not been very successful this season, winning only 3 and losing 5 games. The trouble seems to have been lack of experienced material. This is shown by the fact that Fred Singer, Ross self out of his difficulty. Neil Lamb, Jim Reid and Don Jones, all freshmen, were regulars on the team. Bill Kuhn and Paul Young pitched some good games, but were handicapped by weak hitting. However, the team looked good at times

and should hit their stride next year.
The graduation of Bill Kuhn, Levi Ludtke, Paul Young, and Max Reynolds will leave a vacancy in the athletic teams hard to fill. These boys were responsible for much of Pinckney's big seasons in football and basketball last fall and winter. The first three are from Gregory, which has contributed many star athletes to the local school. Reynolds came here from Traverse City three years ago. Paul Young is one of the five Young brothers of Gregory, who starred in athletics at Pinckney. The others were Bob, Tom Vincent and Jack. There is still one remaining brother in the grades at Gregory who, it is said, may outdo his famous brothers.

The Attitude of United Nations

(Continued from last week)

The Nazi paganism is stronger than our indifferent faith. If we are to practice there is no truth but only an opinion and since our boys go to fight for the truth, and you remain to teach there is no truth, but only an opinion, how, may we ask, can you win the war that way?

Hitler believes there is a truth. Men will not die for an opinion. Our men are fighting for the purpose of destroying something that is evil and yet, what of those who teach and deny there is any. We can not defeat Hitler's new order by maintaining an old order which has produced Hitler. We want a new order which is as complete and absolute as his but on the other side. What we are lacking is an offensive on the moral front, we are lacking a great ideal. President Roosevelt the other day, asked for a slogan and he did not get one. You cannot fight just for democracy. The war is for something bigger than that. It is a war of dogmas and ideologies. Hitler recently published a book and 261,000 copies were sold the first day. He said there is a world struggle today with two fronts. One is called Christ and the other his country. There is no other front. There can be no compromise in this struggle. There can be but one decision. That decision is carrying a cross. We are fighting a nobler war than we know. Victory will not come to us until we enunciate the principles of a new order, based not on indifference but on justice and morality emanating from God. Our attitude in this present conflict is like that of Simon the Cyrenean. The Cyrenean was conscripted by the Roman army. He was told to carry the Cross. He had to do it. He did not want to do it, The Scriptures tell us that he was constrained. He put it on his shoulders and after a while following in the wake of the Master he found the yoke was sweet and the burden light. Two of his sons became bishops and martyrs in the early church. Simon is a picture of the United Nations. Force of circumstance has said to

us: "Take up this cross" We did not want it. We did not know that it was the Cross of Christ. We are fighting a nobler war than we deserve. The struggle is between the cross and the sword. If man would but accept this love, since the embrace is one of love and salvation for all mankind.

COUNTY SALVAGE DRIVE

Livingston County War Board Scrap Drive to climax Thursday, Friday and Saturday, May 21 to 23 with 18 to 20 trucks donated by the State Highway Dept., the County Road Commission, merchants and implement dealers of this county.

Early reports show that the quota of 500 tons of scrap metal for Livingston will be exceeded. 360 workers within the county, working day and night, are making this huge scrap program a success.

Scrap depots have been set up in Howell, Fowlerville, Brighton, Gregory, Onondaga, Hartland and Hamburg. Trucks and co-workers will pick up scrap from the farms and take it to these depots. Regardless of the amount of scrap you have don't hesitate to pledge and collect it. Every bit of scrap you have may help shorten this war.

Patriotic merchants and citizens are manning these trucks to help the farmers get scrap to depots.

Volunteers to help may call Howell 885, or Howell 312 to contribute their services.

Many stores will be short-handed, due to their employees working on this drive. Schools are furnishing many hands to help.

Each contributor will receive a weight slip for his scrap which he turns in. Then, at the close of the drive, the scrap will be pooled and auctioned off to the highest bidder. In this way farmers should receive greater benefit from the sale of scrap which will be pro-rated and the checks in payment, will be sent out by W. L. Tate, who is the head of the Salvage Committee in Livingston county. There will be no commission charged or profit made for performing this service. It is our contribution to victory.

SECOND U. S. O. CAMPAIGN

W. B. Reader, president of the First National Bank in Howell, is treasurer of these funds. Howell persons or firms who make voluntary contributions may leave their money with him at the bank. Mr. Brady informs us that Brighton residents may take their money to the Argus office.

The USO was organized to offer personal services of a spiritual, social and recreational nature to the young men enrolling in the U. S. armed forces, and to the large numbers of young men and young women leaving their homes to work in the new war industrial plants. These services were to be rendered through the united and cooperative action of six national welfare agencies, representing Catholic, Jew, and Protestant.

The development of the program of Service Clubs is moving forward rapidly. The original goal in the national campaign a year ago was \$10,765,000 and Livingston county, along with most of the nation, over-subscribed its quota and turned in all the money raised.

With the cooperation of the Quartermaster's Department and the Federal Security Administration, many new buildings have been built at training camps or places where large numbers of service men congregate, and operate as clubs. Today, the USO through the trained staff and direction of its six affiliated agencies and its own headquarters force is operating 395 clubs and 143 small units in 246 communities in 44 states and 15 overseas bases.

It serves the men on maneuvers provides entertainment in the camps and troops in transit on leave, aided promotion of the Victory Book Campaign, operates mobile service for troops detached for guard duty, and has a department to provide equipment, furnishings and special services at the request of camp commanders, chaplains and recreational officers.

The current national goal is \$32,000,000 to assure the continued efficient operation of the USO wherever American troops may advance.

PHILATHEA NOTES

A pleasant gathering of our group was held at the home of Mrs. Nelson Buzzard on Wednesday last, the president, Mrs. Dora Swarouth, presiding. The opening song was "What a Friend We Have in Jesus" with Mrs. Lola Rogers at the piano. Mrs. Buzzard conducted the devotionals, reading the eighth of Romans and offering prayer.

Several pleasing numbers were presented during the program part of the meeting after the roll call, secretary's report and other routine business. Mrs. Lulu Darrow read "She Sounded Forth the Trumpet", and Blanche Martin read, "Lead, Kindly Light". Mrs. Rogers delighted with a solo and Mrs. Mae Daller read "Mothers Day" by Miss Jarvis, the originator of the idea of Mothers Day. Other reading included "Mothers" by Mrs. Rose Hendee "Old Ways and New", by Mrs. Ina Buzzard, "Aunt Chloe" by Mrs. Carrie Swarouth, and "The Lullaby" by Mrs. Lola Rogers.

Mrs. Mae Daller invited the class for the June meeting. The calling committee this time will be Mrs. Lulu Darrow and Blanche Martin. Before we began our discussion of the lesson on Sunday morning Mrs. Kellenberger gave us the bad news that we must choose a substitute teacher for the summer months since she would be working and would find it difficult to teach. It was suggested that we "draft" some one for this service and Mrs. Buzzard was immediately chosen to take the class until Mrs. Kellenberger should be free to resume. We trust she will see this notice and accept this responsibility as she does all other calls to the Lord's work. Topics for next Sunday: "Thursday, the Last Day With the Disciples". Children's Day was announced for the second Sunday in June, the 14th, at which time those wishing baptism for their children should get in touch with the Pastor.

The school board voted to hire Supt. Frank A. Darrow. He admitted "falsifying the credits of his daughter, a senior, so she could gain a scholarship, whereupon, some 300 pupils went on a strike and picketed the school, demanding that Dixon be rehired.

Attorney General Rushton has ruled that double penalty will apply to any persons stealing a rationed article, such as auto tires.

Advertisement for Giant Turbines. Text: "These slime-forming 'bugs' attack GIANT TURBINES...thirsty machines, like thirsty men, need PURE WATER". Includes an illustration of a turbine.

Under the microscope on the slide above, you see a "slime-forming" organism magnified 400 times. This tiny growth doesn't look much like a saboteur — yet it can cut down the load-carrying capacity of giant turbines in Detroit Edison power plants. That is, it could if it were permitted to thrive. But an hourly gas attack effectively smothers it.

In manufacturing electric power for war production in factories and for use in stores and offices and homes, Detroit Edison power plants require three times as much water every day as the entire city of Detroit. The water is used to cool thousands of condenser tubes over which exhaust steam from the turbine is passed. Slime-forming organisms in the water attach themselves to the insides of the tubes and foul them. This lowers the efficiency of the condenser, turbine, and the entire plant, and wastes fuel.

An early way of remedying the trouble was to shut down the turbines and manually clean the condensers by forcing rubber plugs through the tubes. But even with the best hand-cleaning job that could be done, the maximum load-carrying capacity is reduced. And all during the time the tubes were being hand-cleaned, the turbine was out-of-service... a matter especially serious in these days when our generating equipment must be kept running at top efficiency. So a chlorine "gas attack" has come to the rescue. The water is dosed with chlorine every 60 to 90 minutes, killing the "bugs" that form slime. This chlorination has ended the slow "bottleneck" job of cleaning thousands of tubes individually. And it has maintained practically new equipment performance of the condensers — doubly important in our wartime operation. The Detroit Edison Company.

CONSERVATION NOTES

Smokers cause 40 per cent of the forest fires, incendiaries 10, campfires 7, railroads 8, brush burning 15, lightning 3, lumbering 1. The cause of 16 per cent is unknown.

Free lance game wardens will be tried in Wayne, Oakland, Macomb, and Monroe counties where war workers are said to be disregarding the game laws.

A marker will be erected Sunday, June 7, for P. S. Lovejoy, long active in conservation circles. He died January 19. The spot where it will be erected is in the Pigeon River forest.

Four fish-spawning grounds have been extended protection for another five years. They are West Twin Lake bay, Montmorency; Muskegon river, near Hardy dam; St. Joe River, near Three Rivers; St. Joe river, near the Mottville dam and Mill Creek at Hartenstein dam.

Bounty was paid on 158 coyotes and 16 bobcats last month. No wolves were taken.

The state has purchased 930 acres to add to the Minden City wild life restoration area.

Port Huron has adopted the Pontiac Plan of transportation. In the plan, a number of men lay up their cars and bunch together, riding with other men.

ANNOUNCEMENT

Senator Harry F. Hittle, of East Lansing, announced this week that he would be a candidate for re-election on the Republican ticket to the State Senate from the senatorial district comprised of Ingham and Livingston counties.

The Senator's previous experience has won statewide recognition and his seniority places him on the membership of the most important committees in the Senate.

He is also the author and sponsor of the bill which requires the teaching of temperance in the public schools of this state. It is regarded by many as an outstanding accomplishment in temperance education.

In the 1941 legislature, he supported the law prohibiting the re-establishment of chain banking systems in the state, and it was through his knowledge of parliamentary law that a vote was finally forced in the Senate on that question.

Senator Hittle is a member of the Veterans of Foreign Wars and has a son, James Donald Hittle, now serving with the United States Marines in combat duty somewhere on the high seas.

STORE All The COAL

Your Bin Will Hold Now

"If consumers want to avoid many heatless days next winter, they must get their orders for coal in now... After mid-summer, the railroads, trucks, barge and steamship lines will be called upon to move extraordinary amounts of war supplies... Domestic coal orders are essential to the war... Those owners who stock coal now not only will save money... they will be making a solid contribution to the prosecution of the war." Thus reads a statement issued in Washington by the Bituminous Coal Consumers Council, who, with the Office of Solid Fuels Coordinator and the OPA is launching a campaign to move 25 million tons of bituminous coal during the Spring months.

THE MICHIGAN MIRROR

the supplies of goods available threatens disaster to the civilian economy and to the war effort."

Who is caught usually in inflation's squeeze? The little man with a fixed income; the small merchant whose margin of operation is small.

Posting prices of cost-of-living commodities was required of every retailer this week, starting Monday.

Every merchant must send a statement of these ceiling prices -- highest prices which he charged during March -- to the Office of Price Administration in Detroit not later than Monday, June 1.

Furthermore, he is given until July 1 to prepare a statement of the ceiling prices of all commodities or services which he supplied during March. Another reason why consumers should be patient during the next few weeks.

Price control will be administered in Michigan by Arthur F. Sarvis, Flint banker, who has been rationing director of The Michigan Council of Defense. Seven regional district offices are to be established with executive staffs.

Because such organizations can't be completed over night and because retailers have been given a big pill to swallow, it has been suggested that consumer complaints on ceiling prices -- except in cases of flagrant violations -- should await July 1.

Sarvis is convinced retailers can be relied upon to cooperate with the government wholeheartedly in an honest and equitable compliance of the act. It is no secret that many retailers are going to be penalized for not taking price mark-ups in March on merchandise which they purchased months before at lower wholesale prices. And as their stock must be replenished at higher prices and as war priorities will gradually curtail wholesale deliveries, Michigan retailers are confronted with dark days, indeed.

To these people, economic victims of the war, consumer tolerance would be most helpful.

You can't keep politics out of the 1942 headlines.

And you can't keep Elton R. Eaton out of a good fight.

That's why the entry of this militant anti-boss newspaper editor of Plymouth into the race for Republican nomination for United States senator is certain to afford additional reader relief from war communique.

Eaton will be opposed by Gerald K. Smith, social justice crusader of Detroit who received his reform baptism in Louisiana with the late Huey "Kingfish" Long. Both men are mean slingers of words, and colorful accusations are assured.

Judge Homer Ferguson, Wayne county circuit court, was reported a few months ago to be on the edge of candidacy.

The latest reports are he may not declare.

Section nine of the Michigan state constitution says: "They (circuit judges) shall be ineligible for any other office than a judicial office during the term for which they are elected and for one year thereafter." Judge Ferguson, if elected, would risk a possible contest in the United States senate, and being a Republican he could not expect joyous seating by a Democratic majority.

Civil service, plus the federal Hatch act, will restrict activity of government employees in politics this year.

James Greenfield, of Norway, associated with Auditor General Vernon J. Brown at Lansing, has been granted a leave of absence by the Michigan civil service commission to become a candidate for the Republican seat at Congress held by Frank Hook of Ironwood.

The Hatch act forbids anyone in the military service from running for public office. It is going to nip many budding candidacies.

Miss Donna Rice, 18, of Ann Arbor, suffered a fractured pelvic when a car in which she was a passenger left the Dexter road Thursday night, four miles west of Ann Arbor and plunged into a field. Marcian Ledwidge, of Pinckney, the driver of the car, was not injured.

The village of Milford has passed a blackout ordinance.

Dexter high school's new band gave their first public concert last Thursday.

Left \$20,000 to a couple of lucky dogs. The relatives of a Texas recluse are trying to break his will -- and the only heirs who aren't upset are two handsome English setters. Read about it in The American Weekly, the magazine distributed with next week's Sunday Chicago Herald-American.

PINCKNEY BEATS HARTLAND
Pinckney defeated Hartland here Tuesday, 7 to 0. Peach Palmer pitched his first game and held the visitors to one hit. Pinckney took kindly to the offerings of Boyce and Sparks, the Hartland pitchers, Ippolito getting 4 hits and Kuhn and Lamb, 2 each. In this game, Levi Ludtke, local catcher, broke a finger and Bill Kuhn showed his versatility by coming in from third and donning protector, mask and shin guards and finishing the game behind the bat.

What You Buy With WAR BONDS

Our army spells and pronounces it ponton, not "pontoon", as you do. Ponton bridges cost all the way from \$15,000 to \$700,000. The smaller bridge using individual metal pontons is pictured here. The largest ponton bridge is 1,080 feet long and is made of rubber instead of aluminum.

One small bridge has a weight capacity of 25 tons, using about 2,000 individual metal pontons. The smallest is used only to take troops over smaller streams. But whether our army uses the smaller or largest ponton, our engineers need plenty of them. If you and every American invests at least 10 per cent of income in War Bonds every pay day we can supply our fighting forces with these essentials to a victorious war.

VICTORY BONDS VS. PRESENT WAR BONDS

The investors in our present war bonds, have less risk to take in the price fluctuations of their new bond than the purchasers of world war I in their victory bonds. These victory bonds were quoted daily and there came a time when those bonds which cost 100 cents on the dollar could be sold for only 82 cents on the dollar. Of course, they were all redeemed at par but with the present war bonds there is no possible speculation as to what price they will bring at any time up to maturity date.

Do not hesitate to buy all the bonds you can. They will be a wonderful nest egg for yourself and your family.
