News and Letters from Our Boys  
Who Are Serving Their Country

Of the inductees sent to Detroit for examination last Wednesday 24 were accepted, 11 enlisted previously 2 were held over, and 8 rejected. Among those accepted were Lloyd VanBlaircum and D.V. Hammer of Pinckney and Richard Ross of Howell. They go to Fort Custer on Sept. 23.

The next draft call is on Sept. 25. The list of inductees is not yet made up, most of it will probably be filled by re-classification. The board has received orders to put all Class 1-B men into class 1A and also men with lateral dependants such as relatives or whose wives are able to work.

John Stackable has been transferred to Camp Grant, Ill., and Leon Robb to Camp Callen, California.

With James Roosevelt leading the attack on the Solomon Islands and Douglas Fairbanks Junior taking part in the Dieppe raid, the career men who left lucrative jobs to go into service seem to be acquitting themselves very well.

Merlyn Amburgey writes that he and Glenn Kingsley are at Camp Blanding, Florida.

Miss Marguerite Berry of Stockbridge accompanied by her mother, Mrs. Helen Monks Berry and brother, Robert, and Mrs. Anna Monks and daughter, Marie, of Jackson left last week for Jacksonville, Florida. Miss Berry will be married to Ensign Earle Richardson of the U. S. Navy. He is a son of Mr. and Mrs. Elmer Richardson of Lynn, Mass.

Word has been received that Gerald Dinkel, son of Mr. and Mrs. Albert Dinkel of Pinckney has received official rating as a master sergeant at Fort Francis Warren, Wyoming. This is the second promotion in a month as he was recently rated first sergeant of Co. G. He is also the youngest sergeant there. He joined the army on Oct. 8 last and has gained 40 pounds since.

Junior Dinkel, Russell Gardner and Wm. Lamb were home from the naval training station at Grosse Isle, Sunday.

William C. Otwell has received his wings as a pilot in the Canadian air force. He enlisted in 1941. He is a graduate of Redford high school and Olivet college. His father is Wayne Otwell of Pinckney.

Camp Blanding Fla.  
Dear Paul, I am spending a quiet evening in the barracks. It has been pretty hot here. In fact about 90. I do mean that is hot when you are drilling.

I had a wonderful day Monday, Sept. 7th, Labor Day. We started on a hike and marched 20 miles. We then camped out and started back at 5 p. m. Tuesday p. m. We got back at 1 a. m. Wednesday. I was sure glad to get back and rest my weary bones. We are going on our 11th week of basic training.

I appreciate the paper very much. Glenn Kingsley is also here but in a different company. I see him once a week and we have a coke or ice cream. It is time for lights out so will close.

How is Dick behaving,  
Sincerely yours  
Joseph Merle Amburgey

### CANADIAN WAR RESTRICTIONS

Miss Helen Feidler has just returned from a visit with her mother at Grimsby, Ontario, where she had a chance to observe war time restrictions which may be a reminder of what this country is in store for. Meat is only sold on one day a week, the butcher shops being closed the rest of the time.

Ice cream is only sold in cones. It is impossible to buy it by the brick or quart. Most drug stores have quit selling it. Dealers who do are only allowed about 5 gallons a week. Coffee, tea, sugar and gas are all rationed.

### SPECIAL ANNOUNCEMENT

A special prayer service will be held in the Com. Cong. church on Thursday evening, Sept. 17th at 8:00 p.m. for the recovery of the Pastors daughter who is very ill in the hospital. This service is requested by the pastor and will be in charge of Rev. Harvey G. Pearce. All members and friends of the church and all who believe in prayer are most cordially invited.

The Federal Government Again  
Make an Urgent Appeal for Scrap

Uncle Sam has scoured the bottom of the barrel for metal.

Unless plain Americans everywhere in thousands of villages and towns and on thousands of farms everywhere dig down into their own scrap barrel, American boys will go without vitally needed tanks and airplanes and other arms of war and our Allies may be deprived of weapons which to fight our battles before we can open our Second Front.

That is a pretty long sentence, but it may be a longer one, as a dictator would impose it, if we Americans fail to deliver. But it's the plain truth. Four Michigan newspaper men were invited to attend a conference in Washington a few days ago. They came from Detroit, Ironwood, Grand Rapids and Lansing. We happened to be one of them.

Traveling to Washington these days is no picnic, we assure you.

We could not get sleeping accommodations out of Washington at all, although we made our reservations one week in advance. Finally, at the last minute while in Washington, we managed to get accommodations on another railroad. We arrived at the capitol at 8:20 a. m. and left at 5:20 p. m. Just long enough to hear this unusual story.

Government officials, headed by Donald Nelson, chairman of the WPB reiterated the urgent need for more scrap iron. They were all "big shots".

Lieut. Gen. Brehon Sommerville, the commanding general for services of supply, and Vice Admiral S. M. Robinson, chief of Bureau of procurement and material, both stressed the imperative importance of getting more steel to steel mills in the next sixty days.

## CURRENT COMMENT

Ora Benjamin, a farmer living at Walled Lake, made all the front pages last week over the fact that the federal government decended on him and seized 50 tons of scrap iron and steel which he had accumulated over a period of years and refused to sell. For that he will receive \$12 per ton. He seems to have been a queer person. He had a fence made of scrap iron used it to hold up a building as a foundation and also to house bees. Not suspected of any 5th column designs he seems to have had more the instincts of the muggie who picks up everything which takes his fancy and saves it. There are many like him. Once they get hold of anything they never let it go. We once knew a farmer who hoarded wheat and grain for 15 years or more and then would not have sold it if he had not lost his farm on a mortgage. Other farmers hoard wool for 20 year periods sometimes and the late John Farley used to keep steers and hogs until they died of old age. These people just can't bear to sell anything of theirs. The government, due to the scrap shortage has been cracking down on steel hoarders. owners of auto graveyards are now given only 60 days to turn over used car they buy for junk.

This country intends to have a big scrap and junk rally, the details of which will be announced later. In the meantime other communities seem to be doing very well. Ann Arbor collected 55 tons in their rally day last week and Jackson reports 500 tons collected. There is undoubtedly scrap in this county and every farm is a gold mine of scrap hoarded through the years on the chance that some day in the distant future it may prove useful. There are undoubtedly many in this section who have the instincts of Ora Benjamin.

Although there was much agitation for all the factories on war industries to work on Labor Day few of them did for the reason that the owners refused to pay time and a half for overtime for it as prescribed by their union agreements. Although the war effort is still described not up to demand, few if any of the war factories are working Sunday on account of the owners refusal to pay overtime.

An Adrain farmer has been jailed for shooting a 15 and 16 year old girls who were with some boys raiding his melon patch. Herman Roff, 67, the farmer seems to have shown poor judgement. The girls were seated in an auto on the highway when he wounded them. Only providence saved Roff from a murder charge. The 3 boys pled guilty and paid fines of \$10.75 each. Roff is held on \$1,000 bail. The theft of a few melons should not cause so much drastic action to be taken.

A new tax is under the making by which married men with 2 children will only be allowed an exemption of \$624. on a \$3,000 income. On the remainder he would pay 5 per cent. This will be paid at the rate of \$2.32 per week. This is called victory tax. Further deductions are allowed for debts, life insurance and the purchase of government bonds. The best thing to do is to get an expert to make out your tax return.

A 13 year old girl was served liquor at a roadhouse near Jackson one night last week after a round of road houses with a 24 year old boy. Later she was struck by a truck on U.S. 12 and killed. This has caused an upheaval in Jackson and the council has passed a curfew ordinance making it unlawful for children under age to be out alone after 10 p.m. The boy who was with the girl has been arrested and the prosecuting attorney has asked the state liquor commission to take away the license of Meadow Lark Inn where the girl was served liquor. This is all wonderful but the death of a 13 year old child was necessary to do it.

## We're Busy Helping Uncle Sam

...-V...-

LAST YEAR, America's railroads moved 475 billion ton-miles of freight, history's greatest traffic job. (We'd like to tell you how many millions of soldiers and sailors we carried, but . . .)

This year the railroads may haul 50 million carloads of freight—10% to 15% more than in 1941.

We did the 1941 job pretty easily because freight shippers and receivers and the public cooperated. We can do this year's bigger job if we again get that cooperation.

This all-out war requires all-out transportation. Uncle Sam is depending on the railroads for that. We're handling 70% of his military freight. To let him down would be tragic.

So "the tall man in the high hat" comes first.

At any time now there may be one, even two or three fewer cars in your passenger train. You'll excuse it, won't you? Uncle Sam will be using them.

Freight may move out, or later than you had planned. You'll overlook moving important cargo.

It would. And you'll . . .

**Kitchen News**

The students that eat their lunches at the school this year are going to get plenty of canned tomatoes to eat. Mrs. Singer up to date has 350 cans and expects to have another 150 cans canned before the week is over. The school lunches start Monday and although no set price has been decided on, the price will not be over 5 cents per meal. Canning jars are needed to finish the canning, so if you have any extra jars to donate this would be the best time to do so.

**CONGRESSIONAL NEWS LETTER**

Hon. W. W. Blackney

**The Soldiers Vote Bill**

On Wednesday, Sept. 9th, the House passed the Conference Bill on H. R. 7416 stating the soldiers from Southern states which have a Poll Tax will not be required to pay it. In other words, our soldiers are given the full right to vote without any restrictions. This bill was a wise bill. Surely the soldier boys who are thoroughly interested in government and its preservation should have the right to vote upon the policies of our government and the election of its officers.

**What To Do If Drafted**

Continued from Sept. 7th letter: 6. Should a man notify his landlord that he is being drafted?

Yes. If the rent on an apartment or house is \$30 month or less, dependents of a drafted man can not be evicted or their furniture seized for rent without permission of the court.

7. Can a man going to the army cancel a lease?

Not under the present law. But both House and Senate have agreed on a measure which would relieve any drafted man from liability for rent due under a lease after he is inducted. It is expected to become a law in the next few weeks.

8. How about payments on a mortgage or house.

Any drafted man who isn't going to be able to keep up payments on a mortgage should see a lawyer. If the mortgage was made before Oct. 17 1940-- when the draft law first came into effect-- a court has authority to hold up any suit for foreclosure until three months after the man has been discharged from the army. However, the court can make any other disposition of the case which protects the interest of both the drafted man and the person holding the mortgage. Congress is expected to extend this protection to mortgages signed since Oct. 17, 1940, but before a man was drafted.

9. What should be done about payments on a note?

If a drafted man cannot keep up payments on a note, he can attempt to arrange a reduction in the size of the payments. If a drafted man is sued because of money he owes, a court may suspend the suit if the court is convinced that the soldier is unable to meet the payments. But, even should the court require the man to pay, it can order collection postponed and allow a drafted man ample time to pay the debt.

**W. P. A. Employment**

The WPA as of April 1942 was still employing 837,264 persons in its Federal Works Programs.

**NYA Employment**

The NYA as of April, 1942 had 236,975 persons in its student work program and 205,027 in its out of school work program.

**War Contract Distribution**

More than half the 80 billions already spent on war orders has gone to 8 states. Michigan stands first with about 7 billions, New York next with 6.98 billions, and California third with 6.4 billions, the other five states in order are, Ohio, Pennsylvania; New Jersey, Connecticut and Illinois.

**Railroad Scrap**

Salvage operations by American railroads have produced more than 1,600,000 tons of scrap metal, or enough for 389 battleships.

**Auto Scrap**

Automobile graveyards produced 434,448 tons of iron and steel in July. This makes a total of 1,633,369 tons produced in the 4 months in which WPB's conservation division has kept track of its operations.

**Wholesale Prices Of Potatoes**

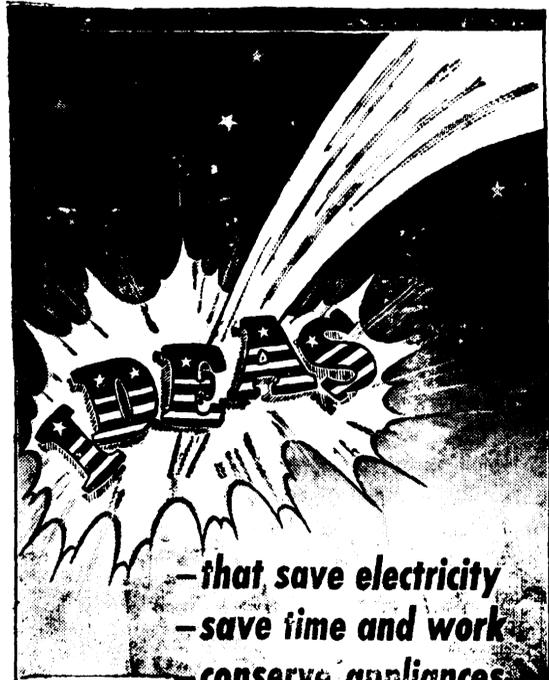

They rose to \$4.50 per hundred pounds in the Chicago market, this being the highest price in ten years.

**Cost Of Living**

At the end of July showed 16 per cent higher than the 1935 - 39 average and nearly 19 per cent higher than in August, 1939.

**Output Of War Weapons**

In July showed 16 per cent gain over June but is still 7 per cent behind schedule. Biggest gain in ordnance with 28 per cent increase.

**IN THE WARTIME HOUSEHOLD**

**LIGHTING**

As much as one-fourth of the light you pay for may be lost through dust collecting on your lamp bulbs and fixtures. Dust and dirt cut down the useful light in your rooms, and waste electricity. Keep lamps and fixtures clean. Wipe bulbs and reflector bowls frequently. Dust shades inside and out. Use the right size bulbs in your lamps and fixtures, and select shades with a white lining.

**YOUR VACUUM CLEANER**

Empty the dust bag frequently. Once a month, turn bag inside out and brush thoroughly. Do not wash the bag. Keep brushes free from hair and threads. (Repair or replace brushes if tufts become worn.) Before cleaning rugs, pick up by hand all hairpins, tacks, and metal objects.

**YOUR ELECTRIC COOKER**

Never dip the outer shell of the cooker in water when cleaning. When cleaning the broiler unit, be sure to remove heating element first. (Do not dip element in water.) Do not jab the element with a knife or fork. The fragile wire is easily bent or broken. See that the removable cooking well is in place for all cooking.

**YOUR REFRIGERATOR**

Don't overcrowd your refrigerator. Unless the motor is hermetically sealed, have it oiled and inspected regularly. Be sure there is adequate circulation of air around the refrigerator. Defrost regularly. (Never use a knife as a sharp tool for defrosting.) Clean inside of refrigerator with warm water and mild soap.

**YOUR RADIO**

Keep radio away from hot air ducts or steam radiators, and from open windows where rain might damage it. Set it on inch or two away from wall to allow air circulation. Use vacuum cleaner attachment to remove dust from chassis and tubes. Give your radio a periodic check-up by a qualified service man.

**YOUR ELECTRIC WASHER**

Drain washer and rinse tub thoroughly after each washing. Remove agitator or suction caps and rinse. Wipe dry with a soft cloth. Don't force thick bulky objects through your wringer--or hard objects like belt buckles, etc. Release pressure on rolls when not in use, and dry wringer thoroughly. Don't overload your washer.

**WIN LAST GAME OF SEASON**

The Pinckney soft ball team closed a successful season Sunday at Riverside Park, Ann Arbor where they defeated the Dunbar Center team 7 to 2. The score does not tell a true story of the game as Pinckney was only ahead 3 to 2 in the last inning when they scored 4 runs. There was no scoring until the 3rd inning when the colored boys got 2 runs on a triple, single and error. Pinckney did not score until the Jones.

## TEMPORARY SERVICE

The Michigan Bell Telephone Co. today announced a plan to install new service on a temporary basis for civilians in certain areas where installations have been restricted sharply because of the war.

George M. Welch, president of the company, said that applications for new installations in the restricted areas are being offered contracts which permit the company to withdraw service on a 48 hour notice in the event the facilities are required for the direct war effort or for the public health, welfare or security.

That will permit many applicants to obtain service on a temporary basis who otherwise might not be able to obtain it at all. He suggested, however, that persons or firms planning to move consult first with the Telephone Company to ascertain whether service will be available at their new home.

Welch said the plan is designed to afford service to the greatest possible number of persons wanting it, at the same time complying with orders of the WPB that adequate facilities be reserved to meet increasing military, war production and essential public needs.

The telephone system cannot be expanded sufficiently to care for all increase of service demand, he added, because the materials required, such as copper and minimum, are more urgently needed for war purposes.

Rather than holding ourselves to arbitrary estimates of the extent of future essential demands, and denying service to civilians, we purpose to make service available to as many as possible by offering temporary contracts to applicants, Welch said.

Whether it will become necessary to withdraw service on a 48 hour notice will depend upon factors associated with the service increase in a particular area, together with the growing needs of military organizations and war production industries, and for essential public purposes.

Every effort will be made however, to avoid such withdrawals. It may even become necessary to request individual line users to take party line service so others who need telephone can have them or keep them.

Announcement of the new policy came as restrictions on new installations were extended to three more exchanges. Reese, Farmington, and Galien. Other exchanges where the service restrictions have been necessary are: Sault Ste. Marie, Liponia, Coloma, Zeeland, Watervliet, Big Rapids, Hillsdale, Ann Arbor, Mt. Clemens, Ishpeming, Republic, Kalamazoo, Pontiac, Napoleon, Vicksburg and a number of central office areas in Detroit.

## STATE OF MICHIGAN

The Circuit Court for the County of Livingston in Chancery.

Fred B. MacMillan and Rose R. MacMillan, his wife,

Plaintiffs

vs.  
Ira H. Allen, Lauren K. Hewitt, Harry J. Havens, Josia D. Ballard, Barney D. Culver, Jacob Harder, Mary A. Haskell, Christina Harter, Christina Harter, Lucy Holcom, and their unknown heirs, devisees, legatees and assigns,

Defendants.

Suit pending in the Circuit Court for the County of Livingston in Chancery, at Howell, Michigan, on this 14th day of August 1942.

It appearing from the sworn bill of complaint as filed in said cause, that the plaintiffs have not been able after diligent search and inquiry to ascertain whether the said defendants are alive or dead, or where they may reside if living, or if they have any personal representatives or heirs living, or where they or any of them may reside or whether the title, interest, claim, lien or possible right, of these defendants have been assigned to any other person or persons or whether such title, interest, claim, lien or possible right has been disposed of by will by the said defendants.

And it further appearing that the plaintiffs do not know and have been unable after diligent search and inquiry to ascertain the names of the persons who are included as defendants without being named.

Upon motion therefore of Van Winkle & Van Winkle, attorneys for plaintiffs, it is ordered that the above named defendants and their unknown heirs, devisees, legatees and assigns cause their appearance to be entered herein within three months from the date hereof, and that in default thereof said bill be taken as confessed by said defendants and each and all of them.

### BANKS and The WAR

RED, WHITE AND BLUE NET WORK

Stretching over the United States is a great network that is helping to win this war... It is the American Banking System. Here is a vast array of specialized experience and ability, housed in some 16,000 banks, peopled by a trained staff numbering over 250,000 men and women, working endlessly to hasten Victory. As separate units and as a system, banks serve by keeping the economic machine running, financing war production and providing a host of financial services to the government and nation. Here was a realistic picture of America's plight.

Two weeks! And our war effort just getting under way.

America's tremendous problem in arming itself while it supplies lend-lease arms to Russia, Australia, England, China and others was outlined by Donald Nelson.

Here is a man whose soft pleading words did not do justice to the vast economic powers which he yields. A dictator would have been as named to plead with newspaper editors as he did humbly and modestly at this conference in Washington.

"We are not doing a good job of winning the war," he said. Our enemies have accumulated tremendous resources in 11 years and we are in 8 or 9 years. With our hands we are able to help arm the American Army and Navy, and we are at the same time maintain our own and sustain it all.

Why the shortage of scrap iron capacity production has not been reached. More scrap iron is needed. If the scrap can be found in homes and farms, and there are literally millions of tons of it available there today, American factories can produce more tanks, more airplanes, more cannons and other essential armament for our yanks and Allies overseas and our army at home. That is the story, folks. Newspapers have been invited to tell you to see that this metal is turned over to Uncle Sam. Do your part.

### THE SOFT BALL TEAM

The Pinckney soft ball team won a total of 27 games this year and lost 10. This is the longest schedule ever played by a soft ball team here or a hard ball team either.

The team won the county championship with record of 10 wins and 2 losses, losing a single game to the Cooley Dairy and Brighton teams. Most of their losses were to Washtenaw county teams. King-Seeley beat them twice, Chelsea twice, the Argus, North Side and Wells Clothes each Pinckney beat Dexter 4 time and South Lyon five times.

Bob Singer led the Pinckney pitchers with 20 victories and 5 defeats. Seguin won 5 and lost 3, Dinkel won 2 and lost 1 and Clifford Miller lost one.

Merlin Lavey hit 4 home runs, Francis Shehan and Keith Ledwidge each 2 and Bob Singer and Elwin Hulce each one.

Clifford Miller set the most bases in batting—28. Joe Lavey led the team in batting with a mark of 411. He was also the only player to play every game.

### WON LAWSUIT

Some time ago the Winans school under the direction of their teacher Mrs. Don Swarthout, collected scrap which they sold to a Howell scrap dealer, William Brayton. There was a disagreement as to the price and the school sued the dealer for the price they claimed was agreed upon. The case was tried Saturday before Justice Knapp at Howell with Mrs. Swarthout, the pupils and board members as witnesses. Joe Gate acted as attorney for the school and Brayton was his own attorney. The district was given a judgement of \$11, and Brayton also had to pay \$5.75 costs.

### PHILATHEA NOTES

The Sept. meeting of the Philathea class was held in the church Congregational parlor where sewing for the Ladies Aid bazaar was in progress. Devotionals were in charge of the chaplain, Mrs. Elliott who read Psalm 103 and Clella Fish offered prayer. The secretary, Mrs. Jesse Henry presented the report for August, the roll call and communications. The president, Mrs. P. H. Swarthout, announced the calling committee for next time as follows: Mrs. J. M. McLucas, chairman and everybody else.

The program com. to be Mrs. Buzard and Mrs. Peck. The place of the next meeting to be announced later, Oct. 20 being the birthday party, October 20, being the birthday of Baraca-Philathea.

Mrs. Peck presented a pleasing program for our last meeting, including a guessing contest and an interesting description of a northern trip by Mrs. Millie Elliott and Mrs. Dora Swarthout, illustrated by cards and booklets. They had been fortunate in being privileged to see the last Indian ceremonial of the season of Winnebago Festival and their description of this and other points of vacation trip was much enjoyed by the rest of the group on Wednesday.

The midday pot-luck dinner was another pleasant feature. It was announced on Sunday that the Ladies Aid members are urged to be present at the parlors on this Thursday, when officers will be elected, and again rags will be sewed for bazaar rags. On Sunday our regular teacher was on hand, and welcomed. For next Sunday, he lesson, 'Judah; an example of self sacrifice' from Genesis 44: 18-34 the 42nd and 43 should also be studied in the connection The Golden text is taken from John 3:16

In our pastor's absence on Sunday Mr Lane gave a helpful message and a duet was rendered by Mrs Campbell and Mrs P. H. Swarthout.

Owing to omissions in printing the Maintenance fund committee last week, we repeat, Mrs. Rose Hendee, Miss Blanche Martin and Miss Cella Fish. Thanks to those who are meeting the payment promptly and generously. The quota is due to be held at the Fall Assoc meeting.

### SOLDIER LETTER

Dear Paul,

Was sure glad to get your paper last week. I was especially glad to hear where Norm Miller was. I suppose I am due for sea duty in the near future. Sure hope this war will be over soon.

The English sailors left this week for New York and England eventually. They were sure a swell bunch of fellows.

The "Pargs Club" of Detroit gives dances every Wed. night for sailors of the Armory at Belle Isle Casino. This club is sure swell. They are nice girls and well mannered. We are served ice cream and coke and soft drinks.

I'm coming down to Pinckney some week end when I don't have to be on call for guard duty. Will have to muster in this before bed time. I don't want to take any chances of not being here. I would get about 8 hours extra duty for it.

I will probably subscribe to your paper when I see you
