News and Letters from Our Boys Who Are Serving Their Country

The first Oct. draft is on Oct. 9. Quite a few from here will be sent to the Detroit induction center. Among them we understand are Mike Dark, Keith Ledwidge, Jack Hannett and Emmet Widmayer. The list has not yet been fully decided upon but the above names are in line for October induction.

Henry Skowerski or Henry Stephens who attended Pinckney high school several years ago but has now been living at Hartland has enlisted in the U. S. Navy and is at Great Lakes. Last June he got his master's degree in chemistry at University of Michigan.

William McMacken of Howell has enlisted in the air corp.

Bill Hodge of the Detroit Edison Co., well known poet has enlisted in the U. S. Navy.

Gene Soper has been transferred to Fort Pickett, Va., from Fort Ord, Calif. and Gerald Clinton to Las Vegas, Nevada, from Sheppard Field, Texas.

Paul Singer, who enlisted in the U. S. navy in Nov. 1941 is home on a furlough. He has been at Newport, R.I., Chicago Pier, Norfolk, Va., Banana River, Florida and is now back in Norfolk. He did considerable flying while in Florida as a pilot's mechanic, having 20 hours in the air. He is now learning to handle an airplane gun.

Paul Singer wears a red stripe on his arm denoting that he is a second class naval petty officer.

James Nash left for Fort Brady last week where he has been assigned by the army.

Jay P. Sweeney, former county prosecutor who recently enlisted has been transferred to the army intelligence dept. and is now stationed at Chicago, Ill.

Cyrus A. Lee has enlisted in the reserve corp at the University of Michigan but does not expect a call before February.

Keith Ledwidge tried to enlist in both the U. S. marines and the navy last week but was rejected by both.

A card fro Friday Haines who is in Fort Francis Warren, Wyoming, states he recently went hunting there and brought back an antelope. We understand Bennie VanBlaircum has been sent from Iceland to Australia.

AGAIN IN THE LIMELIGHT

Chelsea's Joad family is again in the limelight and Sunday 300 Boy Scouts and searchers combed the swamps and hills for three children of the family who have been missing since last week Tuesday. The Joad's whose real name is Beck showed up about 2 months ago with 9 children and not much else. According to their story they have ranged from coast to coast. They were given permission to camp at a lake near there and have been in difficulties continually. Last week three children, Maurice, 13, Basil, 9 and Marcia, 8, were reported missing and have not yet been found. According to the children they have attended 18 schools. The Beck children returned home Monday. They had hitch-hike to Milwaukee, paying their way by shoe shining.

TWO AUTO FATALITIES

Joseph Curran of Detroit was burned to death Saturday morning on Grand River, east of Howell when the truck and trailer of fuel oil he was hauling tipped over and caught fire. He worked for the Smith Truck Co.

Bernard Maas, 16, son of Mr. and Mrs. Frank Maas of Howell was killed in an auto crash near Mt. Pleasant, Sunday. His brother, John, was also badly injured.

MRS. BESSIE LEWIS

Mrs. Bessie Lewis, 52, died at the W. E. Gardner home south of town Sunday after a long illness. She is survived by her husband, Ernest Lewis. The funeral was held Tuesday afternoon at the Sharp funeral home, Fowlerville. Rev. J. M. McLucas officiating. Burial was at Fowlerville.

The Home Extension Group will meet Thursday at 1:00 p. m. at the home of Thomas Howe at Portage Lake.

Pinckney Wins the First Game

Phillip Gentile Catches Pass in Third Quarter and Runs for Touchdown to Win from South Lyon 6 to 0

Pinckney High School football team started off their 1942 season Friday with a 6 to 0 victory over South Lyon. The teams were about evenly matched with perhaps the visitors having a slight edge in weight in the line. Both lines played a bang up game but neither backfield showed much. Pinckney has a veteran line but the backfield is green this year as the entire backfield of last year was lost by graduation. South Lyon was apparently in the same fix here so they took to the air and completed 5 passes out of 7 attempts. Phil Gentile caught 4 and Harry Melnick 1. Without these Pinckney would have made few first downs. South Lyon could not pass and made two biggest gains when they intercepted Pinckney passes.

The first quarter was even with Pinckney having a slight edge as they reached the 25 yard line. In the 2nd quarter Fred Singer made an 8 yard run around end. Gentile caught a short pass reaching the 30 yard line. Soon after he caught another and ran the rest of the way. The only score of the game. Pinckney's attempt to score the extra point was blocked. This ended the scoring although South Lyon came near tying the score in the last quarter. Lewandowski passed to Melnik but the pass was intercepted by Slaughter of South Lyon who ran 50 yards and crossed the goal line. However the ball was called back as a South Lyon player had tripped Jim Reid on the play and they made no more serious scoring threats.

Two new players from Gregory were in the lineup, Lewandowski in the backfield and Worden the line and both made good showings.

OUR DEMOCRACY—by Mab

THE PEOPLE'S WAR. —THIS IS THE AMERICAN PEOPLE'S WAR...

FOUGHT NOT ONLY ON THE FIELD OF BATTLE....

BUT ON THE FARM..... IN THE HOME....

AND IN THE FACTORY.....

—AND FINANCED BY THE PEOPLE... BY ALL PATRIOTIC AMERICANS THROUGH THEIR PURCHASE OF WAR BONDS AND STAMPS... THROUGH SAVINGS ACCOUNTS AND CORPORATE INVESTMENTS AND BY 66 MILLION LIFE INSURANCE POLICYHOLDERS THROUGH THE INVESTMENTS OF THEIR COMPANIES — FORMING A VAST FUND OF FINANCIAL SECURITY WHICH WILL HELP INSURE THAT THE FUTURE SHALL BE THE PEOPLE'S.

To Install New Phone Service

Mich. Bell Telephone Co. To Install Temporary Service Subject To Withdrawal

A new order of the war production Board provides that in areas where telephone facilities are congested, individual line users may be required to share the party-lines so service can be extended to persons essential to the direct war effort or to public health, welfare or security. Receipt of the order was announced for the Michigan Bell Telephone Co. The order does not apply to present business telephone service.

The order also provides that extension telephones cannot be installed in residences, even for persons essential to the war effort, excepting on a temporary basis in the case of critical illness.

The telephone manager pointed out that the new WPB order, like preceding orders, arises from wartime conditions. In normal times, he pointed out, the company would build additional facilities to meet increasing service demands. Now, however, that cannot be done because the required material is more urgently needed for war materials.

Because of congested facilities, new telephone service installations are restricted in more than 20 Mich. exchanges, including large sections of Detroit, with the likelihood that will have to be extended. In some exchanges new service can be installed on a temporary basis, applicants agreeing to its removal on a 48 hour notice if it is required for war or other essential uses.

HOUSE BROKEN INTO

When Mr. and Mrs. Skinner of Detroit who own the cottage across the pond, east of St. Mary's cemetery came out Sunday they found someone had broken into it and stolen a number of articles including a portable radio. The sheriff is investigating.

SCHOOL NEWS

The Pinckney school was closed since last Thursday owing to the fact that a furnace part had to be sent away for repairs. It will open tomorrow.

The football team plays at New Hudson Friday. Mrs. Zoe Earl, music teacher has resigned.

Friday, Oct. 1 is the first Friday of the month for the devotion of the Sacred Heart, mass at 8:00 o'clock. Satisfies the feast of St. Joseph of the Child Jesus. Catechism for all school children Sat. at 10 when two religious will assist in preparation for the reception of the Sacrament of Confirmation. Classes will also be held Sunday after the 8 mass. The Sunday Masses are at 8 and 11 a.m. Sunday is the 19th Sun. after Pentecost and the feast of the Holy Rosary Society.

The rosary will be recited each night at mass during the month. In the homes all are urged to continue the holy Rosary for the intention of peace and for our boys in service, with commemoration for the faithfully departed in U. S. services.

Among the intentions in the holy mass this week, Mon. for the late Arthur McCleer, Tue. for the late Mrs. Margaret Melvin, Wed for the late George Schuller, requested by his sister, Mrs. Redding of Zukie Lake, Thursday for the late Miss H. Reason of Detroit Mich. This is devotion to the Sacred Heart, Sat. in honor of the E.V.M. with a special commemoration for our boys in the U. S. service.

A letter from the Chancery office, was read Sunday in appeal for the Rosary students who are studying for this devotion. All are urged to answer this worthy appeal which is made once a year.

Cardinal Wiseman, in speaking of and for the conversion of souls, in relation to the Holy Rosary says, may her sweet name be lispd by ones and lingers on the lips of the aged and the dying; May it be invoked by the afflicted and by the joyful, that this Star of the Sea being their protection and their guide, all may gain salvation through Christ, come to the harbor of eternal salvation.

Novena devotions each Friday at 12:20 p.m. or all school children and at 7:45 p.m. for adults, followed by instructions for adults in Preparation for the Sacrament of Confirmation which will be conferred here on Sunday, Oct. 18th at 7:30 P. M.

Russell L. Moore, former local resident has been elected to the Detroit school board to fill the vacancy caused by the death of Clarence B. Alley.

Michigan Press Makes Another Appeal for a Renewed Scrap Drive

The prompt and enthusiastic action of the newspapers of Michigan in accepting leadership in the vital national salvage program is the kind of answer I expected in my challenge to the American Press.

This quotation is from a telegram received by the Michigan Press association from Donald Nelson, chairman of the WPB.

It pertains to the newspaper's scrap metal drive which is getting underway in every county and community of Michigan and which will be climaxed by a final cleanup collection of scrap metal starting next Monday Oct. 5, and continuing until Saturday Oct. 17. All newspapers, daily and weekly, are participating in the campaign.

You may logically ask, 'Why is it necessary for the United States to have another scrap drive?'

Well, do you remember those newspaper headlines of a few months ago: 'course you do. They were pretty unpleasant days, losing one battle after another, abandoning one port, then another, surrendering one island after another. Many of us gritted our teeth then and muttered, 'why don't THEE do something about it?'

Some of us were pretty indignant about it. We Americans are not in the habit of losing a war.

The battle of scrap is today's battle on the home front.

It is OUR responsibility — NOT Mr. Arthur, or even our son's on foreign duty through the world.

What are the facts as the newspapers know them to be?

Germany and Japan accumulated huge reserves of vitally needed metal years and years before 1939. We did not. And now with the war on us in both oceans, with fighting fronts almost everywhere, we are again facing the problem of Too little, too late.

CURRENT COMMENT

"By Ye Editor"

For some time many people have had a suspicion that some war angles and activities had degenerated into rackets. Now that the facts of the Louis - Conn fight to be staged in New York city for the service men benefit have been brought to light, they have their suspicions confirmed. It develops that there may be little or no funds for the boys after the certain big shots have got their cuts out of the gate receipts. Mike Jacobs the promoter claims Louis and Conn fighters owe him \$90,000 which he will take out of the gate and John Roxborough, the Louis manager claims Louis owes him \$40,000 which he also intends to take out of the gate. In the meantime Sec. of War Stimson is investigating and the fight may be stopped. Oh Charity, oh charity, what crimes are perpetrated in thy name

.....

Ever increasing war restrictions continue to mount. One third of the taxicabs in New York city have been ordered off the streets to save gas and tires. A picture in the press last week showed their drivers jacking them up, removing the tires and covering them with grease to save them. Starting Oct. 1 meat supply will be cut a quarter. Meat will be rationed on a basis of 2 1/2 pounds per person per week. Tea and coffee have pretty much disappeared from the grocery store shelves. The chain stores it is claimed have posted up signs stating that no coffee is available. If the war continues, and no one claims the end is in sight, just what will a year from now bring forth.

.....

The Canadian - American road to Alaska will be opened for traffic on Dec. 1 next. This road 2600 miles long is the engineering marvel of the age and a steady stream of traffic is expected to flow over it. Work started on it last May. It is a dirt and gravel but will be cemented or asphalted later.

.....

Gov. VanWagoner has appointed a 7 man commission to study the school program and see if a less costly and more efficient plan of school systems can be worked out. It develops that 1500 district schools in the state have 15 pupils or less. Some schools operate with as few as 2 pupils. Buss routes in many cases overlap and a number of districts raise no school tax money at all, getting sufficient revenue from the state to operate the school. This situation has existed for years and everybody talks about it but nothing is ever done.

The answer is that the school district is a powerful part of rural Michigan which controls the legislature and has no intention of surrendering any of their prerogatives.

.....

With the arrest of 89 negro leaders in Chicago last week the FBI unearched a gigantic Jap spy ring whereby the Japs by getting the negro scrawball and fanatic organization to accept the fact that by combining with them they could rule the world secured by their support a mighty 5th column in this country. These organizations had branches in many cities in the nation and their membership in Detroit runs into the thousands. The Order of Islam, a voodoo organization believing in human sacrifices is one of them. While it is improbable that any such fanatic organization could inaugurate a reign of terror or overthrow the government, their exposure will tend to make the people more watchful and guarded and fix in their minds the fact that there are dangers here in these troubled times as well as in Europe and the South Pacific.

.....

Many cannot understand the opposition of the rural districts to the Wayne county charter reform amendment. The reason is that the amendment abolishes the township form of government to a certain extent and provides for a centralized form of control. The rural districts see it as an opening wedge which threatens their own township government and they don't wish to surrender any of their privileges. It's the aim as they see it to abolish the board of supervisors which have governed the county units since time immemorable.

What You Buy With WAR BONDS

The Navy is making a plea to civilians to turn in their binoculars or military use during the War. The Army and Navy both need binoculars for navigation and scouting purposes. Depending on the power of the lenses, they cost from \$50 to \$80 each.

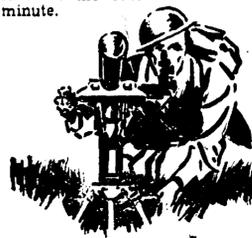

What You Buy With WAR BONDS

If you have a set of 6 x 30 up to 7 x 50-power lens binoculars loan them to the Army or Navy. If not, your purchase of War Bonds and Stamps will help buy this equipment for our fighting forces. At least ten percent of your income in War Bonds every payday will do the job and provide the "eyes" through which a scouting pilot may spot an enemy battleship.

The "Stovepipe," as the 60-millimeter trench mortar is commonly known, is used by our infantry for close-in fighting. It fires a 2.4-pound shell at the rate of about 35 a minute.

At Midway, in the Coral Sea and from General MacArthur's headquarters in Australia, the Navy patrol bombers are searching out enemy bases, ships and transports and "completing their mission." The Navy Patrol Bomber costs about \$750,000.

Our factories are turning out hundreds of these bombing ships. Yet it is only through your investment in War Bonds and Stamps you can do your share to help provide patrol bombers for our rapidly increasing air force. Invest at least ten percent of your income every payday in these Government securities and do your bit to win and shorten the war. Our airmen are depending on your help.

Essential in the equipment of every Soldier, Sailor, Marine or Flyer is a first aid kit, consisting of bandages and antiseptics for instantaneous use. These materials are packed into a compact box and cost about \$1.50 each.

We need millions of these first aid kits for emergency treatment. They are also used by Red Cross workers, in field hospitals and wherever needed until hospital treatment may be obtained. Even a child could buy one or more of these kits through purchase of War Stamps. Buy War Bonds and Stamps every pay day and invest at least ten percent of your income in these government securities.

ADOPT RESOLUTION

At a meeting of the Democratic District consisting of Genesee, Ingham and Livingston counties, the Delegates of the Sixth Congressional following resolution was prepared and adopted:

In view of the failure of our present Congressman from the Sixth District in recognizing in his term of office the danger in which this country has been placed, and in view of his partisan and his obstructionist attitude before Pearl Harbor opposing all measures proposed for the preparation or protection of the Nation from the encroachment of foreign enemies, and his failure to sup-

David M. Martin

part the measures for the welfare of agriculture and the labor interests of our country, that is appropriate and our duty to select a man of wisdom and foresight to be elected to represent this district in Congress, and believing that the Democratic candidate for the office, David M. Martin, is possessed of these qualities as well as having a broad experience in the legislature of this state and other branches of the government, and believing that he will work solely for the Nation's interests in winning the war and planning the peace so as to service the theory and assisting the peace to follow, and also to guard the interests of our boys in the service as well as the laboring interests, the farm interests and the business interests of the country; we, therefore give unqualified endorsement and support to said David M. Martin and urge all peoples, regardless of party, to join in his election as a Congressman from the Sixth District.

COLLECT THAT SCRAP

In response to the WPB's request to the newspapers of the country for help, this paper pledges its full cooperation in the WPB's forthcoming drive for scrap metal.

Donald Nelson, Gen. Somervell and Admiral Robinson, in their appeals to the representatives of the press assembled in Washington, left not the slightest doubt that the scrap situation today is the most pressing if not THE most vital... problems facing the country and its war effort.

Especially significant was the plea that scrap of all kinds be collected before SNOW FLEES.

Thousands of tons of scrap lie in the open. Snow will hide it. If it is covered with snow in the early winter it will stay hidden until spring. And the mills will need it desperately long before that time.

Gather your scrap now in a convenient piles for collection, and the newspapers will give details.

ANY metal is needed -- steel, iron, copper, brass, lead, zinc, tin, aluminum and rubber.

Collect it in your basement or garage so it can be to the curb the day collections are made.

Scour the house! Scour the garage! Scour the farm! Anything made of steel, iron, copper, rubber, brass, lead, zinc, tin or aluminum is needed for the war effort -- which means that is needed for your protection.

REGISTRATION NOTICE FOR GENERAL ELECTION

MONDAY, NOVEMBER 2, 1942

To the Qualified Electors of the Township of Putnam (Prec. No.) County of Livingston, State of Michigan

Notice is hereby given that in conformity with the "Michigan Election Law", I, the undersigned Township Clerk, will upon any day, except day of any regular or special election or primary election, receive for registration, the name of any legal voter in said township not already registered who may apply to me personally for such registration. Provided, however, that I can receive no names for registration during the time intervening between the Twentieth Day before any regular, special, or official primary election and the day of such election.

Notice is hereby given that I will be at my home, Pinckney, Michigan, Wednesday, October 14th, 1942 the twentieth day preceding and election, as provided by Sec. 2767, Michigan Election Laws, from 8 o'clock a. m. until 8 o'clock p. m. on each said day for the purpose of REVIEWING the REGISTRATION and REGISTERING such of the qualified electors in said TOWNSHIP as SHALL PROPERLY apply therefor.

In any township in which the clerk does not maintain regular daily office hours, the township board of such township may require that the clerk of such township shall be at his office or other designated place for the purpose of receiving applications for registration, on such other days as it shall designate prior to the last day for registration, not exceeding five days in all.

The name of no person but an ACTUAL resident of the township at the time of said registration, and entitled under the Constitution, if remaining such resident, to vote at the next election, shall be entered in the registration book.

NOTICE: Absent Voter Must be Qualified Elector.

Although Sec. 2774, Laws Relating to Elections, Revision of 1939, still provides that an absent voter may apply for registration at time of applying for ballot, and gives form of affidavit he should make, Act 63 of P. A. 1939 stipulates that in absent voter's application for ballots he must state that he is a "fully qualified and REGISTERED elector."

Opinion of the Attorney General is that Acts 66 and 63 "must be construed to repeal the inconsistent provision of Sec. 2774 permitting absentee registration AT THE TIME of making application for an absent voter's ballot."

Thus the Absent Voter's application and affidavit for registration are useful only in cases where voter may mail these in, then make application for ballots later, after registry has been completed.

The portion of application showing herewith enclosed in brackets should be crossed out when applying for registration.

Gun shooting of antlerless deer in Allegan county is Dec. 1 to 10. 800 sportsmen chosen by drawings will be allowed to hunt there.

AMENDMENTS ON THE BALLOT

There will be submitted to the electors at the general election to be held Tuesday, November 3, 1942, following proposals:

PROPOSAL NO. 1

Revision of the Constitution of the State of Michigan Article XVII, Section 4, of the Constitution provides that in 1923 and each 26th year thereafter, the question of a general revision of the Constitution shall be submitted to the electors. If a majority of the electors voting thereon vote in favor of revision, a constitution convention will be called to draft and propose to the electors a general revision of the Constitution.

PROPOSAL NO. 2

Proposed Amendment To the State Constitution Permitting Wayne County to Adopt a Charter Sufficient initiatory petitions have been filed requiring submission to the electors of an amendment to the Constitution to stand as Section 155 of Article VIII permitting Wayne County to adopt a charter.

PROPOSAL NO. 3

Referendum On Act 369, Public acts of Michigan of 1942, Common only known as the Milk Marketing act

The question submitted to the electors is the approval of Act, 369, Public Acts of 1941, commonly known as the Milk Marketing Board defines its powers and duties, authorizing a board to levy assessments on milk producers and dealers for administrative expenses and to provide penalties for violations of provisions of said act and declare its effect, under Article V, Section 1, of the Constitution.

This notice is given in compliance with Section 7 of Chapter 22 of Part IV of Act 852, P. A. 1925 which is as follows.

The Secretary of State shall duly prepare a concise statement, setting forth the nature of any such proposed amendment, or other question and shall send copies of said statement to the several daily and weekly papers published in the state of Michigan prior to the election, with a request that said newspapers give as wide publicity as possible to said proposed amendment or other question. Publication of any matter by any paper under the provisions of this section shall be without expense or cost to the State of Michigan.

Yours very truly,
HARRY F. KELL

CONGRESSIONAL NEWS LETTER

Hon. W. W. Backney

Expression of Appreciation Record Crops Are Forecast

On the basis of August figures it is estimated by the Dept. of Agric. that the total harvest of major crops will run at least 13 percent above the peak year 1937. Final surveys show record production of grain, hay, oil seed, beans, peas, sugar, fruit and vegetables. A large cotton crop is anticipated and average crops of potatoes, sweet potatoes and tobacco continue substantially above previous years. The large farm production is attributed to favorable growing conditions which have brought record yields per acre.

Thus corn production is now estimated at 3,015,915,000 bushels as against 2,672,541,000 in 1941; winter wheat production will be 697,708,000 bushels last year and the spring great crop is estimated at 284,085,000 bushels as against 274,644,000 in 1941. Of other crops, figures indicate 1,353,431 bushels of oats as compared with 385,709 in 1941; 419,201,000 bushels of barley as compared with 358, 709 in 1941; 59,665,000 bushels of rye as against 45,191,000 last year and 72,282,000 bushels of rice compared with 54,028,000 in 1941.

Scarcity of Farm Labor

During the recent recess of the House I spent approximately 2 weeks in travelling over my district and in studying conditions therein. In some sections of the district it is practically impossible to hire suitable labor. The administration asked the farmers this year to produce a banner crop; this they did, but now they are seriously confronted with the fact their sons have been drafted in the service and that it is impossible to secure skilled farm labor.

Something will have to be done to protect the farmers in this respect if they are to continue with the big production program. Practically all farm leaders agree that consequences of a continued disregard of the farm labor program would be serious, and that efforts to arouse public opinion and to hasten success of this program are timely and in furtherance of civilian warfare and the military program.

Our farmers are thoroughly patriotic, but if no farm labor is available the production must materially decrease. It is to be hoped that exemptions for bona fide farm boys will be granted because the farm boy actually employed on the farm and defense workers actually employed on defense production, are soldiers of production co-operating with actual soldiers and therefore are vital to the successful termination of the war.

Sending Mail to Men in the Service

Because of the army requests for information on the above topic I am submitting in this letter, and in subsequent letters, questions and answers that may be of service to those who desire to send mail to the boys in the service.

1. How should mail be addressed for men in the army?

Letters and packages addressed to army personnel serving outside the continental United States must show the grade, first name in full, middle initial and last names of person addressed, followed by his army serial number, if known; the letter or number of the company or similar organization of which the addressee is a member; designation of the regiment or separate battalion, if any, to which the company belongs; army post office number in care of the appropriate postmaster. Location of the overseas station should not be used, even if known.

2. What about men stationed in the United States?

Their mail should show the same information except that the name of post, camp or station should be used. Mail addressed to army personnel on maneuvers within the continental U. S. should show the same information as prescribed for outside continental U.S.

3. Suppose the complete address is unknown

In that case, it is almost impossible to get a letter delivered without first getting the address through the Adjutant General's Office, War Dept., Washington, D.C.

4. How should mail for the men in the navy be addressed?

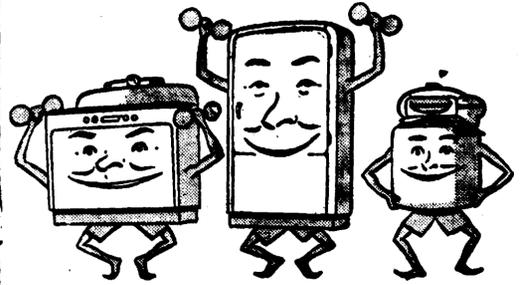

Mail should carry in addition to the name and address of the sender, the name, rank, or rating of the addressee and the name of the shore establishment where he may be stationed if it is in the continental U. S.

Expression of Appreciation to My Constituents.

I wish to take this occasion to thank my many friends and constituents through this district for the

RULES

to help keep your electric appliances in

tip-top shape

FOR THE DURATION!

YOUR REFRIGERATOR. Defrost regularly—but don't chip off the frost with a knife or sharp tool. Whenever you defrost, clean out the inside of the refrigerator with lukewarm soapy water. Avoid over-crowding. Never store foods that do not require refrigeration. Locate your refrigerator away from heat sources. Do not put hot foods in refrigerator to cool. Unless your refrigerator has a "sealed-in-oil" motor, have it oiled and inspected regularly.

YOUR ELECTRIC RANGE. Keep the porcelain exterior clean. Do not use a stiff brush or sharp instrument to remove spilled food from heating elements. (Food should be burned off.) Do not let spilled food dry or harden on the range. Ventilate oven after each baking or roasting operation—leave door open. When cool, wipe inside of oven with a damp cloth.

YOUR ELECTRIC WASHER. Wringer rolls are rubber—and precious. When through using wringer, release pressure on rolls so that they can stretch and breathe. Don't try to force belt buckles, metal buttons, etc., through rolls. When finished washing, drain and rinse the tub and wipe dry with soft cloth. Drain the hose. Rinse and dry agitator or suction cups. Do not overload washer—this puts strain on motor.

YOUR VACUUM CLEANER. Before cleaning rugs, pick up such metallic things as hairpins, tacks, nails, etc., by hand. These can cause bag punctures, belt-cuts, or even get tangled up in the fan. Be sure nozzle and brush are adjusted properly. (Improper adjustment may break rubber belt.) Empty dust bag frequently. Once a month, turn it inside out and brush thoroughly. Never wash bag. Keep brushes free from hair and threads.

MICHIGAN MERRA'S

There's one important difference, however. This time we don't have to mutter, "Why don't they do something about it?", because today it's up to US.

Michigan war plants, many of them at least, are not operating at capacity. Many workers are idle, because steel mills can't fill the orders. They can't fill the orders because of a shortage in scrap metal.

The only remaining source of this needed metal for MORE TANKS, and MORE AIRPLANES and MORE MUNITIONS of every kind is the steel which is in every urban home on every farm, in industrial plants and even little used railroads.

Thrifty home owners and tenants appreciate the logic of filling the fuel bin in advance of winter. The filled bin is a reserve supply against winter demands.

When you turn over your scrap metal - either by donating it to some local charity or by selling it to a local junk dealer you will make possible the building of reserve scrap banks for your Uncle Sam during the coming winter.

These scrap piles, whether in sight on the town square or in the junk yard, will be visible evidence that Uncle Sam CAN get the scrap if and when it is needed. It is entirely possible that such scrap may be held in reserve for emergency use in Michigan war plants until next Feb. or March.

Many of you may be already tired of hearing and reading about the necessity of scrap metal. Listen to these words by Linwood Noyes editor of the Ironwood Daily Globe, way up north in the Iron county.

"You haven't time to get tired. You haven't heard anything yet. When this drive is completed there will be another, and another, and still another. For scrap for rubber for money, for men, for women, for soldiers, sailors and marines.

"Let it not be said we had too little, too late.

What You Buy With WAR BONDS

It is imperative that the ship lanes be kept free of ice. With American troops occupying Iceland and the Navy using the northern route for transportation of supplies to Russia, ice breakers are essential to Naval operations. The ice breaker is a specially constructed ship with heavily armored bows and powerful engines that crush the ice floes rather than ram through them.

Ice breakers of the Kickapoo class operating in the North Atlantic cost approximately \$10,000,000. You can help our Navy build these ships by investing at least ten percent of your income in War Bonds every payday. Enroll in the payroll savings plan or apply at the nearest bank or postoffice. PHILATHEA NOTES

We had our usual inspiring lesson on Sunday when we studied the last lesson of the third quarter with Mrs. Kellenberger leading us. Next Sunday we begin "Studies in the Christian Life" (Personal, Family, Church) your aim being help the learner achieve more effective Christian living in personal experience in family relationships and in and through the Church. For October 4, "Faith in Christ as our Personal Savior, Acts 16:13-15. Romans 5:1-11. Read also John 5:1-5.

The Ladies Aid are announcing our annual football supper for this Saturday night and are looking for a good attendance.

Once more we note the October meeting of our group, the annual birthday party which will be held this time with Mrs. Buzzard, on Wednesday, October 14.

Our pastor announces more cheering news concerning the illness of his daughter, Eva, and the Philathea class and all of her many friends here hope for a very speedy recovery. Our prayers are daily being offered in her behalf.

Next Monday an annual church meeting and first family rite of the season and will be held in the church parlors with pot-luck supper and reports of the past year will make the evening interesting and all members and friends of the church are invited.

McPherson State Bank
Over Sixty-Eight Years of Safe Banking
HELP PROTECT PRESENT VALUES OF YOUR EARNINGS AND SAVINGS

We cannot urge you too strongly to put your excess earnings into war stamps and bonds. This is not asked because it is the popular thing to do to brag about how many stamps or bonds one has bought but because you are doing yourself a favor. Putting your earnings into Government securities will help beat inflation which is now knocking at the door and which if allowed to run rampant, will kill the value of all your efforts. This is how it works. If everyone would put all of his earnings outside of reasonable living costs into Government securities than that money would not be available to buy consumer goods of which there is a limited quantity. The Government Price Fixing and Rationing program is intended to help along this line too. In addition to this advantage you will be building a fund to tide you over the reconstruction period which will come after the war when adjustments will have to be made.

Money to loan at reasonable rates interest paid on Savings Books and Time Certificates of Deposit.
