Dear Mother;
Well, it has been a long time since I have last written and it has been better than two months since I have received any mail. It sure seems like a year.

I have really had a very exciting time lately. I am in Guadalcanal in the Solomon Islands. Of course I cannot give you any details as yet, but I can tell you the Japs certainly caught Hell. As the old saying goes, "The Marines have landed and the situation is well in hand."

I am in perfect health. There is not even a scratch on me. And as we have the Island almost secure the danger is about over. I will have many interesting and exciting tales to tell you when I get home. Of course, I cannot tell you when that will be. However, I hope it won't be long.

That is about all the news I can tell you about myself at the present time. I may not be able to write again for a while but don't worry.

I suppose the summer is about over in Mich. by now. Dad had better hurry and get in a couple of games of golf before the snow flies. I wish I could join him. The game I am playing is more exciting. Instead of batting a ball around we are batting Japs. A drop of sweat just dropped on paper so I had to leave a space. That gives you an idea of how hot the weather is here.

I suppose most all the boys around home are in the service now. Well, if the war in other places is as it is here, they will all be home again before too long.

I must close now, but will write again as soon as I am able to get another letter out. We are starting to get mail so be sure and write. Do not worry.

Love,

Private Howard R. Read

MRS. MAX GORA

Mrs. Frances Gora, wife of Max Gora died at her home in Detroit on October 18. The funeral will be held from Assumption church Thursday morning. Surviving are her husband, 3 daughters and 2 sons. The Gora family formerly lived here at Hi-land Lake and later at the home they built near the Reeves school. They sold this a year ago and moved back to Detroit. This community sympathizes with the family in their loss.

Scrap Rally Is Tomorrow

Scores Twice Against New Hudson
in First Period to Win 12 to 0

Pinckney high school defeated New Hudson here in football Friday 12 to 0. The games was played on a wet soggy field which materially slowed up both teams. Using straight football with George Aschenbrenner making most of the yardage, Pinckney reached the 3 yard line where Palmer went through the line for a touch down, Jackie Haines was put in to drop kick the extra point but failed to make it.

In the second quarter Pinckney again reeled off gain after gain and reached the one yard line where they lost the ball on downs. New Hudson essayed to punt from behind her own goal line but Holks Swarouth blocked it and Harry Melnik fell on the ball for a Pinckney touchdown. Jackie Haines failed to drop kick the extra point, the pass from center being high.

In the last half although Pinckney kept the ball in New Hudson territory throughout and blocked another New Hudson punt they failed to get more points because they did not make enough successive gains. The Pinckney substitutes played about half the period and were coming and going continually.

New Hudson who played a good game against Pinckney two weeks ago, only losing 12 to 13 failed to show any offense against Pinckney only making one first down and never got past their 50 yard line the entire game.

George Aschenbrenner played a great game the first half but got badly winded the second period. Pinckney completed three passes, caught by Gentile, Lamb and Palmer. They also intercepted two New Hudson passes, Fred Singer and Doug Plummer grabbing them.

Stockbridge plays here Friday and Pinckney should win despite their one sided defeat at Stockbridge last year. This year Stockbridge has lost all four games played to Okemus, Dexter, Fowlerville and Holt by big scores.

Dearest Anna, Gerald and Shirley:
Arrived in England awhile ago. Am fine and hope you are all the same. This country is beautiful but it is cold at nights. The people here treat the soldiers fine. They have a different accent than we do. Their money is different and their penny is bigger than our half dollar. The cars travel on the left hand side of the road and the steering gear on the opposite side from ours. We play baseball and volley ball here. Lots of blackberries around and they are fine. Am going to have a new set of teeth. Have had 17 pulled out. How is Shirley coming with her teeth. Still taking music lessons I suppose. Never received that package that your sister, Helen Bates sent to me. Send me some cigarettes, candy and soap because you can't get them here. Say! Shirley I still have your lucky penny.

I don't hear from Friday Haines or Joe Basydio. I must send Joe some stamps.

In which the Amendments to Be on the Ballot Nov. 3 Are Discussed

The old Yankee spirit lives on. This observation is prompted by the shortage of labor in Michigan which is a serious situation.

The other week a newspaper carried an item as follows: "Four thousand acres of sugar beets in _____ county are without labor to harvest them. It means are not round at once to harvest this valuable crop, more than 12,000,000 pounds of sugar will be lost forever."

There are a realistic Crisis. 12 million pound of sugar! Not enough farm labor to harvest the crop! "Well, what happened," you ask. "No, the sugar isn't going to spoil in the ground."

American resourcefulness, plus the spirit of sacrifice to win this war, are getting in the crops. Here is a story which makes you proud you are an American. It could be duplicated in scores of smaller towns in Michigan today.

Next week's newspaper carried an answer to the challenge. The school principal telephoned the editor, and the news story went like this: Any farmer who needs help may ask for a battalion of four boys or more. They will come out to his farm and work any day of the week. Payment is left to the discretion of the farmer. The idea isn't money, it's getting the crop in. It's our boys contribution to the war effort.

In the present scrap drive, sponsored by the newspapers at the request of Donald Nelson, chairman of the WPB, entire towns have closed their stores, dismissed schools... all to get scrap.

Merchants man the trucks. School children canvass homes. At night the whole town turns out for a community party... doughnuts and cider... music and dancing... and a war bond is awarded to some lucky donor of scrap metal.

This isn't fiction. It happened in Tekonsha the other day. Where is the publisher? Meredith Clark is an officer in the U. S. Army; his wife is running the paper, the Tekonsha Patriot, and getting scrap to boot. No wonder the town is turning out to help her.

Some communities are using their resources to help win the war. Others are not.

It's a question of utilizing manpower is put to work WHEN individuals are inspired to self sacrifice. When a farmers wife goes into Continued on Last Page

MARRIAGE LICENSES

The following marriage licenses were issued at the county clerk's office last week: Thomas Glennan, 70, Brighton, Mary Lulu Morrison, 55, London, Ontario; Donald Hill 40, Brighton, Pearl Lee, 34, Brighton; Laverne Williams, 25, Brighton, Natalie Dzeubanek, 24, Brighton John Thomas Jackson, 21, Howell, Marion Berry, 19, Howell; Ellsworth Kirtland 21, Pinckney, Eloise Gardner, 19 Pinckney

Las Vegas, Nevada

Dear Paul and All:
Sorry not to have written you before but we did not have much time for letter writing with all the studying we do. Our days starts at 6:00 a. m. and lasts to any period before mid night for 6 days a week. We don't have to carry packs though and only drill about half an hour a day. Have been here three weeks and will be here at least 2 more. After that I might go anywhere.

Had a good trip from Texas here. Never saw mountains before. Our camp is surrounded by them. The nearest is 12 miles away but they don't look over two.

The boys from Pinckney are sure scattered. There are several here from Michigan but none I ever knew before. Hear from both Marsh and Friday. Glad you publish the names of the boys in service. Hope you keep it up and correct the list. There are 6 fellows in this room and all read your paper. They are getting well acquainted with the Pinckney peop's through it.

Will have to stop now as we have a stiff exam. in the morning and I want to pass it.

Yours, truly,
Gus Clinton.

CURRENT COMMENT

By Ye Editor

This year it was Japs and pheasants next year if the war lasts it will be just Japs. Most hunters were discerning enough to know that the war would create scarcity of ammunition and consequently laid in ample stock to tide them over. As there was no rationing on ammunition the dealers stocks were exhausted and late comers were unable to get any. We have talked to a number of hunters and they are not worrying any about this year's ammunition supply but admit they don't expect to get any next year if the war continues. So hunters should make the most of their opportunities this year.

According to our exchanges they are still picking them up in various parts of southern Mich. for violating the 35 mile an hour speed limit but there does not seem to be any widespread intent to violate the law, the violations being more the result of thoughtlessness. This reduced speed limit has more advantages than ce. serving tires and gas. Numerous insurance companies have announced a reduction in auto insurance rates as a result of the slower driving speed. Public opinion will also make fast drivers comply. Capt. Scavarda of the state police advises drivers to give V signal with their horns, three short toots and a long toot when they are passed by a fast driver. In many cases these drivers are shamed into complying with the law.

Cpt. Harold Mulbar of the state police announces that they have 15,000 disloyal Americans in Mich. who are slated for examination and investigation. Many of these citizens are of good standing who have such strong Axis sympathies that they are manifested and their disloyalty is indicated by substantial evidence. All persons whose allegiance to the U.S. is questionable are liable to have naturalization papers cancelled.

The lowering of the draft age to 18 years appears to be just around the corner. Bills have been introduced in both the House and the Senate to that effect. The only difference is the house bill would exempt students and the senate bill would not. This minor difficulty will be settled quickly. An army of 7,500,000 is desired. It now numbers 4,000,000. Even the lowering of the draft age would not yield the required number of men and it will be necessary to draft men with dependents if the required number is obtained. Drafting of 18 year olds will put off the drafting of men with dependents for 3 or 4 months. The lowering of draft age is not a great surprise. The 18 year olds have been expecting it and anybody who has read the war news knew it was inevitable. According to recruiting officers the enlistment of 18 year olds has increased 12 per cent in the last month.

The announcement that the Detroit schools would abolish all athletics for the duration of the war seems to have been premature as it is now announced that the matter has been reconsidered and will be up for another vote. The abolishing of sports was the suggestion of Warren Bow, supt. of schools who would replace it with 2 hours of health education. Bow was given blanket authority last Sept. to adapt the school program to war time needs and this is his answer. It seems to be a case of kill or cure. However we don't think that such drastic action is necessary at the present time. The Detroit schools only play each other and there is no transportation problem at stake there

**MICHIGAN'S
WAR GOVERNOR**

Murray D. Van Wagoner
during his present term
as Governor and during
his eight-year term as
State Highway Commis-
sioner, has gained the
experience that is need-
ed to serve his State and
Nation in peace time as
well as in war. He gets
things done—and RIGHT.

This experience—plus
the vigor to follow
through on a tough job
— is important to you
and the Nation NOW! In
these fast-changing
times, your best inter-
ests are served by a man
whose performance is

**STATE DEBT
PAID OFF!**

\$27,000,000 is a lot of money
for the State to owe. Governor
Van Wagoner promised when
you elected him before to pay
at least half of the State's debt.
He did a lot better—today the
debt is paid in full and there is
an \$8,000,000 surplus in the
Treasury to ease your tax bur-
den in the days to come.

PERFORMANCE PROVES
HE GETS THINGS DONE!

**BETTER PLANNING
ESSENTIAL FOR THE
FUTURE HAPPINESS
AND SAFETY OF OUR
COUNTRY!**

Good planning will prevent the
blunders following the last war. Af-
ter the last war, for lack of stabiliza-
tion, and a floor on farm prices, the
farmer's prices dropped 50% and as
a result, a large portion of their
wealth shrank. Of the western farm-
ers, many were wiped out.

In the years 1929-1933, with the
panic obvious to all, Congress failed
to guarantee bank deposits until all
banks were closed in 1933.

With Germany and Japan prepar-
ing for war in 1934-35. Men like
Churchill, MacArthur in the Philip-
pines, and others asked for prepar-
ness but were voted down by the iso-
lationist members of Congress. The re-
sult is that 300,000 Japanese sol-
diers were able to conquer an area
much larger than their own mainland
and to seize our sources of rubber,
Many drugs, and vast wealth in oil
and hardwoods etc. Their failure to
follow MacArthur's advice in voting
money to defend the Philippines has
lost the rubber which has brought
hardship to every car driver.

The congressmen who proved their
lack of wisdom before December 7th
1941, should not be credited with
wisdom in November of 1942.

Vote for men who will act prompt-
ly to win the war and protect the
peace.

DAVID M. MARTIN

Democrat Candidate For

Congress

MR. VOTER: It is important to have a Member in the majority
party. The Democrats have a majority of 104 votes over the Rep-
ublicans. With the President, the United States Senate more than
2 to 1, and the House strongly Democratic, it is important to the
10,000 parents in this district whose boys are in service to have
someone who will act promptly. If elected, I pledge to support all
measures in their interest because it is upon their service that the
safety of the nation now depends.

TOO LITTLE — TOO LATE

The scoreboard of your present congressman shows he voted "NO"
on important bills for preparation, as follows:—

Gwam Navals Base	Feb. 28, 1939
Arms Embargo	Nov. 2, 1939
Neutrality Revision, so materials could go to England	Dec. 3, 1939
Military Planes Bill	June 22, 1939
Lend Lease Bill	March 19, 1941
Draft Extension	August 12, 1941

If elected, I pledge to vote promptly for all measures for winning
the war and protecting the peace.

MEAT LEET -- OVERS FOR THRIFTY MEALS

Described by Mrs. Christine Fredrick, authority on household efficiency, in The American Weekly with this Sunday's (Oct. 25) issue of The Detroit Sunday Times. Also you'll find recipes for four old English dishes which many an American soldier in England will taste and want when he comes home after the war. Be sure to get Sunday's Detroit Times.

CONSERVATION DEPT.

A lottery to select deer hunters for Allegan county may not be necessary unless more interest is shown. With Oct. 31, the deadline only 112 applications with the \$2.25 fee have been received. Last year 1100 hunters filed applications. The hunting toll for the first day was one dead and 5 wounded. Sand hill cranes are rare in Mich. 30 to 40 being considered a large flock. There is a concentration point for them in Waterloo area. Gas and tire rationing and a scarcity of ammunition according to reports has cut the number of hunters, unless ammunition is sold next year or war ends there may be no hunters. Most hunters this year laid in supplies of ammunition but this still will be exhausted by next year.

Men are dying for the Four Freedoms. The least we can do here, at home, is to buy War Bonds — 10% for War Bonds, every pay day.

SAVE electricity

... use these simple aids to **BETTER HOME LIGHTING**

Enjoy better lighting in your home and save money doing it! It's easy if you follow the three suggestions listed here:

FIRST—Get as much as 25 per cent more light by keeping your lamps and fixtures clean. Dust and dirt rob you of the light you pay for. Dust collects on bulbs and inside reflector bowls, cutting down their efficiency and wasting electricity... exactly as if you were buying electricity for four lamps and only getting light from three. Wipe all lamp bulbs frequently — also reflector bowls and ceiling fixtures. Dust your lamp shades inside and out. Remember that dust collects insidiously, day by day — stealing light before you realize it.

SECOND — Dark colored lamp shades soak up light like a thirsty sponge absorbing water. A light colored shade is far more efficient because it reflects more light into the room where it can do some good. If you have a dark shade and want to increase its usefulness, try fitting it with a white lining. The difference in the amount of light reflected will surprise you!

THIRD—Use the right size bulbs in your lamps and fixtures. Too large a bulb can result in just as poor lighting as too small a bulb. Squeezing a big bulb into a small lamp causes glare and harsh shadows. Using a small bulb in a large lamp gives inadequate light. Choose the right size lamp bulb for the right socket.

the field to pitch hay that's the best proof in the world to us that she is doing her part to win the war. We wish we could honestly say the same thing about some industrial workers who quit work because they can't smoke. The smoke of a cigarette, enjoyed in comparative safety and at high pay, is a sordid contrast to the smoke of Bataan where it was a matter of too little too late. A Detroit C.I.O. Union the other day set out a little bulletin to its new members. The news letter went on to say: 'The new employees should be told that the union stands for a fair day work for a fair days pay and that in the present crises we expect to cooperate for all-out production for victory, BUT we don't want any single individual trying to produce all the implements of war all by themselves.'

The C.I.O. bulletin accused new workers of 'working all out of port' and 'what we considered a day's work.' It can write the finish to this. The school boys leave classes to harvest crops for farmers. The circuit court in Oakland county in the suit of Joseph Gaffka vs the Grand Trunk railroad turned in a verdict of no cause for action in his \$810,000 suit following the smashing of his auto by a train and injuries to himself. He carried the suit to the supreme court who has ordered a new trial of the case. The Mich. Texas gas line will be completed in 3 weeks when the South Lyon-Dexter link is finished. 8 miles of M-447 south of Perry north to Williamston is being blacktopped. Miss Anne Louis Fedawa of Howell has enlisted in the Navy WAVES. After teaching for 16 years Stanley Haines is now working at the Willow Run bomber plant. Mr. McLaughlin of the University of Michigan is the new Dexter high school director. From now on the state highway dept. will use white paint to mark the pavement as the chrome used in yellow paint is needed in the war effort. Chelsea collected 100 ton of scrap in her scrap drive and will hold another one this week Thurs.

NEIGHBORING NOTES

A. D. VanAken, supt. of Dexter schools for the past 17 years has resigned to take effect immediately and it was accepted by the board who named Don Wilber, athletic coach, acting supt. Mr. VanAken accepted a position in the Jones school, Ann Arbor. Mr. and Mrs. David Steptoe of Dexter announce the engagement of their daughter, Sylvia Jean, to William Drinkwater Jr. of Detroit. The joint scrap drive staged recently by Handy, Conway, and Inco townships netted 140 tons of scrap. The pupils of Fowlerville high school have signed up to assist in harvesting the beet crop. Seaman John Lewis of South Lynn was wounded in the sinking of the U.S. destroyer Vincennes in the Solomon Islands. Miss Nellie Arms, a retired South Lyon school teacher killed herself in her car near Silver Lake there recently by the carbon monoxide gas route. Officer Miller recently arrested Arthur Moray 15, of Blissfield for reckless driving. He was found to have a stolen car in his possession and to have run away from the Wash tenaw detention home. The circuit court in Oakland county in the suit of Joseph Gaffka vs the Grand Trunk railroad turned in a verdict of no cause for action in his \$810,000 suit following the smashing of his auto by a train and injuries to himself. He carried the suit to the supreme court who has ordered a new trial of the case. The Mich. Texas gas line will be completed in 3 weeks when the South Lyon-Dexter link is finished. 8 miles of M-447 south of Perry north to Williamston is being blacktopped. School Notes

FOOTBALL GAME
Friday at 3:45 Pinckney will meet Stockbridge team on our home field. Last year we lost to them but this is another year and we are going to try to be victorious. At the last home game we had a good percentage of people on the side yelling and cheering our team. We won so why not again try the same thing.
RECREATION
Mrs. Wilson, the girls sport advisor announces the recreation night which has been scheduled for high school girls is now open to the women of the town.
SOPHMORE CLASS NEWS
The big all high party scheduled way, and the plans seems to assure the guests of a good time for that night on Oct. 30th, is getting under evening. Next week we will present a description of the party to be and on it. We hope you are one of them that will give you some better idea who plan on attending.

JUNIOR CLASS

This is to remind you that the Juniors are selling their stationary for two weeks. Your cooperation will be appreciated.
SENIOR NEWS
Monday night the senior class had a party given by the girls of the class in the school gym honoring the boys magazine selling ability. The games were enjoyed by everyone, especially the Musical chair. Refreshments consisting of hot dogs, cider and cake were prepared by the senior girls and they added much more to the success of the party.
