The Aschenbrenner family receiv. e s tolegram from the war dept. today announcing that their son. Julius, was wounded in New Guinea while in action there.

Senst Gerald Clinton was one of the triple threat men to receive his diploma at the army bombardier air base at Carlsbad, N. M. Saturday. He now goes to an operational training unit.

A card from Emmett Widmeyer states he is in Camp Custer but expects to be moved any day now.Dan Barber is also there.

Last Friday's Detroit Free Press carried a picture of Rex Smith, former Pinckney resident now in the US mayy. Since his enlistment he has bene employed as store keeper in the recruiting office in the federal build ing. Detroit. The picture showed him cating turkey the day before Thank sgiving, when the office held their turkey dinner because they remained open Thanksiving.

The next draft call is Dec. 8. There will be 2 in December. Those from this section on the list to go are Paul Shannon.

Herbert Dettling, 23, son of Mr. and Mrs. Leo Dettling of McGregor Road Portage Lake, has enlisted in the navy and is at Great Lakes. Jack Young, son of Mr. and Mrs. Vincent Young of Gregory was inducted into the army Monday. This makes the fourth in the family in the service, the others being Tom, Vincent, and Paul.

ALL OUR CUSTOMERS:

There is no shortage of electricity in this area.

Other things are scarce. Tires are not to be had; a pound of coffee is a real prize; it is no disgrace to wear a well-darned stocking; there are not enough buses or street cars at the rush hour; sugar is rationed; but you can have what electricity you need, even at the electric rush hour to the early evening.

Perhaps we were just lucky: Our judgment could have been wrong; we have been wrong before. But more than five years ago we raised the money and placed the orders for the first of the three big new turbines that make us pretty sure now that electricity will not have to be rationed in Detroit.

And so it is with coal for our power houses.

No shortage has developed but just the same we have enough coal on hand to last many months at full tilt if our supply should be cut off. That stock of coal cost us six million dollars but electricity is too vital a thing to take chances on

PARKE-BAVIS

ABDOL Improved ABCG

1. The four important Vitamins, A, B1,B2 (G.Ribotlavin) and D are necessary for maintenance of health and vigor. Parke-Davis Abdo! IMPROVED (A-B-G) Vitamin Capsules offer these four important vitamins and this medicinal preparation may be used in cases of pregnancy and lacation, poor appetite, restricted diets mainutrition, debility and gastrointestinal disturbances.

2. Growing children and adults with deficient nutrition may often require a larger intake of vitamins than a normal person.

3. Since many defective conditions of the body are asosciated with a lack of more than one vitamin, a medicinal preparation including these four factors should have a wide usefulness.

4. PARKE-DAVIS ABDOL improved (A-B-D-G) Vitamin Capsules contain a suspension of concentrated Vitamins B1 B2 (G,Ribolavin' in an oil containing Vitamins A and D which are derived from refined fish liver oils and Viosterol.

5. This preparation will be of materal aid in preventing or mitigating conditions arising from vitamin defincy, particulary when specific deficiency is difficult to diagnose.

6. Each capsule is equivalent to 112 teaspoonfuls of cod liver oil, meeting U.S.P. standard requirements in vitamins A and D. 7. Each capsule is equivalent to approximately 237 gains of aver-

age dried brewer's yeast in Vitamin B1 and to 76 in vitamin B2.

S. The gelatin capsules protect the four combined vitamins against

deterioration on exposure to the air. 9. The capsules are small are tasteless, therefore easy to swallow. 10. There is a minimum volumn of fish liver oil in perpertion to the vitamins present in the capsules. Therefore, their administration is mu h less liable to cause gastric and intestional disturbances (naurea, eructations, ect.), which may at times result from the ingest-
