News and Letters from Our Boys Who Are Serving Their Country

Genald Vedder of Pinckney has started a 16 weeks electrical course at Purdue University, Lafayette, Ind. where he is studying to be an electrician's mate. When he finishes he will be eligible for a petty officer rating and assigned to duty with the fleet or a shore station. He is being instructed in soldering, brazing, electrical wiring, operating and repair of searchlights, and motors, telephone circuits and remote control of guns.

Paul Singer, petty officer of the U.S. naval air force, stationed at San Juan, Porto Rico, was home on furlough last week.

The Donald Nash of Pinckney who was one of the selectees to go to Detroit Feb. 8 has been staying at the Clayton Carpenter home.

Lyle Cone has returned home from Camp Lewis, Wash. where he has been in the army. He was released on the 38 year old limit. We understand John L. Conners will soon be home.

Lt. Thomas Young, recently stationed in Ireland, is now in North Africa with the A.E.F. according to word received by his parents.

Clifford Howlett who is with the army at Washington, D.C. was home on furlough last week to see his wife and new born son.

The next draft call is for Feb. 22 at which time we understand a number of Pinckney 18 and 19 year olds will be called.

Donn Widmeyer, Gail Hendee and Donald Nash were the Pinckney boys sent to the Detroit induction center Monday. Donald Nash is a son of the late Erwin Nash and has been staying at the Clayton Carpenter home.

When last heard from Merlyn Lavoy and Gordon Lamb were still at Camp Custer but expected to be shipped out soon.

Of the Pinckney boys who went to the Detroit induction center Monday, Donn Widmeyer and Gail Hendee were accepted and Donald Nash was rejected. They leave for Camp Custer Feb. 15.

Private Dick Amo of Atlantic City is a guest at the McJ. as home.

Private Elton Jones of Camp Forest, Tenn., is visiting his brother, Raymond.

VALENTINE DANCE

There will be a Valentine Dance at the Pinckney Masonic Hall on Saturday night, Feb. 13. Modern and old time dances. Favors for all. Refreshments served. All are invited. Committee

NOTICE

Thanking my friends for the favors of the past. I wish to inform the people I will not be a candidate for the office of village treasurer at the caucus next Tuesday and will be unable to accept the office if elected. Blanchr Martin, village treas.

BASKET BALL NEWS

Apparently Pinckney is unbeatable at Basket Ball on their own floor. If they could enjoy the same success on other floors they would be perpetual champions. Not since 1940 have they lost a game on their own floor. Last Friday night they won another thriller from the Ann Arbor high school reserves team 38 to 39. Ann Arbor has a big powerful team and at once took a big lead and was ahead at the half 26 to 18. In the last half the score was reversed and Pinckney outscored the visitors 26 to 18. Ann Arbor committed many fouls in this period and Pinckney made good on 6 free throws. Lamb led the Pinckney scorers with 12 points, Singer 11, Palmer, 10.

Pinckney	Ann Arbor
Jones	F. Eskin
Singer	F. Hoff
Gentile	C. Gallup
Palmer	G. Flemming
Lamb	G. Lesperance

Subs: Pinckney (Haines, Ledwidge, Lamb; Ann Arbor (Jellins, Duncanson, Meacham, Phelps, Seated.) Field goals: Lamb 5, Singer 5, Palmer 3, Jones 2, Hoff, 2 Eskin, 6, Gallup, 2, Lesperance, 2, Flemming, 1. Foul goals: Singer 1, Lamb 2, Palmer, 4, Ascherbrenner 2, Hoff 1, Eskin 2, Meacham, Fleming 2. Referee: Wilbur.

Another Bad Snow Storm

Several Auto Accidents Result and Cross Roads are Blocked in This Section

Late Sat. a snow storm and blizzard hit this section and in a few hours traffic was completely blocked especially on the north and south roads. The mail truck failed to make its last trip and a number of persons who had Sat. night trips cancelled them.

Mr. and Mrs. Edward Parker started for Howell shortly after 7:00 p.m. At the Kingsley farm they collided head on with a car coming to Pinckney occupied by Master Westly Reader, and Stanley Zera, both high school teachers and Herbert (Peach) Palmer. Both cars had their front ends badly driven in and all occupants were more or less injured although Mrs. Hazel Parker was apparently injured most. She had 9 stitches taken in a cut in her head and many cuts and bruises. Her husband had a damaged nose and also cuts and bruises. Their daughter, Dorothy, escaped with minor injuries. Of the others, Reader received cuts and bruises. Zera lost some teeth. Palmer had 3 stitches taken in a cut in his head and a damaged knee. Sun, he suffered a bad spell and had to have the doctor again. All received first aid at the Pinckney Sanitarium.

Dan VanSlambrook who works at the River Rouge Ford plant came home about 3:00 a. m. with Claude Swarthout. He got out of the car at the Red Schoolhouse and started to walk home on Chambers road and at the railroad he tried to go through a 12 ft. drift, lost his bearings and got badly frost bitten. He managed to crawl on his hands and knees to the W.H. Meyer home a short distance away and awaken them. They gave him first aid for frost bite and kept him until morning.

M. Mitchell, John Martin and Jay Brigham on their way home via the road running south from Wm. Shehan's all got stuck and had to leave the three cars all night. Mr. Martin walked home and got a team and rescued the occupants of the cars.

Another drift on the Patterson Lake road, south of Nick Katuna's barn was not opened until Sunday noon.

The Howell road was opened and also the Pinckney-Dexter-Ann Arbor road but indications are that it will be some time before all country roads are open because the state and county are short of men and equipment for the job.

Roger Carr helped push out a car near the John Craft home after the party there Friday night and following it was exhausted and taken taken to his home and has been ill since.

A car containing C.J. Clinton and Spencer Titus and Roy Campbell of Pinckney, John L. Cornelius Donohue and Roy Bishop of Unadilla employed on the night shift at Hamburg started for Pinckney at 12:00 p.m. but after considerable shovelling and pushing, went back to Hamburg and stayed all night.

MRS. ETTIE ARMSTRONG

Mrs. Ettie Armstrong, 74, died Sunday at the home of her son, Jay, in Ann Arbor. She was formerly Ettie Bell of Dexter township. Her first husband, John Howard, died in 1900. Her second, Thomas Armstrong in 1928. Surviving are two sons, Leo Armstrong and Jay Howard, 8 grand children and one great grandchild. The funeral was held today from the Gorman Funeral home, Dexter.

VILLAGE CAUCUS

There will be a village caucus held at the town hall Tuesday, Feb. 16, 1943 at 2:00 p. m. for the purpose of placing nomination a village tick et and to transact such other business as may come before said caucus. Signed Nellie E. Gardner Village Clerk

Virgil Amburgee and family have moved from the Walter Reason farm to the Charles Kaiser farm.

Married at Frazer Church

Former Pinckney Girls Marries Man in the Service

The home of Mr. and Mrs. Gilbert Campbell of 39181 Klein Ave, Frazer, Mich. was the scene of a lovely wedding on Jan. 20 when their daughter Jeanne Marie became the bride of Pvt. Ernest Palmer, son of Mrs. George Palmer of Redford.

The bride wore an appropriate medium blue, two piece tunic ensemble of street length with black accessories. A black band trimmed the edge of tunic dress. She wore a corsage of gardenias. Jean Keenan of Detroit was the only attendant and wore a gold crepe dress, a piece with a corsage of irises. Best man was Arthur DeHetre of Detroit. The Rev. Robert Richards of Immanuel Methodist church in East Detroit read the service.

Mrs. Campbell (the bride's mother) wore a gown similar to her daughter's but trimmed with black crepe with black accessories and trimmed with blue and wore gardenias. A reception for 60 people followed the ceremony at the Star ballroom in Frazer.

Mrs. Palmer is a graduate of Frazer high school and has a position with a Detroit bank.

Mr. Palmer is home on a ten day furlough and he is a member of White Lodge Club well known here in Pinckney. Mrs. Palmer is the granddaughter of Mr. and Mrs. A. E. VanSlambrook and Gene Campbell of Pinckney.

The couple spent their honeymoon at the Hotel Statler, Detroit. The bride will live with her parents for the duration.

START ON JUNK PILE

The Ginsburg Auto Parts of Howell who bought the Pinckney scrap pile started removing it Mon. They use an acetone torch to cut up the big pieces. Harry Ginsburg says, whether permitting it will be removed in about two weeks.

CELEBRATE 25th ANNIVERSARY

Mr. and Mrs. John Craft celebrated their 25th wedding anniversary last Sat. night. A potluck dinner was served and the evening was spent at cards. Those present were: Mr. and Mrs. Ross Read, Mr. and Mrs. R.J. Carr, Mr. and M. Reg. Shafer Mr. and Mrs. Fred Teeple and Mr. and Mrs. Wayne AtLee.

BASKET BALL NEWS

But two more home games remain on the schedule. This Friday night Brighton comes here for two boys games, while Friday, Feb. 19 Stock bridge comes here to wind up the home schedule.

If these games follow the pattern set in the other home games the fans will certainly get their money's worth of excitement.

In the four home games Pinckney has 2 three point victories and 2 one point victories. In all these games the score was decided in the last final seconds. The boys made their best comeback last Friday night against Ann Arbor reserves. Tailing 26 13 at the half the boys finally tied the score in the remaining 19 seconds. Then with but 19 seconds to go Aschenbrenner was fouled and scored what proved to be the winning point. Features of the last half were great work under the basket by Jones, deadly shooting by Lamb, interception of passes by Singer and fighting spirit of the team.

In the previous game with Brighton, Pinckney managed to win by a narrow margin of 8 points but those who saw Brighton defeat Ann Arbor Y.M.C.A. rather easily last Friday night know the boys will have their hands full before they can duplicate the previous victory. Pinckney will be further handicapped by the loss of Capt. Palmer who was injured in an auto accident last week.

The annual meeting of the Livingston County Red Cross will be held Tuesday Feb. 16 at the Howell high school auditorium at 2:30 p.m.

The annual reports of the officers and committees will be read at this time and several directors will be elected to the board. The board will also organize. Anyone who has paid the \$1.00 membership fee is eligible to vote. All Red Cross workers are asked to attend and plan the activities for the coming year.

Mich. Mirror State News

The Food Problem to Be Michigan's Big Worry the Coming Year

The Michigan food problem isn't the exclusive worry for farmers. Far from it. It concerns every man woman and child in the state.

And further, it is linked inexorably to the military demands imposed upon the US for the unconditional surrender of the Nazi in Europe and of the Japs in the Pacific.

For an appreciation of the enormity of the food problem, we must first see in proper perspective the vastness of the war and its challenge to what we call the American way of life.

Louis Lochner, for 21 years an Associated Press correspondent at Berlin, provided such a perspective to an audience of 4000 farmers at Mich. state college last week.

He pictured the job ahead as long and costly. He said that we must inflict a crushing military defeat upon Germany itself and it could not be accomplished easily.

Arrival of Yanks in Africa is regarded by Lochner as the turning point of the war, as it brought defeat to Germany and the diversion of German planes in the Mediterranean.

American correspondents in Berlin forewarned the world years ago of what the Nazis were scheming, he said, "I warned in a dispatch in 1936, three years before the war, telling about underground movements for planes. The Americans wouldn't believe the facts they read in news papers. We were criticized for spreading propaganda.

Another sign: Paul McNutt has announced that effective April 1, the dependency draft preference will be discontinued and that 10 out of every 14 men from the ages of 18 to 38 will be in the armed forces.

Local selective service boards will be given huge quotas to fill.

JUDGE LOUIS E. FEAD

Judge Louis E. Fead, former supreme court justice died at University hospital, Ann Arbor, Thursday where he underwent a chest operation on Nov. 30 last. He was well known all over Michigan and a prominent figure at Michigan grand lodge sessions for the past 30 years. In 1917 he served as grand master of Michigan Masons. The man he defeated for that office was Hugh McPherson of Howell who later became his father in law. He was born in Lexington, Sanilac county in 1877 where his family conducted a large knitting mill which is now operated in Port Huron. He was prosecuting attorney of Luce county, circuit judge of the 11th judicial court and supreme court judge. For a number of years he has been chairman of the Masonic jurisprudence committee which is the most powerful Masonic grand lodge committee. Surviving are his wife and four children.

Several years ago he delivered the address at the annual past masters night banquet of Livingston Lodge No. 76 F. & A.M.

Bootlegging in rationed articles seems to be flourishing in the cities. Bootlegging of uninspected meat seems to be common and a man and wife were arrested in Detroit for selling nylon hose for \$4 per pair claiming to have made a profit of \$32000 at it. Grocery trucks are continually reporting thefts of coffee and last week one reported 585 lbs. stolen. Like in the old prohibition days these bootleggers take advantage of people who must have every thing they desire regardless of cost and another class who thinks it is smart to violate the law. However in the present instance their action is decidedly unpatriotic.

CURRENT COMMENT

Since the war we have heard much of the fabulous wages paid workers in war factories, especially in the Ford bomber plant at Willow Run. Workers there have filed complaints that merchants have boosted their prices on seeing their Willow Run badges. The Washtenaw Tribune investigates these super wages and pronounces them a myth. It states the average paid there for a skilled worker is about \$124.80 for a two week period. Out of this is deducted \$0.24 Victory tax, \$1.25 soc. security, \$1.34 insurance, 46c war chest, \$1.50 War Bonds and 46 UAW dues. This leaves \$102.56. All wages are paid there, some of the unskilled workers are paid as low as 35 per hour.

We cannot understand why all men past 38 years old are being released from the armed forces while at the same time the government is conducting an extensive WAAC, WAVE drive to get girls to replace men in the armed forces as clerks, truck drivers and for non-combat services. The idea is to free men who are holding non-combat jobs for active duty. Now instead of enlisting these girls why not transfer the 38 year and older men who are not considered fit for active duty and put them in non-combat jobs. They are already in the army and would not have to be given medical exams or go through the induction period. Undoubtedly it would save much time and expense to do this. However we suppose the big objection to this is that men past 38 are more prone to become liabilities than men of a younger age.

The attempt to limit Wayne county to 25 representatives seems to have flopped as the bill which passed the house has been sent back to the committee for reconsideration in senate where according to observers of things political it will be buried. For a while Wayne county waged a losing fight but this week with the assistance of senators from Grand Rapids, Lansing Saginaw Flint and Bay city mustered enough votes to give the bill a knockout blow. This also prevents it being on the April ballot in the form of a referendum. Another bill will be presented by Senator Milliken of Traverse City in which the house would be apportioned according to population and the senate according to area.

Ten years ago Hitler's recent broadcasts claiming that Nazi Germany was fighting to make the world safe from Communism would have found ready listeners here especially among the isolationists and peace at any price advocates but Pearl Harbor knocked most of these appeasers speechless. Hitler's philosophy was so popular that many people backed Nazi supported Franco against the Spanish Republic and aided its abolishment.

Already news commentators are hailing the battle of Stalingrad as the decisive battle of the war and asking it to be placed with the decisive battles of history. This may be far fetched but to the ordinary person it would seem that Hitler stuck his neck out too far when he invaded Russia. His previous successes had been from conquering small nations who had neither the men or equipment to oppose him and resulted in easy victory after victory for him. Before the Russia invasion there was plenty of small nations left for him to overrun who would have offered but slight opposition and have added new laurels to his record. However in invading Russia he tackled the one nation who could match him man for man and gun for gun. The Russian losses are said to be 6 million which is remarkable when it is considered after two years effort this country has only about 6 million under arms. Despite these losses Russia seems to be able to do more and come back and win. We doubt that any other country in the world could have done this and it may be that Hitler's decision to fight Russia will cost him victory.

Keep the pressure up!

Uncle Sam is fighting the biggest "fire" in world history. Every ounce of pressure we can put behind the war effort is needed now.

If everybody kept right on sprinkling lawns while a big fire was raging, the firemen wouldn't have enough pressure. Just so with the telephone system. Long Distance telephone lines, like water mains, can carry only so much at a time. Much of the capacity of the Long Distance lines is needed now for the messages that speed war production.

Here's how you can help:

Do not make a Long Distance call unless it is really important.

Keep all calls as brief as you can.

THE OLD JUDGE SAYS...

Here's a piece, Judge, that says that in spite of more cars and faster speeds, the first six years of repeal showed 12% less deaths from automobile accidents than during the last six years of prohibition.

"Now doesn't that just go to show you, Henry, you've got to be on pretty solid ground as far as your facts go before you make an out-and-out prediction. Why, back in the days just before repeal quite a few folks around the country made pretty power-

ful predictions about how automobile accidents were going to jump up if we got legal liquor back.

"About the only thing along that line you're ever safe in predicting, Henry, is this. No community or county or nation, for that matter, ever became or ever will become dry just because it voted that way. All that the votin' decides is whether you have legal or bootleg liquor. We had nearly 14 years of experience on that, didn't we?"

CONSERVATION NOTES

Michigan's little coal industry can not be expanded to relieve any coal shortage; the conservation dept. warns 7 mines operating in the Saginaw valley produced 365,000 tons last year but Michigan used about 20 million tons. The production has not been above 1,000,000 since 1932. 65,515 acres of state lands leased for oil and gas brought \$68,000 at the auction last week.

Michigan's lumber production has doubled the production of the average of 10 years before 1940.

MICHIGAN NEWS Continued from First Page

The pressure will be on men in non essential industries.

President Roosevelt informed leading legislators at a White House conference that he held no hopes for a quick end of the war.

U. S. News, edited by David Lawrence, and Kipliner's confidential reports stress the same theme: The odds are greatly against victory over Germany in 1948, the war in Europe will go well into 1944.

Another winter of war on the basis of victory in 1944 over Germany points conclusively to a long, long war before the job is finished in both Germany and the Orient.

Two or more years of bitter warfare—costly in lives, money and property would impose a staggering burden of food upon Michigan farmers. Such is the prospect which confronts the growers of Michigan in 1948.

Mother Hubbard's cupboard will not be full of food. Point rationing begins March 1.

According to the White house, the supplies of goods and services available to civilian in 1943 will be reduced by almost 25 percent. Standards of living are going down, while prices are slowly rising.

Michigan selective service boards have not been lenient with farm deferments. Acreage is being abandoned because of the attitude of draft boards.

Victory gardens will supply city residents with food they may not be able to get otherwise.

Home canning will grow to an unprecedented volume, according to predictions and truck gardens will pay handsome dividends.

Michigan farmers have been given a supreme challenge in the urgent call for food production in 1943. This challenge grows in magnitude as we get a realistic view of the long trail ahead of us.
