School Base Ball Team

Local High School Team Drops 2 Games Out of 3 Played Last Week

The High school base ball team had bad luck last week losing two games and winning one. This gives them a .500 record, 2 won and two lost.

Tuesday they lost to New Hudson 7 to 4. Palmer started pitching & had five runs scored off him. Jones finished and had 2. Pinckney errors figured in most of the New Hudson runs.

Thurs Pinckney played a good game and won from Chelsea in an overtime contest here 5 to 4. Gus Ledwidge pitched for Pinckney and allowed 8 hits. Pinckney led 4 to 1 up to the 6th inning when Chelsea tied the score in infield errors. The count remained tied at the end of the 7th and it was necessary to play two overtime innings. In the last of the 9th, Reid Struck out, Palmer flied out, Lewandowski beat out a roller to third, Amburgey with two strikes on him, singled to left, scoring Lewandowski and winning the game. Lamb and Palmer each got 3 hits for Pinckney.

Batteries. Pinckney- Ledwidge & Lamb; Chelsea-Edgar & Gaken. Dexter came here Friday with a record of 5 straight losses in as many games played. Pinckney beat them in the opening game 4 to 2. However Pinckney had an off day, making numerous errors and enabled Dexter to break in the win column 7 to 5. Jones pitched for Pinckney and with any kind of support would have won.

PERSONALITY SKETCH

By Heck

This week's subject is Jack Haines in other words a short subject. He is the one who keeps the press running for dear old P.W., when not wasting time. At work he may be found out wooing the women (of the female sex). He is such a ladies man that he even has to fight them off while at work. He has been seen in the sidewalk in front of the Dispatch being embraced by P.S. WATCH FOR IT. STARTS NEXT WEEK.

Mich. Mirror State News

In Which the State Treasurers Dept. Is Interviewed

Mich. will be in an enviable financial position by the end of the year 1944 to meet its post war problems... probably without recourse to a bond issue or a few new taxes.

Such is the belief of D. Hale Brake, Michigan's new state treasurer.

And since Brake thinks conservatively as a matter of long legal training, his conviction is encouraging news for taxpayers.

We interviewed the state treasurer a few days ago. He gave us the following picture.

The voters of Mich. back in 1921 approved a soldiers bonus bond issue of \$30,000,000, and a state highway bond issue of \$50,000,000 Mr. Brake said.

A sinking fund was created by the legislature to provide funds for retirement of bonds as they came due and to meet the interest annually. The bonus bonds imposed a load on the state's general fund of one to five million dollars a year. Varying amounts were deposited each year until the last payment of \$1,750,000 was made last fall. All bonus bonds have been retired.

The state bond issue also authorized in 1921 has been liquidated through payments of gasoline taxes. This has averaged \$4,000,000 a year. The last of these bonds will be paid off by Nov. 1944.

But that isn't all.

As treas. Brake delved into the bookkeeping entanglements whereby millions of dollars have been set aside annually to retire the last post war problem two of his sons, Donald and John ran into the office and started to interrupt their father.

Mr. Brake, schooled in discipline as president pro tem of the State Senate told the lads to wait.

Brake continued: Not only will the State be out of bonded indebtedness for the first time in more than four decades but it will have a post war fund of \$50,000,000 ready to meet the state's post war problem.

Stating that this post war fund was perhaps one of the most important accomplishments of 1943, treas. Brake paused to pay tribute to the legislature in which he served four terms.

THE JUNIOR PROMENADE

The J-Hop, the social event of the school year was held at the high school auditorium last Friday night.

On account of the war, punch, confetti, toy balloons and other fun makers were dispensed with which reduced somewhat the gaiety of the evening.

The hall was decorated with canopy of ribbon, the lights were dimmed, rustic and porch furniture with floor lamps decorated the sidelines.

Music was furnished by the 10 piece high school orchestra of Ann Arbor.

After the 12th dance the line formed for the grand march. It was led by Miss Patricia Young, president of the junior class and Thomas Perkowski. Following them were Miss Pauline McClucas, senior class president and her sister, Norma Jean.

Out of town guests were present from Howell, Dexter, Chelsea, Ann Arbor and Gregory.

Born to Mr. and Mrs. Russell Reed of Pittsburg, Penn., on May 4th, a son John Stewart.

CURRENT COMMENT

By Ye Editor

It is human to err. However some mistakes are more apparent than others. The mistakes of the press are in plain sight for the whole world to see, there is no denying them as we learned long ago.

Speaking of mistakes brings up a recent one made by Dr. Joan Lee of Dexter 60 years ago. On his long drives via the horse and buggy, the Dr. who was a well educated man usually took a companion with him if it was possible.

On this occasion the companion asked him if he ever made mistakes and prescribed the wrong medicine. They happened to be going by a cemetery and the doctor said "Some of my mistakes are covered up there."

The Fletcher Castoria co. makers of infants remedy, long on the market, have evidently pulled a super mistake. They are advertising in the papers for all of their remedy manufactured after March 1. It seems it contains a substance that causes vomiting by those who take it. Druggists are asked to return all they bought in the last 60 days and also customers. As their sales are nationwide they have a gigantic task.

Sale of liquor only to those who possess registration liquor cards is expected to do away to a great extent with the sale of liquor to minors as they will not be able to get these cards. Anyway the amount of liquor on sale will be so limited that there will be scarcely be enough for the customers with cards. Some think that it may lead to a revival of the bathtub gin and alley brewery industry. It may to some extent but we doubt that it will be on any such scale as the late prohibition era as at the present time liquor can be obtained by qualified persons.

The potato shortage is becoming very acute. In Detroit it is said to be impossible to get them. There are a number of reasons for this. Wet weather and early frost depleted the crop last year and this year the early potatoes from the south were 3 weeks late on account of late spring.

The army is buying large amounts of them and the shortage of meat has caused increased consumption of them. So great was the demand that the government had to step in and stop the sale of seed potatoes for food or this year's crop would have been badly cut.

We wish there was some way in which the national election could be postponed until the war was over. The campaign next year as usual will be filled with recrimination and furious blasts of campaign oratory and in spite of all precautions is bound to result in curtailment of the war effort. Already the campaign has started in congress and action on every bill introduced and every vote cast is predicated on the question "What effect will it have on the national campaign of next year". It is bound to cause a let down in the war effort and our prayers are that it does not prove fatal.

The two recent drives in this county, the scrap metal and the tin can one, both seemed to have been flops. The reason is that there was little personal work done. Every home should have been visited and the owner asked to sign a card agreeing to get his or her scrap or cans ready for collection. Instead of this a general invitation was extended to all to aid which was not complied with. In other words there was not enough work done to make these drives successful.

What You Buy With WAR BONDS

Rural Electrification has made
great strides during the past ten
years, bringing to thousands of farm
homes the conveniences of their city
brothers. Today, however, copper
wiring, fixtures—all the materials
which are required for rural electri-
fication—are "out" for the duration.

The farmers of the nation, how-
ever, can start now buying rural
electrification and all the equipment
which goes with it through purchase
of War Bonds. Your War Bonds to-
day will buy rural electrification to-
morrow and give you back \$4 for
every \$3 you invest.

PLEASE
cut down your
long distance
calling

AS Michigan's war industry hits full stride, more and more long distance calls have to be made—war calls vital to victory.

The burden of calls on many long distance lines has reached a critical stage. Central office equipment, fully manned with operators, is being used to capacity. At times, each unimportant call, regardless of its destination, affects the speed with which all other calls can be handled. Many calls are delayed—some for hours. And materials to expand the system cannot be had.

Yet, war calls must go through promptly! So it is necessary that we all curtail both our personal and our business use of long distance. Therefore, please—

1. Make fewer long distance calls—and keep them short.
2. Give the operator the number of the telephone you are calling, if possible.
3. If your call can't go through at once, stay near the telephone ready to talk when the operator notifies you.

THE MICHIGAN MIRROR

Continued from First Page

The state legislature is entitled to credit which they may not have received. The legislature did mighty well.

Michigan's new state treasurer brings to office a mind which has been trained to handle work with great persistency and with acknowledged competency. For six years he was chairman of the senate judiciary comm. He worked hard, tirelessly, conscientiously.

Because of his success as judiciary comm. chairman Brake was singled out by many observations as potential timber for attorney general. In 1940 the Republican nomination went to Herbert Rushton, largely because of geographical considerations. Last summer Brake was an unsuccessful candidate for lt. gov. In the Republican state convention he was nominated for state treasurer.

Brake is no extrovert in personality. He is not a natural mixer. He has a shy reserve, that is often mistaken for coldness. He was born on a New-Argo county farm.

And now for his accomplishments since Jan 1.

Adopted a policy of not selling bonds below par except at public sale thoroughly advertised in advance & with a right to reject any bids. Before purchasing any bonds other than federal, he requires a legal opinion.

He found \$4,600,000 of state bond in the vaults. The state was paying interest to itself. The savings in insurance premiums was \$3,800.

He discontinued a custom whereby a few legislators and employees got cash loans from the treasury. You might call them.

Treas. Brake is as proud of his office staff as he is of his family or his farm. Frank Kropfshot was a career man in the banking dept. Mildred Bappert sec. was formerly with auditor general Brown. Mary Stimson, chief securities clerk, is an office institution.

As he concluded the interview, the youngest of Brakes two sons came into the office. Don had listened to the talk about millions with obvious boredom. "Dad" he asked, "may I have 6 cents?"

Brake smiled indulgently. "I guess you would call that reckless living. There is a candy counter downstairs, you know."

The state treasurer of Michigan is about as typical an American as you will find anywhere. Hale Brakes available to help apply the brakes.

SCANDAL COLUMN

When passing the McDonald home at the late hour of 2:00 a.m. Saturday morning lights were seen. Lois entertained at a late lunch in her home her escort, Tom Howe, and also Virginia Umstead, Bill Klave, James Reid, Lauren Kock. Late arrivals at the party were Jim Doolittle and Carol Stecker.

One of our senior boys, D.A. in company with other prominent Pinckney boys, B.B., B.S. and J.S. has written his congressman to endeavor to have a paved thoroughfare installed from Pinckney to the other side of Brighton Police Post. In the first place they say they wear out their tires turning corners and taking different roads causes them to lose time in going to and fro on their frequent visits.

It is very sweet but a slight bit annoying when the tea party turns into a banquet due to the presence of her older sister and her younger sister. This was the case Sun. when the two mentioned in our last week's prospective tea party decided to attend a show.

Due to crowded conditions one of our Gregory sophomores is forced to sit with Georgie during a study period in the afternoon.

Dear Miss Lovelorn, What do you do when you want a boy to speak to you and he won't? Desperate! Dear Desperate, Be smart (Like me). Know all the answers to questions he might ask you. When he passes your seat trip him and he is sure to yell "ouch" or "help" (especially Rossie) and run to the rescue and you will be his heroine. On the other hand he may be so impressed by you he is speechless. But to be sure of him try the means mentioned.

If you need more advice write. Hoping with you, Miss Lovelorn.
