## Commencement Exercises Held

Senior Class Graduating Exercises Take Place in School Auditorium Last Wednesday Night

The Pinckney high school graduation exercises were held at the school auditorium on Wednesday, May 26. The class numbered 17 this year, 9 girls and 8 boys marched to their places on the platform dressed in caps and gowns to the strains of a march played by Mrs. Florence Baughn.

The invocation was given by Rev. J.M. McLucas, Miss Pauline McLucas, salutatorian delivered the welcome address in her usual fine manner. The class history was the joint effort of five boys, James Bell, Phillip Gentile, Thomas Percowski, Westley Umstead, and Hollis Swarthout, with James Bell and Hollis Swarthout giving it.

A girls group sang a selection under the direction of Mrs. F. Baughn.

The Misses Jeanette Haines and Gloria Craft peered into the future and prophesied the destinies of the different members of the class. The senior will was composed and read by the Misses Betty Baughn and Mary Jane Gallagher. Miss Jeanette Clark described the recent senior boat trip to Niagara Falls.

Gifts suitable for all the graduates were provided by Dick Amburgey, Irene Blades and Herbert Palmer.

The class song, an original composition was rendered by the entire class. Norman VanBlaircum presented the senior gift to the school, a glass trophy case costing \$50 in which to place the school's athletic trophies.

Miss Pauline McLucas, senior presented the senior gavel to Miss Patricia Young, president of the Junior class.

The Readers Digest Prize, a one year subscription was awarded to Miss Elaine Young.

The awarding of the Albert and Sarah Wilson Memorial Prizes for the best four year average in English were next given. Miss Pauline McLucas won the first prize (\$10) and Miss Elaine Young the second.

These prizes are given yearly by Lucius Wilson sr.

The valedictory or farewell address was given by Miss Elaine Young in which she bade farewell to her classmates, the faculty and others. The class had been associated for the past four years.

Supt. Hulce then presented the diplomas and also took the opportunity to thank the pupils, the public and others for their kindness and cooperation during the past five years and expressed his regret that circumstances made it necessary to relinquish his position as supt. here. He also extended his best wishes to his successor, Wesley Reader for a successful administration here.

Rev. Fr. J. Francis Murphy gave the benediction and another graduating class passed through the portals of the school and became an integral part of the school's history.

## EVERY DRIVER CAN HELP

**KEEP 'EM ROLLING**

WAR, 1943 style, is war on wheels. Men, weapons and materials vital to victory must be moved swiftly, safely and without delay.

But each day accidents at grade crossings in America injure or kill 19 motorists and delay 36 trains a total of 22 hours—a drain on manpower and time that a nation at war simply cannot afford.

Will you, as a patriotic driver, enlist in the nationwide campaign now under way to stop these accidents? Here's how you can help:

- Be extra careful—war-time careful—in all your driving.
- Be especially alert when approaching a grade crossing.
- Be sure the way is clear before you cross the tracks.
- LOOK, LISTEN and LIVE!
- They keep 'em rolling for victory!

## Blackout Not So Successful

Dimout Last Wednesday Night Was Not As Successful As the First

Livingston county was among the 8 counties in the test blackout last Wednesday night. According to all reports it was not as successful as the one held last fall. The two blue and two red signals were confusing to the people and there were many errors among persons who did not understand the signals. In Pinckney one local person went away and left all his house lights on and also a neon sign. The air raid warden in that district however unlocked the house with a skeleton key and extinguished the lights. Several other persons did not pull down their shades far enough to hide the single light they were allowed to burn.

Others turned off their lights at the blue signal and turned them on again in 15 minutes when the first red signal for complete dimout came. In the county violations were few. Some farm houses did not put out their lights until told to and a few cars were stopped. Deputy Sheriff Murray Kennedy who was in charge here picked up a drunk driver who persisted in driving without lights, after driving around awhile he finally released him with a reprimand.

The blackout was more in the nature of a test to determine the amount of sky glow caused by street lights, house lights and autos. This was checked by observers over the blackout area in airplanes. In our opinion the only successful blackout is a total blackout from start to finish.

## ALICE BERTWISTLE HOFF

Alice Bertwistle Hoff, 69, died at her home here last Wednesday morning, following a years illness. She was the daughter of the late George Warren and Elizabeth Bertwistle Hoff and attended the old Red School under Prof. W. A. Sprout and at early age went to Dexter where she lived with her cousin, Mrs. Elizabeth Curlett for about 11 years. She returned to Pinckney about 1903. For the past 33 years she has been employed in the local telephone office as operator with her sisters, Katherine and Laura. Since Katherine's death in 1941 she has been chief operator. In May 1942 she suffered a cerebral hemorrhage while at work and has since been confined to her home in an almost helpless state. All was done for her that loving hands could do but on May 26th last she went to meet her maker.

Surviving are her sister, Laura; her sister Katherine and three brothers, Willard, Lee and Roy, having preceded her to the great beyond.

The funeral was held from the late home Friday afternoon, Rev. J.M. McLucas officiating. Burial was in the Pinckney cemetery.

The Ford Motor Co. wants men work at Dexter. Report at 2 p.m. Thur, June 3 with birth certificate.

## Mich. Mirror State News

An Article Which Deals Mostly with Things Political

If Michigan's Prentiss M. Brown can pull a rabbit out of the hat he may be able to save the O.P.A. system of price ceilings, rollbacks, and other controls from a resounding Humpty Dumpty fall.

Resignation of Arthur Sarvis, the Flint banker, as state director is regarded as just another sign of impending trouble on the price front. Detroit received two complicated sets of ceiling prices in two weeks, two of the three daily papers refused to duplicate the columns of space to publish the second listing. Sarvis said he had been given 48 hours notice for the first release which was badly scrambled.

Chain and independent food store operators have denounced the new roll back ceilings, declaring that distribution of food was threatened with complete demoralization if not annihilation.

## THIRD ANNUAL SUMMER BIBLE SCHOOL

The third annual Summer Bible School will begin at the Mennonite Gospel Mission on June 7th and continue each week day, Monday through Friday, until June 18th, and will be concluded with a program given by the children of the class on the last day. Session from 9 a.m. to 12:30 a.m. Classes for all ages under a group of teachers, all of whom have had public school experience.

Our children should and must learn about God and his word, the Bible, to prepare them for right living. Give your child the benefit of this ALL BIBLE instruction in which he will receive the equivalent of six months instruction in the regular Sunday School attendance.

The greatest need of the day, to stem the tide of lawlessness, and juvenile delinquency, which is sweeping the land, is sound Bible teaching. ALL ARE WELCOME! We especially urge those who have no church affiliation to attend. Transportation for out of town pupils will be provided.

## CAMPAIGN FOR RETURN OF STRAY BOTTLES

There is an average of 24 stray returnable deposit containers in every home in Mich. bottlers estimate.

All are needed to help slake summer thirst.

A state-wide campaign, backed by dairies, bottling assocs. and other organizations is now being waged to retrieve more than ten million stray deposit containers.

Residents throughout the area are urged to round up the scrap bottles. The bottles will be sterilized and put into immediate circulation.

## CURRENT COMMENT

The papers were filled with eulogies for Edsall Ford who died suddenly at the early age of 49. He was a man little known or quoted in contrast to his famous father whose views on all subjects are eagerly sought by the leading periodicals of the world. The fame of his father overshadowed him together with the fact that he expressed few views on world affairs. It is too bad he did not receive some of these verbal bouquets during his life for it is doubtful if any person was ever so persecuted as he was during the 1st world war. He was of military age at that time but as he was vice president of the Ford Motor Co. who had enormous war orders for the army, he was given military exemption. His father was a Democratic candidate for US senator at that time against Truman Newberry, Republican. Ford's political opponents saw their opportunity and made a campaign issue of the Edsall exemption. He was branded as No. 1 slacker of the nation and pilloried & persecuted in numerous editorials of the press opposed to Henry Ford. Undoubtedly this vilification campaign had much to do with Mr. Ford's defeat by a narrow margin of some 6 thousand votes. Those who were bitter against Edsall Ford in 1918 are now the biggest bouquet toppers.

Although Wendell Wilkie is probably in the forefront for the Republican presidential nomination in 1944, owing to his world tours of the battle fronts and his book which at the present time has an enormous sale he will never be popular with the old guard section of the Republican party. They were forced to swallow him in 1940 due to the fact that he took the convention by storm at Philadelphia but they got cramps from the unwelcome dose. To their mind he is only Franklin D. Roosevelt under a different name. Therefore the Michigan old guard will have none of his public reception at Detroit Sunday by the Republican leaders. In a speech in congress last Thurs. Cong. Shaefer of Battle Creek blasted the affair as the opening meeting of Wilkie's 1944 campaign and claimed that he had lost his right to be the leader of the Republicans by going on a trip around the world in the campaign of 1942 in stead of helping in the victory. The announced purpose of Wilkie's visit to Detroit on Sunday was to speak before the Presbyterian assembly but nevertheless he seems to have stirred up a hornets nest.

Betterment societies and other organizations are viewing with alarm the increase in juvenile delinquency especially among young girls and are asking for curtailment of drinking places and dance halls especially in the rural areas where there is little police protection. All admit there has been a big change in the viewpoint towards drinking since prohibition. In the old saloon days a woman was seldom seen in one. Respectable citizens and church members used the back entrance. It was not considered proper to be seen going in the place. Most of the drinking was done in the bar room with a sawdust covered floor. It was a man's place entirely and the only women ever seen around such places were the slipshod kind who came with a pail under their shawl and rapped at the side door for the bartender to come and fill their pail. In those old days drinking was not considered either respectable or stylish, although the wear on the back steps of the saloon was terrific. Repeat changed all this. Hotels, restaurants, drug stores, etc. all put in alcoholic beverages together with cafes and dance halls. It was considered stylish to patronize them. Mixing a successful cocktail became one of the principal qualifications to gaining entrance into high society. At the present time as many women can be seen in drinking places as men, making drinking respectable was bound to have repercussions.

The windstorm which hit this section Tues. afternoon blew the barn on the L.J. Henry farm off its foundations. Trees were blown down but no other damage was done.

Dear Miss Love Lorn:  
I wish to consult you with one of my problems.  
How would you go about making a boy love you? If you loved him dearly and he didn't love you?  
If 6 different boys loved you, and you only loved one, how would you go about telling him you loved him?  
I am not in high school but expect to go.  
Waiting Excitedly, Pie Face.

**WAGES**  
2 cents an hour!

YOUR household electric servants work for a few cents a day. They do such a big job in the average home—washing and ironing and cleaning and cooking—that most people simply cannot realize how little they cost to operate. Actually, 2 cents an hour represents top wages for many appliances: A number of them operate for only a fraction of a cent per hour. Look at some of the common electric servants listed below: See how cheaply they work for you, in average use, at the thrifty "bargain" step in your residence rate, 2 1/2 cents net per unit.

### THE OLD JUDGE SAYS...

"Glad we ran into you, Judge. I was just tryin' to set Helen straight on this business about sugar. I wish you'd tell her what you told me last night down at lodge."

"Glad to, Jim. I told her, Helen, that there's not a single bit of truth to the rumor that the distillers use sugar in making whiskey. They make it exclusively from grain. Only bootleggers use sugar to make whiskey. I read an article in the paper just last week that goes to prove

it. It told how a confessed bootlegger in a Federal court testified to the fact that another bootlegger, also on trial, had bought a million pounds of sugar a few years ago.

"As a matter of fact, Helen, no distiller is making whiskey today and hasn't for many months. All distillers are working night and day producing war alcohol for the government. And they make every drop of it exclusively from grain, too."

ibe the \$13 billion dollar war loan by around 5 billion, the fact still remains according to public statements made by William M. Robbins, chairman of the US treasury Dept's war finance committee that only 7 per cent of all bonds sold were "E" bonds. These bonds are popularly called "peoples bonds" because of their low denomination. Who subscribed the billions, billions. Mostly the banks, insurance companies, trust companies, manufacturing concerns and governmental units.

On the political front the visit of Wendell Wilkie to Michigan last Sun. occasioned new gossiping about the line-up of Michigan Republicans for the 1944 campaign. A powerful movement is under way among Michigan Republicans to support Thomas Dewey, New York's Owosso born governor, for the presidential nomination. Secretary of State Dignan of Owosso is Dewey's bell ringer here, but the Wilkie triumph at Michigan polls in 1940 is not forgotten among the politicians. The soaring popularity of his Gulliver's travels, "Our World", is boosting the Wilkie stock. Frank McKay, national committeeman was prominent at the Wilkie reception in Detroit.

The labor shortage in Michigan due to become worse in 90 days as fathers under the age of 38 are called to military duty, may be eased somewhat by the current cut-back of production in key war plants. Michigan's industrial capacity is near the top. As the government revises schedules labor is being released. More airplanes and fewer tanks under this spring's schedules give rise to the increasing belief that the United Nations may seek to knock out Germany and Italy in 40 by air attacks and limited invasions of Norway and Italy, for example and leave the big continental attack to 1944. The grand invasion may possibly come earlier if Germany weakens internally under continued air assault.

Betting odds still favor President Roosevelt as Democratic presidential nominee in 1944. Churchill's masterly address in Washington increased this belief. The Lewis swing to A F of L is regarded as a "beat Roosevelt" move. Lewis favored Wilkie in 1940.

Continued rainy weather, accompanied by cold temperature, hasn't improved the prospects of a good food crop in 1943. Michigan gardeners are urged to plant non perishable foods that can be stored for next winter.

On the walls of Gov. Kelly's executive office is a high chart showing the state's various administrative offices, commissions and agencies. Reason: Kelly is su-vering government units with the thought of simplification.

Despite gas rationing, Michigan resorts which are served by railroad and busses are looking for a good business this year.

Lt Gov. Eugene Keyes who spent several years of his boyhood on an Ontario farm, recently inspected a farm near Howell. His idea: A good investment.

HOW WOULD YOU LIKE TO GO TO NEW GUINA

When we hear stories of what the boys overseas are going through, the long hours and hard work all members of our army and navy are putting in, the dollars we invest in war bonds seems, a small contribution. We cannot all go with the fighting forces but we can help protect our men by buying bonds to give them the best equipment and ammunition to use.

Remember they are fighting for the things we have been brought to think are our inheritance and our rights. We have the best country in the world. Let's put our dollars to work to support it.

We can beat the Axis by buying bonds and paying taxes.
