### News and Items Concerning the Boys Who Are in the Service of Their Country

Mr. and Mrs. Max Teachout of Unadilla have received word that their son, Lt. Daniel Teachout, has landed somewhere in North Africa. Cpl. Paul Flintoft of Presque Isle Maine of the Army air is home on furlough.

Robert Edgar of Gregory has enlisted in the army air corp. and is awaiting call.

Dick Amburgey and Tommy Perowski who have been at the Great Lakes naval training station, have finished their boot camp training and are home on furloughs.

Air Cadet Ellsworth Kirtland has been transferred from Vernon, Texas to Scott Field, Ill.

Mrs. Umstead has received word from Great Lakes naval training station that her son, Wesley who is ill of spinal meningitis is much better.

Merlyn Darrow has been transferred from New Orleans, La. to the naval base at Port Arthur Texas. He says there has been much high water there and the streets of city have been flooded.

Mrs. Wayne Bennett who recently visited her son, Edward, at Percy Jones hospital, Battle Creek, informs us that he has a bad scar on his neck and will be there for some time yet as he will undergo an operation. He was on patrol duty when he was shot by a sniper. He fell and laid on the ground for several hours before he recovered sufficiently strength to walk back to camp. Since then he has been in different hospitals.

Joe Lavey has been sent from Fort Custer to Camp Wolter, Texas.

Robert Martin has been transferred from the amphibian naval base at Little Creek, Va., to the base at Ft. Pierce, Florida.

Douglas Plummer is home from Parcell Oklahoma on a furlough. He expects to go from there to the Naval base at Norfolk, Va.

Max Reynolds is home from Camp Roberts, Calif. on a furlough. Also Bob Young of Camp Howze, Texas.

Norman VanBlaircum has been transferred from Camp Custer to the proving grounds at Aberdeen, Maryland.

Robert Kourt of Camp Grant, Ill is home on furlough.

Edward Bennett who is a patient at Percy Jones army hospital, Battle Creek was home over Sunday.

Fred Wylie has been transferred to Gulfport, Miss., he has been in the hospital but is all right now.

Gale Hendee has arrived safely overseas in North Africa.

Walter Rybka, has been made a petty officer at the Grosse Isle naval base.

Douglas Plummer is now a turret machine gunner in a naval plane and has spent considerable time in the air. He has made a parachute jump from a plane.

## LOCAL SCOUT PATROLS AID IN USHERING AT UNIVERSITY OF MICHIGAN STADIUM

First game Sept 25 with Michigan state

Michigan, Notre Dame, Minnesota, Wisconsin, Ohio State, Indiana, big names on the football horizon mean more than ever to the Scouts of Pinckney this year because the Scouts of Washtenaw & Livingston counties will handle the football ushering in the huge U. of M. stadium practically unaided from other Scout Councils in the state. Before gas rationing large numbers of scouts came from Toledo, Detroit, Flint, Grand Rapids, etc. to help.

Pinckney Scout leaders have been invited to attend an ushering meeting to be held at the Michigan Union on Tuesday evening, Sept. 14 at 7:30 p.m. The meeting is being called by Dr. Ross L. Allen, Chairman of the Ushering Committee of the Washtenaw, Livingston Boy Scout Council.

## MARRIAGE LICENSES

The following marriage licenses were issued at the office of the county clerk last week: George Franklin Austin 19, Howell - Mable Pauline LaMott, 17, Howell; Wilford Spare, 19 Howell; Margaret Tamlyn, 16, Oceola; Aron Blehm 40, Brighton, Mrs. Lucile Quinn 38, Brighton.

## Fowlerville Fair Held

### Good Crowds Attend this Annual Event, Exhibits Are Smaller Than Those Of Previous Years

The Fowlerville Fair enjoyed perfect weather last week and a large portion of Pinckney's population visited it. The horse races were high class, a mark of 2:10 being established in the first days trotting race and 2:07 in the pace. The midway was large and varied. The refreshment stands all were supplied with large stocks of Hamburger steak, an article which has been missing in this section for many months. The live stock exhibits were large especially in cattle, sheep, horses and hogs. However, two exhibits which were prominent in years gone by, farm machinery and automobiles, were completely absent, except for one lone corn nicker.

The 4-H club exhibits were large especially in canned food. We did not see many examples of boys' handiwork as in the past. Lois Shirley won a blue and red award in canning and Virginia two red ones.

A good program took place on the stage in front of the grandstands each night lasting three hours, consisting of a girl who performed on a 125 foot bamboo ladder, some performing animals, Hank the mule, a chorus number, a dance girls number, a juggler, and a magician.

In the soft ball games, Pinckney beat Brighton Wednesday night 5-4. Howell took Fowlerville Thurs 12-2. Pinckney lost to Howell Friday night 8-1. In the all star game in which the stars of Pinckney, Howell, Brighton, and Fowlerville teams competed against the Fenton tool and die team and won 4 to 4. K. Ledwidge, B. Darrow, Gerald Swarthout W. Reader of Pinckney played for the all stars. Ledwidge tripled the first time up.

There was little drunkenness as far as we heard and no arrests were made.

## KILLED IN ACTION

Mrs. Arthur Crawford of Lakeland has received word that her son, Chas. Frush, has been killed in action in the Pacific on July 27 last. He was a pursuit pilot and went to the Pacific two months ago. Mr. and Mrs. Arthur Crawford live at Lakeland and work at the bomber plant.

At the Detroit induction center Monday, Hollis Swarthout of Pinckney was rejected for military service.

## Cherry Crop Short Pickers

### Help Scarcity in the North of Mich. Results in Much Fruit Going To Waste

We hear much of the help scarcity, but in this section the farmers seem to be able to figure out ways of getting their crops harvested by labor exchange etc. In the north, however it is a real problem. Earl Gallup and family spent all of last week near Traverse City in the cherry belt. They were given sufficient gas to make a trip on signing the agreement to pick cherries for 80 hours. Other people from here who refused to sign an agreement were turned down on their gas applications. The Gallups were gone 7 days and lived in tents on the cherry farm. They had little trouble in getting cherry picking jobs. Pickers are so scarce that the people do not bother to pick the top of the trees where the best ones are. The picking is done from 10 ft. ladders and the trees are seldom higher than that. Thousands of bushels of cherries are going to waste for lack of pickers. On account of this the Gallups were able to get their winter supply of cherries from the tree tops by picking them themselves at a low price.

## CATHOLIC CHURCH

Rev. Francis Murphy

St. Mary's church, Pinckney, Mich. Sunday August 15 is the feast of the 1st. Solemn exposition will be at the assumption and the patron feast of this parish. Masses at 6:15, 8:45, 10 and 12:15.

Fourty Hours Devotion opens here Friday at 7 p.m. and closes Sun. at 12:15. The mass and Devotions in Honor of the Blessed sacrament, & Patron Feast will be enhanced by a 50 voiced male choir from Detroit Coyal Society, under the direction of its respective director and Organist. Solemn exposition will be the order from Friday P.M., all day Saturday and Sunday. Confessions each a.m. and p.m. at 7 o'clock. Weed day mass at 8:00 a.m.

A reception and program will be enjoyed by guests and all former as well as present residents are invited to the church devotions, mass and musical festival which will be of an exclusive church nature and program. The program outlined is one of the very best ever planned for a Church Function in this parish and one very hard to arrange in these times of war problems. For this reason it is hoped that all who can avail themselves of the opportunity will be present to enjoy the Festive occasion. The high mass is scheduled for 12:15. The feast of the Assumption is one of the Great Feasts of the Mother of God, and is for that reason a very special occasion since it is the parish feast day. In former times there were many who traveled to Pinckney for a homecoming. This year a Great Church Program is a solemn petition for peace, and our men in service.

Sunday is also Communion Sunday for the Young Ladies of the Parish On Tuesday at the request of Mrs. Tessie Coyle a Requiem High Mass was offered for her brother, the late John Melvin.

## SOLDIER REHABILITATION

President Roosevelt has enlarged on his soldier rehabilitation program. Now he would pay the returning service men their weekly war salary after peace is declared for a period of one year or until they have found employment. The only alternative program offered is by a industrialist group who would have capital organize and take the service men into industry as fast as they are demobilized. This program would have its drawbacks also. The most conservative estimate is that it would take industry at least one year to convert their factories back to peace time production. It would be doubtful if industry could absorb many service men into their ranks before that time. It is estimated that about one fourth of the population (12,000,000) will be in service before the war is ended. In World War I the number was only 4,000,000. This will constitute an enormous pressure group and the politicians will break their necks carrying favor with them by introducing every form of pension bill conceivable.

Mrs. Louis Coyle was in Detroit last Friday.

Mr. and Mrs. J.H. Hooker were in Howell Friday.

Mrs. Emily Blades of Hamburg spent several days last week with Mr. and Mrs. Bert Hooker.

Mr. and Mrs. J. Paddock of Walsh's Corners called at the J. H. Hooker home Sunday.

Mr. and Mrs. W.J. Nash and Isabelle, were Sunday guests of Mr. & Mrs. Martin Ritter jr. at Whitmore Lake.

## Mich. Mirror State News

### Northern Michigan is the Vacation Grounds of the Nation. Its Scenic Wonders Are Unsurpassed

Few Americans know the upper Peninsula of Michigan as well as Chas. S. Osborn.

That is why the former governor's new book, Schoolcraft, Longfellow, Hiawatha, written in collaboration with Stellanova Osborn, is destined to occupy a permanent niche in our history.

It is in the record of the Ojibways, the native Indians who inhabited this region before the coming of the white men. It is the biography of Henry Rowe Schoolcraft a man who was America's greatest authority on Indians. More than that it is an historical account of the Lake Superior region which is today known as Hiawatha Country, land of Gitche Gumees.

Michigan continues to surprise the newcomer who delves occasionally into its history. And there is no chapter of the state's history more romantic than the account of what the Osborns call one of the most interesting beautiful, and wholesome regions on earth the lake Superior Region and its many grandeur.

As all Michigan travelers will testify who have responded to the lure of our north Peninsula, the Hiawatha country is unexcelled for friendliness and hospitality of its inhabitants.

Lake Superior itself is the greatest body of fresh water in the world, 450 miles long and 176 miles wide and a maximum depth of 1500 feet. The Osborns compared Superior with Lake Victoria Nyanza, source of the Nile, in Africa with its greatest depth of 270 ft, and the Siberian Lake Baikal which is 397 miles long, only 45 miles wide, and has a recording sounding of 4,726 ft. deepest lake in the world.

To the authors the air of Hiawatha country is the clearest and most vitalizing on earth, for it is as invigorating as that of the Alps without the danger and discomfort attendant on high altitude. Especially tired men are born anew.

The existence of native copper on Isle Royal and the Keweenaw peninsula was known centuries ago to the Indians and the Osborns report there is evidence on Isle Royal and other places that early Norsemen may have discovered and worked this metal.

Surely the copper objects found in hundreds of Indians mounds and graves from Ill. to Florida, must have had their origin in the Upper Peninsula for only in the Upper Peninsula of all places in North America has copper ever been found in pure native form.

Schoolcraft, as geologist for Gov. Lewis Cass' expedition, took a large specimen of native copper back east. Secretary of War John Calhoun presented pieces of it to foreign ministers at Washington - actual proof of the wealth of this new eastern country.

## CURRENT COMMENT

By Ye Editor

The resumption of the air bombing of the German city of Hamburg evidently means that the recent 10 day non stop bombing attack on that principal city was not sufficient to put that city in such a state of destruction as desired by the Allies. The air power forces have always claimed that given enough planes and pilots they could practically win the war singlehanded. Evidently they were given Hamburg to experiment with and prove the truth of their claims. In this claim they are opposed by another part of the military force who claim the only way to win enemy territory is to move in and take possession of it and hold out as done in Guadalcanal, Guina Attu, North Africa and now in Sicily. So far the advocates of military armed occupation seem to have the best of the argument. However such occupation invariably means large casualty lists while air bombings do not and on that account the air method of warfare is being given a thorough tryout.

In a state referendum the state of Georgia has voted to lower the voting age to 18 years. The first agitation for this started back last year when the draft age was lowered to 18 years, by persons opposed or only lukewarm towards the war effort. Their argument was that if a person was old enough to fight for his country he was old enough to vote. However no serious effort was made to enact such a law. If two thirds of the states in the union adopt such a law it would automatically become the law of the land as it would be a constitutional amendment.

Cong. Clare Hoffman of Allogan spoke in Detroit last week before an audience of 600, mostly women, according to Detroit papers, under the auspices of Gerald L.K. Smith's committee of 1,000,000. These gentlemen are as strongly isolationist as they ever were and the present war does not interest them to any great extent. Only in this country could such things happen. Cong. Hoffman carries the negative type of statesmanship to the limit. He is invariably against everything. We can not recall anything of great importance that he sponsored. Yet he is unbeatable in his district and defeats the strongest men that the Republicans can put up against him in the primaries.

The lifting of the bar to the drafting of Pre Pearl Harbor fathers by the national draft board has aroused the ire of Democratic senator Wheeler of Montana, a former isolationist and never overly enthusiastic toward the war effort, the senator demands that the lifting of the draft on fathers be postponed until Nov. 1 instead of Oct. 1 as Gen. Hershey has announced. He also wants congress called into a special session to block Gen. Hershey. However this is not liable to happen as only the presiding officers or the Democratic or Republican leaders have the power to do this and according to the press all are opposed to calling congress in session until Sept. 22 next. We can see nothing so alarming about lifting of the father ban. Only fathers not engaged in war work and then only those with few dependents will be called. This move was absolutely necessary for the reason that the draft boards have no more men to induct. It is true that in this county we have scraped the bottom of the barrel. Recently the majority of men sent for induction in this county have been those previously rejected and but a few of them have been accepted. Such a move is necessary or there will be no replacements for the boys in the service when they are eventually sent into action.

Mr. and Mrs. W.C. Hendee spent the week end with Mr. and Mrs. Ned Sharp of Williamston.

Mr. and Mrs. James Harris of Pleasanton, Kansas, spent the past week with Joe Griffith and family.

Mr. and Mrs. Jack Roberts (Dorothy Carr), Mr. and Mrs. C. Hoffman and Mr. and Mrs. Wm. Steiner of Detroit are camping at Strawberry Lake.

**SOFT BALL NOTES**

Pinckney got into the finals at the Fowlerville Fair Last Wed. by defeating Brighton 5 to 4. This was a tight game and Brighton nearly won in the last inning by rallying and scoring two runs, just falling one short of tying the score. Pinckney got a run in the first when Darrow singled and K. Ledwidge tripled and in the fourth when K. Ledwidge and Reader were safe on errors. Shirey hit to third who fumbled and Ledwidge scored. Baughn hit to center and the roving short stepped in a hole going after it causing him to drop it, both Reader and Shirey scoring. In the 7th Dinkel hit over short and scored the winning run on hits by Miller and Shehan. Brighton got a run in the 4th on 2 hits and an error and another in the 6th on a walk and a two base hit by Herbst. In the 7th Pitkin flied to Darrow. Wilkinson walked, Leitzau singled, Ledwidge threw out Rutherford, Pearl dropped hit in right, scoring both the men. Beardsley ended the game lining out to Shehan.

State Highway Comm. Ziegler has replied to the Brighton Argus and Livingston County Press who recently criticized him for not resurfacing Grand River highway east of Brighton. He says the contract was let to the Ann Arbor Construction Co. by his Democrat predecessor in office. When he took over, he asked it. However the construction co. had another job to finish from last year. On account of rainy weather they could work only 9 days in May, so they could not start on the Grand river job until this month.

**TIMELY Tips**

**WHAT SAVE ELECTRICITY**

**and are practical and patriotic!**

**YOUR REFRIGERATOR.** Don't overcrowd your refrigerator or put hot dishes on the shelves to cool. Have refrigerator inspected periodically, and defrost regularly. Don't open door any oftener than necessary. Locate refrigerator away from heat sources.

**YOUR RANGE.** Use the deepwell cooker often—it's thrifty. Cook complete oven meals. Start your surface cooking on HIGH, then switch to LOW heat as soon as food comes to a full steam. Use very little water for cooking. Bringing large amounts of water to a boil wastes electricity. Foods should be steam-cooked (this helps conserve vitamins, too). On many electric ranges, cooking can be finished with stored heat from the surface units, after the current has been turned off.

**YOUR OTHER APPLIANCES.** Avoid overloading your electric washer. Do two washings instead of one, if need be. Don't run your washer longer than necessary—7 to 12 minutes per tubful is usually enough. If your electric iron hasn't a thermostat to control the heat pull out the plug when the iron is hot enough—and attach the cord again when additional heat is needed. This saves electricity. The same thing is true of your toaster—disconnect it when temporarily not in use, then plug it in again as needed. When baking or roasting in your electric cooker, don't waste heat by lifting the cover to "peek" at foods. The Detroit Edison Company.

Electricity is not rationed. But its production requires coal and railroad transportation. Don't waste it!

The presence of minerals in the Upper Peninsula is well known but the Osborns remind us of the presence of gold and precious stones such as chlorastrolites and amethysts and agates. Here was the home of white pine without a knot and many other woods.

You of hunting inclinations imagine the sight of 2400 moose on Mantoulin island. That many moose were snared by a band of Chippewas in the winter of 1670, 71.

Here was the home of the Buffalo elk, caribou, panther and Wolverine.

In fact it was a costume for the Chippewa to carry their surplus white fish to Mackinac where they sold it at a high price to both French and Indians. Whitefish is still the choice piece of resistance for Northern Michigan menus.

Schoolcraft's career as a glass manufacturer, mineralogist, explorer, artist, litterateur, scholar and member of the first Board of Regents of the reorganized U of M is portrayed by the Osborns with painstaking & sympathetic detail. The authors close with this prediction: Some day a sculptor of genius shall immortalize the epic triad... Schoolcraft, Longfellow... Hiawatha.
