Mrs. Hazel McClelland of Homer sister of Mrs. Fred Read underwent an operation at St. Joseph's hospital Ann Arbor last week. Last Wednesday three boys from here: Dick Amburgey and Douglas Plummer from the navy, and Max Reynolds from the army who were on furloughs went down and gave her a blood transfusion.

A Teacher Shortage Looms

Rural Areas Report Big Teacher Shortage and Many Schools Will Close

With the opening of school but two weeks away many schools, especially in the rural areas face the fact that they will be unable to operate the coming year. A survey shows that probably about 1400 schools in the state will close for lack of teachers. Last year 1182 schools in rural districts closed. This closing has caused an influx into village schools so much that the average number in village school classes is now 40 where only 30 is recommended.

Some districts will be able to operate mostly by getting teachers who have retired to take up teaching again. In other districts schools consolidated and doubled up.

Washtenaw county, at last reports, had 25 vacancies in rural districts. This is caused chiefly by the large grade schools being built up around Willow Run where attractive wages have drawn most of the rural teachers there.

According to school commissioner McCallum, this county, all vacancies in the rural districts are filled or tentatively so. In some cases teachers have come out of retirement and the teaching standards in some cases have been relaxed. In Putnam the following teachers will officiate.

Pinckney Wins Crucial Game

Pinckney Wins League Game From Howell 7 to 5.

Pinckney all but cinched the championship in the Livingston County Soft Ball League last Wednesday night when they defeated their principal rival, Cooley's of Howell 7-5. Cooley has a mathematical chance to tie Pinckney by winning two postponed games provided Pinckney should lose their last game with Fowlerville which will be played at Howell tonight (Wed.) at 9:00 p.m.

Pinckney's victory was unusual in that they scored all 7 runs in two innings and Keith Ledwidge batted in all runs with home runs. In the first inning Miller walked, Gus Ledwidge forced him at second. Darrow hit to third but Musson's throw to get G. Ledwidge was wild. Shehan walked. Keith Ledwidge hit a home run over center field, 4 runs scoring. The third inning was similar. Gus Ledwidge walked, Darrow hit to third and Musson again threw to second to get G. Ledwidge. Keith Ledwidge hit another homer, it rolling to the center field fence. This ended the scoring although Pinckney got men on in the 4th and 6th innings.

Howell scored 3 runs in the second on an error, walk and 3 hits and another in the 3rd on 2 errors. Gehringer led off in the 7th with a homer. K. Ledwidge threw out Cooley. Gale was safe on an error and Miller threw out Arnold and got Ladouceur's fly.

The Helicopter Expected to Revolutionize Travel and Boom Northern Michigan

The sage who said, "It's an ill wind that blows no good", must have been thinking about today's war and tomorrow's Michigan.

Maybe it's the inherited spirit of our grandfather who rode a rural church circuit in his younger days with abounding optimism and confidence of this nation's greatness. We confess optimism.

When you get down in the dumps, as the saying goes, remember the motto of Michigan: "If you seek a pleasant peninsula, look about you." Michigan is a great state, and its greatness includes both its size and its productivity. Nature endowed it with abundant natural resources—iron, copper, salt, oil, forests, fish, vegetables and fruits—and man has created from these a mighty empire of teeming industries.

All of which is a prelude to this statement: Air power, developed as a weapon of war, may open a new era of peace-time transportation for the Michigan of tomorrow, putting our northland blue waters and forests and streams within a few hours access of millions of Americans.

Lowell Thomas in a broadcast from a helicopter at Bridge, Conn., the workshop of Igor Sikorski, predicted last May 28 that helicopter transportation will make a complete change in the living habits of American people.

In an address at the Lunning Hotel (Duncan Hines) in Escanaba Governor Harry F. Kelly predicted a billion dollar income for the Michigan tourist business after the war, predicated on development of safe air transportation and wider recognition by Michigan citizens of their own natural attractions.

This tourist development will be made possible, the governor said, largely because "air transportation for the masses" will eliminate the time gap between north Michigan and the industrial centers of the Middle West.

Here is the governor's prediction: "My prediction is, that with air transportation, the tourist business which has netted Michigan 400 million dollars in peace time will, after the war, be a billion dollar business in Michigan."

How the helicopter will fit into tomorrow's transportation system is a matter for speculation today. It is apparently safe to say, however, that the helicopter motor with its whirling propeller located above the airplane cabin is beyond the experimental stage and that it offers the closest approximation to a fool-proof, safe airplane as inventive genius has yet created.

Here is truly a product of World War II. The helicopter was first flown successfully in 1941, and is now being used by the army and navy.

Large airports are not needed for this new craft which takes off and lands vertically and which requires no more than a flat roof on a building for convenience of passenger and parcels. The helicopter is envisioned as bringing to small towns and farms a new mode of transportation. The city worker can take-off for a week end outing in Michigan's expansive northland and do so with the ease of a plane.

MARRIAGE LICENSES

The following marriage licenses were issued at the county clerk's office last week: Don Sheldon, 30, Hamburg, Alice Louise Miller, 27, Cadillac; Edward Smedley, 50, Fenton; Lyle Keuthan, 51, Howell; Gerald Crain, 21, Howell; Dorothy Shipv, 17, Howell; Clare Bowen, 26, Howell; Florence Smith, 18, Howell.

Rev. John Wall, pastor of St. John's church Jackson since 1914 died there Sunday night. He was a native of Dexter and was ordained a priest 48 years ago. A pontifical high mass will be held at St. John's church, Jackson today, Bishop Albers officiating. Burial will be in Dexter. His only survivor is a brother, Dr. A.G. Wall of Dexter.

CURRENT COMMENT

During World War I there were threats and demands that Kaiser Wilhelm be tried as a murderer for causing the war and punished as such. It was claimed that he and he alone was solely responsible for it. However when Germany fell he abdicated, took refuge in Holland and peace fully spent his last days there without any molestation by the victorious Allies. The same thing has happened again in the present war. Hitler and Mussolini were branded as murderers, gangsters, thieves and what not. The demands for their trial and punishment after peace had been declared were loud and apparently universal. Yet history seems to repeat itself. Mussolini was deposed and quietly dropped out of sight and no longer are the loud cries heard for his trial and punishment, which we predict will never occur. The same thing will be repeated when Hitler falls from power. The truth is that these two so-called dictators were never anything but false fronts behind which the military might of the Axis powers operated. Without this military power behind them they were about as harmful as a pair of worn out shoes. Trying and executing them after they have been shorn of power would be as senseless as the act of the Stuarts on regaining power in England when they dug up the dead bodies of Oliver Cromwell, Milton and other Puritans and hung them in chains.

If being in high society means paying three times as much for groceries as is necessary, most people would stay out of the social register. A Grosse Pointe woman grocer who entered to a bunch of Detroit millionaires has just been arrested for violating the price ceiling and selling food without ration points. Along with her are included some 10 members of Grosse Pointe Elite society who face the losing of ration book. Evidence shows that this grocer charged as much as \$2.00 a pound for beef, and prices accordingly for other things and not it, too. She also made a practise, it is alleged of buying cheap products and relabeling them herself. There used to be an old vaudeville gag to the effect that "there are more suckers on Broad way than anywhere else". This would seem to apply to Grosse Pointe also.

It's refreshing to read such an edit orial as the one written by Les Merritt in last week's Livingston County Press. He states that the Nazis branded President Franklin D. Roosevelt as crazy when he set the goal for 75,000 airplanes and said the war would be won by them before the American factories got into full swing. However the 100,000 plane has already come off the assembly line. Merchant ships are being manufactured four times as fast as they are being sunk and other war production on equal footing. Contrast this with the drivel written for the big papers by such as Frederick Lawrence, who says the war effort is all wrong, production is all off, we are losing ground every day and everything is going to the dogs. These big dailies who use Lawrence's stuff would serve the public much better if they canned Lawrence and gave Merritt his job.

Those who look for an outbreak of bootlegging due to rationing and scarcity of liquor fail to take several things into consideration. First sugar is now rationed and extremely hard to get except in limited quantities. Second there is no large unemployed class such as there was in the old prohibition era who drifted into the illicit liquor business because there was nowhere else to go. Third the country is at war and under war time restrictions and any attempt to bootleg on a large scale would be harshly dealt with for the reason that the army and navy need every bit of alcohol that can be made for warfare. Nor do we not think that conditions are ideal as they were after World War I for illicit liquor trade.

HAMBURG

Mrs. James V. Jury entertained the Lakeland Circle Kings Daughters at her home at Bob White Beach Tuesday afternoon with 15 members and two guests present, the guests being Mrs. Harry Burgess of Saginaw and Mrs. Drake.

A potluck dinner was served at 1 o'clock followed by a business meeting with Mrs. Glen Borton, the president presiding.

The meeting opened by singing "Love to Tell the Story" and devotionals by Mrs. Mable Whitlock which included a version of the Lord's prayer written a great many years ago.

A report of the junior baked sale held at the home of Mrs. Harry Lee was given, the proceeds of which was \$10.20; also a report of the recent subscription to magazines, from which \$20.45 was realized.

The Juniors will hold a picnic at Walled Lake, Wednesday, Aug. 18. A baked sale will be held at the home of Mrs. Harry Lee Sat. Aug. 28.

The mystery box was received by Miss Viola Pettys, official and committee reports were given by Mrs. Smith Martin and Mrs. Harry Lee who also reported for the "Happy Helpers" Junior circle.

Mrs. James V. Jury read a selection, "Stewardship". The meeting closed with prayer of the order.

The next meeting will be held at the home of Mrs. Drake at Bob White Beach Tuesday afternoon, Sept. 14, with Mrs. E. Clyde Dunning acting as chaplain. A bunco party will be held after the business meeting.

The Bazaar held Saturday afternoon by the ladies Guild of St. Stephens Episcopal church was a big success in every way; articles to sell were all sold and sold well yielding a good sum for the treasury.

Mrs. D. A. Berg and two children, Lee and Roger of Sturgis have been spending a week with Mrs. Nelson Pearson.

Another guest of Mrs. Pearson and her niece, Barbaradell Way was Mrs. Ida Way of Manchester.

On Saturday, Mrs. Pearson, Mrs. Ida Knapp, Mrs. Way, Mrs. Berg, Barbaradell and Janet visited Mrs. Elmer Sufton at Carland.

Mrs. Lawrence R. Queal and son Leland went to Lewiston, New York Tuesday to visit Mrs. Queal's sister and other relatives returning home Saturday. Miss Jacqueline Queal has been spending two weeks at Lewiston returned home with them.

Harry L. Dewolf and three daughters, Marion, Dorothy and Barbara of Dixboro visited their aunt, Mrs. Wm. H. Keedle Wednesday evening.

MEMORIES OF 50 YEARS AGO

Miss Georgia Martin is attending the Chicago World's Fair.

A new sidewalk has been built on the south side of Haze square on East Main Street.

Editor Andrews and family are spending the week at Bay View.

Tragedy struck this place last Thursday evening, Aug. 17, when John Murphy, a young man who came from Orchard, Queens County, Ireland, with his brother last May was drowned in the Pinckney mill pond. He was working for Mike Dunne on the Haze farm. The cows were pastured across the pond and a boat was used to go across and milk them. Thursday, Mr. Dunne rowed across and did the milking himself. Murphy called a cross to him that he was going to swim across and help him, and took off his clothes and plunged in. About half way across he called to Mr. Dunne to meet him with the boat. The latter did so but by that time he had gone down and could not be found. Mr. Dunne searched for him for a time and then gave the alarm. Search was continued all night without success. Friday the pond was covered with boats but no body was found.

Thomas Grady, a submarine diver from Detroit, was sent for. He could not work on account of the weather but asked that dynamite be obtained. Four charges of this were exploded but the body failed to arise. The search was also unsuccessful. Sunday morning Casper Sykes and Fayette Salmon found the body in a channel. The body was taken to the home of the deceased man's uncle, Mike Ruen. Justice Dell Carr called a coroner's jury who brought a verdict of accidental drowning. The funeral was held Monday from St. Mary's church, Ref. Considine officiating. Burial in St. Mary's cemetery.

While search for the Murphy body was going on Friday the barns on the Peter Kelly farm caught fire and burned down. Insurance was \$600.

The dynamite set off Friday tipped over a bookcase and knocked a clock off a shelf in the Wm. Burch home.

Livingston lodge held a banquet and 3rd degree conference on Tuesday evening with a large attendance. The banquet was served under the supervision of Charles Plympton and Jas. Marble and their ladies and it was a most enjoyable affair. Dr. H.F. Sigler presided and G.W. Teeple acted as toastmaster. Among the visitors whom he called on for remarks were: T.P. Stowe, Hugh McPherson, George Chapel, John Wright and W.P. Govier of Howell. H. Wert Newkirk, Mark Sill, Mark Cook, Dr. Jenny and Robert Erwin of Dexter. Lodge was then opened and Howell Lodge No. 38 conferred the 3rd. degree in impressive style.

A surprist party was given at the home of Dr. Reeves of Plianfield Friday night for Fred Fish who has resigned his place in the drug store there and will return to Pinckney.

Married at Unadilla on Aug. 20, Arthur May and Miss Minnie Pickel. W.H. Clark who has been supply agent at the depot has been appointed agent at Gregory. Will Black, the Gregory agent, comes to Pinckney.

Born to Wm. Darrow and wife on Friday a son.

Met Chalcker and James Durkee have purchased a Southwick hay press. The first job they did was for H.D. Grieve.

NEIGHBORING NOTES

Judge Holland has found for the property owners of White Lake in Oakland county and against the conservation commission. The latter recently bought land on the lake for a public fishing beach. The judge found it violated building restrictions and constituted a traffic hazard.

Maurice Routell, son of Mr. and Mrs. Clifford Routell of Howell, a first class seaman was killed in action recently.

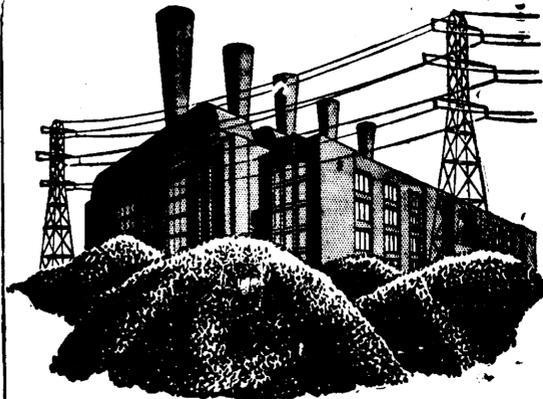

Joe Grostic and Ray Holt, members of the Howell civil air patrol participated in the daylight raid on Detroit last week.

Ina Kelly of Hartland, former helping teacher in this county, is now helping teacher in St. Claire county.

The Fowlerville track record was broken there the last day of the fair when Frisco McKay, a pacer took a heat in 2:04 1/2.

ELECTRICITY

is a war material, too -

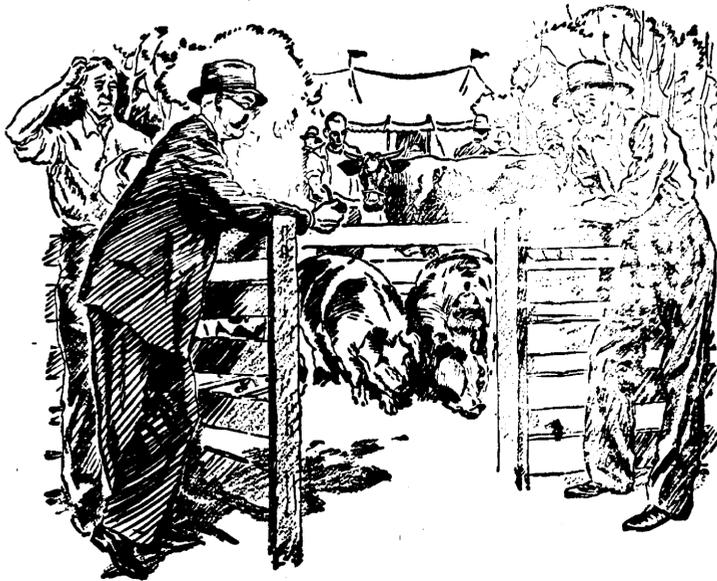

use it carefully!

If you have ever seen a big Detroit Edison power plant, you have probably noticed the large piles of coal heaped outside. Thousands of tons of fuel are required every day to produce the electricity sent out over a network of transmission lines to factories and stores and offices and homes. That is one reason why electricity is a war material. When you save electricity you save coal, and transportation, and manpower needed for war production.

There is no shortage of electricity in this area, and electricity is not rationed. But remember what electricity is made of: Use it carefully as you would any other vital war material. Prudent, economical use of electricity is a patriotic obligation today. Use what electricity you need - but don't waste it. The Detroit Edison Company.

ELECTRICITY IS NOT RATIONED. BUT ITS PRODUCTION REQUIRES COAL AND RAILROAD TRANSPORTATION. DON'T WASTE IT!

THE OLD JUDGE SAYS...

"Makes me feel extra good heart" you talk that way. Judge... never realized I was contributor to the war effort in the way you mention."

"You certainly are, Hank. Part of the grain you farmers grow is used by the beverage distilling industry to make alcohol for war purposes. Hundreds of millions of gallons are required every year for smokeless powder, medical supplies, chemical warfare materials, shatterproof glass, lacquer for camouflaging equipment, fuel to propel torpedoes and in the making of critically needed synthetic rubber. But Hank, the grain used in distilling this alcohol is not thrown away. It is processed and comes back to the farm again in the form of distillers' dried grains or dried solubles which you use for dairy feeds, hog supplements and poultry mash. This year alone it is estimated 388,000 tons of these much needed feed stuffs will be produced by the distillers."

can see now. Judge, why you say it's a mighty good thing we have a legal distilling industry in times like these."

UNCLE SAM WANTS MORE PORK,, BEEF, POULTRY AND EGGS

Uncle Sam wants billions of eggs and thousands of tons of pork and beef to feed millions of fighting men and defense workers. Mr. and Mrs. Farmer, he has asked you to do the job and has assured good prices.

You have the grains to convert into beef and pork, so give Uncle Sam what he wants. But those grains need balancing so they will go further. Let me show you the Watkins way of balancing home-grown grains.

Watkins new improved Mineral Compounds are made to speed up growth and production while at the same time saving on feed.

se of driving a Zivver. Two or three hours of experience is required. This craft is safe to the degree that it does not slide or tailspin and it can be brought safely to the ground even if the motor stops cold.

C. W. Lucas, assistant to Manfred Burleigh, president of the Great Lakes Greyhound Lines, told newspaper editors at Escanaba that helicopter service would be made available after the war to 40 cities in Michigan as soon as equipment can be obtained. The Greyhound corporation has applied to the federal government for a hearing to permit them to operate a national system of helicopter transportation. It is to be held in October.

As the Greyhound officials envision the role of the helicopter, more people will live in the country while working in the city; airline travel will be vastly facilitated by helicopter service connecting large metropolitan airports and downtown districts; inaccessible areas in vacation country will be opened up for air travel for the first time without the necessity of high expenditures for airports.

In brief, "the helicopter will cut in half the travel time between the north part of Michigan and the population centers to the south". Mr. Lucas also predicted that the new ease and speed of travel will extend the Michigan tourist season from two to six months "since more and more people will travel north for business and for fishing in the spring, hunting in the fall, and winter sports."

If this new war-time creation, the helicopter, can achieve these gains for Michigan, we will be doubly blessed. Perhaps here is one of the unforeseen benefits of war which science makes possible when driven by necessity of national self-preservation. It may revolutionize the Michigan of tomorrow, bringing new enjoyments of living to our people.

WIN AT ANN ARBOR SUNDAY

Pinckney won from Mac's Athletics of Ann Arbor at Sportmen's Park last Sunday night by a 6-4 score. Hunter, the Ann Arbor pitcher held Pinckney to 1 hit for 6 innings and went into the last inning with a 4-0 lead. Pinckney suddenly came to life in this period and scored 6 runs by aid of a double, 3 singles and 3 Ann Arbor misplays. Shehan led off with a double, K. Ledwidge hit to 3rd who fumbled. Reader singled to center, Swarthout dropped a hit to left, Reason got a hit and Palmer and Shirey were safe on errors. Result: 6 runs scored. In the last half of the 7th, Dinkel held the colored boys scoreless.

Previous to the 7th inning, Pinckney had continually popped up easy flies except for Keith Ledwidge's triple in the 4th which would have been a home run in another park. It hit the fence and rolled back into the field.

The Ann Arbor team scored all 4 runs in the 4th when the Pinckney infield made 8 errors which were combined with 2 bases on balls and a single gave the colored boys 4 runs.
