News and Items Concerning the Boys Who Are in the Service of Their Country

William Teeple, grandson of Mr. & Mrs. Roy Teeple of Brighton is an air cadet at Corpus Christi, Texas.

Tech Sergt. Carl Bidwell who has been stationed at Gilroy Calif has been transferred presumably for overseas duty. His wife, the former Ruth Devereaux, of Pinckney who has been with him will return to Michigan.

Wesley Umstead of Great Lakes naval station and Merlin Darrow of the naval station at Port Arthur, Texas, are home on furlough.

Plat Sergt. Ernest Smith of Johnson Island, is visiting at the home of his niece, Mrs. Don Hammer. He has spent two years in active service in the U. S. marines. He was on the Enterprise when it was sunk about Pearl Harbor time and was among those saved. He has about every decoration imaginable, including the Pearl Harbor star, Pres. Roosevelt medal and one for every campaign he has been in. Now he is on shore duty on Johnson Island, when the marines first took it over it only contained 80 acres. They dredged it and it is now composed of 200 acres and has two air fields.

PFC Julius Aschenbrenner and his sister, WAC Margaret Aschenbrenner, talked before the school in general assembly last Friday. Julius said he was no talker but agreed to answer questions. He said that the impression the Japs are poor fighters is erroneous and that they are excellent jungle fighters and know all the trick of that kind of warfare. In the early days of the Guinea fighting the losses were 4 Americans to 1 Jap and after a years battling the Japs still hold part of that island. That his company of 122 men on a skirmish went up against some 900 Japs and were virtually wiped out only 17 getting back to camp after wading in the dense jungle. That he was shot through the hand and this hand was infested with maggots during his wandering in the jungle. He was taken to the first aid station, then to Port Darwin, then to Australia. Only critical cases were handled there as there are not enough doctors or nurses to handle all. Finally he was sent to Hoff hospital in San Francisco where the finest surgeons in the army are located. He has lost the use of one hand which is held in place by wires. His hand gets cold on account of lack of circulation and he has to wear a glove on it all the time. He will go back to Hoff hospital this month where the surgeons expect to restore his hand to at least partial use by grafting and plastic surgery.

His sister, Margaret is enthusiastic about her army work. She is a chauffeur and drives military dignitaries to and from the Pentagon bldg. in Washington D.C. Some of her passengers have been General Pershing and Eddie Rickenbacker.

Letters received from Max Reynolds from Camp Ord, Cal., and Ted Adesh who is now stationed at Camp Maxey in Texas state that they expect overseas duty within the next 30 days.

Petty Officer Edsel Meyer left from Ann Arbor at 1:10 a.m. Sat. to rejoin his ship at San Francisco, Cal. A large delegation from Pinckney went to the train and saw him off.

Pfc Cyrus AtLee and wife of Tampa, Florida arrived here today on a furlough.

John Carver is taking flight training lessons at the air field at Lemore, Calif. He enlisted in the army Nov. 2, 1942 and took ground training at Santa Ana and Oxford, Cal. He has 120 hours in the air to his credit and last week made his first solo flight, being the first in his class to do so. His wife, the former Virginia Baughn of Pinckney, is with him in California.

WAC Katherine Eisele called on her grandmother, Mrs. Emma Volme last week. She has been transferred from Cedar Falls, Iowa, to Treasure Island, Calif.

Peach Palmer and Gene Lewandowski took the physical exam for army air force reserve at Battle Creek last week. Palmer graduated last May and Lewandowski is a senior now. Fred Singer, a junior, has decided to defer enlistment. He now has three brothers in service.

## Bond Drive Goes Over

Third War Loan Goal Reached in this County

The War Loan Rally in Howell, Thurs. Sept. 23rd was an enthusiastic success; the workers of the county had been called to the Rotary Club where Mrs. French had prepared a fine dinner which was sponsored by the Howell Board of Commerce, the Rotary Club and the Lions Club. The various supervisors and solicitors gave a report so that Wm. E. Robb Chairman, announced that the total sales amounted to \$775,000 and the County was within about \$300,000 of its goal.

The meeting in the school was one of the largest held in 29 counties. The chairman, W. E. Robb was presented with a \$100,000 check for bonds by the Howell Electric Motors. 75 other bonds were sold. The Detroit Edison Co. buying \$60,000 worth. Total nights sales \$167,000.

This put the county within \$130,000 of going over the goal which is \$1,053,000. The campaign is expected to net a few thousand over.

The largest purchasers were the Citizens Mutual Auto Ins. Co., Howell Electric Motors, Brown, McClaren, of Hamburg, Detroit Edison, General Motors, Consumer's Power and Mich. Bell Telephone Co.

In Pinckney village \$7000 worth of bonds were sold.

### AUCTION REQUIREMENTS

The OPA has issued a special bulletin stating that farm equipment auctioneers must notify the nearest OPA office six days in advance of every scheduled or private sale of used farm equipment. The notice must include place, date, time of sale and a copy of announcement. Farmers are also advised that used hay loaders, side delivery rakes & manure spreaders are under price control together with combines, corn binders, farm tractors, corn pickers and motor operated hay bailers. This also applies to used equipment when sold by dealers. The prices are 85 percent of the purchase price if less than a year old and 70 percent if more than a year old.

### GETS HONORABLE MENTION

Mrs. Minnie VanSlambrook of Pinckney was one of the 69 victory gardeners in Michigan singled out for honorable mention in the Ann Arbor area by the OGD.

First prize of a \$500 war bond went to Mrs. Catherine Bense, 67 of Norway, Mich., and also to Henry Schatz of Traverse City. 21 winners were awarded \$25 bonds and 14 others \$5 in war stamps.

Lorenzo Lavey is now in the army hospital at Castle Point, N. Y., for a lung infection.

Dick Allen, son of Mrs. Eva Docking Allen of Howell has been accepted for enlistment in the Army Air Corps. Clifford Parker, nephew of Edward Parker, has received an honorable discharge from the Officers training school at Fort Knox, Ken.

Surviving are his mother, a brother, Joe, at home and a brother, Phillip, in an army camp in Tennessee. His father died last year.

## Francis Bowers Passes Away

Prominent Local Official Dies After a Long Illness

Francis E. Bowers, 63, son of the late Jacob and Margaret Moran Bowers, was born in Pinckney on January 18, 1880 and passed away at St. Joseph's hospital, Ann Arbor on September 23 where he had been a patient for the past five months.

He attended the Pinckney school and spent his early life in Pinckney. When the independent telephone company was organized in this section about 1900 he was employed by them and built most of the lines in this section together with the late John Hartz. Later he went to Clark, Mich. where he served as manager of the telephone company, going from there to Rochester, Mich. During World War I he was associated with a number of Detroit men in the Grey Iron Foundry engaged in war work. When this company discontinued business after the war, he served as field man for the Shell Oil Company and also the Michigan Oil Co. He was also clerk of the Wayne county circuit court for a time.

All health caused him to return to Pinckney a number of years ago where he purchased the Devereaux farm and lived there for a few years. Since leaving there Pinckney has been his home.

In early manhood he was united in marriage to Miss Isabel Dupont Fowlerville. She died about five years ago. There were no children. During his residence in Pinckney he served the public in many ways. At time of his death he was serving his 4th term as supervisor of Putnam township. He was also treasurer of the school board and had served as chairman of the soil conservation board for this district and on the village council. In 1942 he was the Democrat candidate for county treasurer.

Surviving are a sister, Mrs. Nellie Leffler of Detroit, her three daughters of Detroit, a niece, Helen, daughter of his late brother, Edward, who lives in Connecticut.

The Livingston county board of supervisors sent a delegation to the funeral consisting of Chairman Ralph Glenn, Unadilla; George Eckert, Handy, Lyle Redinger, Josc; and Ross Robb, Conway. There were many floral offerings.

The funeral was held Saturday morning in St. Mary's church, Rev. Francis Murphy officiating. Burial was in St. Mary's cemetery.

Next Sunday we begin the fourth quarter with the study "The Ten Commandments and "The Teachings of Jesus" Matt. 5:17-22; 19:16-22; John 5:30; 40.

Oct 13 is the date for our annual birthday party and it will be held year at the parsonage, with the program committee composed of Mrs. Edna Euler and Miss Cella Fish.

Another date to be kept in mind is Oct 23, 1943, when Baraca Phylathea holds their Michigan convention at the First Baptist Church in Detroit. Mail registrations to See Mrs. Wayne Wyman, 14581 Birwood, Detroit, Mich. (50).

## CONSERVATION NOTES

P.J. Hoffmaster, state conservation director states that he has been assured by the WPB that Michigan hunters will have ammunition by the first week in October. Munition makers will start shipping ammunition to dealers about Sept. 20.

Rationing of ammunition to dealers will be based on the stock they have on hand.

The 1700 acre Rose Lake Wildlife experiment station will be open to hunters again this year. They must obtain tickets at the station headquarters.

Although the game bird crop this year is excellent only half the usual number of hunters are anticipated. If there is not a late epidemic of fire, 1943 will probably be the best forest fire year in history.

100 Michigan boys attended the 7th annual 4-H club at Higgins Lake this year.

The Hotel Zeiser at Lakeland has been sold to John E. of Toledo. Mr. Zeiser will go to New York to before going to Florida for the winter.

## Mich. Mirror State News

In Which a Brief of the War Is Given and Post War Planning Mentioned

Michigan's silver stars are turning an increasing number to gold.

The village of Holly, in Oakland county is typical of hometowns everywhere in Michigan. Within the few weeks, telegrams from Washington have been delivered at three homes of Holly mothers fathers and relatives. Here were the fateful words: "The Secretary of War (or navy) deplains that I tender his deepest sympathy..."

Why were these young Michigan boys killed... one at the Pacific front, half way around the globe, and the other European front?

A lot of Michigan people... especially the fathers and mothers of young men now in World War II are asking this question. They would like to know the answer.

And many Michigan boys in camps out at our fighting fronts are asking a sequel to it: After we win the war, will we win the peace? Victory without peace seems a cost price for death on a battlefield, tomorrow as yesterday.

The boys remember the discussions at dinner tables, prior to Pearl Harbor, when Dad and Mom said we would keep out of war... mind our own business... let Europe run its own affairs. And, anyway, we're 3,000 miles away?

Sure, we minded our own business, didn't we?

Then the dirty Japs pulled a fast one at Pearl Harbor, and the Nazis just laughed and declared war on us, the United States of America!

Of course, we got mad. We're still angry. So are thousands of Michigan boys in camps with MacArthur in the Pacific and Eisenhower in Europe. Some of these boys are sons of men who served in World War I. They know and so do we, that we didn't save the world for democracy after 1918. Something happened.

When a paperhanger in Germany wrote a book called "Mein Kampf", the world smiled. But that wasn't now. A carpenter named Jesus Christ received the same reception from much of the world centuries before. But each man had an idea although they were as different as night from day.

While we Americans were minding our own business, the German paperhanger was telling the frustrated Germans: "Germany was not defeated in the war. Germany was betrayed by the Jews and Marxists. The Allies imposed an unjust peace. Germany under my leadership will be invincible!"

Well, we remember what happened. Hitler accomplished exactly what a member of the German general staff would happen in a talk with Dr. William Seaman Bainbridge, a distinguished American, way back in 1925 - two years before World War I began! And here, in part, is what the general staff officer said with remarkable prophecy should Germany lose World War I: An armistice will be signed before any hostile army crosses Germany's frontiers. There will be no scars on the fatherland from this war... Following the war there will be an economic hell, industrial revolution. We will set class against class, until the nations will

## CURRENT COMMENT

By Ye Editor

It seems to be generally conceded that Senator Wheeler's effort to prevent the drafting of fathers has flopped, mainly through the testimony before congress of General Marshall and Bernard Baruch. Gen. Marshall and Bernard Baruch said the only way this war can be won is to keep the army in strength. If it is allowed to shrink, all war plans will have to be revamped, campaigns already mapped out changed, the war prolonged and we may even take a chance of losing it. Baruch testified along the same line and also added the plea "Don't cripple the military branch of the government". In the face of such testimony against which Senator Wheeler had not a shred of rebuttal testimony, the senators or representatives are very unlikely to vote for a bill which might be the means of losing the war for us. Anyway draft boards have been inducting fathers for many months now without any outcry being raised against it.

As it is impossible at the present time to buy new heating stoves, and many families appear to be in danger of not getting enough heat this winter. The OPA is making an effort to alleviate this as much as possible and to that end is asking all persons having used stoves in their barns or garages put them up for sale at once as this is the only way heating apparatus can be made available. So search around your home and if you have a stove you can spare advertise it for sale as in this way you may be able to prevent some family from suffering from lack of heat this winter.

There may be a township election in April after all. The last legislature passed a law providing that township officers should be elected every two years. The people approved it last spring. However, the law did not contain any date on which it was to go into effect. Consequently the Mich. State Election Commission has requested an opinion from Attorney Gen. Rushton on this matter. The secretary of state has received inquiries along on this point and has passed it on to the attorney general too.

In the vote on the Fullbright bill last week in which congress went on record in favor of some kind of an international organization to prevent war, Mich. continued to uphold her record of isolationism. The vote was about 300 to 20 in favor of the resolution and of the 29 votes cast against it, 5 were from Mich. Those five were: Hoffman of Allegan, Crawford of Saginaw, Woodruff of Bay City, Bradley of Rogers City and O'Brien of Detroit. Some of these five gave flimsy reasons for their vote. Others refused to give any. However the world at large will regard them as opposed to any attempt what ever to prevent another world war such as is raging over the world at the present time.

The past week this community lost two prominent citizens both of whom it might be said were cut down in the prime of life. They were Frank Bowers and John Craft. Both funerals were largely attended and the whole community mourned their passing. We think the reason for the sincere regret at their passing is that while they paid close attention to their business they found time to be community men. They were willing to assume many civic and fraternal duties which are for little or no reason shunned by others. They enjoyed being a service to the community. Both were extremely active in the affairs of the community. Both kind are rare in every community. People who give of themselves when it is easier to remain aloof are all the more rare in any community.

**A LETTER that speaks for itself**

**OFFICE OF WAR UTILITIES**  
**WAR PRODUCTION BOARD**  
**TO ELECTRIC UTILITIES AND THEIR CUSTOMERS**  
 "The War Production Board has proclaimed that maximum war production requires the greatest possible conservation of materials such as copper, steel, tungsten and many others—much greater than has been heretofore accomplished. It believes that this greater conservation can be accomplished by the voluntary cooperation of all citizens of our country in the effort."  
 "Each principal industry and agency is organizing to carry out the objective of the War Production Board to its members and they, in turn, to their customers so that the fullest conservation may be obtained."  
 "In the electric utility industry, the installed generating capacity, together with capacity now under construction, is ample to meet all foreseeable electric needs. But, it is essential to SAVE THE USE OF ELECTRICITY WHEREVER POSSIBLE so as to reduce, directly or indirectly, the demands for materials, fuel, transportation, and manpower."  
 "The desired result will be obtained through the full cooperation of millions of people in the conservation program. With everyone contributing, the effect will be tremendous in hastening the day of Victory."  
 J. A. Krug, Director  
 Office of War Utilities

All public utilities are included in this nationwide program of voluntary conservation—gas, telephone, water, transportation—as well as electricity. We know that our customers will cooperate loyally and wholeheartedly, to help speed the day of Victory.

Put yourself in his shoes tonight

Think how eager you'd be to talk to the folks at home if you were in the Army and away at camp.  
 You see, that's about the only time a soldier can get to the telephone. If the circuits are crowded, he may not be able to reach home before taps.  
 That's something to remember when you're thinking about making a long distance call between 7 and 10 o'clock at night.

Late News and Activities of The Pinckney School

6TH AND 7TH GRADE NEWS (Shirley Reason and Richard Schneider, reporters) On Monday the boys and girls in our room formed a club called the "Young Americans Club" We elected Jane Amburgey pres., Leona Campbell, Vice. Pres., Dick Singer, sec. and Joe Jeffries Treas.

One project of this club will be to work out a code for our room. We decided to work on these points this year: courtesy, cleanliness, cooperation. We appointed committees to take care of the code and other things.

We hope to hear the broadcast from Mich. State College every Mon. at ten o'clock. This is a music program for boys and girls.

Scandal Column, by The Snoopers

Any evening, cloudy or otherwise a junior can be seen in an Oldsmobile coupe happily wending his way eastward on M36, over a railroad track, down a gravel road and stripping his gears as he tries in vain to bring his car to a quick stop as he coasts into the driveway. Reaching in the back end for a water can in the car he grabs a sprinkling can and fills it with water at the Pettysville pump, pours it all over the engine in an attempt to cool it off. Straightening his tie (joke) he starts for the back door. There he is greeted cheerfully by a blond graduate of last year. You take it from there.

In our victory garden of romance some mates have withered and died while others have blissfully continued to bud and bloom. We witness many new varieties, too. We find two prom

inent juniors sharing leaning space on the top of the desk of our local telephone office. We anticipate a dual between these juniors though as their attentions are on different operators! We find the thoroughfare to Gregory still being kept clear by this years senior president but this year we find him alone on his way up because the junior boy that accompanied him before has no cause to make the trip. We find one of the co-captains of the football team being carefully watched by security forces of last years sophomore class.

The intellectual giant of the junior class seems to have lost out with the Queen of Highland Lake. Gas rationing?

The Junior class is going to give dances every Tues. night. The lights are low, music sweet and the crowd was large last Tues. night for the first dance. Miss Eckert gave the lessons to those who desired to learn round dances while our school mate Deacon Bailey taught square dances. We were all entertained by the piano solos of Bill Klave, another of our class mates. All those above the 8th to 12th, inclusive are invited and may bring one guest providing that the guest is above the 8th grade. There is no admission, but donations are accepted. New records and needles have already been purchased for the next dance. Don't forget to come team Tuesday night.

It never rains but it pours. The seniors found this out the night of their long planned hay ride. Only 7 out of that group were present at school on the appointed hour for departure.

Horse and buggy days have come back to Pinckney as far as a certain Junior and his classmate are concerned. On a good moonlight night you will see them on their merry way over the country roads east of town. As the school semester opened

many new as well as familiar faces were seen. Among the new was the sweet face of our new high school teacher, Miss Eckert, whose sunny smile and kind disposition has warmed the hearts of many. While Mr. Reader is spending his spare time coaching all sports, Miss Eckert is arranging the library and Mr. Wilson is getting the files up to date. A committee of four juniors were appointed by Mr. Reader to take charge of noon dances.

SPORTS NEWS

The Pinckney high school football team got away to a flying start Friday when they defeated Ypsi. The school reserves there 38 to 0. The boys were not hard pressed and all the reserve players got into the game. The features of the game were a 57 yard run by Fred Singer, a long run by Dick Young, a freshman, a forward pass catch by Don Jones and the line plunging ability of Garti Meyer who never failed when called on to make a fourth down.

The Pinckney lineup was as follows: L. E. ... Don Jones L. T. ... Alfred Bobow L. G. ... Charles Clark Center ... Don Giffitt R. G. ... James Doolittle R. T. ... George Aschenbrenner R. E. ... Gus Ledwidge Quarter Back ... Ross Lamb L. H. ... Garth Meyer R. H. ... Gene Lewandowski F. B. ... Fred Singer

### THE MICHIGAN MIRROR

have pretty much all they can attend to at home.

"The greatest struggle will come after the war. The weapon will be propaganda, the value of which we know. The Allies will be torn asunder each put at the others throat, like a lot of howling, gnashing dogs. And when they are all separated from France, Germany will deal with her alone."

As the casualty lists grow longer, splashing our silver stars with gold, will we think and do? Will we return to nationalism and its renunciation of world responsibility for winning the peace?

As one Michigan newspaper editor forecast gloomily in an editorial a few days ago, death sentence is being pronounced today on the grandsons of Michigan grandfathers—those kids who are just entering kindergarten of first grade and who will surely die in World War III if history repeats itself and the pattern and the judgement of the German general staff officers, back in 1915, again becomes the pattern of tomorrow's interlude which we may call Peace.

We wonder what these Holly boys, Donald Hulet and Robert Bravedner and Allen McDowell would want us to do.

We, the people must give them the answer. There is no escape

### RESOLUTIONS OF RESPECT

In Memory Of  
John Craft who died Sept. 20, 1943

Once again death hath summoned a member of our Lodge, and the golden gateway to the Eternal City has opened a welcome to home. The work of ministering to the wants of darkened souls and in bringing joy to the places of misery is completed and as a reward has received the plaudit: "well done" from the Supreme Master.

And whereas, The allwise and Merciful Master has called our beloved and respected member home;

And whereas, Having been a true and faithful member of Our Lodge therefore, be it Resolved, That Livingston Lodge No. 76 free and accepted Masons of Pinckney in testimony of its loss, that we tender to the family of the deceased Member our sincere condolence in their deep affliction and that a copy of these resolutions be sent to the family.

### Where Will Money Come From?

People ask: "Where will the money come from?" to reach the thirteen-billion dollar objective of the Second War Loan. The answer is simple. The people HAVE the income. When we produce munitions or peacetime goods, or anything else, we likewise produce income. For every dollar of production, there is a dollar of income.

The problem of war finance boils down to this—if individuals and businesses receive more income after taxes than there are things produced for them to buy, then excess funds arise. The government deficit is matched by the combined surplus of everybody else. This surplus should be put into Government securities to wipe out that deficit.

They give their lives... You lend your money.
