A BRAVE SAILOR RETURNS

By Leona Campbell, 7th grad

Petty-Officer 3rd class Edsil Meyer has returned home on furlough from overseas. During his two years absence he has been in six battles, all in the Pacific area. Kiska, Coral Sea Hawaiian Islands. Other places he has been are Aleutian Isles, Midway, S. Australia, New Zealand, Fiji, and Amor Isles, Wake and Honolulu.

The sixth and seventh grades learned many interesting things from him when he gave a talk Sept. 13.

Some of the things he told about were ships and submarines. And also about meeting Corporal Steven Gerecz at Guadalcanal a year after they had enlisted together in Dec. He showed us souvenirs from different countries such as coins, wooden sword, and a hand knife in a leather case which he had made while he was aboard ship for his own purposes. He also showed us a Jap machine gun clip.

He dived in the water to save a comrad who was wounded and another time he went in to save a mail bay containing important papers. He received a commendation for this work each time. We understand that these mail bags are made so if they fall in the ocean and the sailors are unable to rescue them the bags will sink within an hour so the enemy will not find them. Edsil wears four ribbons and is about to get two more. He said it did not seem possible that he was home. One boy asked where he hoped to go next. Edsil replied "I would like to stay home but I must go back". Let's all buy bonds and stamps so the boys can come home for good.

The regular meeting of Pinckney Chapter No. 145 O.E.S. will be held Friday eve., Oct. 8 at 8:00 P.M. Registration and the convention program will be held in the Walnut St. Methodist Church, beginning at 9:30 a.m. Mrs. M.E. Darrow, Member of Publicity Committee

Retire Cars To Save Gas

Michigan Telephone Company Effects Big Saving in Gasoline

Detroit, Sept. 24. The Mich. Bell Telephone Company today reported it will record a savings of about 430,000 gallons of gas for the year on the first anniversary of gas rationing.

Forrest V. Rhodes, supervisor of motor equipment for the company, said the savings will amount to more than 160 gallons of gas per motor vehicle in use during the year. He explained that the company temporary had retired from active service more than 200 vehicles.

Rhodes also estimated the company will be able to show a savings of basis of the pre-war average of 20,000 miles for the life of a company-operated tire. Mileage covered by the Michigan Bell fleet will have dropped 2,300,000 miles or 9,200,000 tire miles, by the end of the first year of gas rationing.

The company attributed the big gas savings to no single factor. Rationing and speed regulations, voluntary conservation measures by the company and its personnel, and the cooperation of customers all have contributed to the results, it pointed out.

The mileage reduction has permitted the company to build up its motor cars and trucks are hard, if not impossible to get. The company's motor fleet in use has declined from a high of 1,909 to 1,610 units with an average of 1,705 in active service during the year.

IS ROBBED FRIDAY NIGHT

Anthony Gregovich, 56, of Chicago employed by the Grand Trunk Railroad with the gang engaged in raising and ballasting the track here was beaten up and robbed of about \$80 in money about midnight Friday. Suspicions were directed to a red haired stranger about 25 years old, bare headed and weighed about 140 lb. He carried a small suitcase and was apparently waiting for a bus but failed to take one. The stranger struck him an acquaintance with Gregovich who was displaying considerable money & spending the day in the Pinckney Tavern. He bought him drinks and got in his good graces and eventually enticed him in the vicinity of the Menonite church where he slugged him, choked him and pointed a gun according to Gregovich. The latter had about \$80 in money on him which the stranger took, discarding some uncut checks and other things. Gregovich does not talk very good English and when he returned to the tavern they could not understand him. Eventually the sheriff was called and Deputy Murray Kennedy came over. He found the stranger's suitcase which contained nothing but a few articles of clothing etc. Gregovich has now returned to work on the railroad, a poorer but wiser man. The railroad gang live in boarding cars near the Hickory.

After the wedding ceremony, a reception was held for the bride and groom at White Lodge Country Club with 150 guests present.

After a short wedding trip Mr. and Mrs. Warner will be at home on Franklin Ave. Detroit.

Barry County Local Option Vote To Be a Test Vote

At a special election in November, voters of Barry County in south Mich. will have the ballot choice of adopting Prohibition or remaining under the state's present system of state liquor stores, special distributors and home rule control by home governments.

It will be the first Michigan test during World War II of county wide option, as provided for in the amendment to the state constitution ratified by the people in 1933.

The 1933 act of the legislature, which followed adoption of the amendment, not only provided for home rule by referendum vote of the people in municipalities and townships, to the sale of beer, wine and liquor by the glass and at stores, but it also provided strict home rule control of licenses. This home rule has been exercised to date by municipalities and townships which have the right to deny issuance of a license, or its re-creation, merely by informing the state commission of its recommendation. The state commission has no alternative; it must deny or revoke, according to the desires of the home government.

In addition to these local controls, the amendment clearly provided a county prohibition through a special election. Barry county will hold such a vote next month.

Historically, the problem of liquor control in Michigan dates to the 1790's. The Northwest Territory forbade the sale or giving of alcoholic beverages to Indians. As early as 1795 the Territory sought to prevent the sale of such beverages to miners by imposing heavy penalties on innkeepers and retailers. The license system was inaugurated in 1792.

By 1850 the state legislature concluded the license plan as a failure, and it turned to a state-wide prohibition which was written in the constitution that year.

Twenty-six years later, the pendulum of public opinion had swung from bondedry prohibition back to control—chiefly because the law had become dead letter which was widely ignored. In 1876 the state vote against prohibition was 60,629 to 52,569. Then came the first county option law in 1887.

The 1943 movement for prohibition parallels the 1917-18 movement in Michigan and in the Nation.

BOND DRIVE RESULTS

"Success" is the word we may use to describe the recent Pinckney bond drive. The community again proved the truth of the old slogan "Small but Mighty," when bond sales rose to the record sum of \$13,750, with the quota standing at slightly less than \$14,000.

The ladies who contributed time and effort in home-front service of the war effort were Mrs. George Meahan Jr., Mrs. Lee Lavey, Mrs. Paul Curlett, Mrs. Claude Kennedy, Mrs. Fred Read, Mrs. Ross Read, Mrs. Roger Carr, Mrs. Charles Hewlett and Mrs. Kenneth Nicholson.

NOTES of 25 YEARS AGO

The safe of the Pinckney Bank was
blown open early Wednesday morn-
ing and about \$5000 in currency was
taken. The safeblowing awakened
John Dinkel and Thomas Read who
lived across the square and they
came out only to be shot at by band-
its on the square and ordered to
drop their guns and shoot it out.

Both got their guns and shot it out
with the bandits but they were hand-

icapped as their guns were loaded
with birdshot. Barney Lynch also shot
up and retreated when a bandit
shot whizzed at him. The telephone
wires were all cut but one, the Gr-
egory one. The sheriff was reached
via Gregory, came over but found
no trace of the bandits. Dan Denton,
Lawrence McCleer and Henry How-
lett however followed them nearly
to Grass Lake where they lost the
trail. The banks loss was covered by
insurance. Great praise is due Miss

MR. MERCHANT:

Please

As a wartime measure to save coal, trans-
portation, manpower, and critical ma-
terials, the War Production Board has
requested a nationwide conservation of
electricity in these categories: LIGHTED
SIGNS, SHOW WINDOWS, DECORA-
TIVE AND ORNAMENTAL LIGHTING,
SHOWCASES, BUILDING ENTRANCES,
INTERIOR ILLUMINATION, AIR
CONDITIONING.

This program is voluntary. But its impor-
tance cannot be emphasized too strongly.
Thousands of tons of coal each day are
required to manufacture electricity, and
when you save electricity you save coal
and other war materials. Desired savings
in light and power can be obtained by
turning off lights and equipment which
are not necessary.

In our Company there is no shortage of
generating plant or distribution facilities.
But saving electricity today is a patriotic
obligation. This nationwide voluntary pro-
gram includes ALL public utilities—gas,
electric, water, transportation—as well as
electricity. Your help and the help of all
our customers will make the Govern-
ment's conservation program a success.

Italy has fallen—but the war is not over and you know it! Think of Berlin and Tokyo—think of the men dying at this moment.

INTERNOS

We were lead to believe that a certain junior boy had turned to a "stay at home" when he stopped frequent trips to Gregory but it seems he changed his mind Saturday night as he took M36 to Pettsville and then the gravel road and on to Chilson.

At the game Pinckney vs. St. Bridge a large percentage from Pinckney turned out to cheer the team on to victory. Arrangements are being made to secure cheer leaders.

The change of Title. Maybe you have been wondering why the title has been changed from Scandal Column to Internos. You may also wonder what Internos means. For those who wish to know about the change the answer is simple. Ask anyone who takes Latin.

Last Friday afternoon the school was entertained by the talent of the speech class, which was under the direction of Miss Eckert. Of the four plays given, the favorite was a Nazi play. Our geniuses Bob Carr (Squirt) Jack Haines, Jerry Ledwidge, Ross Lamb, Fred Singer and Don Jones held their audience spellbound as they portrayed the characters in the sie splitting comedy. The characters were Herr Gobbles, Bob Carr; Herr Tonic, Jack Haines; Herr Hitler, Gus Ledwidge; Spys D Jones and Ross Lamb; Guard, Fred Singer.

"Mrs. Wiggy of the Garbage Pail" had the following cast: Muriel Read, Jean Craft, Tom Howe, Hollis Nichols.

"The Morgue" cast was Don Griff, Hollis Amburgey and George

Koch, Garth Meyer.

Robert Carr was prominent at the local dance Saturday night giving square dance instructions to a member of the school faculty. He denies the report that he has ordered a taxi dancers badge with the inscription 10¢ per dance.

Our Chief booster for "Back to Horse and Buggy Days" had hard going Saturday night. He hooked up old Dobbin and went to get his lady fair for the dance. However, Dobbin cast a shoe and he did not arrive at the dance until the orchestra had started to play Home Sweet Home. Ross may have to get a portable blacksmith outfit.

THE MICHIGAN MIRROR

During the early months of World War I Congress prohibited the sale of liquor to soldiers and sailors and empowered the President to prohibit the use of grains and fruits in the manufacture of alcoholic beverages. Then on Nov. 21, 1918—10 days after the Armistice was declared in France—war-time prohibition was approved as a peace-time measure.

At Washington today is a House Bill 2052 whose objectives are given by sponsor in the following language: "To reduce absenteeism, conserve manpower, and speed production of materials necessary to win the war"; in other words, national prohibition.

In 1917—18 the sale of beer was prohibited to soldiers and sailors. Today it is permitted.

The government's own newspaper, the Stars and Stripes, raised the question last May 20 as follows: "We can remember the days of prohibition, when moonshine whiskey made quick fortunes for bootleggers, crooked politicians and dishonest police officials. As a result we claim we know what we want in the way of liquor legislation and feel those at home should wait until we return before initiating further legislation on liquor control."

The dry counter with all excellent arguments too. The rise of juvenile delinquency, excessive drinking habits by young people, serving of beer to minors. The Monday morning abstemiousism at war plants. Rationing of tires and food to civilians via use of tires and gas by breweries. (All distilleries have been converted to war needs.)

Barry County's special election in November may be straws in the wind. It's voters rejected county wide prohibition in 1934, but, they may think differently in 1948.

SPORTS

Pinckney won from Stockbridge there at football Friday by a 6 to score but this does not tell the story of the game as Pinckney was at least 3 touchdowns better. Pinckney

leads 11 first downs to Stockbridge 6 and only some bad luck and 4 15 yard penalties kept them from a higher score. Stockbridge elected to receive and started with a pass which Singer intercepted for Pinckney. Swinging end runs by Slager and Lewandowski and some line plunges by Meyer put the ball on the 10 yard line where Pinckney fumbled and Stockbridge recovered. Pinckney got the ball on downs and a long pass from Lewandowski to Jones scored first touchdown. They failed to kick goal. Again Pinckney made several first downs and reached the 1 foot line where an end run failed to click Stockbridge took the ball on downs. They failed to advance and Pinckney again made several first downs but drew a 20 yard penalty for holding. The second half was a repetition of this Pinckney made first down after first down which were nullified by 15 yard penalties. In the meantime Stockbridge made no scoring threats until the final minute of play when they completed a long pass and reached the 20 yard line. Here they failed to gain and play was near the midfield when the game ended.

The Pinckney team looked good in this game despite the penalties and two fumbles. The line held well on defense and the backfield were given good interference on their runs. Bobon is a very good lineman and also ran interference. Lewandowski's passing was accurate and Singer showed much ability to circle the ends.

Friday Pinckney plays Dansville there. This team beat Stockbridge 21 to 6 and Pinckney will have her hands full. The first home game is with Ypsi Reserves Oct. 15.
