DIES IN SICILY

Word was received Saturday by Mr. and Mrs. August Engel of Waukegan, Ill. that their son, Technician Hollis J. Engel "died in Sicily on Nov. 12." The message came from the adjutant general's office in Washington. Hollis entered the service in 1941. His mother was the former Nora Fohey of Pinckney. Miss Veronica Fohey of Putnam is an aunt. Surviving are his parents and several sisters. A brother, John died in 1943.

Fowlerville high school beat Stockbridge at basket ball last week 43 to 18.

4th War Bond Drive On

Total Quota for the County is \$938,000. Pinckney's is \$13,250 and Putnam Township's is \$9,040.00

The 4th war loan bond drive has opened and the different committees are busy organizing and getting their plans in shape. The quotas for the different cities and townships are as follows:

Brighton	\$59,220
Fowlerville	\$51,600
Brighton twp.	\$13,680
Cohortah	\$14,200
Howell	\$189,200
Pinckney	\$13,250
Conway	\$14,220
Deerfield	\$11,490
Genoa	\$13,215
Greer Oak	\$14,850
Hamburg	\$13,215
Hardy	\$13,790
Hartland	\$10,890
Howell	\$10,860
Josco	\$8,720
Marion	\$20,870
Oceola	\$11,510
Putnam	\$9,040
Tyrone	\$13,680
Unadilla	\$13,680

Westley Reader has been named chairman of Pinckney village and Putnam township by Joe Brady, county chairman and all efforts will be made to raise the quota. My house and person in the township will be contacted. It is a patriotic duty to contribute to the war effort and help our boys who are fighting the trenches and jungles of Europe and the South Pacific. Without support on the home front the war cannot be won.

Already 19 Livingston county boys have made the supreme sacrifice. They are: Merlyn McClear, Maurice Boutell, Harold Peterson, Joyce Curtis, Wade McCook, Charles S. Effer, Edward Saroski, Lloyd Reader, Richard Buckley, Frederick Dillingham, Edward Rosse, Frank Elkott, Harold Raymond, Clyde VanBeuran, Allan Collicott, Orvin Vyse and Charles Frush. Others have returned home wounded and permanently disabled for life. It is up to the home front to see that their sacrifice shall not be in vain.

On the night of Thursday, Feb. 3, several reels of war pictures will be shown free at the school auditorium to stimulate the war bond drive. Mrs. Lola Lobdell will be in charge of the drive in the village and the mothers of the boys in the service will do the bond selling.

Good Hunting

Trophies of one season's coon hunting are proudly displayed by Willard Wiltzie, Joe Wellman and John Wylie of Pinckney, R.F.D., Livingston county. With the aid of their trusty dogs, the three men took thirty raccoons in the neighborhood of their homes during the open season. The pelts are worth a total of \$150 to \$200 at current fur prices.

News of the Local School

News and Activities of the Pinckney School Briefly Told

SCHOOL OPERETTA
Under the direction of the music teacher, Mrs. Earl, the first seven grades of the school will put on the operetta "Hansel and Gretel" in the spring.

Two films of motion pictures were shown at the school last week. One was on farming and the other on alcohol.

The high school basket ball team has had a run of bad luck and dropped their last three games to Stockbridge, Brighton, and Ann Arbor High Reserves. They lost to Brighton by one point and to Ann Arbor Res. 43-48. In the last game Sngear got 18 points and Gus Ledwidge 17.

At Ann Arbor Tuesday night the first team lost their 4th straight game to St. Thomas 39 to 29, Pinckney led at the half 18 to 14 but faded in the last half. Singer got 19 points for Pinckney and Smith 20 for Ann Arbor.

The Pinckney second team beat St. Thomas Reserves 19 to 14 for their third straight win. Previously had beaten Brighton and the Fowlerville Future Farmers.

Pinckney meets Hartland here Friday night in 3 games when both boys and the girls teams play.

Hard times really came to Pinckney last Tues. night as far as the school students were concerned. Most of the boys and girls wore slacks or overalls with bright flannel shirts at their hard times party. Some of the girls didn't even have two socks of the same color. The card of the evening was Ross Lamb who was dressed as a Bloomer Girl with his fashionable black bloomers, white blouse and various colored ribbons. After everyone enjoyed themselves with dancing they sat down and watched a floor show put on by some of the school talent. Light refreshments were served and brought the evening to a pleasant close.

Miss McDonnell, who has just reached sweet sixteen celebrated the occasion by having a few of her classmates in for a lunch before the game. The invited were Virginia Umsted, Jack Reid, Tom Howe, George Koala, June Matteson Bill Klave, and Carol Stecker. Lois was a very lucky girl because along with some other lovely gifts she received a box of much needed kleenex.

Now that exams are over the new semester has started as scheduled. Mon. afternoon classes were only 1 half hour long which provided an hour for electing the new student council. Those elected were: 12th grade, George Aschenbrenner, as pres. 11th grade Jim Reid as vice pres and Muriel Read as Sec. Gilbert Bailey, Gus Ledwidge, Maynard Clark Rita Kennedy, John Koch, Jimmie Gardner and Tom Clark were the other representatives. We wish to congratulate them all and wish them luck.

The eighth grade class has a new motto "Make Hay While the Sun Shines."

Although Rus Clark and John Koch did not escort anyone to the dance on Sat. night they were very lavish with their attentions on a couple of young ladies there we are informed by Jackie Darrow.

Mich. Mirror State New

In Which the Acquiring of the Porcupine Mountains is Discussed

Unless the Michigan legislature acts next month to acquire possession for the public, the heart of the nation's largest single tract of virgin hardwood hemlock timber—the scenic Porcupine Mountain area of the Upper Peninsula—will be razed soon by the woodman's axe.

It's the old, old story. A big firm from Wisconsin—the Connors Lumber company—is interested in the prospect of war-time timber profits.

Heretofore, the inaccessibility of the tract and prevalent lumber prices were the only reasons why the valuable forests were spared from exploitation. Today's high prices, however, make it profitable for the Connors company to build a railroad line into the Porcupine area, to construct special roads, and to hire lumberjacks at 40 hour week wages with extra trimmings thrown in for good measure.

Hence, to the Wisconsin lumber company, it's now or never.

With fat prices a stake, the Connors company recent sent a lobbyist to Lansing. The threatened acquisition by the state of their 8,000 acre holdings is being opposed vigorously by the Wisconsin outfit.

The lobbyist, in talks with state officials at Lansing, indicated in plain words that Mr. Connors is more interested in Mr. Connors than in the welfare of the people of Michigan.

Here's how the situation stands, at present.

Purchase of the Porcupine Mountain tract, of which 39,000 acres are now privately owned is approved by the Legislature.

Governor Harry F. Kelly
Upper Peninsula Develop. Bureau.
State Cons. Commission.
Michigan Planning Commission.

What would the state do with the land?

1. Create a virgin forest for future generations.

2. Utilize ultimately the recreational value of the scenic Porcupine Mountains. In fact, the National Park Service has offered to provide a hotel or lodge for overnight accommodations if the tract occurs as a federal park.

It is also, a challenging idea. Within 50 miles radius of 3,500,000 persons, the 100 acre "half-circle" of parks, playgrounds and hunting grounds would greatly remedy the deficiency of recreational facilities in the Detroit metropolitan area. This deficiency has already reached a point of embarrassment, as the Detroit region now has only 0.3 percent of land in park use compared with 1.3 percent by Chicago, 3.8 percent by New York, 4.2 percent by Cleveland and 6.6 percent by Boston.

Because the two recreational plans are being offered to the state legis-

CURRENT COMMENT

By Ye Editor

The measure providing for service men mustering out pay passed in house at Washington 387 to 0 last week but the measure provides for some \$2,000,000,000 in payments less than the senate approved bill and is considerably streamlined in comparison to the senate measure. Where the senate voted discharge pay of \$200 to \$500 the house limited it to \$100 to \$300, the smaller amount being for men and women with less than 60 day service records. Also payments for officers who receive more than \$200 a month are eliminated. The house bill also denies mustering out pay to men and women who are students in service schools and to persons who are mustered out at their own request to take war jobs when they reach the age of 38 years. The bill now goes to a joint committee from both houses who will attempt to iron out the difficulties.

There seems to be a determined effort to oust Frank McKay, Grand Rapids perennial Republican boss as national committeeman. A meeting was held at Battle Creek last week in some 13 Michigan counties were represented. The leader of the movement was Henry Sheldon, chairman of the Wayne County Republican Precinct Organization. Other counties represented were Washtenaw, Hillsdale, Shiawassee, Genesee, Saginaw, Jackson Kalamazoo, Calhoun, Cass, Allegan, St. Joseph and VanBuren. Livingston was not represented. The meeting voted to send a telegram of congratulations to the honorable John Dethmers, Republican state chairman for requesting McKay's resignation as national committeeman. Also to select a candidate to oppose McKay as national committeeman. The meeting was presided over by John A. Wagoner, Calhoun county chairman who also acted as host.

The interest in the recent Detroit graft trials and sentences was revived again last week when former Mayor Heald of Detroit surrendered at South Michigan prison to begin serve his sentence. In the main we think the sentences were remarkably light considering the offenses. Some time ago it was announced that a penal farm or camp had been opened at Cassidy Lake in the Waterloo project for first offenders. Chelsea residents, the nearest town to it circulated a petition against its establishment apparently without avail. According to our informant, Fred Frahm, former Detroit supt. of police, now serving a sentence for accepting bribes. Is one of the instructors. We wonder what chair he is holding down in the educational curriculum there.

W. R. Hearst and his chain of news papers have apparently accepted Gov. Bricker to win but through him bidate for the Republican presidential nomination. The system is always the same. Not that they expect Bricker to win but through him they can tie up enough delegates to control the nomination. Back in 1932 he selected John Garner of Texas and dethroned the convention for days. Finally the Garner delegates swung to Roosevelt and he was nominated. In 1936 Hearst supported the little known Gov. Landon of Kansas and by a big buldip and the fact the nomination went begging was successful in nominating him. This year he favors Bricker not that he is certain he will win but he regards Wilkie and Dewey as second Roosevelts. If conditions repeat as in 1932 or in 1920 when Harding was a dark horse nominee, Mr. Hearst may be able to pick the man. Anyway he figures it is worth trying.

Buy an extra war bond

today

On the battle fronts, our men are putting every last ounce of effort into the grim job of ending the war at the earliest possible moment. We at home can do no less.

YOUR fighting can take the form of war bonds. Every extra bond you buy is an added blow against the Axis. Every dollar you put into the Fourth War Loan Drive is one more weapon in a mighty arsenal to overwhelm the enemy and bring a decision sooner.

In this crucial battle, let's concentrate everything we have. Let's make this the knockout punch. In the words of our fighting men, let's "pour it on" to hurry the day of Victory!

PINCKNEY DISPATCH \$1.25 a YEAR

Let's
BUST 'EM
Wide Open

IT'S IN THE AIR. You can feel it, every time the Axis is struck. This is the climax year, the year of decision.

In history, 1944 will be the big year of the war—every stroke for victory counts more now. That's why it's vitally important for every American to be at his post, doing his part right now.

You, personally, have an important job in winning the war—buying War Bonds. It's not glamorous—no, not even a sacrifice, really, because you are only lending your money, to be re-

turned with interest. But it is essential to complete victory.

Your part in this year of decision is at least one extra \$100 Bond, above your regular Bond buying. That's your minimum individual quota. But don't stop there. Remember wars are won only by all-out effort. So buy \$200, \$300, \$500 worth—buy more than you can afford. And buy your Bonds where you work—at the plant or at the office.

Your country is counting on you—let's make the year of decision OUR year!

This sticker in your window means you have bought 4th War Loan securities.

Let's All BACK THE ATTACK!

BONDS OVER AMERICA

Surmounting the Capitol Dome at Washington stands Crawford's bronze statue of Freedom, symbol of the freedom and liberty our government has guaranteed to immigrant and native citizen alike since the founding of the Republic.

Home of Freedom

In the capitals of conquered Europe freedom and liberty are hollow, mocking words mouthed by jackal puppets like Mussert, Quisling, Laval, Degrelle or Lauro.

Keep America Free; Buy War Bonds

David and Nan Ledwidge and Joe Clark spent Sat. in Howell.

Mrs. Dorothy Quigley and son of Flint spent last week at the George Snively home.

Mrs. C.W. Hooker and son of Ann Arbor spent Sunday with Mr. and Mrs. Roy Dillaghan.

Frank Johnson and wife of Pinckney were dinner guests of Mr. and Mrs. John Martin Sun.

Mr. and Mrs. Robert Eving and granddaughters of Detroit were week end guests at the Joe Griffin home. C.W. Hooker and Dave Royce of Ann Arbor were at the J.H. Hooker home on a fishing trip Sunday.

The Misses Marion Shirley of Chelsea and Goldie Markos were dinner guests Sun of the Misses Joan and Gertrude Spears.

Week end guests of Mr. and Mrs. Gerry Eichman were Mrs. Ida Eichman and Leo Hades and son, Connie of Detroit.

Prof. Betty Hargraves of the W.A.'s and Mrs. Donna Hargraves of Detroit spent Sun. at the Frank Aberdeen home.

Born to Mr. and Mrs. Herman Wright of Detroit (Audretta Blair) on Jan 18 a son.

To the People of this Community

YOU ARE IMPORTANT

There is no such thing as a "little" investment in the Fourth War Loan.

Your \$25 or \$50 or \$100 Extra War Bond may not have great importance in your mind in making up a 5 1/2 billion dollar total for individuals.

But multiply yourself by 100,000,000 and then you see in real perspective how truly great each citizen becomes in massing national strength against the Nazis and the Japs.

Capt. Maurice Witherspoon, Navy chaplain aboard the Carrier Wasp when she sank, tells of a rescued wounded sailor, who, as he regained consciousness, asked: "Did I do my best?"

That's the only question you, too, have to ask yourself when you decide the extent of your personal participation in the Fourth War Loan.

There undoubtedly will be large single purchases of War Bonds in this community, but yours—if it is "your best" will deserve equally the red, white and blue shield you are privileged to display in the window of your home.

So "Let's All Back the Attack!" THE EDITOR.

Lost and found columns of Tokio newspapers are crowded these days. Every time an American buys a War Bond, the Japs lose face. Buy your 100 every day.

VITAMIN RESEARCH AND STANDARDIZATION

Recognition of the importance of Vitamin therapy by the Medical Profession has been followed by the appearance on the market of large numbers of Vitamin preparations. Methods of assay have had to be developed to insure standardization of various Vitamins. These (chemical, microbiological, and biological) are in most cases difficult and time-consuming. They also require a high degree of scientific knowledge and technical skill. For this purpose, Parke, Davis & Co. has maintained well equipped Vitamin research laboratories, for more than twenty-five years, staffed by leading research scientists in this field.

As a result of this extensive research and experience in the preparation of Vitamins for therapeutic use we are able to provide all the important Vitamins in forms and concentrations requested by the Medical Profession, to meet the requirements of infants, children and adults.

Obviously, the effectiveness and merit of each of the products depend largely upon its Vitamin potency. Therefore, your major protection lies in the skill and integrity of the maker. And in turn, the actual Vitamin potency of the finished products, and the quality of the Vitamins therein, depend largely on the experience and laboratory facilities of the MAKER.

The rich scientific background developed by Parke-Davis & Co., and the reputation for potency which Parke, Davis Vitamins enjoy, are your best protection and assurance of Vitamin content claimed on the label of our products which are—PRICHT RIGHT.

lature at the same time, chances for their adoption are favorable. Predictions are being made confidently by P.J. Hoffmaster, director of the state conservation department, that the legislators will approve the two plans and will authorize the recommended expenditure of funds looking toward the ultimate purchase of the entire acreages.

The southeastern Michigan area would not offer resort facilities and thus would not compete with Northern Michigan's cottages cabins and hotels. It would provide ready access to woods and lakes for hiking canoeing horseback riding etc. for 300,000 men, women and children. These counties would benefit the most. Hillsdale Jackson, Lenawee, Washtenaw, Livingston, Oakland Macomb and Lapeer.

It's a long-ranged plan, looking ahead to the post-war period of a short work-week and a long week-end for leisure.

Benefit to the masses is more important than profit to individuals. That's the spirit of Michigan conservation.

"The Public be served" is the modern creed. With adoption of the two recreational programs, Michigan's conservation program—already nationally famous—will move forward in public service.

Waste Paper Used to Save Lives

Millions of surgical dressings for battlefronts all over the world are packed in bags and boxes made from salvaged waste paper. Above Red Cross workers are preparing this vital weapon of war for shipment overseas. Not only does waste paper help save lives—it helps kill Nazis and Japs. Waste paper goes to war as bomb bands, shell protectors, parachute flares and other forms of military equipment. You can do your share by saving every scrap of waste paper!
