## Eugene Soper Services Held

Impressive Memorial Service Is Held Sunday Afternoon at Cong'l Church For Pinckney War Casuality.

A very impressive memorial service was held at the Pinckney Com. Cong'l Church Sunday afternoon for the late Corp. Eugene Soper who lost his life on the Anzio Beachhead in Italy on March 2 last.

The ceremony began before a crowded church with organ prelude played by Mrs. Florence Baughn. by Rev. Nelson Potter. Following this Rev. Fr. Murphy made a brief address in which he expressed his sympathy for the bereaved family and extended condolences.

The sermon was preached by Rev. J.M. McLucas in which he reviewed the war and its causes and stated that the only way to make this war to end all wars was to bring America and the world back to God.

The church was beautifully decorated with flowers and the picture of Army Bomber station somewhere in the late Corp. Eugene Soper was on England near the channel. Gerald has the altar which was draped with the

ther balloons. This is a rlying fort- by Rev Ezra Beachy of the Mennon

Classes in Sun. could see coming was the direct cause of the loss of the Philipines.

Those who set property right above human right and are making much of the federal seizure of the Monigomery-Ward branch in Chicago are very disgusted about is says the County Press. In fact they have been disgusted with President Roosevelt since he appeared on the scene in 1932 but their disgust has never spread much beyond the county line judging by election results. It is refreshing to read the following comment on it by Malcolm Bingay in the Detroit Free Press, one of the nations foremost editors. He says, "To me it seems supremely asinine to contend that a Government in war time can take a man away from his family, his property and his job to fight for his country and to give up his life- which no court or no act of Congress can restore to himbut it must not interfere with an langry old gentleman who wants to

Be sure the iron cold before putting it away. Be careful net to drop our iron.

OUR TOASTER—Never dip a toaster in water. n't jab at it with a fork to remove a piece of toast. ush off crumbs with a cloth or soft brush. (Many pasters have a removable bottom plate for cleaning et collected crumbs.)

OUR COFFEE MAKER—Keep inside of collec-Ver clean. (Never permit left-over coffee to stand the coffee maker.) Clean and rinse filter cloth thorighly after using. Keep filter cloth in cold water ween usings.

UR FOOD MIXER—Always remove beaters or schments immediately after using. Wash with warm ter, rinse and dry. Clean body of mixer with soap d water, being careful not to get water into the tor. Follow manufacturer's directions as to oiling, peration, etc.

JJR WAFFLE IRON-Wipe off grids with a dry ...h after use. Use a stiff brush to remove any micles that stick. Never wash the grids. Wipe any illed batter from outside of waifle iron with a damp cloth. Never put the waifle iron in water.

The Detroit Edison Company

## THE OLD JUDGE SAYS...

"Glad you dropped in, Judge, I was just trying to explain to Mary what you told us down at lodge last night...about all the grain used to distill war-alcohol not really being used up. She didn't realize it, either."

"It's true, Mary. Wherever the government has permitted distillers to purchase

the equipment necessary to reprocess the used grain, at least 50% of the feed value (25% by weight) of the whole grain is being recovered and returned to farms like yours in the form of premium-quality live-

stock feed. Only the starch is removed during distilling...the part recovered is a highly-prized concentrate containing valuable proteins, fats and carbohydrates. The distilling industry really has taken a leading part in the development of new cattle and poultry feed products from reprocessed grain...products rich in vitamins B<sub>1</sub> and Ba... so essential to satisfactory growth and production. And the recovery of grain will apply also to the making of whiskey when production is resumed."

## NOTICE

At a meeting of the Pinckney Cemetary Association held this week, plans were discussed relative to the maintainance and care of Cemetary grounds for this year.

Owing to the increase in cost labor over a period of two or three years, the reserve each year been gradually dwindling until now that reserve has been exhausted.

If the Cemetery is to receive the proper care this season, it will necessary that each and every owner pays the regular assessment of \$1.50. Otherwise it r ay be necessary to discontinue care of all iois which the said assessment has not been paid.

We are endeavoring to rais: enough money without raising the dies. therefore it will require the co-operation of every one.

P.H. Swarthout, Pres.
