## Graduating Exercises Held

### 54th Graduating Class in History of Local School Completes High School Last Friday Night

Last Friday night the 54th graduating class in the history of the local school received its diplomas from the hands of the superintendent at the local school as some 43 other classes have done.

It seems a far cry back to the graduating class of 1890 which were handed diplomas from the hands of the late Supt. Wm. A. Sprout, it numbered but two, Norman Wilson and his sister, Mrs. Laura Wilson Howlett.

This class was the smallest in a number of years numbered but 14. Undoubtedly the present war had much to do with this as five of its number are now serving in the navy, Douglas Plummer, William Widmayer and Burdith Clawson enlisted in their sophomore year and Geo. Aschenbrenner and Howard Craig last March. The latter two were remembered by service star draped chairs on the platform and were given diplomas by the government giving them sufficient credits to graduate.

The entrance march was played by Mrs. Florence Baughn as the graduates took their places on the platform. After the invocation by Rev. Melvin, Patricia Young delivered the salutatory or welcome address. The class history was given by Mrs. Stackable and Katherine Swarthout and the giftatory by the Lazlo sisters. Loren Koon gave the class poem, an original composition and the class prophecy was the joint work of Roberta Kacator and Genevieve Kyba. Eugene Lewandowski gave the presidents address and the class will be read by Donna Jean Dawdy and Kathryn Kuhn. A high school chorus of some 60 unsexed voices, directed by Mrs. Earl with Shirley Kockwell as the piano sang two numbers. Edwin Sprout gave a summary of the senior year trip to Mackinac to be taken this week. Eugene Lewandowski presented the senior gavel to Jack Haines, junior class president.

The valedictory or class farwell was given by Dorothy Parker. By a coincidence her mother was valedictorian at Dexter high school 23 years ago.

As usual the senior class presented a gift to the school. It was in the form of a \$60 check for a motion picture screen. The school already has a motion picture machine.

Next came the high point of the program, the presenting of the prize awards. The Readers Digest award was won by Miss Dorothy Parker. 1st prize of 10 dollars for the highest 4 year average in English presented by Lucius Wilson in honor of his parents, the late Albert and Sarah Wilson was awarded to Patricia Young and the second prize of 5 dollars to Dorothy Parker. Supt. Reader then presented the diplomas to each of the 14. The diplomas awarded to Howard Craig and George Aschenbrenner were received by their mothers who came upon the stage for that purpose.

Rev. Fr. Murphy then congratulated the class and pronounced the benediction, by asking the audience to repeat the Lord's prayer and the graduating class of 1944 then marched out of the school to become a part of its history.

The senior class left on their boat trip Tues. They were chaperoned by Supt. Reader, Mrs. Lola Lobdell and Mrs. Hazel Parker.

### ENJOY PLEASANT EVENING

Mr. and Mrs. Earl Baughn entertained the teachers of the Pinckney school and their husbands, Wm. Jeffreys and wife and members of the school board and their wives. Also the school board of the Hudson Corners School. All teachers were present but one and all the school board members except 2, 30 in all were present. They rode to the Baughn home at Portage Lake in the school bus where dinner was served on the lawn. The piece de resistance of the banquet were hot dogs, everyone being asked to roast their own over a charcoal fire in an outdoor fireplace.

Then followed a fast thrilling ride in a Cris-craft motor boat, the guests being taken in relays of four by Mr. Zahn and daughter of Ann Arbor. Then return was made to the Baughn home and more refreshments were available. This kept up until a late hour when return was made to Pinckney in the school bus. The guests had the time of their lives and voted Mr. and Mrs. Baughn first prize as most excellent hosts.

Mr. and Mrs. James Kelly and her mother, Mrs. Mary Doody of Ann Arbor called at the Nellie Gardner home Sat.

## 5th War Bond Drive Progress

### Pinckney and Vicinity Makes Good Progress in 5th War Loan Drive

The 5th War Loan drive which opened June 1st is meeting with most gratifying results. Present indications are that we will raise and probably exceed our quota right smart soon.

We are informed by our County Chairman Housner that the other villages and townships in this county are plotting against us. They even have the effrontery to suggest that Pinckney and Putnam are not going to be the first to reach their respective quotas. We accept this challenge.

Our Blue Star Mothers sales force of 18 are now thoroughly aroused by this threat from the outside. We do not propose to have our ears pinned back by these boastful competitors in this loan drive. We therefore will take up this challenge and slug it out with these upstart villages and cities in Liv. Co. who are contriving to give us the works.

Bestir yourselves bond buyers of Pinckney and Putnam township. Let's not allow ourselves to be pushed around by these people. Buy an extra bond or two and let's get into this fight. Our appeal in last week's Dispatch to the former home town residents and summer resort people in this vicinity to share their bond purchases with us has been rewarded by surprising response.

If we don't get in there first with our quota, shame on us, if we do, shame on the rest of the county.

The names of two of our Blue Star salesladies, Mrs. Ora Haines and Mrs. Ear Baughn were inadvertently omitted from the list published in last week's paper.

Ross T. Read, Chairman

### SCHOOL LUNCHES ASSURED

The school lunch project which has operated at the Pinckney school for the past two years is assured for next year as the house of representatives by a teller vote approved it last week 133 to 23. The senate had previously approved it. In a sudden economy move the house voted it down a few months ago. Now they have reversed themselves. The position they found themselves in of refusing to aid the child nutrition program, proved untenable.

### MRS. NANNIE GREEN - AMBURGEY

Mrs. Nannie Green Amburgey, 68, died at a Jackson hospital Wednesday where she had been a patient for several months. ## Mich. Mirror State News

### In Which the Reasons for Calling the Special Session to Legalize the Federal Ballot Are Discussed

Monday June 10 the Michigan legislature will convene in special session at Lansing for the express purpose of enacting a law to validate the federal ballot for Michigan soldiers and sailors in the November election.

Here's how the change would work. By August 15 at the latest, every Michigan service man or woman would be given an army navy post card. If the service man fills out the card it will go to Sec. of State Herman Dignam at Lansing. The cards will be routed to county clerks, and from there to city clerks according to the applicants home towns.

This card is a formal request for an absentee ballot. However a request may be made by letter, and in fact 20000 such letters have already been received at the secretary of state's office at Lansing.

If by Oct. 1, the ballot has NOT been received by a Michigan serviceman wherever he may happen to be then the federal ballot law-if validated by the Michigan legislature June 19-- would permit commanding officers in the field to distribute the federal ballot.

This federal ballot provides a vote only for the following: President vice-president, and members of congress.

In fact, it was the federal ballot plan which evoked such a controversy among members of Congress, bringing about a working coalition between southern members and northern Republican members.

If the suspicion prevails among Republicans that the federal ballot is intended to circumvent the state ballot and to favor a fourth term for the president, why did Gov. Kelly and the entire Michigan Republican delegation at Washington, Vandenberg, Ferguson and the other members

of the Michigan legislature June 19-- would permit commanding officers in the field to distribute the federal ballot.

The board of review of Putnam township will meet at the Putnam town hall on Tues. June 6 and Wed. June 7 and also on Mon. June 12 and Tues. June 13th from 9:30 a.m. to 4:00 p.m. to review the assessment roll for the township. All of those having grievances are asked to attend these meetings.

### NOTICE OF BOARD OF REVIEW MEETING

The board of review for the village of Pinckney will meet at the Putnam town hall on Mon. June 12 and Tues. June 13 to review the assessment roll. All persons having grievances are asked to attend these meetings.

## CURRENT COMMENT

### By Ye Editor

While attending the local graduating exercises last Friday we were reminded of the popular expression of a few years back. Some wag stated that the motto for all senior classes should be "WFA here we come". At that time all industries had more labor than they needed. The amount of manufactured goods on hand was way above human needs and there was apparently no opening at all for the June graduate. However time goes on and now the shoe is on the other foot. Industry is short of workers and is running advertisements for help, begging, and even praying for it and the overabundance of manufactured goods has long since disappeared and now there is a scarcity which is growing every day. Of the present graduating class with the exception of one boy who is headed for army induction, all will step right into jobs in war industries as well as many members of the junior class who are 17 or older. A scarcity of labor is a healthy condition and creates good times while on the other hand a superabundance of labor means depression and bad times.

Malcolm Binney in the Detroit Free Press expresses the hope that when Gen. Clark and his army enter Rome they won't say "Columbus We Are Here." This is a dig at the popular expression of World War I, "Lafayette We Are Here" supposed to have been uttered by Gen. Pershing when the American soldiers entered Paris. Gen. Pershing, however, said "General so probably the expression originated in the mind of some smart journalist.

In the civil war days bounty jumping was a popular pastime and all of the racketeers of the time got into it as a business. Many of the states then offered bounties for volunteers which sometimes ran to \$300 and even higher. These bounty jumpers mistook the bounty, asserted, and

in Detroit last week a woman was arrested charged with 16 marriages and 3 divorces. She was only about 31 years old and had married four service men, from all of which she was receiving allotments. Some of her marriages lasted three months and others not so long. She might have gone on indefinitely if one of her allotment checks had not come astray. Federal investigation uncovered her thriving racket.

Several hundred German war prisoners arrived in Shiawassee county last week to work on the farms who are raising fruit and vegetables for the W. K. Rouch Canning Co. Ingham and Jackson county already have a number housed at Cassidy lake who will work on the onion farms in this section and some 16 are employed on Livingston county farms according to W. W. Isbell, employment agent for the county. The labor is available and if they wish to harvest their crops they must overcome their repugnance to this kind of labor in other words fight fire with fire. Only by using the labor of their war prisoners have the Nazis been able to continue in the present war so long.

It is an irresponsible and unbecoming trial of Admiral Kimmel and General Short at once is purely political and would do no one any good but might seriously impede the war effort as the leading generals who are in England and Italy preparing for the big D-Day invasion would have to be called home to testify. We doubt that those who are demanding immediate trial have the interest of their country uppermost in their hearts. The Pearl Harbor disaster is water over the dam and bringing it up and rehearsing it now would only give aid, comfort and joy to Hitler.

### KINGS DAUGHTERS

The Kings Daughters were delightfully entertained last Wed. afternoon at the home of Mrs. Theresa Coyle, with Mesdames Beulah Martin, Waltha Veil, and Jeanette McDonnell as associate hostesses. Mrs. Meda Henry led in devotions. Routine business was transacted. Mrs. Clare Palmer was appointed vice-president to succeed the late Mrs. Dorothy Loll and Mrs. Clare Palm and Mrs. Florence A. Lee were named to the nominating committee for the county.

Miss Grace Palmer and Mrs. M. Lamb and consisted of games and contests. Mrs. Coyle's boys sang several songs. A bountiful lunch was served.

## A WAR JOB IN YOUR OWN BACK YARD

Twenty-two million Victory Gardens are needed this summer!

So you've never tried to plant a garden? Now is the time to begin. Don't let the job scare you—it's easier than you think. If you follow the few simple rules pictured here, there's no reason why you shouldn't be successful. You'll be proud of the results... and the vegetables you grow will taste better than any you've ever eaten before!

### Victory Gardens

are a "must" this year. Last summer there were 20 million Victory Gardens flourishing across the country. This summer's goal is 22 million gardens. The more food grown by civilians the more there will be for all of us. So let's pick up the shovel, the rake and the hoe, and start to work!

### HORMONES TO INCREASE HUMAN HEIGHT

The scientific world is hailing another brilliant achievement—the isolation of the growth hormone. Is it a climax of a laboratory adventure, as thrilling as any detective story, this new wonder-working extract taken from the pituitary gland of cattle adds eight inches to one's height. For more on this interesting subject, read The American Weekly with this Sunday's (June 11) issue of the Detroit Sunday Times.

### ATHLETES FOOT GERM I Made This Overnight Test

Requires a powerful penetrating fungicide. Many remedies are not strong enough. I got 35c worth TE-OL solution. Made with 90 o/o alcohol. It PENETRATES. Reaches more germs. APPLY FULL STRENGTH for itchy sweaty or smelly feet. You can get your 35c back next morning from any druggist if not pleased. Locally at KENNEDY DRUG STORE Pinckney, Mich.

## 4 GOOD REASONS

FOR THE TELEPHONE SHORTAGE

This is the inside of a Navy Patrol Bomber. All four men are using telephone equipment. Consider that this country is building over 100,000 planes every year, and you get some idea of wartime telephone service.

Learn how our forces use far greater quantities of communication equipment... must have more and more as time goes on.

Naturally, it has become increasingly difficult to get telephone service requests here at home. In supplying a quarter of a million more telephones since the beginning of the Defense program, our reserve

facilities have been about used up. Orders for telephones essential to the war effort are filled promptly. Other requests for new service are handled under a definite procedure as present users give up service. But there is a long and growing waiting list.

We are confident you want war needs to be met ahead of all else. If you are inconvenienced, we trust you will understand.

Dear Jim:  
 Sorry this letter is late, but I'm up to my ears in  
 the 5th War Loan Drive.  
 As head of the town's committee, I'm busy almost  
 every waking moment selling bonds. This is, by all odds, the  
 most critical period of the war. Everything is at stake -  
 everything (As I needed to tell you that.) Our quota calls  
 for two billion dollars more in this loan than the last -  
 everyone's got to buy two or three times more than he's  
 ever bought before - if things are to go as we solemnly  
 pray they should.  
 Thank God most of the people I talk to seem to  
 realize the critical need. They do without things they  
 actually need in order to plunk down another hundred or  
 two. I guess they feel as I do. With a man you love over  
 there, the least you can do is your utmost.  
 I want you to know, Jim, that the folks here at home  
 are with you - and their money is fighting with you - every last  
 dollar they can scrape up. Mother and I send love.  
 Dad.

Candidate for  
**Representative**  
 in State Legislature

The new district includes Livingston and Shiawassee Counties. Livingston  
 County is tied up with Ingham County for State Senator and that  
 office has been going to Ingham County for several years. It is also tied  
 up with Ingham and Genesee in the Congressional District.

In view of the fact that the Circuit Judge is located in Shiawassee and the  
 Secretary of State is from Shiawassee it seems only fair that Livingston  
 County should have the candidate for State Legislature.  
 A large number of petitions were signed in Shiawassee and Livingston  
 Counties for Thurber Cornell. He has been township supervisor and a director  
 of the Livingston County Mutual Fire Insurance Company for many  
 years, as well as being a successful farmer.

Many Livingston County people feel that the county should be represented  
 and that this will be decided in the primary which takes place on July 11

**THE MICHIGAN MIRROR**  
asks for its validation in Michigan. Here is the governor's explanation:  
"There is an unanimity of opinion that the state ballot affording the right to vote for the federal, state and county office-the same opportunity which they would have to vote if home-is infinitely preferable to the supplemental Federal ballot which is common to presidential and congressional offices.  
"It is my hope and belief that the great majority of Michigan veterans serving in or attached to the armed forces will have the privilege to apply and receive the state ballot and have it returned so it can be counted on election day.  
"Voting of soldiers and sailors in time of war is necessarily subject to military and naval operations. Because of the vast theater of war-and type of operations-I am of the opinion that even though everything is done to transport the state ballot, there will be some who will not receive it and should be given the chance to vote the supplemental Federal ballot, as a final insurance.  
While Michigan Republican leaders are confident that the state ticket has excellent chances of victory in November, some of them are not so optimistic about the national income.  
Here is the logic behind their thinking.  
Unless the continental invasion becomes an overpowering blitzkrieg, the November balloting would be conducted under a great military crisis. Such uncertainty would favor the re-election of the President as the nation's commander-in-chief-especially by those in the field.  
Right or wrong, this theory has many supporters.  
In the face of such political speculation, the stand of the Michigan Republican delegation-governor, two senators and a dozen congressmen-represents a significant conviction.  
It was aptly expressed by the governor when he said:  
"This is not a partisan matter. It is a matter of fundamental right-the right of democracy for which we are fighting."  
These words, worthy of a statesman, are in the finest traditions of Americanism -the intangible spirit of the heart that prompts men to put America first, selfish interests second.
