Sergt. Edward Spears returned to Will Rogers Field, California, last week Wednesday.

The following men from this county are called to report to Fort Sheridan, Illinois, Oct. 2: John Lathers, Pinckney; Russell Grosshans, Jay Hart Gregory; Charles Simpson, Richard Pelkey, Brighton; Gerald Slack, Howell; Roy Dyer, Fowlerville and Joe Mroz, Pinckney.

The name of Pvt. Glenn Kingsley was officially listed among those killed in action in France in Sunday's Detroit Free Press. A month or so ago he was listed as missing in action but later his wife, Mrs. Thelma Kingsley of Pinckney got a letter from Red Cross saying he was a prisoner in Germany.

In regard to the above Mrs. Glenn Kingsley got in touch with the Detroit Free Press who got it communication with the war dept. who stated that Glenn's name was in the list of those killed in action by mistake and that he was a prisoner in Germany.

Alexander Lesiak is listed among those wounded in the Marshall Islands in the south Pacific. He is a brother of Sergt. Joe Lesiak, killed in action and stayed at the Louis Shehan home and attended the Pinckney school.

Pvt. Wm. Darrow was home from Fort Sheridan, Ill. over the week end. He expects to ship out this week.

Phillip Gentile was home from Western State, Kalamazoo over the week end. He will finish his naval course there in 4 weeks.

Cpl. Ambrose Kennedy returned to duty in California today after a 30 day furlough. His wife will not go until later. His brother, Gerald Kennedy of the Seabees who has been in the South Pacific for 2 years except for the last 3 months when he was in California hospitals, is expected home Tuesday.

Mrs. Eloyse Campbell has as yet received no further word concerning her brother, Sergt. Earl Berquist who was reported missing in action after a bombing raid over Hamburg, Germany. She has received a letter from Mrs. Goddard of Milwaukee, Wis., mother of the navigator, stating she has been informed her son is a prisoner in Germany. Mrs. Beattie wife of the pilot, who lives at Trenton, Tenn. and Mrs. Robert Mulder of South Haven, wife of the nose gunner write the same thing.

Robert Carr received a letter from Jack Smith USN stating that he had been in the attack on Saipan in the South Pacific.

News Items of Local School

Local Team Wins Easy Victory from Hartland Here Friday 20 to 0

Pinckney was not extended greatly last Friday in winning from Hartland 20 to 0. The reserves played part of the game. If the first team had stayed in the score would have been doubled. Pinckney kicked off but Hartland had to kick and Pinckney made three first downs in a row, the last one a 25 yard run by Ross Lamb putting the ball on the 20 yard line, here a couple of passes went haywire and Hartland took the ball on downs. No scores were made the first quarter.

In the second quarter Hartland was still weak on offense. Pinckney made several first downs with Lamb Jim Reid and Jim Myer carrying the ball. Lamb gained 20 yards on a reverse play and then Jack Haines passed over the goal line to Don Burns for the first touchdown. Lamb kicked goal. Haines afterwards passed again twice successfully to Gus Ledwidge over the goal line for two more touchdowns. Lamb missed one goal kick but R. Darrow caught a forward pass or the other extra point.

The reserves swarmed in the last quarter for Pinckney and against these green light men Hartland made a number of first downs but did not score. They reached the 20 yard line once but lost the ball on a fumble which Pinckney recovered. The Pinckney team although outwaged by Hartland showed lots of fight and knowledge of the game Hartland was slow and lacked pep.

The Pinckney backfield is composed of 3 seniors, Lamb, Jim Reid and Jack Haines and a freshman, Jim Meyer.

Hartland has only beaten Pinckney once in the past 10 years to our knowledge. This victory should give the boys confidence which they will need greatly in their games with Ann Arbor Reserves there next Saturday and St. Thomas, Dexter, Dansville and Brighton in all of which they will be greatly outwaged.

County O. E. S. Association

County Eastern Stars Hold Annual Meeting at Pinckney Last Week

One of the largest crowds of the season attended the County O. E. S. Association held at the Pinckney Masonic hall last Tuesday afternoon and evening. At afternoon session Viola Gram, worthy grand matron of the Michigan Grand Chapter addressed the assembly. The Howell Chapter gave the memorial service for the departed members and the Howell Singers, directed by Mrs. Ella Hagman sang several numbers.

The banquet was served by the Ladies Aid at the Com. Congl. church at the church parlors. To great was the crowd the tables had to be set twice. In the evening Mrs. Clark Passmore of Howell was elected association president for next year to succeed Mrs. Edward Sheridan of the Brighton chapter. Mrs. Alta Meyer of the Pinckney chapter was elected second vice president and will become president in two years. The Howell chapter was given recognition for having the largest attendance at the four Friendship meetings held during the past year.

The county association meets at Fowlerville next year. The new president will set the date for the four Friendship meetings.

GIVEN MASONIC HONORS

Capt. Paul Strawhecker who is home on furlough from convoy duty to Europe with the U. S. army was installed as deputy grand master of the Michigan Masonic grand lodge at a special session of grand lodge. All grand lodge officers but Dr. Francis Lambie were present. This week Wed. he will receive the honorary 33rd degree at Boston, Mass. Dr. Albert Hughes of Detroit will also receive it at this time. Capt. Strawhecker has been pretty much all over the world but to China on convoy duty. He expects the war with Germany to last several months more and the war with Japan possibly three years more. He will leave about Oct. 4 on another convoy trip.

MARRIAGE ANNOUNCEMENT

Mr. and Mrs. Fred Read announce the marriage of their daughter, Rosemary, to Lt. Clare Schosser, son of Mr. and Mrs. Joseph Schosser of Ann Arbor. The groom is a Navigator in the Army Air Forces. The wedding took place in Reno, Nevada, on September 11th.

The bride is a graduate of Pinckney high school and attended Cleary Business College in Ypsilanti. The groom is a graduate of Ann Arbor high school and attended Cleary Business College also. He later attended Michigan State Normal in Ypsilanti and a member of Phi Sigma Epsilon fraternity.

Mrs. Eleanor Ledwidge accompanied her son, David to Assumption college, Windsor, Ont., last week where he is attending school.

Michigan Mirror State News

State News Gathered from All Over the State of Michigan

When Johnny comes marching home from World War II, he'll find Michigan ready to welcome him.

This welcome is being organized efficiently with a veterans' counseling center in almost every community under auspices of the state of Michigan.

It's very apparent that Johnny is going to get a break this time. In fact for almost the first time in American history the war veteran will receive more than his country's blessing. He can borrow \$2,000 as down payment on a \$10,000 home or farm. He can borrow \$2,000 to go into business for himself. If he wants to go to college Uncle Sam will pay his tuition fees of at least \$10 a month, \$30 quarter or \$40 semester in addition to paying other regular fees and cost of books, supplies and equipment up to \$500 a year.

The veteran 25 years old or more whose education was completed prior to entrance into war, may get a refresher course at Uncle Sam's expense. If the veteran suffers a service disability, the government will pay him a pension and furnish vocational training at the same time.

As an example, consider the Pine Lake Vocational Technical school, a joint undertaking of the Michigan Office of Veteran Affairs and the Michigan Board of control for Vocational Education.

We visited this camp near Battle Creek, in company of Lieut. Col. Philip C. Pack and Elmer Hannah, director and assistant director, respectively of the Michigan Office of Veteran Affairs a state agency.

Talk about preparation for Johnny Pinckney is it?

Here's how the vocational school will operate.

Thanks to the wonders of modern medicine more veterans will come home from World War II than from any war in world history. Battle casualties are less fatal. Disabilities are more numerous.

Hence care of the disabled veteran is more important today than ever.

The Pine Lake camp originally built by W. K. Kellogg for children at a cost of \$470,000, will be available to disabled Michigan veterans who are eligible for the services of rehabilitation or fitting them to a new life of usefulness. The capacity will be 250 veterans. The training period will vary from 90 to 120 days. Thus a year's training load of approximately 1,000 veterans is anticipated.

Pine Lake camp will provide disabled veterans in vocational training in metal work, machine shop, woodwork, gas welding, blueprint and baking and watch making. At \$100 drafting office practice, cooking and 600 annual budget the camp will offer educational training with meals and lodging at no cost.

ACCORDED MASONIC HONOR

At a special meeting of Livingston Lodge No. 76 F & A.M. held Saturday night, John R. Martin, oldest past master of the lodge was given the honor of raising his son, Lemuel, to the Master Mason's degree. In this work he was assisted by the following past masters: Percy Ellis, Paul Clark, J. H. Hooker, Paul Curlett and W. C. Miller. Previous to this Robert Ackley received the third degree. Clifford Miller presiding for the first section and Edward Long of Friendship Lodge, Detroit for the second. A roast beef supper was served. A large attendance was present.

PHILATHEA NOTES

Remember Thursday P. M., October 12, when the class meets with Mrs. Edna Euler on East Grand River, Howell, for the pot luck dinner at noon. All members urged to be present at this our annual Barucha-Philathea Birthday Party. The Secret Service department of our Philathea group asks that all members join in prayer preferably during the morning hours that we as a church be divinely guided in our choice of a pastor, and that God pray for one to be according to his choosing, and that our minds and hearts be prepared to recognize the one who will minister best in soul saving in our church and community.

CARD OF THANKS

I wish to take this opportunity to thank the Ladies Aid for the beautiful flowers and cards, magazines and their many acts of kindness during my convalescence.

Mr. and Mrs. Stanley Dinkel are preparing to move into the home of the late Maria Dinkel, on West Main.

CURRENT COMMENT

It is generally admitted by election masters and commentators that 40 million people vote in this country next Nov. 7, President Roosevelt will be elected. If only 40 million people vote Gov. Dewey may be elected. Figures prove this. In 1940 although Wendell Wilkie polled more votes than any other candidate for president previous to 1940, Pres. Roosevelt polled still more. This explains the strenuous efforts by the democrats to get out soldier's vote and the campaign being waged by the R.A.C. to register the floating workers. The Republicans on the other hand are not interested in a large vote for the smaller vote, the greater their chances of success.

There is much conjecture as to whether the 400,000 boys who have given their lives in World War II will be brought back here for burial. The answer is that probably nothing will be done about it until the end of the war. After World War I a measure was put through congress providing for returning some of the soldiers bodies for burial. This caused some talk in certain quarters, "it was even charged but never proved that an undertaker lobby was responsible for getting the bill passed. Later a bill was passed returning funds for all Gold Star mothers to send them to Europe so they could visit the graves of their boys. The cost of sending them over was \$7.00 per mother. Then there were only 5 American cemeteries, one in France, one in England and one in Belgium. Now there are some 15 American cemeteries scattered all over the world and a trip to the soldiers graves would mean a world cruise. The proposition has been made that if 10,000 relatives position that their bodies be returned to America from any certain cemetery it be done as it would be cheap to do so than send the Gold Star mothers there.

Most people remember the furore caused some 30 years ago when Henry Ford announced that \$5 per day would be the minimum wage paid in his factory. He was denounced as an anarchist and blasted by labor industrialists but eventually they all had to fall in line and do as he said. Now Mr. Ford says he wants to raise the wages again and establish a new minimum wage and is on a waiting permission from the War Labor Board to do so. This follows closely the announcement by President Roosevelt that the War Labor Board will soon issue a permit for a general wage increase.

W. K. Kellogg of the Detroit News says Gov. Dewey's speeches are inconsistent. That the trouble with them is he is up against a fact that he tries to pass off. That fact is that the "War is Being Won." Gov. Dewey tries to pass it off by saying "Our Military Leadership is Superb" but the Home Front has been a Failure. Mr. Kellogg says if the Home Front had not been perfectly organized to furnish the fighting men and all our allies with ships, guns, food and a profusion of supplies, these great military victories would have been impossible. Before this country was converted over from peace-time to war-time production, the Nazi and the Japs were winning all the victories.

Contrary to prevailing forecasts the high school enrollment in Detroit increased this year over that of last year. This year the enrollment was 42,829 compared to 42,655 in 1943. This coupled with the fact that some 6,000 high school pupils quit school during the school year brings the total increase up to 7,000. This would seem to show that many high school pupils quit their war jobs to resume school work.

Following the charge that a letter signed by Mayor Kelly of Chicago has been sent to soldiers with absent voters ballots asking that they vote Democratic, the charge is also made that Michigan township clerks are enclosing Republican campaign literature with absent voters ballots. Although there is nothing illegal in sending campaign literature to service men, it is not considered ethical owing to the paper shortage and the already overburdened mail service.

Mr. and Mrs. Fred Read spent Thursday in Detroit.

Mrs. Hattie Edmonson who has been visiting at the Clara Schosser home has returned to Gladwin. Mrs. Clara Schosser (nee Read) returned from Tonopah, Ada, Thursday to the Fred Read home. Robert Read and wife and Grand Rapids were week and guests.

THE OLD JUDGE SAYS...

"Did you hear that Tom is going to be
inducted into the Army next week, Judge?"
"Yes, Frank told me this morning down
at the barber shop. Our town's got a lot of
men in the service now, Jim. In fact, all
towns have. I was just reading in the paper
where there are more than 10,000,000 men
away from their homes in the armed forces.
And, from all reports, they're doing a grand
job bringing victory closer every day."
"We folks at home have a mighty big
obligation to those 10,000,000 fighting men.
We've got to produce the food to keep them

well fed. We've got to keep them supplied
with the ammunition and equipment they
need to finish their job. We've got to help
the Government pay for all these supplies
our men need by buying more and more
War Bonds. We'll have another big chance
to do that by helping to put the next War
Loan drive over the top, Jim."
"And, in addition, we must be sure that,
while they're away and can't express their
opinions, we don't go voting on and deciding
any things that will displace them when
they come back."

things of interest and value will appear
from time to time in "Edison Lines."
Make "Edison Lines" a reading habit!

COLD CATHODE LIGHTING... Similar in appearance
to fluorescent lighting, with the added virtues of in-
stant starting and extra long life, cold cathode lighting
promises to have greatly increased use for interior
illumination after the war. Since the tubing can be
bent to almost any conceivable shape, "made to order"
lighting installations will offer unique decorative
possibilities. Various colors and patterns will be
available, and the tubes will soon be manufactured in
standard 8-foot lengths.

INFORMATION, PLEASE... The electric business is
extremely technical. Knotty problems are continually
popping up. When one of our engineers encounters a
\$64 question that he can't answer, he usually fires
it at the Research Department. The variety of sub-
jects investigated is startling. For example: "What
will be the trend of the water level of the Detroit
River in the near future?" Water level has an impor-
tant bearing on the design of power plants. And
almost equally vital: "In the oven of an electric range,
how strong should the racks be to support the weight
of a Thanksgiving turkey without sagging?"

CHINESE RECIPE... Perhaps this recipe is no more
Chinese than chop suey, but our Home Service
Department recommends it highly:

Chinese, Omelet

1/2 cup uncooked rice	3 eggs, separated
4 tbsp. butter	1/4 tsp. paprika
4 tbsp. all-purpose enriched	1/4 tsp. salt
flour	1/4 tsp. dry mustard
2 cups milk	4 tbsp. grated cheese

Cook rice till tender. Rinse with hot and cold water.
Make sauce of butter, flour and milk. Cook until thickened.
Beat egg yolks. Add rice, sauce, seasonings and cheese.
Fold in stiffly beaten egg whites. Pour into greased shallow
pan. Bake at 350 degrees for 35 minutes. Serves six.

ALL BUT THE SQUEAL... The meat packing com-
panies are noted for squeezing every bit of useful
meat, bone and bristle from a pig. But when it comes
to minimizing waste, the Edison company takes a back
seat to no one. We are constantly seeking ways to
re-use discarded equipment and material. Better
methods of joining odd lengths of wire, ways of
re-using salvaged pipe insulation, more rapid means
of cleaning old electrical insulators... all are typical
of our constant search to effect economies. These
savings—and thousands of others like them—have
much to do with the steady downward trend in the
cost of electricity.

THE MICHIGAN MIRROR

Ten veterans and two civilians are now enrolled in preliminary classes proof that present activity is being continued to preparation for tomorrow's responsibilities. Instructors are John Van Puffelen, Grand Rapids watchmaker, and Aubrey Hansen office practice manager recently with the Chrysler Corporation in Detroit. Camp Superintendent is Hugh F. Pierce, formerly of the Bendix Products in South Bend Indiana and the Clark Equipment Company at Buchanan Michigan.

When Johnny comes home he must visit the local selective service board to get official papers enabling him to re-employment. Then he is urged to call at the local veterans counseling center to obtain information and counsel on any of the following: housing, health, education, law, employment, and claims to enumerate the leading subjects.

If he cannot find employment he will be eligible to receive unemployment compensation of \$20 per week for 26 to 52 weeks depending upon the length his military service.

The U.S. veterans administration's hospital at Dearborn a 355 bed institution will be expanded soon to accommodate approximately 1500 service men and women.

When the world war I veteran was demobilized he received \$60 in cash. Congress had slashed appropriations for the U.S. employment service. The labor market was glutted, payrolls were cut. Yes times have changed!

Michigan has more than 500,000 men and women in the armed services today.

Hence the importance of adequate preparedness today to take care of some of the veterans of tomorrow when V-DAY in Europe arrives and part of our war tasks will be terminated.

The state Board of Control at Work of the Office of Veteran Affairs is graphic proof that Michigan is right on the job in fact leading the entire nation in giving Johnny a break and for the first time,

6TH WAR LOAN CHAIRMAN ANNOUNCED

Wm. E. Robb, chairman of the County Defense Council, after consultation with leaders throughout the county, announces that it has been agreed for the 6th War Loan Drive. Orlie Young, 207 W. Grand River, Howell shall be chairman. The people contacted have agreed to go along and all co-operate in doing the fine job that has been done in the five previous bond drives.

Mr. Young, though a very busy man, has agreed to accept this appointment and make his contribution to the war effort. Frank Isbey, State Chairman, and Reardon Perrol, District Chairman believe that they can expect the same splendid co-operating from every part of the state; that at a time when our victorious army, navy and air force are winning in both Europe and the Pacific, those on the home front certainly will continue to support the war effort.

America's food and equipment is making this possible. The unity of our country has made this amazing record—109,000 airplane production per year; 57,000 tanks per year; and 23 billion rounds of small arms ammunition per year.

Let every township now prepare and every individual in the county be prepared to do his bit.

It is expected that this 6th war loan will start in November although the date is not definitely set, but Livingston County took first place in the last drive, and if we are fully prepared, we will continue with the top record for our country in the state. Let's all get behind Orlie Young and make this successful.

SCANDAL COLUMN

The Freshies' started the social activities of the semester by having a picnic last Friday night. After the football game they boarded Meyer's Truck which conveyed them to Peach Mountain. Mrs. Hinsdale, their class sponsor, and Garth Meyers took charge of the frolicsome group. The gang ate, square danced, and mainly had fun. The party broke up at nine thirty even though that was an early hour.

Last Friday night the school's football team started out with a grand victory. The score was 20 points to the big ought that Hartland clocked up. The cheer leaders like to feel that they were partially the reason for the victory. Ruth Ann Young, Pat Stackable and yours truly have gone out for cheer leaders and they all hurried home one night last week and constructed themselves a pleated skirt. They are going to wear white blouses and red suspenders as the rest of their outfits.

Under the super salesmanship of the seniors this year's magazine sales reached the enormous amount of one thousand dollars, an all time record. Their star salesman was (D. A. T.) Hugh James Doolittle with \$208.50 to his credit. Some of the other top notchers were Jean Craft, Denise Ledwidge, Ross Lamb, Muriel Read and Don Griffiths.

A big date of last week end was that of Don and Alice Lee. They doubled with Peach and Virginia. The couples attended a dance in Ann Arbor.

What little girl, who has now become a senior, has lost most of her jewelry, mainly were a gold cross and a silver bracelet with "June" written across it. Boys, at least let her keep her class ring.

Our little red-headed Junior girl is stepping out with a senior boy from Howell High school.

Ace drummer Gooley has changed from June to her sister Nancy. Don has also changed from Virginia and she in turn has gone back to Jerry.

Mr. and Mrs. Spencer Titus and son Gordon spent Sat. at Detroit.

Miss Helen Kennedy of Detroit spent the week end with her parents Mr. and Mrs. C. H. Kennedy.

Mrs. S. T. Reid of Kalamazoo and Mrs. C. E. Bucher called on Mrs. Earl Lear, in Hamburg Monday eve.

Mrs. S. T. Reid returned to her home in Kalamazoo-Tuesday morning.
