News Items of Boys in Service

News and Items Concerning Our Boys Who Are Serving in the Armed Services

At the Detroit pre-induction examination center last Tuesday, Ernest Packer Jr. of Pinckney was accepted for military service and Reuben Rhode rejected.

A telegram was received last Thursday announcing the death of Ernest Palmer of Detroit who was killed in action in France. His wife is the former Jean Campbell, daughter of Mr. and Mrs. Gilbert Campbell of Frazee.

Lt. J. White and wife (Jean Graves) are expected home this week on furlough from Salt Lake City, Utah.

PFC Arthur Krych who formerly lived with Mrs. Edna Spears has gone overseas via New York City.

PFC Grant Cass is home from the Willow Run air school on furlough.

Junior Dinkel who is at the Grosse Isle naval base and Lloyd VanBlaircum who is at the Romulus air base both expect transfers very soon both bases are to be broken up. Large numbers are being transferred to other places. VanBlaircum is attending engineering school there.

John Lathers of Chubb's Corners has been given a 60 day stay of induction for farm work.

Sergeant Harold Hite of Knoxville Tenn. and Major Sturtivant of Camp Forest, Tenn. called on George Richmond Sunday. Both are in U. S. Engineering corps.

PFC Fritz Wylie has been transferred to Amarillo, Texas.

We enjoyed a nice conversation with Lt. Andrew Kirtland who is home on furlough after completing 50 missions over Europe as a bomber pilot. He leaves here for Miami, Florida, Oct. 21 but expects to go to the west coast. Does not expect to go into active service again before spring when the next big push starts presumably against the Japs. Of the original crew of ten men who started out with him from England to Europe only two are still living. Asked how fast he went, he said he was up on a practise trip once and had it up to 220 miles an hour.

Joe Mroz recently inducted into the service has been assigned to the navy and is at Great Lakes.

Sergeant Gerald Dinkel writes from France that he is seeing considerable of that country. Has visited St. Leov and LeMans. Says the buildings are nice there but not modern. The hunting season is now on in France in full swing.

Edward P. Werner who was commissioned a fireman 1c in the U. S. navy and has been in the hospital, has been discharged for disability and is expected home.

Mr. and Mrs. John Gerycz have received the award of the Purple Heart given their son, Sergeant Steve Gerycz who suffered a shrapnel wound in the shoulder some time ago while serving with the U. S. Marines in the South Pacific.

Sergeant Ted Adseh writes from France that he expects to be in Germany soon.

STAFF SGT. JOHN R. DILLON

Former Pinckney resident who was killed in action in Tucson, Arizona recently in an accidental shooting.

Ernest Packer Jr. and Reuben Rhode spent the week end in Alpena.

The hot lunches at the Pinckney school started Monday under the supervision of Mrs. Mary Singer.

The 4th and 5th grades of the school went to Fowlerville in W. H. Meyers truck Sunday to see "Snow White and the Seven Dwarfs".

Henry Allen of Edwardsburg son of the late E.A. Allen, old time Pinckney landlord, known as the Buffalo Tiger, called on friends here last Thursday.

Pinckney Wins from St. Thomas

Pinckney Pulls Unexpected and Takes St. Thomas 20 to 13

Pinckney high school pulled the unexpected here Friday when they took St. Thomas high school of Ann Arbor by a score of 20 to 13. According to a pre-game writeup in the Ann Arbor News the Pinckney game was scheduled for experimentation and St. Thomas intended to use mostly second and third string men in the contest. Instead they started their first string men who were not even good enough at that to leave them in for the entire contest to prevent a rout.

Pinckney swept St. Thomas off their feet the first quarter and would have scored except for a fumble and an intercepted pass. In the second quarter they pushed St. Thomas all over the field and scored via the pass route. Lamb catching one over the goal line. Ledwidge got a pass for an extra point.

In the third quarter Pinckney made two touchdowns in quick order. Gus Ledwidge got a long pass and scampered over for a touchdown. Later Jim Reid intercepted an Ann Arbor pass and got another touchdown. Ross Lamb kicked an extra point.

With a twenty to 0 lead Coach Reader, remembering his experience in the Ann Arbor Reserve game when the Pinckney team were themselves out and lost in the last 3 minutes, pulled out the entire first team from play and sent in reserves. Ann Arbor made plenty first downs against the youngsters who are mostly freshmen but did not score until the last quarter when they fell on a fumble behind the Pinckney goal line. Then the Pinckney first team went back in again but could not get going and Ann Arbor trailing filled the air with passes. Tischart caught one and ran for a touchdown. The try for extra point failed. With their backs to the wall St. Thomas boys fought back, mostly by the overhead route and threatened to tie the score but could not make the grade.

The last time Pinckney beat St. Thomas was 1932 Murray Kennedy's last year on the team. For a number of years since then until last year the teams have not met.

BRIDE HONORED

On the evening of Oct. 6th Mrs. Rosemary Schosser (Read) was honored at a bridal shower at the M. J. Reason home by the Misses Jeanne Clark and Helen Reason.

The 22 friends were all assembled when Mrs. Schosser arrived making the affair a complete surprise to her. The rest of the evening was spent in games periodically being interrupted by the clatter of an alarm clock somewhere in the house at which time Rosemary would find and immediately open the lovely gift placed beside it.

After locating the many and beautiful gifts, dainty refreshments were served, concluding the evenings gayety.

SOLDIER LETTER

The following letter was received from Donald Doyle son of William Doyle of Sioux City, Iowa and grandson of William Doyle of Pinckney: Province of Agram, India, Oct. 5. Dear Mr. Curlett: The Dispatch is arriving here in good shape. The July 5th issue arrived today and I read every article.

As you see I have a new APO number. I have had the opportunity to see many of the Indian villages and have visited Calcutta. There I saw the Black Hole, Jain Temple, the Hooghly River and the Burning Chats. The villages are very dirty and have a terrible odor. India has over 200,000,000 head of cattle. They are permitted everywhere and are very diseased. We have no milk for drinking. Steak from water buffalo is much different from our good beef steak.

The climate in India is very hot and we have more than our share of rain. We wear rubber boots much of the time.

We live in tents now and they are very comfortable compared to what we had at first. We sleep in Indian made beds called Charboys woven straw and wooden frames. We have a shower bath and mess halls near the tents. There are out-of-door movies here and I saw "Bathing Beauty" night before last.

If you should have any questions about India I should be glad to answer them. This is all for now. Sincerely Yours, Donald V. Doyle

William Crandall, 79, who lived alone on the Howell Pinckney road near Howell died from burns Sunday when his home was destroyed by fire.

Mrs. Nellie Frye of Pinckney has been drawn to serve on the grand jury for the eastern district of Michigan southern division, November term.

Fairly good pheasant hunting is reported. Lee Lavey and a party got 14 Sunday near Bunker Hill. Paul Levin 12, son of Dr. Levin who owns the Gawley farm shot one Monday. Allan Dinkel while hunting pheasant Monday shot a red fox.

Michigan Mirror State News

State News Gathered from All Over the State of Michigan

At the western edge of Michigan's copper country that once fabulous land of overnight mining booms, fantastic profits and expanding settlements, is a dot on the map known as Silver City.

It was at Silver City just a few miles west of Ontonagon on Lake Superior that a group of newspaper writers began a two day exploration of Michigan's Porcupine mountain area. A few tourist cabins and a tavern are all that is left to Silver City where miners in 1870 extracted silver from veins in rock along the Iron river, leading to real estate speculation and the subdividing of land for a town.

Silver City is headed for new prominence. It is the entrance to the largest unbroken tract of virgin hardwood timber left in the United States. And what is more important it is a gateway to a recreational area and a lumber museum comprising 42,000 acres soon to be owned by the state of Michigan through action of the 1944 state legislature.

Unique from any other tract in Michigan here is a true wilderness. In your easy chair try imagining a vast forest of Maple, Larch, Basswood hemlock, and white pine just to mention a few through which you tramp for hours without once seeing or crossing a public road.

Imagine that you are hiking to Mirror Lake in the heart of this forest. You follow an old wagon trail for 5 miles from Quincy's lumber camp to the abandoned White Pine extension mine it has run recently. The trail is stony.

You pause to inspect a ghost mining camp of rotting logs cabins and shanties. Then you pick up a new trail going northward when the lug marks of a tractor bulldozer appear on the ground the guide recalls how an army bomber crashed near mirror lake last March. All passengers paraded to safety.

Even this temporary path to the outside, if so, were the Mirror Lake trail. Nobody knows.

No one has a map. You are relying entirely upon the knowledge of your guide who informs you that he had never been in that territory before and was relying solely upon your second hand information.

Discovery of a trail just a rod away prompts you to conclude that the bulldozer was slashing a new path into the woods, but strangely enough your newly discovered path is an old trail. Impressions of wagon wheels can be traced here and there. Logs have fallen. They were decaying with age.

Then someone detects a blaze mark on a tree. The blaze recurs at regular intervals and you have the comforting thought that someone had left signs along the path which falling leaves and logs could not readily obscure.

Following an old blazed trail through a virgin forest is adventure with capital A. But it is also hard work. At times you must literally climb over the trunk of a huge tree that had been uprooted by a storm and which lay untouched after it had crashed to the ground.

Twice the winding trail seemed to vanish. Other members of your party fan out until someone locates it.

CURRENT COMMENT

By Ye Editor

The Brighton Argus announces that their high school athletic field is to be lighted for athletic games. Howell has enjoyed a lighted field for several years and it seems to ye editor that it was about time Pinckney was falling into line and lighting hers. The Pinckney school has a fine field purchased when the new school was built and graded as a WPA project. Foot ball and soft ball are played there. It would make an ideal lighted field. The Brighton firemen are sponsoring the field and it will be raised by the sale of bonds. At Howell the cost was assumed by the school district and in the first year the revenue from the lighted field paid more than one half of cost back. Some say night games are a fad and will soon die out. We doubt it. The great proportion of the people work days and can't go to day athletic games. At night their time is free and they are able to attend. Howell also uses their lighted field for soft ball games during the summer and has taken in good revenue on these games the past two years.

It seems to us that Gov. Dewey is leaning over backwards in his campaigning. Last week he indicated that he expected he would retain Secretary of State Hull in his cabinet and that he would conduct the war along the lines already laid down. This is taken to mean that Secretary of War Stimson and Secretary of the Navy Forrestal would also be retained. This has caused W.K. Kellogg, Detroit News commentator to remark that Gov. Dewey is thousands of miles ahead of his party in his acceptance of the New Deal. He may have accepted the present war program, world security organization and the New Deal reforms now in effect but there are millions of his party who have not and never will. If the Republicans win congress under seniority would be organized and controlled by reactionaries, opposed to the New Deal or any part of it whose main objective would be to nullify all reforms of the past 12 years and return to the so-called normalcy of the Harding-Coolidge Hoover regime. If Gov. Dewey was elected and tried to carry out his program, he would head for a head-on collision with his own party leaders. President Roosevelt has been fairly successful in coercing his own party reactionaries. Would Gov. Dewey do likewise?

The King kidnapping case in Detroit was solved with none of the hideous features incidental to the Lindbergh case. It seems merely to have been a case of thwarted mother love. The child was returned unharmed and even gained a pound and a half during its absence. There does not appear to have been any race agitation evoked even though the kidnapper was a colored woman. This may have been mollified to some extent by the fact that the two persons who gave the information which resulted in the baby's recovery were colored men. The women's husband seems to have been an innocent victim of the affair.

Despite "Hell and High Water" Michigan will probably send the greatest aggregation in her history north after deer next month. Although lack of gas and ammunition were obstacles to overcome last year still a record breaking number of hunters went which is expected to be exceeded this year. The gasoline question is being solved by saving gas stamps, slugging together and sharing rides, and as for ammunition many have been saving it for the entire year. Now so many people the deer hunting season is their high light of the year and it's an impossibility to block the desires of such a great number of people.

Nebraska is the only state in the union which will vote on prohibiting the sale of liquor on Nov. 7. Recently a page adv. appeared in an Omaha paper protesting against such a vote being taken when so many Nebraska boys were in the service and unable to vote on it. The adv. was signed by 318 boys in the service. This was a big argument against prohibition after World War I. "That it was put over while the boys were over in Europe fighting." Somehow we never considered this argument carried much weight. In our opinion prohibition was repealed because the majority of the people made up their minds that it could not be made to work.

The news writers who accompany Gov. Kelly on his recent tour of Michigan took a spot poll at the different places they visited. This poll shows Kelly carrying Michigan but also indicates that President Roosevelt will be given a majority here.

GOOD WISHES FROM A FRIEND
... We have always appreciated the luxury, economy and courtesy which the patrons of your organization receive.
"In these days of high prices, poor quality and unsatisfactory service in almost everything we spend our money for, it is a real pleasure to realize that one can still have the same measure of services, economy and quality in our electric service as we enjoyed before the war."
"Good wishes for your continued and well-earned success."
(signed) Thomas P. Curley

THANK YOU, Mr. Curley. We value your letter of friendly appreciation. It is stimulating to all of our people and is particularly appreciated by our Customers Service men. Even during wartime, The Detroit Edison Company has tried to maintain the high standards of service our customers expect and deserve. We know, however, that we are far from perfect, and we hope you will be equally prompt in telling us when we fail. That would be just as stimulating and even more helpful. Here is the record of Edison services in wartime:

- LAMP EXCHANGES. Residence customers have always been able to exchange burned-out lamp bulbs for new bulbs without added charge. This service is now operating as usual.
- APPLIANCE REPAIRS. Despite the delay and difficulty in getting parts, our Appliance Repair Division has kept in service tens of thousands of irons, toasters, percolators, clocks, etc., at only a nominal charge for repairs.
- IRON CORD EXCHANGES. Defective iron cords (badly frayed or worn) are exchanged without charge for new cords of standard length. During the war we have rebuilt thousands of cords from salvaged materials.
- FIRST SUPPLY OF LAMPS. For thousands of new war homes, and for other houses being served for the first time, we have provided a first supply of lamp bulbs without extra charge.
- TROUBLE CALLS. On emergency calls to restore service we were slowed somewhat by transportation difficulties but still answered a majority of these calls within an hour.
- HOME SERVICE DEPARTMENT. The advice of our Home Service staff helps customer with rationing, sugar shortages, etc. They provide recipes and information about cooking, canning, special meals for school children, etc. as well as assistance with home lighting.

In war or peace, we try to furnish the best electric service in the world. Always welcome are letters from our customers. Your criticisms and suggestions guide us in making Detroit Edison policy.

THE OLD JUDGE SAYS...
"The war stories I like best, Judge, are the ones by the special writers overseas who live right with our troops. They give us a better idea of how our men react to things going on over there and back here at home."
"I agree with you, Sam. I never miss one of those stories in the papers or magazines. And there's one thing these writers seem to agree on no matter where they are stationed with our men... and that is that the men who have left their homes and families to go away and fight this war don't want to come back and find that prohibition has been put over on them while they were away... either nationally or locally. They have heard about the attempts being made and they resent it bitterly."
"I agree with them, Judge, even though I don't happen to drink myself. Furthermore, I don't think it's fair for us at home to be making any major changes while 10,000,000 of our fighting men are away and have no chance to express their opinions."

Let's Face the Facts

Good government requires practical men with executive ability and a strong sense of public responsibility. Michigan has found the right combination in the grasp of men who, under the leadership of Governor Kelly, will administer our State government during the next two years.

Your Republican administration has increased Government efficiency, brought the State through precarious war years in good shape, and has carefully planned for post-war employment, veteran re-employment, care of the dependent aged and children and a multitude of other immediate problems.

Good government has always been hard to get. Now that we, in Michigan, have it, let's keep it!

THE MICHIGAN MIRROR
Yes it is the trail all right. But you notice something odd your compass indicates clearly you are traveling southwest. You had set the arrow on your paratrooper's wrist watch compass at 330 degrees, a few points west of north.

Pl... at 2:30 p.m. after more than four hours on the trail your party stops for consultation. Rays of golden sunlight filter through the dense foliage. Hours of daylight are limited. And not carrying a pack with food and a sleeping bag or blankets you realize that you cannot reach Mirror lake and also return before sundown to the station wagon left at Quigley's lumber camp a good seven miles away. Yes you have been beaten by the wilderness!

The above incident really DID happen. While we waited for the guide to rejoin us four newspapermen built a fire in hollow near the trail. Frankfurters, wrapped in bacon, soon came appetizing piggies in the blankets. That cheese sandwich prepared by the restaurant girl at Ewen suddenly became a delectable titbit. And cold water, dipped from a stream nearby was like sweet nectar itself.

We lounged on the ground, joking about how we had been "lost" in the Porcupines at least to the extent of having missed Mirror lake. At that moment it was a keen disappointment for cameras were loaded with natural color film and we were anticipating scenic delights to record at Mirror lake our destination.

On the previous day we had climbed the Porcupine mountain near the Lake of the Clouds. Actually the mountain consists of a long escarpment with black rocky peaks.

The views were inspiring. To the south lay the lake of the Clouds catching a blue reflection of the sky. The foliage of millions of trees was turning to reds and yellows. The air was exhilarating. You liked it.

You gazed west and east towards a series of peaks. Here was a setting for a five mile scenic highway which like the rollercoaster Brockway drive on Keweenaw would afford a sensational vista to touring motorists.

And here on the mountain top fairly level for a block was the site for a log chapel and a cluster of family cabins. Let the state of Michigan build them. Let a competent hotel operator lease them. Yes you conclude here was the opportunity for someone who possessed courage and skill to create one of the great attractions in the Middle West.

Let the forest before you remain what it is today a wilderness of mountain ranges timber and streams. Provide access into it by foot trails and bridge paths. But don't destroy the greatest virtue it now possesses, virgin forest wilderness which can beat man as it did us when he tries to penetrate its many secrets.

Who blazed that old trail to the southwest? Was it made by a mining prospector whose claim and lonely cabin are now hidden by forest decay?

You are going back some day to the lure of the Porcupine.

SCANDAL COLUMN

By The Snoopers

Separation turned to unity in the class of 46 as they celebrated their first get together of the year last Tuesday night in the hills north of town. The boys of the class, paying no heed to the moon, proceeded to turn heat energy into muscle power as they gleefully made hash of their feminine classmates. After everyone had stuffed themselves with hot dogs and pop and made sure it was settled by a brief but extremely tough football practice, they returned to the gym in the unofficial school station wagon amid the clatter of milk cans and the sound of joyous voices. After a few hours of laughing, singing and dancing the triumphant strains of "All Hail to Pinckney High" announced the closing of a glorious party.

Habits, they say, are hard to break. It seems that cars find this so, too. After forming the habit of being eastward bound everytime it left the yard with a male driver, a certain pale blue Dodge seems to be having trouble breaking this habit. Although, it managed a southward direction Sunday night its destination being Island Lake, is returning to the habit of heading eastward this coming Saturday night, (rumored) Destination being Bishop Lake. Swimming is out of season, so we draw our own conclusion.

What two people blush everytime they hear the familiar tune, "When the Lights go on again?"

Last week seemed to break a record as far as parties and other school activities were concerned. The Freshman finally were given their long postponed party. Although the party was in their honor there was a little fun had at their expense, and for the benefit of the other guests. All the members took the initiation very well and thus another party was successful. The main part was dancing but of course it had to be accompanied with refreshments. "Goodnight Freshmen" replaced "Goodnight Ladies" as the hosts and hostesses bid their underclassmen good night. We hope that the party succeeded in bringing about the good will intended.

PINCKNEY DEFEATS IRISH ON HOME GRIDIRON

The Pinckney team defeated the "over confident" St. Thomas team 20-13. The home team showed more fight than their opponents, and held the "Irish" motionless ending the half 7-0. In the second half the Pinckney team came out raring to go scoring twice in the third quarter. Then the Pinckney Reserves played, hence St. Thomas passed to the five yard marker. On the next play St. Thomas fumbled and Pinckney recovered, but the inexperienced reserve team fumbled in the end zone and St. Thomas recovered for their first touchdown.

In the last quarter St. Thomas filled the air with passes and managed to score another touchdown. The Pinckney team suffered many large penalties, was unable to reach scoring territory. Once again, self confidence proved defeat.

This week Friday Pinckney will play Stockbridge here. Pinckney beat this team 7 to 0 last year. The game is at 3:00.

Next week Wednesday Pinckney plays Brighton under lights at Howell. Brighton beat Pinckney last year 19 to 0 but Pinckney expects to reverse this decision this year. At that they will have their hands full as Brighton took the Ann Arbor high school reserves 26 to 12. This team

beat Pinckney 13 to 12. A large number of Pinckneyites will attend this game.

PHILATHEA NOTES

On Thursday, October 13, 1944, the Eulers, who recently moved to Howen, graciously opened their home at 827 E Grand River, to our group for our Annual Class Birthday party, which is celebrated on the date of the founding of Baraca-Philathea by Marshall A. Hudson, on October 20, 1890. This was the date of the founding of the first Baraca class for a group of boys and in 1893 the first Philathea class was formed for a similar group of young ladies. At this Annual meeting we also honor those of our group who have October birthdays, this year including our president, secretary, teacher chaplain and several members. By an obnoxious the Birthday greeting was not given, but Mrs. Elliott had made a delicious birthday cake replete with candles, and the potluck dinner at noon was enjoyed by a large group, including several from our Pinckney Men's class and neighbors of the Eulers whom we were also glad to welcome.

Mrs. Inabel Buzzard presided, with Mrs. A. E. Elliott in charge of the Devotions. The short business meeting took care of unfinished and new items, and several reports were submitted and the roll was called by the secretary, Mrs. Meda Henry.

November will be one of our quarterly Missionary meetings to be held on the second Wednesday in the month, with Mrs. Lydia Carr the entertainment committee to be Mrs. Beulah Hendee and Miss Ciella Fish. The calling committee for next time consists of Mrs. Ella Mercer and Mrs. Alice Murray.

The entertainment committee on Thursday consisted of Mrs. Carrie Swarthout and Mrs. Lillian Hascen-cahl, who presented a pleasing program, of contests and readings. Mrs. Deek won the contest honors. Mrs. Harvey Pearce made use of Romans 12 and 1 Corinthians 13 in her helpful talk and delightful with the reading "Bills in Trouble." Dr. Pearce also made a few remarks in his usual interesting, understanding way. At this meeting as at the one in Sept. signatures were taken for the Total Abstinence Pledge, being 100 per cent at both meetings for Total Abstinence.

On Sunday, Oct. 15 at the Rally Day program given by the Sunday School. Mrs. Buzzard represented our Philathea Class. A very interesting program was put on by the committee in charge by an equally large attendance is hoped for at our next Sunday's regular service.

Mr. and Mrs. C. J. Clinton spent Sunday at the John Ruttman home near Howell and helped celebrate the first birthday of John Clinton, son of Mr. and Mrs. Ralph Clinton.

Vs

Claudius Britton, Alvin Mann, Eri Coleman, Teeple and Cadwell, James L. Corby, Freeman G. Rose, Van Ken-salaer T. Angel, John D. Bennett, Allan Sheidon, George W. Teeple and their unknown heirs, devisees, legatees and assigns, and the unknown heirs of Er. Coleman, Deceased, Defendants

Suit pending in the Circuit Court for the County of Livingston in Chancery, at Howell, Michigan on this 10th day of October, 1944.

It appearing from the sworn bill of complaint as filed in said cause, that the plaintiffs have not been able after diligent search and inquiry to ascertain whether the said defendants are alive or dead or where they may reside if living, or if they have any personal representatives or heirs living, or where they or any of them may reside, or whether the title, interest, claim or possible right of these defendants have been assigned to any other person or persons or whether such title, interest, claim, lien or possible right has been disposed of by will by the said defendants.

And it further appearing that the plaintiffs do not know and have been unable after diligent search and inquiry to ascertain the names of the persons who are included as defendants without being named.

Upon motion therefore of Charles K. VanWinkle, one of the attorneys for plaintiffs, it is ordered that the above named defendants and their unknown heirs, devisees, legatees and assigns, and the unknown heirs of Er. Coleman, Deceased, cause their appearance to be entered here-in within three months from the date hereof, and that in default thereof said bill be taken as confessed by said defendants and each and all of them.

It is further ordered that the plaintiffs cause this order to be published within 40 days in the Pinckney Dispatch, a newspaper printed, published and circulating in said County, once in each week for at least six successive weeks.
