State and Nat. Election

President Roosevelt Wins Landslide But Putnam Goes Republican For the First Time Since 1928

The landslide victory of President Franklin Roosevelt for a fourth term Tuesday surprised few people who follow election trends. Many Republicans, not supporting him predicted his victory. Second there was no betting for the reason there was no money. Letters here who usually bet on Roosevelt could not get any bets. Many felt that Dewey had been pushed too rapidly and was not ready for the presidency. One prominent Republican in this county told us that Dewey made a mistake by attacking Roosevelt. That he should have featured his platform and sold himself to the people. Pres. Roosevelt benefited by campaign methods of the Roosevelt haters. With 95 percent of the newspapers and magazines and most of men of wealth against him the working class regarded him as persecuted and flocked to his support.

Returns at noon today gave Roosevelt 34 states with 407 electoral votes, including the populous states of New York, Pennsylvania, Massachusetts, Illinois and California. In the 14 Dewey states his lead was so slim in some that late returns may overturn it.

In Putnam township Dewey got a majority of 38 the first time a Republican president has carried it since 1928. This was not unexpected as Democrat farmers voted against the president because of OPA selling prices on farm products. Sheriff Irving Kennedy got 308 majority. He carried county winning every precinct. He was the only Democrat to win in the county. Wm. Dilloway lost here 283 to 284. All amendments lost in the state except the one permitting the cities to sell water to nearby communities. The servicemen's vote was negligible here only 35 being cast.

In Putnam 609 votes were cast. Of these 223 were Democrat straight and 111 Republican straight. There were 265 splits. For congress Blackney got 291 and McLaughlin Democrat 262. Thurber Cornell for representative who was unopposed got 265. The president got 279 and Dewey 317. For governor Kelly got 855 and Fry 250. The race in the 6th congressional district between Wm. Blackney and Robt. McLaughlin is very close.

In Nebraska the dry amendment lost 2 to 1. In the state the Republican won all the offices at the state capitol.

NEW BELL VICE PRESIDENTS

W. Calvin Patterson Herbert F. Lange, both of Detroit, have been made vice-presidents of the Michigan Bell Telephone Company. Formerly assistants to the president in charge of public relations and personnel, respectively. Each will continue in his field with expanded duties. Patterson has been on loan to the War Dept. at Washington the last year.

CONWAY IS FIRST.

The first township to reach its quota is Conway where Mrs. Harold Copeland is Chairman. Conway has raised 107 per cent of its quota of \$566, by turning in \$604. Congratulations Conway to your chairman, Mrs. Copeland, and your workers: Claude Copeland, Mrs. Roy Davis, Clarence Yahn, Ila Horton, Mrs. Wayne Sober, L. W. Ash, Clarence Casady, Hazel Munsell, Rose Hamilton, Bertha Copeland, Evelyn Snyder, and Mrs. Fritz Kunde.

STATE SANATORIUM EXCEEDS QUOTA 20 PER CENT

Under the able direction of Henry Robb and Dorance Dean the Michigan State Sanatorium has doubled its quota. Congratulations! Your boost toward our County quota is much appreciated.

WHO WILL BE NEXT?

With the United War Fund drive clicking right down the line we wonder which township or town will be next. Will it be yours?

THE NEW COUNTY JAIL

Some misunderstanding has arisen concerning the new county jail that the board of supervisors are asking the voters to authorize at the April Election. This is a post-war project after war. At present the estimated cost is \$55,000 but after the war it could be built for \$35,000. At the present time the county has \$55,000 invested in war bonds etc. which would be available and no bond issue would be necessary. An architect's drawing of the new jail can be seen at the county clerk's office.

The 6th War Bond Drive

C. F. Hewlett Appointed 6th War Bond Drive Chairman for Putnam

Livingston County Chairman has appointed C. F. Hewlett, Chairman for Pinckney and Putnam Township. Pinckney Quota is announced as \$12,200 while the Township outside of Pinckney is \$8,400.

It is recalled that on the last drive the quotas for this territory went way over the top and not only that we were the first township in the county to meet our quota.

While this drive comes at the close of the United War Fund and at the Christmas season, purchasing of Bonds may be a little slower, however. Mr. Hewlett predicts with the sales force that he is organizing that we may again lead the County.

All Bonds bought during the Months of November and December will be counted in this drive, and with merchandise being very hard to obtain you, chairman suggests there is no better gift for friend Wife or husband or even the children than a Bond this Christmas.

The drive will officially be opened with a big bond rally and banquet at Howell, Nov. 16th and it is hoped that a large amount of bonds will be purchased even before the official opening.

A complete list of the sales force will be announced next week.

HAS ACCEPTED PINCKNEY CALL

Rev. Alfred Allard of Lakeview who declined a call to become pastor of the Pinckney Community Congregational church two weeks ago has reconsidered and accepted it and is expected to assume his duties here shortly.

NOTICE

Michigan Mirror State News

State News Gathered from A Over the State of Michigan

Well, Joe Doaks has done it again! We little guys who make up these United States of America ought to feel pretty good about the Nov. 7 election.

For regardless of how you voted, a significant fact remains that we have demonstrated to the Nazis and Japs it is possible for the democracy to conduct a free election for choice of the nation's top leader and, at the same time, to wage a people's war to preserve this very freedom.

In this topsy-turvy world of 1944 such is a real achievement. We Americans did it!

Is isolationism dead? Middle West as been thought by many observers to be the stronghold of isolationism. And yet responsible public opinion disapproved - indicate that sentiment in the Middle West is pretty much what it is elsewhere on this once-alive issue. In fact, the difference is negligible. A poll taken in May, 1944 showed that 72 per cent of the public in the Middle West favored our participation in post-war world affairs as compared with 73 per cent sentiment for the entire country.

If majority sentiment of overwhelming proportions can be considered to be any index of American public opinion, Joe Doaks favors American participation in a world league or association of nations, a international police force if necessary, to enforce peace and curb an American military alliance with other world powers.

MRS. RAY COON

Mrs. Marian May Coon, 49, wife of Russell Coon, died at her home on the former James Roche farm Monday night. Surviving are her husband, two daughters, Shirley and Wanda, and one stepdaughter. The funeral will be held at the Wright's Corners Church on the Howell Road on Thursday at 2:00 p. m. Rev. Dietrich officiating. Burial in the field cemetery on the Nine Mile Road.

CIRCUIT COURT NEWS

Judge Collins held court in Howell two days last week tried a number of chancery cases, mostly divorce. Sylvia Singer was granted a divorce from Ronald Singer, custody of the children and \$18 a week for support. A property settlement was agreed upon. Jerry Brown was granted a divorce from Luella Brown of Pinckney. She retains custody of the children and gets \$20 a week alimony. Beatrice Cook was granted a divorce from Lloyd Cook, there are no children. Vershel Harvey was given a divorce from Helen Harvey. She gets the child and \$10 a week alimony. William Davis was given a divorce from Kathleen Davis but must pay \$12.50 a week for the support of the child. The right of way suits of Roy Day vs Oscar Carlson and J.E. Gleason vs Lloyd Bernest were settled. The judge returns Nov. 9 to hear a plea for restoration of a drivers license. On Nov. 11 the case of Citizens Mutual Auto Insurance Co. vs Dorr Frisbee is slated for trial.

RED CROSS MEETING

The next Red Cross meeting will be at the Putnam town hall on Nov. 9th.

Winifred Aber'een, Sec.

CURRENT COMMENT

The youth of the land seem to have gone wild in the state last Halloween. Not with little or no effort made to check them, while no very serious damage was done in Pinckney there were probably more wanton thoughtless acts committed than at any time during the past ten years. We are sorry about the damage done to the property of St. Mary's church here. A church is dedicated to God is sacred and should be immune from molestation. In Pinckney one school was broken into and so much damage done it had to be closed, an attempt was made to set fire to another one and 18 fire alarms turned in. At Farmington a huge pile of leaves was raked across U. S.-16 and set on fire causing a traffic muddle and making all cars detour. In Dexter and Brighton whert community parties or dances were put on scarcely any damage was done. Their success in curbing celebrators should make other villages ponder as to whether it would not be better to adopt this method of entertaining the youth to prevent Halloween excess.

Voters were annoyed Tuesday by the great number of ballots handed them election day. The big complaint was on the separation of the presidential and state ballots. Heretofore they were all on one ballot. The Republican controlled Michigan legislature were fearful of a Roosevelt landslide which would sweep all the Democrat state and county candidates into office and in order to avoid this put the national and state tickets on separate ballots.

Swift Lathers, editor of an obscure weekly paper called the Mears News has been vindicated and the "Freedom of the Press" has been upheld. After being out three hours the six man jury in justice court at Hart, Mich., acquitted him last Thursday of the slander charge brought against him by Sheriff Marland of Oceana county. The sheriff shot and killed Jose Davilla, a Mexican fruit picker he was trying to arrest. A co-accuser jury brought in a verdict of self defense or justifiable homicide but Lathers in an editorial called it murder. The slander suit followed. In this case the sheriff seems to have led with his chin. The Mears' editor is small and a shabby dresser. He had no money for a lawyer so the proprietor of a garment factory by the name of Andelman of Jewish descent volunteered to defend him. He used few witnesses, relying on the Bible and dictionary. He referred to Lathers as the "Nazarene". The big dailies were represented and wrote up the trial at length, most of their articles favoring Lathers. Well wishers flocked to the side of Lathers and during the trial he received 210 new subscriptions. Undoubtedly the attitude of the crowd reflected on the jury and had some influence on verdict. The justice conducting the trial also played into Lather's hands. He is said to have thrown a copy of the Detroit Free Press containing a favorable Lather's writeup into the waste basket when Lather's attorney attempted to introduce it as evidence. Now the goose hangs high and Lathers is sitting on top of the world.

Miss Eleanor Hutzel, director of the women's division of the Detroit police dept. has recommended to the Detroit police commissioner that women drinkers be segregated. She charges that the mingling of unattached women drinker with men has led to juvenile delinquency, neglect by drinker mothers, broken homes, moral laxity and wide-spread venereal diseases. Her suggestion is to be reasonable and considerable support is being up for it and such a bill is liable to be introduced at the next session of the legislature. The bill would provide separate rooms for women drinkers and they would not be allowed in the cafe or beer garden unless accompanied by their husband or boy friend. Back in the saloon days, drinking places had a side door with a sign over it reading "Ladies' Entrance". This opened into a small room containing a table and four chairs. This handled the ladies' trade nicely as in those days there were few Women patrons and it was considered a disgrace for a woman to be seen in a drinking place. Now times have changed and feminine drinkers form a large part of the beer garden trade.

NOTES OF 25 YEARS AGO

The entertainment given at the opera house last Thursday evening by the Federated Sunday school was a success. The Sunday School Orchestra composed of Claude Isham, Mrs. W. K. Elliott, Mrs. Emu Lambertson and Miss Madeline Bowman played. Original songs were sung by a double quartette composed of Mr. and Mrs. Henry Kice, Mr. and Mrs. Horace Fick, Mrs. Earl Baughn, Miss Blanche Martin, H. H. and I. H. Swathout. A piano duet by Mrs. Lambertson and Miss Cordelia Dunkel, a solo by Mrs. Baughn and a violin obligato by Madeline Bowman. Also a solo by Miss Marilda Rogers and a duet by Miss Rogers and her mother, Mrs. Lola Rogers. Rev. Behrens address was somewhat disappointing as he failed to touch on the war in which he took a leading part.

PHILATHEA NOTES

On Sunday we had such a wonderful message during church service when Dr. Learce spoke to a large congregation on the theme "In His Steps".

A notice was read announcing the November meeting of the Philathea Class at the home of Mrs. Lydia Carr on Wednesday, Nov. 8, 1944.

For next week's Sunday School lesson, we have the topic, "The church during war and peace". Matt. 5:43-4; Romans 13:1-7.

Our sincere sympathy goes out to the bereaved family and loved ones through the sudden passing of Mrs. Nella Lake Schoenhals, a former resident of this community, and whose funeral services were held on Sun.

Rev. Die on Mrs. Pierce, Reb. Potter Mrs. Potter, Mr. and Mrs. Buzzard were Sunday dinner guests at the Geo. Thompson home.

Mrs. Villa Richards and Miss Blanche Martin were dinner guests of Mr. and Mrs. Andrew Nesbit one day last week.

CONSERVATION DEPT. NOTES

Here are the figures on Michigan deer hunting beginning in 1919: Deer killed in 1919 were 13,526, in 1943 28,391. In 1925 there were 14,301 deer hunters in 1943 the hunters numbered 156,186.

The bear kill in Michigan shows little change. In 1936, 636 were killed in 1943 731. This last figure was exceeded in 1940 when 790 were killed.

Wood ticks will not bother deer hunters as they disappear in July.

20 miles an hour is the speed limit in all Michigan state parks.

4 people were killed and 12 wounded on Oct. 15, the first day of the small game hunting season.

More deer were counted in recent weeks in 34 Michigan counties by the patrolmen than in the same period in

DETROIT EDISON

... Timely items of interest and value... helpful suggestions about cooking, lighting and appliances.

Electricity requires coal for its manufacture. Thousands of tons are burned every day in Detroit Edison power plants. Every time you turn on an electric switch in your home, or plug in an electric appliance, you are actually burning coal... coal that has been transported by boat and by rail—coal that represents vital production and manpower. Coal is a critical war material. So is electricity, and it should not be wasted. Save electricity whenever you can, as much as you can: Help save urgently needed fuel.

29 MILLION TONS! ... As a part of the nationwide National Fuel Efficiency Program to save 29 million tons of coal (or their equivalent) this winter, 1,800 business establishments—large and small—in southeastern Michigan have enrolled to put into effect fuel savings for this year's heating season. Coal rationing can be avoided if everybody helps by saving fuel!

GRIDDING THE HOT DOG ... Meet the humble hot dog in a glorified dish, presented by our Home Service Department:

Crown Roast of Frankfurters
Arrange frankfurters to form a crown in a shallow baking pan. Place stuffing in center and tie bacon strips around frankfurters to hold them in place.

Sweet Potato Stuffing
Add one cup diced celery, one tablespoon minced onion, two tablespoons melted butter and 1/4 teaspoon salt to three cups mashed sweet potato.

CONVERSION ... The Dime and Ford Buildings in downtown Detroit have operated their own power plant for 31 years—and now have changed over to using Edison electricity and steam. 1,300 tons of coal and 120,000 gallons of fuel oil will thereby be saved for the war, it is estimated. Practically all the big buildings in downtown Detroit—one hundred million dollars' worth of them!—operate without furnaces or boilers. For light, heat and power, they depend wholly on Edison service.

You save coal, transportation and manpower when you save electricity

THE OLD JUDGE SAYS...

"That's really a great editorial you just read to us, Judge. Where did you say it appeared?"

"In 'The Stars and Stripes'... the newspaper of the U.S. Armed Forces in Europe. Kind of gives us folks back home something to think about, doesn't it, Bill?"

"It certainly does, Judge. Particularly the last paragraph. Would you mind reading that again?"

"Glad to, Bill. It says, 'We can remember the days of prohibition, when moonshine whiskey made quick fortunes for bootleggers, crooked politicians and dishonest police officials. As a result, we claim we know what we want in the way of liquor legislation and feel those at home should wait until we return before initiating further legislation on liquor control.'"

"Out of fairness to our boys over there fighting, Judge, how could we disobey such a wish?"

BUY WAR BONDS

But do we give them the greatest weapon of all?

IN providing our men with the wonder-weapons of all time, is our job complete? Have we given them our best?

No! Not until every free dollar in America is invested in War Bonds have we provided our men with the greatest weapon of all. For it is support from the folks at home—support that lets the soldier know we're backing him to our limit—that gives him the greatest part of his fighting strength.

Curiously enough, the farms of America need those War Bonds as urgently as our boys need the weapons and the supplies those Bonds will provide. For as those Bonds mature, they will replace machinery and equipment and provide cash to maintain those farms as profitable business enterprises.

Have any of us yet really done our best?

Let's give those boys the greatest weapon of the war—all the War Bonds we can possibly buy!

5 REASONS FOR INCREASING YOUR WAR BOND PURCHASES

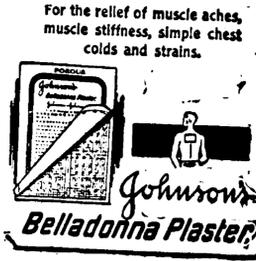

1. The tempo of this war is hitting its highest point. Government expenditures for war are at the peak. MORE MONEY IS NEEDED NOW!
2. In proportion to WHO HAS THE MOST MONEY, individuals are not buying their share of War Bonds. America must correct this situation.
3. War Bonds provide the farmer and rancher with the financial reserve he must have to survive the ordinary ups and downs of farming as a business.
4. Money will be needed urgently at a future date to replace and repair farm equipment, machinery and buildings. War Bonds will provide it.
5. War Bonds are the safest investment in the world, return a good rate of interest, are easy and convenient to buy... from bank, post office, rural mail carrier or Production Credit Association.

For America's Future, for your Future, for your children's Future

Keep Backing 'em Up—WITH WAR BONDS!

PINCKNEY WINS ANOTHER

Pinckney high school won another football game Friday, beating East Lansing high school reserves 19 to 0. The game was played on the local industrial school grounds.

Lansing. The Lansing reserve team did not prove to be very stiff opposition and the Pinckney reserves played about half of the game.

Ros Lamm scored two touchdowns for Pinckney and Jim Read one. Lamm's touchdowns were on end runs and broke a tied running while Jim Read caught a pass and ran across for the touchdown.

Garth Walters made the extra point. Pinckney failed twice to make the extra points. Lansing had several scoring chances. The first reserve team played during industrial school and lost.

Last Friday was an open date for Pinckney and the Lansing team looked at the last minute to give the boys a workout.

This victory gave Pinckney 6 wins in 7 starts. Next Friday they play Dexter here. This team has had a sore season winning 3 games and losing 3 but they can be depended to be at their peak against Pinckney.

Humpy Allmandinger, their star of last year is again on the team.

Dexter beat Pinckney 25 to 0 last year.

On Friday November 17 Pinckney ends their season by playing Davison the Tri-County League champions. This team has won every game on their schedule. They beat Stockbridge 44 to 0 and Fowerville 36 to 0. They have not been scored on this year. Pinckney lost to them last year 25 to 0.

THE LACONIAN MIRROR
And on top of that, Joe Doaks would have Uncle Sam maintain an adequate military training of his own, backed up by military training of American youth.

These revealing trends form the interesting subject of two books which we have been digesting in recent weeks. The books are "Mandate from the People", by Jerome S. Brunner, associate director of the Office of Public Opinion Research of Princeton university and "What America Thinks" by William A. Lydgate, editor of the American Institute of Public Opinions.

Among public questions treated by the two authors, are social security and free enterprise.

The two topics are often linked together in public discussion. What used to be thought of as "welfare", whereby private citizens assumed responsibility for care of the suffering and less fortunate, has now become "thrift" sponsored by the government in the form of social insurance.

Tests among Republicans and Democrats have indicated little difference as to their endorsement of old-age pensions, job insurance, health insurance, aid for students and works relief. The over-all trend varies from 94 to 73 per cent for the above measures.

For some time we have suspected Joe Doaks, government is an invisible hand free enterprise.

Not three Americans in ten are certain of what it means, according to several polls. We assume that government must wield controls to prevent abuse in business, and that business follows practices that are not harmful to the community. To Joe Doaks, government is an invisible guardian.

And yet Joe is cool to the idea of Communist ownership. Only the totalitarian ideas go that far. We don't want the government to maintain and operate war plants for peace-time production.

This question of free enterprise—the fate of privately owned business as against government ownership, and operation has been disturbing the thinking of many Michigan business men. They are frankly worried. The same problem exists today in Canada to a far more critical degree. So we are not alone.

Hence, it is not improbable that as we seek to avoid government ownership we may gradually increase government's control over business itself. The latter may be the lesser of two evils.

American newspapers have a big responsibility to keep their readers fully informed.

If our democracy is to act intelligently, the people must have the facts. The primary function of the newspaper is to print the news. What the Democratic nominee said was printed without bias—often word for word as he gave his speech. The Republican nominee received the same treatment.

You and Joe Doaks have some thinking to do about America's future.

The high school held a mock election Tuesday. Roosevelt won over Dewey 64 to 32. Only the 12th and 9th grades voted on the state ticket in which Gov. Keley won over Edward Fry.

This is to give R. K. courage to invite a handsome Junior boy to the Sadie Hawkins Dance. Knowing of their past friendship this invitation should be accepted.

Ginny has already celebrated her first anniversary (one week). I am still wondering when her Senior boyfriend (from Howell) will bring along his friend for me. Now Jean isn't the only one to wear a Howell high class ring.

The football team again made us proud and put Pinckney back on the map as far as one part of Lansing Eastern Reserves had never even heard of Pinckney before, but after Lamb Reid and the rest of the team were through with them, I doubt if they will forget us, yea team!

The S. G. C.'s at last got their activities underway with a party at Rand's. Only eight members were present, but those there made up for the others absences. It was a super party and with loads of refreshments. The next meeting will be held at Pat Stackables.

STATES FOREST FIRE DANGER INCREASING

Recent dry weather and presence of hunters in the woods have greatly increased Michigan's present forest fire risk as reflected in 59 fires that burned 821 acres according to the conservation departments weekly report.

In the month previous only 6 fires had been reported with a total loss of 17 acres.

The department issues an appeal to hunters to exercise caution in the woods. Downstate hunters are warned also that fires started in marshes are especially dry this season can get out of control when they ignite peat or muck soil.

The 1,242 fires reported so far in 1944 have burned a total of 15,464 acres. Last years loss in 723 fires was 18,568 acres.

Guidance Leaders Learn About Jobs by Doing Them

First hand knowledge coupled with theory was the idea underlying the summer school conducted in Detroit for 171 educators and guidance leaders.

Coming from 12 states and the District of Columbia, these superintendents, principals, college deans, and vocational counselors spent eight weeks working in factories, offices and retail stores. They learned what problems their graduates will have to face, what they need to know, what will be expected of them in various fields. As a result of those eight weeks, they returned to their schools prepared to tell John and Mary that such and such courses will be best for you in your field—I know because I have been through the mill.

Putting on the summer school were the University of Michigan, Northwestern, Wayne, Michigan State, Northern and Central State Teachers College and the State Vocational Education Board. Cooperating with these were the Chrysler and Ford companies, and 17 Detroit retail stores. Directing the entire program was F. W. Dalton of the University of Michigan.

The 171 enrollees worked a regular work, for which they received regular business pay. In addition they had four hours of lectures a week by top men from the business where they worked plus four more hours by educators and guidance specialists.

It all added up, said those who took the course, to a lot sounder help to the home boys and girls when they come to pick a career or decide on courses in school.

God's Protecting Presence

CONVOY is a very familiar word today. By use of convoys, troops and supplies have been dispatched to all parts of the world, with but negligible loss. Those who have experienced life on the high seas in wartime know and appreciate the full value of a powerful convoy. So long as mortals entertain the belief that life is in matter, they will feel the need of human means, of weapons and convoys, to protect their limited human sense of life, freedom, and security.

In the world crisis today the question arises, more persistently than ever, What is real, and what glory is there in the achievement of material things? The answer definitely is that only God's creation is real, indestructible, and changeless. Material things change and pass away, but the understanding of Life as God is immortal. God is infinite, ever present Life, and man coexists with God; consequently, he is one with Life, and cannot be separated for an instant from God's protecting presence and the great realities of Life. The understanding of this basic fact destroys the false belief that man, God's idea, is ever in danger. No matter how real the evidence before the material senses may seem to be, man cannot be separated from Life, God.

STATE OF MICHIGAN The Circuit Court for the County of Livingston in Chancery

Claude H. Kennedy, Norman Reason and Paul W. Curlett, Trustees.

Plaintiffs

Vs

Claudius Britton, Alvin Mann, Eri Coleman, Teeple and Cadwell, James L. Colby, Freeman G. Rose, Van Kensaaler T. Angel, John D. Bennett, Allan Shelaon, George W. Teeple and their unknown heirs, devisees, legatees and assigns, and the unknown heirs of Er. Coleman, Deceased,

Defendants

Suit pending in the Circuit Court for the County of Livingston in Chancery, at Howell, Michigan on this 10th day of October, 1944.

It appearing from the sworn bill of complaint as filed in said cause, that the plaintiffs have not been able after diligent search and inquiry to ascertain whether the said defendants are alive or dead or where they may reside if living, or if they have any personal representatives or heirs living, or where they or any of them may reside, or whether the title, interest, claim lien or possible right of these defendants have been assigned to any other person or persons or whether such title, interest, claim, lien or possible right has been disposed of by will by the said defendants.

And it further appearing that the plaintiffs do not know and have been unable after diligent search and inquiry to ascertain the names of the persons who are included as defendants without being named.

Upon motion therefore of Charles K. VanWinkle, one of the attorneys for plaintiffs, it is ordered that the above named defendants and their unknown heirs, devisees, legatees and assigns, and the unknown heirs of Eri Coleman, Deceased, cause their appearance to be entered here-in within three months from the date hereof, and that in default thereof said bill be taken as confessed by said defendants and each and all of them.

It is further ordered that the plaintiffs cause this order to be published within 40 days in the Pinckney Dispatch, a newspaper printed, published and circulating in said County, once in each week for at least six successive weeks.
