News and Items Concerning Our Boys Who Are Serving in the Armed Service

Sergt. Steve Geryez who has been in action in the South Pacific for the past two years is back in the U. S. and called up his sister, Mrs. Anna Reason from San Diego, Calif. last Friday.

Emmett Roche is now on board ship in the South Pacific and has a San Francisco address.

Mrs. Thelma Kingsley received a direct word from her husband, Pvt. Glenn Kingsley Saturday through the International Red Cross. He is a prisoner in German. He said he had received the presents sent him through the Red Cross.

Sergt Harold Reason has completed 50 missions in a bomber plane over Europe and is back in the states and called up his parents, Mr. and Mrs. M. J. Reason from a southern airport last Saturday.

Mrs. Eloyse Campbell received word from the Red Cross that week that as yet they have not been able to get any information on her brother, Sergt Earl Berquist, radio man on a bomber reported missing in action last August after a raid on Germany.

Pvt. Louis Swarthout has been transferred from Texas to Fort Ord, California in the heavy artillery 81 m.m. guns.

In a letter received last week by Mr. and Mrs. Stanley Culver from their son, Clarence who has been in the South Pacific for two years, stated his was the first company to land on Leyte in the Phillipine invasion and that the entire company was given a citation for their fine work.

A letter from Sergt. Leo Bettes who has been in Italy says he is now in France and has been struck with the great beauty of the country. Also that it has been damaged very little by bombing raids.

Capt. James Nash writes that he is still in China and that the going is tough there and the Japs have concentrated their forces in that country.

Mrs. Marilynn Glenn Fauser, and son Glenn Alan left Ann Arbor Fri. night for New York City. They will spend much of their time visiting John A. Fauser, Seaman, who has been confined at the Naval Hospital in Jamica, Long Island, due to an accident received while training for submarine duties.

First Lt. James Andrew Kirtland of the Army Air Force has arrived at Kirtland Field, Texas, after 50 successful combat missions over Europe and his arrival has caused considerable double talk among the army officers there. Kirtland Field was named for the late Col. Roy Kirtland, third oldest military pilot in the United States army and as far as can be determined there is no kinship. Lt. Kirtland will teach fledgling Liberator pilots what he has learned about flying the big four-engined bombers over the flak-infested targets of Austria, Germany, and Italy. He received the Distinguished Flying Cross for bringing his "St Louis Belle" home from a mission over Vienna with the allernon controls shot away. He also holds the Air Medal for meritorious achievement in sustained aerial flight with Four Oak Leaf Clusters It was the late Col. Roy Kirtland who recommended another young officer for flying course, Henry Arnold. now commander of the United States Army Air Forces.

The following named registrants will leave for service on Friday, Dec. 1 1944 at 9.40 A. M.

Ernest C. Packer. Pinckney; Warren Cook. Hartland; Charles Ladd, Williamston; Otto Schreer, Brighton: Arfid Lewis Coldwater; Frederick Flintoft, Whitmore Lake; Alger F. Bollinger, Gregory; Horace Taylor. Brighton; Robert Schmuck. Donald K. Banfield. Fenton; Gale Thurman, Harold Hanson, Stuart Reed, Glendon Slider, Harry A. Obey, John L. Thompson, Howell.

CHURCH SERVES INJUNCTION ON SCHOOL BOARD

Some time ago the Brighton school board advertised for bids for the old school building there and land which had been unused for some time. Among the bids' was one from St. Patrick's Catholic church of Brighton. None of the bids were accepted and recently the school board sold only the building to the city of Brighton who intended to tear it down and use the material to build a City garage. St. Patrick's church has now served an injunction on the school board stopping the sale to the village and the case will be decided in circuit court at Howell. Martin J. Lavan is attorney for the church.

Local Team Claims Title

Defeats Dansville in Hotly Contested Game Here Friday. Ends Season with 8 Victories and 1 Defeat

In Dansville, the Tri-County League champions, Pinckney met the best team they have played this year but emerged on top by the close score of 20 to 12. The visitors were not so much on size but were well coached and had plenty of fight. Thy got the jump on Pinckney at the start and made three first downs with Walker a reverse runner doing most of the ball carrying. Pinckney took the ball on downs only to lose it on a fumble and Dansville continued on and scored on a forward pass.They did not make the extra point.

By this time Pinckney had solved the Dansville attack and made four first downs with Lamb and Meyer doing most of the gaining. A pass from Haines to Ledwidge tied the score and another one from Lamb to Ledwigde scored the extra point. In the second quarter Pinckney continued to penetrate the Dansville line and again scored by the forward pass route, Haines to Lamb. Lamb also kicked the extra point. The score at the half was Pinckney 14, Dansville 6.

The last Pinckney touchdown came in the third quarter after they had started a march down the field. Ross Lamb going over for the touchdown. They did not make the extra point. In the last quarter Dansville got a break and cashed in on it. Pinckney fumbled on their 30 yard line and Dansville recovered. They made several first downs and reached the one yard line. Pinckney turned them back three times but they went over on 4th down but again failed to make the extra point. With 3 minutes to go Pinckney hung onto the ball and game ended with it in their possession.

Thee main difference between the two teams was better line play by Pinckney and the fact that Pinckney worked a successful forward passing game Jack Haines is an A1 passer and in Gus Ledwidge and Ross Lamb Pinckney has two first class receivers which Dansville could not match Garth Meyer did some stellar line plunging but was hurt in the last half and had to slow up. Jim Reid made some long end runs. Forward passes however gave Pinckney the edge.

Pinckney high school now claims the Class "D" State Championship.

The Pinckney scores are as follows. Pinckney 20, Hartland 0; Pinckney 12, Ann Arbor 13. Pinckney 27, Hartland 7; Pinckney 20. St. Thomes 13; Pinckney 55,Stockbridge 13,Pinckney 20, Brighton 7; Pinckney 19, Lansing Reserves 0; Pinckney 35, Dexter 0; Pinckney 20, Dansville 12. Pinckney has scored 223 points and their opponents 65.. The scoring records are follows. Lamb 97, Ledwidge 63, Jim Reid 26, Garth Myer 18, Burns 12, Jack Haines 6, Ronnie Darrow 1.

Jack Haines threw 15 touchdown passes for 90 points and Don Amburgey 2 touchdown passes for 12 points.

Lamb has scored 7 extra points Ledwidge 9, Garth Meyer 6, Ronnie le Darrow 1.

All the teams Pinckney met except Hartland are Class "C" schools...

This game ends the football careers of six members of the team, Jack Haines, Ross Lamb, Garth Myer, Don Griffith, Jim Reid. Jim Doolittle.They have all played four years on the team and reached their peak this year. With the exception of the 19 to 13 loss to Ann Arbor high school reserves they have gone through a nine game schedule with little trouble,winning all games by big scores.

The team will be given a banquet by the people at the school on the night of Nov. 30 at 6:30 p m. there will be motion pictures of the football game and a dance. Mrs. Jim Reid is banquet chairman. Wesley Reader program chairman and Howard Thayer has charge of the ticket sale.

6th Bond Drive Gets Underway and Bond Rally Peps Up Workers

We are now in the first week of the 6th war loan bond drive and every worker in Putnam township and Pinckney are on their toes.

The following people who attended the Bond Rally at Howell last week came home with the determination that our quotas must be filled early in the drive. Mr. and Mrs. Asher Wylie, Mrs. Willard Wiltse, Mrs. Dan Van Slambrook, Mr. and Mrs. C. F. Hewlett, Mrs. Dorothy Dinkle ; Mrs. Bert Dailer and Mrs. Merwin Campbell.

If everyone could have heard Prof. E. C. Prophet from Michigan State College, who talked for two full hours on the war in the Pacific without even begun to tire the 200 assembled no one would have to go out and solicit you to invest your money in the surest and best and much needed investment in the world.

Pinckney and Putnam township has a record to make and a quota to meet. On the last drive we were the first to make it in the County--we must not fall down this time. Remember you are not giving one cent -you are LOANING your dollars to supply OUR BOYS with food, clothing, equipment of all kinds, transportation etc. in order to speed the time when they will be marching home after hanging up the Stars and Stripes in Tokio and Berlin.

Will you be one of our citizens who will want to hide with shame knowing that you did not LOAN all you could to back them on the home front? Or will you be one of those who can proudly say "I invested every cent I could in Bonds".

Now when one of our Gallants call you remember these things and dig deeper than before.

We are just beginning the war in the Palific and remember one of our boys in a fox hole or on some little island can't say, 'I've done all I can and quit" so why should you say "I bought Bonds before and I guess I won't buy any this time'. If you do you are leaving that boy stranded.

Watch the two thermometers in the Pinckney Post Office go up as we work for our goal.

Michigan Mirror State News

State News Gathered from All Over the State of Michigan

Whether the American people exercised good or bad judgement on November 7 is invariably a matter of personal opinion. It depends on what side of the fence you happened to be assuming that you weren't straddling th fence itself.

For example Michigan voters rejected three of the four state proposals. Home rule for Wayne county again went down in defeat, along with an increase of compensation for state legislators and a constitutional change permitting legislators to run for office.

The one surviving proposal was the constitutional am. whereby a municipality may supply and sell water to houses outside the city limits. If all four proposals had been defeated proponents might hhave concluded an uninformed public had blidly voted "no". Apparently the people did THINK about these constitutional changes. Whether their thinking was good or bad is another matter and your answer will be governed by your own opinions.

Consider for a minute the problem of old age pensions. you may pay 1 per cent more on your earnings in 19 . It's a social problem that affects your pocketbook as well as your future.

Here is a subject close to the heart of the Townsendites. Public opinion polls have repeatedly indicated a majority of the people favor extension of social security benefits.

Five states voted on age-pension proposals Nov. 7 Washington, Oregon Arizona and California rejected plans contemplating monthly payments between $45 and $60 to persons over 60 and 65 years of age then to be payable in some cases from specific sales taxes and in one case from general revenues. The fifth state Colorado, adopted a modified age-pension act.

Your guess is as good as your neighbors as to why the majority in the above states voted as they did. Was it to protect the sales finances? Did they believe that responsibility for larger age pensions payments rested on the federal government at Washington?

Inevitably when you try to venture an answer to either one of these questions you come up against the immediate issue which now confronts the Congress of the United States. Shall old age pension tax be doubled on Jan. 1,1945.

Senator Arthur Vandenburg has announced he will oppose the tax increase when the measure reaches the Senate from the house where constitutionally it must originate.

An additional 1 per cent tax on both employee and employer would realize between $1,250,000,000 and $1,500,000,000 annually. This sum would be added to the social security reserve fund which exists actually only on paper, since the money has been loaned to other funds through "government IOU's."

The law originally provided that the tax on each party employee and employer should be gradually stepped up reaching 3 percent (total of 6 per cent- by January 1,1949. It has been the finance committee's conviction that present reserves were adequate and that any increase now would only doubly assess the country for the cost of old age pensions

CURRENT COMMENT

This country seems to be in the midst of a cigarette famine which is unfortunate, especially at the holiday time. Increased demands by members of the armed forces and labor shortage in cigarette factories are contributing causes although black marketeers are said to have corraled some of the supply and are getting as much as 10c for a 16c package. Now if we could but return to the gay nineties we could laugh at a cigarette shortage as then one would have been impossible, for the reason that few tailor-made cigarettes were made then and most everybody rolled their own.With every package of cigarette tobacco sold, usually Duke's Mixture or Bull Durham, a book of cigarette papers was given free & smokers made their own.They became very adept at it and could roll one in the fraction of a minute. It was not until World War I came with its silk shirts and high wages that the use of tailor-made cigarettes became universal and smokers quit rolling thirr own.

Several proposals will be introduced in congress soon to change or abolish the electoral college. This is probably heightened by the fact that while the president only got 54 percent of the popular vote in the recent election he got 81 percent of the electoral college vote. Similar proposals in the past have failed and it is admitted those will have hard sledding. If such a bill passes congress and is signed by the president, it must then be voted upon and passed by the legislatures of all the states. Now under the present system where a state casts its electoral vote as a unit many states with smaller populations especially in the south and west enjoy an advantage which they do not care to give up. In the past they have been able to muster sufficent votes to kill such proposals. A majority vote would be the most sensible way to elect a president. Twice presidents who received a majority vote were cheated out of the presidency. Once in the case of Grover Cleveland and once in the case of Samuel Tilden, both Democrats.

Years back there was much condemnation of football as a brutal sport. Some ministers preached against it, many schools did not allow it to be played. That feeling has been pretty well eliminated and nothing ilustrates this changed attitude than the recent occurance in Wisconsin where Allan Shafer jr., quarterback on the University of Wisconsin football team died last week from back injuries received in the game with Iowa. He was only 17 and a freshman who was allowed to play on account of the war. The usual rule is that no one can play on a college team until he is a sophmore. His parents, Mr. and Mrs. Allan Shafer sr hold no animosity toward the game and to show this both attended the Mich.-Wisconsin football game in Ann Arbor Saturday. Their attitude is this is what ther son would have wanted them to do.

According to Drew Pearson, commentator, during his recent visit to the South Pacific of President Roosevelt at which time he talked to Gen. Douglas McArthur. Gen McArthur offered to issue statement endorsing him for reelection. This the president would not let him do and rightly so as the impression would have prevailed that the endorsement was forced The general asked for 2,000,000 books of matches with his picture on them and the inscription "I shall return." These he wished to drop on the Philipines from planes to stimulate the morale. He got the matches with his picture but the inscripton was was changed to read'We shall return.'

The Roosevelt smearers refuse to lay still in their graves. Last week the Glendale, California Ministeria Assoc. called upon President Roosevelt to apologize to God for swearing at the voting booth at Hyde Park, N. Y., election day when his voting machine stuck. This was based on an article in Time magazine. His answer was an affadavit signed by the five man election board of Hyde Park to the effect that he had not used profanity at any time in the voting hall on election day. Three of the board are Republicans.

The Hartland Area Dramatic Club is entering its sixth year under the direction of Mrs. Inez Musson. Two of the club productions have been presented in Howell. "Little Women" sponsored by the Rotary Club in June 1941 and "The Whole Town's Talking' sponsored by the Livingston Co. Defense Council in February 1943 drew full houses and well received. According to Mrs. Musson, "The Torchbearers" has more laughs than any other play ever produced by the club.

MARRIAGE LICENSES

The following mariage licenses were issued last week: Don Brayton, 21 Howell, Marie Furtau, 21, Howell; D. J. Porter, 24, Gregory, Jean Cooper, 24, Oceola; Robert Parsons 24, Fowlerville Harriet Filkins, 24, Howell Clifford Miller, 28,Pinckney, Mildred Henry, 31, Pinckney.

SCHOOL NOTES

School convenes next week 30 minutes later at 9:30 a.m.

The children of the grades under the direction of Mrs. Hinsdale will put on a Christmas operetta on Dec. 14. The also plan to put one on in the spring.

All those who attended the football games were pleased with the appearance of the team in their new red uniforms, but we doubt that they knew that the boys on the team bought these suits themselves. The athletic association only gets $100 a year from the school budget.. New suits were needed this year but there were no funds for same so the boys went out and collected $75 worth of waste paper. The night game at Howell netted them over $100 and in this manner the purchase of the new suits was financed. Hats off to the boys of the football team.

More and more people are being convinced of need of a lighted athletic field here. At the Pinckney-Dansville game here last week, the attendance was only about 300. At night under lights it would have been 1000. At Howell before lights were installed the average attendance at a day football game was only about 100. Since lights have been installed the attendance has jumped to 1500.

SCHOOL BOARD MEETING

Present, Roy Clark, P. H. Swarthout, Mrs. Clare Palmer, P W. Curlett and Supt. Reader.

The following bills were allowed:

Gus Rissman	$17.17
Thomas Read Sons	$224.42
Lavey Hardware	$144.86

Postwar school projects were discussed such as enlarging the course of the school and lighting the ball and athletic field. This is in accordance with the program mapped out by the state board of education to take up the slack in post war unemployment during the change back.

Motion by Curlett supported by Clark that school start at 9:30 a.m. beginning Nov. 7, cut the lunch period to 45 minutes and dismiss school at 4:15. This to continue until April Motion Carried.

Motion by Swarthout supported by Clark to adjourn. Motion carried.

Vs

Claudius Britton, Alvin Mann, Er Coleman, Teeple and Cadwell, Jame L. Colby, Freeman G. Rose, Van Rensalaer T. Angel, John D. Bennett Allan Sheldon, George W. Teeple and their unknown heirs, devisees, legatees and assigns, and the unknown heirs of Er. Coleman, Deceased,

Defendants

Suit pending in the Circuit Cour for the County of Livingston in Chancery, at Howell,Michigan on this 10th day of October, 1944.

It appearing from the sworn bill of compliant as filed in said cause, that the plaintiffs have not been able after diligent search and inquiry to ascertain whether the said defendants are alive or dead or where they may reside if living, or if they have any personal representatives or heirs living, or where they or any of them may reside, or whether the title, interest, claim lien or possible right of these defendants have been assigned to any other person or persons or whether such title,interest,claim lien or possible right has been disposed of by will by the said defendants..

And it furthur appearing that the plaintiffs do not know and have been unable after diligent search and inquiry to ascertain the names of the persons who are included as defendants without being named.

Upon motion therefore of Charles K. VanWinkle, one of the attorneys for plaintiffs, it is ordered that the above named defendants and their unknown heirs, devisees, legatees and assigns, and the unknown heirs of Eri Coleman, Deceased, cause their appearance to be entered herein within three months from the date hereof, and that in default thereof said bill be taken as confessed by said defendants and each and all of them.

It is furthur ordered that the plaintiffs cause this order to be published within 40 days in the Pinckney Dispatch, a newspaper printed, published and circulating in said County. once in each week for at least six successive weeks.

. . . Timely items of interest and value . . . helpful suggestions about cooking, lighting and appliances

ELECTRIC SERVANTS . . . According to a recent statement made by the War Production Requirements Committee of the WPB—

"It is recognized that certain essential goods and services must be provided even in wartime if the Detroit area is to contribute its utmost to the war effort. Many women, for example, have found it possible to leave their homes and take jobs in war plants only because much of the work at home is taken care of by electrical appliances, automatic heat, laundries, etc."

Women know the truth of these facts. The aid of labor-saving electrical appliances in running a household is one of the twentieth century's greatest boons. In the fortunate home of today, electric servants provide a dozen helping hands.

HOW MANY SERVANTS? . . . American women have more electrical appliances and labor-saving devices than any other women in the world. About 85% have electric irons . . . 65% have washing machines . . . 50% have vacuum cleaners. The cost to the average home of operating all three of these appliances is approximately 29c a month.

PIE FOR THANKSGIVING . . . For tempting, mouth-watering goodness, our Home Service Department challenges you to beat this for Thanksgiving dinner:

Pumpkin Chiffon Pie

1 tbsp. gelatin	½ tsp. salt
¼ cup cold water	2 tbsps. butter
1½ cups cooked pumpkin	½ cup milk
1 cup brown sugar	3 eggs, separated
2 tsps. cinnamon	2 tbsps. granulated sugar
½ tsp. ginger	1 baked pastry shell
	¼ tsp. allspice

Soften gelatin in cold water for five minutes. Combine the next eight ingredients with slightly-beaten egg yolks and cook over low heat until thickened. Add gelatin, and stir until dissolved. Cool until it begins to congeal. Beat egg whites, add sugar and beat until stiff. Fold into pumpkin mixture. Pour into baked pastry shell and chill until firm. Makes one (9-inch) pie.

You save coal, transportation and manpower when you save electricity

MAPS . . . Keeping track of the 85,000 miles of wire and the half-million poles in the Detroit Edison service system requires 10,000 sectional maps—nearly two acres of paper. A large staff of trained map-makers is kept busy the year 'round, keeping these maps up to date.

One
Out of Thousands

Red pills, white pills, brown pills—chocolate covered, gelatine covered, sugar coated—pills and tablets by the thousands are in neat rows of bottles in the prescription room of your community pharmacy. But when illness strikes your home,—you are interested in only one pill of these thousands—the one that your physician prescribes for you.

No one can predict whether the next illness in your family may be tonsillitis, rheumatic fever, or a bad cold. Your pharmacist, however, must be prepared for it, whatever it is. That is why his prescription room includes thousands upon thousands of pharmaceutals—from sodium bicarbonate to sulfathiazole, talc to thyrethricin, aspirin to antitoxins—and he knows the properties, uses, dosage, and incompatibilities of every one of them.

The pharmacy at the corner is the community's arsenal of defense against disease. Its comprehensive stock of prescription pharmaceuticals, biologicals, and other health needs is your assurance that when illness or accident strikes your family, the latest products of medical and pharmaceutical research are instantly available. Here, within a block or two of your home the medicines for the prevention and treatment of every disease for which drugs and pharmaceuticals have been found effective.

Your pharmacist is responsible for the availability of the medicines you need—and he takes his obligation seriously. This is but one phase of his contribution to public health.

THE MICHIGAN MIRROR

throughout Michigan is again opposing the tax increase. Organized labor is friendly to the proposal. Lines are being drawn for a showdown.

However it is difficult to isolate one of social security benefits from the others. That brings up the inevitable consideration of the general problem do you favor an extension of present benefits as both party nominees reocmmended during the falll campaign? What are you going to do about suggested public health insurance for example?

The government of Canada through a house of commons special committee has proposed a basic minimun of economic security for every Canadian citizen. This security would cover unemployment, sickness, disability, old age and retirement, widowhood and orphanhood and family needs (such as extra expenses of births, deaths, and maintenance of children.) Health insurance would provide complete medica and nursing services, hospital ization medicines and drugs and dental care.

The government of Great Britain has its own national health insurance program and the government has announced that it intends to extend this to everyone in the country. The cost would be divided among the government both local and national, with contributions from employers and employees.

Since the people must make decisions in a democracy, they must be well informed if they are to act wisely.

Secretary Harold Ickes has criticized the newspapers for "failure" to lead public ouinion through a thorough coverage of the news The more the newspaper covers the news, the more it truly reflects public opinion. Here is the fundamental honesty of a free press!

Be Prepared when the Solicitor Calls upon You for your Subscription for War Bonds in the Sixth War Loan Drive

We do not have to tell you about the safety and desirability of owning all the War Bonds you can possibly buy.

Perhaps we can help you to pick the best buy for your individual case.

There are eight different types of securities, each one offered to fill a particular need.

There is the Series "E" Bond for individuals only, available up to a total of $5,000 per year. Then there is the Series "F" Bond for individuals corporations, societies, etc. available up to $50,000.00 in any one year. The Series "G" Bond is sold to individuals, corporations and pays two and one half percent per annum but must be retained to maturity to receive the 2 and one half per cent rate. The series "C" Bond is a three year Bond to be used to take care of taxes or other obligations which might arise during this bond life.

All four of these series, "B", "F", "G" and "C" are what are called definite value bonds, that is they have a predetermined value if cashed at any time during their lives and are not subject to market fluctuations.

The other four issues are what are called market issues. These are quoted daily and, if one sells before maturity, he may get a premium or loss depending on the market. These are intended for business men corporations, insurance companies, etc. and the rates range from seven eights per cent for one year certificates to one and one fourth for two year and nine months notes, or 2 per cent for eight to ten year bonds, or 2 and one half for twenty-one to twenty-six year bonds.

We shall be happy to help you decide on the best bond to suit your needs.
