## Arrested for Robbery

Donald Jones, 17, of Pinckney Held in Washtenaw County on Robbery Armed Charge

Donald Jones is in trouble again and by newspaper reports he will not be able to get out of this affair as he did in his previous scrapes. Since he came into this community four years ago he has been a problem child with apparently no ability to distinguish between right and wrong. Four years ago he was sent to the Starr Commonwealth at Albion for admitting to three robberies in Dexter and 2 in Chelsea. He was paroled that fall and enrolled in the 9th grade at the Pinckney school. Supt. Hulce knew of his record but was disposed to forgive and forget and in this he had the support of the teachers. Jones was a good student when he chose to apply himself and got along fairly well although his attendance record was not the best. He was a star athlete and distinguished himself in basket ball and base ball. He did not go out for football until his junior year and then only played one game. This was in the fall of 1943. At that time the senior class was putting on a magazine drive and had \$300 in subscription money locked in a steel cabinet in the school. The \$300 taken suspicion money directed toward Jones who suddenly had plenty of money and Deputy Murray Kennedy picked him up got a confession and recovered all but \$40 of the money. This his parents later made good. The school board expelled him from school and he was turned over to Washtenaw county for parole violation. He went back to the Starr Commonwealth but was released December 1943. He went to work for the King-Seeley Co. at Ann Arbor but was let out early last summer for too many dasy absence from work. Since then he has only worked occasionally.

Last Monday he was in our office with a boy in a sailor suit whom he said was Tom Powers of Grand Rapids of the merchant marine. Jones said he had enlisted in the U. S. Navy and was to take his physical in Detroit Tuesday. Wednesday he came back accompanied by the Powers boy and said he had passed the examination but would not be called until after the holidays. The merchant marine boy has been with him since. Last Friday night the two were in an Ann Arbor tavern when they saw Lee Brown 67, a war worker display a considerable amount of money. They followed him when he left and near the railroad on West Washington St. pointed a gun at him. Brown showed fight and grappled with the sailor tearing a ribbon from his uniform. Then he was hit with a club, knocked out and robbed him of \$93. Suspicion directed toward the two which was strengthened by the ribbon Brown had ripped from the sailor's uniform. The description of the two was broadcast and Deputies Murray Kennedy and Loren Bassett came over here to look for them. They waited for a time and left. Soon after the two showed up with a rented car. They said they were going to Grand Rapids. The car number was copied down and given to the sheriff who passed it to the state police. The two boys got through the blockade and were picked up by Grand Rapids police at 1:30 a. m. Saturday. They were turned over to Ann Arbor officers and were held there.

We understand that both Jones and Powers have confessed. Powers has a breaking and entering conviction in Kent county. Both are held on \$10,000 bail. The car they were driving was taken in Ann Arbor we are informed.

## Michigan Mirror State News

State News Gathered from All Over the State of Michigan

Dear Michigan GI Joe: Paraphrasing Lincoln's immortal words at Gettysburg, the world may little note nor long remember what we folks in Michigan do this December 1944.

The Nation, however, cannot forget what you and a half million other gallant sons of Michigan—and your buddies, too, from other states—are doing on fighting fronts around the world in staunch defense of America's future.

Funny, isn't it, how we have so much in common—you in the fighting front and we in Michigan on the home front? Just because we are separated from you by an ocean an-half or more of a continent, don't think for one minute that we are not on the same team together, Joe. That makes it so difficult for both of us.

As we read your home town newspaper and note what you have been doing we are moved by several kinds of emotions. Of course, we are proud of you. News from your letters is being printed every week or so, telling your friends of what you are doing—that is, what the censors will permit you to write.

Then we try to imagine what it must be like, over in France or Germany or Italy, this December, 1944. The mud is ankle deep. It is cold. We remember that well from our own-age experience in France during the first World War, and that war was a picnic compared to yours today.

We try to picture in our mind what it must be like to live in a trench or fox hole, or perhaps an old building hole—maybe a tent, if you are without heat or any of the conveniences we have in Michigan.

You know, Joe, it's not easy for us to picture all this. The war is no longer fought in the United States sometimes we wonder if that is not the reason why we sometimes are the way we do—we just cannot comprehend the reality of modern war because the war is so far away. It gives us a feeling of frustration. No, the enemy airplanes never arrived. But even we had nothing to say about that. The Office of Civilian Defense got a lot of us in Michigan to prepare for possible air attacks. Thousands of people in northern Michigan and Canada volunteered to search the skies in details 24 hours around the clock, summer and winter. Fire wardens organized to combat incendiary bombs.

In those days after Pearl Harbor our nation's reports at Washington were generally concerned over this menace. But the Nazi airplanes never arrived. No bombs were dropped on our homes.

Why, Well, it just did not work out that way, it seems. The Germans were too busy fighting the Russians, and then there was the British navy guarding the Atlantic ocean while we recovered from the loss at Pearl Harbor.

## FRANK MCKAY AGAIN

Frank McKay, the poor boy who became rich is a man of many enterprises and business, of which the political angle is only one. Lately the authorities are seemingly disposed to investigate him. A few years ago the federal authorities indicted him but after a couple of trials he was acquitted. Now the state of Michigan through Judge Leland Carr's grand jury has indicted him and want him to give them the answer to a lot of questions. Maybe he can do it but there is the case of the champion who went into the ring one time too many.

## THE PEARL HARBOR AGITATION

We can't see where a public investigation of the Pearl Harbor disaster at this late hour would do any good or contribute a single thing to the war effort. Agitation for this investigation according to the Detroit News is not all sincere. Part of it is political propaganda inspired by Roosevelt haters to embarrass the administration and part by Jap and Nazi sympathizers who seek to disrupt the unity of the country. Pearl Harbor is water over the dam or split milk. If we remember right there were numerous investigations after the sinking of the Maine in Spanish war time of which none ever resulted in anything of importance.

## CURRENT COMMENT

Victory apparently has its perils as well as defeat. No sooner do the Allies divest the conquered nations of Europe of the hated Nazi and make attempts to restore these nations, than they split wide open with and start fighting a civil war among themselves. This very thing has happened in Italy, Belgium, Poland and now in Greece. It seems to be the old struggle of capitalism vs Communism or wealth vs poverty. When Germany overran and captured these countries, the nobility and rich class escaped by means of their wealth and set up governments in exile, in England, Canada and other places. They were well supplied with money and suffered none of the discomforts of occupation with its firing squads and starvation. The poor people of these countries who could not escape had to bear the brunt of it and endure the suffering incidental to a defeated nation. When the hour of liberation came they refused to let the nobility and rich class return and take over the country, hence the many civil wars which are now raging merrily all over Europe. United States has announced a hands off policy and declared for self determination for liberated nations of Europe. In Greece Britain on the other hand has shown a disposition to mix into the fight on the side of the nobility and has used tanks and artillery on the Greek Communists, whose numbers are vastly greater than that of the nobility. This it seems to us a mistake. Great Britain has evidently forgotten the history of World War I. Following the peace, the Communists took over the government in Russia. Great Britain and the United States sent troops there to overthrow them and restore the Russian nobility to power. This move only served to unite the Russian people. The Communist swept the invaders out of the country and have held power there ever since.

The majority of President Roosevelt in Michigan on Nov. 7th last year 22,476 and yet Gov. Kelly carried that state on a Republican ticket for governor by 219,645 votes. What's the answer. In a scathing editorial Senator Murl Defoe of Charlotte blamed the split ballot used in Michigan and charged that enactment of it by the Republican state administration last year sold Tom Dewey down the river. Likewise he asked its immediate repeal and the restoration of the old time ballot. During the last session of the legislature the Republicans could see the handwriting on the wall and the success of a Roosevelt landslide similar to those of 1932 and 1936 which would sweep all Democrat state and county candidates in office with him and keep them awake nights. The split ballot was their solution to this. It worked out all right as far as their own hides were concerned but Tom Dewey was thrown to the lions in the same manner as sailors in the old winjammer used to throw the Jonah overboard to quiet the storm.

We were told by a prominent Republican the other day that as the war with Japan will still be in progress in 1948 there is absolutly nothing to prevent President Roosevelt from running for a 5th term on the same platform and with the same slogans he used this year. What do you think about it? Few persons that we have talked with can see an immediate end to the Japanese war. So far we have only taken over a few of their remote outposts at great cost in men and supplies. They still hold Java, Manchuria Korea, a large part of China as well as their own lands. A start has been made in retaking the Philippines but even this may take a long time. The consensus of opinion is that the final battle with Japan will be fought in China. That is her main source of supplies and her war factories. As yet there is no talk of an invasion of China where the Japs are increasing their holding due to the civil war raging among the Chinese. Until the Allies are ready to do this you can rest assured that the end of the war with Japan is not yet in sight.

He made this city his legal residence in the years that followed, while he toured the country as a stunt performer on stilts and high bicycles--part of the time with P. T. Barnum and the Forepaugh circuses and at other times making his own engagements. Between seasons he was a painter and steeplejack. In the last few years before leaving Elkhart he filled several contracts for lofty painting jobs, including the smokestack at the American Coating Mills.

The deceased father, E. A. Allen, the old Buffalo Tiger operated the Pinckney hotel for years.

**OUTDOOR CHRISTMAS LIGHTING.** For the third successive year, the Government is asking everyone NOT to use decorative OUTDOOR lighting in observing Christmas. Electricity requires coal for its manufacture—and the fuel situation is critical in most areas of the United States. Be patriotic—save electricity to save coal. Limit your use of decorative holiday lighting to an indoor Christmas tree.

**FOR HOLIDAY DINNERS.** Recommended by our Home Service Department, this piquant salad adds zest to any meal:

Molded Cranberry Salad

2 cups cranberries	¼ cup chopped celery
1 cup boiling water	¼ cup red apple, chopped
1 cup sugar	2 tbsps. chopped pecans
1½ tbsps. granulated gelatin soaked in ¼ cup cold water	Lettuce Mayonnaise

Cook cranberries in water 20 minutes. Force through strainer, add soaked gelatin and stir until dissolved, then add sugar. Fold in apple, nuts and celery after mixture begins to thicken. Pour in mold and chill. Serve on lettuce, plain or with mayonnaise.

**POPULAR ENTERTAINMENT.** Nelson Eddy, great and popular baritone, sings for you every Sunday afternoon at 4:30 p.m., over station WJR. Celebrated guest stars and Robert Armbruster's famous orchestra assist Mr. Eddy in making *The Electric Hour* one of the high spots on the air. *The Electric Hour* is sponsored in this area by The Detroit Edison Company.

**"4-for-3" OPPORTUNITY!** No one needs urging to make a gilt-edged investment that returns four dollars for three. This is just another reminder, that December is the month of the Sixth War Loan Drive, and there's still time for you to buy your quota—one extra \$100 bond. Do your part to swell the nation's total in this important undertaking. Buying war bonds isn't a sacrifice... it's a privilege and an opportunity!

It knows you may talk it over at your work bench, in your office or in your home... It knows you will pick up phrases like "I can't afford it," "Why do they have to have more money?" "We'll lick Japan with one hand tied behind our back?"... It knows you are a man with enough sense and knowledge of the facts about the Pacific war to back him up in his foxhole... Continued from First Page THE MICHIGAN MIRROR

Try as we do we cannot picture what a bombing raid must be like.

Last summer after you and your buddies landed on the beachheads of Normandy and the Allied breakthrough resulted in the great German withdrawal to the Siegfried line, Washington officials were pretty optimistic about a quick victory.

You know, Joe, don't blame us back at home for any failure to send over enough shells. If the military experts could not foresee the tremendous consumption of shells by MacArthur's men at Leyte or forecast the amount of munitions to be consumed in the big push into Germany, how could we back here in Michigan be expected to produce it?

We understand fully why you are sore at the war workers who quit their jobs because of some grievance—higher wages, for example. It is true that Michigan has had a lot of unauthorized strikes. They were unauthorized because the leaders, in many cases, could not keep the workers on the job. Unions have pledged not to strike. Still the workers, now and then, get mad and quit.

The daily newspapers print the news, and a labor strike is news.

The war is coming to us, however in the long casualty lists. Many stars on the service flag have already turned to gold. At Ironwood the residents of that mining community dedicated an honor roll on the third anniversary of Pearl Harbor. On it were 43 gold stars. The names of those men sound like an American melting pot—English, Polish, Irish, Swedish as well as other nationalities. They were all Americans—remember that.

In our hearts we all honor you. So keep up the good fight, Joe. America won't let you down.

### ANCIENT FOOTBALL HISTORY

At the recent banquet at the school given for the football team we were taken to task by John Wylie and Clifford Miller for not mentioning the Pinckney High Football team of 1932 which won all eight games on its schedule. They have a trophy in the school with the names of the team engraved on it. In order to refresh our memory we looked up the record of the team in the Dispatch files of that year and found the two boys were correct. J. P. Doyle was coach then and we fail to understand why he did not claim a championship.

The record that year was as follows: Pinckney 26, St. Thomas 0; Pinckney 24, Brighton 0, Pinckney 33, Hartland 6; Pinckney 45, Ypsil Res. 0. Pinckney 35, Hartland 0, Pinckney 32, Stockbridge 6, Pinckney 7, St. Thomas 0, Pinckney 31, Brighton 0. Murray Kennedy scored 111 points, Stanley Dinkel 66, Bob Read 18, Bob Smith 15, Lyman Battle 12. Murray Kennedy averaged 2 touchdowns a game and was not stopped almost all season. Dinkel was on the receiving end of the Kennedy-Dinkel forward pass combination. The lineup was as follows: Ends—Jno. Wylie, Lyman Battle tackles Bill Drown and Johnnie Amoroso, guards, Fritz Gardner, and Lucius Wilson jr., center, Clifford Miller, Quarter, Murray Kennedy, halves, Bob Read, Bob Smith, fullback, Stanley Dinkel. Reserves, Gene Soper, Glenn Clark, Curtis Chamberlain, Doni Spears, Ted Adseh, Leo Blades, Harold Campbell, Lemuel Martin, Floyd Parkinson, Cassie Samborski, Arnold Berquist, Desmond Ledwidge, Harold McAdams, Lambert Hinchey, Francis Battle. We have a picture of this team with Coaches Doyle and Howlett in the background.

Be Prepared when the Solicitor Calls upon You for your Subscription for War Bonds in the Sixth War Loan Drive

We do not have to tell you about the safety, and desirability of owning all the War Bonds you can possibly buy.

Perhaps we can help you to pick the best buy for your individual case. There are eight different types of securities, each one offered to fill a particular need.

There is the Series "E" Bond for individuals only, available up to a total of \$5,000 per year. Then there is the Series "F" Bond for individuals corporations, societies, etc. available up to \$50,000.00 in any one year. The Series "G" Bond is sold to individuals, corporations and pays two and one half percent per annum but must be retained to maturity to receive the 2 and one half per cent rate. The series "C" Bond is a three year Bond to be used to take care of taxes or other obligations which might arise during this bond life.

All four of these series, "B", "E", "G" and "C" are what are called definite value bonds, that is they have a predetermined value if cashed at any time during their lives and are not subject to market fluctuations. The other four issues are what are called market issues. These are quoted daily and, if one sells before maturity, he may get a premium or loss depending on the market. These are intended for business men corporations, insurance companies, etc. and the rates range from seven eights per cent for one year certificates to one and one fourth for two year and nine months notes, or 2 per cent for eight to ten year bonds, or 2 and one half for twenty-one to twenty-six year bonds.

We shall be happy to help you decide on the best bond to suit your needs. Buy war bonds and save.
