News and Items Concerning Our Boys Who Are Serving in the Armed Forces

Irving Reynolds USN who has been in the South Pacific is home on a furlough.

Pfc. Harold Hinchey who was badly wounded in the German invasion last winter and has since been in French and English hospitals and in Charleston, S. C. is home on a furlough.

Mrs. Burt Diller received word from her brother, Frank Ahrens that his son, Gene Ahrens has been missing in action in Germany since the 7th of April. He was a pilot and had nearly completed his missions.

A letter written by Pfc. Joe Levey from a South Pacific hospital received this week said his jaw was wired together and he could not talk but was coming along fine. He also said he was able to walk around some but was weak. He was wounded in the Philippines and had his jaw broken.

Robert Vedder USN returned to duty last Thursday at San Francisco, California, where his boat is being repaired. His brother, Gerald, goes back this week.

Pvt. Ernest Packer Jr. has gone overseas and has a New York APO.

Pfc. Gerry Richman has returned to the army hospital, Cambridge, Ohio, after a 17 day furlough.

Another lot of men are called to the Detroit induction center for pre-induction examination on May 11th. On May 22nd, another lot are called for service induction.

Lt. Kay Dean and wife (Gloria Craft) visited at the home of her mother, Mrs. Myrtle Craft, last week. Friday they left for Iowa to visit his people. He has won his wings as a bomber pilot and awaits assignment.

Pvt. Joe Morris is home from the army hospital at Galeburg, Ill., on a 21 day furlough.

According to the war dept. the American prisoners held by the Germans at Stalag IV, Germany have been released. This is the prison where Pfc. Glenn Kingsley of Pinckney, captured in the French invasion was held. His wife, the former Thelma Bowman, has been hearing from him regularly every two weeks.

Pfc. Arthur Krych spent a couple of days at the home of Mrs. Edna Spears last week. He goes back to Ft. Benjamin Harrison, Ill., next week for treatment of a wound received in France.

The Aschenbrenner family of Pinckney, Michigan can say sincerely, (We did our part) when discussions of the war come up for four members of the Michigan family have answered the call. Private first class Margaret Aschenbrenner, the WAC daughter of the family recently arrived in Italy and has been assigned as a driver for a WAC company assigned to the Army Air force of the Mediterranean Theater. Her brother, Julius has been discharged from the army because of wounds received at Buna in the invasion of the island.

Another brother, Steve is fighting in Germany with one of the forward hard hitting divisions. The Navy gets its share in brother, George, who is in the Pacific with the Middies.

Junior Doyle was in Detroit last Wednesday and Friday and again on Monday at which time he passed the physical examination for the U. S. Navy. He goes back Thursday to get sworn in.

Sergt. Bennie VanBaireum who was wounded for the third time since the French invasion, writes his wound was in the shoulder and was light and he is now able to get around again.

Sergt. Bill Guyette who has been overseas for 2 1/2 years is now at the Romulus air base and spent the week end with aunt, Mrs. Myrtle Craft.

A letter written by Eli Aron Jr. of the U. S. Marines is from Okinawa where he is in a field hospital located in a school building. The weather is damp there and the nights cold. High winds predominate and half the tents the boys live in are blown down each night. Jap air raids are frequent and Jap snipers are also present. Jimmy Burns is also there but he hasn't seen him since they left the main base.

A record made by Lt. John Carver Jr., bomber pilot, husband of the former Virginia Baughn, was used on the new Ann Arbor radio station on Tuesday night. It described his being shot down by the Germans over Holland. All the crew parachuted to safety but the bombardier was killed.

HEALTH NOTES
The Pinckney Ladies will meet on Wednesday, May 9 at the home of Mrs. Ross Reed. A pot-luck luncheon will be served at one o'clock after which a program will be enjoyed featuring Mrs. Bernice Osterhouse of Royal Oak as guest speaker.

Pinckney Wins 5th Straight

Pinckney Defeats Stockbridge for a Record of 5 Victories and No Defeats

Tuesday's 7 to 3 win over Stockbridge there gave Pinckney high school a record of 5 straight wins and no losses. Gus Ledwidge pitching for Pinckney allowed 3 hits and got 14 strikeouts. Stockbridge scored twice in the first on a hit and 2 Pinckney infield errors. Pinckney got 6 runs the first two innings when the Stockbridge infield blew up and made 4 errors. Stockbridge got another run in the 5th on 2 hits and a walk and Pinckney scored one the 4th in the same way.

Michigan Mirror

State News Gathered from Over the State of Michigan

How to spend a war-time surplus occupied a good three-fourths of the law-makers' time. If the finance committees of the senate and house could have brought in their recommendations last Jan. 15, chances are nine to one that legislators would have voted promptly to adjourn in ten days and go home. The Carr-Sigler grand jury was in session less than a block away. Examination of the 1945 record discloses few bills of major import were enacted.

That is not any criticism of a state legislature as we see it. It is the job of the legislature to meet the changing needs of his constituents, and the truth of the matter is that the majority of voters have shown little interest in the 1945 session and the laws enacted to date affect only a few.

Trying to appraise each bill on its merit and to segregate the obvious pressure group bills from those of broad public interest all takes time. Legislators don't like to be pushed around; they want to weigh the facts and come to their conclusions. The governor must bide his time too, or else risk wrath of law-breakers for trying to be dictator and to strangle measures through.

Patience and an abiding faith in the virtues of democracy are necessary traits if one is to bless the state legislature as a deliberative governmental body.

Confronted with the prospect of a \$20-to-\$25 million melon to slice, each legislator had his own idea as to how it should be done.

Mayors of large municipalities created a pressure group which is inevitable under the democratic system of government, and lobbied for a share. Educators asked for substantial boost in state aid, pointing to mounting costs and static incomes. Local governments-to-towns, cities and counties-viewed with suspicion the efforts of other units to get a larger part of sales tax dollars.

The result was weeks of confusion as pressure groups, which put the legislators on the spot, each strove to get more money from the bulging coffers at Lansing. You can't blame the legislature for going so slow. If he incurs the displeasure of many voters back home, he may not return two years from now. A four year term would tend to remove the legislature still more from the public pulse.

To safeguard the \$50 million reserve fund previously created by the state legislature out of current wartime surplus revenue, the legislature voted to earmark this amount for postwar use of veterans.

This decision increased the pressure on the current surplus estimated by Auditor General Morrison to be in the neighborhood of 20 to 25 millions by July 1, 1945. Governor Kelly announced that the bill for state aid appropriations would be 160 millions. Any spending beyond the point would automatically bring a stern veto, and a special session of the legislature would follow immediately.

SURFACE MAIN ST.

The state highway dept. will resurface Main Street through this village this summer with asphalt. The village will pay the cost where it is more than regulation width.

PICNIC BEING PLANNED

The Community Congregational Church Sunday School is planning a picnic to be held here early in June for all members.

We would like all children who do not attend any other church school, to come on Sundays at 11:30 a. m. so as to be entitled to attend this outing and have a good time.

There are none too young or too old for Sunday school. Our membership ranges from little tots of 2, to members over 80 years of age.

SOFT BALL LEAGUE

Dinkel nosed out Ledwidge 5 to 4 in a soft ball game played Wednesday night. However there is a dispute about it and it may have to be played over. The game was even up to the 6th when Ledwidge got a one point lead. Dinkel scored 2 runs in the 7th but here is claimed that the umpire changed a decision. Zeke Ledwidge hit a home run in the 4th.

The lineups were: Ledwidge, lf; D. Singer, rs; b. Darrow ls; H. Amburgey, rf; B. Darrow, 2b; D. Clark, cf; Meabon, p; Myers, c; R. Clark, 1b. Dinkel team: C. Miller, c; Dinkel, p; C. Darrow, 2b; Reason, 1b; M. Amburgey, lf; Jeffrey, lf; J. Ledwidge, 1rs; C. Clark, lf; Young, 3b; Burnale, Games Next Week: Monday - Dinkel vs Meyer Wednesday - Ledwidge vs Shehan.

CURRENT COMMENT

A meeting was held at Ypsilanti last week attended by 30 mayors village presidents and supervisors to formulate plans and take steps to prevent the closing down of the Willow Run bomber plant. A delegation was named to appeal to Washington D. C. to keep the plant running. Emory Mulholland, Superior supervisor in whose township most of the workers live said if all the laid off employees went on the welfare the township would go bankrupt. Brendan Sexton, president of Local 50 C.I.O., said if the present layoff rate of 5000 a week is continued the plant would be closed in 3 1/2 weeks. We doubt if the meeting gets any great results. The Willow Run shutdown is only a beginning of a nation-wide shutdown as a result of the completion of war contracts. The Bendix Co. at Owasco laid off 500 last week, owing to a contract competition. Many Detroit factories are also laying off men for the same reason. The government is also holding sales of surplus war material in many places. The people knew that this would take place sometime but did not think it would occur until the war was over. However with Germany all but conquered, the rearmament has already begun and the year of unemployment predicted before industry can be reconverted back to peace time production is apparently near at hand.

We fail to see where the treason trail and probable execution of Marshal Henri Petain, the 89 year old former hero of France is anything more than a grand gesture to soothe the vanity of the French people and provide a goat for the miserable showing of France in World War II. This same Marshal Petain was the hero in World War I when he turned back the German hordes at Verdun. Then peace came and the French army was allowed to decay and fell into the hands of politicians and traitors who had no desire to battle the German army. When they failed Marshal Petain then nearly 60, was called on to take over. He found the French army rotten to the core, poorly equipped and officered. Great Britain and the United States at that time could extend them little or no help. His aged heart and vitality were unequal to the task and he took the easy way out of surrendering to Germany. To save his country ruin and ravishment His decision was wrong. Germany subjected conquered France to numerous indignities and now that the Germans are driven from France, the French people are clamoring for revenge and Petain is their victim. France is a drama loving country and in this instance the aged marshal is providing them with it.

According to press reports and news commentators one of the first questions to be settled at the San Francisco conference is the Polish one. Russia has recognized the government set up called the Lublin one while Great Britain and this country have approved the Polish government in exile, having headquarters in England. Russia is opposed to this government because it has always been against her. There is a perpetual dispute between Russia and Poland over boundaries and she wants a government in Poland friendly to her. Russia holds the whip hand at present as she has driven the Germans out of Poland and set up the Lublin government.

A large number of senators and congressmen and some editors including Malcolm Binney of the Detroit Free Press are being sent to conquered Germany to view the starved Allied prisoners released by the advancing Allied armies and the prison graveyards where thousands of prisoners were starved to death or machine gunned. Now these men are not being sent there just to satisfy their curiosity or provide news articles. A strong movement is underway to soften up the peace terms for Germany and let them escape the consequences of their acts as they did after World War I. This excursion is to awaken the people and impress upon them through their statesmen and editors the truth of German barbarism so there will be no easing up on the unconditional surrender terms.

U. S. Treasury Dept. Manual

In the Glossary in the Christian Science textbook, "Science and Health with Key to the Scriptures" (p. 598), Mary Baker Eddy defines "year," in part, as "space for repentance."

To repent means to change one's thinking. It is possible, here and now, to change our thinking from material to a spiritual basis. Each day, each hour, we can dispel from our consciousness some false beliefs of the mortal mind, such as fear, doubt, anxiety, distrust, dishonesty, apathy, greed, selfishness, and impurity. As we do this, we shall witness the glorious fruits of righteousness expressed in courage, confidence, activity, honesty, selflessness, and purity. And when this transformation of thought takes place, success and harmony will be evidenced in the home, in business pursuits, and in whatever industry we may engage. Spiritual thinking purifies, blesses, and heals wherever it is permitted to enter, making earth a fairer, holier place in which to live.

Each year should bring happiness and harmony in proportion as evil beliefs are overcome. In the realm of divine Love, there is no element of time, with its accompanying limitations and restrictions. It is not in God's plan that we should be in bondage to these false claims. For freedom is our heaven-bestowed heritage. Let us, therefore, exercise our God-given privilege to prove that our progress from earth to God is unbounded and unlettered by the physical senses.

As the human thought becomes spiritualized, we are enabled to behold the New Year in all its glory, majesty, and sublimity. — The Christian Science Monitor

A HELPING LESSON

How these deceptive material evidences of evil and grant to them no power, intelligence, or reality! For God, good, is the only Mind, and His law is forever expressed in right action.

Spiritual understanding of the real helps one to distinguish steadfastness from self-will, quietness from stagnation, divine reflection from arrogant human efficiency, and unselfish affection from personal attachment.

There is a helpful lesson in the experience of Peter. It is related in the Gospel of Mark that Jesus, who was aware of his impending ordeal on the cross, said to his disciples (Mark 14:27), "All ye shall be offended because of me this night."

And he further said to Peter (14:30), "Even this night, before the cock crow twice, thou shalt deny me thrice." How promptly and fervently Peter protested his fidelity to the Master, even his willingness to die with him! A multitude then came and took Jesus to the palace of the high priest, where he was to suffer brutal indignities. Peter followed him at a distance and took refuge with the servants. Here he was pointed out three times as a companion of Jesus, but each time he denied all knowledge of him. Then, "the second time the cock crew," Peter remembered Jesus' prophetic words, "and when he thought thereon, he wept" (Mark 14:72).

Peter's redemption from sin and remorse came through loving service and obedience to the Master's demand (John 21:17), "Feed my sheep." Fidelity to the ever-present Christ and love for God and man enabled him to heal the sick, restore to life those who had died, and to leave wise spiritual counsel for all.

The real man's complete spiritual perfection is manifested step by step; and watchfulness, courage, humility, and love hasten our progress heavenward. — The Christian Science Monitor

ELECTRONICS SPEEDS PLASTICS

A big speed-up in the plastics industry, surpassing anything achieved in the past quarter of a century, is made possible by electronic heating. The task of molding a four-pound test block six inches square by 2 1/2 inches thick formerly required two hours. With electronic heating, it takes five minutes!

SURE FAVORITE—Our Home Service Department predicts quick popularity for this new and different cake:

Foamy Chocolate Cake

| | |
|------------------------------------|---------------------------|
| 2 9-inch square cake pans | Preheated oven—350° F. |
| 2nd set of glides | Baking time, 45 minutes |
| 1 cup butter or shortening | 1/2 cake compressed yeast |
| 2 cups sugar | 1/2 tsp. salt |
| 8 eggs | 2 1/4 cups cake flour |
| 8 squares bitter chocolate, melted | 1 tsp. soda |
| 1 cup milk | 8 tbsps. hot water |
| | 1 1/2 tps. vanilla |
| | 1/4 cup lukewarm water |

Grease the cake pans thoroughly and dust with flour. Sift flour once before measuring, then again with salt. Cream the butter, add sugar and cream together until light and fluffy. Add the egg yolks. Beat well. Add the melted chocolate and the milk. Add the yeast, which has been mixed with the lukewarm water. Add the flour and salt which have been sifted together. Blend ingredients thoroughly. Fold in stiffly beaten egg whites. Place in refrigerator overnight. The next morning, add the soda dissolved in the three tablespoons of hot water. Add vanilla. Pour into cake pans. This is a delicious and different cake.

THE 7TH WAR LOAN IS ON!

Yes, the Seventh War Loan is on right now! There are new planes to be built . . . new tanks . . . new ships. All to bring the war to an earlier close.

Our fighting men will do their job. But we must do ours!

And right now, the most important job we have is to meet our personal quotas in the Seventh War Loan drive!

Those quotas are big. Uncle Sam needs \$7,000,000,000 from individuals. For this loan is really 2 in 1—there had been 2 drives in 1944, by this time. So now—we've got to do a two-loan job in one.

But Americans have never failed to meet a War Bond quota yet—and we won't fail now! So find out what your quota is—and meet it!

INSURE your future
Save with WAR BONDS

Belief in the possibility of incarnation engenders fear of it, which results in the experience of lack. Jesus always commanded the situation when insufficiency confronted him. His unwavering understanding of God's altness prevented his accepting lack as possible; hence he could neither fear nor experience it. In the presence of such understanding, evidence of lack faded from the experience of those about him, and in its place God's abundant provision appeared. When he was faced with apparent food shortage, he fed five thousand men, when only a few loaves and fishes were at hand, proving there was enough and to spare. When adequate transportation was needed, behold him walking on the water; and when the disciples received him into the ship (John 6:21), "immediately the ship was at the land whither they went." That he was utilizing an ever-operative divine law available to all was proved on another occasion, when Peter started to walk on the water. Jesus refused to recognize any phase of shortage, knowing that whatever the apparent need, the divine law is ceaselessly in operation, supplying unlimited abundance to man. Why, then, should we doubt that all our needs can be met today, not supernaturally, but through the divinely natural unfolding of the spiritual factor?

Lawmakers found a solution in creating \$16 millions in new revenues through an increase in the state's profit on liquor sales and a revision of the state intangible tax and then segregating these funds for aid of local governments— municipalities and counties.

They granted increased state aid to public school by \$6,800,000 granted \$500,000 a year to Wayne University and several junior colleges for veterans education; \$240,000 for additional state payments for hospitalization of old age recipients; reimbursements, estimated at \$800,000 in the first year, for taxes lost through veteran's homestead exemptions, and other local aids approximating \$25 millions.

The effective of the productive sales tax and its resultant annual surplus may be summed up in the following: The budget for the current year is \$137 millions; the budget for next year will be \$162 millions. Welfare expenditures in the new budget will be \$33 millions, an increase of about \$6 millions over the previous year. Mental hygiene with cost \$16 millions compared to \$13 millions last year.

The University of Michigan gets \$5,867,000 compared to last year's \$4,800,000. Michigan States \$2,950,000 of last year was raised to \$3,986,000.

A bill was passed providing for a bi-partisan commission for the state board of agriculture, the anti-branch banking bill became a law. Local referendums once in four years were authorized on the sale of beer and wine on Sunday. A board of examiners was created to hear liquor violations, the governor was granted emergency powers to control riots, the office of civilian defense was retained for one year but the appropriation was sharply cut, The legislature was very conservative and all C. I. O. labor bills were killed in committee.

NOW THE SEVENTH WAR LOAN BOND DRIVE

We may have more but this one is very important. We are reaching the final stages of the war in Europe. We must keep our men supplied with the things they need for this final phase.

As in the other drive there are eight different types of securities available to fit the need of every kind of investor.

1. Series E Bonds which pay back \$4.00 for every \$3.00 invested at the end of ten years. For individuals only Net return 2.9%, if held to maturity.

2. Series F Bonds which cost \$74.00 per \$100.00 Bonds payable in 12 years For individuals, associations and corporations.

3. Series G Bonds are income bonds paying 2 1/2% annually, due in 12 years, cashable after six months at varying prices on thirty days notice 4. Series C Notes are used quite universally for payment of income taxes by individuals and corporations. These have three years maturity but may be used after six months if needed.

5. 3% Certificates of Indebtedness payable in one year. Excellent for individuals and business men who might have to use money at any time. Prices quoted daily.

6. 1 1/2% market bond with maturity in 1950. This is a good return for short time investment of five years. Cashable at any time if needed at the market price.

7. 2 1/2% market bond with maturity date June 15, 1962-59. This is a splendid bond for the long term investor but cashable at any time at the market price.

8. 2 1/2% market bond. This bond is particularly desirable for those who do not anticipate a need for the money but wish to have a liquid asset in their estates which pays a good annual rate and usable at any time if needed at the market price. Maturity date June 15, 1972-67.

Surely you will find one of these to fit your needs. Do not hesitate to ask us if you think we can help you to select the right security for your situation.
