Win From Dexter 7 6

Defeat Dexter There Last Friday in Hardest Game of Season 7 to 6

Pinckney beat Dexter 35 to 0 last year but it was another story this year and Pinckney aided by the breaks of the game and an awful lot of luck managed to squeeze out a 7 to 6 victory against a Dexter team that was hot.

Dexter probably outweighed Pinckney 10 or 15 lbs. a man and riddled the Pinckney line the first quarter. After getting the ball on a Pinckney fumble and making 3 first downs in a row. Devlin threw a short flat pass to Steptoe who received it and ran 20 yards for a touchdown. The try for goal for the extra point was blocked.

Dexter continued to gain but fumbled and Jack Reid recovered for Pinckney. Dexter's ends got boxed in and Jim Meyer, the Pinckney speed merchant made two 20 yard runs around end putting the ball on the 10 yard line. Meyer circled end for a touchdown and Charles Clark kicked goal for the all important extra point, putting Pinckney ahead 7 to 6.

This was Pinckney's only scoring chance as they only made 2 more first downs the rest of the games.

Dexter continued to reel off first down after first down and were going strong and on the Pinckney 6 yard line as the half ended.

Using line plays and a short flat pass Dexter continued to pile up first downs in the center of the field but found the going hard and the Pinckney team invincible inside the Pinckney 10 yard line where the Pinckney team rallied like the defenders of Corregidor and turned them back at least 6 times. Once Tom Clark saved the day by intercepting a pass, Another time Don Burns recovered a Dexter fumble and the balance of the Dexter assaults were turned back by sheer grit and determination. In the last minutes of play Dexter was on the Pinckney 5 yard line where Pinckney turned back 4 attacks and got the ball on downs as the game ended.

Well as the late J. P. Doyle used to say "It's not the first downs that count, it's the touchdowns. This game backs up that statement as Dexter made 14 first downs to Pinckney's 5.

Except for Pinckney's spurt in the second quarter when they scored all their points,Dexter blocked their offense completly. Pinckney did not complete a single pass as the passer was invariably smothered before he could throw the ball. They also had punt [illegible] and Ledwidge had to hurry the [illegible] so he did not get much distance on them.

However Pinckney's short comings on offense were more than atoned for by their marvelous defense of their goal line where they gave a fine imitation of the historic Spartans of Greek history.

Pinckney plays Hartland here Friday in their final game. Not much is known of the team except Dexter beat them 35 to 14.

On Saturday, Dec. 8 the team will be banquetted at the high school.The The public is invited. Tickets are $1. Following the banquet there will be a program and dance.

Dexter merchants put up a trophy to the winner of the game. Pinckney brought it home but will have to put it up next year when the two teams meet.

Deer Hunteers Go North

Pinckney Sends Her Usual Number of Deer Hunters to North Woods This Year

The number of deer hunters is expected to greatly exceed the number who went last year.The conservation dept. estimates there will be 250,000 hunters in the north woods

Many of those who are swelling the number of hunters are returned service men and those who have been laid off from factories. Gasoline rationing is also a thing of the past Conditions are ideal except that there is a scarcity of ammunition. However the wise hunter has been saving up ammunition for the occasion for the past year.

Pinckney has always sent a large number of hunters north . Back 50 and 60 years ago the old Dispatch files state that James Marble, James Eaman, John Teeple, Henry Barton Fisk Bros. were going north for deer in the days of slow train travel

This year Arthur Flintoft and his associates go to Drummond Island, Bill Baughn and Robert Seefeld will also cross the straits to the upper peninsula.

W. C. Miller, sons, Clare, Norman and Clifford, L. J. Swarthout and son, Gerry, Win Baughn, John Croupe and others go to Douglas Lake.

Orville Smith, Lynn Hendee Lloyd Hendee, Stanley Dinkel and Reynold Wylie go to Mio, Clare and Claude Swarthout and Ralph Harris to Lovells.

Harley Stanton and Bob Meyer are at Engadine.

Dr. Ray Duffy goes to Indian River.

Louis and Francis Shehan, Gerald Bauer and AAlbert Shirley to Roscommon. Ed. Parker and Don Swarthout also go there

Willard Wiltse, Clifford VanHorn, Percy Ellis and Harold Meyer go to Curran.

Ersley VanFleet and George Stewart go to Roscommon.

George [illegible] jr.and sons go to Hillman. The Shirey boys to Comings.

Others expecting to go are Ora Haines, Louis and Wayne Wagoner, Harold Maycock, Edward Bowman, Gene McIntyre. Roy Reason, M. J. Reason and sons, Jack and Gerald. Joe Gentile, Omer Corey, Edwin Sprout and Fred Ree.

"TEEN TOWN"

We are sorry to announce that one of our girls , Barbara Tincher, will be leaving us soon bound for Florida. Barbara was very regular in attendance and the club enjoyed having her as member.

There is going to be a scavenger hunt held at the next meeting Nov. 20. Everyone, including males, are invited to come and bring one of the opposite sex, and the girls do likewise. The amount of one thin dime. a couple will be taken at the door, upstairs, and girls don't forget to pack a box lunch for your partner and yourself.

7-30 is the time and above the fire hall is the place. You'll have fun. Why don't you come?

Four new members joined the club last meeting. They are Barbara Brown, Patty Rebman, Regina Ryan and Gwyneith Clawson.

Michigan Mirror State News

News and and Happenings of the State Tersley Told from Lansing

Many Michigan retailers are finding themselves caught squarely in the middle of the current tug of war between wages and prices.

For example: The wholesale price of one line of white goods has been increased due to wage raises given workers yet the retail ceiling prices have not been adjusted to make a fair profit to the retailer possible whose wage costs have also gone up.

If wages are prices, as has been the case in the past, then higher hour rates for workers are bound to result in higher prices. That is why many economists forcast more inflation ahead, and why stock market prices have been climbing again. In the meanwhile, it is likely that we will see a repetition of the 1919 labor strife which brought 3,630 strikes involving more than 4,000,000 workers. [illegible] war prosperity got fully under way in 192[illegible]. The big crash came in 1929.

The rising number of divorces granted in Michigan is part of America's moral sump, according to Mark H. Defoe, editor of the Charlotte Republican-Tribune. Here is a brief quotation.:

"Religion was a one time powerful force in counties like Eaton. Many rural churches went out with the automobile and two score or more others are only a memory with no comparable substitute to take their place. Fifty percent (this is a guess but conservative) of the household that were represented in our church activities ten years ago no longer attend any church, a terrific loss to the moral stability and religous life of the community. Bowling has followed Sunday base ball and now pool rooms are open on Sunday, all of which represents a breakdown in quality, once thought to be essential to the moral fibre of any people

Forty hour weeks plus union labor threats of fewer working hours, have made long week end holidays popular which in some degree surely, is at the expense of church life. In other words religion is paying high tribute to recreation, much of which is of a doubtful physical value.

Gov. Kelly believes the single major mistake of World War II was the failure to put men, machines and money in the same military [illegible].

Ifit is fair to conscript manpower for front line duty as Gov. Kelly sees it it would be fair also to conscript manpower and capital for home from duty. This is regimentation in a big way but it would have prevented fantastic war time wages to unskilled labor in war plants and huge profits to manufacturers. It would also have eliminated many of

NOTICE

A special meeting of Pinckney Chapter No.145 O. E. S. will be held Saturday evening, Nov. 17 at 8:00 to conferr degrees of the order. Members are urged to be present.

GERGORY AIRPORT

Under supervision of Dan Denton Gregory has completed an airport wheih has been highly praised by the state inspectors. Two planes were there all day Sunday taking up passengers. The field also had four visiting planes. The grand opening will be announced later.

VICTORY BOND DRIVE

Although there is a scarcity of small bond buyers in the Victory Bond drive this county will probably go over the top due to the sale of big bonds. To date the following communities have gone over the top: Howell City Brighton City, Unadilla, Iosco, Marion, Mich. State San. Oceola and Genoa.By the end of the week many other communities are expected to be over the top The funds derived from the sale of these bonds will be used to bring the boys back home from overseas and for veteran's rehabilitation.

Pinckney and Putnam has lagged in the campaign and only about 50 percent of the uoqta has been sold.

The last figures available on this community were that Putnam twp. lacked $3000 of going over the top and Pinckney village $4000. If you can possibly buy any more bonds get in touch with Pinckney high school at once. Let's go over the top in this last war bond drive as we did in the first seven.

The county is short $49,000 in E bonds but has sold its quota of $158,000 other bonds.

Current Comment

The recent mayoralty election in Detroit has been interpeted in manyt ways. It all depends which way the news writers desire to interpet it. Some claim it proves the majority of the people are against organized labor. We doubt it. Any time labor unites in Detroit it can elect whom it pleases. This time they were not united. There is bitter rivalry and jealousy between the C. I. O. and the A. F. L. the two leading labor unions. When Richard Frankenstein, a C. I. O. vice president was nominated the A. F. Lat once endorsed Mayor Jeffreys for a fourth term.If these two organizations had been able to unite on a candidate they could have elected their man. Mayor Jeffreys in three terms has not been particularly outstanding. It is known that he has ambitions to go further. However he has never idenified himself strongly with either political party. His father, the late Judge E. J. Jeffreys was a lifelong Democrat. In the campaign of 1944 Mayor Jeffreys delivered an anti-Roosevelt speech at Chicago and then returned to Detroit and was silent the rest of the campaign.

Lt. Gov. Vernon J. Brown was exonerated of blame in the death of Mrs. Martin Jack, 35 of Dexter who struck and killed by car driven by Mr. Brown Nov. 1. Prosecuting Attorney John W. Rae of Washtenaw county conducted the examination. The accident happened opposite the Dexter school as school was being dismissed for the day. Mrs. Jack was waiting for her two small daughters when her 18 months old girl started to cross the road. As the mother turned after it she fell in front of the Brown car and was badly injured suffering a injured liver, broken pelvic bone and other injuries. Mr. Brown stopped at Pinckney on his way to Ann Arbor Monday and told the Dispatch editor this was the first fatal accident he had ever been involved in.

We fail to understand the attitude of some of the press and even members of congress. They seem to be deliberately going out of their way to stir up trouble with Russia. Have they forgoten the lessons of World War I. After the defeat of Germany this country with Great Britian was persuaded to send soldiers into Russia to restore the Czars to power. The venture was a failure and the late Lenin not only gained complete mastery over all Russia but his successor, Stalin is even more powerful. With Europe in its present state completly demoralized and disorganized, the moneyed class in this country fear the entire continent may go communist and eventually this doctrine may spread here. Hence their constant sniping at Russia and their desire to mix into the European situation. It was Russia who stood off the German hordes and turned them back when they had all Europe at their mercy and neither Great Britian were in any condition to do so.Now just why should we go out of our way to provoke trouble with them.Do we want a World War III?

The late Rudyard Kipling once wrote a poem of which two lines [illegible] in our memory. They are--

"It's Tommie this and Tommie that,
And Tommie go away,
But it's hero of his country
When the guns began to play.

(Tommie Atkins is the nickname for the British soldier.

These two lines seem to express the American attitude completly as far as preparedness goes. According to present indications congress will adopt no preparedness program but instead if World War III ever does come we will be found in the same state of unpreparedness that existed prior to the civil war, Spanish war and World Wars I and II. If this country had had a preparedness program the Japanese War might never have occured and thousands of lives of American boys would not have been sacrificed in the jungles of the South Pacific and Gen Wainwright would not hase written his story of his 3 years captivity in Jap prison camps where he saw American boys dieing on all sides of him of starvation and disease.

APPRECIATION

I wish to express many thanks for the beautiful cards and presents I received on my birthday never to be forgotten.

David Bennett, 62, died at his home north of town on Oct. 22.

Pinckney is still doing business after the fire. The stocks of C. H. Kennedy, Nellie Gardner and the postoffice equipment were moved out on the square and badly mixed. Monks Bros. are doing business in the opera house and Teeple Hardware in the rooms below it. W. E. Murphy got out the mail in the Dispatch office the next morning.

We understand the burned buildings will be rebuilt at once. The Masons at a meeting held over the drug store voted to build a business block at once with lodge rooms on the second floor.

The parochial school amendment was defeated at the election in this state by 138 389 majoriy.

James White has returned home from Alberta, Canada.

Married at St. Joseph's church, by Rev. Fr. McDace on Tuesday morning Miss Marguerite McCluskey of Pinckney to Raymond Burns of Howell. The couple were attended by Miss ... Fitch and Leo McCluskey. A wedding breakfast was served at the home of Mr. and Mrs. James Fohey . The couple will reside in Canada.

Miss Barbara Jean Brown attended the football game in Ann Arbor Friday night.

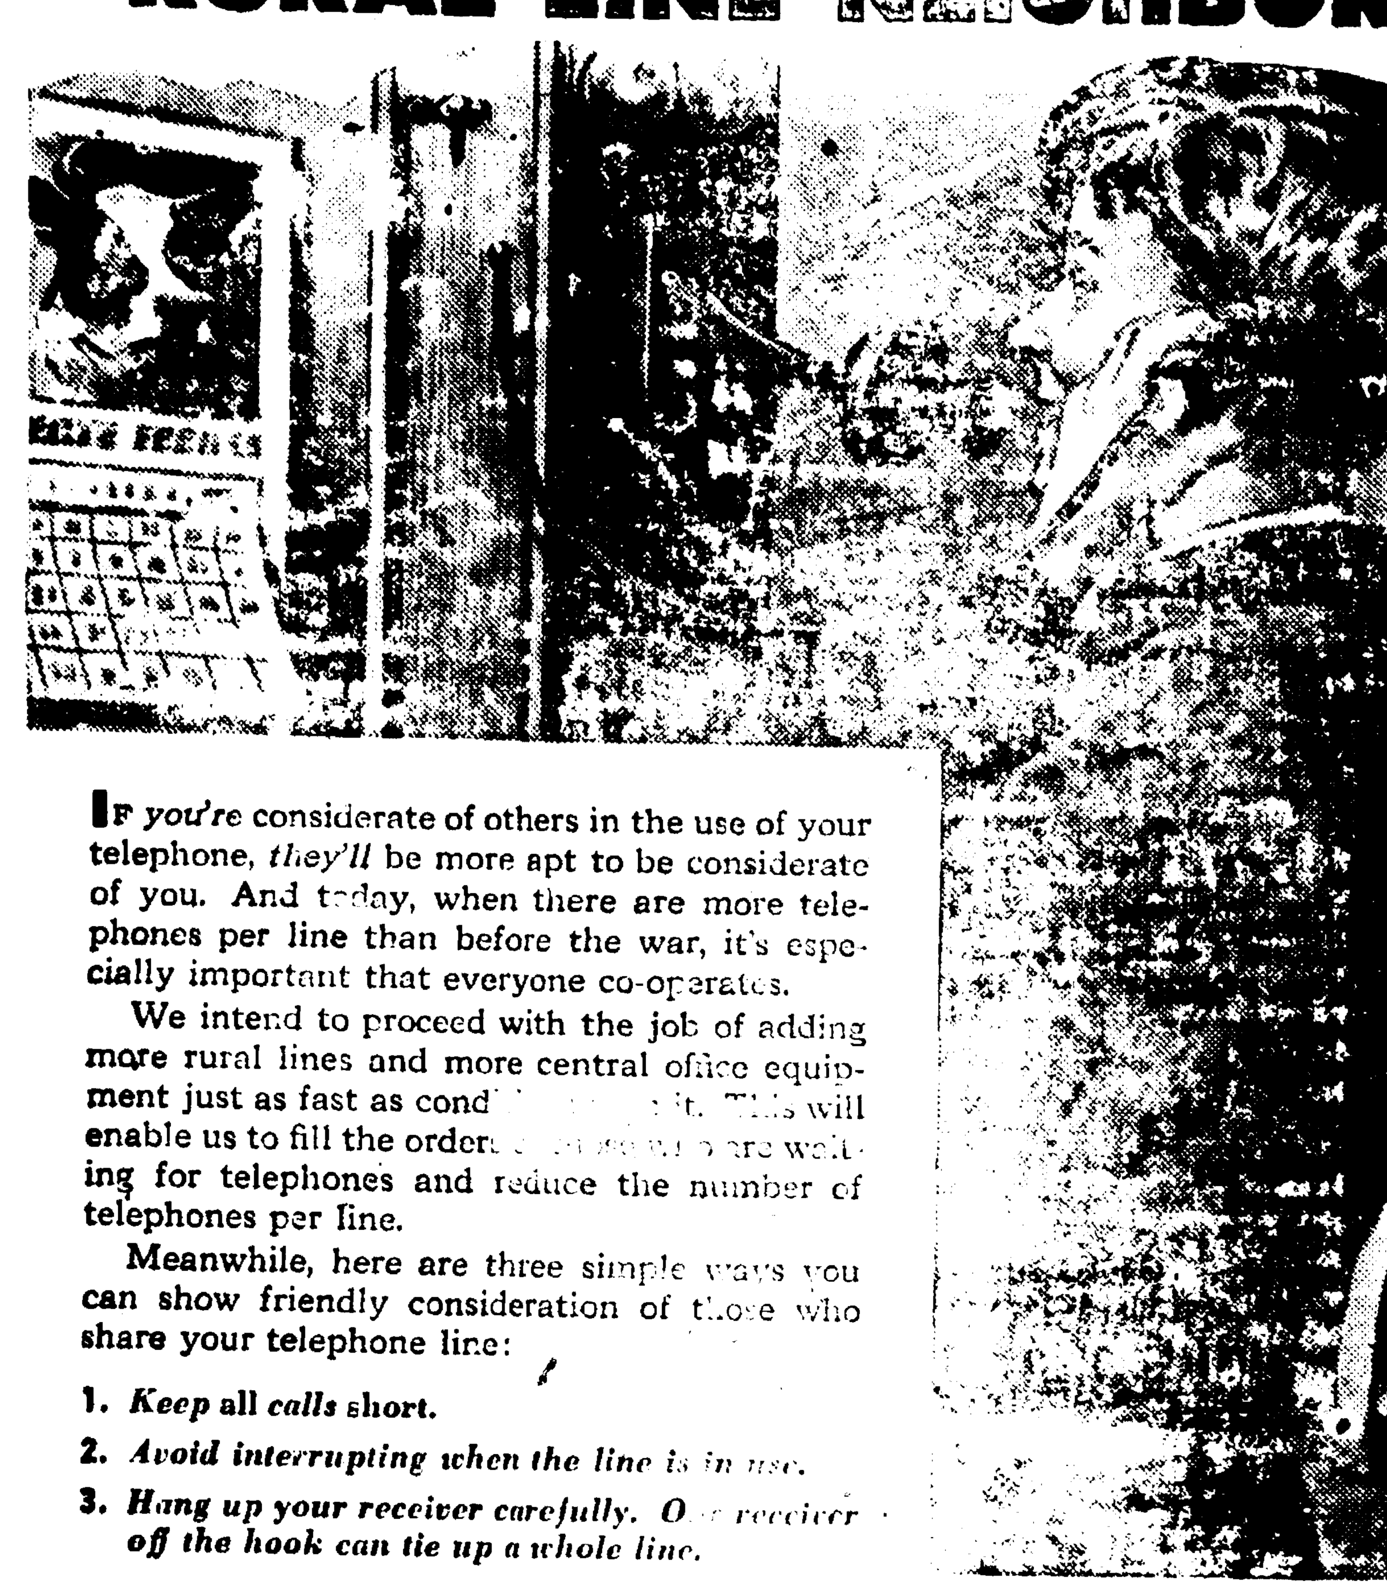
IT PAYS TO BE A GOOD RURAL LINE NEIGHBOR



If *you're* considerate of others in the use of your telephone, *they'll* be more apt to be considerate of you. And today, when there are more telephones per line than before the war, it's especially important that everyone co-operates.

We intend to proceed with the job of adding more rural lines and more central office equipment just as fast as conditions permit. This will enable us to fill the orders of those who are waiting for telephones and reduce the number of telephones per line.

Meanwhile, here are three simple ways you can show friendly consideration of those who share your telephone line:

1. ***Keep all calls short.***
2. *Avoid interrupting when the line is in use.*
3. *Hang up your receiver carefully. One receiver off the hook can tie up a whole line.*

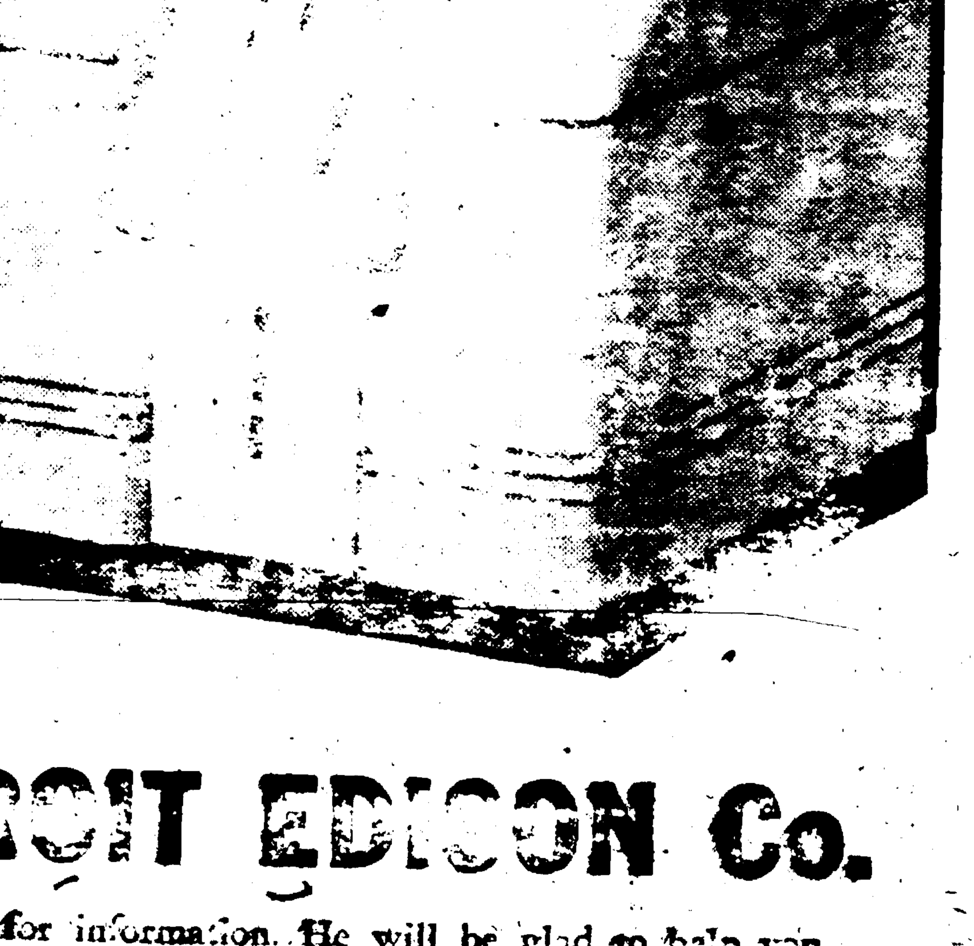
"I have found a Royal Road to washing"

"It's true—there may be no royal road to learning . . . but I've learned of a royal road to washing pleasure—my all-electric laundry. I used to dread washday . . . now all I do is place the clothes in my washer, add soap and turn a switch. As if by magic the clothes are washed, rinsed and wrung, even as I do some of the cleaning upstairs. That isn't all, though—the electric dryer damp-dries the clothes so that they are ready for ironing in about a half-hour. Then comes the real pleasure of washday—ironing with the electric ironer, with a real saving of time and effort. My electric laundry means a minimum of work . . . a maximum of time for other things."

TURN ON THE ELECTRIC LIFE



Electric laundry equipment is not generally available for sale now. Some is being manufactured and distributed. It will be to your advantage to have your name on your electrical dealer's list, so that you will be able to get it at the earliest possible time.

Why so downcast Squirt? Are the Saturday marriages, especially Jennies getting you down??

It seems that B. H., R. R. and C. D. are taking a great interest in Howell. Could it be that Rusty, Dusty and King have anything to do with it?

Friday night when A.S. took E. H. to the dance in Dexter he had a chaperone.

When one of the boys wanted to know if he could drive A. S. said he could drive just as well with one hand.

It's a good thing the football boys don't have to be in at 11 p. m. on Saturday night don't you think ...

... with her he tried to ditch his boy friends.

L. Z says R. H. i... attraction. Could it be ...

The boys have formed an Atom Club with Otis Mattison, Rex Hendee and Duke Latimer, charter members.

SAVINGS

A GREAT FINANCIAL BULWARK FOR OUR OWN AND OUR COUNTRY'S FUTURE

One of the brightest facts of the war effort is that many billions of dollars have been saved and are now in possession of the people. Eighty-five million Americans have bought war Bonds and are hanging on to them and have seventy-five million bank accounts, too. These savings can mean much to the future welfare of our country and ourselves. They will permit us to spend more of our current income, once goods become plentiful again. The savings themselves can be used to tide us over emergencies and for such things as new homes. Thus the savings of the war years and the months immediately ahead can contribute to demand for goods, busy factories and jobs later on. Save now while goods are scarce and the threat of rising prices continues.

MICHIGAN MIRROR (Cont.)

the reconversion headaches in adjusting back to peace-time prduction.

Year after year the American Legion has advocated universal conscription for fighters, workers and capital alike.

Farmers are being urged to shift emphasis from all out production for war-time needs to efficient low cost marketing and production. It's part of the reconversion problem of the food industry. Farm commodity prices are due to decline following the period of large scale food shipments to Europe. That is why farm leaders, county agents and rural bankers are srongly urging returning veterans not to buy farm lands if the price is inflated.

One of the problems before the 1946 legislature special session at Lansing will be disposition of the state's $51,000,000 reserve fund for war veterans. As there will be close to 600,000 Michigan veterans of the World War II, the solution will likely consist of services rather than a bonus as was paid in World War 1.It would require 400 million dollars to pay the sum given to veterans 25 years ago.

Photographs don't lie but sometimes photographers do.

Currently on trial at Pontiac on charges of holding up a Pontiac gambling house are Pete Mahoney, Harry Fleisher and other Detroit hoodlums recently convicted by a jury of conspiracy to murder the late Senator Warren G. Hooper of Albion.

Following a day's session Kim Sigler, special prosecutor, decided to pay a surprise visit to the defendant's places of business (gambing halls and cafes-.) Accompanied by four state policemen armed to the teeth, Sigler made the rounds. Hearing that one of Michigan's most prominent gamblers was at a night club, he wound up the night at the Detroit hot spot.

A photogaph was taken of Sigler at the night club surrounded by the three Dinning Sisters. Taken supposedly as lobby publiciy, the snapshot is being widely circulated by the club's press agent, all in the spirit of free advertising. But it is also free advertising for Sigler-a kind he does not want.

VICTORY LOAN

The war is over in one phase but a glance at the papers tells us plainly that there is still a struggle ensuing. People all over the world have had their lives upset and now are trying to reassemble their shattered homes and ideals. Until this readjustment is completed the armed forces of the United States will be stationed in foreign lands. The war is not over for these men and will not be until they are returned home.

To provide for the pay. food and equipment for these men will require a considerable expenditure.

We people of Livingston County have done good service in past bond drives. It is only our duty that we finish the task aid contribute our full share for the Victory Loan.
