## Michigan Mirror State News

News and Happenings of the State Told from Lansing

Are we going to be our brother's keeper in 1946 to starving Europeans, allies and former enemies.

Michigan observed the traditional Easter Sunday with thankful hearts and a bountiful dinner table.

Yes the war is over. Two-thirds of Michigan's sons and daughters - 406,808 on April 1 were back home.

No Michigan homes were bombed during the war. Pay checks were at record highs. Michigan consumed more food in 1945 than in 1940, a pre-war year.

Strange isn't it, that frantic appeals for food to avert starvation of hundreds of thousands of war distressed human beings in Europe is meeting with apparent indifference & callous disregard of Americans at 1946 Easter Sunday! Ordinarily the American response to such a call would be immediate, emphatic and generous.

Why then all this in 1946?

According to the U. S. dept. of agriculture, the off-farm wheat stocks on April 1 totalled 175 million bushels while the on-farm stocks, now held by farmers for stock feed or for higher prices, totalled 203 million bushels. The over-all aggregate was 378 million bushels.

And yet this latter amount is not available immediately for shipment to Europe. If it were American ships could transport needed wheat at once to hungry millions abroad and the emergency export goal could be met successfully without resort to a mandatory 25 percent cut in wheat stock processed by flour millers.

Charles Ely, com. of agriculture says this will not affect Michigan farmers as they raise big amounts of grain to feed their live stock. Truman's famine committee recommends that grain prices be increased to discourage the feeding of livestock and poultry. The president asks Americans to go voluntarily on a European diet (one half of what we now eat) two days a week and save food.

But is the food situation in Europe so critical?

Here are some facts vouched for by reliable persons. Judge for yourself.

"Unless I get 300,000 tons of wheat within the next few days hundreds of thousands of people will starve to death-Florida LaGuardia, head of the United Nations Relief Administration.

"There is not enough food within the borders of the American zone in Germany from German sources to sustain life even at starvation level." Gen. Joseph McNarey, commander of European forces.

Here are the views of a fact-finding committee of American newspaper editors who recently visited Germany.

"The American people do not want to see anyone starve to death. We must convince the American farmer that he must get his food out now, same as during wartime." Robert Reed, Kansas City Star.

"If we do not feed Germany adequately chaos will result and there will be a tendency to swing towards the Soviets which would be unfortunate." Gurnes Cowles, Des Moines Register-Tribune.

"We have to feed Europe or throw it into the hands of the Communists." Paul Bellamy, Cleveland Plain Dealer.

"If we do not feed Europe anything may happen there. In the U. S. zone in Germany the people get but 1200 calories a day, in the Russian zone 1600. Democracy cannot compete with Communism when such a situation prevails." Frank Gannett of Gannett newspapers.

"We should give Germany enough food or get out." Edward T. Leach, Pittsburgh Post.

It is difficult to believe that Americans, once informed of the emergency abroad will pursue the paths of selfish pleasure and will disregard the plea to be their brother's keeper.

A decision of historic importance is now in making.

The infant son of Mr. and Mrs. Max Parkinson (Marjorie Hendee) of Ann Arbor, born last Thursday, died the same day. It weighed 8 1/2 lbs. The funeral was held from the Swarthout funeral home Saturday morning, Rev. Allard officiating. Burial in Pinckney cemetery.

A car owned and driven by Jack Hamel of Pinckney in which his grand daughter, Mrs. Leonard Dietrich and husband were riding was sideswiped on M-36 west near the Loy McChesney Monday night by a car driven by Lawrence Mayes of Ann Arbor. Both cars were badly damaged. Mayes was arrested by Deputy Sheriff Kennedy and taken to Howell.

Mr. and Mrs. Ona Campbell called at the Arthur Bullis home in Gregory.

Mrs. Ella Meyer called on Mrs. Wm. Lamb of Ann Arbor Sunday who is ill.

Sunday guests of Mr. and Mrs. Andrew Campbell were Charles Peterson and family and Mrs. Wilfred East of Howell.

## CURRENT COMMENT

Pinckney has always had considerable difficulty in keeping a Boy Scout troop operating. The main trouble seems to be that no one here apparently has sufficient time or inclination to act as scoutmaster. There has been some good scout masters here. The highpoint was probably reached here when Charles Schmidt was scout master. The troop worked and earned sufficient funds to go to the New York world's fair and spend a week. Before that a Pinckney scout troop under Ed Garnett had gone to the Chicago world fair. Wesley Reader succeeded him and took the troop on a trip through northern Michigan. When he took over as supt. of the school the extra work forced him to resign as scoutmaster and since then it has seemed impossible to get one and for the past year the troop has been inoperative. A scoutmaster must have time to take the troop on week end camping trips & attend courts of honor in various places. Apparently no one here has time for it. We read that the churches are the main sponsors of Boy Scout troops. Of the 51,347 troops in the nation 22,190 are under the sponsorship of churches. The Methodist church leads in this sponsorship, 4,028 troops, the Catholic church is second, Presbyterian 3rd, Baptist 4th and Lutheran 5th, followed by the Episcopal, Latter Day Saints, Congregational and Synagogues.

Gambling is as old as the birth of the world. We read that at the crucifixion of Christ the Roman soldiers threw dice for his cloth. During the late war gambling was a favorite pastime of the G. I.'s and many of the returning G. I.'s have regaled us with their big winnings at dice. According to them it was not unusual to quit \$2000 ahead of the game. Washtenaw county has concluded its investigation of the gambling racket there and some 20 persons have been indicted for operation of the numbers racket. If convicted they face five years in prison. We doubt if their conviction will check gambling to any great extent in Washtenaw.

During the Chicago world's fair a 4th class actress named Sally Rand got a big reputation by doing a fan dance behind two ostrich plume fans. The dance was nothing sensational but the censors got after her for not wearing enough clothes and the publicity made her famous. Last week the Lincoln school in Detroit put on an entertainment and a 16 year old girl Beverly Cort, did a Salome dance. This is supposed to typify the dance of Salome before King Herod, as a price of which she demanded the head of John, the Baptist. This dance is at least 30 years old. A teacher characterized the Cort girl's dance as indecent and ordered it off the program. The student body protested, the papers played up the conflict and as a result of the vast amount of publicity the Cort girl got an offer from Billy Rose, New York musical comedy promoter.

Congress seems to be inclined to wobble on her war time commitments and in doing so attempts to pass the buck to the president. It would limit the draft to 9 months more. It would stop the drafting of 18 year old settling 20 as the age limit. A draft holiday would be declared from May to October and the draft could only be resumed then by order of the president, placing sole responsibility on him. In order to stimulate recruiting the pay of service men would be greatly increased. This is election year and these politicians seem to think they can pull the wool over the eyes of the voters.

NOTICE

The Young Ladies Auxiliary will meet Thursday evening, April 25 at the church. Bring your husbands to help with the tables for the banquet.

## DO YOU WANT ANOTHER 3% TAX PUT ON YOUR PAY CHECK?

Do You Want a Government Bureau to Decide What Medical Care You Need When You Are Sick?

UNDER a so-called National Health Act of 1945 introduced in Congress by Senators Wagner, Murray and Representative Dingell, proposal is made to take away your right to select, without hindrance, the doctor you want to treat you. Instead, the Act offers the services of whatever government doctor isn't busy — and makes you pay for his advice by taking a new 3% from your paycheck. If you don't use the government doctor you still have to pay at least 3% of your wages for his support and for the cost of administering the plan.

THE TOTAL YEARLY COST OF THIS WAGNER-MURRAY-DINGELL BILL IS ESTIMATED AT \$4,000,000,000.00.

Right now, without any four thousand million dollar Act, your family doctor is available 24 hours a day to treat you. He is well trained . . . He knows you personally. And, if you don't like what he prescribes, you can get a different doctor! If you want to continue to choose your own doctor without red tape . . . If you want the best health care that medical science and personal service can give you — urge your Congressman to vote against the Wagner-Murray-Dingell Bill.

## When Will I Get My Refund Check?

"When will I get my refund check?" is a common and natural question being asked these days by many Detroit Edison customers. Since the first of February, refund checks have been going out at the rate of 11,000 a day. However, they are not being mailed according to your name or street address, but are being sent out according to our meter reading schedule. Thus it is entirely possible that some of your friends may already have received their checks, while others who live on the same street, or have the same initial, may not have received theirs.

The only thing you have to do to assure receipt of your refund check is to make sure that the Company has your forwarding address if you have moved since January 1, 1944, or expect to move before June 20, 1946. If you have used service at two or more locations during the refund period, these checks will be mailed at different times. Separate checks are issued for each address. Every effort is being made to assure the earliest possible delivery of all the 1,150,000 refund checks. The last group of checks are scheduled to be mailed June 19 and should be delivered shortly after June 20.

Cash your refund checks promptly. They become void 60 days after date of issue.

"Listen, boss, I'm really seething. Give me something to ease my breath. Spray me with some CAN-PRO-SAL. Then I bet I'll sure feel swell."

DR. SALSBUARY'S CAN-PRO-SAL helps loosen mucus and phlegm from nostrils and throat. It helps chicks breathe easier. Don't let those little suffer from colds. Use CAN-PRO-SAL as a spray, inhalant or cleansing nasal wash.

### We're catching up with telephone orders in PINCKNEY

We're now installing just as many telephones as we can, just as fast as we can, and in their proper turn. As a result, in this community there are fewer families waiting now than there were a month ago.

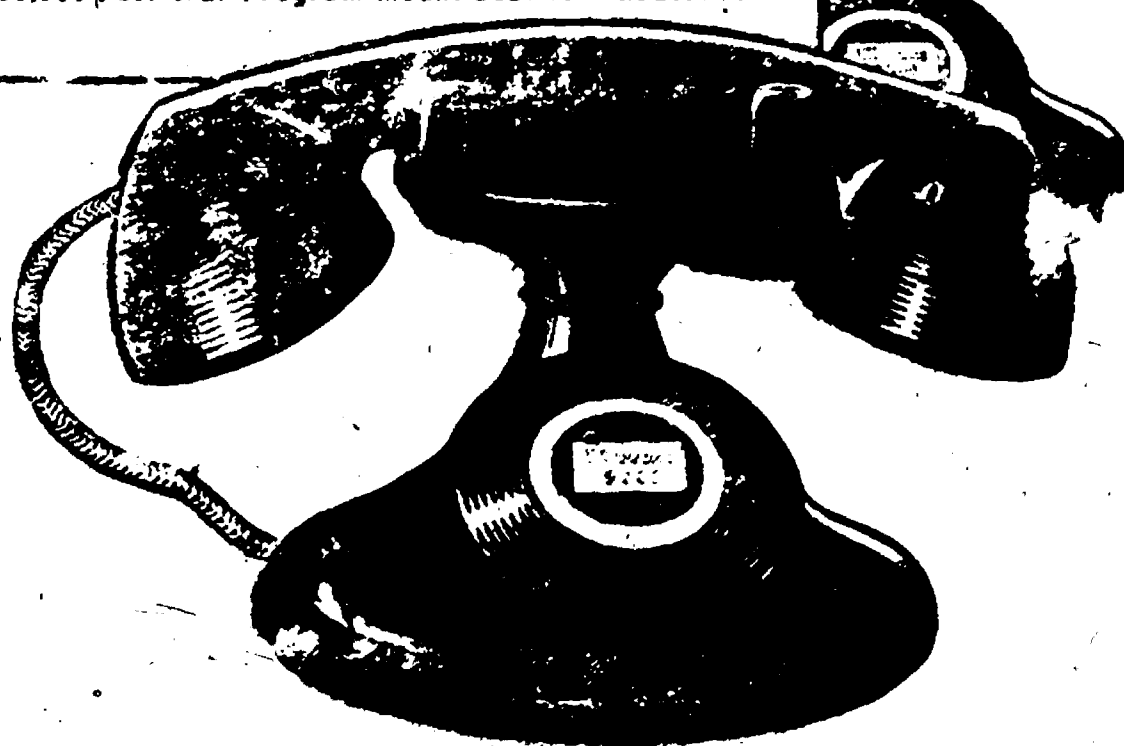

To provide some type of service to as many waiting applicants as possible, we are loading our central office apparatus to the hilt. Even at the risk of temporarily lowering the quality of service, we are using every telephone, every piece of equipment and every outside line we can lay our hands on.

BUYING SOMETHING

Peace has come to industry once more. After several months of maneuvering on the part of labor and management all are ready to go to work and begin filling the demands brought on by the wear and tear of four years of war time restrictions on consumer goods.

Savings have been accumulated during these years and many people will be prepared to pay cash for the replacements they need.

At times it may be wise to go in debt, but the old rule of pay as you go is a good one.
